The Voters of Chilton County:
I am making this, my last appeal to you, to vote for the Republican nominees in the election to be held on November 3rd. I am asking you to do this because records prove the government of the county has been better under the leadership of the Republicans.

During the two terms I served as Commissioner we paid $103,000 on the county debt which was created by the Democratic administration that preceded mine. We also placed $225,000 in the Sinking Fund, which made a total of $128,000. Since that time $15,000 has been paid on the debt and the other $10,000 which was left to be used in buying bonds has been spent for current debts and bills replaced only last year.

When I went out of office there was in the treasury, in addition to the amount in the sinking fund a total of $30,568.95. I called at the First National Bank and asked for a statement as to the County's finances and found that on October 15, of this year there was only $7,089.34, but was also told that it was their understanding that $10.000 was in the Sinking Fund with the other bank, but my friends, we are that much left out of our $25,000 of the Bonds of $15,000 which they took up were paid. The point I am trying to tell you is this—that nothing has been added to the sinking fund nor paid on the debt above the $30,000 which was left when I went out of office.

Some may tell you that taxes have been decreased but the records show that taxable valuations have increased on private owned property in this county $122,000 in the last two years. I secured this record from the Tax Assessor's Office. The above mentioned increase is not true as to the items on Corporations for their valuations have decreased from $63,000 to $62,000 in the past two years. You will probably wonder as I did, why individual assessments were increased $122,000 and Incorporations' assessments were decreased $1,000. The answer is this—the Democrats have a man who is at the head of an incorporation to draw full pay all the time to do nothing but turn through the book of assessments and raise taxes. If I am elected I promise you that I will decrease the individuals' taxes and conduct the finances of the County in such a way that taxes can be reduced, and the bonded indebtendness of the County eleminated.

According to a letter which appeared recently, in the paper signed by Judge J. Lee Smith, the Democratic Probate Judge, the expense of the County, under the Democratic rule, has increased $46,000 per year. No wonder taxes have been raised—so long as the Democrats increase expense this much each year there is nothing to do but to levy more taxes to pay the additional expense. If you will elect me as your Commissioner, I pledge you my word of honor that I will do everything I can to reduce your taxes and I will reduce them by reducing the expenses of the County. Respectfully,—J. L. Burnett.

(Paid pol. adv., by J. L. Burnett, Stanton, Ala.)

DELBERT BRAND NOW WITH CLANTON BATTERY COMPANY

Those who have automobile repair wark to be done will be interested to know that Delbert Brand is now connected with Mr. Enoch Plier in the Clanton Electric Battery Company. Mr. Brand has had fifteen years experience in the auto repair business. This shop is located at the rear of Popwell's Gulf Station, and is prepared to do all kinds of repair work. Ask them about their battery repair business olso.

Rid Yourself of Kidney Poisons

DO you suffer burning, scanty or too frequent urination; backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

U. S. ARMY TO INLIST MORE THAN 1800 MEN

Army Will Bring Personnel Up To Full Strength, Gen. Moseley Says

Jobs for more than 1,800 young men in the Fourth Corps Area are open in the United States Army.

Within the next few weeks, enlistments will be made under War Department orders to bring the Army up to full authorized strength of 165,000, it was announced today by General George Van Horn Moseley, Commanding General for the Fourth Corps Area at Atlanta, Ga.

Applications already are being taken at recruiting stations in the eight Southeastern states which make up the Fourth Corps Area, but vacancies for more than 1,000 soldiers are still available.

Recruits not only are offered the opportunity of service in the Army of the United States, but also have the chance to extend their education, take vocational training in the Army schools and prepare themselves for careers, either continuing in the Army or in civilian life after their enlistments expire.

Miss Celia Gerald and Mr. Lawrence Gerald, Jr., students at the University of Alabama, were the guests of their parents here this week end.

MOTOR VEHICLE OWNERS' AID ASKED

The State Highway Department and the United States Bureau of Public Roads are cooperating in a State-Wide Highway Planning Survey to obtain data which will aid them in preparing a comprehensive plan for building, improving and locating present and future roads in the State.

These Departments must rely primarily on the interest and cooperation of all motor vehicle owners to supply the travel, gasoline consumption and related facts necessary for this study. The Probate Judge of all the counties in the State are cooperating by handing out questionnaire cards with each license tag for all types of vehicles. The questions asked on these cards can be answered from actual records or from estimates. These cards are addressed to the U. S. Bureau of Public Roads and require no postage. No signature is necessary and the figures on the cards cannot be identified with the person returning them. If any motor vehicle owner does not receive a questionnaire card with his license tag, he is requested to ask the clerk in the Probate office for this card.

In order to obtain the greatest number of improved highways from the amount of money available, it is necessary for each and every motor vehicle owner to supply the information by complying with the request to fill out and mail in cards promptly.

Every motor vehicle owner should be sufficiently interested enough to cooperate with their State Highway Department in obtaining these roads.

THE NEW 1937 CHRYSLER

The Chrysler dealer body had its first look at the new cars on October 6 when 33 meetings were held in key cities throughout the country. The factory has received hundreds of congrantulations and letters as a result of these meetings. A composite of all these messages would read that the dealers consider the line the most saleable ever offered them, and that they have pledged themselves to make good on the company's program of selling twice as many Chryslers in 1937 as in 36. They especially like the defiant, dynamic appearance of the automobile.

"Never before in my experience has a new line met with such unanimity of approval as it has this year." says Mr. Frazer. "Within less than a week after the dealers had seen the car for the first time, we had received over 11,000 orders. Hundreds of dealers have ordered twice as many cars for immediate delivery as they had intended to order perior to our introductory meetings.

The response to our new low-priced Chrysler has been amazing even to those of us at the factory who know how good a car it was and thus expected a cordial reception for it. The dealers seem to feel that a Chrysler in the low-priced field gives them an atvantage that they never have enjoyed before. All of them seemed to be delighted by the roominess, beauty and new engineering features of the car that carries the Chrysler name into a new market.

"We are in splendid position to take care of this rush of business, even though orders exceed our current month's original production schedule by several thousand cars. In anticipation of doubling our 1936 volume next year, we have enlarged our plant by the erection of several buildings. Much more machinery has been installed and the factory layout improved in many respects. We now are able to devote all assembly operations in our Jefferson Avenue plant exclusively to Chrysler cars. This expansion and improvement progress involved an expenditure of several million dollars.

It means that we can make not only a great many more cars than ever before, but better cars.

POPLAR SPRINGS

Our Sunday school and B. Y. P. U. are progressing nicely. We had good attendance Sunday and Sunday night.

Saturday and Sunday were our regular preaching days. We had a large attendance at both services. There are others who should attend. Come on, be a booster, and let's make our church what it should be.

All members of this church is especially requested to come to church next Sunday. We will make plans to start building some Sunday school and B. Y. P. U. rooms for our church. Do this—we need every member of the church—and we are expecting you to meet us at Sunday school next Sunday.—A reader.

CHILTON HIGH TEAM PLAYS MONTEVALLO HERE FRIDAY

The football team of the local high school will take on the team of the Montevallo High School here Friday afternoon. The local boys have not been so successful up to date, but they have gained some valuable experience in the past games and should give an excellent account of themselves. The team has had two weeks rest and should be in good condition.

The Chilton County High School plays the following games at home in this order:

Oct. 30—Montevallo High.
Nov. 6—Siluria High.
Nov. 13—Holtville High.
Nov. 20—Isabella.
Nov. 27—Maplesville.

The exact time for the game Friday will be announced later.

LEGAL NOTICE

State of Alabama, Chilton County. In Probate Court, Octobe- 6, 1936.

In the matter of J. S. Massey application to sell real estate belonging to Mrs. G. H. Massey, deceased, for division among joint owners:

To A. L. Massey, Charleston, S. C., and H. M. Massey, Lakeland, Fla.:

Notice is hereby given that J. S. Massey, joint owner with A. L. Massey, H. M. Massey, D. L. Massey, J. C. Massey and Mrs. Ila Clellan and Rodie Massey, has filed his petition in this Court for an order and proceeding to sell certain property hereinafter described for division, belonging to the said joint owners, and the 5th day of November, 1936, has been appointed as the day for the hearing of said petition, at the Court House of Chilton County, Alabama, said property being, to-wit: the North Half of the Southeast Quarter, Section 28, Township 22, Range 14, and all persons who are interested may appear and contest said petition if they think proper.

Witness my hand this the 6th day of October, 1936.

J. LEE SMITH,
Judge of Probate.

SHILOH CLUB

The Shiloh Home Demonstration Club met at the home of Mrs. Morris Keen, on Friday October 23rd, at 2:00 o'clock.

The meeting was called to order by the president.

Since the club had not elected a secretary for the new year, the roll call, and reading of the minutes of the class meeting, were omitted.

Some new officers were elected. All the officers serving at present are as follows: President, Mrs. Morris Keen; Vice-president, Miss Zula Nelson; Secretary-Treasurer, Miss Truitt Mullins; Demonstration leaders, Mrs. Minnie Mullins, and Miss. Etta Mullins; substitute leaders, Mrs. J. O. Bice, and Mrs. Willie Keen; Representive of county council, Mrs. Jewel Wright.

Due to the fact that our leaders were unable to attend the leadership school held in tre city hall auditorium on September 30, Miss Grace gave a very interesting demonstration on table service and etiquette.

Our Club will meet next time at the home of Mrs. J. T. Traywick, on Friday, November 27th, at 2 o'clock. Every member is urged to be present at this meeting.

HALLOWE'EN CARNIVAL AT JEMISON

On Friday night, October 30, there will be a Hallowe'en Carnival at Jemison High School, beginning promptly at 7:30 p.m., sponsored by P.-T. A.

There will be plenty of entertainment, including a short comical play, negro minstrel, and various other features. Other attractions will be a fish pond, fortune tellers, and a cake for the prettiest girl.

Good eats include, ice cream, cake, coffee, cocoa, sandwishes and hotdogs.

Let's all go to Jemison High School on October 30, for an evening of real fun and entertainment. Proceeds will go for school needs.—Chairman, Publicity Committee.

University News

University, Ala., Oct. 24.—Word has been received at the University that a moving picture based upon the life of General William C. Gorgas is to be filmed in Hollywood. The University was the home of General Gorgas, who achieved distinction for his sanitary work in the Panama Canal Zone. Information concerning the picture was released locally by Miss Mary Gorgas, University librarian and sister of the General.

The first meeting of the Alabama State Planning Board's Water Resouraces Committee was held in Birmingham last Thursday. Dr. Walter B. Jones, University, State Geologist, is chairman of the committee. The recent meeting was for the purpose of making recommondations to the National Resouraces Committee on the results of a recently conducted study of the Mobile Basin's drainage.

A new engineering society was arganized at the University on Monday night. The new organization is the Illuminating Engineering Society, composed of students of illumination at the University. This new club is a part of the American Institute of Electrical Engineers, which already has a University chapter.

"The Scalpel", national publication of Alpha Eprilon Delta national premedical fraternity, was published for the first time in Tuscaloosa. Assistant editor of the magazine is T. Horbert Patterson, Jr., senior pre-med student at the University.

Seniors in Home Economics at the University of Alabama are cooperating with Mrs. R. E. Tidwell of the W. P. A. in a program of club meetings with Tuscaloosa Housekeepers' Clubs. The University students are among the speakers at the monthly meetings.

Set your plans now to attend the Rexall One-Cent Sale at Upchurch Drug Company, on Thursday, Friday and Saturday November 11-14. You know the rest. Remember the dates.

CENTER HILL

The health in this community is very good at present. The singing here Sunday afternoon was a grand success. Miss Glenora Howard spent a few days with Mrs. William Kelly last week. A few of the young folks met at the home of Miss Coqueece Barnes last Thursday night, and entertained with music and singing.

The "Community Sing," at the home of Mr. B. L. Cobb, Friday night was enjoyed by the following: Mr. and Mrs. Howard Roper, Mr. and Mrs. Lonnie Cobb and children, Mr. and Mrs. Lloyd Cobb, and little daughter. Mrs. J. W. Collum and children, Mrs. J. D. Scott, Misses Pauline and Irene Leslie, Patty Criag, Mabel Cobb, and Coqueece Barnes, Misses Frank Leslie, P. T. Haynes, Leo Cobb, Hoyt Glass, Cobern Cofer, J. W. and Fred Collum, Mr. Will Davies on this return trip from North Alabama, visited his daughter, Mrs. Joe Corey Sunday. Mrs. Dollie Rasberry spent Wednesday with Mrs. Ora Barnes. Mr. B. T. Haynes spent Saturday night, with Mrs. Willard Cost of Jemison, Ala. Mrs. Lonnie Cobb and children had dinner with Mrs. Joe Corey, Saturday afternoon.

Glenora Howard and little sister Margaret, took dinner at Miss Berney Dean Cobb's Sunday. Mrs J. W. Collum and children, and Ted Howard spent Sunday with Mr. and Mrs. Collie Glass.

ENTERPRISE HALLOWE'EN PARTY

A Hallowe'en Party will be sponsored by the Enterprise Junior High School, Friday night, October 30, in the school auditorium.

General admission is free and there will be plenty of fun for all.

Special attractions will be offered at small cost. Refreshments will be on sale, thrills! fun! contests. You can't afford to miss it, so come and bring your friends and families.

Mrs. Sam Hogan spent Thursday and Friday in Prattville with her daughter.

INDEPENDENT MISSIONARY BAPTISTS TO MEET SOON

The independent missionary churches of Alabama will convene with Proctor Creek Baptist church, in Coosa County, beginning Monday night, Oct. 26, at 7:00 o'clock, and continuing on through 27 and 28. Proctor Creek is located about 6 miles east of Mitchell Dam, about 13 miles south of Rockford. The church gives one and all a special invitation to come and be with us in the services.—Leo Hull, Titus, Ala., Route 1.

Rexall One-Cent Sale, at Upchurch Drug Company, November 11 through the 14th. You know what this means. Don't forget the dates — four big days.

FARM BUREAU MEETING SET FOR NOV. 17-18

Auburn, Ala.—The annual meeting of the Alabama Farm Bureau Federation will be held here on Tuesday and Wednesday, Nov. 17 and 18, announces J. Litt Edwards, president.

The meeting had previously been set for September 1 and 2 but was posponed, due to infantile paralysis in the State.

Several hundred Alabama farmers are expected to attend the meeting and hear talks and discussions by State and National agricultural leaders. They will also formulate a program of work for the remainder of 1936-37.

BOX SUPPER AT CONCORD

There will be a box supper given at Concord School, on Thursday night, October 29.

The proceeds go for the benefit of the school. The public is invited to attend.

The New **ATLAS TIRE**
WITH GRIP-SAFE SILENT TREAD

Service in connection with tires means trouble-free long life, positive safety, non-skid performance and long wear. The new Atlas Grip-Safe, Silent Tread tire offers all these features. But there's another angle to this matter of service. On those rare occasions when an Atlas needs road-service or an Atlas owner needs advice, there are 36,000 nationally-located Atlas service stations at his command. All render uniformly high standards of service—regardless of where the tire was bought. And any of these thousands of stations will make good on the liberal Atlas guarantee. It means a lot to know you're protected always—all ways. Thousands of motorists know Atlas service—from the tires and to the tire wherever you are. Come in today and compare prices.

Big News is Blazing A New Trail

SOMETHING HAPPENS IN THE WORLD EVERY MINUTE—YOU CAN'T AFFORD TO MISS THE BIG EVENTS THAT ARE MAKING HISTORY

What a Fall and Winter this will be!

A period when news will be remembered for years as clearly as you remember 1914. A year when news will keep you on your toes with excitement from day to day.

POLITICS: Who will be elected, Roosevelt or Landon, and why? Is the New Deal speeding or retarding recovery, and why? How boldly will Landon dare attack the New Deal and which way will the President veer to meet the attack—to the right or to the left? How widespread is the third party movement in American politics today? Which major party—Democratic or Republican—will suffer most—and how much—from third party raids? Who are showing the greatest strength in our own state political campaigns? These and other great political questions are best answered by THE NEWS and AGE-HERALD'S brilliant array of political writers.

W. J. BILLINGSLEY MAKES FINAL APPEAL TO VOTERS

To the Voters of Chilton County:

I am making my last appeal to you before election day on November 3rd. At this particular time I am asking the voters to use their ability to see the near and far in this great crisis which we are facing now. It behooves every man and woman who votes to use their ability to get on the line of life and to think back into the past for two or three years and see what our county and nation has drifted into. It best speaks for our citizenship and nation to say and do the right thing at the right time and then for us to use our interest as an open door into the minds and hearts of the people to consider what we are about to drift into.

May we stand firm to the principles which the Republican party has stood for in the past. May we restore our government back into the hands to which it rightly belongs. We are dealing with the destiny of our party when we sell our vote for a small sum and vote against the best interest of our county and nation. Our thoughts shape our lives. We grow large or little by the ideals we cherish. We do not advance upward unless we yearn upward. Our development depends upon our desires as well as our deeds. May our desires be to go to the polls on November 3 and vote the Republican ticket, the party for the people and by the people.

In my closing words to the people of Chilton County I want to say that I do appreciate very much the hearty cooperation you have given me in the past primaries for county treasurer. Your loyalty has been cherished in my memory to never be forgotten. I am soliciting your vote and support on November 3 for County Treasurer. If I am elected I want to assure you that I will do my best as your servant to fill the office with honor and credit to the county and to the people.—W. J. Billingsley.

(Paid pol. adv., by W. J. Billingsley, Canton, Ala.)

LETTER FROM O. L. DEVAUGHN

Clanton, Ala., Oct. 27. 1936.

To the Voters of Chilton County:

As most of you know, I am the Republican nominee for Commissioner of the Fourth District of Chilton County, and as my farm and other work has kept me very busy, it has been impossible for me to see all of you personally before the election on November 3rd, so I wish to take this opportunity to appeal to each of you for support in the election, and I also wish to set forth some of the things that I stand for and will carry out if I am elected.

My friends, I am not asking for this responsible place for personal gain, but because I have a desire to serve the people of Chilton County, and believe that I can best serve them in this capacity.

If you honor me with your vote and I am elected as Commissioner, I promise you that I will faithfully and impartially discharge my duties and always regard the rights and wishes of the people. This I believe I can do with honor to myself and to the people of the county.

As a candidate, and, if I am elected, as an officer, I will advocate the following:

1. All progressive movements for the county.
2. Local self government.
3. Economy in county government.
4. Reduction in taxes of individuals.
5. Elimination of costly experiments with the people's money.

I believe that the affairs of the county should be administered by officers elected by the people of the county and not by a dictator at Montgomery.

I also believe that enough taxes are being paid that every person in the county can have a good graveled road to his door, regardless of where they live, and if I am elected I will do all in my power to give them to them. It will also be my policy to give work to the person who lives along the road so that they may have that money to help pay their taxes or to use for the necessities of life.

I wish to plead for the election of the entire Republican ticket. We have enough Republicans in the county to elect our ticket if they will go vote. I hope that you will exercise your voting privilege and vote for the people whom you conscientiously believe will make the best officers. If this is done, I believe every Republican nominee will be elected. Sincerely yours,—O. L. Devaughn.

(Paid pol. adv. by O. L. Devaughn, Clanton, Ala., Route 2).

CITIZENS OF CORINTH SECTION ORGANIZE CONSERVATION CLUB

Some time last spring a number of land-owners of Corinth community met and organized the Corinth Region Wild life Conservation Club. Since that time officers and members of the club have been working in getting prefected by-laws of the club. That work has been completed. The officers of the club are: E. A. Norris, chairman; J. A. Baker, secretary and treasurer.

The by-laws set out that their purpose is to restore, conserve and maintain wild life in that section, and that they will attempt to prevent game being killed out of season. The prevention of forest fires and the growing and leaving in fields feed for birds is recommended among members. No one is to hunt on land belonging to another without written permission. They approve destroying all the fox possible, and will not approve of fox being turned loose in the region. They bind themselves to report to the game warden any violation of the State game law.

SINGING AT ENTERPRISE FIRST SUNDAY IN NOVEMBER

There will be a singing at Enterprise schoolhouse the First Sunday in November, beginning at 3 o'clock, P. M. There will be several quartets, and the singers of the county are invited to attend. Come and bring your new song books.

SANITARY VERSUS UNSANITARY

IT isn't enough for your wash to look clean—it must be clean, from the moment it enters the laundry to the moment it reaches you! Here, your soiled linens are kept separately from all others; they are washed with non-caustic materials which absolutely sterilize them and free them of all impurities; they are carefully pressed, and packed sanitarily, and are delivered to you on immaculate trucks. Doesn't it pay to give us YOUR LAUNDRY?

WOULD LIKE TO SEE ABSENTEE VOTING LAW ABOLISHED

Editor Union-Banner:

I notice quite a bit of confusion and dissatisfaction resulting from the practice of absentee voting in Chilton county. In this regard, will say that I have been closely observing the operation of this law in Alabama for the past few years, and I believe it the most corrupt piece of legislation I have ever heard of. No doubt, the intention of the law is good, but its general arrangements are such that all sorts of corruption can be practiced by those parties who are so inclined as to take advantage the weakness of it.

I understand that candidates, or anyone representing candidates, can get a man to vote an absentee ballot, and that candidate or representative can take the ballot, keep it in his own possession as long as he wants to, and then mail it in to the probate judge. What is to keep a candidate from changing such ballots to suit his own liking, if he happened to be inclied to do so? I do not charge that a ballot is unsafe in any certain candidate's hands, or that of a representative of any cadidate, but I do say that it is all entirely too open and subject to criticism, and should not be practiced with as sacred a thing as a man's or woman's privilege of casting a free and untrammeled ballot

Therefore, I appeal to the just and fair-minded members of our State Senate and House of Representatives of Alabama to repeal this absentee voting law, or else change it so as to eliminate such wholesale opportunities for corruption in its practice. —M. F. Lett, Clanton Route 2.

FRISCO RAILROAD CO. PAYS MUCH TAXES

St. Louis, Mo., Oct. 24.—Taxes paid in the state of Alabama by the Frisco Railway in 1935 were sufficient to maintain 8,162 pupils in Alabama schools for one term, according to a survey just completed by the railway.

The Frisco paid an aggregate of $181,371.88 in state, county, road, school, city and special taxes to the state last year, it was shown. This figure, divided by $22.22, cost per pupil in Alabama schools, according to figures of the U. S. Office of Education, illustrates the part railroad taxes play in educational affairs of the state.

IN MEMORY OF MR. J. C. CULP

On Monday afternoon, September 21st about 2:00 o'clock, God in His great power and wisdom sent the angles of Heaven and carried away, the spirit of our dear Uncle, Mr. J. C. Culp. Uncle Jim lied to be 70 years of age. He leaves to mourn his departure, a wife, Mrs. Mrs. Rosa Broadhead Culp, two sons, A. B. and R. G. Culp; seven grandchildren, one great grandchild, and three brothers, two sisters, and a host of relatives, and friends.

Farewell, our dearest loved one; we'll travel on in pain, and when our work on earth is done; we hope to meet again.—Mr. and Mrs. J. D. Williams.

CARD OF THANKS

Dear Editor:

Please allow us space, to try to express our heartfelt thanks and appreciation to our many friends and loved ones who showed us such loving kindness and help during the sickness of our loving sister and daughter Nomia Heflin. We know everyone did all they could and with the help of the Lord she is back home making a speedy recovery.

Especially do we thank Dr. V. J. Gragg and nurses of the Central Alabama Hospital, and Dr. H. G. Franklin of Thorsby. Also Mr. Mell Martin for their help.

May the Lord's richest blessings abide with each of you is our prayer.—Mrs. Lishie Gore and family.

CONCERT AT PILGRIM REST

There will be a musical concert at Pilgrim Rest, Saturday night of this week, October 31st, beginning at 7:30 o'clock. The W. M. Devaughn quartet will put on the concert, and an admission of 10 and 20 cents will be charged

The program promises to be a most interesting one, consisting of sacred songs, popular songs, duets, solos, Etc. There will be camedy also. The public is cordially invited.

ONLY GOOD COWS PAY DURING WINTER MONTHS

Auburn, Ala.—The advancing cost of dairy feed means that only good producing cows will pay the dairyman a profit this winter.

Low producers will be an unnecessary expense, and they should be sent to the butcher, said F. W. Burns, extension dairy specialist at Alabama Polytechnic Institute

Consequently, he added, this is the logical time to improve the average quality of the herd by cutting out inferior animals. There is no reason for keeping them.

Mr. and Mrs. Winston Stewart of Rockford were guests of Mr. and Mrs. George McCain.

RUFUS WHITE WITH POLK BROS. MOTOR COMPANY

Mr. Rufus White, one of Clanton's best known and most successful used car salesmen, has joined the sales force of Polk Bros. Motor Co., Chrysler-Plymouth Dealers.

Rufus is very inthusiastic about the 1937 Chrysler and Plymouth cars which will be announced elsewhere in these columns this week, and he states he knows you will want to trade your old car in on one of these new Chryslers or Plymouths as soon as you see them, so he is making some very attractive prices on the present stock this week, so that the Polk Bros. Motor Co., will be in position to accept all used cars offered them in trade on the new 1937 Chrysler-Plymouth cars, at very satisfactory prices.

So if you are in the market for a used car or a better used car than what you have, call to see Rufus this week at Polk Bros Motor Co., and let him show you the USED CAR CLEARANCE BARGAINS he has this week.

Mr. and Mrs. Jack Hayes returned Monday from Andalusia and a ten day wedding trip.

W. A. REYNOLDS QUOTES SOME FACTS AND FIGURES

(Continued From Front Page.)

Christianity, and with this we have grown from five or six million people to 125 millions, and to be the greatest nation in the world. We possess more gold than all the nations of the world, we have more automobiles, more telephones, more railroad mileage than all the rest of the world. All these great things were achieved by living within the limits of this Constitution, and I am wondering, after 150 years of such successful sailing, why at this hour it became so necessary to tear up and destroy this great document.

Some great authority has said that 90 per cent of the major laws passed by Congress at the suggestion of Mr. Roosevelt have been declared unconstitutional. Before election he promised to reduce governmenal express 25 per cent and to eliminate some of usless 400 bureaus; but instead increased them to 2,800, and increased the governmental expenses 193 per cent. He tells you that he is for the forgotten man. The facts show there were 11 million people without jobs when he went into office. The same labor organizations say now there are 12 millions without jobs. There were 5,000 big corporations whose stocks were worth 30 billion when Mr. Roosevelt went into office. The stocks of these same corporations today are worth 60 billion dollars. So you see the man without a job is still idle, and the rich man has doubled his wealth.

It might be interesting for you to know that all the farm products in the United States brought 27 billion dollars during the four years that Mr. Hoover was president, and all the farm products during Mr. Roosevelt's four years brought 24 billion dollars. The Refinance Corporation was put into operation by Mr. Hoover. The Home Owners' Loan bill was sponsored by Mr. Hoover. Also, he recommended more money for the Federal Land Banks. Two of these things were voted down by the Democratic party during Mr. Hoover's administration. These three things are the only things that helped to bring back prosperity during Mr. Roosevelt's administration.

Mr. Wilson put our country in debt 27 billion dollars. Mr. Harding and Mr. Coolidge reduced this debt to 15 and a half billion. Now Mr. Roosevelt has increased it to 35 billion. So it looks like the Democratic party has been a party to make debts and spend money, and the Republican party has been a party to be conservative and pay debts.

We live in a county which in my opinion is the most progressive in the state of Alabama. We have the best farmers. I have been in most every county in the state, and you can't meet a stranger anywhere who hasn't heard about Chilton County—what a great county, and how successful it has been managed by the Republican party. This fact has been recognized as being true by Democrats and Republicans alike.

A couple of years ago some of our good Republican friends saw fit to split their tickets and vote for some Democrats, no doubt thinking that they would better the administration of our public affairs. But I feel sure if they have kept abreast of the conditions of things as they are now, that they are thoroughly convinced that we should make every effort to reinstate our Republican party to the high standing that we once achieved, and I want to urge you as one who feels the great interest of our county at heart, and not being influenced by any political aspiration, to use all your influence and effort to elect our county officials by one of the biggest majorities we have had in a long time.

Yours for the success of the Republican ticket on November 3.—W. A. Reynolds.

Mr. and Mrs. Wallace Jones of Montgomery were the week end guests of Mrs. Willie Phillips.

POLITICAL SPEAKING AT CANE CREEK NIGHT OF 29

Under auspices of the Republican campaign committee, there will be a speaking at Cane Creek schoolhouse Thursday night, October 29th, beginning at 7:00 o'clock. There will be some good speakers present to explain the issues of the present campaign. The Devaughn quartet will be present and sing several selections. The public is urged to attend, especially the ladies and young voters.

FOUR RAILROAD GROUPS AGAINST AMMENDMENT NO. 1

The four standard railroad brotherhoods of Alabama have adopted resolutions opposing Amendment No. 1, to be voted on November 3. Information against the amendment has been sent out to every member in Alabama.

JUDGE SLOANE WILL SPEAK AT OAK GROVE NIGHT OF

At the Republican meeting to be held at Oak Grove schoolhouse Friday night, October 30th, Judge Wallace M. Sloane, of Montgomery, will be the principal speaker. Judge Sloane, a native of DeKalb county is a life-long Republican and a very interesting speaker. It is hoped that all of the Beats in the northern part of the county will be well represented at this speaking at Oak Grove. The hour will be 7:00 o'clock. The Devaughn quartet will sing at the meeting.

Rexall One-Cent Sale, at Upchurch Drug Company, November 11 through the 14th. You know what this means. Don't forget the dates — four big days.

New Officers Named At First M.E. Church

Dr. Middlebrooks Announces Services For Sunday And Sunday Night.

The theme the pastor will discuss Sunday morning is "Riding in a straw-filled cart." Who was it? Why?

Church school convenes at 9:45, with L. J. Stewart, superintendent. Classes for all ages.

Preaching service at 11:00.

Young People's League meeting at 6:30, Mrs. L. E. Diefenderfer, counselor.

Evening worship service at 7:00. The public is invited.

The Board of Christian Education will meet Friday of this week at 7:30. All members are urged to attend. The Board will be organized for another year.

Dr. Middlebrooks attended the meeting of the Interconference Student Commission as a member representing the Alabama Conference held in Montgomery Wednesday of this week. This commission has oversight over the work of the Wesley Foundation at the State's schools.

Last Sunday was church day, and at the morning service a special program feature the induction into office of the following officials and leaders for the new year:

General Officers of Church—1936-'37

Board of Stewards — J. C. Page, C. O. Jones, O. L. Reynolds, M. L. White, J. D. Armstrong, L. J. Stewart, Evan Parrish, C. R. Mullins, Jr.

Stewards Emeritus—L. H. Reynolds, T. C. McSwain.

Board of Trustees — Eric Hart, J. B. Atkinson, F. J. Callen, J. Q. Wade, C. R. Mullins, Sr., W. M. Polk, W. A. Reynolds, M. L. White P. D. Wilson.

Board of Christian Education —Mrs. C. O. Jones, representing church at large; J. J. Mullins, representing church at large; Mrs. G. C. Headley, representing missionary society; Philip Nelson, representing young people; L. J. Stewart, general superintendent of church school; D. W. Waite, superintendent adult division; Mrs. L. E. Diefenderfer, superintendent of young people's division; Mrs. L. J. Stewart, superintendent children's division.

Missionary Society—Mrs. Reid Mullins, president.

General Missionary Committee—Mrs. W. A. Reynolds, Mrs. M. A. Gore, Mrs. G. T. Evans.

Church School Staff for 1936-'37

General Superintendent—L. J. Stewart.

General Secretary-Treasurer—Odell Headley.

Assistant Superintendents — Adult division, D. W. Waite; young people's division, Mrs. L. E. Diefenderfer; children's division, Mrs. L. J. Stewart.

The Adult Division, Teachers and Presidents — J. O. Middleton, Eric Hart, Mrs. J. W. Powers, Mrs. M. F. Jones, J. T. Searcy, Dr. J. E. Edgar, Mrs. G. T. Wilbanks.

The Young People's Division—Leaders—Mrs. Thera Martin, Mrs. L. E. Diefenderfer, Mrs. J. J. Mullins, Emmett Parrish.

The Children's Division — Leaders—Mrs. D. W. Waite, Mrs. L. J. Stewart, Mrs. E. L. Glasscock, Miss Margaret Floyd, Mrs. M. A. Gore, Mrs. C. R. Mullins, Sr.

ROBERT ALRED WITH A & P

Mr. Robert Alred is now working with the A & P store in Clanton. Robert has had several years experience in the clerking business, and during that time has made hosts of friends in Chilton County. He extends a cordial invitation to his friends to come to see him at A & P.

UNUSUALLY LARGE ALABAMA VOTE GOES FOR DEMOCRAT

President Roosevelt and the Democratic nominees for state offices were given an overwhelming victory at Alabama polls Tuesday, rolling up majorities in all but one county—Winston—in early returns.

The tabulation of votes from 990 of the 2,200 precincts gave Roosevelt 129,347; Landon 16,795.

Speaker Wm. B. Bankhead, running for reelection from the 7th Congressional District, also was far ahead. Returns from 157 of the district's 287 precincts gave Bankhead 14,574; J. B. Weaver, Republican, 4,578.

DeKalb County, usually a neck-and-neck battleground between the two major parties, gave Roosevelt a lead of more than 1,000 votes in 34 of its 38 precincts. The count there stood 3,833 for Roosevelt; 2,473 for Landon.

Despite Democratic majorities in Haleyville, Winston's largest town, Landon was leading in that county with 1,013 to Roosevelt's 894. Roosevelt carried the county, 1,006 to 1,005 over Hoover in 1932.

Jefferson County, which went for Hoover in the 1928 election by more than 1,000 votes, gave Roosevelt 23,235 votes, to 2,431 for Landon in 149 of its 236 precincts.

REPORT OF CITY COURT

During the past week there have been five arrests made by the officials of the City of Clanton. One was for disorderly conduct, whose case was continued. There were four for public drunkenness, three of which were continued. One pled guilty and is now making weekly payments on his fine.

ROCKETT DRY GOODS COMPANY COMPLETELY RENOVATING PLACE

For the past several days Rockett Dry Goods Company, under the hammer and saw of carpenters, has been undergoing a number of noticeable and important changes in the interior Within a few days, this work will be finished, and this modern dry goods store will be in line with the most modern and most neatly arranged to be found.

In speaking of the changes being made, Mr. Dewey Rockett said: "We are not going to stop until we fix our place up so that it will compare favorably with the most modern dry goods establishment in any city the size of Clanton. We ask our customers to be patient with us until this work is all done; then we will be able to render better service in every respect than ever before. We will have everything in shape before many more days. In the meantime, we ask our customers to come to see us."

DEMOCRATIC LANDSLIDE GIVES PARTY MAJORITY IN CONGRESS

Republican Senate Strength May Be Trimmed To Eighteen Seats.

New York, Nov. 4.—A record-breaking U. S. Senate Democratic majority seemed probable today on basis of incomplete election returns from 32 states.

Democrats won the seat held by Sen. Daniel O. Hastings (R., Del.) since December, 1928, and were running ahead in five other contests involving seats formerly controlled by Republicans.

At the same time, Democrats elected 8 governors and were out in front in 15 other contests, while Republicans appeared to be winning 8 gubernatorial positions.

The Democratic Senate membership which became tremendously one sided in the Roosevelt landslide four years ago, may be boosted to 74 if candidates now ahead maintain their leads. Republican strength would be cut to 18.

Apparently re-elected were the veterans, William E. Borah (R., Idaho), and Geo. W. Norris, who ran as an independent in Nebraska with the endorsement of President Roosevelt.

Two-Thirds Majority In House

Democratic retention of a two-thirds majority in the next House was assured as the Democratic landslide smashed Republican hopes of breaking the steel grip of administration legislative control.

METHODIST PROTESTANTS IN ANNUAL MEET AT WALNUT

The Alabama Methodist Protestant Conference of ministers and laymen opened its annual session Wednesday at the Walnut Creek Church near here, with Dr. J. S. Eddins, of Birmingham, president, in charge.

Preliminary meetings held Tuesday included examination of younger members of the conference on courses of study required for ordination.

Highlights of the conference, which closes Friday afternoon, will be a vote Friday morning on the proposed unification of the Methodist Protestant church with the Methodist Episcopal church, South. It ratified by majorities in the first two communions this fall, fate of the plan to be decided in elections in Southern Methodist conferences in the fall of 1938.

Dr. T. C. Casaday, Montgomery, is conference secretary, and Rev. J. W. Enfinger is host pastor. Dr. Eddins has just completed his 14th year as pastor of the West End Methodist church, Birmingham.

HOME DISTRICT IS LOST BY PRESIDENT

Landon Carries Hyde Park By 1,233 To 1,057 Votes

Hyde Park, N. Y., Nov. 3—President Roosevelt lost his home district of Hyde Pary, Dutchess County, by 176 votes in Tuesday's balloting.

The president polled 1,057 votes as compared to Gov. Landon's 1,233.

Landon, however, lost his home state of Kansas to the president by a substantial majority.

SPECIAL PROGRAM FOR YOUNG PEOPLE SUNDAY

There will be a special meeting for the young people at the Methodist church in Clanton next Sunday night. This will be a special meeting of their league.

All members of the league are asked to be sure and attend their classes Sunday morning, as plans for the night meeting will be discussed at that time.

L. H. REYNOLDS COMPLIMENTS JEMISON ENTERTAINERS

Editor Union-Banner:

I attended an entertainment at the high school at Jemison last Friday night, and I want to compliment the sponsors on the fine entertainment and the splendid manner in which it was presented. The play "Thanks Awfully" by the high school students was very fine. Each member of the cast carried out their part well. Miss Gail Gletty's "Marionette Show" was extraordinary fine, and she should be complimented for the splendid entertainment she furnished on this occasion.

I was impressed with the difference in the the building and equipment now and the schools we had 35 years ago. I was also impressed with the fact that there was no indication or evidence of whiskey so far as I saw or could ascertain and this also speaks well for the community.

L. H. REYNOLDS

Democrats Win In County By Majorities Of Around 1,000

Republicans Left Far Behind In Race Against Democrats For Four County Offices. Majorities Approximately 1,000

In the election Tuesday all four of the Democratic candidates for office in Chilton County, won over their opponents by the handsome margin of around 1000 votes each. This establishes a precedent in Chilton county. Below we list the votes in the different races in each precinct in in Chilton county:

Beat	Treasurer—Com. 3 Dist.			
	Easterling	Billingsley	Ousley	Burnett
1	22	25	19	27
2—1	137	77	137	77
2—2	31	18	31	18
3	85	29	90	24
4—1	288	156	270	162
4—2	216	141	217	129

The nation, from all reports, went for President Roosevelt with about the same pluralities as the local ticket did in Chilton county. It seems that Mr. Landon only carried two States—Maine and Vermont. This was the greatest landslide ever recorded in the history of the nation.

FOUR OUT OF FIVE AMENDMENTS CARRIED IN TUESDAY'S VOTING

Four of the five amendments up for decision of Alabama's voters were apparently safe after nearly all boxes in the state had reported. Only one, Amendment No. 1, seemed lost.

Number 1 is the amendment which would consolidate a number of offices in Jefferson county into one. This drew a strongly adverse vote in Mobile and Montgomery counties, as well as elsewhere in the state.

No. 2 authorizes the City of Montevallo to raise its tax rate, by vote of its citizens, and carried.

No. 3 authorizes courts to put offenders on probration, where sentence does not exceed 5 years imprisonment.

No. 4 abolishes the fee system in Limestone county.

No. 5 authorizes 16 Alabama municipalities, including Clanton, to levy a special district school tax.

As stated, all these amendments appeared safe except No. 1, which was beaten badly.

Red Cross Roll Call In County Begins Wednesday, Nov. 11th

Intensive Drive All Over Chilton County Will Close on Thanksgiving Day

Sixteen Days To Be Devoted To Drive. J. Mell Martin, Chairman Enrollment Committee

JOIN!

Day by day the annual roll call of the American Red Cross approaches, and preparations are being shaped up in readiness for the drive, which begins next Wednesday, November 11, and continues through Thanksgiving, according to J. Mell Martin, Chilton County's chairman for the roll call. Organizatoin of forces over the entire county is being perfected, and an intensive drive for membership will be carried to every corner of the county.

It will not be necessary for The Union-Banner to devote space and time to recounting the benefits to be derived from the Red Cross. Our people know what it is, what it stands for and what it does. We also know what the Red Cross has done for Chilton County when we needed help. They came to our rescue in that memorable time of March, 1932, a time when we needed help, and if we had not gotten such help the consequences would have been much more deplorable than they were.

We all hope and pray that we may never witness another such ordeal of human suffering and mal-adjustment, but it may come. Therefore, we should be as nearly prepared for such emergency as we humanly can. It may hit Chilton County and it may hit somebody else in America. Wherever calamity hits, the Red Cross will stand ready to extend its strong arm of helpfulness. That organization deserves the support of the people of America if any organization does.

Chilton County will not fail. We cannot afford to sit down on the job now. The Union-Banner urges those placed in charge of the work over the county to stand by Mr. Martin and help him out in this worthy work. And we hope when the opportunity is presented to the individuals of the county they will extend what help they can. We believe in the people of Chilton County, and we are confident they will not fail to support the Red Cross.

Sunday Is Red Cross Day

Next Sunday, November 8, has been officially designated Red Cross Day. All pastors of churches and Sunday school officials are asked to make mention of the annual roll call at their services next Sunday, making whatever explanation of the plan that they fell disposed to. It is hoped that every single person in Chilton County will be reminded of the Red Cross, and their attentions brought to bear on the values of the organization and the necessity for everyone to extend a helping hand to make the drive a success.

Young people's organizations are urged to display banners, Etc., and put on special programs Sunday and Sunday night.

Roll Call Districts

The county has been divided into districts, and roll call chairmen selected for each district. They are: Jemison, Mr. C. C. Conway and Mrs. H. H. Denson; Thorsby, Rev. L. L. Stanley and Mrs. Charles Howard; Maplesville, Mrs. Bessie Hayes; Verbena, Mrs. Barnett Deramus; Stanton, Mrs. Vivian Beagle; Pletcher, Miss Mollie B. Ousley; Mitchell Dam, Mrs. A. B. Stanley; Enterprise, Ralph D. Grant; Cooper, D. R. Jackson; Mt. Creek, Jessie Dora Penson; Lay Dam, Mrs. R. D. Woodson and Mrs. Crit Jones; Providence, Beat 13, J. E. Harrell.

There will be a meeting held either at Collins Chapel or Union Grove, for both of these places and the adjacent territory, at which meeting Prof. Luther E. Little and Dr. S. J. Ezell will speak. The exact date of the meeting will be announced later.

Clanton is divided into six sections, and the chairmen are: Mrs. G. C. Walker, Mrs. O. L. Reynolds, Miss Cleo Broadhead, Mrs. G. C. Harris, Homer F. Roberts, and James Carl Martin.

Luncheon Saturday Noon

All of the above roll call officials are invited and urged to attend a luncheon which is being arranged for Saturday at noon, November 7th, at the New Exchange Hotel. There will be a good Red Cross speaker present to address those in attendance. Plans for the drive will be discussed, and Mr. Martin urges that all the above named people attend.

THREE BUSINESSES MOVED INTO LARGER AND BETTER QUARTERS

The Clanton Electric Battery Company, Mr. E. E. Plier, Jr., proprietor, has this week moved into the building formerly occupied by Tom Glass, across the street in front of Wadesonian Theatre. In the same building is Charlie's Fixit Shop, Mr. Charlie Thornton, proprietor. Charlie has been located in the little tin building behind Evan Parrish's store.

Then, there will be automobile repairing, too, in charge of Mr. Delbert Brand. Mr. Brand has had fifteen years experience in this line of work, and really knows how to fix anything that is the matter with any make of automobile.

Mr. William Rhodes is one-third interest in this business. Mr. Rhodes has a number of friends in this section, who will be glad to turn some business his way. They all three invite you to visit them.

VISITORS FROM GEORGIANA

Arriving early Monday morning in Clanton was Rev. G. W. Stewart, former resident of this county, but for the past few years of Georgiana. Rev. Stewart was pastor of Antioch M. P. church and other churches to that circuit when he lived in Chilton county.

Accompanying Rev. Stewart on the visit here are his daughter, Miss Thelma Stewart, and Mr. J. C. Wagnon, Jr., also of Georgiana.

FAIR IN CLANTON NOVEMBER 3 TO 7

There is a fair in Clanton this week, beginning Tuesday, November 3, and continuing through Saturday. The location is the field just north of the city water works. There will be all kinds of amusements and exhibits.

THE LITTLEJOHNS IN DETROIT

Mr. and Mrs. Tom Littlejohn are in Detroit, Michigan this week, attending a Ford Motor Company meeting. All sales managers are in attendance at this meeting, receiving first-hand information about the New Ford that is to be out in about a week.

INTRICATE POLL DEVICES FAILED IN THEIR PURPOSE

Machinery For Recording The Popular Vote Did Not Forecast Landslide

Washington, Nov. 4.—The most elaborate machinery ever set up in any country to forecast a popular vote failed to record yesterday's landslide.

The poll conducted by the American Institute of Public Opinion came closer to presenting the actual picture than any other, but failed to gauge the extent of the Roosevelt popular majorities. The Literary Digest, for the first time in the history of its poll, failed even to pick the winner.

Institute Poll

The Institute poll predicted 315 certain votes for Roosevelt, 12 certain votes for Landon, and put 14 states having 204 votes, in the doubtful column, with only 9 of them leaning toward Roosevelt. It forecast that the president would receive 55.7 per cent of the major party vote.

Instead the president rolled up approximately 66 per cent of the major party vote and appeared to have 519 electoral votes. He carried 3 states in which the poll showed Landon in the lead, and both states in which it reported the voting 50-50. Illinois, New Jersey, Pennsylvania, Ohio, Indiana, and West Virgiana, all doubtful states according to the forecast, actually gave Roosevelt overwhelming majorities. The vote in those states correspond more closely to the crowds that turned out for the two candidates than to the poll figures.

Digest Prediction

The Digest had predicted 370 electoral votes for Landon.

The Crossley poll forecast 359 electoral votes for Roosevelt and 53.8 per cent of the popular vote. It erred in assigning Connecticut, Pennsylvania, Massachusetts, Iowa, Kansas, Michigan, New Jersey, Ohio, South Dakota and West Virginia to Landon.

Few important newspapers had better success in predicting results. A number of Southern papers and The Philadelphia Record and Springfield (Mass.) Union predicted a Roosevelt landslide, as did columnists Hugh Johnson, Drew Pearson and Robert S. Allen, and Ray Tucker.

MAN IS FATALLY STABBED AT SELMA

One Held And Another Sought For Questioning

Selma, Ala., Nov. 3—Frank Mc-Kay, employe on a government boat, was stabbed fatally here Tuesday night in what police said was an altercation on Lauderdale Street.

Police said McKay was dead when they arrived on the scene. Jack Dudley, employe of an express agency here, was taken into custody in connection with the stabbing. Police said they were seeking another man for questioning in connection with the stabbing.

CLANTON GOSPEL TABERNACLE

Rev. John H. Scalf, of Montgomery, will preach at this place next Sunday afternoon at 3:30, and Sunday night at 7:30. Everyone is invited to come and take part in the service. We are expecting a good service. After all, our Lord is coming soon, so what does it matter where we worship? Let's all come as one body of Christians, and work together. Don't forget the date, Sunday, November 8th, at 3:30 and at 7:30.

New Feed-Corn Mill Out West Of Clanton

Rev. B. Lawrence has Put Up Plant On The Weldon Place, 1 Mile West

A new corn and feed mill has just been installed at the old Weldon place, now owned by Mr. B. Lawrence.

The machinery for grinding corn is already working, and the feed mill will begin operation within a short time.

This corn mill is one of the latest type Meadows mills, and equipped with a special air cooler, which is the patent of Mr. W. M. Pierce, who operates this particular mill. Mr. Pierce has been a miller for a number of years in the Maplesville community, and his work is highly recommended by people in that section.

Connected with him in this enterprise is Mr. B. Lawrence, for a number of years county superintendent of education.

In connection with the milling business, a full line of Standard Oil products will be sold.

The proprietors of the new enterprise stress cleanliness, and invite you to give them a trial when in need of anything in their line. The place is just one mile west of the railroad, on the Maplesville highway.

Turn to another page of this paper and read their advertisement.

SPEIGNER FUGITIVE NABBED IN CIANTON

Montgomery, Ala., Oct. 30.—All of eight state convicts who escaped from Speigner prison early Tuesday by cutting a hole through the floor were back in cells Friday following the rearrest of Wade Harrell, of Montgomery, at Clanton late Thursday. Harrell, serving a six-year sentence for grand larceny, was caught by T. J. Thornton, of Chilton County, and urned over to Highway Patrolmen Waites and Henley, at Clanton.

SQUIRREL LAW CHANGED

Montgomery, Oct. 30. — The State Conservation Board on October 30 voted to open the hunting season on squirrels in Sumter, Greene, Hale, Bibb, Chilton, Coosa, Tallapoosa, Chambers and all counties south of these counties on November 1.

Under an earlier regulation of the Board the squirrel season in south Alabama would have opened on November 20, and closed on January 31. The new regulation does not change the closing date, nor does it change the squrirel hunting season in north Alabama, which opened October 15, and will close January 15.

CONCERT AT BAKER

The W. M. Devaughn family quartet, will put on a concert at Baker schoolhouse Friday night, November 6th, beginning at 7 o clock. Admission will be 10 and 20 cents; proceeds for benefit of the school. Everybody is invited to attend and lend your assistance to a worthy cause.

Prof. John M. Parrish, in making the above announcement, makes the further report that the Baker school is progressing most satisfactorily this year. They have a fine school out at Baker.

LOCAL CLUB BOY TO TALK OVER RADIO

Buster Popwell, winner of the grand Champion Dairy Cow at the State Fair, will make a four minute talk over WAPI, Birmingham, Alabama, Saturday, November 7, between 11:45 and 12:15 o'clock.

His talk will consist of when and how the Jersey cattle originally came into this County. What he has done and expects to do with his cow and calf in the past and future.

Let's everyone turn on our radios and listen to Buster's talk Saturday.

BIG WHALE HERE NOVEMBER 12

There is something unusual coming to Clanton next Thursday. It is the big whale you have heard and read so much about. The monster, which was caught off the coast of upper California two years ago, after a struggle of over 16 hours, is 55 feet long and weighs 68 tons. It comes here on a specially built railroad car.

One feature of the whale show is a very strange girl, alive. She is called "Serpentina" because she is part girl and part serpent. Read the large adv. elsewhere in this paper. The whale show will be in Calera Wednesday, November 11, and here the next day.

PROMINENT JEMISON MAN DEAD

On last Wednesday morning, October 28th, occured the death of Mr. Wilson Sorrell, age 83 years, resident of Jemison; for the past several years Mr. Sorrell had been living with his daughter, Mrs. C. C. Conway, of Jemison, where he lived at the time of his death. Burial was Thursday at Union Grove, the funeral being conducted by Rev. Maurice Hodgens and Rev. B. Lawrence, Martin & Sons were in charge.

Survivals are: Two sons and two daughters — Joshua, of Jemison, Dr. L. E. Sorrell of Birmingham; Mrs. C. C. Conway and Mrs. C. H. Robinson, both of Jemison.

Pallbearers were: Dr. A. A. Conway, J. A. Peterson, H. H. Denson, Paul Jones, Charlie Abrams and Julius Simmons.

TULANE TO PLAY IN BIRMINGHAM SATURDAY

New Orleans—Tulane's Green Wave is saying it with fullbacks this year. Johnnie Andrews and Noel Loftin, between them, have piled up almost half the Wave's yardage in the five major games played to date.

Andrews, as last year, again leads the team in ground gaining. He has ripped his way for 275 yards in 52 trips for an average gain of 3.7 yards a try.

Tulane will send these two big powerhouse plungers against Alabama's Crimson Tide Saturday at Birmingham.

The Greenies expect to go to Birmingham for the tough Alabama game in good physical condition.

Coach Red Dawson feels that it will be his hardest conference test so far and believes, despite the versatile power attack shown recently, that his team will be no better than an even choice against the Tide.

He feels that Alabama's line and backs cannot be underrated. "They have a great team," says Dawson.

MT CARMEL

We were glad to have a large crowd at church Sunday; Rev. M. W. Mims gave us a wonderful sermon Saturday night and Sunday. We were glad to have the visitors, and we welcome them back again.

Mr. and Mrs. Jadie Mims were the dinner guests of Mr. and Mrs. A. F. Childress, Sunday.

Mr. and Mrs. Phil Childress, and Mr. and Mrs. Janie Mims, were the Sunday dinner guests of Rev. and Mrs. M. W. Mims.

Mr. Charley Childress spent Sunday, with Mr. and Mrs. Pink Watley.

Mr. and Mrs. Homer Sewell, spent Sunday with Mr. and Mrs. Luther Patterson.

Mr. Earnest Mims, was the Sunday dinner guest of Mr. and Mrs. G. C. Mims.

Mr. and Mrs. J. C. Scott, attended the funeral of his first cousin, Mr. Walter Scott's son at Mars Hill Sunday.

Mr. Turner Watley, was the Sunday dinner guest of Mr. C. B. Lenoir, Sunday.

BOB JONES COMMENTS ON HERE AND HEREAFTER.

The writer has just returned from Philadelphia where he has been engaged in a two weeks' lecture and evangelistic work. The first week, he was under the sponsorship of Rev. George Palmer. Mr. Palmer is an example of what a man of faith can do. He is pastor of a Baptist church in Haddon Hights, New Jersey. A number of years ago, Mr. Palmer began a radio ministry and a down town noon evangelistic work in Philadelphia. He is reachiig thousands of people. The Lord is blessing him. Our second week in Philadelpha was given over to definite evangelistic work. Some years ago, a leading denomination moved out of a magnificent church building. The congregation was unable to draw crowds and carry on successfully, so the minister and members of the church left the field and looked for an easier place. Several years ago, Rev. Theo. Elsner, who has had much experience in evangelistic work, went to Philadelpha and took over this lovely church building into which approximately two thousand people can be crowded, and he began a most successful gospel ministry. He has been carrying on this work for four and one half years. He preaches to tremendous crowds, and I am informed that for more than four years, there has never been a Sunday night that someone did not go into the inquiry room to seek the Lord Jesus Christ. Mr. Elsner is an intelligent, driving, fervent personality. He believes the Bible and preaches the Gospel. He does not split hairs theologically. In his congregation are Methodists, Baptists, Presbyterians, Lutherans, Disciples, and members of practically all denominations. Three years ago, Mr. Elsner brought Billy Sunday to his church for an evangelistic campaign. A year ago, he had Gypsy Smith in a series of meetings. This year, he had the writer with him for a week of evangelistic emphasis. Mr. Elsner knows the power of evangelism. A church without the evangelistic emphasis is doomed to die. God does not permit substitutes on His program. There is no substitute in a Christian program for evangelism. Mr. Elsner does not only preach to great crowds in his church and lead many people to Jesus Christ, but he also has a marvelous radio ministry.

The writer has observed that God seems to be using individuals and not machinery in our generation. We have, in the book of revelation, a very interesting picture of Jesus Christ knocking at the door of a human heart and saying, "If any man will open the door I will come into him and sup with him and he with me." If the writer understands the picture, Jesus Christ is ecclesiastically and officially shut out of the church. The writer has observed that in all of our evangelical denominations, there are individual men whom God is using in a wonderful way. He has also observed that the voice of ecclesiasm seems to have lost its power. The writer is loyal to our organized churches and has put more people into these churches than any other man his age in America. He is not attenptng to be critical, but he has observed in his travels throughout the world that there seems to be a peculiar spiritual power in the same, free lance movements which are headed up by orthodox evangelistic minitsers of the Gospel which is not found in the organized churches. Of course, there has been a great deal of wild fanaticism connected with free lance movements. But the writer is convinced that the next great movement in Christendom will be a fervent, constructive, intelligent, sane free lance movement. Ecclesiastical machinery, like government machinery, may become so heavy on the backs of people that they will stept out from under the burden and start new movements. There are only two fundamental things that God commanded the early churches to do—preach the Gospel and baptize believers. There is no denying the fact that there is too much ecclesiastical machinery on the backs of our church members. We must get back to the simple, fundamental program if we expect the blessing of God to abide upon us.

The Senior Class of Jemison High School will present "Plain Jane" in the auditorium of the high school on Friday night, November 6, at 7:30 p. m. Admission 15c and 25c.

State Capitol News

Montgomery, Oct. 31. — Delegations and individuals representing widely diverse interests called on Governor Bibb Graves during the past week to urge him to support their pet causes when the Legislature is called in special session by him this month.

Always in the forefront, school leaders met here last week in open forum to discuss the perennial school crisis, but fell into disagreement with two members of the so-called "economy group" in the legislature—Senators Hayse Tucker, of Tuscaloosa, and Robin Swift, of Escambia.

About 30 of Alabama's sheriffs called on the Governor with a request that he include in his formal call a constitutional amendment permitting sheriffs to succeed themselves. While the Governor assured them that he favored such an amendment, he pointed out that he has no authority either to approve or veto a constitutional amendment and for that reason he is powerless to aid them.

A check for $37,000, representing Alabama's contributions to the Democratic party's "war chest" was delivered to national headquarters last week by Judge Boykin, Mr. Maner and Charles Rainey.

Eight Alabama towns have been added to the list of the progress Administration's street paving program now under way in more than 50 cities and towns.

They are Selma, Evergreen, Talladega, Heflin, Chatom, Citronelle, Tuscumbia and Decatur. The paving projects will be confined to business and residential streets, it was explained.

The Alabama Supreme Court last week denied a petition for rehearsing an appeal by the city of Birmingham seeking to avoid parment to the state of gasoline and lubricating oil taxes used by that city for which no taxes have been paid during the past year.

Hunting season on squirrels opened in Greene, Hale, Bibb, Chilton, Coosa, Tallapoosa, Chambers and all counties south of these counties effective November 1.

The State Conservation Board voted tre new seasons yesterday. Previous dates set by the board had placed the open season on November 20. Under the new ruling, the squirrel season will extend until January 31.

Seasons in north Olabama opened October 15 and will close January 15.

YES, IT'S A GIRL

Mr. and Mrs. Vergil Martin are the proud parents of a baby girl; weighs 8 and one-half pounds, it was born on its mother's birthday, October 30. That don't happen often; I don't know which is the proudest, the mother or the little brother.

Dail Deen thinks his little sister is the only one there is; it's grandparents, Mr. and Mrs. T. W. Davis, think its something grand, the mother and baby, are doing fine.

PUBLICATION TO NON-RESIDENT

The State of Alabama, Chilton County. Circuit Court in Equity, October, 1936. Esther Irene Eaves, Complainant, vs. Gwin T. Eaves, Defendant.

In this cause it is made to appear to the Register by the affidavit of Grady Reynolds that the Defendant is a non-resident, and that his place of residence and post-office address is unknown, and that such address cannot be ascertained after reasonable effort: and, further, that, in the belief of said affiant, the Defendant is of the age of twenty-one years:

It is, therefore, ordered by the Register that publication be made in The Union-Banner, a newspaper published in the County of Chilton, once a week for four consecutive weeks, requiring the said Gwin T. Eaves to plead, answer, or demur to the bill of complaint in this cause by the 30th day of November, 1936, or, in thirty days thereafter, a decree pro confesso may be taken against him.

Done at office in Clanton, this 30th day of October, 1936.

SALLY JOHNSON ROBERTS,
Register.

Brief Farm Notes

The bulk of payments under the AAA program this year will go to producers late in November, December and January, states Jessie W. Tapp, acting administrator.

With a membership of 30,826, Alabama stands third in Farm Bureau membership in the United States. Iowa leads with 42,372 and Illinois is second with 41,765.

Cotton farmers have substantially increased their tonnage of fertilizer since 1932 when about 2,750,000 tons were used. This year the sales totaled around 4,200,000 tons. Of this amount Alabama farmers purchased about 436,500 tons.

Geologists state that 86 per cent of food of quail consists of waste grain and plant food and 14 percent of animal life, including grasshoppers, weevils, locusts, caterpillars, spuash bugs, cucumber beetles and other bugs and worms.

Sweet clover seed produced by Alabama farmers have given good results in New Hampshire, reports the Experiment Station of that State.

Successful foresty demonstrations throughout the State are causing a large number of Alabama farmers to turn their attention to the production of trees for lumber and pulp wood.

FARMERS ADVISED USE TREE TOPS FOR WOOD

Auburn, Ala.—With the approach of cold weather months when a large supply of firewood will be needed, Lyle Brown, extension forester, advises farmers that they can improve their forests and at the same time obtain a large amount of firewood by proper thinning of trees and by using the tops and poor cuts of trees harvested for sawlogs.

"Parctically all farmers in the State have enough poor trees or thinnings in the woods to supply their firewood needs for years to come if properly handled," he says.

"A great deal of good firewood is wasted on the tops and poor cuts of trees harvested for sawlogs, staves, veneer stock, and other purposes. This means waste and fire hazard when left in the woods," he declares.

MASTER FARMER WILL BE NAMED THIS MONTH

Auburn, Ala.—Five Alabama farmers and their wives will be named Master Farmers by the Alabama Extension Service and the Progressive Farmer-Ruralist at the annual meeting of the Alabama Farm Bureau Federation here November 17 and 18.

Invitations are also being sent to the 20 farmers designated as Master Farmers in 1927 and 1929 asking that they, together with their wives, be present on the night of November 17 when the five new Master Farmers are named.

Master Farmers named in 1927 are: J. J. Boyd, Hackleburg; Emil Graf, Mobile; J. W. Hathorn, Dothan; Webb Hurst, Shorter; R. E. Lambert, Darlington; W. H. Ving, Selma; B. H. Lightfoot, Troy; J. B. H. Lumpkin, Albertville; John R. Witt, Belle Mina, and L. C. Young, Montgomery. Those named in 1929 are: Allen F. Behel, St. Joseph, Tennessee; John L. Chambers, Boaz; J. L. Edwards, Tyler; C. P. Harwell, Dadeville; E. R. Jamieson, Greensboro; Wyatt Key, Midland City; T. C. Marriott, Uriah; C. C. Miller, Murraycross; Will Howard Smith, Prattville; and Seth P. Storrs, Wetumpka.

FARMERS SHOULD KEEP GOOD BREEDING TURKEYS

Auburn, Ala.—In selling their turkeys for Thanksgiving and Christmas, Alabama farmers should keep some of their best early birds for breeding purposes, advises John E. Ivey, extension poultryman.

Early-hatched, well-developed, healthy, active, well-balanced, and quick-maturing pullets and young toms, free from deformities, should be selected for breeding purposes, he said.

WHY HE WENT CRAZY?

An inmate of a lunatic asylum, on being asked by a visitor, how he got that way? replied:

It all started when I married a widow with a grown daughter, then, my father being a widower, married the daughter, that made my step daughter my step mother, and my father became my step son, my wife also became the mother-in-law of her father-in-law; then my step-mother had a son, who was my brother, being my fathers son; but as the boy was the grandson of my wife, he was also my grandson; then my wife and I had a son; my father's wife is my son's half sister; and also grandmother; now it is easy to see that my father became my step son by marrying my step daughter, Therefore being my own grandfather.

The visitor was satisfied as to the reason for the lunatic being crazy.

Mr. R. F. Holley and family of Scottsboro, Ala., were visitors to Clanton Saturday. Mr. Holley is superintendent of the Reservoir Division of T. V. A. at Scottsboro. He is having his new home built on his farm about two and one-half miles west of Clanton.

ADMINISTRATOR'S SALE OF PERSONAL PROPERTY

Notice is hereby given, that in compliance with the order of the Probate Court dated 14th day of October, 1936, I will sell at the home place of T. W. Wilson, deceased, about four (4) miles South of Clanton, Chilton County, Alabama, on the 10th day of November, 1936, between the hours of 11:00 a.m., and 12:00 m., the following described personal property to-wit:

1 one-horse wagon, 1 two-horse wagon, 1 hay rake, 1 disc harrow, 1 Avery planter, 1 riding cultivator, 1 section harrow, 1 middle buster, 4 steel beam plows, 2 fowler stocks, 4 mules, 3 cows, 1 heifer, 1 corn sheller, 15 gallons of syrup, 1 cook stove, 250 bushels of corn more or less.

The same to be sold in lots or parcels for cash to the highest bidder.

10-22-3t-ch. J. A. WILSON,
Administrator of T. W. Wilson estate.

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

NOW IS A GOOD TIME TO CLEAN ORCHARDS

Auburn, Ala.—Now is the time to clean up the orchard and get it ready to apply the winter sprays, reports Prof. L. M. Ware, head of the horticultural department of the Alabama Polytechnic Institute, in advising that "fruit trees must receive some attention if quality fruit is produced.

"General sanitary measures, such as cutting dead limbs, removing all mummied fruit from the trees, and raking the leaves and burning all the refuse, will help a great deal toward reducing the injury to the fruit and trees by insects and diseases," he states.

All stone fruits, such as peaches and plums, are injured every year by the peach tree borer, which can be controlled with material known as P. D. B., or paracide crystal gas, or paradichlorobenzene.

Now is the time for treatment.

Apple trees are attacked by an insect known as roundheaded apple borer. The only safe way to destroy this pest is to dig them out with a sharp pocket knife, he advises.

An insect which attacks apple, peach, and plum trees in Alabama is the San Jose scale. In order to save a tree that is heavily infested with this insect it should be sprayed as soon as all the leaves are off and again before growth starts in the spring.

An oil spray is the best for the control of the insect.

PIGS FROM PUREBREAD SIRES MOST VALUABLE

Auburn, Ala.—Brood sows should be bred to purebred boars in November for March litters, advises F. W. Burns, extension animal husbandman.

"Experiments have shown that pigs sired by purebred boars require less feed for 100 pounds of grain and higher market weights earlier than pigs sired by scrub boars," he says.

Rexall One-Cent Sale, at Upchurch Drug Company, November 11 through the 14th. You know what this means. Don't forget the dates — four big days.

THORSBY SECTION

(Mrs. S. E. Norton, Manager)

Congregational church services will be held at Helen Jenkins Hall on Sunday. Sunday school at 9:45; worship service at 11 o'clock. Dr. F. P. Ensminger of Birmingham, who is conference superintendent of Congregation churches, will be the guest speaker at the 11 o'clock hour. Christian Endeavor will meet at 6:30 p.m. There will be no evening service.

Prayer meeting will be held at the home of Mrs. J. H. Goddard Wednesday evening at 7 o'clock. Miss Fairbank will be the leader. Her subject will be "What our church stands for".

Choir rehearsal with Miss Foss Wednesday evening at 4 o'clock at Helen Jenkins Hall.

Mrs. Berry is going to have a meeting Thursday of this week at 4 o'clock to organize a meeting for the Girl Scouts.

The Boy Scouts will meet on Friday at 6:30 at the city hall.

The Ladies Aid social will be held at the home of Mrs. J. O. Johnson on Thursday, November 5, at 2 o'clock. All are cordially invited.

Circle No. 1 of the W. M. U., met with Mrs. Ben Davenport Tuesday afternoon.

The following attended the District P.-T. A. meeting at Montevallo Saturday, October 31: Mesdames G. F. Harper, Jim Higgins, R. R. Franklin, J. H. Goddard, Henry Raybon, N. Laurell, Emmett Smith, Earl Henley, and Messrs. Charlie Hulsey, J. A. Hayes.

Miss Elizabeth Austin spent the past week end in Montgomery.

Mrs. C. E. Bice, who has been staying for some time with her mother, Mrs. T. W. Robinson, while she has been under the doctor's care, returned to her home in Pomona, Fla., Thursday.

Mrs. Sidney Davenport spent the week end in Birmingham with her husband.

Mrs. John Browder of Clanton visited Mrs. Webb Parrish Friday afternoon.

Mrs. W. H. Goodgame is leaving Friday night to spend the week end in Birmingham with Miss Bertha Littleton. From there she will visit her daughter, Mrs. H. W. Peterson, of Anniston, for some time.

Mrs. Webb Parrish and Mrs. W. H. Goodgame went to Clanton Thursday for a shopping expedition.

Mr. Roy Raybon of Birmingham spent the week end here with his wife and family.

Mr. and Mrs. John Merchant, and Mr. and Mrs. Fred Merchant visited Mrs. D. Z. Merchant of Pleasant Grove Sunday afternoon.

Mr. and Mrs. Walter Lenoir of Jemison spent Sunday with Mrs. Ben Franklin.

Mr. and Mrs. J. L. McClaren of Birmingham spent Sunday with Mr. and Mrs. Edward Howard.

Mr. and Mrs. J. C. Merchant of Birmingham visited Mr. and Mrs. John Merchant a while Sunday morning.

Mr. Andrew Jackson, Walter Mastin and Virgil Dennis went to Marianna, Fla., the past week end.

Mr. Virgil Dennis of Deatsville is spending this week with his sister, Mrs. Andrew Jackson.

Friends of Mr. Edward Howard will be glad to know that he is now selling General Electric radios, and reports more business this season so far than ever before.

Mrs. Edward Jackson and children spent Friday night with her mother, Mrs. W. M. Dennis, of Deatsville.

Mr. Walter Maddox, Mrs. Grady Sewell and son Lamar, Mr. Avery Chandler of Birmingham, and Mr. and Mrs. Herschel Maddox and little daughter Audrey Jean, spent Sunday in Tallassee.

Mr. and Mrs. Martin Peterson, with Mr. and Mrs. Russell Peterson, spent Sunday at Birmingham with their two daughters, Mrs. N. L. Self and Mrs. R. A. Mikesell, of Cedar Rapids, Iowa. Mrs. R. A. Mikesell will leave Birmingham Tuesday for Norfolk, Va., to visit her brother, Leo Peterson and family. From there she goes to Jersey City to visit a nephew, Arthur Thrasher, also, Mrs. Martin Peterson's brother and family. Then she will go to Ft. Wayne, Ind., to visit Walter Peterson. Before coming to Birmingham Mrs. Mikesell visited Willie Peterson at Long Beach, Calif.

Messrs. Willie Scott and Robert Hogan of Montgomery, and Mr. and Mrs. M. L. Driver, and Vastine, visited Mr. and Mrs. R. W. Scott Sunday.

Mrs. Ben Franklin is sick and confined to her bed. We hope she will be well and out again soon.

Mr. Leander Jackson returned home Saturday after making a trip to Indiana and other points of interest in the north. He went in the interest of his poultry business.

Miss Ruby Lee Driver visited Miss Althea Plier Sunday.

Mrs. Leon Popwell, who was taken to the T. C. I. hospital in Birmingham a week ago Sunday is now improving.

Mrs. G. G. Gray and daughter of Clanton spent Sunday with Mr. and Mrs. Sam Cobern.

Mr. and Mrs. Turner Gamble and children, and Mrs. Frank Thompson and son, James, spent Sunday in Dadeville.

Miss Dorothy Franklin spent the week end at home from Alabama College.

Miss Helen Lowery of Birmingham spent the week end here with her parents.

Mr. and Mrs. Clyde Meade and Helen Louise, Mr. Ervin Gentry, Orville Freeman, and Ernest Eiland left Tuesday morning, November 3, for Yuma, Okla., where they expect to get work.

Mr. Thomas Hayes of Clanton spent the week end at home.

Mr. Robert Johnson visited here in Thorsby Monday and Tuesday.

The Quilting Club met with Mrs. A. N. Laurell Wednesday, November 4.

Mrs. Evelyn Christ of Hayneville spent a few days in Thorsby visiting her daughter, Mary, at Thorsby Institute.

Mr. and Mrs. Herman Harper and sons, Don and Herman, Jr., spent Sunday with Mr. and Mrs. G. F. Harper.

Mr. and Mrs. Herman Lecroy have moved from the John Harrison Collins place to Lomax.

Mr. and Mrs. A. E. Reagan of Clanton, with Mrs. J. M. Bosworth and Christine, went to Selma Thursday afternoon, October 29, to visit Miss Naemi Turnquist on her birthday, and had a very enjoyable time.

The following are the committees for the Ladies Guild bazaar: Sales Committee: Mrs. Anna Phalin, Mrs. James Bosworth, Mrs. Fred Howard, Mrs. C. R. Foss, Mrs. Bob Davenport, Mrs. N. Laurell; Refreshment Committee: Mrs. J. H. Goddard, Mrs. Charles Howard, Mrs. J. L. Mixson, Mrs. Jim Higgins, Mrs. J. O. Johnson, Mrs. Carl Peterson, and Mrs. A. K. Ekblad; Candy Committee: Mrs. L. L. Stanley, Mrs. R. R. Franklin, Miss Lois Leech, and Mrs. Alta Franklin; Decoration Committee: Mrs. Ruth Sutlive, Mrs. S. E. Norton, and Mrs. Hubert Reinhardt; Table, Chairs, Stove Committee: Mrs. E. N. Bentley, Mrs. Anna Phalin, and Miss Klingelhoefer; Advertising Committee: Miss Helen C. Jenkins, Miss Ruth Ford, Mrs. S. E. Norton; Cashier: Mrs. Rascoe Maddox.

Stop! Look! Listen! Basket ball game, Thursday night, November 5th at Thorsby Junior High School. First game, Thorsby girls vs. Collins Chapel girls; Thorsby Independents vs. Jemison Independents. First game at 7:00 p.m. Admission 10c and 15c. Don't forget the time and place. Two games for the price of one.

Mr. B. N. Ivey visited the Thorsby Public School last Friday to organize a 4-H Club. The following officers were elected:

President, John Foss; vice-president, Junior Williams; Sec. and Tres., Calvin Pate; reporter, Clanton Martin; song and yell leader, Thomas Childress; local leaders, Ernest Porter and Charles Hulsey.

Thorsby Institute News

Last Saturday night from 7 to 9:30 a Hallowe'en party was held at the dining hall. The dining room was decorated with paper pumpkins, black cats, etc., and in one corner of the room was a large real pumpkin that had a most interesting face. Corn stalks were placed around it. There was a fortune telling booth, and in the living room was the chamber of horrors. There was a short program followed by various group games. Cookies with a Hallowe'en face made of yellow frosting and raisins, and an iced drink were served.

At chapel Monday members of the American History class, under direction of Miss Crawford, gave a sketch of the lives of the presidential candidates, and their platforms.

Next Friday night at 7:30 in the auditorium there will be given an interesting program by members of the Helen Keller Literary Society under the direction of Miss Klingelhoefer. The glee club will sing. A trio consisting of Miss Foss, H. L. Collins, and Chester Messer, will sing. There will be other numbers on the program including the play, "A Leper of Syria". Admission will be 10 cents.

Christian Endeavor News

The Christian Endeavor Society met Sunday evening, November 1, at 6:30 in Helen Jenkins Hall. Roberta Weems was leader, and planned an interesting program on "As a Christian I Renounce War". The following took part: Martha Green, Thelma White, Wilk Lay, and Margaret Golson.

The Christian Endeavor is glad to report the acceptance of five new members: Inez Duke, Margie Yongue, Oleito Nowell, J. R. Lowery, and Wilk Lay. They are dormitory students.

The Christian Endeavor Society has given the church $5 for missionary funds.

The Executive Committee met Sunday afternoon, November 1, at 4 o'clock at the the campus cottage.

Set your plans now to attend the Rexall One-Cent Sale At Upchurch Drug Company, on Wednesday, Thursday, Friday, and Saturday, November 11-14. You know the rest. Remember the dates.

MARCH OF EDUCATION

American Education Week

American Education Week is observed annually to inform the public as to the needs, aims, and achievements of the schools. It is sponsored by the National Education Association in cooperation with the United States Office of Education and the American Legion. Scores of local and state organizations, both lay and professional, also take part in this growing observance in which many thousand American schools participate.

The general theme suggested for American Education Week in 1936 is "Our American Schools at Work." The daily topics as follows:

Monday, Nov. 9—The Story of the Schools.

Tuesday, Nov. 10—The Changing Curriculum.

Wednesday, Nov. 11—New Services to the Community.

Thursday, Nov. 12—The Unfinished Business of Education.

Friday, Nov. 13—Financing America's Schools.

Saturday, Nov. 14—Education for Physical Fitness.

Sunday, Nov. 15—Education for Character.

Set your plans now to attend the Rexall One-Cent Sale At Upchurch Drug Company, on Wednesday, Thursday, Friday, and Saturday, November 11-14. You know the rest. Remember the dates.

CHILTON HIGH TO PLAY SILURIA NEXT FRIDAY

The Chilton County High School football team is scheduled to play the Siluria High team here next Friday, November 6, at 1:45. If you like football see this one. Popular prices.

Be sure to see the Rodeo Girl in "Plain Jane" at Jemison High School auditorium Friday night, November 6, at 7:30 p.m. Admission 15c and 25c.

AREN'T WE ALL?

SEND IN NEWS EARLY

There is lots of news that comes in to The Union-Banner Tuesday that could just as well be written and sent in Friday or Saturday of the previous week. Where such is possible, please help out the publishers by getting your copy in just as early as possible. If the article is of such nature that it can be written and turned in Friday or Saturday, then greatly oblige us by doing it then instead of waiting.

We will more than likely be in a rush for the next several weeks, and will need the cooperation of our friends. You can greatly facilitate the publishing of the paper by getting your copy in early. We are depending on you from now on.

ARMY POSTS OPEN

Recruiting will be continued through November in the eight states of the Fourth Corps Area to build the United States Army up to full authorized strength, it was announced today by General George Van Horn Mosely, commanding general of the Fourth Corps Area.

Already hundreds of young men have been accepted throughout the south in the first large scale recruiting drive by the Army in several years, but openings are still available for service in Panama, the First and Second Corps Area, New York, New Jersey and the New England States and at various posts through the southeast.

In addition to a full time job which includes food, shelter, clothing and medical care, in addition to the regular pay for privates, recruits are given opportunities to travel and to study for a vocation. The Army offers an unusual field to young men who can qualify.

The first contingent of more than 500 recruits will leave for Panama November 14. Others are being sent to fill vacancies in various Army organizations through New' York, New England and the southeast, with better opportunity than ever before for rapid advancement and training.

Detailed information is available upon application in person or by writing the Recruiting Officers located at:

Montgomery, Birmingham, Decatur, Dothan and Mobile, Alabama; Meridian, Hattiesburg and Jackson, Mississippi; Knoxville, Chattanooga and Nashville, Tennessee; Charolette, Asheville, Raliegh and Winston-Salem, North Carolina; Spartanburg, Columbia, Florence and Greenwood, South Carolina; Jacksonville, Florida; Atlanta, Macon, Rome, Columbus, Savanah and Albany, Georgia; New Orleans and Alexanderia, Louisana.

Recruits not only are offered the opportunity of service in the Army of the United States, but also have the chance to extend their education, take vocational training in the Army schools and prepare themselves for careers, either continuing in the Army or in civilian life after their enlistments expire.

This is but one of the many New Styles in GLASSES that can be made up to fit your features. See—

'STRICT TEMPERANCE' IS WHAT MAKES HIM HEALTHY ENOUGH TO PREACH AT 93

Judge (Or Rev.) Honeycutt, Age 93, Missionary Baptist Minister, Uses His Pension For The Needy; Believes He Will Live To Be 100

By Irvin Beiman, In Birmingham Post

In a few months he will be 93. He still weilds a hoe with vigor in his garden, and regularly.

He still preaches a forceful sermon, and he will walk four miles to the nearest Missionary Baptist Church and back home again to do it.

The man is Judge (or Rev.) Riley Monroe Honeycutt, who today operates a small but prosperous farm at Jemison, in Chilton County, just 40 miles South of Birmingham.

The reason for his hale and harty condition today, Judge (or Rev..) Honeycutt declares, is that "for 93 years I have been a strictly temperate man; I have never taken an intoxicating drink, never chewed or smoked tobacco, I believe in regular exercise."

Elected Without Politics

Recently his slow, but steady, plodding gait carried him to the Missionary Baptist Church four miles from his home to preach a funeral for a friend. Then he walked back, and when he dusted off his shoes at his home, the slight stoop that the passing years have printed on his shoulders was not one whit more noticeable.

He obtained his title of "Judge" from his election as probate judge of Chilton County in 1892. The most pleasant memory of his term as judge however, is that he made no campaign, no speeches, and simply rode in on his popularity.

The title of "reverend" applies because in November of 1869 he was ordained in the Missionary Baptist Church, a denomination which holds services only twice a month, on a Saturday and the succeeding Sunday.

Has Clear Memory

Judge Honeycutt's friends marvel at his remarkable memory. He can recall dates of important events in his life; his birth, marriage, enlisting in the Confederate Army, ordination, the year he ground a record run of 4000 bushels of wheat at his grist mill, with astonishing ease.

A native Alabamian, he was born near Clanton, he has lived this barb to pitch at his neighboring farmers. "They raise too much cotton," he declares. Why have they stopped growing wheat? They used to do it, and it was profitable."

Judge Honeycutt has his own ideas about how much money a man should have. What is more, he practices his beliefs.

This example is indicative of his theory. He refused to accept a pension from the state as a Confederate veteran until five years ago. Then when the depression hit families around him, he premitted a state auditor "to talk me into it, but the money goes for the needy ones in my community."

Judge Honeycutt says he is confident he will live to be a 100. He has a son, H. I. Honeycutt, employed at the Fairfield works of the Tennessee Coal, Iron & Railroad Co.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

BRO. BRYAN AT ROCKY MOUNT

The Rev. J. A. Bryan, of Birmingham, known far and wide as Brother Bryan, will speak at Rockey Mount, out from Jemison, on Friday night of this week. Services will begin at 7:00 o'clock.

There is preaching at Rockymount every Saturday, Sunday and Sunday night. The public is invited to hear Bro Bryan and to attend all other services at this place.

Uncle Henry Armstrong, good old Republican from Beat 14, was in Clanton Monday of this week.

NEW RODEO HEAD NAMED

Albert Gill, prominent Mobile sportsman and member of the State Conservation Board, has been elected president of the Alabama Deep Sea Fishing Rodeo Association, succeeding the late L. G. Adams of Mobile.

Mr. Gill was elected at a meeting of the rodeo board in Mobile. At the same time the board named Sam Brandwein first vice president, R. L. Bidez second vice president, and re-elected Sam Lackland secretary-treasurer. All reside in Mobile.

Pending the election of a permanent head, Mr. Gill served as chairman of an executive committee of five which directed preparations for the record-breaking 1936 rodeo held last August 17, 18 and 19. The other members of the committee were Pat Byrne, John Shaw, Mr. Bidez, and Mr. Lackland.

MAPLE SPRINGS

Saturday and Sunday are our regular preaching days, come and bring some on with you; Sunday school at 10:00 Sunday, with preaching following, and preaching Saturday at noon.

Mr. and Mrs. Reuben Devaughn, and baby, visited Mrs. Devaughn's mother, Mrs. Elna Brown, Sunday.

Mrs. W.F. Glenn, and daughter, Elsie, and Delene, visited Mr. and Mrs. Oliver Glenn, Sunday.

Miss Delene Wright spent Saturday night, with Miss Getaleene Mims.

Mr. Melvin Lansford was in this community the past week end, visiting his parents, Mr. and Mrs. J. L. Lansford.

Mr. Alphus Downs, was in this community, Sunday.

Mrs. Alton Harris and baby, from South Clanton, were here visiting her parents, Mr. and Mrs. J. R. Mitchell, Sunday.

Miss Lera Glenn, was the Sunday dinner guest of Mrs. Velma Davis.

Mrs. Velma Davis spent Saturday night, with Mrs. Olive Glenn.

Little Mamie Ruth Jones, daughter of Mr. and Mrs. Wiley Jones, has been very sick with diphtheria. We are hoping she will soon be well.

Mr. Junior Baker, was the guest of Messrs Ottis and Arnold Glenn, Saturday.

Mr. Curtis Jones, spent a while Saturday morning, with Messrs Ottis and Arnold Glenn.

Mr. J. R. Kenp, was in this community last Tuesday afternoon.

Mr. Tom Miller and son, Jerrell, were in this community, Thursday afternoon.

Mr. O. L. Devaughn and daughter, Velma, and Lera Glenn attended the singing at Enterprise, Sunday.

PLEASANT HILL

We need lots of help in our Sunday school, some have moved away and some could come if they would, everybody come and help us.

Next Sunday is our preaching day, we invite everyone to come and hear Rev. L. D. Nonley, Sunday afternoon at our singing.

Miss Willie Mae Davis, was the Sunday dinner guest of Misses Daisy, Lizzie, and Pearlene Martin.

Miss Lillian Mims was the guest of Miss Ratha and Jessie Cleckler, Sunday.

IN MEMORY OF MYRLA BRYANT

On the night of October 7, 1936, the death angel visited the home of Mr. and Mrs. J. M. Bryant, taking their loving daughter, Myrla, to that beautiful home on high, where we hope to meet her bye and bye.

She was born in Coosa County on November 10, 1915, living there until two years ago, when she moved to Mulberry community, Chilton County, living here the rest of her life.

She was a member of Mulberry Baptist church, and a regular attendant at preaching, Sunday school and B. Y. P. U., and took part in all Christian work.

She graduated from the Weogufka High School in 1935, and had a great desire to do something to help make a living for herself and family. But God needed her, and called her home, where there is no more heartache, pain or sorrow. She was sick only a short time.

She is survived by her father and mother, Mr. and Mrs. J. M. Bryant; three brothers, Robert, Arnold, and Francis Bryant, and a host of other relatives and friends.

Her remains were laid to rest in Mulberry cemetery, there to await the resurrection. Bro. Grady Williams conducted the funeral service, and Spigener was in charge of burial.

Pallbearers were Therman and Milner Bryant, Deward Atchley, J. W., and Vinson Veazey, and Casey Cummings.—Evelyn Nix.

The Senior Class of Jemison High School will present "Plain Jane" in the auditorium of the high school on Friday night, November 6, at 7:30 p. m. Admission 15c and 25c.

W. O. RICH THE SAME REPUBLICAN AS ALWAYS

Mr. W. Ocie Rich, former resident of Clanton, but for several years of Birmingham, was here the first of this week to vote in the election in this county. While here Mr. Rich authorized The Union-Banner to make the following statement for him:

"I am proud to say that I have never voted anything other than a Republican ticket, and so far as I can see now, I shall never change. I understand that my name was voted two years ago and also this year as an absentee; I did not apply for an absentee and did not vote an absentee ballot. I have also been informed that the name of my father, J. T. Rich, who has been departed from this world ten years, has also been voted an absentee ballot.

"I wish to register my disapproval of such underhand practices. I do not believe that the many decent and honest citizens of Chilton County will long stand for such abuses of their sacred rights, but will elect men to run the county's affairs who are above such abominable practices.

"Let me appeal to the honest and conscientious people of Chilton County to put their foot down upon such abuses before it is everlastingly too late."

PREACHING AT THE HOME OF R. I. VARDEN

Rev. Connell, will preach at the home of R. I. Vardens, Sunday afternoon, November 8th, at 2:00 o'clock. Everyone is invited to attend.

RUPTURE

Clanton, Alabama

Friday, Nov. 6

Why be bothered with Rupture or Hernia when it is eliminated without operation?

Dr. H. G. BOWDEN

SPECIALIST

Has perfected an Appliance which has proven successful in the most stubborn cases, even after operations have failed. There are ninety-four (94) different types of Rupture and Hernia. These Appliances are made according to your particular needs.

EXAMINATION FREE!

Dr. Bowden will be at the

Thomason Hotel

(Formerly Wilson Hotel)

Friday, Nov. 6th

Laboratories:

BIRMINGHAM, ALABAMA

A Good Place to Eat

The Public Is Welcome To

JOHNSON LUNCH ROOM

Just North of the Bus Station

C. C. Johnson, Prop.

IN MEMORY OF JOSEPH SCOTT

Our hearts were saddened and broken, when the death angels visited the home of Mr. and Mrs. Walter Scott, on November 1, 1936, and took away their baby boy, but God saw fit to take him home. Weep not dear parents for he has gone to rest.

Little Joseph was only five years old, he was sick for several weeks, but he bore it with patience. He leaves to mourn his death, Mr. and Mrs. Walter Scott, three brothers and a baby sister. Funeral services were held at Mars Hill, with Rev. Green officiating. Pall bearers were: Rabie Crumpton, Cobern, Hardmon and Frazier Cofer. May God bless that family. One who loves him.—A friend.

OAK GROVE

A marriage of great interest took place in this community, last Saturday night, October 31. The marriage was that of Labon Northcutt and Miss Central Cost; Bro. Green of Jemison performed the ceremoney at the home of Mr. W. J. Northcutt. There was quite a number of people present to wish them a happy and soccessful married life; after the ceremoney was performed the people were led into the dinning room to partake of the boutiful supper prepared by his parents, Mr. and Mrs. W. J. Northcutt.

Mrs. Northcutt is the daughter of Rev. Robert Cost of Pleasent Hill community. Mrs. Northcutt has many friends and is much loved by every one.

Mr. Northcutt has made many friends, and they have grown to love him very much.

The community joins hands in wishing them a successful life.

May they seek God in time of trouble, for it is there, only true comfort is found.

COMEDY—DRAMA AT ISABELLA HIGH SCHOOL BUILDING

On the night of November 6, one of the most popular plays will be presented by the W. M. U. of Mulberry church, in the High School auditorium.

This play has been staged in a large number of localities, in some cases it was necessary to stage it twice to satisfy the public. This is its first appearence at Isabella, so shape your plans to set back and enjoy two and a half hours of real pleasing comedy on the above date.

CARD OF THANKS

Dear Editor:

Please allow me a small space in your paper to express my thanks to my many frends for their kindness shown to me during my illness of the past four weeks, especially do I thank Dr. V. J. Gragg, Dr. Marcus, and the nurses of the Central Alabama Hospital; Mr. Mell Martin, and Dr. Franklin of Thorsby. I have returned to my home after thirteen days in the Central, Alabama Hospital; I am improving rapidly.

May God's richest blessings rest upon each and every one is my prayer, thanking each and everyone for your kindness shown.—Nomia Heflin, and family.

SERVICES AT LIBERTY HILL

The pastor, Rev. J. S. Holland, will preach at Liberty Hill Saturday and Sunday, October 7th and 8th, at 11:00 o'clock.

All members especially are urged to attend.—Zack Lowery.

Set your plans now to attend the Rexall One-Cent Sale At Upchurch Drug Company, on Wednesday, Thursday, Friday, and Saturday, November 11-14. You know the rest. Remember the dates.

To Ease a Headache Fast

Get Real Quick-Acting, Quick-Dissolving Bayer Aspirin

See How Genuine Bayer Tablets Work

In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass . . . happens in your stomach.

Virtually 1¢ a Tablet Now

If you suffer from headaches what you want is quick relief.

Genuine Bayer Aspirin tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture. (Note illustration above.)

Hence — when you take a real Bayer Aspirin tablet it starts to dissolve almost as quickly as you swallow it. And thus is ready to start working almost instantly . . . headaches, neuralgia and neuritis pains start easing almost at once.

That's why millions never ask for aspirin by the name aspirin alone when they buy, but always say "BAYER ASPIRIN" and see that they get it.

Try it. You'll say it's marvelous.

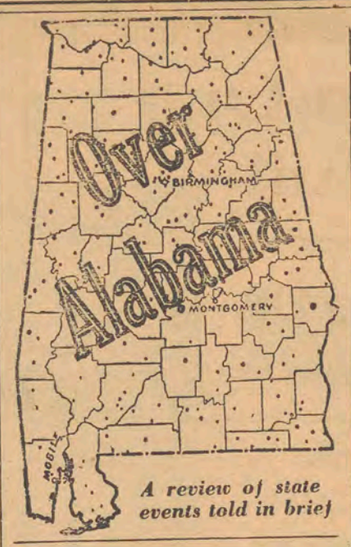
"Now I Lay Me—"

This child was hurt when a tornado struck Tupelo, Mississippi, necessitating medical and nursing care for hundreds—care which in many cases could not have been given without Red Cross assistance. It is a fine tribute to the organization that the young beneficiaries of its health and relief services invariably place themselves in the hands of the Red Cross with a completely confident, "Now I lay me—."

Happily Married.—"I notice the Rowleys seem to get along much better these days."

"Yes, ever since he went home this summer and saw the girl he was in love with twenty years ago."



A review of state events told in brief

Miss Lucile Mallette, of Troy, is the new home demonstration agent of Randolph County.

The Southeastern Fox Hunters Association held its annual field trials Oct. 20-22 near Clayton.

The Alabama Order of Eastern Star held its 36th annual convention at Montgomery Oct. 20-22.

The Ozark Kiwanis Club has launched a drive to "better advertise Ozark" as a shopping and marketing center.

Contract has been let to Decatur Iron & Steel Co. for structural steel for the new postoffice at New Albany, Miss.

Construction of a new brick veneer Methodist parsonage began just north of the Methodist Church at Hamilton.

Fifty-three people in Alabama have been accidentally poisoned with calcium arsenate during the last six months.

Charlotte Head, Tuscaloosa, has been named honorary cadet colonel and brigade sponsor of the University of Alabama R. O. T. C. unit.

Montgomery has been voted the 1937 convention of the U. S. National Guard Association, which closed its 1936 meeting in Providence, R. I.

Bishop Samuel R. Hay will preside at the annual session of the Alabama Conference of the Methodist Church to be held in Selma Nov. 19-23.

United States Pipe & Foundry Company, Birmingham, will furnish cast iron pipe for the extension of the waterworks system at Tulsa, Okla.

The Rev. Peter M. Dennis, for eight years rector of St. John's Episcopal Church, Decatur, will become rector of Grace Episcopal Church, Woodlawn, Birmingham.

Mrs. George Bliss Jones, of Florence, has accepted the chairmanship of the annual roll call for the Red Cross in Lauderdale County this year, beginning Armistice Day.

The new Talladega County Home for the Aged will be one of the most beautiful buildings in the state, county commissioners said after examining the landscape plans.

Progressive singing is proving popular in East Alabama, as evidenced by the attendance of 1,500 persons from 10 counties at the Talladega County progressive singing convention.

Condemnation proceedings on 8,635 acres in Covington County for a national forest reservation were started in Federal Court at Montgomery by T. D. Samford, U. S. district attorney.

Eighteen years is the favorite age to go to college, judging from the ages of the nearly 1,000 freshmen students at the University of Alabama. There are 307 students there who were born in 1918.

Retail establishments of Alabama in 1935 enjoyed dollar volume of sales 34 per cent greater than in 1933, according to preliminary figures of the business census announced by the Census Bureau.

The three-way road paving project over a six-mile stretch of highway from Huffman, Jefferson County, to the Blount County line, near Mineral Springs, has been completed at a cost of $72,000.

Daily delivery of goat milk in Birmingham is not far off, if plans of the Alabama Dairy Goat Association materalize, John Hassell, vice-president of the association, said. Alabama now has 5,000 milk-giving goats.

Frontis H. Moore, first assistant attorney general, resigned effective Nov. 1, to become an associate member of a Birmingham law firm. Moore joined the attorney general's staff in 1931 and has served continuously.

Miss Mildred Newell was elected sponsor of the 40-piece Howard College band of which Ed Nichols, Birmingham, is student manager, and Dan Murnane, Birmingham, drum major. Eugene C. Jordan is director.

The United States Steel Corporation announced a $29,000,000 improvement program, including a tin plate mill and auxiliary plants for the Tennessee Coal, Iron & Railroad Company, Birmingham. Construction will begin at once. This development program, the largest for Birmingham since the war, is the largest individual project initiated by the giant corporation since the depression.

Dr. Angie Smith, pastor of Mt. Vernon Methodist Church of Washington, D. C., will succeed Dr. Clovis G. Chappell as pastor of the First Methodist Church, Birmingham. Dr. Chappell recently accepted a call to St. Luke's Methodist Church, Oklahoma City.

Armistice Day in Tuscaloosa this year will be sponsored jointly by Farley Moody Post, American Legion and Durrett Post, Veterans of Foreign Wars. Congressman-Elect Pete Jarman will deliver the Armistice Day address at the courthouse at conclusion of the parade in the morning.

NEW YORK ADOPTS "WELFARE OF MAN" AS THEME OF FAIR

$125,000,000 Exposition to Depict Building the World of Tomorrow

New York.—The New York World's Fair of 1939, which, according to Grover Whalen, President of the Fair, will be a $125,000,000 show, will have a theme—"Building the World of Tomorrow."

This was announced for the first time by Mr. Whalen, following the adoption of the theme and the design by the Board of Directors.

"The Theme," said Mr. Whalen, "encompasses the well-being of man, the betterment of life. It will be carried out in our exhibit zones, in our amusements, and in a beautiful 'Theme Tower.' We will display to the visitors all the goods, all the materials, all the resources and powers man has amassed, to the end that by studying them, one may learn how to plan and to attain a more admirable future."

The design, a simple and practical one that is motivated by consideration for the hundreds of thousands of people expected every day, divides the main section into ten zones. These zones will display exhibits of clothing, shelter, the arts, the basic industries, health, sustenance, recreation, government and cooperation, education, and public and social services. Each exhibit will be allocated to its proper zone. There will be no haphazard or scattered display. For the first time, visitors need not walk all over a fair grounds to see what they want to see, and only what they want to see.

Focal Exhibits

In each zone there will be a focal exhibit to explain, in dramatic fashion, the nature of the sector, its history, and its potential future.

The zones will be laid out around the "Theme Tower," in the heart of the main section, a 250 foot structure that will dominate the park. In this tower will be a panorama to show what strides America has made in the 150 years that have passed since George Washington strode into New York's old Federal Hall and took the oath of office as our first president.

The opening of the Fair, April 30, 1939, commemorates the 150th anniversary of that day.

This panorama will also show the interdependence of the 48 states born of the 13 original Colonies, and the interrelation of the big cities and the country districts of the United States.

The site of the Fair, Flushing Meadow Park, will be a permanent park after the Fair is done. It comprises 1216 acres—twice the space ever before given over to a Fair.

The work of converting the site into a Fair Grounds and a park requires engineering and artistic skill of the highest, the employment of hundreds of men, and the expenditure of millions of dollars.

Three-In-One In New Building

Fixes Anything

Charlie's Fixit Shop, Clanton Electric Battery Co., and Brand Garage, now located in building across the street from the New Wadesonian Theatre. Charlie will be better equipped to take care of his key making, lock, cycle, gun, lawn mower repairing.

Battery Repairing

The Clanton Electric Battery Company will be better able to maintain its high standard of battery repair and service in the new location.

Automobile Repairing

This department is in charge of Mr. Delbert Brand, who has had 15 years experience in repairing all makes of cars. You know he knows how.

RED CROSS AID TO MORE THAN 500,000 DISASTER VICTIMS

Large Urban Areas Devastated As Elements Hit 20 States East of Mississippi

"The number of disaster victims assisted by the Red Cross during the fiscal year ended June 30, was more than four times the number aided in the previous twelve month period," Admiral Cary T Grayson, chairman, said in commenting on highlights of the annual report just issued. "Over 131,000 families were given food, clothing, shelter and medical care, and thousands of homes were rebuilt or repaired by the Red Cross to enable them to carry on."

Pointing to the many-sided problems created by the wide variety of types of disasters which occurred during the year, Admiral Grayson said, "The Red Cross sent hundreds of trained workers into 39 states to meet the many exigencies of catastrophes which included earthquake, epidemic explosion, fire, hurricane, ice lock, landslide, refugee relief, shipwreck, tornado and typhoon. The Red Cross took charge at the scenes of 105 domestic disasters of major severity."

The report emphasized the marked value of Government-Red Cross co operation when disaster strikes, giving as example the flight of Army bombing planes which dropped Red Cross food to marooned refugees at Renovo Pennsylvania, during the Spring floods. More than 10,000 persons were rescued from the second floors of homes in Wilkes-Barre and Kingston through Coast Guard-Red Cross cooperation at the height of these same floods.

"Government agencies and relief groups were of invaluable assistance to Red Cross relief forces at all times," Admiral Grayson stated.

The complete resources of Red Cross leadership, training and disaster experience were brought into play by the Spring floods and tornadoes which took so heavy a toll of life and property in eastern and southern states this year, the annual report reveals. The Red Cross aided 77,000 families in 14 flooded states east of the Mississippi and 6,000 families in 6 tornado hit states south of the Mason-Dixon line in this one operation.

"Never before have as many metropolitan centers borne the brunt of attack by wind and water within a single year, challenging Red Cross preparedness and efficiency by so wide a variety of pressing human problems," Chairman Grayson said.

In its work of relief to disaster sufferers the Red Cross expended in excess of $5,200,000 for the year. The report points out that this figure does not include assistance given in 27 lesser disasters with a total of 2,000 persons aided, and adds that additional millions will be used to "clean up" Spring floods and tornadoes.

"Numerous local disaster situations occurring during the year were met by Red Cross chapter funds and manpower," Admiral Grayson said. "In each major relief operation undertaken the great army of Red Cross volunteers aided trained workers with the task of rehabilitating those without resources who had suffered losses.

"The Red Cross disaster relief service is one of many Red Cross activities supported by the American people through membership at the time of Roll Call, held each year from Armistice Day to Thanksgiving."

WATCH! Our Issue of the 19th

* Don't miss that week's issue. For in that issue, and in every successive issue, you'll find what we've promised you. Four pages of sparkling, colorful and brilliant comics, in four colors.

* We're bringing you this new supplement because we know you will enjoy it. We know that you regard THE UNION-BANNER as your favorite family newspaper, and that funny, true-to-life comics will be a valuable addition to your family fireside.

* They'll be fun for all of you — grown-ups and kiddies! Keep up with the procession of exciting characters which our new comic supplement will bring you each week! AMERICAN LEGION MEETING HELD HERE LAST WEDNESDAY

A large number of Legionnaires of the Fifth Alabama District attended a district conference in Clanton Wednesday night of last week. Among this number were many of the state's outstanding men, who appeared on the program.

The conference was held at the Thomason Hotel, opening with an elaborate banquet and closing with a business session, with Hon. Percy M. Pitts, District Commander, who called the meeting.

Among the speakers on the program and other dignitaries were Gov. Bibb Graves, Major Frank Dixon, past state Deparement Commander, J. J. Tyson, chairman of the department of safety.

Hon. E. E. Woodruff of Opelika, Alabama Area Commander, Dr. B. F. Austin, state vice commander, Hon. Taylor Boy, present state department commander, D. Trotter Jones, state adjutant, and Walter Broadhead, commander of Post No. 1, of Birmingham, were present.

OUR OWN SNAPSHOTS

The gift-of-the-month is the Book Scroll. It promises to be THE gift for HER at Christmas. The scrolls are made of solid Brass with the center of the Twins in natural wood. The Single has the hemisphere end of natural wood. They automatically expand as you insert books. Remove a book and the Scroll cleverly snaps the others together.

"PERFECT FIGURE"—Arline Judge was recently proclaimed to have the world's most "perfect" figure by Edwin Marriott, conditioner to royalty, presidents and international beauties.

IT'S GRAPEJUICE TIME IN CALIFORNIA—Almost knee-deep in grapes is Phyllis Dobson, motion picture actress, to illustrate the crop abundancy of Golden State vintners, who will transform the crop into some 150,000,000 worth of exportable wines.

A STALWART OF THE "FIGHTING IRISH" — Laurence Danbom, 21-year-old Calumet, Michigan, youth, one of the leading candidates for the fullback position on the Notre Dame team.

SPORTS EXPERT — When Leo Bolley broadcasts sports on his Tydol programs, he knows what he is talking about for he has played football and baseball, set a swimming record and boxed professionally. He commutes between Syracuse and Schenectady, N. Y. to conduct two series of radio shows for the Tide Water Oil Company.

ED WYNN AND HIS FAVORITE FAN—Who is she? His mother, of course. She has never missed one of her son's opening nights and you can bet she will be on hand when the master comedian returns to the air in a new series of Saturday night programs over the NBC-Blue network in November.

NATIONAL AFFAIRS

(By Frank P. Litschert

Despite all of its appeal to the "poor and unfortunate" who have been "ground down" by the "economic royalists" and its promises to change all of this under an entirely novel dispensation, the most effective political weapon which the New Dealers have had in the 1936 campaign has been the claim that "business is better" and that it is going to continue to improve. To anti-New Deal charges that the Constitution has been violated, the forward-lookers have replied "just look how much better business is!" To the allegation that they are seeking to regiment our people, and give us a new form of government, they have only replied "ain't business grand". To statements that they have spent more money in one administration than all the presidents from Washington to Taft combined, they have countered by replying, "just look how we have helped the industrial and commercial fabric of the nation!"

The elder Roosevelt might call this "drawing a red herring across the trail" because by this process the Brain Trusters have sought to avoid the charges of the opposition by answering, "just look what else we did". While the thinking man may state that such claims set up no answer to the charges which have been made, yet it must be admitted that the defense is a very adroit one. It has been used by every New Deal orator from the president down, and a more effective method of verbal campaign under the circumstances, could not have been devised.

The same method of campaign has been used before. Those interested in politics who are old enough to remember the McKinley and the Theodore Roosevelt political contests will easily see this. The panic in the Cleveland administration, and the subsequent revival of business in the first McKinley campaign, gave the Republicans ample material for such slogans as "stand pat", and "let well enough alone." And it will now be admitted by politicians of both parties that the method was effective.

There are a great many people who do not take the time or the trouble to look beyond the present. They are the folks who never bother to save up for a rainy day and are content in the trust that the Lord, or Uncle Sam, or Santa Claus will take care of them. So, when they note that there is smoke in the factory chimneys again and that the men and women who labor in the mills are going back to work, they do not trouble themselves to wonder why business is better or what is in the offing. Sufficient to them is the condition of the day. To them there is an appeal in the claim of the New Dealers that "we have helped business." They do not bother about 40 billion dollar deficits nor whether or not these will have to be paid by inflation or taxation. It means nothing to them that business revival has come all over the world—faster in some countries than in our own—just as depression came all over the world. They are willing to credit the revival in production and sale of consumer goods to the New Deal, and to let it go at that. If, next year, there should be a slump, they will be just as ready to blame it on the Brain Trust.

The New Deal orators have played the revival in certain lines of business for all it is worth. They have set up a smoke screen against charges of profligate expenditure and mounting deficits, regimentation and artificial curtailment, by pointing to Uncle Sam's share of world-wide revival as the result of their policies of regimentaties and lavish expenditure of money. They have learned that here is their best line of defense and they have not been slow in using it. They point out that the Republicans have done likewise but they fail to mention the fact that in former times business revival was accompanied by balanced budgets rather than by increased indebtedness, by the wise use of the protective tariff rather than by restoration of free trade through the round-about treaty methods.

A PARTY COMMITS SUICIDE

What is clear is that there is no longer any Democratic party in Minnesota. It has committed suicide in the interest of the Farmer-Labor party there.

What is suspected is that this is a move in the direction of turning over the Democratic party in 1940 to a national Farmer-Labor party, the avowed purpose of the organization headed by John L. Lewis, the labor leader, in revolt against the recognized heads of the Federation.

The field in Minnesota is now being contested by Republican candidates and by Farmer-Labor candidates. As between the two, the News prefers the Republicans. It hopes the Republican candidates will be elected and the Farmer-Labor candidates will be defeated. Its own party's candidates have surrendered and, under the circumstances the News has no difficulty in making a choice between the mildly conservative Republicans of the northwest, and the radical, socialistically inclined Farmer-Laborites whose fight will be indorsed by every Communist in the land. The News is for the maintenance of the Democratic party in Minnesota and elsewhere, and not for its merger with a radical farmer and radical labor combination.—Lynchburg (Va.) News.

Remember the good old days when the boys gave up a quarter to go to the burlesque show to look at the girls who had on more clothes than the gals nowadays wear out on Main Street?

THE CONSUMER BURDEN

We have heard a great deal about the abundant life, and still more about taking wealth from the rich and distributing it among those who have not. It is of course true that a great many billions of dollars have been spent for relief and that many more billions are to be expended, that the national debt has risen from 20 billions to 34, and that it may eventually grow to 40 billions.

But we are told that this has all been in the interest of the common man, and especial appeals have been made to the worker for support of the New Deal on the theory that it has benefitted him.

Well, it isn't all coming off the rich and well-to-do. The poor consumer has been "getting his," so far as increased cost of the New Deal is concerned. In no way are these increased levies revealed with greater plainness than in the market basket of the housewife. Here for example are food prices compared, and the figures come from the United States Department of Labor statistics:

Food Prices—March, 1933—June, 1936

Pounds except where otherwise indicated	March 1933	June
Steak, sirloin	28.8	37.2
Steak, round	24.8	33.6
Roast, rib	22.0	28.7
Roast, chuck	15.9	21.7
Pork chops	19.2	34.6
Bacon, sliced	21.p	40.5
Ham, sliced	29.8	48.7
Lamb, leg	21.9	31.4
Wheat flour	2.9	4.5
Bread	6.5	8.1
Oranges (dozen)	24.5	34.9
Corn (No. 2 can)	9.6	11.4
Lard	7.8	15.5
Sugar	5.0	5.7

Prices of meat, wheat and flour are reminiscent of the destruction of hogs, and the plowing under of grain, according to the regulations laid down by the AAA. And these regulations would still be in effect and the housewife would have her budget further increased were it not for the wisdom and patriotism of the Supreme Court in doing away with the AAA.

Although the increase in the price of sugar is not so pronounced as in the case of other foodstuffs yet it is interesting and significant. We lowered the tariff on sugar to try to coax more business from Cuba. For years we have been told that lower rates would mean cheaper sugar to the American housewife. Oh, yeah!

One of the papers says the Democrats are looking for a campaign song. What's the matter with good, old "Oh, Promise Me?"—Lakima Republic.

"Who is this man Tugwell?" asks Gov. Smith. But Al might ask an even more interesting question of the president: "Where is this man Tugwell?"

An Idaho hermit, 90 years old, has never seen an automobile. He doesn't know what is missing hmi.—Grand Rapids Press.

Well, if the present rate of federal spending keeps up, our children's children ought to be able to get jobs as tax collectors any how.

Mary had a little lamb, but she had to sell it because she couldn't compete with the wool grown in Australia.

ELECTION THANKS

Whether the results of the election suited you or not, one of the chief thanksgivings of many will be that the voting is over. For the time before election is always a more or less disturbing and uncertain period. With all the ballyhoo, excitement, and conflicting claims, however, elections are something which we, as a self-governing people, cannot give up, and which we ought to take more and more seriously.

When we sit down at the Thanksgiving table, we may profitably add another note of thanks than merely expression of gratitude that the election is past. We may be thankful that the results, whatever they are, have been accepted by the American people; that we make our decisions at the ballot box, and not in street fighting.

Consider Spain, where an election is merely a prelude to bloody battle between the "ins" and the "outs." Consider Italy and Germany, where the citizens go through the form of elections but cannot vote for anyone but the "ins". Consider Russia, where, once a policy is decided, it is treason to criticize it. In America we are in the relatively happy state of having no inclination to annul the result of an election by force—yet being free to criticize to our hearts' content the fool voters that didn't agree with us and the men they elected to office against our excellent judgment. It's something really to be thankful for.—Nelson Austin Crawford.

The Kansas pioneers lived hard lives. They had no fountain pens to leak on their fingers. No telephones to ring while they were taking baths. No motor cars to get flat tires or run out of gas. No radios to burn out tubes or be overcome by static. No brush salesmen to ring their doorbells. And no newspapers to make them mad. It took real men to stand up under such hardships.—Chanute (Kans.) Tribune.

Here is a type of man who is a continuing mystery in this country. He is the man who will grab up a single copy of the old home town newspaper, read it from start to finish, read all the advertisements, and then re-read and re-read, maybe laugh and cry as he goes through the news; act for the world as if he is getting $24 worth of good out of this single copy—and then figures that he can't afford to pay $1.50 for it for a whole year of 52 issues.—DeKalb (Kans.) Herald.

Just as Mark Twain said about horse races, election campaigns are primarily due to a difference of opinion. For example, in a nearby town the editor referred to an address by one of his party's orators as a high minded speech sprinkled with irony. The editor of the opposition paper said it was a partisan harangue full of personal invective.

The old fashioned girl who certainly knew how to handle her knitting needles now has a daughter who certainly knows how to manipulate a cocktail shaker.

One of our acquaintances was hit in the head by a champagne bottle at a wild party the other night. He should have waited to go until he had taken out his social security.

The New Dealers do a lot of quoting of Abraham Lincoln but they never quote what he had to say about the tariff.

There is a slight possibility that the voters don't drift back and forth as rapidly as the straw votes indicate.

MAN IN THE MOON

AFTER THE WAR IS OVER

Well, we can all sit back and heave a sigh of relief—the war of 1936 is over. I am glad of it, and I am quite sure you are. Times such as the last few months have been always take something out of all of us, and those of us who are so intensely interested, and who really put all we have into such a fight, come out of it feeling about as much exhausted as an athlete after a hard game.

As these words are being written, the election has not yet been held, and naturally I do not know what the outcome will be. But by the time that you read it, the big day will have passed, and you will KNOW who is to hold the reins of our government for the next four years. But there is one resolution every good American should make, regardless of his politics. That is—to do all in his power to make good his allegiance to the country that gave him birth, and which has protected him until this day.

If you are a Republican, no doubt you will want Landon; if you are a Democrat, naturally you prefer Roosevelt. But whatever you are, and whichever leader is chosen by the electorate, you owe it to yourself and your country to do all you can to keep an interest in affairs and lend a helping hand wherever possible.

I do not mean that one may not criticize. Constructive criticism is valuable, and many times much good is derived from it. The operation of the United States is as much your affair as it is that of the chief executive, whoever he may be, and you have every right to let your views be known. If, in your opinion, those in high office are erring, it is your right and duty to say so. If, on the other hand, you can place approval on administrative acts, again it is your right and duty to speak your mind.

There have been times during President Roosevelt's term when I could not agree that his policies were best for the whole people, and I have never failed to raise my voice in protest. On the other hand, on some occasions I have seen wisdom in the president's official acts, and I have never withheld any favorable comment I felt was due him.

This has been a bitter campaign—perhaps too much so. After all, we are all Americans. Why should an affair such as an election be allowed to engender lasting local hatreds, no matter how important that election may be? I think the sweetness of victory is lessened if it has broken a friendship, and the bitterness of defeat becomes intolerable if one has lost his contentions and his friends, too.

And so I make this pledge. I believe every good American should make it. If President Roosevelt is reelected, I shall hold no malice. I shall be broad-minded enough to defend him in any of his acts which I believe are for the good of America and American people, nor shall I allow political prejudice to dim my eyes nor stop my ears to whatever good may lie in his policies. I believe it is the duty of every whole-souled American to stick by the chief executive as long as he can, and when the parting time has come, no one will deny him his freedom of speech in condemnation of official policies.

On the other hand, if Gov. Landon is to be our next president, I will be glad, of course, for I really have faith in his ability. If elected, if there be any humble duty that I can perform, I will consider it a privilege to do it. Yet, after sticking by him in his policies so long as I believe them right for all of us, then if he departs from what I deem the safe and sane path of good government, I will be among the first to condemn that unsafe measure, nor will I allow my affiliation with the Republican party to dam up the well of criticism in such case.

The right I reserve for myself, I would not deny another. If our political opponents can find a flaw in our party's actions, I allow the right to say so. And if they find something commendable in them, they will no doubt offer such commendation. As good Americans we can not do otherwise.

THE McKEE AND COX LETTERS

I want to take my text right here on the letters of Mr. T. L. McKee and Mr. Charlie Cox, which appeared in last week's issue of The Chilton County News. These "Gold Dust Twins" of the Democrat party in Chilton County really afforded me two big hearty laughs with those letters. I term them "Gold Dust Twins" because seemingly they are inseparable in their views, good or bad.

Let's take Mr. McKee first. You say, Tom, that in our criticism we Republicans never go back three years and tell about things at that time. To tell the truth, you Democrats keep yelling so much about that, Tom, until a Republican doesn't have a chance to say very much about it. In fact, Tommie, that's all the campaign stock the Democrats had—no wonder you plugged it so much. You had nothing to brag about for the last three years so you have had to let "poor old Hoover" do your campaigning for you. But, after all, I haven't heard any of you Democrats popping off much about the "good old days of Wilson," either, when we were up to our necks in a war which the people had elected him to keep us out of. Neither have I heard you mention the Harding and Coolidge administrations, admitted eras of prosperity. Why haven't we heard something out of the Democrats about all this? I can tell you! The hectic days of Wilson are a skeleton in the Democratic closet. And more than that, the Harding and Coolidge administrations even you, Tom, will admit stand head and shoulders above anything the Democrats can trot out, including the New Deal. How about it, Tom? I was with you on the amendments, though. I believe, as you said, that these amendments you mentioned were for "foundation for a rotten political machine", and I am against such. But those machines you spoke of must be pretty bad if you can't take them, and can yet uphold the Democratic machine here in Chilton County. It can't go much further, though, Tommie. You know, when things get TOO rotten, they fall apart of themselves—that's what is going to happen to the political machine here, too, one of these pretty days.

And now for Mr. Cox's letter. Charlie, that was a "gem of purest ray serene". I am indebted to you for a REAL laugh. You say you think every citizen should think the same way you do about matters. Your memory must certainly be short. Can't you remember one day last spring when over 2,000 citizens of Chilton County, including hundreds of lifelong Democrats, didn't think exactly as you did? I don't believe you forget that easily, Charlie. You've put on a coat of whitewash.

And Charlie, you write of foreclosures in 1932. Why don't you read the papers sometime? Really you can learn things by reading. Haven't you heard about the mass foreclosure the HOLC put on a few days ago, and advertised 34,000 homes for sale? You certainly skated out on thin ice that time. But maybe you didn't hear about that. It is said that when ignorance is bliss 'tis folly to be wise. If your error comes under this head, Charlie, and if you just didn't know, then I don't suppose there is much one could do but forgive you. But you ought to read up now and then, especially on this New Deal—you might fall into a big hole some time, making breaks like that.

You opened up another oily subject, too, Charlie, when you stated that "anyone who votes against Roosevelt in the South is nothing but an ingrate". That might be true, but if I were you, Charlie, I believe I'd try to forget that word "ingrate". If you don't, and keep repeating it, somebody is bound to remember your actions during the early part of this year, when you disregarded the will of the people who elected you, both Democrats and Republicans, and foisted upon them a road system which they did not want and which they informed you in no uncertain terms they didn't want. Your own record for gratefulness doesn't stack up so well in your official acts, and that makes things a bit different when YOU begin writing about someone being an ingrate. You told me, Charlie, that as soon as our people found ou what a grand thing the supervisor system was, they would like it. Well, we've had it a pretty good while now, and it may be that the people haven't yet found out what a grand system it is. But there are two things I DO know, Charlie, and that is that the roads are not being worked, and the people do not yet like your new system. If you doubt what I say, get off the pavement some time and see for yourself. And as for people's opinion of the system—just ask somebody — anybody. You don't have to pick any certain one—just ask your next door neighbor, or the first man you meet after reading this, barring one of the few political pets you have bought over with a job in a ditch shoveling gravel.

Yep, Charlie, "ingrate" doesn't fit well in your vocabulary. You ought not to use it too much—somebody might get confused and decide you were talking about yourself! And you wouldn't want anyone to get that wrong impression, I know.

One more mention of your letter, Charlie, and I'm done with it. You say "there is no good reason why there should be just one or two Republican counties in Alabama." I quite agree with you there. For once you are right if you NEVER slip up and do it again. Of course there is no good reason why there should be just one or two of them—there should be just 67 of them. Charlie, you had better never make another crack like that and let Bibb get news of it—he might give you fits.

Well, it's all in fun, I guess. But Charlie, although I wouldn't dare try to advise you, yet I believe you and Tom leave too many loopholes in your letters. You two ought to leave that kind of work to Billy. Let him do it, like all of those letters signed by persons who have been saved by the New Deal. I believe they are better reading, and I know they have more effect.

And by the way, Billy, those letters from people saved by the New Deal were swell. You did right well on them. Why didn't you write more of them—couldn't you get anyone to sign them for you?—Man in the Moon.

EXPERTS ON PROMISING

According to press dispatches, President Roosevelt, in his cross-country campaign tour, in an address at Denver, accused the Republicans of making campaign promises which they cannot fulfill. They have made a two-faced pledge, he is quoted as asserting, and promise the West they will spend freely, and at the same time promise the East that they will cut expenditures to the bone.

Just how they are doing this, we have now no idea. It occurs to us that Gov. Landon has promised, if elected, to balance the budget by eliminating politics and waste in relief. Certainly this message has been made in the East and West alike, and it would be folly to promise one thing east of the Mississippi and another east of the big river, because the radio networks carry every speech from Maine to California. So to say that anyone is trying to fool various sections of the country with different promises in different localities indicates a lack of knowledge of the extent of the radio.

But aside from all that, if the Republicans are making any two-faced pledges, they are committing a serious mistake in strategy. When it comes to issuing pledges of that kind they cannot possibly compete with the Brain Trust faction of the Democratic party and its experts.

Let us quote an example In 1932 the Chicago Democratic platform said:

"The Democratic party promises an immediate and drastic reduction of governmental expenditures by abolishing useless commissions and offices, consolidating departments and bureaus, and eliminating extravagance to accomplish a saving of not less than 25 per cent in the cost of federal government".

The same platform promised also to maintain sound money, guard the government's credit and to balance the budget.

In accepting the nomination of the convention Mr. Roosevelt said: "That admirable document, the platform, which you have adopted, is clear; I accept it 100 per cent."

Now if any voter will study that 1932 platform and the speeches of Mr. Roosevelt in 1932 he will immediately come to the conclusion that it is useles for the Republicans to try to compete with the New Dealers in making glib promises. The New Dealers are experts. They are still at it and they know how it is done. Their ability to make promises is only exceeded by their agility in repudiating the same pledges.

Under the old order farmers built the barn first and the barn would build the house—that is, the earnings of the barn built a good one. Now it's build the garage first and live in it until you lose the farm.—Lakin (Kan. Independent.

GIVING AMERICA AWAY

As a result of the administration's reciprocal trade agreements and other fiscal follies foreigners sold more to this country during the first seven months of the year than they bought from this country.

That is something that had not happened before in more than 40 years.

The Department of Commerce figures for the January-July period show that we sold abroad $24,091,000 worth of goods less than we bought abroad.

And to a great extent the goods which we sent money abroad to buy were goods which should and could have been produced in this country by American labor from American material, thus keeping American dollars in the pockets of American farmers and industrial workers.

That's the administration's "good neighbor" policy applied in the field of economics!—Detroit Free Press.

Two of the most popular ways of taking one's life are by turning on the gas and by stepping on it.—Portland (Ore.) Journal.

Speaking of automobile radios, a contemporary tells of pulling out what he thought was the choke and getting Ed Wynn's laugh. That can't be choked so easily.—Davenport (Ia.) Times.

That one-string ukulele needs only one less string to make it the perfect instrument.—Grand Island Independent.

The patriotic citizen who used to proudly boast that the United States was the greatest country on earth can now add to his claim the fact that it has the greatest national debt on earth. Some of these days it will also possess the highest tax rate.

Gene Tunney, the ex-boxing champion who spoke for Roosevelt in 1932, has gone to Europe during this campaign. Gene always was good at ducking punishment.

25 YEARS AGO

News Items as Published in The Union and in The Banner, Issues of

November 2, 1911

Everyone is having a gala time at the county fair this week. The weather is ideal, and everything is going fine.

Eighty business men, in a special train, stopped in Clanton for 30 minutes last Wednesday at noon. They were covering the Southern states.

Mr. Dudley Collins of Thorsby was in Clanton last Wednesday.

Mr. Samuel Scott, the photographer, is in Martin, Texas, for several days.

Mr. Ocie Powell is in Wetumpka, working for the Southern Bell.

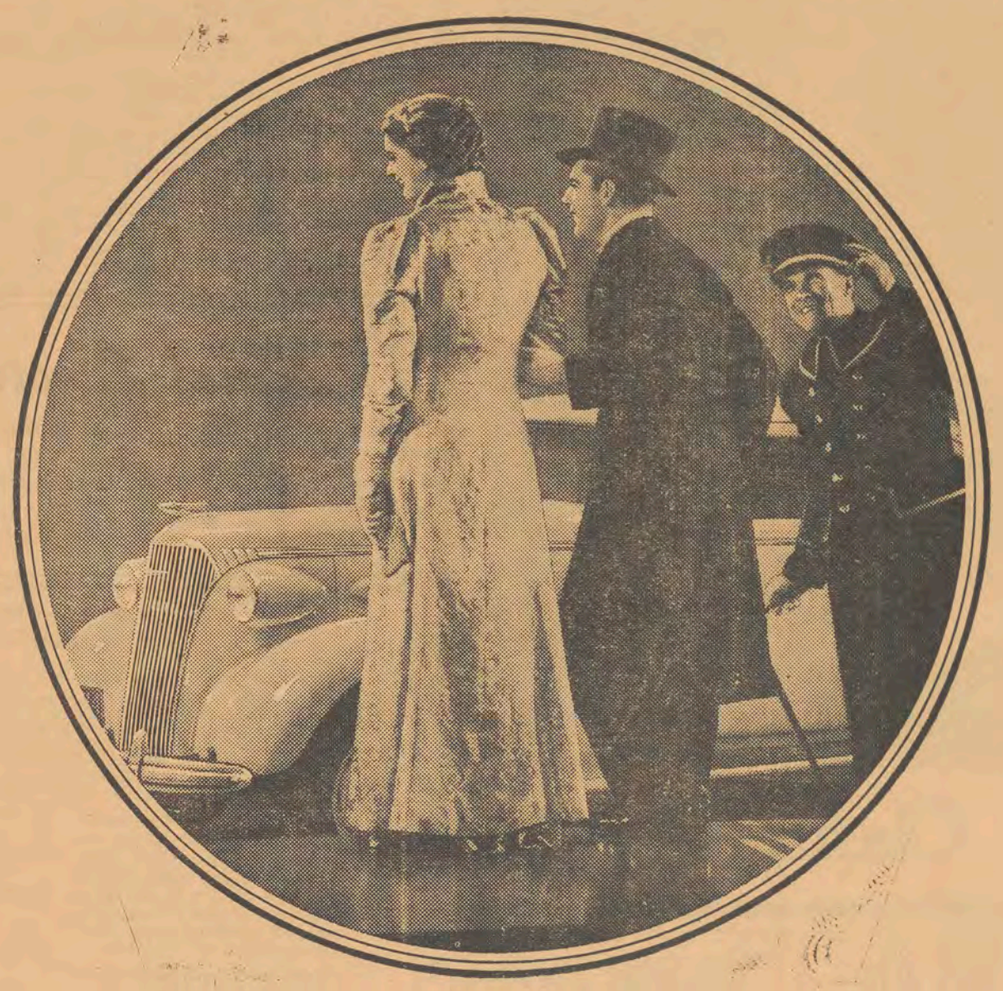
Married this week — J. M. Mims and Miss Belle Maddox, Johnnie Johnson and Miss Sallie Baker, D. C. Porter and Miss Reila Ray.

Rev. F. M. Woods and family are preparing to move to Maplesville.

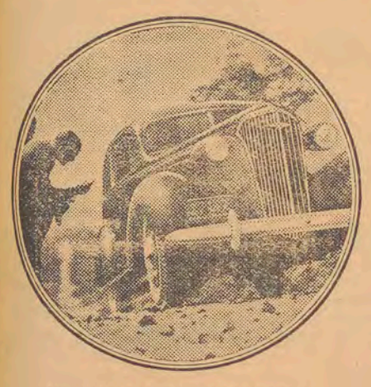
New CHEVROLET 1937

The Complete Car—Completely New

ON DISPLAY SATURDAY, NOVEMBER 7



It's the newest of all low-priced cars . . . new in every feature, fitting and fabric . . . also the most thoroughly safe, the most thoroughly proved, the most thoroughly dependable.



NEW HIGH-COMPRESSION VALVE-IN-HEAD ENGINE

Much more powerful, much more spirited, and the thrift king of its price class.

NEW ALL-SILENT, ALL-STEEL BODIES
(With UNISTEEL Turret Top Construction)

Wider, roomier, more luxurious, and the *first* all-steel bodies combining silence with safety.

NEW DIAMOND CROWN SPEEDLINE STYLING

Making this new 1937 Chevrolet the smartest and most distinctive of all low-priced cars.

GENUINE FISHER NO DRAFT VENTILATION

Eliminating drafts, smoke, windshield clouding —promoting health, comfort, safety.

ON SATURDAY, November 7, Chevrolet will present the brilliant successor to *the only complete low-priced car*—Chevrolet for 1937, *the complete car—completely new.* You'll want to see it, for it reveals an even greater measure of superiority over its field than the fine car which in 1936 set a new all-time high in Chevrolet sales.

Chevrolet for 1937 is *new all through* . . . new in the unequaled beauty of its Diamond Crown Speedline Styling . . . new in the unmatched comfort and safety of its All-Silent, All-Steel Body, now available for the first time on any low-priced car . . . and most excitingly new in the greatly increased power and acceleration of its High-Compression Valve-in-Head Engine. Then, too, this thrilling motor car is *proved all through.* It embodies all the extra-value features which have made Chevrolet dependable and *complete* beyond any other car in its price range.

Visit your nearest Chevrolet dealer. See and drive *the complete car—completely new.* Let your own good judgment tell you that this new Chevrolet for 1937 is the outstanding value of this new motor year!

CHEVROLET MOTOR COMPANY, DETROIT, MICHIGAN

ALL THESE FEATURES AT CHEVROLET'S LOW PRICES

**Knee-Action and Shockproof Steering on Master De Luxe models only. General Motors Installment Plan—monthly payments to suit your purse.*

FOR ECONOMICAL TRANSPORTATION CHEVROLET A GENERAL MOTORS VALUE

PERFECTED HYDRAULIC BRAKES
(With Double-Articulated Brake Shoe Linkage)

Recognized everywhere as the safest, smoothest, most dependable brakes ever built.

IMPROVED GLIDING KNEE-ACTION RIDE*
(at no extra cost)

Proved by more than two million Knee-Action users to be the world's safest, smoothest ride.

SAFETY PLATE GLASS ALL AROUND
(at no extra cost)

The finest quality, clearest-vision safety plate glass, included as standard equipment.

SUPER-SAFE SHOCKPROOF STEERING*
(at no extra cost)

Steering so true and vibrationless that driving is almost effortless.

RED CROSS HIGHWAY POSTS AID INJURED

1,000 Function At Key Points To Give Emergency Care To Traffic Hurt

Highway first aid stations, set up by the Red Cross to give emergency care to victims of traffic accidents, are saving lives, according to James L. Fieser, vice chairman in charge of domestic operations.

"More than 1,000 of our emergency posts are already operating in 47 states and thousands of others will soon be established at key points along America's highways," Mr. Fieser stated.

The Red Cross highway posts are concentrated at danger spots in rural areas where medical aid is not readily available. The importance of this coverage of the open road, the Red Cross holds, is given sharper emphasis by the fact that there has been a 150 per cent increase in rural traffic fatalities during the past twelve years.

The project was initiated last year on a national scale as a practical approach to the highway accident problem. The Red Cross felt that it could best apply its strength by succoring those who continue to be injured pending a reduction in the highway accident rate through legislation and safety education.

"Our program brings first aid skill to the scene of accident in an effort to reduce the number of persons killed and maimed in automobile mishaps," Mr. Fieser said. "Our highway first aiders are not medical men in any sense, but it is their job to turn the injured over to the medical profession in the best shape possible."

The Red Cross highway posts are established at gasoline service stations, tourist homes, rural police and fire departments. The personnel of the posts are trained by the Red Cross in first aid, standard first aid equipment is installed at each station, and identifying signs for the benefit of motorists are erected beside the highway at both approaches to the station.

The attendants of these roadside units who qualify as first aiders volunteer their services through the Red Cross and may under no circumstances accept pay for caring for the injured.

To complement the highway first aid stations, the Red Cross has announced formation of mobile units. Several thousand trucks which regularly ply the highway in the course of routine work will be equipped with first aid kits. Drivers and crews will take courses in both standard and advanced first aid, and each truck will be identified as a Red Cross mobile unit. More than a hundred trucks are already operating.

"The highway police of eight states who have finished first aid training will join this army mobilized to cut accident fatalities and prevent complication of minor injuries through mishandling at the scene of accident," Mr. Fieser said.

"We receive reports from our first aid stations daily, telling of essential care given to traffic casualties on the spot and of lives actually saved."

This and many other Red Cross programs of equal value are supported by the people of America during the annual Roll Call for members. This year the Roll Call will be held from November 11 to 26.

Red Cross Potential Life Savers Number Nearly 2,000,000

First aid and life saving certificates issued by the American Red Cross since the start of the service 26 years ago now number 1,888,702. During the past year the Red Cross qualified 222,693 persons in first aid and taught water safety and rescue methods to 80,961.

This army of First Aiders and Life Savers is one of the great safety factors in the nation. They are trained to give immediate first aid at the scene of accident, thus saving many lives and preventing permanent injury. Red Cross training includes skill in treating for shock, splinting fractures, checking arterial bleeding, applying artificial respiration, towing drowning persons to safety, and in the safe handling of boat and canoe.

Red Cross volunteers, framework of the organization, last year gave a total of 1,707,220 hours of service, producing 685,074 garments, 4,355,719 surgical dressings, 16,773 Christmas bags for soldiers, sailors and marines serving overseas. Perhaps the most important undertaking of these generous contributors to the public welfare is the making of braille books for the blind, with 342,000 pages printed during the past twelve months.

Of the 16,500,000 school children enrolled in the Junior Red Cross societies of 52 nations, more than half are members of the American Junior Red Cross representing 34,882 schools in this country.

Red Cross chapters aiding the needy in their communities act on approximately 22,674 family problems each month.

CHILTON HIGH TEAM PLAYS SILURIA HIGH HERE FRIDAY

The Chilton County High School plays the following games at home in this order:

Nov. 6—Siluria High.
Nov. 13—Holtville High.
Nov. 20—Isabella.
Nov. 27—Maplesville.

The exact time for the game Friday will be announced later.

FARM BUREAU MEETING SET FOR NOV. 17-18

Auburn, Ala.—The annual meeting of the Alabama Farm Bureau Federation will be held here on Tuesday and Wednesday, Nov. 17 and 18, announces J. Litt Edwards, president.

The meeting had previously been set for September 1 and 2 but was postponed, due to infantile paralysis in the State.

Several hundred Alabama farmers are expected to attend the meeting and hear talks and discussions by State and National agricultural leaders. They will also formulate a program of work for the remainder of 1936-37.

Dr. J. B. Williams

The only regular college trained CHIROPRACTOR and NATUROPATHIC PHYSICIAN in Chilton County.

Office days in Clanton, Tuesdays, Wednesdays, Thursdays, and Saturdays. Over Mazer's Store. Out-side calls made to responsible parties.

U. S. ARMY TO INLIST MORE THAN 1800 MEN

Army Will Bring Personnel Up To Full Strength, Gen. Moseley Says

Jobs for more than 1,800 young men in the Fourth Corps Area are open in the United States Army.

Within the next few weeks, enlistments will be made under War Department orders to bring the Army up to full authorized strength of 165,000, it was announced today by General George Van Horn Moseley, Commanding General for the Fourth Corps Area at Atlanta, Ga.

Applications already are being taken at recruiting stations in the eight Southeastern states which make up the Fourth Corps Area, but vacancies for more than 1,000 soldiers are still available.

Set your plans now to attend the Rexall One-Cent Sale At Upchurch Drug Company, on Wednesday, Thursday, Friday, and Saturday, November 11-14. You know the rest. Remember the dates.

JEMISON SENIORS PRESENT PLAY

Come and see "Plain Jane" presented by the Senior class as the Jemison High School auditorium Friday night, November 6, at 7:30. This is a farce-comedy in 3 acts, and promises plenty of laughter and fun. The action centers around a gawky Western rodeo girl. Don't miss her in this side-splitting comedy. Admission 15c and 25c.

The characters are: Jenny, the maid, Kelly Moore; Parsons, the butler, Rubye Smith; Valerie Van Dyke, Aunt Emma's secretary, Vesta Smith; Aunt Emma Marsden, who holds the purse strings, Edith Davenport; Brant Coleman, heir No. 1, Melvin Sims; Clayton Coleman, his father, Alford Davenport; Howard Marsden, heir No. 2, Spencer Brady; Mrs. Beatrice Marsden, his mother, Clara Thomas Payne; Rolfe Marsden, heir No. 3, Jess Allen; Jane Judkins, Aunt Emma's niece, Frances Davenport.

Rexall One-Cent Sale, at Upchurch Drug Company, November 11 through the 14th. You know what this means. Don't forget the dates — four big days.

VERBENA 4-H CLUB

The boys 4-H Club was reorganized at the Verbena High School on Monday, November 2, with the help of our leader, Mr. Ivey.

The following officers were elected.

President, Dovard Huett; vice-president, Reeder Cathey; sec. and treasurer, Lawrence Howard; reporter, Clifton Stephens; leaders. Mr. Arthur Colley; Mrs. Holis Hiten.

At the reorganization meeting, Mr. Ivey presented the club with a fine talk on poultry raising. The club now has a membership of twenty members who are interested in, and wish to profit by, a series of experiments Mr. Ivey is conducting near Verbena.

The next meeting will be held at the Verbena High School on December 7.

PREACHING AT NEW HOPE

Rev. Cato, of Talladega, will preach at New Hope church, next Sunday night, November 7, at 7:30 o'clock.

New Hope is nine miles northeast of Clanton, on the Mims Ferry Road. Everyone is invited.—W. V. Headley.

CENTER HILL

We are sorry to have on our sick list this week, Mrs. Madge Howard, Mrs. Vester Rogers, Mrs. Ella Edwards, and Mrs. Rufus Robinson.

Our Sunday School is progressing nicely at the present time, although we could use lots more members. So, every one that can; come to Sunday School next Sunday.

A Hallowe'en party given at the home of Mr. and Mrs. Lloyd Cobb's Saturday night was enjoyed immensely by the young folks of this community. Miss Ruth Davis of Jemison, spent the week end with Miss Mabel Cobb.

Mr. Ulysses Lawrence, of Oak Grove, spent the week end with his sister Mrs. Ora Barnes.

Mr. Ted Howard is spending the week with his Aunt; Mrs. William Kelly, of Oak Hill.

Mr. Edward Glass, is spending the week with his uncle, Mr. Red Glass.

We want to extend our heartiest congragulations to Miss Sally Poe, and Mr. Charles Henry, who were married Saturday night, at the home of Mr. B. L. Cobb, who preformed the ceremony.

Mr. and Mrs. Frank Merchant, and daughter, Lucille and Billie Franke, also Mr. and Mrs. Monroe Ward, of Pleasant Grove, spent Sunday with Mr. and Mrs. Lonnie Cobb.

Mr. and Mrs. J. T. Cobb, of Mitchel Dam, spent Sunday with Mr. and Mrs. J. E. Cobb.

Mr. Will Davis and son, Billy, spent the week end with Mrs. Joe Corey.

The "Community Sing" this week, was enjoyed by several in this community, it was given at the home of Mr. and Mrs. B. L. Cobb, Wednesday night.

CHILTON HIGH NOSED OUT BY MONTEVALLO, 12 TO 6

The blue and gold warriors of C. C. H. S. fought a hard battle with the much heavier Montevallo High team here last Friday, losing the battle 12 to 6. Montevallo High has developed into one of the hardest teams to defeat for all competitors this season, having lost only one game. The much lighter Chilton team played an exceptionally good game in holding them to this close score.

The game was a scoreless deadlock in the first quarter. In the second, Montevallo worked a pass to Hartley for a touchdown. Not until the third quarter was Chilton able to put over a touchdown, to tie the count at 6-6.

Late in the 4th quarter Montevallo scored again on a fluke pass, again to Hartley for their winning margin.

With time left for a tie and possible winning point, Chilton High failed, as Armstrong was stopped for no gain on 4th down on Montevallo's 25-yard line.

Outstanding players for Montevallo were Hartley and Weems; for Chilton, Williamson, Hogan, Reynolds, Mims, Aldridge, and Johnson. The locals led their opponents in first downs. Below are given first downs and scoring figures, by quarters:

First downs:				
Chilton	3	0	1	4—8
Montevallo	1	2	1	0—4
Score:				
Chilton	0	0	6	0—6
Montevallo	0	6	6	0—12

COFER FAMILY REUNION HELD LAST SUNDAY NEAR JEMISON

On Sunday, October 11, the Cofer reunion was held at the home of T. G. Cofer, five miles west of Jemison. No finer tribute of love and respect could be paid than that given Mr. and Mrs. Cofer in this gathering of their children and grandchildren with other relatives and friends on this occasion. The writer joins all the others in the hope that Mr. and Mrs. Cofer will live to enjoy many more of these annual occasions. May the Lord give them prosperity and happiness.

Those present to enjoy the bountiful dinner and the refreshments in the afternoon were:

Children: Mr. and Mrs. Jadie Cofer, Mr. and Mrs. Luther Cofer, Mr. and Mrs. Chester Cofer and son, Curtis, Mr. and Mrs. Herdman Cofer, Mr. Cobern Cofer, Mr. and Mrs. Vernon Edwards and family, Mr. and Mrs. Frazier Cofer and daughter, Imogene, Mr. and Mrs. Burnice Childress, Mr. and Mrs. Napoleon Posey and family, Mr. and Mrs. Only Crumpton and family, Mr. and Mrs. Gordon Crumpton, Mr. and Mrs. Elven Edwards and family.

Relatives: Mr. and Mrs. Minnie Posey, Miss Millie Gothard, Mr. and Mrs. Rawliegh Waldrop and daughter, Ruth and Maurice Posey.

Friends: Misses Willie Mae Childress and Leafie Smith, Mr. and Mrs. Sam Edwards and son, Chester, Mr. and Mrs. Noah Crumpton and family, Mr. Wilbern Edwards, Mr. J. D. Scott, Mrs. Leth Childress, Mrs. Thelma Hobson and children, Mrs. Emma Shaw.

CALF CLUB PLANS TO BUY CLUB BULL

The 4-H Jersey Cattle Club met last Saturday, October 31, at the Chilton County High School, at 2:00 o'clock.

Plans have been made to buy a good bull for the local Calf Culb with money pooled by the members that they won at the local show and State Fair. Definate steps will be taken at our next meeting.

Any one that has any pure bred Jersey cattle are eligible to join this Club. If you want to buy one I can assist you in purchasing one, most any age. If you are interested, see B. N. Ivey, at the county agent's office.

DAVIS RITES HELD AT STANTON

The death angels visited the home of Mrs. J. A. Davis, October 26, and took away her little son, John William. We know he has gone to that undiscovered Country from whose bourne no traveler returns.

He was three months and ten days old; and was taken sick only a few hours before his death.

He leaves to mourn his passing: his parents, Mr. and Mrs. J. A. Davis, one sister, and six brothers, all of Stanton; and a host of relatives and friends.

The funeral was held at the Ebenezer church Tuesday afternoon, with Rev. Grady Williams in charge.

To the bereaved ones, we would say, weep not, but look to God our Father, for guidance, for He doeth all things. A friend.

CARD OF THANKS

We wish to thank our many friends and neighbors for their kindness and sympathy during the sickness and death of our beloved husband and father, Sinkler Minor; we also wish to thank them for the beautiful flowers, and too Dr. R. J. Elland, for his faithful services.

May God bless you all, we shall never forget you.—Mrs. Nora Minor, and children.

IN MEMORY OF G. S. MINOR

On Tuesday, October 20, at 4 a.m., the death angel visited the home of Mr. Sinkler Minor and carried his soul away. He had been in failing health for some time, although seriously ill for only a week, growing gradually weaker until the end came.

Mr. Minor was 61 years of age. He leaves to mourn his loss his wife, Mrs. Nora Devaughn Minor, and four children, 3 sons—W. M. Minor of Decatur, A. D., and P. S., of Cooper; one daughter—Mrs. Roy D. Downs of Birmingham, and many friends and other relatives.

But as God, in His wisdom, saw fit to call him from us, we must be content; God's will be done.

Weep not, dear wife and children, for God knows best. But strive to meet him when the Lord says "come".

Mr. Minor was a good neighbor, a friend in need and a friend in deed. He was always ready to lend a helping hand to those in need; a man who will be sorely missed in his community. A place is vacant that can never be filled.

He was a member of the Chestnut Creek Baptist church for many years, and burial was in the cemetery at that place, on October 21, with Martin and Sons in charge, after funeral services in charge of Rev. J. W. Jones of Columbiana. — His daughter-in-law, Mrs. A. D. Minor.

VERMONT

Our school is improving. The attendance is holding up fine. We have enrolled at the present, one hundred ninty-five pupils.

We are glad to hear that the Superintendent is coming down here one day this week to help solve the transportation problem.

The Vermont boys and girls basketball teams went to Stanton, last Tuesday night, October 27. The boys won by a score of 22-9. The girls lost to the score of 17 to 13. The Vermont basketball boys will go to Enterprise to play Friday, November 6.

Miss Wallace's father is improving nicely, in the Selma Hospital.

Misses Mary Armstrong and Elizabeth Lawrence spent Sunday with Miss Margaret Golson.

Mr. and Mrs. E. J. Hayes and daughter of Pates Chapel had dinner Sunday with Mr. and Mrs. Rascoe Maddox.

Rural Electrification In Alabama

Ask Yourself This Final Question: Do You Want To Pay Double for Half?

By E. C. Easter

CHAPTER XI

THE rules of a TVA-inspired electric co-operative or membership association require that 1c per kilowatt hour surcharge above the regular rate be paid by members up to 100 kilowatt hours a month to help pay off the huge debt the association must start with.

Suppose you use a hundred or more kilowatt hours a month and your neighbor uses only fifty. That means you'll be paying $1.00 a month surcharge above your electric bill and your neighbor only 50c toward paying off the debt.

If the association doesn't go broke before the 20 years are up, or the line doesn't wear out within that time and the debt is eventually paid, you will have paid membership fees, perhaps assessments AND $240 BESIDES your electric bill! Your neighbor will have paid only $120, or only half as much as you.

Under the terms of the Alabama law permitting the formation of electric co-operatives, you will have only equal rights with your neighbor, no matter how much you will have paid in. Shouldn't you have twice as much interest in the property? You will have paid twice as much.

Customers of Alabama Power Company DON'T have to buy memberships to get electric service; they DON'T have to make themselves subject to surcharges; they DON'T have to buy shares; they DON'T have to depend on amateurs for their electric service; they DON'T have to worry about amortization and other complicated things. ALL they have to do is enjoy dependable electric light and power service.

CHAPTER XII

How Alabama Power Company Handles Rural Electrification Projects

WHEN the request is received for electric service from any individual or group from any community not now receiving electric service, the company sends an experienced representative to make a survey of the community.

This survey includes a map of the highway or route along which the proposed extension would be made. On this map the houses are shown and whether the occupants are prospective users of electric service and the electric equipment they would probably use. On this map are indicated existing telephone and telegraph lines, trees or other obstructions that might affect the construction of the electric lines.

If the survey indicates that the electric service would NOT be economical to the community, the company so advises those making the request but suggests that if in their opinion we have overlooked some possible business, we will gladly rework the survey and assist the community in any reasonable way to develop sufficient uses to make the service economical.

If the survey shows that electric service WOULD be economical, it is submitted, together with the map and all estimates, to our Engineering Department which makes up the estimates for construction cost. The Operating Department then reviews this estimate and if the comparison of revenue against cost is such as to indicate that the line has reasonable possibilities of developing to the extent of sound business, the company proceeds with detailed plans for the construction of the line.

This advertisement is the sixth and last of a series which has also been printed in booklet form. T. W. Martin, President of Alabama Power Company Birmingham will cheerfully send a copy to any interested person requesting it.

When construction of the line is approved, those requesting the service are advised and a community meeting is held, at which a representative of the company is present to explain the basis on which the company is willing to extend the line. A complete explanation is made of the rates and the decreasing cost of electric service with increased use. Uses to which electricity may be put in the home and on the farm are explained. Questions are invited and any misunderstood points discussed.

At the conclusion of the meeting the people are asked if they want the company to proceed with taking applications for service. If they so indicate, a company representative visits each prospective customer the following day or shortly thereafter. Rates are again explained as applied to his individual use of electric service and he is given the opportunity to make formal application for service by signing the service application blank.

If sufficient applications for service are received to warrant construction of the extension, detailed construction plans are made. Necessary rights-of-way, anchor rights (to keep the line from blowing or falling down) and tree-trimming rights are secured from property owners.

As soon as the prospective customers make arrangements for wiring their homes (in which the company is glad to give advice), construction of the line is begun and completed as rapidly as weather and other conditions permit.

Sometimes this can all be accomplished within a comparatively short time. At other times, depending upon complications which might arise in connection with the many details involved, a longer period might be necessary.

Our Rural Electrification Policy Re-Stated

Alabama Power Company does NOT oppose the formation of rural electric "co-operatives" or "electric membership corporations," but it does believe that if prospective members of such associations can secure electric service directly from the Company and without the legal, moral and financial responsibilities which membership in an electric membership corporation or association involves, they will find it to their best interest to take service direct from the Company. Where for some reason direct service cannot be furnished, the co-operative organization is as welcome a customer as the individual.

University News

University, Ala., Oct. 30.—At a recent B. S. U. Conference, Louise Knox, of Clanton, served as chairman of the women's housing committee.

Louise is a senior at the University of Alabama.

The state college Y. M. C. A. and Y. W. C. A. convention has just been held at the University of Alabama. Well over 100 delegates from 12 colleges attended the annual convention. W. T. Lewis, University student, presided as state "Y" president.

Dean D. S. Lancaster, Dean of Men at the University of Alabama, made the principal address at the opening banquet of the combined Y. M. C A. and Y. W. C. A. convention here. Dean Lancaster paid high tribute to the Y. M. C. A. and Y. W. C. A. as real religious forces on a college campus.

Blackfrairs, student dramatic organization at the University of Alabama, will present their second production of the year on November 12. "The Night of January 16," is the play selected for the occasion. It is a murder mystery. A novel feature of the plot is that part of the cast will be chosen from the audienct attending the play.

The French Club of the University of Alabama gave a one-act play in French here last Thursday night. Mary Gray Hickey, Montgomery, took the lead in the play, "La Femme Muette".

Dean Geffs, professor of law at the University, has been honored by being named to deliver a paper at the annual convention of the Association of American Law Schools in December. His subject is to be "The State Authority Acts."

Dean Agnes Ellen Harris, Dean of Women at the University and director of the Alabama Federation of Women's Clubs for the fourth district, is completing plans for district convention to be held in Eutaw on November 6. Mrs. Emmet Hildereth, Eutaw, will be the official hostess of the meeting. Mrs. George Adams, president of the Federation, will be one of the main speakers.

Dr. Richard Clarke Foster, president elect of the University of Alabama, addressed a convocation of all women students at the University last week. Dr. Foster stressed the opportunities in college life for the college women. He urged the co-eds to be enthusiastic and to be observant, in order to get the most out of college.

The Department of Clothing and Textiles at the University of Alabama has been elected to membership in the American Society for Testing Materials, it was announced here this week. Miss Henrietta Thompson profesor of home economics at the University, will represent the department.

Dr. Walter B. Jones, state geologist, upheld the theory that all mankind originated in the orient, in an address delivered at the University last week. He stated that the Aleutian Islands route was probably the means by which North America was entered.

Frances A. Greenwood, director of Women's Intramural Athletics at the University of Alabama, has been chosen chairman for the National Aquatic Forum to be held at Fort Lauderdale, Fla., December 19.

Lesson for November 8

THE CHRISTIAN WARFARE

LESSON TEXT — Acts 19:8-12, 18-20; Ephesians 6:13-20.
GOLDEN TEXT—Be strong in the Lord, and in the power of his might. Eph. 6:10.
PRIMARY TOPIC—When Paul Preached in a Schoolhouse.
JUNIOR TOPIC—In a Schoolhouse in Ephesus.
INTERMEDIATE AND SENIOR TOPIC —Weapons of the Christian Soldier.
YOUNG PEOPLE AND ADULT TOPIC —The Gospel Facing the Forces of Evil.

War, war! The whole world is war-conscious in our day. Nations are watching one another with suspicion, and in the meantime arming themselves for conflict. Hatred and suspicion are rife, and as long as sin rules the hearts of men we long in vain for peace, which cannot come until that day when the Prince of Peace himself shall reign.

Yet every Christian hopes and works for the peaceful solution of the nations' problems. Right thinking men do not want war between the peoples of the earth. But there is one warfare that we do seek to foster and promote. We encourage it, and as Christians make a holy resolve to battle to the end. That is the warfare against Satan and his hosts. As long as he rules in the hearts of men, and sin and wickedness are here, we say, "Fight on, my soul."

Christian life and service are presented in Scripture as a fight, and we do well to learn the methods and the weapons of this great spiritual conflict, not stressing a belligerent note of strife against one another, and particularly not between the divisions of God's army in the earth, but standing shoulder to shoulder in the battle against the Evil One.

Our lesson presents a picture of

I. The Lord's Warrior (Acts 19:-8-12).

Paul, who is now on his third missionary journey, comes again to Ephesus, the leading city of Asia Minor, and the center of the worship of the heathen goddess, Diana. He tarries there for about three years.

Like a good tactician he began his campaign at a strategic point, the synagogue. He brought forward his God-given weapons, "reasoning and persuading." Some he won, others disbelieved — the sad fact which even this greatest of all preachers had to meet.

God attested his work by miracles. The soldier of the Lord does not go into battle alone. Nor does he fight in his own power. God gave him

II. A Mighty Conquest (vv. 18-20).

When a man's profession of faith in Christ carries with it an open forsaking of his confessed misdeeds —a true change of life as well as a declaration of belief—there has been real dealing with God.

Notice, that they burned the bad books found in their homes, even though they were valued at thousands of dollars. Christian, how many books or magazines are there in your home now that minister only to the lowest in your nature? Oh, yes, they may be "literature," they may be in beautiful bindings; you may even read them "in the original," and regard the reading as cultural. But if they are bad books, are you ready to follow the Ephesians in destroying them?

Finally we have from Paul's letter to the Ephesians the glorious presentation of the Christian's

III. God-Given Weapons (Eph. 6:13-20).

This is a familiar, but none the less rich and instructive, passage. We have space to note only that there are (1) five weapons of defense; namely, the girdle of truth, the breastplate of righteousness, the shoes of peace, the shield of faith, and the helmet of salvation, and (2) one mighty weapon of offense, the sword of the Spirit—the Word of God. A glorious and impenetrable armor and equipment for battle!

But it will do us not the slightest good unless we obey Paul's admonition and put it on.

Christian, are you wearing and using "the whole armor of God"?

Judging From Appearance
Men in general judge more from appearance than from reality. All men have eyes, but few have the gift of penetration.—Macchiavelli.

God's Way
The strength and the happiness of a man consists in finding out the way in which God is going, and going in that way, too.

Acts That Bring Results
No act falls fruitless; none can tell how vast its power may be, nor what results, enfolded, dwell within it silently.—Bulwer.

A Friend Indeed
Keep close to thy Best Friend, and He will refresh and cheer thee. —Spurgeon.

God's Holiness
We must not only bless God for all his benefits: we must rejoice in his holiness.—McIntyre.

W. O. Rich of Birmingham was in Clanton this week.

University News

Grover Hall, noted editor of the Montgomery Advertiser, addressed the Tuscaloosa Forum at the University last week. He praised Franklin Roosevelt as a leader of inquiring mind and scientific spirit, whose contrribution to man-kind ranked him with Aristotle, Jefferson, Darwin, Freud, Wilson, and others.

Alabama's Crimson Tide is busy preparing for its tilt with Tulane in Birmingham on Saturday. The game is slated to be one of the season's best, and a big crowd is expected. The game is in the national spotlight, and will be broadcast over a nationwide hookup.

Complete semester plans of the University "Y" cabinet have just been announced. The plans now include a Christmas party for 100 poor children of Tuscaloosa County, to be held before the holidays.

ENTERPRISE

The Singing Society was called to order by the chairman, I. D. Huett, about 2:00 Sunday afternoon.

The directors for the afternoon, were: Marshall Burkhalter, Steve Stanley, Edward Jones, Ezra Turner, J. J. Boone, Orbie Devaughn, O. L. Devaughn, Edward Davis, Herman Du Bose, Lewis Kilpatrick, Dollie Taylor, Ziana Litaker and Buford Durbin.

The wish to express our sincere thanks to the visiting quartets that was with us Sunday afternoon, and we invite everybody back every first Sunday afternoon.

Bring someone with you each time and let's make each one better than the other.

ISABELLA

PLAY AT ISABELLA HIGH SCHOOL

Listen folks! Another night of fun and frolic, at Isabella High School next Friday night, November 6, when the W. M. U. of Mulberry Baptist church will present that grand old rip-roaring farce, comedy play, "Two days to Marry".

If you can stand a double dose of genuine side-splitting laughter, you are invited to see this gay little pley, If you don't feel like laughing, we advise you not come and wittness this entertainment, because the copyright recommends it for laughing purposes only.

The cast is composed of the following local talent:

Baxter Lecroy, Clifford Manning, W. J. White, C. Delle Davis, Daisy Oden, Frances Mims, H. R. Oden.

These characters are by nature fitted to their respective parts, and a very clever presentation can be assured. So, reserve 10 cents for any school child, and 20c for adults, and be at the Isabella High School auditorium, at 7:30 o'clock tomorrow night, Friday. You will go back home feeling that this "Ole Life" is a great cause, even if it is filled with disappointments. Be present and let this cause little comedy completely dishe all your worries, and scatter your gloom.

Remember, it is for a most worthy cause, To purchase seats for the Mulberry Baptist Church.

Set your plans now to attend the Rexall One-Cent Sale At Upchurch Drug Company, on Wednesday, Thursday, Friday, and Saturday, November 11-14. You know the rest. Remember the dates.

Red Cross Nurses Combat Disease on Wide Front

At the close of the fiscal year ended June 30, there were 673 Red Cross nurses bettering health conditions and caring for the sick in 604 communities. These Red Cross public health nurses cared for a total of 233,616 persons during the year and made more than a million visits on their behalf.

The annual report of the American Red Cross states further that these nurses cooperated with doctors in examining 671,057 school and pre-school children, with 342,861 physical defects found and curative treatment arranged in 209,080 cases.

In 979 Red Cross chapters 1,733 graduate nurses taught Red Cross home hygiene and care of the sick, issuing certificates to 53,126 persons completing the courses. In addition, 1,777 Red Cross reserve nurses were called upon during the year for disaster and epidemic control work.

COTTON REPORT

The tabulation of the card reports show telegraph summary to be correct. There were 15,265 bales of cotton, counting round as half bales, ginned in Chilton County, from the crop of 1936 perior to October 18, 1936, as compared with 12,572 bales ginned to October 18, 1935.

The Union-Banner is $1 a Year Now!

WANTED TO TRADE — We will take peanuts, grate wood, stove wood, or kindling in return for Union-Banner subscriptions. If you want to trade, see us.

WANTED TO BUY—5000 gallons, of sorghum syrup. — Chilton County Exchange. 1-ch.

ROOSEVELT IS SURPRISED AT HUGE MARGIN

He Expected To Win, But Extent Of Landslide Is Unexpected; Realizes Its Meaning

Hyde Park, N. Y., Nov. 4—Franklin D. Roosevelt expected to be re-elected President of the United States but he was surprised by the extent and sweep of the landslide.

Early today, a highly elated President retired to his room and went to bed. He seemed grave to his house guests, a man who realized the responsibility that went to him with his overwhelming mandate.

A few minutes before, a particular telegram appeared in the thousands pouring in over special wires for which presidential secretaries had been waiting. It was from Gov. Landon, the Republican standard bearer, conceding his defeat and congratulating Mr. Roosevelt. They rushed it to the President who dictated a reply immediately.

"Tarzan" White
ALA. GUARD

Landon's telegram had said:

He's Grateful

"The nation has spoken. Every American will accept the verdict and work for the common cause of the good of our country. That is the spirit of democracy. You have my sincere congratulations."

Mr. Roosevelt replied:

"I am grateful to you for your generous telegram and I am confident that all of us Americans will now pull together for the common good. I send you every good wish."

A compiete cooperative power terracing unit has been purchased by Clyde Dunn, county agent, and the North St. Clair Soil Conservation Association in cooperation with the St. Clair County Farm Bureau.

N. G. Hubbard, proprietor of the Hubbard Drug Company, West End (Birmingham), has been designated the outstanding druggist of the state by the American Druggist Magazine. The award is based on three points: professional ethics, value of the druggist to the community and value of the druggist to the profession as a whole.

Work is underway on Crenshaw County's new office building at Luverne. The building will face the courthouse on the west side and is directly in front of the postoffice. The health department, public welfare department, superintendent of education, county agent and home demonstration agent's office will occupy the structure. Estimated cost is $12,000.

Gov. Graves declined to name a special prosecutor to handle the state's case against the men who allegedly flogged Joseph Gelders, Birmingham representative of the National Committee for the Defense of Political Prisoners.

Inspector E. A. Lyons and Sergt. C. F. Eddins of the Birmingham police department, were among 15 men chosen from the entire United States to receive diplomas for completion of advanced courses at Northwestern University's Traffic Officers Training School.

JEMISON F. F. A.

A very interesting demonstration of the use of Nitrate of Soda on corn was completed this week, by the Jemison Chapter of the F. F. A. at Mr. Walter Allen's farm. The plot which was side-dressed with 200 pounds of Nitrate of Soda, forty days after planting yield 32.98 bushels of corn per acre and the plot without the Nitrate of Soda yielded 18.64 bushels per acre. This was an increase of 14.34 bushels. The Nitrate of Soda at present price costs $3.20, and the increased corn cost 22.3 cents per bushel.

A guessing contest was held at this demonstration on August 28, and a prize of $2.00 was offered to the person guessing the nearest amount. Miss Ernestine Moore of Thorsby and Mrs. P. L. Lewis, of Jemison Route 2, tried for first place. Their average errors was 1.31 bushels and total errors was 2.62 bushels. This prize will be split, and each will get $1.00. Mr. George Lewis was second, and Raymond Reynolds' guess was third.

TENT MEETING AT LOMAX

R. L. Huffman began a tent meeting at Lomax Tuesday at 7 p.m. Everyone is invited to attend each evening. Services until further notice. Come, let's do all the good we can, and no harm.

The Union-Banner Marches With Time

Four Pages of Colored Comics Will Be Added, Beginning In Next Week's Issue.

Commencing with the issue of November 19th, a new four-page comic supplement in four colors will become a regular weekly feature of The Union-Banner. This will be but another of the sparkling services extended to you by your favorite family newspaper

This new supplement will come to our readers each week as the product of the pens and imaginations of leading American artists and humorists. Funny? Yes! —and you'll love it! Colorful! As you want it! Exclusive? No other newspaper in this territory will bring it to you! The new comic section is secured for you. These are troublesome times, and a chuckl and a hearty laugh will go far toward solving your problems. You'll get many a chuckle, and a constant succession of hearty laughs out of the characters of our new supplement. They aren't just drawings they're human beings! Characters that are alive, funny, and part of every-day life! "POP'S NIGHT OUT" is glowing, warm, and sympathetic. Your heart will go out to POP'S wistful efforts to enjoy life, and you'll roar with laughter over the situations which he meets so hopefully.

You'll reconize "THE JAMMS." They're you, and your cousins and the folks next door. We're not gamblers, but we'd be willing to bet a lot on your reactions to "THE JAMMS." You'll welcome them with open arms! The kids will love "HAPPY." and you'll be surprised to discover how young you are. This lovable little character doesn't talk —he doesn't have to! His antics speak for themselves!

And who doesn't crave mystery—adventure—romance? They're all in "THE RED MASK," tinged with irresistible glamour and excitement. These are only a few of the thrills provided in the new Color Comic Supplement. Don't miss it. It's what you need to complete your enjoyment. It comes to you each week as a regular feature of The Union-Banner, without extra charge.

RETURNED FROM DETROIT

Mr. and Mrs. T. J. Littlejohn returned monday of this week from a visit to Detroit, Michigan, where they attended the big meeting of the Ford dealers and salesmen of the country. They were gone for about one week, and Mr. Littlejohn reports that he and the Madam had the time of their lives. "It was the biggest and finest gathering I have ever attended of its kind," said Mr. Littlejohn, "and we were shown the new Fords from A to Z. I can promise my friends in Chilton county that we have a real sensation for them in store which we will open up at our show rooms Saturday. Make your plans now to come to our place next Saturday and see the new Ford cars and let us explain them thoroughly to you. You can't afford to miss seeing the new Fords."

LETTER FROM SEATTLE, WASH.

To my friends and relatives of Chilton County: I am enjoying a visit with my son and family, in Seattle, Washington.

Have seen many interesting things, and will have lots to tell you all.

There's something about the west coast that makes a person feel like they are in a larger world; guess it's because the mountains are so large, and there is so much water.

The state of Washington has a private body of water, called Puget Sound, and it seems you can go most everywhere by boat as well as by car or train.

Have seen large variety of fish that are caught here by the ship loads.

The size of the trees, are a sight for anyone.

I'll return by the coast route, and across to New Orleans, will find new scenery there.

Of course, I miss my people, but, there's no place like home; after one has been away for two months.

Best wishes to everyone,
MRS. P. A. ARLEDGE.

NATIONAL CONVENTION OF SINGERS TO MEET IN B'HAM

Will Organize At Meeting In Acipco Which Convenes November 21-22.

What is hoped to result in the greatest singing venture ever attempted in the country was conceived at the Alabama State Convention of Gospel Singers at Gadsden last year. The second step toward this goal will be the first national convention to be held in the Acipco Y building the fourth Sunday in November and Saturday before. There will also be a Staurday night session.

Prof. A. M. Pace, of Lawrenceburg, Tenn., has been chosen as temporary chairman of the convention. The committee will consist of J. R. Baxter, W. Lee Higgins, Odis McCoy, J. M. Henley, W. M. Ramsey, E. M. Bartlett, Theodore Sisk, and W. P. Ganus.

The organization of the convention will be completed at the Acipco meeting, and a place set for the 1937 meeting.

A great crowd of singers and a number of quartets are expected at this convention on November 21 and 22.

ADVOCATES SEEK REVIVAL OF AAA

Thrust At Supreme Court Is Taken In Rejection Of Crop Insurance Plan

Washington, Nov. 7.—A demand for a strong Federal production control program along the lines of the invalidated AAA was presented to the administration today by a group of farm representatives called together primarly to discuss crop insurance.

The administration proposal for crop insurance was mentioned only incidensally in a resolution adopted by 100 farm spokesmen asking direct control of crop production and maintenance of "parity" prices.

Secretary Wallace, after an interview with the President, told White House reporters the farmers attenpting the meeting apparently wanted to revive the original Agricultural Adjustment Administration which was voided by the Supreme Court.

This sentiment was openly expressed at the discussion between members of President Roosevelt's crop insurance committee and the farm spokesmen they had invited here to climax a three-day discussion of the proposed insurance plan.

It was the first indication of a move to revive the old AAA in the face of the Supreme Court's ruling that it was unconstitutional. Coming on the heels of the Roosevelt triumph at the polls, the incident was regarded with great significance.

Edward A. O'Neal, who, as president of the American Farm Bureau Federation, said he wanted reenactment of the old "Triple A" together with features of the present soil conservation plan and loans to farmers on commodities.

People Run Country

"After 16 years of legislative attempts to help the farmer there was one thing that worked, and that was the AAA," said O'Neal. "Of course somebody threw a monkey wrench into it but I guess the people of this country are still running it.

C. V. Gregory, of Chicago, editor of a farm journal, said he doubted if farmers east of the Mississippi or others outside recent drouth areas were interested in crop insurance or would participate.

"What farmers there want is price stability," Gregory said. "They are willing to take their chance on yield fluctuations."

Crop insurance was given a minor position in the resolution finally adopted by the farmer group. This said "The primary need of agriculture is adequate prices" and recommended "strengthening of present programs to maintain parity income."

REPUBLICANS HONOR YOUNG MAN BY NAMING HIM SENATOR

Massachusetts, In Spite Of Curley's 'Sweet' Charge, Elected Lodge, 34

Washington, Nov. 9.—Massachusetts is sending to the U. S. Senate "a boy to do a man's work," if you believe Gov. James Michael Curley.

Curley, decisively defeated by Henry Cabot Lodge, Jr., 34, tried to convince the Bay State that Lodge was merely 'a sweet boy with an illustrious name, rather than an opponent to be taken seriously. Curley discovered his mistake November 3.

He's No Amateur

Lodge is no amateur in politics. He has served two terms in Massachusetts State Legislature, and he was credited in this campaign with standing on his own record rather than capitalizing on his grandfather's name. He is, according to Massachusetts standard, a progressive rather than an Old Guard Republican.

Young Lodge's father, the poet George Cabot Lodge, died when his son was seven. The boy then came directly under influence of his grandfather Henry Cabot Lodge, for many years one or the Senate's most powerful figures.

He was sent to Harvard, which graduated him with honors after he completed the four-year course in 3 years. Upon his grandfather's advice he passed up law for journalism and went to work for The Boston Transcript, Boston's defender of Old Guard Republicanism.

His Platform

Subsequently he moved on to New York and The Herald-Tribune. He was sent to that newspaper's Washington bureau, returning to New York later as an editorial writer. In announcing his candidacy for the Senate last year, he said:

"I have concluded that my work as a newspaper man in Washington, and my experience as a member of the Legislature would enable me to be of service to the people of Massachusetts. I desire, therefore, to submit my candidacy to the people."

He supported Landon but erred in predicting that the Kansan would carry all of New England easily.

Lodge is slim and dark, with a smile and boyish manner that are given a large share of the credit for his victory.

MAN KILLED WITH SHOTGUN LATE LAST SATURDAY NIGHT

About 1 o'clock last Saturday night, Daniel Peters was shot and killed by Hubert Wilson, in front of Wilson's home on Cargyle Creek, about two miles from the river and in the vicinity of old Salem. Family trouble is attributed as the cause for the shooting. Both men were married. Hubert Wilson is the son of Richard Wilson of Poplar Springs community. Daniel Peters was about 35 or 40 years old and the oldest son of Rob Peters.

Hubert Wilson came to Clanton and surrendered to the officers early Sunday morning, and was placed in jail.

THE PEOPLE HAVE SPOKEN

(AN EDITORIAL)

Well, the election is a thing of the past, and about the only satisfaction The Union-Banner gets out of it is the fact that we can have a breathing spell and "unlax" for a while. The result was decisive, which is better than if it had been close, because if an election is close there are always more or less of misgivings, and this reason or that attributed to the result being as it was.

The Democrats have won in Chilton County, and we bow to the wishes of the majority. This paper proposes to lend its support to those causes which the officials of the county foster and which we believe to be to the interest of all our people. If we differ with these officials, we shall let them and the people of Chilton County know it.

We want Chilton County to move forward and maintain its just position of around the top among the counties of the State, and we shall lend our aid to our officials, be they of whatever political affiliation, to make this possible for our county.

As to national affairs, Mr. Roosevelt has a great opportunity. No American since the time of George Washington has had a greater opportunity. The election last Tuesday will be interpreted by Mr. Roosevelt's own lieutenants in various ways—they are already beginning their attack on the Supreme Court and the Constitution—but until the president himself reveals any such course we must proceed on the assumption that the efforts to circumvent the Constitution by indirection, which characterized his first administration, will not be repeated.

Future Of The Republican Party

Some are asking the question: Is the Republican party dead? We answer this question with the very emphatic NO. Any party in Chilton County that has the allegiance of 1,500 tried, true loyal and legal voters is not dead by a long shot, and especially when this number remain true to the cause when such pressure was put to them as in this past campaign. No, the Republicans of Chilton County are not dead, and don't you let anybody fool you into believing that they are dead.

We take this means to appeal to the Republicans of Chilton County, more than ever before, to arouse every Republican to pay up his or her poll tax and get in shape to vote. This is one matter that we have neglected for the past few years, but which we want to direct full attention to between now and February 1st. Let all Republicans in every Beat make it a personal matter to look after the payment of poll taxes. Let us not wait until next year, because it will only be harder then. Urge all your folks to pay up their poll taxes and get in shape to vote.

1918 TO 1936 — WHAT HAS HAPPENED

Yesterday was Armistice Day; we recollect eighteen years ago, when the big word "PEACE" was printed across the tops of newspapers, and the word appeared across the elements in the eastern skies. All hearts leaped with joy, but no one knows just what joy except the boys in khaki. They know what joy it was, and those that are left recollect vividly that memorable day when Germany and the Allies signed the pact that stilled the machine gun and the cannon.

The days that followed brought hope to the liberty-loving people of the earth. The world had been saved for democracy. Republican forms of government were set up where emperors and monarchs had ruled. In Europe—even in Germany—the people marched to the polls and voted for their presidents. We had at last begun living in a new world—a world where the rights of the common people dominated and the elected officials were the servants of the masses.

But, somehow, that war that was to end all wars and make the world safe for democracy has panned out badly. There has never been a time in the last hundred years when the world has been so unsafe for democracy. The new-born and promising republics on which the world pinned such high hopes have one by one fallen by the wayside. They have been slugged to death in Russia, Germany, Italy, Austria, Greece, and Portugal; in these lands, once republics, now dictators rule. This republican form of government is being bled white in Spain and has been chloroformed in half a dozen other small countries.

The war to end war has not ended wars, neither has it reduced huge armaments with which to kill people. The League of Nations has prevented neither. November 11, 1936, presents an entirely different picture from November 11, 1918, as regards Europe—as different as night is from day. The Kaiser, the bully of Europe, had been crushed. All armies and navies were reduced; swords were turned into pruning hooks. But in 1936, in just eighteen years, that picture has changed. The dictators have taken the places of the presidents, and have brought fear and unrest.

But, it can't happen in the United States, we hope. However, it might not be totally amiss for us to take stock a little in this, the only popular government left in the land. Is there any trace of dictatorship slowly but surely encircling its deadly tentacles around America. Is there flowing in the blood-veins of the people of Washington, Adams, Lincoln and Wilson a portion of the same deadly bacteria that has already thrown the countries of Europe into delirium? Is democracy safe in the United States?

Did the people of the United States vote their true and honest convictions in the election a week ago, or was some strange, hypnotic power used upon them? Were the people influenced in their voting by fear, or were they made to believe they were voting for food and clothing and the necessities of life instead of a president? Were they, many of them, in an indirect way paid to vote as they did?

The Union-Banner, with the humble mind that it has, does not know what is the matter in America, but we do know there is something wrong. Something—some kind of a spell—has been brought over us, and there is no doubt about it. What the result is going to be we do not know now; but it won't be long. Within a few years America will arouse itself, rub the scales from its eyes, cause its vision to pierce the horizon, and reclaim its country—its government to its people. Or, it will arouse itself only early enough to find it has been engulfed in the same things that have strangled free government in Europe, that have superseded presidents with dictators, and have left the people with no rights of their own. Can it happen in America? We sincerely hope it does not.

LESSLEY-RAPIN

Mr. and Mrs. W. I. Lessley of Jemison announce the marriage of their daughter, Pauline, to Frank C. Rapin of River Rouge, Mich. The wedding was solemnized on Tuesday, November 10. Mr. and Mrs. Rapin will make their home in River Rouge, where he is employed by the Standard Oil Company.

17 CHILTONITES AT AUBURN

Auburn, Ala.—Of the 2,406 students enrolled at Auburn this fall 17 are from Chilton County.

They are: Jane Billingsley, J. H. Boykin, F. B. Brown, J. W. Dennis, R. M. Hayes, D. T. Hayes, J. M. Higgins, W. L. Martin, F. H. Morgan, R. F. Neighbors, W. M. Popwell, V. B. Robinson, J. P. Shaw, D. C. Smith, W. Smitherman, Elizabeth Vail, and J. D. Williams.

FIVE CLANTON YOUNG PEOPLE INJURED IN WRECK

A car full of Clanton young people were victims of a bad automobile accident last Sunday night, on the Montgomery Highway near Maxwell Field. They were traveling south, according to reports, at a very high speed, when the car careened to the left side of the road, struck and uprooted a telephone pole, and overturned three times. The car was driven by Morris Popwell. The injured were:

Frank Hogan, 20, severe lacerations head and body, left leg amputated; condition critical.

Mrs. Earl Gray, 18, severe scalp wounds, lacerations and body bruises, condition serious.

Earl Gray, 20, lacerations on face; body bruises. Condition not serious.

Morris Popwell, 19, driver of the machine, lacerations and bruises, condition not serious.

Miss Mary Newell, 16, also occupant of the car, escaped with minor bruises and scratches.

Miss Newell said the party was en route to Montgomery, where she had intended visiting her sister, Miss Helen Newell, student at Huntington College, when the car careened to the left and crashed.

"I remember hearing someone say, here we go," she said, "and of seeing a telephone pole or something pass, then there was an awful crash and I next found myself upside down."

Motorscouts McDade and Bedsole, of the police department, were told that the car was traveling rapidly and that it swung across the road to the left into a pole which was pulled from the ground. The car dragged the pole about 100 feet, then rolled over three times.

Hogan and one or two others were taken to St. Margaret's Hospital by a Leak ambulance, while a passing car conveyed the others to that place. The car was demolished.

C. R. COPELAN NOW WITH POLK BROTHERS MOTOR CO.

The Polk Brothers Motor Company, Chrysler-Plymouth dealers, announce that they have secured the services of Mr. C. R. Copelan for their automobile repair department.

Mr. Copelan is an expert mechanic with over 20 years experience. He has for several years been connected with one of the largest automoblie dealerships in the state, therefore you can now take your car, regardless of make, to the Polk Brothers Motor Co., for service and repairs with the assurance that it will be fixed right and the charges reasonable.

Mr. Copelan invites car owners to drive their cars to Polk Brothers Motor Co., and let him get acquainted with you, inspect your car, and offer suggestions for things you should have done to your car now in order to prepare it for winter driving.

GOVERNOR GRAVES URGES ALL ALABAMIANS TO AID RER CROSS

Gov. Graves, by formal proclamation Monday, called upon all Alabamians to give their support to the American Red Cross when the annual roll call opened on Wednesday.

The Governor's proclamation follows:

"Whereas it is the custom of the American Red Cross to open its roll call to which everyone is invited to join, from Armistice Day to Thanksgiving Day,

"Whereas, everyone knows the great work done by this splendid organization,

"Now, therefore, I, Bibb Graves, governor of Alabama, do hereby proclaim November 11, Armistice Day, as the day on which all our citizens should come to the rescue and join this roll call.

"Let me urge each one in Alabama that is able to do so, to add his name to the ranks of the Red Cross to help carry on the work of this organization.

"In witness whereof I have hereunto set my hand and caused the great seal of the State to be affixed at the Capitol in the City of Montgomery on this the 7th day of November, 1936.—BIBB GRAVES, Governor."

IDEAL BEAUTY AND BARBER SHOP TO OPEN SATURDAY

Mr. Dewey Eubanks announces the opening Saturday of this week, November 14th, of the Ideal Beauty and Barber Shop. The location is M. A. Gore's old stand on Sixth Street in front of the courthouse. Associated with Mr. Eubanks in the barber department is Mr. J. D. Wesson, an experienced tonsoril artist.

The beauty department will be in the charge of Mrs. Elizabeth Golson, with Miss Jerry Freeman as associate. Both these ladies have had broad experience as beauticians. Mr. John M. Robinson is proprietor of the Ideal.

The formal announcement of the opening appears in an adv. elsewhere in this issue of The Union-Banner. Turn to it and read the announcement and the attractive prices offered.

SEVERAL AUTOMOBILE WRECKS

During the past week there were several wrecks near Clanton, but none of much consequence. Horace Miller was in an accident up near Sylacauga Monday; he was carried to the hospital in that city, but was brought to Clanton Monday night. His injuries were not severe.

There were two or three cars wrecked above and below Clanton, on the highway, but no people were injured to amount to much, and the details of the accidents were not available.

Treasury Plans To Borrow 300 Million

Huge Block of Federal Bonds To Be Floated To Care For Relief Program.

Washington, Nov. 7.—A gigantic financing operation involving nearly 1,500 million dollars is contemplated in December by Treasury Secretary Morgenthau, provided the money market is right, it was learned today.

Plans call for refunding of 1,186 million dollars in maturing securities and the borrowing of around 300 million dollars in new money to keep up the Treasury's cash around one million dollars. The new money is reported needed for contemplated relief expenditures during the winter months.

Short-term bills totaling 400 million dollars floated early in the year to help pay the veterans' bonus mature on December 15. In addition, 358 million dollars in 2 and 3-4 per cent notes floated in 1932 come due.

A 428-million-dollar issue of 3 per cent notes maturing in February will be refinanced if the present easy money market continues, according to Treasury sources.

Secretary Morgenthau plans to carry out his policy of converting the big public debt in long-term, low interest-bearing bonds. As a result, Treasury plans call for offering of around 1,500 millions in 2 and 3-4 per cent bonds to mature in 1960-61.

Approximately 10,000 million dollars of the nearly 34,000-million-dollar debt is short-term securities.

With little prospect for early reduction in the debt, Morgenthau's financing program proposes that around half the short-term obligations be converted into long-term bonds with maturities graduated.

Inaugurated more than a year ago, the program has resulted in a staggering of the maturities from 1940 to 1960. Around 2,000 million of the obligatons will mature annually under the program.

Morgenthau believes that institutions, insurance companies, trusts and others desiring permanent investments will be more attracted to the long-term bonds, with graduated maturities.

For the past four years, banks have been the largest purchasers of government securities, having increased their holdings to around 16 million dollars.

Insurance companies, endowments, trusts and other fiduciary concerns hold a large share, while it is estimated that only about 3,000 million is in the hands of individual investors.

The government itself owns around 2,000 million in its bonds, purchased for various federal trusts. The Federal Reserve Banks are holding 2,400 millions.

WARNS AGAINST CHANGING POWER OF SUPREME COURT

Tamiment, Pa., Nov. 7. — Solicitor Henry Epstein, of New York, told the Tamiment Economic and Social Institute here that a Constitutional amendment to rob the Supreme Court of some of its authority was neither necessary nor advisable under the American system of democracy.

He discussed particularly the proposals advanced by some which would require more than a 5 to 4 Supreme Court opinion to hold a law unconstitutional.

He said a majority of one in the Supreme Court should have all the sanctity and force of a unanimous decision, because there is the core of the democratic form of government.

G. O. P. WINS IN WINSTON

Double Springs, Ala.—Winston County, the only county in the state to give a majority of the Republican party in the general election, also elected a Republican county superintendent of education and two county commissioners of the same party. I. B. Burdick was elected to the former office and Claud Watts and E. N. Smothers were elected county commissioners. Smothers was opposed by J. I. Denton, Democrat, while the others were unopposed.

THANKS FROM PILOT CLUB

Again we wish to express our sincere gratitude to each and every person who assisted the Pilot Club in staging the play, "Tumble Inn," at the Chilton County High School last Friday evening. We particularly wish to thank the members of the cast and the choruses for their part in making the show a great success, also the business and professional firms in town which cooperated in the advertising program. Special thanks are also offered Misses Mary Armstrong and Grace Ezell for their assistance with the musical part of the play.

The Pilot Club is indeed grateful for the wonderful cooperation given it in its many undertakings. Again, we thank you!—Zora Guy Smith, President.

MISS CLAUDIE MAE SMITHERMAN

Miss Claudie Mae Smitherman, age 17, daughter of Mr. and Mrs. J. C. Smitherman, of Mill Village, died Sunday morning at the home. Burial was Monday morning at Mt. Pisgah, Martin & Sons in charge. Services were conducted by Rev. R. Z. Byler.

Survivals are her father and mother and several brothers and sisters.

ALRED DRUG CO.

FARM BUREAU MEETING SET FOR NOV. 17-18

Auburn, Ala.—The annual meeting of the Alabama Farm Bureau Federation will be held here on Tuesday and Wednesday, Nov. 17 and 18, announces J. Litt Edwards, president.

The meeting had previously been set for September 1 and 2 but was posponed, due to infantile paralysis in the State.

Several hundred Alabama farmers are expected to attend the meeting and hear talks and discussions by State and National agricultural leaders. They will also formulate a program of work for the remainder of 1936-37.

SECOND-GROWTH SORGHUM MAY POISON LIVESTOCK

Auburn, Ala.—It is safer for Alabama farmers not to attempt to use second-growth sorghum as feed for cattle, states F. W. Burns, extension livestock specialist, in advising that "it may, under certain conditions, cause the death of cattle from prussic acid poisoning."

FARM INCOME IN 1935 SHOWN TO BE $6,203,000,000

America's farm operators last year fought their way over floods, drouths, dust storms, crop curtailment, loss of the foreign market, comparatively low prices and many other hurdles to a net real or actual income from farm operations of $6,203,000,000. This is revealed by the Agricultural Committee of the National Association of Manufacturers in a current bulletin announcing the results of a study of farm income.

The farmers' gross income from farm production in 1935, including government payments for that crop year, was $8,508,000,000. The bulletin states that the interesting part is that the net real or actual income was only $2,305,000 less than that.

Too frequently, the bulletin points out, gross income is divided by the number of farms and the result, labeled as average income per farm, is given wide attention. This gives about as true a picture as dividing the total income of incorporated businesses by the total number of corporations and calling the result the income of the ordinary business, the report suggests.

In discussing the distribution of this income, the bulletin points out that according to the 1935 census, 3,899,091 farms were operated by their owners. This represented 57.2 per cent of all farms. Of the remaining 42.8 per cent 2,865,155 were operated by tenants and 48,104 by hired managers. Farms operated by tenants are smaller on the average than those operated by their owners or by managers.

While the average farm in the United States was 154.8 acres, the average farm operated by all tenants in 1935 exclusive of croppers was 143 acres, and the average operated by croppers was 41.7 acres.

BUREAU SPREADS TO BALTIMORE

The Associated Press reports the new Social Security Board is growing so rapidly that it has been necessary to rent office space in Baltimore for some of the clerks.

Already, the Associated Press says, the Board is spread over four Washington buildings and has prevailed upon the Post Office Department to undertake the stupendous task of registering and assigning numbers to 26,000,000 workers.

The numbers must be assigned before January 1, because on that date all employees have to start deducting 1 per cent from their employees' wages for old age annuities. The employer must contribute an equal amount. The taxes increase gradually to a total of 6 per cent, half paid by the employee and half by the employer.

The growth of the Social Security Board, which eventually will employ more persons than any federal agency ever has, illustrates one reason for the rapid growth of the national capital into a city of more than half a million persons.

In 1910 the population of the District of Columbia was 331,069, and in 1920—when some of the war employees were still cleaning up things—it had risen to 437,571. In the next 10 years the increase was only 49,000, but from 1930 to 1935 the population jumped nearly 108,000 to its 594,000.

This year the increase has continued to the point that all office space, apartments and dwellings are commanding premium rents. There was not enough office space left in Washington to house all the Social Security Board's clerks.

Prof. W. Lee Higgins, of Boaz, Ala., attended the singing convention in Montgomery last Sunday. He was in Clanton a while Monday.

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

AAA BENEFIT CHECKS WILL BE DISTRIBUTED DURING NEXT 3 MONTHS

Auburn, Ala.—Forms for Alabama farmers to use in applying for $10,000,000 to $12,000,000 in benefit payments have been sent to county agents and plans have been made complete by AAA officials for the bulk of the payments to be made during November, December, and early January.

Most Alabama county agents have already started prepairing the application forms for farmers to sign in applying for their payments. When the forms are ready the agents will notify the growers, advises Dr. L. N. Duncan, director of the Aalbama Extension Service, in asking that farmers wait until they receive notice before going to the county agent's office to sign the applications.

Instead of waiting until all applications for payments are in, the AAA is going to make initial payments of 90 percent of the Class 1, or soil-conserving, and 100 percent of the Class 2, or soil-building payments, to those farmers who have properly completed their agricultural conservation practices.

Most farmers participating in the Southern Region have completed the practices in connection with which payments are to be made. However, it is not yet possible to determine the full extent of participation by all farmers, and until this is determined it will not be possible to decide what adjustments may have to be made.

For this reason, 70 per cent of the Class 1, or soilbuilding payment, is being withheld until the exact participation of each farmer is calculated. Later on, when all this information is available, any part of the 10 per cent that may remain unexpended will be distributed.

GENERAL FALL PLOWING DISCOURAGED IN STATE

Auburn, Ala.—It is a mistake for Alabama farmers to do fall plowing, "except where there is a heavy crop of organic matter to be turned under and followed immediately with some kind of cover crop."

This is reported by J. B. Wilson, extension agricultural engineer, in advising that "fall plowing is not recommended for Alabama soils if soil conservation is to be considered."

For a number of years farmers of Alabama practiced fall plowing but found that a great number of plant food was lost during the winter.

On land with a large amount of organic matter, Mr. Wilson recommends that all rubbish, such as corn and cotton stalks, and crotalaria, be cut with a stalk cutter and left on the ground to decompose during the winter months.

SIMPLE METHODS GIVEN FOR STORING POTATOES

Auburn, Ala—A number of methods of storing Irish potatoes may be used by Alabama farmers in saving potatoes for use during the cold winter months and until the new crop is harvested next spring.

Irish potatoes may be very satisfactorily stored during the winter in dry sand, in dry sawdust, in cotton seed, in straw banks, in trenches, in cool cellars, or in the regular sweet-potato-type of banks, advises Prof. L. M. Ware, head of the horticulture and foresty department of the Alabama Polytechnic Institute. Whatever the method used, three points should be carefully observed:

1. "After harvesting, the potatoes should be spread out in an attic or under an airy shed long enough to permit the surface of the tuber to become dry.
2 "Sufficient protection should be given the potatoes so that they will not be subjected to extremely low tempertures during the winter.
3. "Rain and water from all sources should be kept away from the stored potatoes.

Brief Farm Notes

In Alabama, as well as in other sections of the country, more farm buildings are being repaired, modernized, and enlarged than for several years.

Alabama lamb producers, especially those of the blackbelt section of the State, are manifesting a great deal of interest in the nation-wide efforts being made to get the lamb buying business on a grade basis. For a number of years, Alabama producers have sold most of their lambs on a grade basis at cooperative sales.

Drought and disease damage to the 1935-36 Argentine potato crop has resulted in a serious shortage of seed potatoes for the 1935-37 crop. This may increase the price of planting potatoes next spring.

Exposure to cold rains cause a serious reduction in milk production. This being true, it will pay Alabama dairymen to provide a cheap shelter for their cows this winter.

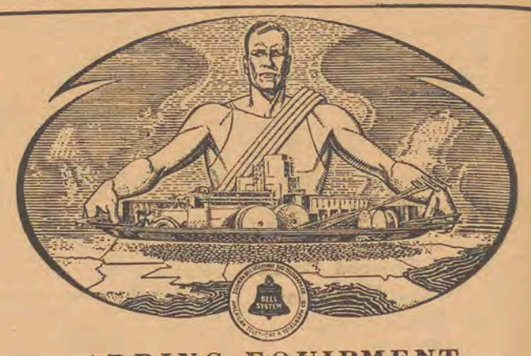
SWEET POTATOES GOOD FOR HOGS AND CATTLE

Auburn, Ala.—Alabama livestock producers can utilize their surplus and cull potatoes by using them in their hog and dairy cattle ration, reports F. W. Burns, extension livestock specialist, in advising that 4-5 bushels of sweet potatoes are equal in feeding value to 1 bushel of corn. He recommends that the potatoes replace only part of the corn in the ration.

Rexall One-Cent Sale, at Upchurch Drug Company, November 11 through the 14th. You know what this means. Don't forget the dates — four big days.

Slaughter supplies of hogs in the United States during the marketing year, which began October 1, will be considerably larger than for the past two years, reports the Bureau of Agricultural Economics.

Experiment Station results show that velvet beans in the pod are worth approximately one-half as much as cottonseed meal as a feed for cattle. Best results are obtained when not over one-fourth of the grain ration is made of velvet beans.



ADDING EQUIPMENT FOR MORE AND BETTER SERVICE

SOUTHERN BELL spent twelve million, three hundred and sixty-seven thousand dollars during 1935 for improvements and replacements in telephone "plant" in order to meet the public's service needs in nine Southern states.

This money was required for such items as land and buildings, switchboard and other equipment, subscriber telephone equipment, local and long distance lines. The estimate for 1936 is that sixteen million dollars will be needed.

The increased demand for service in 1935 resulted in a net gain of 55,950 telephones. Local calls increased 8.6 per cent over the previous year, and toll and long distance messages gained 9.6 per cent.

Better business was reflected also by the addition of twelve hundred employes, bringing this total to seventeen thousand by the end of the year. The payroll was nineteen million dollars.

Taxes, too, increased to the highest sum in the company's history, when six million, five hundred and five thousand dollars was paid to federal, state, county and municipal agencies. This was an average of 60.9 cents per telephone per month, or $7.31 per telephone for the year.

Calls were handled efficiently—service criticisms decreased 35 per cent, although 8.39 originating calls per telephone per day were averaged, the highest calling rate in more than ten years.

Such facts as these show how well telephone folks are accomplishing their determination to give the most service and the best, at the least possible cost.

ifferent subjects be-
thren were with one

record, it seemed, as some spoke, and others were anxious to speak, as the spirit directed. Bro. Gillentine suggested that we pray that God might call someone to Home Mission work. After prayer, Bro. J. D. Hankins said that if God could use a little preacher he would do the best he could. During this time it seemed that the brothers and sisters were sitting together in heavenly places in Christ Jesus. The churches recommended Bro. J. D. Hankins to his church; that we see and feel that he is qualified for the work, and a man of God; the churches hope it may be seen fit by the Holy Spirit to set him apart to the Home Mission work. We will cooperate with our prayers and means to help him preach the gospel of Christ to a lost and undone world.

At the 11 o'clock service Bro. E. C. Gillentine preached again, one of the mountain peak sermons from St. John 3:1; text, 'There was a man' and 'There cometh a woman'. Only eight words as a text, but how I wish everyone could have heard this great man of God.

After this we had an old time hand shaking and bade each one good bye.

Next session will be held with the Midway Church, in South Alabama.—Leo Hull.

it is religion.

Life

Life is not made up of great sacrifices of duties, but of little things of which smiles and kindness and small obligations given habitually, are what win and preserve the heart.—Sir Humphrey Davy.

Prejudices

Prejudices may be intense, but their lives are limited—to discover when they are dead and to bury them, is an important matter, and no unseemly tears should be shed at their funerals.

Only within the past fifty years has poultry been bred for egg production.

ton and Geraldine Hubbard.

The girls who attended the state meeting at Montevallo discussed very briefly their visit. A list of the names of girls who are eligible for second degree was read, after which the social committee took charge. Amusing games were played, and delicious refreshments were enjoyed. Short talks were made by the new officers and the retiring president.

Set your plans now to attend the Rexall One-Cent Sale At Upchurch Drug Company, on Wednesday, Thursday, Friday, and Saturday, November 11-14. You know the rest. Remember the dates.

To Quickly Ease Pains of Rheumatism

Bayer Tablets Dissolve Almost Instantly

In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass . . . happens in your stomach.

Ask Your Doctor About Genuine BAYER Aspirin

Any person who suffers from pains of rheumatism should know this:

Two genuine BAYER ASPIRIN tablets, taken with a full glass of water, will usually ease even severe rheumatic pains in a remarkably short time.

Ask your doctor about this. He will probably tell you there is nothing better. For real Bayer Aspirin tablets not only offer a potent analgesic (pain reliever), but start going to work almost instantly you take them. Note illustration of glass.

Try this simple way. You'll be surprised at how quickly pain eases. Get real Bayer Aspirin by asking for it by its full name, "Bayer Aspirin" at any drug store. Now virtually one cent a tablet.

ALRED DRUG CO.

FARM BUREAU MEETING SET FOR NOV. 17-18

Auburn, Ala.—The annual meeting of the Alabama Farm Bureau Federation will be held here on Tuesday and Wednesday, Nov. 17 and 18, announces J. Litt Edwards, president.

The meeting had previously been set for September 1 and 2 but was posponed, due to infantile paralysis in the State.

Several hundred Alabama farmers are expected to attend the meeting and hear talks and discussions by State and National agricultural leaders. They will also formulate a program of work for the remainder of 1936-37.

SECOND-GROWTH SORGHUM MAY POISON LIVESTOCK

Auburn, Ala.—It is safer for Alabama farmers not to attempt to use second-growth sorghum as feed for cattle, states F. W. Burns, extension livestock specialist, in advising that "it may, under certain conditions, cause the death of cattle from prussic acid poisoning."

FARM INCOME IN 1935 SHOWN TO BE $6,203,000,000

America's farm operators last year fought their way over floods, drouths, dust storms, crop curtailment, loss of the foreign market, comparatively low prices and many other hurdles to a net real or actual income from farm operations of $6,203,000,000. This is revealed by the Agricultural Committee of the National Association of Manufacturers in a current bulletin announcing the results of a study of farm income.

The farmers' gross income from farm production in 1935, including government payments for that crop year, was $8,508,000,000. The bulletin states that the interesting part is that the net real or actual income was only $2,305,000 less than that.

Too frequently, the bulletin points out, gross income is divided by the number of farms and the result, labeled as average income per farm, is given wide attention. This gives about as true a picture as dividing the total income of incorporated businesses by the total number of corporations and calling the result the income of the ordinary business, the report suggests.

In discussing the distribution of this income, the bulletin points out that according to the 1935 census, 3,899,091 farms were operated by their owners. This represented 57.2 per cent of all farms. Of the remaining 42.8 per cent 2,865,155 were operated by tenants and 48,104 by hired managers. Farms operated by tenants are smaller on the average than those operated by their owners or by managers.

While the average farm in the United States was 154.8 acres, the average farm operated by all tenants in 1935 exclusive of croppers was 143 acres, and the average operated by croppers was 41.7 acres.

BUREAU SPREADS TO BALTIMORE

The Associated Press reports the new Social Security Board is growing so rapidly that it has been necessary to rent office space in Baltimore for some of the clerks.

Already, the Associated Press says, the Board is spread over four Washington buildings and has prevailed upon the Post Office Department to undertake the stupendous task of registering and assigning numbers to 26,000,000 workers.

The numbers must be assigned before January 1, because on that date all employees have to start deducting 1 per cent from their employees' wages for old age annuities. The employer must contribute an equal amount. The taxes increase gradually to a total of 6 per cent, half paid by the employee and half by the employer.

The growth of the Social Security Board, which eventually will employ more persons than any federal agency ever has, illustrates one reason for the rapid growth of the national capital into a city of more than half a million persons.

In 1910 the population of the District of Columbia was 331,069, and in 1920—when some of the war employees were still cleaning up things—it had risen to 437,571. In the next 10 years the increase was only 49,000, but from 1930 to 1935 the population jumped nearly 108,000 to its 594,000.

This year the increase has continued to the point that all office space, apartments and dwellings are commanding premium rents. There was not enough office space left in Washington to house all the Social Security Board's clerks.

Prof. W. Lee Higgins, of Boaz, Ala., attended the singing convention in Montgomery last Sunday. He was in Clanton a while Monday.

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

AAA BENEFIT CHECKS WILL BE DISTRIBUTED DURING NEXT 3 MONTHS

Auburn, Ala.—Forms for Alabama farmers to use in applying for $10,000,000 to $12,000,000 in benefit payments have been sent to county agents and plans have been made complete by AAA officials for the bulk of the payments to be made during November, [illegible] ly January.

GENERAL FALL PLOWING DISCOURAGED IN STATE

Auburn, Ala.—It is a mistake for Alabama farmers to do fall plowing, "except where there is a heavy crop of organic matter to be turned under and followed immediately with some kind of cover crop."

This is reported by J. B. Wilson, extension agricultural engineer, in advising that "fall [illegible]

Brief Farm Notes

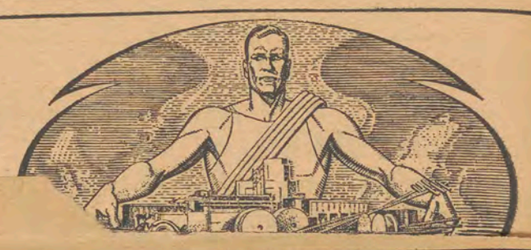
In Alabama, as well as in other sections of the country, more farm buildings are being repaired, modernized, and enlarged than for several years.

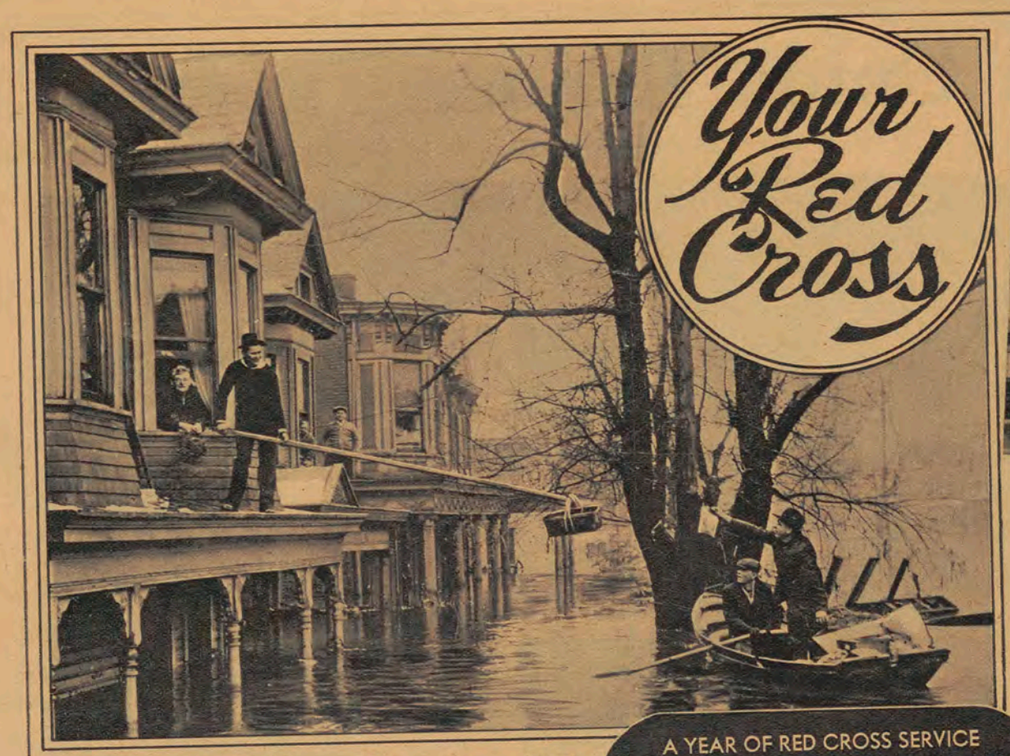
Alabama lamb producers, especially those of the blackbelt section of the State, are manifesting a great deal of interest in the nation-wide efforts being made to get the lamb buying business on a grade basis. For a number of years, Alabama producers have sold most of their lambs on a grade basis at cooperative sales.

Drought and disease damage to the

Slaughter supplies of hogs in the United States during the marketing year, which began October 1, will be considerably larger than for the past two years, reports the Bureau of Agricultural Economics.

Experiment Station results show that velvet beans in the pod are worth approximately one-half as much as cottonseed meal as a feed for cattle. Best results are obtained when not over one-fourth of the grain ration is made of velvet beans.





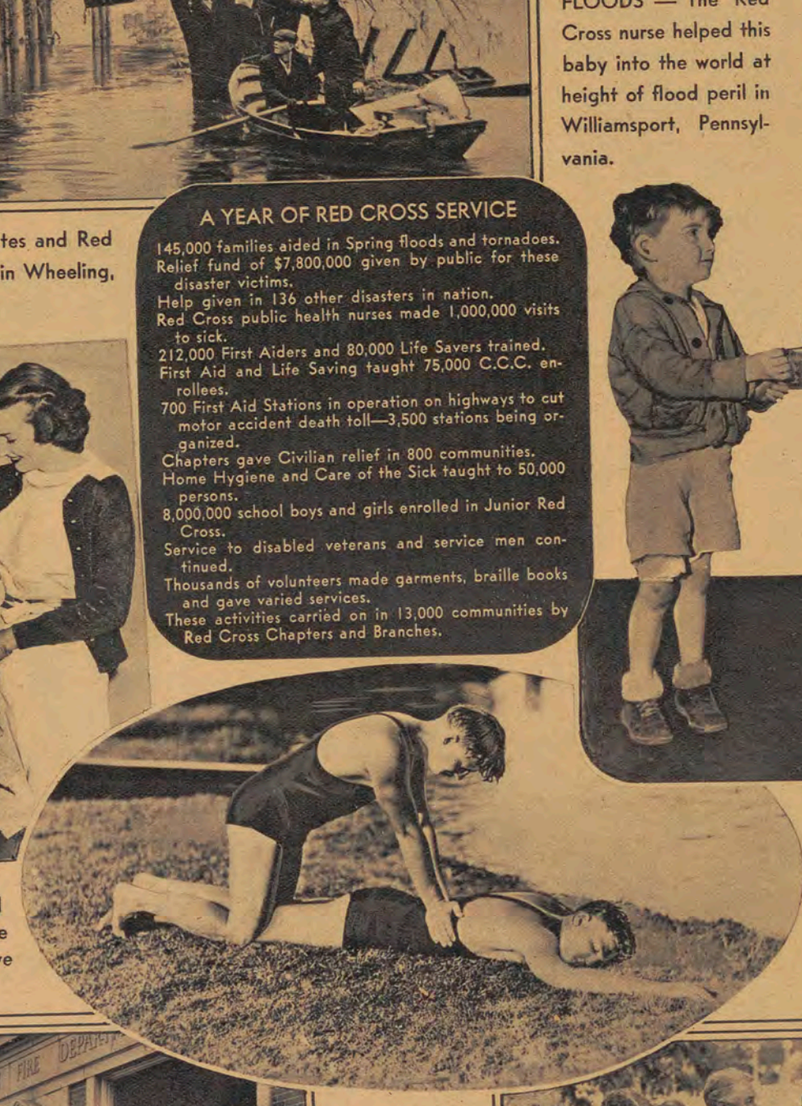
TO THE RESCUE—Floods swept Eastern states and Red Cross gave relief to 139,000 families. Scene in Wheeling, West Virginia.

STORK DEFIES FLOODS — The Red Cross nurse helped this baby into the world at height of flood peril in Williamsport, Pennsylvania.

A YEAR OF RED CROSS SERVICE

145,000 families aided in Spring floods and tornadoes.
Relief fund of $7,800,000 given by public for these disaster victims.
Help given in 136 other disasters in nation.
Red Cross public health nurses made 1,000,000 visits to sick.
212,000 First Aiders and 80,000 Life Savers trained.
First Aid and Life Saving taught 75,000 C.C.C. enrollees.
700 First Aid Stations in operation on highways to cut motor accident death toll—3,500 stations being organized.
Chapters gave Civilian relief in 800 communities.
Home Hygiene and Care of the Sick taught to 50,000 persons.
8,000,000 school boys and girls enrolled in Junior Red Cross.
Service to disabled veterans and service men continued.
Thousands of volunteers made garments, braille books and gave varied services.
These activities carried on in 13,000 communities by Red Cross Chapters and Branches.

DOLLS BRING HAPPINESS — Junior Red Cross girls whose motto is "I Serve" make hundreds of rag dolls for children who have no toys.



A WISTFUL LITTLE FLOOD REFUGEE—One of thousands of youngsters cared for by Red Cross volunteers in disaster refugee centers.

FIGHTING AUTOMOBILE DEATH TOLL—800 Red Cross Emergency First Aid Stations on the nation's highways, soon to be followed by 3,500 more, will reduce fatalities following motor accidents.

SAVING A LIFE—Red Cross Life Saver demonstrates prone pressure method of resuscitation of drowned person.

WAR VETERANS REMEMBERED—The Red Cross Gray Ladies bring war's victims to President's annual garden party. President and Mrs. Roosevelt greet war disabled on White House lawn.

PRIVATE INDUSTRY ADDS 355,000 JOBS

Continuing its policy of employment as rapidly as possible, private industry in America added more than 355,000 workers to its payrolls during September, figures of the Department of Commerce show. At the same time it disbursed over $10,000,000 more in wages than in August.

The increase through private employment over the same month last year totals more than 1,000,000 workers, the figures revealed. Combined earnings were up $32,000,000 per week.

Sixty-nine manufacturing industries reported employment increases, resulting in an increase of 1.8 per cent in the employment index for industry as a whole. The durable goods industry reported an increase of .9 per cent in September employment and raised the employment level higher than for any month since September, 1930.

Factory employment is at the highest level since June, 1930.

CONCERT AT STANTON

The W. M. Devaughn family quartet will put on a concert at Stanton schoolhouse Saturday night, November 14, beginning at 7 o'clock. Admission will be 10c and 20c. Proceeds will go for benefit of the school. Everyone is invited.

The W. M. Devaughn quartet will sing also at the Baptist church Sunday afternoon, beginning at 1:30. All lovers of music are invited to attend. —W. D. Rush, chairman.

Lesson for November 15

THE HEROISM OF CHRISTIAN FAITH

LESSON TEXT—Acts 21:12, 13, 27-34; Romans 9:1-5.

GOLDEN TEXT—Greater love hath no man than this, that a man lay down his life for his friends. John 15:13.

PRIMARY TOPIC—On the Castle Steps.

JUNIOR TOPIC—On the Castle Steps.

INTERMEDIATE AND SENIOR TOPIC—Taking Risks for Christ.

YOUNG PEOPLE AND ADULT TOPIC—Risking All for Christ.

We now come to the close of the third missonary journey of Paul. As he came to Jerusalem for the last time in his eventful life he was warned by a prophet, Agabus at Caesarea, that if he went up to Jerusalen he would be bound and given over to the Gentiles.

Heroism of the highest and noblest type has characterized the followers of Christ in all times. Paul was not one to be deterred from what he believed to be God's will by the probability that he would suffer. Like all who follow the Lord Jesus Christ in truth he was

I. Fearless, in Practice as Well as Theory (Acts 21:12, 13, 27-34).

Many there are who sing, "I'll go where you want me to go, dear Lord, I'll be what you want me to be," or smoothly repeat consecration vows, who are frightened away at the slightest difficulty, and who feel that they must have been mistaken about the Lord's will for their life at the first indication that his guidance would interfere with their comfort or convenience. No such cowardice or vacillation was found in Paul.

In the first place, he did not intend to have a holy purpose weakened by disheartening talk. How many young men and women have left a place of sacred meeting with God aglow with the purpose of serving Him in the foreign mission field, and then permitted an uninterested friend or relative or employer to talk them out of it.

In the second place, we find Paul carrying through his purpose. When he came to Jerusalem he was counseled to enter the temple to take a Nazarite vow, and thus to satisfy his enemies. Some have commended Paul for thus pacifying those who withstood him, others strongly condemn him for yielding. His purpose was good, but his act led to unfortunate results. An infuriated Jewish mob saw him in the temple and wrongfully accused him of defiling the temple by bringing a Greek into this holy place.

A riot ensues, and Paul would have been killed had not the Roman captain and his band rescued him. Was Paul afraid? He immediately turned his arrest into an unsurpassed opportunity to give a testimony and to make a defense of his ministry (See Acts 21:40-22:22). He admonished others to "be instant in season and out of season" (II Tim. 4:2); he practiced what he preached. He constantly urged faith in God, steadfastness in the midst of trials; he gave full proof of these things in his own ministry.

In all this he did not seek his own glory, or any honor for his own name. The Christian hero knows nothing of heroism for publicity's sake; he does not serve with an eye on the "grandstand." Paul was actuated by a deep and a genuine

II. Concern for the Salvation of His People (Rom 9:1-5).

The Christian worker who knows nothing of "great sorrow and unceasing pain" in his heart over the plight of the unsaved does not follow in the Pauline succession, nor does he know the heart of the Man of Sorrows.

Paul surely did not wish himself separated from Christ, but was so deeply moved that he said he "could wish" it—if it were not wrong—in order to save his brethren.

Do we need a revival of compassion in our churches, and in our own hearts, a yearning over the multitudes about us who are as sheep without a shepherd?

A Golden Link

A mother's love is indeed the golden link that binds youth to age, and he is still but a child, however time may have furrowed his cheek, or silvered his brow, who can yet recall with a softened heart, the fond devotion, or the gentle chidings, of the best friend that God ever gives us.

Love of Our Work

It is only those who do not know how to work that do not love it. To those who do it is better than play—it is religion.

Life

Life is not made up of great sacrifices of duties, but of little things of which smiles and kindness and small obligations given habitually, are what win and preserve the heart.—Sir Humphrey Davy.

Prejudices

Prejudices may be intense, but their lives are limited—to discover when they are dead and to bury them, is an important matter, and no unseemly tears should be shed at their funerals.

Only within the past fifty years has poultry been bred for egg production.

INDEPENDENT MISSIONARY BAPTISTS HELD CONVENTION

A report of the Alabama State Association which convened October 26, 27 and 28, with Proctor Creek Baptist church in Coosa County. It was said to be the best held so far. We had with us Elders E. C. Gillentine and Parker from Laurel, Miss., also Elder J. D. Hankins from Marion County, also C. H. Berryhill and several messengers from different churches in northwest Alabama.

Monday Night Proceedings

The moderator called the messengers together. After a brief business session, Bro. E. C. Gillentine was selected to preach at 8 o'clock; preached from Nehemiah 4:6; text, 'They had a mind to work'. I believe it would have been good for everyone to hear this great man of God on this subject. It seemed like the churches represented took on more courage to do more for the blessed cause of Christ.

Tuesday Session

Tuesday's session was just as good as could be expected. The discussions on different subjects were rich with good things for the soul; it seemed that the Holy Spirit was leading in the discussions on different questions.

At the 11 o'clock service Bro. J. D. Hankins preached a most wonderful sermon; everyone present seemed to enjoy it very much.

At 12 o'clock a wonderful dinner was spread. Everyone enjoyed that, also.

The messengers were called back at 1:30 p.m. Fine discussions until 3 p.m. Elder Parker, from Laurel, Miss., preached a wonderful sermon. His sermon was fine and enjoyed very very much.

At 8 o'clock preaching by Elder C. H. Berryhill; his subject was 'Church Co-operation and Association'. I believe it was the best I ever heard on the subject. He proved by the scriptures that churches can co-operate scripturally in preaching the gospel to a lost world.

Wednesday Session

Wednesday morning at 9 o'clock the messengers were called together again and took up unfinished business. The discussions of different subjects began, and the brethren were with one accord, it seemed, as some spoke, and others were anxious to speak, as the spirit directed. Bro. Gillentine suggested that we pray that God might call someone to Home Mission work. After prayer, Bro. J. D. Hankins said that if God could use a little preacher he would do the best he could. During this time it seemed that the brothers and sisters were sitting together in heavenly places in Christ Jesus. The churches recommended Bro. J. D. Hankins to his church; that we see and feel that he is qualified for the work, and a man of God; the churches hope it may be seen fit by the Holy Spirit to set him apart to the Home Mission work. We will cooperate with our prayers and means to help him preach the gospel of Christ to a lost and undone world.

At the 11 o'clock service Bro. E. C. Gillentine preached again, one of the mountain peak sermons from St. John 3:1; text, 'There was a man' and 'There cometh a woman'. Only eight words as a text, but how I wish everyone could have heard this great man of God.

After this we had an old time hand shaking and bade each one good bye.

Next session will be held with the Midway Church, in South Alabama.—Leo Hull.

JEMISON CHAPTER OF FHA ELECTS OFFICERS

The Jemison chapter of FHA met Wednesday, November 4, for a business and social hour. New officers were elected as follows:

President, Melba Patton; Vice President, Kate Kelley; Secretary-Treasurer, Lorene Davenport.

Interesting topics were given on Family Life and its Relations to the High School Girl, by Louise Crumpton and Geraldine Hubbard.

The girls who attended the state meeting at Montevallo discussed very briefly their visit. A list of the names of girls who are eligible for second degree was read, after which the social committee took charge. Amusing games were played, and delicious refreshments were enjoyed. Short talks were made by the new officers and the retiring president.

Set your plans now to attend the Rexall One-Cent Sale At Upchurch Drug Company, on Wednesday, Thursday, Friday, and Saturday, November 11-14. You know the rest. Remember the dates.

L. & N. TO SPEND LARGE AMOUNT

The L. & N. Railroad has just authorized an appropriation of $800,000 to cover its air-conditioning program of passenger cars for next year. This includes the equipping of 80 all-steel coaches and three dining cars.

Arrangements are now being made to assemble the material for this work in the railroad's South Louisville shops at the earliest possible moment to insure the cars being ready and in service early next spring.

These cars, together with the 39 coaches and 13 diners heretofore air-conditioned by the road and the Pullman cars thus equipped will provide completely air-conditioned service on practically every Louisville & Nashville main line train, except some locals.

The program is as large as can be physically completed for next summer. It does not include unremunerative local and suburban service. The low rates in suburban or commuter service and the short time cars are in use in the service do not warrent the large expense necessary for air-conditioning.

To Quickly Ease Pains of Rheumatism

Bayer Tablets Dissolve Almost Instantly

In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass . . . happens in your stomach.

Ask Your Doctor About Genuine BAYER Aspirin

Any person who suffers from pains of rheumatism should know this:

Two genuine BAYER ASPIRIN tablets, taken with a full glass of water, will usually ease even severe rheumatic pains in a remarkably short time.

Ask your doctor about this. He will probably tell you there is nothing better. For real Bayer Aspirin tablets not only offer a potent analgesic (pain reliever), but start going to work almost instantly you take them. Note illustration of glass.

Try this simple way. You'll be surprised at how quickly pain eases. Get real Bayer Aspirin by asking for it by its full name, "Bayer Aspirin" at any drug store. Now virtually one cent a tablet.

BAKER 4-H CLUB

The Baker Jr., High School 4-H club met November 4, at 10 o'clock, with Miss Meta E. Grace, with all members present.

Business of the Club was carried out in order.

A committee of three was elected to put on a health program, at next meeting and answer to the roll call by saying a new bird or flower's name.

A fine demonstration of table service was given by the, demonstration leaders, and Miss Meta E. Grace.

ADMINISTRATOR'S SALE OF PERSONAL PROPERTY

Notice is hereby given, that in compliance with the order of the Probate Court dated 14th day of October, 1936, I will sell at the home place of T. W. Wilson, deceased, about four (4) miles South of Clanton, Chilton County, Alabama, on the 10th day of November, 1936, between the hours of 11:00 a.m., and 12:00 m., the following described personal property to-wit:

1 one-horse wagon, 1 two-horse wagon, 1 hay rake, 1 disc harrow, 1 Avery planter, 1 riding cultivator, 1 section harrow, 1 middle buster, 4 steel beam plows, 2 fowler stocks, 4 mules, 3 cows, 1 heifer, 1 corn sheller, 15 gallons of syrup, 1 cook stove, 250 bushels of corn more or less.

The same to be sold in lots or parcels for cash to the highest bidder.

10-22-3t-ch. J. A. WILSON,
Administrator of T. W. Wilson estate.

PUBLICATION TO NON-RESIDENT

The State of Alabama, Chilton County. Circuit Court in Equity, October, 1936. Esther Irene Eaves, Complainant, vs. Gwin T. Eaves, Defendant.

In this cause it is made to appear to the Register by the affidavit of Grady Reynolds that the Defendant is a non-resident, and that his place of residence and post-office address is unknown, and that such address cannot be ascertained after reasonable effort; and, further, that, in the belief of said affiant, the Defendant is of the age of twenty-one years:

It is, therefore, ordered by the Register that publication be made in The Union-Banner, a newspaper published in the County of Chilton, once a week for four consecutive weeks, requiring the said Gwin T. Eaves to plead, answer, or demur to the bill of complaint in this cause by the 30th day of November, 1936, or, in thirty days thereafter, a decree pro confesso may be taken against him.

Done at office in Clanton, this 30th day of October, 1936.

SALLY JOHNSON ROBERTS,
11-5-4t-ch. Register.

NATION PONDERS HOW ROOSEVELT WILL ACT NOW

Washington, Nov. 6. — President Roosevelt's future courses in the face of several unfavorable Supreme Court decisions of the past aroused speculation today on whether he will seek, by constitutional amendment or otherwise, to put his invalidated plans into effect.

The overwhelming vote given him in Tuesday's election, which many Administration supporters consider a mandate to "go ahead," is not expected greatly to alter the court's attitude toward New Deal legislation, in spite of the widespread belief that the tribunal 'follows" the election returns.

Two Courses Open

If the court stands by its apparent previous position in the future only two courses appeared to remain open to get around such sweeping opinions as the Agricultural Adjustment Administration, wage decisions.

One would be to wait until present conservative members of the court retire, when justices were more friendly to Roosevelt policies might be appointed, or the launching of a movement for a constitutional amendment which would validate the policies which the Administration has tried to effectuate and which the Supreme Court has said it may not.

Other courses open would be through a curbing of the powers of the court—for which a constitutional amendment would be necessary— increasing the size of the court and packing it with friendly justices, or refusal to bow to the court's orders.

Cases Set Next Week

Returns of Tuesday's election are believed to indicate the adoption of a constitutional amendment validating Administration policies would prove the easiest procedure. To amend the Constitution a majority of the votes in only 36 states is necessary

DANIEL PETERS BURIED

Daniel Peters died last Sunday morning about 1 o'clock from gunshot wound in the neck. He was 34 years of age, the son of Rob Peters of Cargyle Creek. Burial was at Providence Monday at 11 o'clock, Spigner in charge. Services were conducted by Rev. W. W. Robinson.

Survivals are his wife and two children, and his mother and father; there is one sister and one brother

NOTICE TO PROPERTY OWNERS

Notice is hereby given that the assessment roll book containing descriptions of property and subjects of taxation located in the City of Clanton, Alabama, for the city or municipal taxes for the tax year of 1936, has been made by the City Clerk of Clanton, Alabama, and returned to the City Council as provided by Section 2124 of the Code of Alabama, 1923, and an ordinance duly adopted by the City Council of the City of Clanton, Alabama, on the 3rd day of November, 1936, levying a tax of five mills on each dollar's worth of taxable property in said City, for said year. That the assessment of said tax has been completed in accordance with the requirements of said Section and ordinance and that the Mayor and Council of the City of Clanton, Alabama, will meet in the office of the Clerk of said City of Clanton, Alabama, on the 30th day of November, 1936, to hear and determine objections to the assessment of said tax, and finally determine and pass the assessment of said taxes.

Witness our hands on this the 3rd day of November, 1936.

C. FENN JONES, Mayor.
1t-ch. C. H. PIPES, Clerk.

ANTI-SALES TAX HEAD EXPLAINS STATE PLANS

Montgomery, Nov. 10. — Calling attention to the "brazen affrontery" with which the state administration is proceeding with its plans for a special session of the legislature and the levying of a gross receipts tax officials of the Consumers Anti-Sales Tax Association of Alabama today sounded this emphatic warning to all units of their state-wide organization and to all advocates of economy in government:

"A Perilous moment in the history of our state is at hand. It is the moment those of us on the front lines have expected and predicted. It is the moment against which we have persistently warned each of you for many long months.

"It has been definitely established that the governor plans an immediate call of the Legislature. It has just as definitely been established that the tax-greedy politicians, encouraged to wastefulness and extravagance by the Governor, will insist upon a new tax burden in the form of a ONE and ONE-HALF PER CENT gross receipts tax.

"It is increasingly obvious that our only hope of thwarting this program, as it has always been, is through the members of the Legislature. We must make our demands in plain language. This demand must be that there be no increased taxation of any kind or description, but that orderly, economical government be restored and the phenominal increase in tax collections be equitably apportioned to the schools in order that they may run their full terms."

Jeff P. Beeland, campaign manager of the state anti-sales tax organization and B. C. Apperson, executive secretary, today announced that they would continue and intensify their campaign against any form of new taxation, following a state-wide mandate on the part of the people that there be no levies.

Mr. Beeland charged that the politicians are using "kindergarten tactics" in trying to slip over a consumer sales tax under the guise of a gross receipts tax at the special session of the Legislature.

"When you put another tax on a bottle of milk, a loaf of bread or a slice of salt pork it means only one thing—that is that the milk, bread and pork will cost more," Beeland said.

"It doesn't make any difference what you call this tax—gross receipts excess profit tax, pork barrell tax or any other name, after all it is nothing more or less than a consumer sales tax. We all remember that in the days of the World War, liberty cabbage tasted just the same as sour kraut. Changing the name didn't change the taste.

"Governor Bibb Graves promised the people of Alabama he would oppose the Cosumer Sales Tax, even as a last resort, and the people of Alabama believed him.

Now the tax - grabbing politicians believe they can fool the people by changing the name of the tax, but the people of Alabama don't fall for this kindergarten political trickery.

"If a a tax is placed upon the merchant there is only two things the merchant can do. He must pass it on to the consumer or he can pay it himself and go into bankruptcy. The people of Alabama should be warned now, and be on guard because if the legislators meet in Alabama next week or any other time during the Graves administration, they will be called for one purpose—to add more taxes and there is only one class of persons who will pay this added tax burden and that is the consumer.

"The truth of the matter is that the proposed one and one-half per cent, so-called gross receipts tax is nothing more than three per cent consumer sales tax, because the one and one-half percent tax will be charged up to both the wholesaler and the retailer.

"There is only on thing to do about this extra threat of extra taxes and that is for the taxpayers of Alabama to continue what they have been doing for the past year—demand economy in the state government and the abolishment of useless political jobs. When that is done, we are convinced there is enough money left in the treasury to run the schools and operate the government in an efficient manner, especially in view of the increased tax collections to the staggering amount of more than forty eight million dollars during the past fiscal wear," Beeland said.

MINERAL SPRINGS

Health of this community is on an average.

Our prayer service, B. Y. P. U. and Sunday School and doing nicely; only we need more of the parents to help us out. Come on parents and let's make Mineral Springs one of God's leading communities.

We have organized a W. M. U. and we want all of the ladies' help and cooperation.

Saturday night and Sunday are our regular preaching services. We want a large crowd to attend.

Bro. Lockhart is out to help our community if we will only cooperate with him. But one man can do very little by himself. So come on one and all; and let's make old Mineral Springs shine.

J. B. GRAY DIED

J. Benjamin Gray, age 74, died at his home at Mt. Creek at 5:30 last Saturday morning, following a lingering illness. The funeral was held at Mt. Creek Baptist church Sunday afternoon at 3 o'clock, Spigener in charge. Dr. S. J. Ezell conducted the services.

Surviving are his wife and three daughters — Mrs. Effie Speer of Mt. Creek, Mrs. I. N. Atkinson of Birmingham, and Mrs. Nell Bailey of Little Rock, Ark.

CLANTON, ALA.

BOB JONES COMMENTS ON HERE AND HEREAFTER.

Some time ago, the writer called on Mr. J. S. Mack who is head of the Mudpahy Stores of America in order to get his financial cooperation in the building program which is planned by the Bob Jones College. He was reared on a form in Pennsylania. His parents were Irish and believed the old Gospel and stood for the old faith. Mr. Mack quoted several times, a Bible expression which he said was his mother's favorite Scripture—"If you give a cup of cold water in my name you have your reward." Mr. Mack has done much for his old home community. The Lord has prospered him, but he has not forgotten the simplicity of his early boyhood days. He showed the writer a little monument to his mother which he had erected at the old well in the old home town. The monument bears the inscription, "If you give a cup of cold water in my name, you will have your reward. If mothers could only know the power of their influence over their children. With all of Mr. Mack's business prestige and business soccess, he turns now to the words of his sweet Christian mother who has gone on to heaven. The writer remembers the things his mother used to say to him. Impressions made upon the minds of young people are made to stay.

President Robert I Gannon, of Fordham University, said recently in an address to lawyers in New York City, "As belief in God declines, believes in the omnipotence of man increases." If man will not accept God and admit his dependence upon God, then he has no upon whom he can reply but himself. Human nature is naturally corrupt. The Bible teaches that we were born in sin. The writer knows that it is so. Any student of human nature, of history, or of literature is bound to discover there is something wrong with man. Man is out of touch with God in his natural state. The movements instituted by men may seem to be different, but they are not different. They are built upon the idea that man in himself, is capable of achieving the best. The promise is wrong. Man, in himself, left alone, goes down. He may climb up for a while, but give him time and he will fall. Will power, determination, good blood, and enviroment are no substitute for the power of God which is imparted to trusting hearts.

WIFE OF JAMES H. ELLIOTT

Mrs. Ila Mae Elliott, age 30, wife of James H. Elliott, died Saturday afternoon at the home of her father, Bob Owens, of Fairview community. Burial was Sunday afternoon at Pleasant Grove, Rev. W. S. Cox conducting the services, assisted by Rev. Harvie Culp. Martin & Sons were in charge.

Besides her husband, she is survived by four small children, father and mother, and several brothers and sisters.

REVITALIZATION OF G. O. P. SOUGHT

Hamilton Says That Spirit Around Workers Is Better Than In Many Years

New York, Nov. 10.—Republican John D. M. Hamilton said today he would begin work immediately to "revitalize' the Republican party for the congressional election of 1938. He pedicted that the party would emerge from its defeat in last Tuesday's election with greater strength in the next few years than it has had since the defeat of Herbert Hoover in 1932.

"I'm not going to sit around and wait until a few months before the next election to start to work," he told reporters. "I think that from an organization standpoint we are a lot better off despite our defeat than we have been in many years. Never has there been a spirit among the workers such as there was when we went to bat in this election. Of course, the whole thing went far beyond any party lines. It was the American people voting affirmation of the policies of President Roosevelt."

FIDELIS CLASS HOLDS SOCIAL MEETING

The Fidelis class of the Baptist Sunday School held its regular monthly meeting at the home of Euna Powell on Tuesday night. The meeting was presided over by Mrs. Mullins. During the evening an interesting contest was held, June Cox being winner. After numerous games a delicous salad plate was served to the following members: Edith Parrish, Margaret Johnson, Lucille Carroll, Blanche Popwell, Mary Charles Cox, Mildred Mahan, June Cox, Mrs. Mullins and the hostess.

BEAUTY SHOP REARRANGED

Mrs. Essie Mae Mims, owner of the Helene Curtis Beauty Shoppe is this week re-decorating her shoppe, and has enlarged it to occupy two rooms. She is also adding a line of cosmetics, and everything is being made up-to-date. There are accommodations for mothers with small children. There will be plenty of helpers so that no customer will have to wait.

Mrs. Mims invites her friends to ask about the free permanent she is going to give away within the next few weeks. You are invited to go to the Helene Curtis Beauty Shoppe for your beauty needs.

Miss Pauline Hogan, a student at Huntingdon College in Montgomery, spent the week end here with her parents.

SALE FOR PARTITION

State of Alabama, Chilton County.

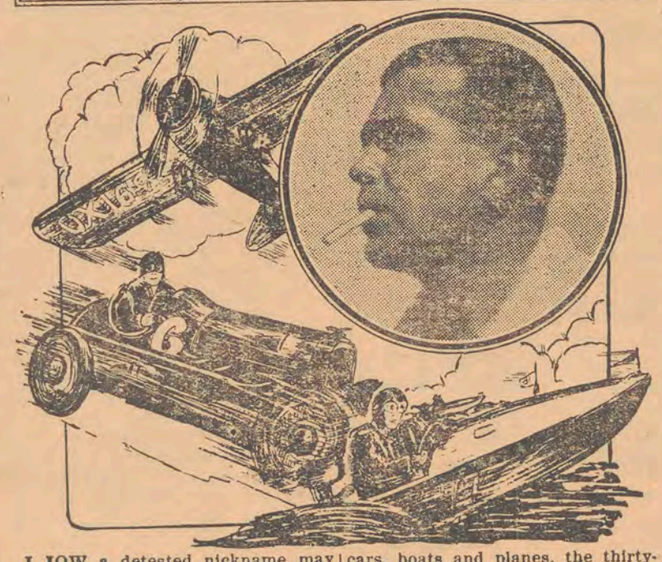
By virtue of an order of Hon. J. Lee Smith, Judge of Probate of Chilton County, Alabama, made on the 24th day of October, 1936, I, Omar L. Reynolds, the Commissioner named in said order, will sell to the highest bidder for cash, at public sale, at the Courthouse door, Clanton, Alabama, between the hours of 11 o'clock a.m., and 4 o'clock p.m., on the 20th day of November, 1936, for the purpose of distribution among Mrs. Missouri Littleton and Vonia Hand, joint owners, on the following terms: cash, the following described property, viz:

All of the Southeast Quarter (SE 1-4) of the Northwest Quarter (NW 1-4) lying east of the highway through said property from the Lock 12 Highway to Mineral Springs, and the West Half (W 1-2) of the Northeast Quarter (NE 1-4) of the Northwest Quarter (NW 1-4), all in Section 6, Township 22, Range 15. Also the West Half (W 1-2) of the Southeast Quarter (SE 1-4) of the Southwest Quarter (SW 1-4), in Section 31, Township 23, Range 15.

This October 24, 1936.

OMAR L. REYNOLDS,
10-29-3t-ch. Commissioner.

Nickname Brought Him Success



HOW a detested nickname may lead to success is exemplified in the amazing career of Henry C. Olmsted, scion of an old Pennsylvania family of social position and wealth, who has almost overnight become one of the leading lights in the theatrical firmament. With two outstanding attractions under his wing and three more plays shortly to open on Broadway, this former Harvard student, who has made speed his hobby, gives promise of becoming one of America's leading producers.

After his graduation from Harvard young Olmsted devoted himself to affairs of speed—the driving of racing cars, high-powered boats and planes. As a consequence, he became known as "Speed" Olmsted. It was a designation that roused his wrath, but fight it as he might it stuck, and finding it impossible to free himself of the hated pseudonym Olmsted determined to make it a respected title.

To the amazement of those who thought him but a devotee to fast cars, boats and planes, the thirty-two-year-old speed hobbiest launched himself into the theatrical world as the co-producer of "Mulatto," one of the most successful plays that Broadway has seen in many moons. Hard upon that he interested himself in another big success—"New Faces" — and before his friends had caught their breath he had taken over a theatre and put three new shows into rehearsal.

By the rigorous riding of his speed hobby Henry Olmsted is enabled to accomplish affairs that would otherwise be impossible. A skilled pilot and the owner of two fast planes, he makes use of the airways in his theatrical interests and as vice-president of a large wire and cable corporation. Whether his theatrical or corporation doings necessitate his going to Spokane, Hollywood or Kansas City, Mr. Olmsted gets there in one of his speedy planes. Often he takes a secretary along and dictates and takes care of business affairs in cloudland.

TEXAS CENTENNIAL WILL OPEN AGAIN NEXT YEAR

Dallas, Tex., Nov. 9.—Reopening of the Texas Centennial for a 5-month period in 1937 was assured today. The exposition, through its president, Fred F. Florence, served formal notice on the City of Dallas that it would exercise its option for the use of the exposition grounds during the coming year.

Tentative plans for the 1937 World's Fair are for its opening June 12, with closing set for October 31.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

CHILTON ASSOCIATION MINUTES ARE NOW BEING PRINTED

The minutes for the thirty-sixth session of the Chilton County Baptist Association have been turned in to the press for printing. Mr. S. J. M. Webb, the clerk of the association, brought in the copy Monday of this week, and the minutes will be out about the 20th or 22nd of this month. The clerks of the various churches will be notified to call at The Union-Banner office for them as soon as they are finished.

EDWARD DENNIS BURIED AT MARBURY

Funeral services for Edward Dennis, age 52, who died at his home on Mt. Creek Route 1 were held Sunday at 11:30 a.m. Mr. Dennis died at 6 p.m., Saturday, after an illness of about four weeks. Funeral services were conducted by Rev. Cecil Ellisor; Spigener in charge.

Survivals are his wife and seven children. There are four sons—Hershel, Milton, Mack and Nathan. There are three daughters—Mrs. D. C. Gaylor of Mt. Creek, Mrs. D. R. Moody, Jr., of Birmingham, Miss Nell Dennis of Mt. Creek. Five brothers survive—John Dennis of Birmingham, Joe Dennis of Verbena, Andrew, Will and Bud Dennis of Coosa County. Three sisters survive.

CARD OF THANKS

Mr. J. H. Elliott, Mr. and Mrs. J. Owens and family, want to thank their many friends for their kindness during the recent illness and death of our wife and daughter, Mrs. J. H. Elliott, who was formely Miss Ila Mae Owens.

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained.

Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes; feel nervous, miserable—all upset.

Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

DOAN'S PILLS

4-H STYLE QUEEN

ELLEN V. MONCRIEF, 18, Prattville, will represent Alabama's 26,000 4-H club girls in the National Style Revue to be held in Chicago December 1. She receives as state champion an all-expense trip from the Chicago Mail Order company, sponsor of the contest, conducted by extension agents. The girl's winning party dress was made especially for piano recitals and climaxes four years of 4-H clothing training. It is of pink organdie trimmed in hand-made flowers, and with accessories cost $8.36. She won over 15 other county contestants.

SOCIETY

Clanton Study Club Meets—

Members of the Clanton Study Club held their November meeting at the home of Mrs. M. L. White on last Friday afternoon at 3 o'clock. For this occasion Mrs. White's living room was effectively decorated in a profusion of fall flowers.

The meeting was called to order by the president, Mrs. M. F. Jones. The Club Collect was given in unison. Mrs. Jones urged the members to attend the art exhibit to be held in Montgamery at Huntingdon College the latter part of the month. The Crepe Myrtle campaign was discussed and the chairman of the civic committee reported plans and the cooperation of all Clanton organizations. Roll call was answered by suggestions on the Crepe Myrtle Trail. The following program was enjoyed:

'The First American Union', was discussed by Mrs. J. Watts Moore.

'The Union Attempts Under Andros', compiled by Mrs. Dan Hogan, and read by Mrs. J. E. Gowan.

Mrs. Hugh Jones had as her subject 'Stamp our Congress as a Unified Element'.

Mrs. White, assisted by Mrs. P. T. Hinkle and Mrs. John Browder, served a tempting salad plate with hot tea to the following members:

Mesdames J. P. Hayes, J. W. Hayes, Barney Roberts, J. E. Gowan, L. C. Ross, Joe Mullins, M. F. Jones, Horsley White, T. C. McSwain, J. Watts Moore, Hugh Jones, P. D. Wilson, John Browder, and P. T. Hinkle of Kilby, Ala.

Mrs. John Browder Entertains Wednesday Card Club—

Members of the Wednesday Card Club and guests were delightfully entertained on last Wednesday afternoon at 2:30 at the Thomason Hotel when Mrs. John Browder was hostess.

Beautiful baskets of specimen dahlias were used to decorate the spacious living room in which three tables were arranged.

At the conclusion of the games Mrs. Omar Reynolds held high score and was awarded club prize.

A delicious salad plate and hot coffee was served to the guests, who included:

Mesdames Omar Reynolds, N. S. Johnson, Arthur Johnson, H. M. Simpson, John Armstrong, Frank Callen, L. F. Gerald, Grady Reynolds, J. W. Hayes, M. C. Hayes, Dubb Huddleston, T. C. McSwain, and Miss Lucile Sherwood. Mrs. Graham and Mrs. Miller were tea guests.

Mrs. J. Lee Smith Hostess To Thursday Contract Club—

Mrs. J. Lee Smith entertained the Thursday Contract Club at her lovely home on Seventh Street last Thursday afternoon. Beautiful baskets of fall flowers were used to decorate the spacious living room.

After a series of games of bridge Mrs. Hugh Jones held top score and was awarded the club prize.

A tempting salad plate was served to Mrs. J. P. Hayes, Mrs. James Wade, Mrs. Arthur Johnson, and Mrs. Hugh Jones.

Grammar School P.-T. A. To Meet Friday at 2:30 O'clock—

Members of the Clanton Grammar School P.-T. A. and all persons interested are urged to meet at the Grammar school at 2:30 on Friday afternoon, November 13. The following program has been arranged:

Song, P.-T. A. members.
Talk, 'Education', Mrs. L. E. Little.
Piano solo, Rita Thomas.
'What is America's Greatest Business?' Mrs. John Kimmey.
Song, Mrs. Ed Glasscock.
'The Objects of Education', Miss Ruth Sessions.
Contest, the P.-T. A. members.

A prize will be awarded to the person winning the contest, and the room having the most parents present will be given a half holiday on next Friday.

As You Like It Club Meets With Mrs. Dan Waite—

Mrs. Dan Waite was hostess to members of the As You Like It Club Thursday afternoon. The home was decorated effectively in fall flowers for the occasion.

The guests enjoyed sewing during the afternoon and at a late hour were served delicious refreshments. Members present were:

Mesdames W. A. Reynolds, W. W. Fox, C. O. Lawrence, Thera Martin, Burdette, Dan Hogan, L. H. Reynolds, and G. C. Walker. Mrs. J. R. Mullins was guest of the Club.

Mrs. Geo. Miller of Montgomery visited Mrs. W. A. Reynolds en route to the Alabama-Tulane game in Birmingham Saturday.

Dr. J. P. Hayes attended the Alabama-Tulane football game in Birmingham Saturday.

Mr. and Mrs. John McSwean motored to Montgomery Sunday afternoon.

LEVINE BROTHERS OFFERING FULL LINE OF NOVELTIES

The new store — Levine Brothers — located next to Big Four Hardware Company, has a complete line of dry goods, including men's, ladies' and children's ready-to-wear, shoes, hats, Etc. And one side of the store is devoted to 5c, 10c and $1 articles. This department of the store carries most anything you may want in the line of novelties.

Messrs. Levine are telling the trade about what they have in an adv. in this week's Union-Banner. Turn to this advertisement and read the items and attractive prices that they are offering.

Mrs. P. T. Hinkle of Kilby was the guest of Mr. and Mrs. M. L. White Friday.

Miss Ova Lee McCutcheon attended the Alabama - Tulane football game in Birmingham Saturday.

Mr. and Mrs. Henry Floyd of Opelika spent several hours here Friday with Mr. and Mrs. J. W. Hayes.

Mr. and Mrs. Henry Stanley were guests of Mr. Stanley's mother in Montgomery during the week end.

Mrs. Bill Lanier and little daughter, Hayden, spent the week end in Florence with Mr. Lanier in Florence, where he is connected with T. V. A.

Miss Mary Frances Suggs of Montgomery, and Mr. Tommie Sewell of Titus were guests of Mr. and Mrs. Jack Hayes Sunday evening.

Mrs. Seymore Reynolds and children of Jemison spent Saturday in Clanton.

Mr. Dan Smith, a student at Auburn, spent the week end here with his mother, Mrs. P. C. Smith.

Miss Dorothy Waite, who attends Huntingdon College, and her roommate, Miss Willomera Matthews, of Panama City, Fla., spent the week end here as guests of her parents, Mr. and Mrs. Dan Waite.

Dr. J. E. Gowan and little daughter, Sallye, spent several days last week in Kosciusko, Miss., with Dr. Gowan's mother.

Miss Celia Gerald and Mr. Lawrence Gerald, Jr., both students at the University of Alabama, spent the week end here with their parents.

Mrs. J. E. Gowan and Mrs. Harper spent last Thursday in Wetumpka and Montgomery.

Mr. and Mrs. J. W. Hayes were visitors in Maxwell Field on Tuesday afternoon.

Mr. Walter Bragg Smith of Montgomery was a business visitor here Monday.

Mr. Dubb Huddleston attended the Alabama - Tulane game in Birmingham Saturday.

Mrs. W. A. Reynolds spent Saturday in Calera with her daughter, Mrs. Guy Roberts.

Mr. and Mrs. J. T. Searcy, Mr. and Mrs. Percy Pitts, and Mr. Hoyt Reynolds attended the football game in Birmingham Saturday.

Mr. John D. Mullins motored to Aliceville Sunday. Mrs. Mullins and little daughter, Mary Elizabeth, returned to Clnaton with him after a week's visit to her parents in Aliceville.

Mr. and Mrs. Tom Gann of Rockford were the guests of Mr. and Mrs. Geo. McCain Sunday. They attended the Alabama-Tulane game in Birmingham Saturday. Mrs. Gann will return to Panama City for the winter and Mr. Gann holds a position with the State of Alabama.

State Capitol News

Montgomery, Oct. 9.—If all the essential functions of the state government were abolished at once, including the governor's office, the legislature and the courts, leaving only provision for the care of the insane, the deaf and dumb, the criminal, and payment of interest charges on the public debt and the cost of registering voters, only about $3,000,000 would be saved. That amount is less than the schools need to increase the average term from five and one-half months to seven months. Educational leaders estimate that approximately $3,650,000 would be required to extend school terms by a month and a half.

These facts were plainly revealed in the 1936-37 budget released last week by State Comptroller Charles W. Lee.

Only a rudimentary knowledge of the financial structure of the state government is necessary to refute the assertions of critics that the schools might be saved by rigid economy in certain brances of the government.

Likewise, it is apparent that any appreciable cut in the administrative arm of the government, particularly the tax collecting division, would cause tax receipts to fall to a catastrophic low or, worse, have the effect of virtually annulling the state's income.

Both friends and enemies of the administration agree that about $4,000,000 additional revenue must be raised to balance the budget and provide a 7-months term for the 650,000 children in the state's common schools.

Each of the state's 67 counties received checks this week for $8,109.64, representing their equal share of collections by the State Tax Commission during the month of October of the tax on gasoline sales made in the state during September.

It is the largest amount the counties have ever received from this source for a single month, according to Henry S. Long, chairman of the State Tax Commission. During the fiscal year ending September 30, 1936, each county in Alabama received from gasoline tax collections a total of approximately $85,000.

Hearings on the test suits attacking the constitutionality of Alabama's unemployment compensation insurance act scheduled Monday in Montgomery circuit were indefinitely postponed by Judge Walter B. Jones, who announced he would sit as a guest judge in a similar case to be heard by a 3-judge Federal court here November 18.

DR. E. R. ODEM MOVED OFFICE OVER NEWS OFFICE

Dr. E. R. Odem has moved his office into the new McCain building, up stairs over Chilton County News. He will be glad for the public to take note of his removal.

Mrs. Thera Martin had as her guest for the week end Miss Rickenbacker of Montevallo.

The LEADER
Clanton, Alabama
17 Years of Progress Since 1919

THE HISTORY OF REFUGE SCHOOL

Refuge School was the old Union Point School—which carried the same district number as Refuge. The land on which Refuge School house now stands was bought from Mr. Tom Minor; the house was built in 1924. It's one of the oldest school houses in the county. Some of the carpenters who helped build it were: Messrs. Tom Minor, Bob Connell, Andrew Mims, G. N. Easterling, J. E. Easterling W. A. Mims, Johnnie Minor, A. H. Johnson, and John Minor.

A short annex was made to the building in 1924.

The well was dug by Andrew Johnson and Crowford Easterling in 1916.

The first local district in Chilton county was voted by Refuge district, District 44-A.

The names of the teachers that have taught at Refuge are: Messrs. Wm. R. Baker, Claudie Baker, Ollie McDowell, Blance Durbin, Irving P. Kennedy, Herbert Foshee, H. D. Durbin, Byron Bean; Misses Lois Kennedy, Bessie Thomas, Myrtice Slay, Lilla Bell Golden, Hixie Mae Golden, Mable Parker, Evelyn Littlejohn, Jewel Minor, and Mary Bratton, Mesdames Fitzgerald, Majorie A. Henley, and Evrie Tippett.

The present teachers are Mr. Byron Bean and Miss Mary Bratton.

Today Refuge is a two-teacher school with an enrollment of 70 pupils. Two buses report daily.—A 5th grade pupil.

TWO ENGINE SIZES OF FORD CARS FOR 1937

Clanton Motors, Ford dealers for this territory, promise a real thrill to those anticipating a new car this time, when the new 1937 cars are put on display Saturday. There will be two engine sizes—a brand new 60-horse-power V-8, which makes its first bow to the motor car market, and the famous 85-horse-power V-8, with a number of important improvements. The chassis and body will be the same—only a different sized engine.

The friends of Sam Martin regret that he was carried to a Birmingham hospital this week. His condition is improving slowly.

Bargins.—The decrepit old car drove up to the toll-bridge.

"Fifty cents," cried the gentleman.

"Sold," replied the driver.

VERBENA HIGH

Verbena High School meets the strong Marbury eleven on Verbena's gridiron Friday afternoon at 2:00 o'clock.

If you want to see a real game, one that can not be doped out, be on the side line at Verbena's football field with your rooting equipment in good shape.

So long, see you at the game.

The Verbena High School commencement exercises will be held Friday night, November 13th, at the high school auditorium at 8 o'clock. Mr. Paul Munro, one of the leading educators of the state, will deliver the address. Mr. Munro for several years has been superintendent of the Selma public school. During the years 1934 and 1935 he served as president of the Alabama Education Association.

He has recently been elected president of the Troy State Teachers College. Everyone interested in education should hear Mr. Munro's address.

The public is invited.

U. S. MARINES RESUME ACCEPTING ALABAMIANS

With the removal of restrictions placed on enlistments in the U. S. Marine Corps due to the Infantile Paralysis Epidemic, the District Recruiting Office, Municipal Auditorium, Macon, Georgia, has resumed the acceptance of Alabamians, it was announced today by Major J. M. Tildsley, Officer in Charge.

Requirements for enlistments include: age, between 18 and 25, single, without dependents, and of good moral character.

Applicants enlisted are transferred to Parris Island, S. C., for approximately eight weeks training, and are then assigned duty at home and foreign stations and to duty with detachments serving on battleships, cruisers and airplane carriers.

Complete information and application forms can be obtained from the Macon headquarters.

CHILTON HIGH TEAM PLAYS HOLTVILLE HERE FRIDAY

The Chilton County High School plays the following games at home in this order:

Nov. 13—Holtville High.
Nov. 20—Isabella.
Nov. 27—Maplesville.

The exact time for the game Friday will be announced later.

TRIP TO AUBURN

Chilton County Club Presidents and County Council Objective Chairman attended Auburn Meeting. Fifteen Club people including the Chairmen of Citizenship, Scholarship and Farm of Citizenship, Scholarship and Farm Bureau attended the annual county Council meeting held at the Baptist church in Auburn, October 29. Two addresses were given by Dr. L. N. Duncan, Director of Alabama Polytechnic Institute, and Mrs. Bledsoe, State President of County Council. The program was interspersed by organ selections. Lunch was served by Lee County Home Demonstration women, which was delightful. On the return trip the group visited Tuskegee Institute, and were guided through various buildings and the different subjects were explained by David Washington, the youngest son of Booker T. Washington, who is still connected with the school.

MT. PLEASANT 4-H CLUB

The Mt. Pleasant 4-H Club boys met together November 4. The meeting was called to order by vice-president, Earl Melton. The roll was called by the secretary. The club gave the pledge, and then elected Mr. R. M. Foshee and U. B. Curlee for local Club leaders. The following members: Reuben Williamson, Asmond Johnson, Robert Lee Bowles, Herbert Duke, Reavy Cayton, and Clifford Traywick gave us lectures on poultry. Then Mr. Ivey discussed the construction of "A General Purpose Fowl House."

At the close of this discussion the meeting adjourned.

VERMONT BOYS 4-H CLUB

Mr. Ivey, our 4-H Club leader was here November 5. We had a very nice program carried out by our President and seven members. This program was about the Poultry house and haw to arrange the inside of it. We selected our Club project for the following year. We have added four new members since last meeting.

NATIONAL AFFAIRS

(By Frank P. Litschert

Now that the election of 1936 is over, the subject of foreign affairs is going to loom larger and larger in the American press. It will require a great deal of diplomatic skill and understanding to keep Uncle Sam clear of the new troubles, with their entanglements, that are now beginning to loom on the international horizon. The end of the war in Spain bids fair to make some new alignments in the European situation.

If, as now seems likely, the nationalists succeed in setting up what bids fair to be a fascist system of government, this will immediately join hands with Italy and Germany in an effort to build itself as stable a foundation as possible in the present day situation. Already, as this is being written, little Portugal has recognized the socalled 'rebel' government and it is expected that the two fascist powers will follow suit, if and when Madrid is captured by the soldiers of General Franco.

The part that Russia, Germany and France are playing in this Spanish difficulty indicates that there is rapidly approaching a European line-up of Communist dictatorship against fascist autocracy. The defeat of the old radical government in Spain will be a serious diplomatic setback for Russia, but Stalin will attempt to make this up by seeking alliances with such democratic countries as France and Britain. How successful he will be remains to be seen. France seems now about to move into the Russian orbit, but the situation so far as Great Britain is concerned is not so clear. It is true that John Bull does not want Italian domination of the Mediterranean or German invasion of western Europe. But he is just as averse to Russian control of any additional part of Europe and the chance that a Communist wave may roll westward. Little Portugal has always been a friend and ward of Great Britain, and, in addition, there is a powerful group in England which is opposed to any sort of alliance with Russia.

If Spain goes fascist, France will be pretty much on the spot, or at least in a delicate situation. She has had enough worries with Nazi Germany to the east, and Fascist Italy to the south. Spain has never bothered her any, but the appearance of a government sponsored by Germany and Italy, at her western door, will not be at all reassuring, and may induce her to work even more closely with Soviet Russia.

France now has what amounts to a military alliance with Stalin but up to this time it has brough her little comfort. Belgium has suddenly announced that she intends to cut loose from military agreements and become neutral territory once more. She is doubtless making this move because she does not desire to be forced into war against Germany to help France protect Russia in case the Reds get in trouble with the Nazis. This action on the part of the land of the late King Albert is another source of worry to France. There is some chance, too, that there will be some other realignments of small powers, and the situation is such that it can be described as little short of chaotic.

If there is a clear-cut division between the great powers of Europe, and especially if Japan makes common cause with Germany and Italy, there will be much propaganda and other effort in the United States to induce Uncle Sam to take a place on the Franco-Russian bandwagon. The radicals in America will use every weapon, including the natural suspicion many Americans have of Japan, to bring this unhappy situation about. The United States needs no alliance nor accord with any group of powers against any other group. What we need now, as we always have needed, is a clear and sensible understanding of traditional American political independence. It is only when we have lost this understanding in the past that we have suffered.

FARM LABOR AND WPA

During the summer and early fall much complaint has been heard from farmers in various sections of the country because of the difficulty of obtaining labor to harvest crops. In many instances this difficulty is charged to the WPA, which, it is said, has absorbed a large part of the normal supply of farm labor.

To cite only one example, a dispatch states that planters in northern Mississippi recently issued appeals for 3,000 cotton pickers who could not be obtained locally.

Workers who once get on the WPA payroll seem unwilling to accept private employment on farms or elsewhere. As one observer has expressed it, they have reached the attitude of mind in which they believe the government will continue to care for them somehow, and they are satisfied.

The enormous expenditures of the WPA, devoted to a large extent to projects of little permanent value, are not only adding billions to the already unprecedented national debt, but are creating in many American citizens that unhealthy attitude of mind which makes them willing to remain permanently dependent upon the government.

Commenting on this situation, the Grand Rapids Press aptly said in a recent editorial:

"No administration in Washington can go on paying men who decline jobs offered them in private industry. For that is not relief—it is tragic indolence, making chronic the very ills which relief seeks to alleviate." — Red Wing (Minn.) Republican.

We haven't heard from Felix in some time. Isn't it about time that Franklin put the frank in Frankfurter?

TAXING JOBS AND PROGRESS

Chairman Jesse H. Jones of the Reconstruction Corporation pointed out in a recent radio speech that the new federal tax on undistributed corporation earnings would effectively put a new and heavy burden on industries which sought to provide new jobs.

The way the tax act works is this:

A corporation is taxed upon the amount of income it receives but does not distribute. But here is the catch which Jones spotted—any money which a corporation spends on plant expansion or improvement is taxed just like other money that is not distributed.

As an illustration, assume that a corporation has an income of $100,000. Its business is good and it wants to provide more jobs, so instead of distributing all the income as dividends, it decides to invest $50,000 in a new building and new machinery. That corporation will not pay tax on the $50,000 that goes out in dividends, but it will pay about 22 per cent tax on the $50,000 spent for new equipment.

In short, that phase of the new tax act means a tax upon all such investments which would create new jobs. The new tax act is not only a tax on corporations, but on jobs and on progress.

WHAT IS CAPITAL?

We often hear talk of capital and labor as though they were wholly unrelated and on opposite sides of the fence. But, actually, they are mutually dependent. Each needs the other. There is no fundamental conflict between them.

Let's look at a very simple illustration.

A man does odd jobs around your house. Suppose you pay him $1 for fixing the screen door which was warped. But before he could do the job you had to give him a screwdriver that cost you 50 cents. You had to give him a plane that cost $2. That screwdriver and that plane are capital. Without them, the odd-job man would have had no job. It would have been foolish to hire him unless he could be equipped to do the work.

The dictionary says capital is that part of wealth which is devoted to the production of more wealth. In other words, all capital represents tools, whether the tool is a screwdriver or a machine costing thousands of dollars or the factory which houses the machine. It is as useless to talk about the workman and the dollar, as though they stood in opposition to each other, as to argue whether lungs are more important than air. Each needs the other. Capital needs labor and labor needs capital.

For example, a leading automobile company recently pointed out that it had to provide $2,008 of land and plants, $2,670 of machinery and $665 of raw materials in order to put one average workman to work. Add that up. It makes more than $5,000 for each worker's tools, using the word in the broadest sense.

This same company had also to provide a large amount of working capital for each employee in order to carry the materials over from the raw state until the finished car was sold. That working capital is as much a tool and as necessary to production as any machine.

This same story can be repeated in any industry. And industry, as a whole, has invested an approximate $4,840 for each workman.

Is not this, then, one of the secrets of America's high living standard? We have more tools, more machines. The average wage earner has more because he produces more with the help of tools supplied by capital.

To talk of labor being on one side of the fence and labor on the other is nothing more nor less than nonsense.

COST OF LIVING GOES UP

The cost of living for wage earners continues to rise, according to the National Industrial Conference Board. Making both ends meet cost, this year, 19.8 per cent more than it did in April, 1933. It cost 3.9 per cent more than in September a year ago. There was a rise of nearly one-half of 1 per cent from August to September.

The theory of raising prices to producers forgets the consumer. On the contrary, the theory of lowering prices to the consumer does not forget the producer. Henry Ford and many other industrialists have proved that. They lowered prices and so sold more. But then Henry Ford and the industrialists are only economic royalists, and so have no standing with the Brain Trust.—San Francisco Chronicle.

PROSPERITY KEY—PRODUCTION

In celebration of its 100th anniversary, the Girard Trust Company has just announced its formula for lasting prosperity in the light of its century of business experience.

In a letter to its stockholders and friends, the bank says the only key to lasting prosperity is to produce the largest possible amount of goods and services with the least amount of goods and services and with the least amount of human labor, accompanying each lowering of the cost of production with a decrease in selling price.

The letter says that with money incomes unchanged, real incomes would steadily increase until the additional volume of goods and services called for would employ all who need employment. Mechanization of industry is held to be the greatest asset to labor. Machinery which increases the efficiency, reduces the cost, and increases the output of industry should not be regarded not as the enemy but as the hope of the laborer, it says.

Issue was taken with those who lead the people to believe that the American economic system has failed in its purpose. It was held that while the present economic order in the United States has not brought Utopia, it has created more wealth and distributed its benefits more widely than has any other system in any country in this or any other age.

Liberty never dies from direct attack. No one will dare rise tomorrow and say he is opposed ot the bill of rights. Liberty dies from encroachment, disregard of its safeguards.—Herbert Hoover.

Thus far the New Dealers have not proposed government bounties to be paid to all persons who refrain from paying taxes.—Atlanta Constitution.

The New Dealers who complain so much and so loudly because the Duponts gave campaign contributions to the Republicans this year, certainly didn't forget to fondle the Dupont dolars that went to Roosevelt in 1932.

Hungary is now planning a colony of midgets. Here is a suggestion for Prof. Tugwell as soon as he gets back from his political vacation.

The old fashioned candidate who used to make a house to house campaign doesn't do it any more because he can't find anyone at home.

MAN IN THE MOON

THE NEXT FOUR YEARS

The political wars are over. Mr. Roosevelt is again the victor. And what a victory! When people told me, before the election, that he would win by a wider margin than in 1932, I laughed, for those people, themselves, didn't believe it, but were merely trying to rub my fur the wrong way, knowing how strong I stood for Mr. Landon.

Landon! There is a man whom I believe would have made America a good president. Calm, collected, quiet-spoken, he may not have appealed to those who had come to admire the smooth flow of oratory that was and is Mr. Roosevelt's main stock in trade, but to me his words rang true, and I will forever regret that he was not given the chance. However, that cannot be, for the present, at least.

America has spoken, and I, for one, again become the unprejudiced and whole-hearted American—one who stands squarely behind America and her leaders, so long as they, too, remain true to the trust placed in them by other Americans. As I said in my article last week, written before the day of election, I shall give to President Roosevelt my full support, humble as that may be, inasmuch as he is the nation's chief executive, and I believe all other conscientious Americans should do likewise. And I shall give this support unstintedly and without grudge, so long as he treads the straight and narrow paithway of right, as all leaders in his capacity should do.

In pledging this allegiance, however, I make no apologies or the opposition I have shown toward him and his policies in the past. I have never stated an untruth regarding him or any of his policies, though I opposed some of them as bitterly as anyone could. On a few occasions, when I have felt that the president was due praise, I have given that, too. He is president for all of us, and so long as he clings to American methods and American traditions I am an ardent supporter, regardless of politics.

However, if the president shall resume the policies and practices which drew criticism in this column in the past, I shall oppose them again, even more bitterly, if possible. And I shall offer no apology for it, for what I write in criticism will not be born of political prejudice, but will be the inclinations of one who, first and foremost, stands staunchly for America and her principles and institutions. I will defend anyone who defends our great nation, and will viciously wage war on any other procedure, regardless of attendant conditions.

I believe that the next four years will prove to us an entirely different Franklin Delano Roosevelt than the last four have shown us. A number of conditions to bring such to pass are apparent, if one will observe.

In the first place, all through his first term, Mr. Roosevelt's policies have been a campaign for re-election. Astute politician that he is, he has known all along that to be re-elected, he must please the people. This, within itself, I term both an asset and a liability to Mr. Roosevelt, himself. An asset in that he has shown acute insight and understanding of the everyday American, who generally has a very narrow view of public acts. By that I mean that the average American more often than not "looks out for No. 1". If those public acts fit his personal case, although they are not so good as a whole, yet he is for them. And even if they are for the common good, if they press him a bit, the average American is against them. Mr. Roosevelt's numeous explanations of his official acts, with consolation if they seemed to ruffle Mr. Average American, prove this. Such procedure has kept him solid with the people—solid enough to re-elect him by the greatest majority ever given any presidential nominee since Washington, whose election was unanimous. I believe, however, that in years to come, he will have set a mark against himself for these vote-getting policies, for some of them will have heaped mountaincus debts on future generations which will embitter those future Americans against him. I believe his niche of fame will be much lower in time to come than it might have been if he had obtained the same results by more conservative methods, which was easily possible.

Next, it is very likely that many of the undertakings of the first term will not be reopened in the second. Then he was ambitious, too much so, as proved by the Supreme Court. He over-rode his authority on numerous occasions, in the name of emergency, and placed inconsiderate mandates upon us—laws which were contrary to the basic laws of liberty as embodied in our fundamental document, the Constitution. Some seem to think that he will try to "pack" the Supreme Court bench with New Dealers, or seek amendments which would give some of the radical ideas working room, but I doubt it. He may attempt to reopen these by round-about methods, but I do not believe that he will. Mr. Roosevelt is a wiser man than he was in the beginning. He knows better the job that is before him; the emergency of '33 does not exist today; he will not be campaigning now; these changes should have a marked effect on his future policies.

Contrary to general opinion, I do not believe that he will attempt to revive NRA, AAA and like institutions. He has experienced them, and has observed their results. He knows that to do this would take much time and study in methods to surround the Constitution, and I believe he will be more concerned with his job of balancing the budget, and fulfilling other 1932 promises than he will in studying methods to get around them. In short, he has spent four years opening house, and I will not be surprised if the last four are spent in rounding up his work and putting his official house in order before leaving the presidency in early 1941.

Besides this, he has no doubt noted healthier economic conditions that have existed since the death of the regimentative measures, and very likely will decide to let well enough alone.

I believe the next four years will see less national spending than was the case heretofore under his administration. Again campaigning, or a lack of it, enters the picture—he will not be campaigning this term, hence, any policies which he has opened with an eye to gaining votes by the spending policy may be expected to be closed—slowly, perhaps, but surely. Before he retires, I exect Mr. Roosevelt will perhaps make good his promise of balancing the budget, and to do this he must cut expenses; the most logical place to begin this will naturally be with the socalled "needless" functions.

Besides all this, the new congress will not be as bidable as the last, although it is more strongly Democratic. There were many members who would have kicked out in the past but for the effect it might have on their political chances at home. It would have been political suicide to oppose Mr. Roosevelt, for he was and is very popular, and congressmen were fully awake to this angle. Now they will not be under this restraint, and it is very likely that they will pull the public purse strings tighter, even if Mr. Roosevelt should attempt to loosen them, which I believe is extremely unlikely.

I am informed that a great number of changes are expected in the new cabinet, the list of retiring officers including many who openly listed themselves as extreme liberals, or perhaps downright Socialists or Communists. This is a healthy sign, for some of the strongest criticism of the president has been on account of the fact that he has kept such characters in these high administrative offices.

He will no doubt replace them with people whom he believes will fit better into his business of "rounding up," if changes are made.

I look for the so-called Brain Trust to be ousted completely—not all at once, perhaps, but eventually and surely. Also, I look for a breaking up of the numerous bureaus; this will certainly happen if the Brain Trust goes, for then they would be absolutely needless, and would further help in cutting down administrative expenses, as Mr. Roosevelt has hinted he intends doing.

In short, I look for the president to show an almost complete reversal in procedure; not abruptly, for such action might bring about another crash such as 1929 — abrupt changes have a way of leading to such. I look for a much more conservative administration. No doubt he has gathered that the greater number of those who opposed him did so on account of high governmental expenses, expansion of bureaucracy, and matters of this kind. He can easily remedy all these faults during the coming four years and leave the White House with the government running smoothly and efficiently by following the procedure outlined above, and it is very likely that he will do just that. During campaign speeches he has left a hint that such will be his methods for the coming term.

Therefore, again I say we should stand with him as long as is possible, for the good of America. I, for one, shall not place myself in position so that I could not conscientiously commend Mr. Roosevelt for meritorious policies which he might bring into effect. Finally, I say: More power to you, Mr. Roosevelt, if you walk the straight and narrow path of Americanism—but may the Lord have mercy on you if you don't.—Man in the Moon.

SAFE FOR NOBODY

We poor deluded Americans said we were going into the World War to make the world safe for democracy. It was a beautiful dream which faded soon after the close of the war and now we wonder how we could have been so foolish as to have thought it was anything but a dream.

Today, the world is neither safe for democracy nor for anything else. It is about as unsafe a world for any kind of government as human beings have known since the days when governments developed into something more than the will of powerful individuals.—Burlington Free Press.

SOCIAL JUSTICE

The struggle of individualism through the centuries has been to increase the benefits of society both in kind and in quantity so that an increasingly large element of the population may enjoy them.

From this standpoint, the individualistic system as represented by American democracy, is an agency of social justice. As a matter of provable fact, it is, up to now, the only economic system which depends for its successful operation upon securing the greatest good for the greatest number in steadily rising measure.

The American system, in fact, is one in which money—earned by an individual who retains the right to do with it as he sees fit—is constantly being reinvested for a profit. The products of that accumulation the individualistic society must diffuse as widely as possible through natural means. Only in this way can a constantly greater number of human beings own commodities and benefit by the earnings and profits and other advantages that may come from such ownership.

Anyone who has any doubts about which side the Communists are fighting on in Spain has only to listen to the frantic wails from the Soviet government.

A Providence man was arrested for stealing 250 tons of steel rails from the New Haven railroad. He dropped his loot and ran when someone yelled "Stop thief!"—Springfield Union.

Editor: Well, what did our eminent politician have to say in his speech tonight?

Reporter: Nothing.

Editor: Very well. Keep it down to a column.—Wichita Eagle.

LAW ENFORCEMENT

J. Edgar Hoover's greatest accomplishment has not been the capture and killing of gangsters and desperadoes that eluded state and local enforcement agencies, although the stopping of Dillinger, Karpis, and others, was a national service which should never be forgotten. Mr. Hoover's greatest accomplishment has been the dramatization of law enforcement. If boys now play G-men instead of bandits it is due to the publicity which has been given to Mr. Hoover and his efficient aides.

Something of the effect of this activity and its attendant publicity was cited at the newspaper institute of the New Jersey Press Association at Rutgers College. Hugh Clegg, assistant director of the Bureau of Investigation, said that the popularity of the G-men among the youth of the country had reduced the arrests of the young people materially. He credited the American press, the motion picture, and the radio with the popularization which had brought this result.—Richester Democrat-Chronicle.

There is something pathetic about the man who brags about ruling his household with an iron hand.—Los Angeles Times.

If a man worth 100 millions died, the government would get about 79 millions in taxes. This nation needs a lot of rich men to die for their country.—Wichita Eagle.

The peasant women of Russia have been ordered to work six days a year on the road. If they do well at it, Stalin lets them have a few days every summer to rest up in a coal mine.—New York Sun.

A science note says that brook trout lose 2.6 per cent of their length in death. Yes, and pick up six inches or so by getting away.—San Francisco Chronicle.

The trouble with a lot of automobilists is that they can drive a lot faster than they can think.

MR. ROOSEVELT IS GRATEFUL

President Roosevelt now is revealed as the dictator behind the trade-off of the Democratic state ticket in Minnesota. Mr. Roosevelt's "thank you" telegram to the two nominees who withdrew makes him assume the chief responsibility. "Personally, I am deeply grateful that you were willing to sacrifice your personal ambitions on my behalf, and for the good of the party," the message read.

That the act brought some added votes to Mr. Roosevelt in Minnesota is quite possible, but when he spoke of "the good of the party," had he anything else in mind? As far as the Democratic party is concerned, it is left in Minnesota as a mere personal asset of Mr. Roosevelt, to be used by him as trading stock.—Minneapolis Journal.

"Property is the fruit of labor; property is desirable; it is a positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to independence and enterprise. Let not him who is houseless pull down the house of another, but let him labor diligently and build one for himself, thus by example assuring that his own shall be safe from violence when built."—Abraham Lincoln.

"If, in the opinion of the people, the distribution or modification of the Constitutional powers be in any particular wrong, let it be corrected by an amendment in the way that the Constitution designates. But let there be no change by usurpation; for though this, in one instance, may be the instrument of good, it is the customary weapon by which free governments are destroyed." — George Washington, in his Farewell Address.

SURVIVAL OF THE UNFITTEST

When you tell the people who have achieved what we have achieved that we mustn't go on achieving it—when we tell Babe Ruth that he mustn't bat any harder than the bush leaguers, and Jim Braddock that he mustn't hit any harder than I can, and both of them that they must proceed under rules designated to regulate athletics in a home for cripples, then—whoever does it, however, wherever—this pennant is lost and the count is up.

You can and should tell Jim Braddock not to hit in the clinches. You can and should enact laws to restrain the dishonest and predatory. You can and should urge and educate the backward to effect better ethics and greater efficiency. But when a labor union or a legislature, for whatever reason, orders that no more than so many bricks shall be laid in one day, that employers shall choose not the best typesetter but the one who has been out of a job the longest, that no one shall work more than so many hours a week and at the same wages, and that no man shall cultivate more than so many acres, or raise more than so many hogs or potatoes, and that you and I shall pay him, not for what he does but for what he does not do, then that union or legislature is reducing us to the lowest common denominator of laziness, thriftlessness, and incompetence. — From an article by Channing Pollock in The American Mercury.

Well, campaigns are improving at that. It's a lot easier to listen to a political speech sitting in an arm chair at home than it was to carry a gas-line torch and then spend two hours standing up and stamping feet in the town hall.

Two New Yorkers have just circled the globe in record time. This is the most useless thing on record. What good is there in traveling 25,000 miles and ending up right where you started?

Lots of girls who get married nowadays find that as soon as the honeymoon ride is over they have to return to riding the street cars back and forth to work again.

They say Shirley Temple is accumulating a lot of money, and she will have to in order to pay the taxes she will have to settle when she grows up to be a big girl.

Two liquids that don't seem to mix very well are beer and gasoline.

One of our local youngsters was wondering the other day what he would be when he grows up. The answer seems obvious. He'll be a taxpayer.—Troy (Kans.) Record.

You may have observed, provided you care about such things that when Mr. Roosevelt makes a pledge to spend more money he always keeps it.—Toledo Blade.

Every time the European situation grows tense, Japan carves herself another slice of China.—Roanoke times.

If you think ignorance isn't bliss, observe the happy expression of the man who has just bought a used car.—Hopkins Journal.

25 YEARS AGO

News Items as Published in The Union and in The Banner, Issues of

November 9, 1911

The Chilton County fair came to a most successful conclusion last Saturday night. The entire week was a grand success.

Miss Pearl McKee was declared the best dressed young lady competing in the county fair last week.

Individual deposits in the Peoples Savings Bank, according to an official statement this week, are $68,919.24. That of the Clanton Bank is $83,543.09.

A news dispatch from Peking says that conditions in China are extremely critical. Outburst of war is feared.

A Socialist, Job Harriman, was elected mayor of Los Angeles last week.

Sheriff Jones destroyed a barrel of beer in front of the courthouse last Saturday, under order of the court.

Captain Middleton is reported very ill at his home in west Clanton.

Born to Dr. and Mrs. N. J. Johnson Friday night a fine baby girl.

Miss Charlotte Mims, of Concord, is very low with typhoid fever.

The mother of Mr. Pate Aldridge died in Calera and was buried here Monday.

Married this week — E. L. Powell and Miss Nettie Davenport, J. E. Miner and Miss Serepta Cleckler, Marion Headley and Miss Lillie Rhodes, Floyd Jones and Miss Minnie Chasteen.

Clanton, Alabama

University News

University, Ala., Nov. 9.—The University of Alabama Glee Club is making its first trip of the current season this week; 25 members of the Club are giving concerts in Montgomery, Auburn, Phoenix City, and Marion. This marks the Club's first visit to Auburn.

A number of social affairs were high lights of Alabama students' last week end activities in Birmingham, where they attended the Alabama - Tulane football game. Kappa Adpha, social fraternity at the University, gave its annual formal dance last Friday night at the Tutwiler Hotel. There was a dance at the Thomas Jefferson on Saturday.

The cast for the second presentation by Blackfriars, University dramatic group, has just been announced. The play, "The Night of January 16," will have as its leading characters: Helen Morgenthau, Tuscaloosa; William T. Lewis, Columbus, Ohio; Houel Hagan, Newbern; and Hayden Rector, Tuscaloosa. The play is a murder mystery.

Randolph Fort, journalism instructor at the University of Alabama, stressed the increasing importance of interpretive writing in an address delivered before the national convention of the Associated Collegiate Press last week. By interpretive writing, explained the instructor, is meant the telling of what news means as well as what it is. Mr. Fort was formerly with the Associated Press.

The names of five University students have been recommended to the state Rhodes Scholarship Committee by the faculty committee of the University. The students recommended are: Broox Garrett, Grove Hill; Peyton Williams, Clio; Gordon White, Tuscaloosa; Charles Maxwell, Northport; and Winston Adair, Uniontown. All of these students have been outstanding at the University in studies and activities.

Retail sales in Alabama declined more rapidly than retail sales in the nation during the depression, according to a study just released by the Bureau of Business Research of the University of Alabama. The comeback since 1933 has bettered the national average, however, Alabama recovering more rapidly than the United States.

Women students at the University last week honored four of their number by electing them to the Board of Directors, important branch of the Wamen's Student Government. Those elected are: Marjorie Gwen, Wheeler Dam; Julia Lee Graden, Syracuse, N. Y.; Willella Burns, Norfolk, Va.; and Ruth McDowell, Montgomery.

Paul Deering, blind Y. M. C. A. secretary from V. P. I., and a member of Phi Beta Kappa, gave several inspirational addresses at the combined state conventions of the Y. M. and Y. W. C. A. at the University last week.

Alpha Epsilon Delta, national honorary pre-medical fraternity, has just been elected an associate member of the American Association for the Advancement of Science. The fraternity was founded on the University of Alabama campus in 1926, and has since spread to 16 campuses throughout the nation.

Phi Delta Kappa, honorary education fraternity for men, held its first meeting at the University last week. Delegates were named to attend the district conference in Knoxville, Tenn., this week.

Stuart Wright, district chairman of Emergency Peace Campaign, has organized a group on the University campus to promote attempts to insure world peace. Charles Ramey, Akron, is chairman.

The Alabama football team pointed towards its Saturday game with Georgia Tech, having met Tulane last Saturday. The Atlanta game is expected to draw a large crowd, since the teams give promise of putting up a great fight.

Armistice Day

Following is an Armistice Day address delivered by Percy M. Pitts, District Commander of the American Legion, at the Chilton County High School, November 11, 1936.

My Friends:

This day belongs not to war, but to peace!

Armistice Day marks a momentous epoch in the life of our country—its victorious transition from a state of war to a state of peace, a peace that for America has remained unbroken during the 18 years which have passed since the guns were silenced on the western front, and we as a nation began to build anew on the firm foundation of friendship and understanding toward all peoples and toward all nations.

So we have set this day apart as a day of recollections — to honor the martyred dead who made the supreme sacrifice in order that we might live in security and peace under our own American form of government, to affirm anew the duty we owe the maimed and the disabled for whom the war has never ended and never will—and to determine that from the lessons learned in that last great struggle we shall build a firmer structure to safeguard the peace of the country insofar as it may be safeguarded in the presence of conditions elsewhere in the world.

Let us review very briefly the principles for which we fought in the World War, for which 130,000 gallant young Americans laid down their lives and for which more than twice that number were permanently miamed in body, soul and mind. Did we wage war because we loved war? No one even tries to charge that. Did we seek territorial expansion? Were we covetous of other nations' wealth and progress and natural resources? Read the record, and every line of it answers no! A thousand times no! We were offered territory and we refused it. We were offered a share of the spoils and we refused them. For what, then, did we go to war?

The answer, my friends, is written in letters of gold in the scroll of honor. America waged war to win peace! Our dead did not die in defense of war, but in search of peace. The maimed and the insane did not throw hope and health into the grave of despair because they liked to fight, but because they wanted to stop it. The veterans did not start the World War—they stopped it! Our battle cry, our whole vision was: "The war to end wars!" I say to you that no crusader of old ever bared his lance in a holier cause than the men of 1917 and 1918 who went out to fight and die, not for conquest, not for spoils, but for peace.

As we recall these facts, what, then, is the obligation, the solemn duty we owe those whose memory we honor on this anniversary of Armistice Day? Is it not to determine here that, though we may not be able to prevent war elsewhere in the world, we shall do everything that is humanly possible and honorable to keep America at peace with all ntaions?

Among all of the major powers of the world, America alone has not been in imminent danger of war since peace was concluded in the last war. And even we do not know when our position may be jeopardized, when the spectre of war may again thrust its ugly head over our national horizon. The methods and expedients employed in the past have not prevented international conflict. Europe today is an armed camp, and though the world is weary of strife, the camp fires of war's advance guard flame on many fronts in Europe and Asia.

England is the only major European power where freedom and liberty, as we understand them, have not virtually disappeared.

The American Legion says that America has no place in this struggle, on either a military or an economic basis.

The most important question before this nation today is how to avoid being involved in another European war, or any other kind of war, so far as that goes, without sacrificing that which we will never surrender, however dear the cost may be—our national honor and prestige.

So today the American Legion offers another way, another plan that is built solidly upon the firm bed rock of experience. It was not hurriedly thrown together in a day, a month, or a year. The primary purpose of this plan is to protect the peace of America first, and by the example of defending our own peace, with honor to point the way to all other nations.

The American Legion holds that 3 steps are necessary to accomplish this purpose:

First — the establishment and maintenance of an adequate national defense, not to foster war, but to make the probability of war more remote by discouraging aggression against us.

Second — the enforcement of stringent neutrality laws to keep us out ot other nations' quarrels.

Third — the deprofitization of war to equalize the burdens of conflict if it must come, and to remove a source of much of the propaganda for war.

The Legion does not ask our government to plunge into the armament race that is making an armed camp of Europe. Our emphasis is upon defense. We request an army and navy sufficient solely to protect our homes and our property in a time of crisis. We know that America will not seek war, and that if we are not attacked, there is scant likelihood of trouble. If we are adequately prepared to defend that which is ours, we are not likely to feel the steel of an aggressor.

National defense is the first obligation placed upon the Federal government by the Constitution. Our national defense, under the Constitution, has two primary purposes—to preserve order at home, and to ward off foreign attacks against our interests. You, the people, set up our government. The government owes a duty to the people to preserve itself in adequate strength to maintain peace and order. Every citizen owes a reciprocal duty to support and defend the government in that effort. Government — the masterpiece of civilization — is a cooperative effort. No one has a right to live under it and accept its benefits without sharing its responsibilities. Unless this be true there can be no democratic government. It must be conceded that every citizen owes a duty to defend his country and that the country has a duty to protect its citizens.

The second point in our peace plans calls for strict neutrality in other nations' quarrels. Reduced to its simplest terms this means refusing to aid combatants on the economic front as well as the military front. The American Legion says that American boys must not and shall not be sent out to fight and die in the wars of foreign governments, and the best way to prevent that is to preserve strict neutrality, to endure the sacrifice of seeming profit through belligerent trade in the greater interest of continued peace.

And now, in closing, we come to the third point in our plan—the deprofitization of war. The American Legion holds that if war must come, in spite of peaceful example, in spite of a will and determination to give no cause for war, in spite of our desire to deal fairly and live peacefully, then it must be the business of the whole nation, that the nation shall bring into its service capital, industry and man-power on a basis of strict equality, with special privilege and profit for none. This we call universal service, and it means exactly what the words say—equal service for all.

Has not the time come to call a halt on war-time profiteering, to determine by legislative enactment that a dollar bill is not as precious as a man's life, and that industry and capital are as subject to war-time service as man power? We think so. And we propose to put every ounce of our strength into an effort to have the next session of congress enact such a law. And, my friends, when that law is on the statute books, when the profit motive has thus been removed, we shall have taken our greatest step toward the prevention of war.

We believe the great majority of American citizens will support us in this effort. The law we ask would not become operative until war is declared, and it would cease to operate upon the restoration of peace; it would not cost one penny, and in addition to contributing greatly to the prevention of war we believe it would strengthen our national defense by permitting long range advance planning for the procurement of essential services in the event of a crisis.

My comrades and fellow countrymen, this is the need that summons us to action on this anniversary of Armistic Day, 18 years after the end of the great World War. We must not wait. No person may say when the flame of war will be ignited abroad. The time to act to preserve the peace of America, to fulfill our obligation to the martyred dead whose memory we honor and revere on this Armistice Day, is now! To defend and preserve our American inheritance and deliver it safely into the hands of our children.

In the name of America, in the name of our children, in the name of our honored dead, in the name of the disabled veterans of the last war, in the name of everything we hold dear, I appeal to you and to every citizen: Enlist with us in this crusade to protect the peace, the honor and the soul of your America and my America!

SEVEN FROM OTHER COUNTIES SERVING JAIL SENTENCES HERE

On Monday of this week, Sheriff Hardy received from United States Marshall Smith seven prisoners from other counties of the state, who are serving jail sentences from Federal courts. Our jail here is one of a few which passes the rigid inspection of Federal authorities. These prisoners are serving sentences of three and four months each.

On October 31st and since that time the sheriff's office has made the following numbers of arrests: Two for public drunkenness, both of whom have been released on bond; one for driving while intoxicated, also out on bond; two for reckless driving, both tried in Justice Court and released on payment of fine and costs; one for violating the prohibition law, released on bond; one for murder, still in jail.

Rexall One-Cent Sale, at Upchurch Drug Company, November 11 through the 14th. You know what this means. Don't forget the dates — four big days.

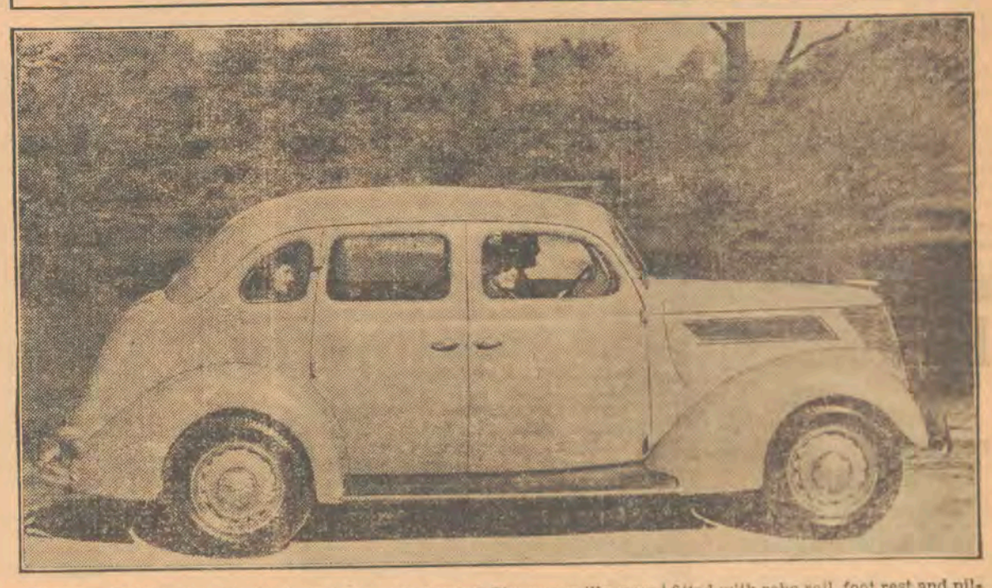
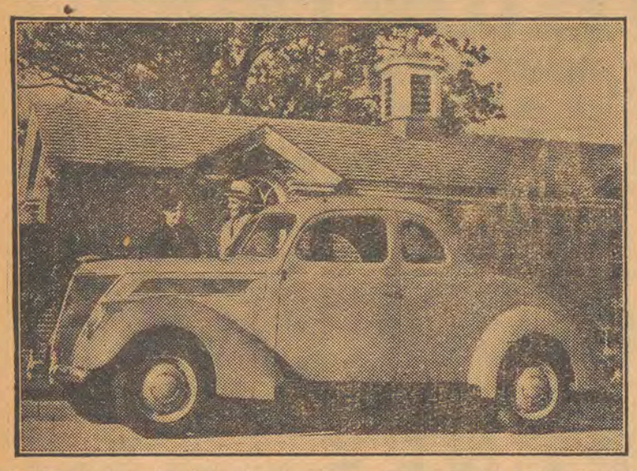
Ford V-8 de Luxe Touring Sedan for 1937



THE Ford V-8 de luxe Fordor touring sedan pictured above is a roomy family type car especially suitable for touring. Baggage can be stowed away in the deep luggage compartment, leaving the interior of the car unobstructed. The new grille, new bar bumpers, headlamps recessed into fender aprons and slanting V-type windshield that opens, highlight the car's new lines. Seats are wide enough for three. The rear compartment is fitted with robe rail, foot rest and pillar lights. The body type is available with the 85 horsepower engine, with or without de luxe appointments, or with the new 60 horsepower V-8 engine without de luxe appointments.

New 1937 Ford V-8 Coupe



THE smart new front, new bar-type bumpers, slanting V-type windshield and smoothly flowing lines of this five-window coupe, pictured above, typify the advanced design of the new Ford V-8 cars for 1937. The coupe, which is offered both with and without de luxe equipment, is the only single-seat closed body type. Its seat is full width, with folding divided seat back. The spare tire is carried in a compartment back of the driver. The deep luggage compartment can be reached either through the rear deck door or by tilting down the right seat back. New "finger-tip" steering and new easy action safety brakes are featured. Two engine sizes are available.

THORSBY SECTION

(Mrs. S. E. Norton, Manager)

The usual services of the Congregational church will be held on Sunday at Helen Jenkins Hall. Sunday school at 9:45, worship service at 11 o'clock. The new annex to the church is now finished, but work is being done on the auditorium of the church. We hope to be in before Deecember. Christian Endeavor will be at 6:30 at Helen Jenkins Hall. A community song service will be held at 7:15 Sunday evening, to which everyone is cordially invited. This will also be at Helen Jenkins Hall.

Dr. F. P. Ensminger of Birmingham was the speaker last Sunday at the Congregational church at the worship hour. He was very much enjoyed.

Choir practice under the direction of Miss Kathryn Foss on Wednesday afternoon at 4 o'clock at Helen Jenkins Hall.

Union prayer meeting will be held Wednesday night at 7 o'clock at the dining hall of Thorsby Institute. Rev. W. P. Lowery will be the leader.

The boy scouts will meet on Friday at the city hall at 6:30.

The Baptist Ladies Aid social will be held at the home of Mrs. L. C. Lowery on Thursday of this week. All are invited.

Mrs. C. S. Howard and Rev. L. L. Stanley have been selected as roll call chairmen of this district in the intensive drive for the Red Cross which will begin Wednesday, November 11, Armistice Day, and continue through Thanksgiving Day. Mrs. Leo Cobb, Mrs. Charles Cleckler, Miss Ruth Higgins and Miss Ruth Primm will assist in this membership drive. It is hoped that the people will not fail to support the Red Cross; 50 cents of every $1.00 goes to this county for Red Cross purposes. People are requested not to pay money to anyone unless he or she is wearing an offciial badge of the Red Cross.

The Ladies Guild bazaar will be held on Saturday, November 28, probably at the city hall.

Mr. and Mrs. C. S. Howard and Mr. and Mrs. Lloyd Howard attended the Southeast Florists' Convention at Atlanta last week. It was a most enjoyable and instructive meeting. Displays of all kinds of flowers in season and the newest things in florists' supplies were there. Two days were devoted to a school of designing taught by real artists. It was held at the Biltmore Hotel. There were about 900 in attendance, which was about double that of last year. For entertainment in the evening there were two rehearsals of mock weddings, one of which was a $1,000 wedding and the other a $100 wedding, displaying the proper flowers to be used on such occasions. The convention was ended on Friday night with a banquet, a ball following the banquet.

Mrs. Edwin Grimes and daughter, Mabel Elizabeth, of Tuscaloosa, have returned home after spending 10 days with Mrs. Pearson Grimes.

Mrs. J. C. Reinhardt and Mrs. C. C. Seale of Columbiana are spending this week here with Mr. and Mrs. H. W. Reinhardt.

Mr. and Mrs. Roy Raybon and family were Sunday dinner guests of Mr. and Mrs. W. H. Raybon.

Mr. and Mrs. W. E. Miskelley of Pleasant Grove have moved into the house formerly occupied by Mrs. Each.

Mrs. Nels Peterson and children, Norman and Shirley Ruth, visited Mrs. Marie Peterson and friends in Thorsby Sunday.

Mr. and Mrs. W. H. Wilson were called to Double Springs because of the death of Mr. Wilson's father, which occurred last Saturday.

Mrs. C. M. Williams visited her daughter, Mrs. T. L. Thomason of Lay Dam, Sunday afternoon.

Mr. and Mrs. W. E. Miskelley spent Sunday in Birmingham with her mother, Mrs. Ida Bellenger.

Mr. and Mrs. J. M. Waller and son of Birmingham spent Saturday with Mr. and Mrs. W. E. Miskelley.

Mr. and Mrs. Elmer Tallant and little son of Montgomery spent Sunday with Mrs. S. J. Davenport.

Miss Willie Littlejohn and Mr. Govers visited Mr. and Mrs. W. E. Miskelley a while Sunday night.

The Intermediates of the B. Y. P. U. will have a social on Sautrday night at the home of Miss Ruby Raybon.

Mrs. Dudley Thompson spent the latter part of last week in Clanton with her mother.

Mrs. R. A. Barnes and little son, Eugene, left Thursday night for her home in Mobile after spending three weeks in Thorsby with her parents, Mr. and Mrs. Frank Nelson.

Miss Helen Lowery of Birmingham spent the week end at home.

Miss Sallye Thompson spent the week end in Clanton visiting Miss Lois Thompson.

Mr. and Mrs. Walter Robinson and Mr. John H. Collins and Mr. Grady Collins spent Sunday with Mr. and Mrs. Akins Collins.

Miss Hilma Collins was the Sunday dinner guest of Miss Jessie Martin.

Miss Marie Benson spent the week end with Miss Lucile Goodgame.

Mr. and Mrs. Clifford Johnson and son, Billy, of Montgomery, spent Sunday in Thorsby. Mrs. L. C. Lowery returned with them to spend a few days.

Mr. and Mrs. Tom Kemp of Clanton spent Sunday afternoon with Mr. and Mrs. Donald Merchant.

Circle No. 1 of the W. M. U. of the Baptist church met with Mrs. Sam Pate Tuesday afternoon.

Mrs. N. Laurell went to Birmingham Friday morning to be with her daughter, Mrs. Moore, who is sick. She also attended the 25th anniversary of the Birmingham chapter of the Eastern Star. She returned Monday.

Mr. and Mrs. R. C. Collins and Mrs. R. H. Goodgame were Sunday dinner guests of Mrs. J. Leonard Hayes.

Mr. and Mrs. A. E. Reagan and Grandpa Turnquist of Clanton were Sunday dinner guests of Mr. and Mrs. J. M. Bosworth.

Miss Margaret Nash of Helena was the week end guest of the Misses Margaret Golson and Bernice Robinson.

Mr. and Mrs. Leonard Moody are proud parents of a daughter, born on Friday, November 6.

Mrs. L. D. McGraw and Mrs. W. W. Waites went to Maplesville Monday afternoon.

Mr. and Mrs. J. T. McEwen of Wilsonville visited Mr. and Mrs. H. W. Reinhardt Sunday.

Mr. S. J. Davenport of Birmingham spent the week end in Thorsby with his wife and relatives.

Mrs. Charles Cleckler, Mrs. Hubert Reinhardt, and Mrs. W. H. Reinhardt visited Miss Mary Louise Reinhardt in Montevallo Saturday afternoon.

Mr. Eugene Davenport is working in Albertville.

Mr. and Mrs. Dan Primm and Mr. and Mrs. Clayton Lightsey of Birmingham visited Mr. and Mrs. W. H. Raybon Sunday afternoon.

Mr. and Mrs. Pearson Grimes have moved into Mrs. Dyrhovd's house, vacated by Mr. and Mrs. Astro Wright.

Mr. and Mrs. Astro Wright have moved into the house which they purchased from Rev. J. W. Jones.

Mr. T. R. Primm returned to his home in Miflin, Ala., on Monday, after a short visit with his mother, Mrs. M. J. Primm.

Mr. and Mrs. J. L. Mixson and children spent the week end in Union Springs and attended the funeral of Mrs. Mixson's aunt, Mrs. C. D. Beverly.

Mr. and Mrs. Theron South and baby of Birmingham spent Sunday with Mrs. G. W. Freeman. Mrs. Freeman returned with them for a few days visit.

In another column of this paper, Rev. and Mrs. E. W. Butler are advertising their home for sale. They have lived in Thorsby 29 years, 28 of them in the same home. Their offer does not mean their removal from Thorsby at present; their house is larger than they need. Also, owing to Mrs. Butler's accident last winter she is not able to walk as she used to do, and wants to get nearer the center of things.

Thorsby Institute News

There was a musicale in the dining hall on Tuesday evening, November 3, at 7:15 o'clock. Miss Foss had charge of the program. The following had parts on the program: Miss Verlon Goodgame, Mrs. L. C. Lowery, Mrs. V. H. Sutlive, Mrs. H. R. Maddox, Miss Foss, and Miss Agnes Leary sang; Miss Foss gave a piano solo; Mrs. Lawrence Stanley gave an Italian reading; Miss Elizabeth Monroe, a teacher at the Institute, read two of her own poems.

School will be held on Saturday, November 21. There will be one session, closing at 1:15 o'clock, with no noon recess.

On November 28 at 7:30 p.m., classes will have their annual stunt night in Helen Jenkins Hall. Everyone is invited to come and enjoy the stunts. Admission will be 10 cents.

The school will not meet on Thanksgiving Day, November 26, but will meet the next day as usual.

Christian Endeavor News

The Christian Endeavor Society met Sunday evening, November 8, at 6:30 in Helen Jenkins Hall. Lorene Stokes, the leader, had an interesting program on 'A Christian and A Patriot'. The following took part: J. R. Lowery, Dora Holt, Mary Christ, Richard Peterson, Mae Anice Polk, Ouida Wright, and Oleita Nowell.

The members of the society voted to send a 'dormitory dollar' to Southern Union College at Wadley.

Austin-Hulsey

Miss Elizabeth Austin of Selma and Mr. Charlie W. Hulsey of Guin were married Saturday night by the Rev. J. W. Jones in Columbiana. Both Mr. and Mrs. Hulsey are teachers in the Thorsby Grammar School, and expect to continue with their school work there. They will make their home with Mrs. J. H. Goddard. We join with their many friends in extending congratulations.

TO THE FARMERS OF CHILTON COUNTY

The Chilton County Exchange is a cooperative organization that belongs to the farmers fo Chilton County. It is not controlled by any person or persons out of the county, as some people seem to think, but has a board of directors, each a farmer of Chilton County. Their names will be found at the conculsion of this article.

The purpose of the Exchange is to sell seed, feed, spray, material, fertilizers and other supplies which farmers use, at a very small profit. This probably helped to lower the prices on seeds, especially legumes.

In June, 1936, Mr. John McSwean became manager. He is also with the Alabama Cotton Cooperative Association. S. A. Jones, assistant manager, has been with the Exchange since its organization. He has had about three years experience in seeds and feeds. He invites the farmers to come in and trade with him.

Mr. Osmond Grant came to us in early spring. He is the man to get in touch with when you wish to sell produce or buy feeds.

Following are the names of the board of directors: President, M. C. Wyatt, Clanton Route 5; Vice President, T. F. Patterson, Verbena Route 1; Secretary, C. C. Cofer, Jemison Route 1; A. B. Jones, Plantersville Route 2; J. M. Culp, Clanton Route 6; Chas. W. Burgess, Clanton Route 4; R. M. Foshee, Clanton Route 4.

OAK GROVE—BEAT 16

There will be preaching here every night this week. The preacher is Sister Cora Martin. Everybody has a warm welcome to come and worship with us.—Jesse Mitchell, church clerk.

Sponsors for the University of Alabama in their game with Tulane last week were: Kay Perovich, San Jose, Calif.; and Lorraine Ingram, New Orleans.

P.-T. A. OF CLANTON GRAMMAR SCHOOL TO COMPLETE DRIVE

Are you a member of the Clanton Grammar School P.-T. A.? If you are not, and are interested in the school, won't you buy a P.-T. A. badge from the children during the week?

Members of the P.-T. A. and the teachers and children are combining their efforts in trying to raise enough money for a lunch room at the Grammar School.

The membership drive ends on next Friday, when a list of the members will be published. Add your name and your donation to the list.

Mr. Charlie Eiland of Mt. Pleasant visited with Mr. and Mrs. John Rollins Sunday.

Cream Bought Every Day

Licensed Testers on hand every day to give you CORRECT WEIGHT

WATCH! Our Issue of the 19th

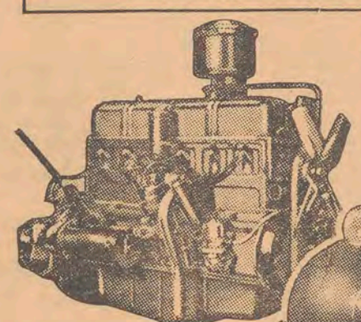
* Don't miss next week's issue. For in that issue, and in every successive issue, you'll find what we've promised you. Four pages of sparkling, colorful and brilliant comics, in four colors.

* We're bringing you this new supplement because we know you will enjoy it. We know that you regard THE UNION-BANNER as your favorite family newspaper, and that funny, true-to-life comics will be a valuable addition to your family fireside.

* They'll be fun for all of you — grown-ups and kiddies! Keep up with the procession of exciting characters which our new comic supplement will bring you each week! Laugh with 'POP', 'HAPPY,' and 'THE JAMMS." Don't miss 'JIGGER' and 'SILLY WILLIE.' Let 'THE RED MASK' take you along adventure's trail.

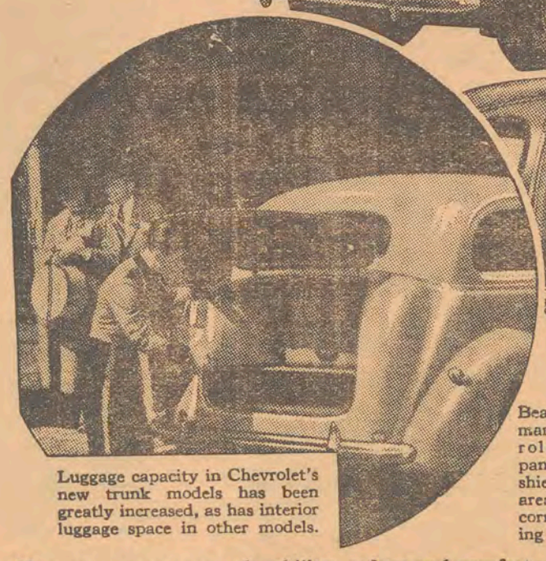
* Watch for our next week's issue — and for every week thereafter. Read THE UNION-BANNER regularly, and let our new comics bring you your full quota of enjoyment.

Performance, Beauty and Safety Mark Chevrolet's Completely New Cars

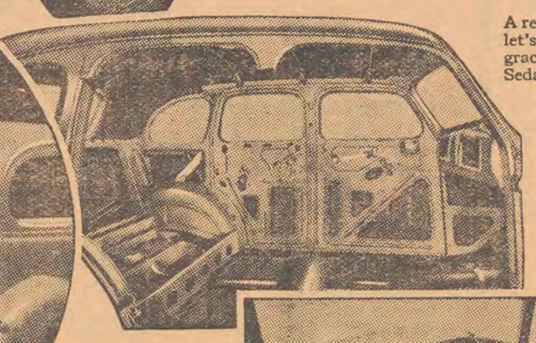


Chevrolet's 1937 engine is completely new, but adheres closely to time-proved Chevrolet engineering principles. It is of six-cylinder valve-in-head type, smoother, more powerful, more economical, and lighter.

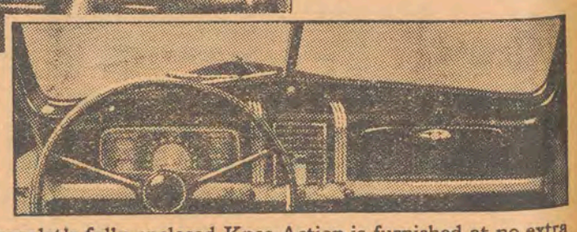
A representative model from Chevrolet's new line, typifying its beauty and grace — the Master De Luxe Sport Sedan with trunk. Note the distinctive "speed line" extending back from the side of the hood.



Luggage capacity in Chevrolet's new trunk models has been greatly increased, as has interior luggage space in other models.



Unisteel construction joins the floor, cowl assembly, panels, and Turret Top of Chevrolet's all-silent, all-steel body, to form one integral structure, welded in all joints, and reinforced and braced for permanent silence and safety.



Beauty and utility mark the new Chevrolet instrument panel. The windshield is of greater area, with narrow corner posts, affording better vision.

New power, economy, durability, safety and comfort, coupled with striking new beauty, characterize Chevrolet's new models for 1937. They are offered in two series, Master and Master De Luxe, virtually identical in appearance.

Chevrolet's fully-enclosed Knee-Action is furnished at no extra cost on the Master De Luxe models; and new Syncro-Mesh transmission, and safety plate glass all around at no extra cost, feature all models of both series.

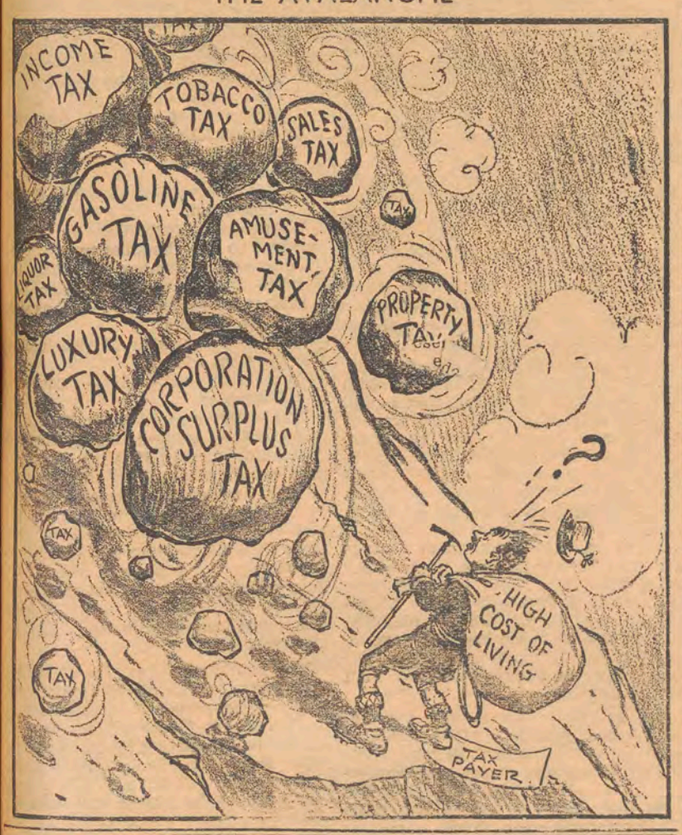
CLANTON "FAIR AND SQUARE" ALABAMA

THE AVALANCHE



SAFETY GLASS IN ALL 1937 CHRYSLERS

In keeping with the Chrysler policy of leaving nothing undone to make its cars safer, this company announces that all models and body styles of its 1937 line are equipped throughout with safety glass. This very valuable safety adjunct is included in the list price of all cars, including the new Royal, with which Chrysler is now seeking a place in the low priced market. The safety glass used is of the most approved type, combining fine visibility with a maximum of non-shatterable qualities.

In announcing the adoption of safety glass as standard equipment, Joseph W. Frazer, vice president of the Chrysler Sales Division of the Chrysler Corporation, says:

"Chrysler feels that every motorist is entitled to the maximum protection that we can give him. For years the Chrysler company has been a pioneer in safety developments, such as steel bodies, hydraulic brakes, low center of gravity, easy steering, etc. We are now very happy to be able to include complete safety glass equipment in this list. We do this not only without additional charge to the public, but at a time when prices are materially reduced on our Royal and Imperial lines.

"There can be no question of the value of safety glass. Insurance statistics show that nearly 50 per cent of the injuries received in motor car accidents come from flying splinters of glass or from passengers being thrown against the jagged edges of broken glass. In many cases painful and disfiguring cuts have resulted where the other damage was negligible. Safety glass completely removes this hazard. When struck a hard blow the glass merely crumbles. There are no splinters to fly and no raw, jagged edges to serve as deadly knives. Strength of safety glass is prodigious. Tests have shown, for example, that the strongest armed big league pitcher cannot throw a baseball through the windshield so equipped from a very short distance. The ordinary missile that would completely shatter an ordinary piece of glass glances off harmlessly.

"We have long used safety glass in the windshield of all models and have offered it as standard equipment on all points throughout in our higher-priced lines. It also has been optional equipment on all our cars. Many motorists have felt, however, that the cost was too great, though it seems to me that it was mighty little to pay for security.

"We now insist on safety, and the owner is no longer torn between fear of not having safety glass and the natural desire to save money. We believe that this is a most important step and that it will go a long way towards increasing the rapid growth of Chrysler demand."

BOTANICAL GARDEN FOR LAGOONS PARK

Among the projects contemplated by the Alabama State Commission of Forestry for the use and benefit of the public is the establishment and development of a botanical garden to be located as close as possible to the City of Montgomery. A suitable site has been found on Lagoons State Park about six miles east of the city.

Opportunities exist on the site for the assembly of most plants found growing naturally within the state and also for many introduced and exotic types. It is proposed to start the development with woody plants, particularly trees and shrubs, since when once established these require less care than herbaceous plants. However, in conformity with natural classification spaces will be reserved for all plants of each group that can be made to grow on the site. It is hoped that ultimately facilities will be established to propagate and render available for observation and study by the general public various species from other states and even from other countries.

No satisfactory botanical garden has as yet been established in the South, although there are certain outstanding minor areas devoted to particular kinds of plants. A general arboretum or botanical garden presents unusual opportunities for recreation and study on the part of students, nature lovers and others. The plans provide that the undertaking be in harmony with the other improvements scheduled for the park. As the project becomes advanced in development it is expected to coordinate it with the work of the schools and higher institutions of learning in the state.

Concord-Billingsley

Several from here attended the annual conference at Walnut Creek last week. They reported a nice time.

Mr. T. J. Deramus, returned last Tuesday, from a week's visit with relatives in Selma.

Mr. and Mrs. Riley Culpepper and children visited Misses Fannie, Alice and Ella Williams, Sunday afternoon.

Mr. and Mrs. T. L. Williams were the guests of Mr. and Mrs. R. L. Moore Sunday.

Mrs. J. P. Williams and little daughter, Mary Evlyn, were the Sunday dinner guests of Mr. and Mrs. C. A. Moore, of Bethsalem.

Mr. Bill Higgins of Clanton, was a pleasant caller in our community Thursday.

Mr. and Mrs. Dewey Hill and family spent the day with Mr. and Mrs. Jim pierce, Sunday.

Mr. and Mrs. Robert Moore, spent Sunday night, and Monday with Mr. and Mrs. T. L. Williams.

ALL PROTUBERANCES REMOVED FROM INSIDE NEW CHRYSLERS

Always foremost in anything that would make the automobile safer, Chrysler in its 1937 Royal and Imperial models goes into the most minute details to remove possible sources of danger, meanwhile retaining or improving upon the fundamental safety features that have stood the test of time.

They have not only done the utmost to prevent accidents, but have added features of design that will make the consequences of accidents less serious. It is typical of the thoroughness and sincerity of Chrysler engineers that on the instrument boards of the 1937 cars all the controls are recessed, in order that there may be no protrusions which front seat passengers might be thrown against through a crash or sudden stop. Even the switch key is recessed and the windshield regulator folded up out of the way.

The removal of all protruding controls was done as a result of extensive research in which a noted plastic surgeon collaborated. It was learned from this surgeon's records that a very frequent cause of disfiguring accidents was being thrown against the control knobs. Still another source was hitting the knees against the instrument panel. Consequently this panel has been raised above the knee height of the average person, so that the shock of a sudden stop would be taken on the soles of the feet, not on the knees.

Research also revealed that long, sharply pointed door handles and similarly shaped ornaments and devices were the cause of many painful injuries. This impelled Chrysler to design door handles that curve inward so that nobody could possibly be cut by one of them.

MAPLE SPRINGS

The Rev. Paul Oden will preach here next Sunday morning, after Sunday School, so let's go to church next Sunday, and carry some one with us.

The Sunday School was glad to have Mr. and Mrs. Mims, from Birmingham, with them Sunday.

Mr. and Mrs. Vonnie Blalock, were visiting in this community this past week end.

Mr. Herchall Hand was in this community Sunday afternoon.

Miss Getaleene Mims spent the week end with Miss Delene Wright.

Mr. and Mrs. Aathur Mims and daughter, Hazel, from Montgomery, were here visiting Mr. and Mrs. Ellis Mims.

Mr. and Mrs. Bonnie Miller, from Enterprise, were in this community Sunday afternoon.

Mr. and Mrs. Elmer Rollan were the Sunday dinner guests of Mrs. O. L. Devaughn Sunday.

Mr. Reuben Devaughn, wife and baby, were the dinner guests of Mr. and Mrs. Oliver Glenn Sunday.

Misses Lena and Delene Glenn had as their week end guest, Miss Elmer Reene Jones.

Mr. Arnold Downs from Birmingham, spent the past week end here, with his parents, Mr. and Mrs. R. J. Downs and family.

Mr. S. A. Jones from Clanton, was in this community last Thursday afternoon.

Mrs. Lillian Mc Dowell and Miss Lera Glenn, spent last Wednesday afternoon, with Mrs. Joe Dennis and daughter, Jettie Mae.

Remember Sunday School, Sunday at 10 A. M.

"ISABELLA RACKETEERS

The "Isabella Racketters" will give a program at Collins Chapel school auditorium, Saturday night, November 14, beginning at 7 o'clock.

Admission will be 15 and 20 cents.

This program is sponsored by the P.-T. A. We urge that you support your school by seeing and hearing these well advertised boys in their program.

CARD OF THANKS

To our friends and neighbors, and those of our number, who in any way aided us or assisted us in feeding or entertaining the annual conference of of the Methodist Protestant Church: We wish to express our deepest thanks and great appreciations. We trust the blessings of the Lord will allow you.—Walnut Creek Church.

FROM MR. BILLINGSLEY

To The Voters Of Chilton County:

I wish to thank you from the depths of my heart for the votes you gave me in the recent election. While I did not win, I am proud of the fact that my votes were cast by living citizens who were interested in their County government, and it is for these that I am most grateful.

My defeat in the race as County Treasurer does not make me any the less a Republican, for I believe in the Republican principles and so long as we have an emblem I will place my mark under it because I believe it means economy and good government.

Again thanking you for the support you gave me.

Respectfully,
W. J. BILLINGSLEY.

CHILTON HIGH WHIPS SILURIA FOE 30 TO 0

Chilton County High School won a smashing 30 to 0 victory over the Siluria High Friday afternoon.

After being held scoreless in the first quarter, the Tigers turned on the heat in the second and third quarters, then, in the fourth eased up a little.

In the second quarter two long passes were completed, a touch down for the Chilton Tigers; short passes and a left end run made the second touchdown.

"Buckey" Armstrong ran 60 yards in the third quarter for a marker, and Morris Johnson, made another touchdown, making the score 24 to 0.

In the fourth quarter, the Tigers did not play so very hard, but still made a touchdown on a long pass completed by McNair, for a 30 to 0 victory over Siluria.

The Siluria team never threatened during the entire game for a touchdown. Siluria made one first down while Chilton made 15.

The C. C. H. S. plays the following games at home:

Nov. 13—Holtville High.

Nov. 20—Isabella High.

Nov. 27—Maplesville.

The exact time will be announced later.

The Union-Banner is $1 a Year Now!

STATE SINGERS ELECT OFFICERS AT CONVENTION

A two-day session of the Alabama Singing Convention was held at the Lanier school building in Montgomery last Saturday and Sunday. At the business session Saturday Mr. Arthur Huestess was elected chairman to succeed P. B. Shaw, who has been serving for the past two years. Other officers for 1937 are:

Johnny Stamps, Birmingham, first vice president; W. O. Bozeman, Andalusia, second vice president; W. E. Matthews, Wedowee, third vice president; Carlos Barrentine, Jasper, fourth vice president; Mrs. H. R. Brantley, Georgiana, secretary - treasurer; the Rev. W. H. Lackey, Birmingham, chaplain.

Delegates from 38 counties from the Tennessee River to the Gulf of Mexico attended the meeting.

The attendance was said to have reached six or seven thousand, the largest assemblage of gospel singers ever to meet in Montgomery, and very probably in the entire state. Loud speakers and amplifiers enabled everyone in the building to hear all the singing.

Nearly a dozen of Dixie's most famous quartets took part on the program Sunday. They included the Vaughan Quartet from Lawrenceburg, Tenn., Morris-Henson Quartet from Atlanta, Stamps-Baxter from Chattanooga, Devaughn from Clanton, Capital Heights, Royal Four, the Titus Quartet, other groups from Centreville, Prattville, Selma, Birmingham, and Geneva County. The Cobb Sisters and Shaw Sisters, from Birmingham, constituted an attractive part of the program.

Outstanding composers present were A. M. Pace, B. L. Whitworth, J. R. Baxter, W. Lee Higgins, and J. M. Henson.

Forty-five minutes of the singing on Sunday afternoon was broadcast over the radio through Station WSFA.

The Union-Banner wishes to compliment Prof. W. M. Devaughn and his family quartet for the splendid representation of Chilton County which they furnished the convention. They did some of the best singing that was done, both before the convention and over the radio. Chilton County singers and music lovers are proud of the Devaughn Quartet.

SERVICES AT TEMPLE

Rev. A. T. Hickmon, pastor, is conducting services nightly at Temple church this week. Meetings will close Sunday night. All services at 6:30. Everybody is invited to attend.

BIRMINGHAM XMAS CARNIVAL TO BE HELD SOON

Birmingham, Ala. Nov. 10.—"Come to Birmingham and have the time of your life," City Commission President J. M. Jones, Jr., says in issuing an invitation to all of Alabama to visit the Magic City, November 26, 27 and 28 for the annual Birmingham Christmas Carnival.

"Our citizens committee has planned one of the most elaborate free entertainment programs in the history of the South," the City Commission head pointed out in issuing his formal invitation.

Clanton, together with forty other cities of Alabama, is asked to select her "Princes" to represent her at this Christmas Carnival.

A mammoth street parade, costing several thousands of dollars, with more than 20 elaborate floats will be one of the principal attractions. This parade staged before the glare of thousands of torches and searchlights will mark the official arrival in Alabama of the Christmas season.

Dozens of free sight seeing tours, visiting all the principal points of interest in the Birmingham district will be another feature of the free entertainment. These tours are being arranged by the Woman's Chamber of Commerce. Those planning to take one of the tours will have an opportunity to make resevation for their party in advance of their visit to Birmingham.

A great street dance with the finest of modern music will be held at the head of 20th Street, Birmingham's principal business street, and bordering to Woodrow Wilson Park. The King and Queen of Cheer and their court of princesses from Alabama cities will be honor guests at the street dance.

W. H. ROBINSON DIED AT JEMISON TUESDAY NIGHT

William Henry Robinson, age 76 years, died at his home in Jemison Tuesday night, November 10, at 10 o'clock. High blood prssure was attributed as the cause of death, which was very sudden.

Burial is to be at Providence, Beat 16, Thursday at 11 o'clock, with services conducted by Rev. R. M. Honeycutt. Spigener is in charge.

Besides his second wife, Mrs. Mary Roy Robinson, survivals are: one son —O. R. Robinson of Refuge community; six daughters—Mrs. Mose Thomas of Montgomery, Mrs. Mid Mims of Providence, Mrs. Etta Patterson of Tallassee, Mrs. Jule Aulford of Spigener, Mrs. Naomi Culver of Clanton, and Miss Alee Robinson of Jemison.

INEZ MIMS DIED

Inez Mims, age 11, daughter of Mr. and Mrs. Johnnie Mims, who live down near Higgins old ferry on the river, died at Central Alabama Hospital last Saturday afternoon. The remains were buried Sunday afternoon at Walnut Creek, J. T. Daniel conducting the funeral, assisted by R. L. Huffman. Martin & Sons were in charge.

AMERICAN EDUCATION WEEK

American Education Week is observed annually to inform the public as to the needs, aims and achievements of the schools. The general theme for the 1936 observance is "Our American Schools At Work." Suggested daily topics follow:

Monday, November 9 — The Story of the Schools.

Tuesday, November 10 —The Changing Curriculum.

Wednesday, November 11 — New Services to the Community.

Thursday, November 12 —The Unfinished Business of Education.

Friday, November 13 — Financing America's Schools.

Saturday, November 14 — Education For Physical Fitness.

Sunday, November 15 — Education For Character.

The observance of A. E. W. has become more widespread each year since its inauguration in 1921. A movement that causes six million adult citizens to visit the schools, carries a message of the schools to ten million laymen, and calls forth proclamations from more than 35 governors and hundreds of mayors, is a project which challenges the attention of the entire educational profession. These are but a few of the tangible results of the 1935 observance.

The public school system of the United States is one of its greatest economic enterprises. It is the major interest of one-fourth of the nation's population, including teachers and pupils. Such a far-flung public service calls for the interest and attention of every thoughtful citizen if it is to succeed in achieving its purposes in a democratic society. For this reason, A. E. U. is an occasion of special significance to the layman as well as to the educator.

At a recent meeting of the Clanton Grammar School P.-T. A. the following officers were elected:

President — Mrs. J. W. Hayes.

1st Vice President — Mrs. Omar Reynolds.

2nd Vice President — Mrs. Dewey Rockett.

Secretary - Treasurer — Mrs. Ed Glasscock.

Following are the committees which will serve this organization for the year 1936-1937:

Program Committee — Mrs. Joe Mullins, Mrs. Eric Hart, Mrs. J. W. Stewart.

Finance Committee — Mrs. Dewey Rockett, Mrs. Grover Walker, Mrs. John Kimmey, Mrs. M. Lande, Mrs. Charles Wade.

Publicity — Mrs. Willie Newell.

Membership — Mrs. Horace Popwell, Mrs. Dave Boyett, Miss Bertha Margolis.

Legislature Meets Monday, Nov. 23

Gov. Bibb Graves Sets Date, But Will Not Issue Formal Call Until Next Week. More Taxes Expected.

Montgomery, Nov. 14.—Gov. Graves revealed today that he will call a special session of the Alabama Legislature to convene Monday, November 23.

The governor's announcement followed two weeks of conferences with leaders of legislative factions and his own supporters. He did not reveal his legislative program through which he expects to raise revenue.

He made public a letter to be sent today to members of the legislature. It said:

"For your information let me say that I shall call for a special session of the legislature to convene Monday, November 23.

"I am giving you this information in advance of an official call in order that you may have time to arrange your affairs for the special session and also in order that you may begin advertising of any local bills that you would like to introduce."

He told newspapermen he had not completed his legislative program, and that he would continue conferences next week with legislative leaders.

GRAVES STUDIES FORM OF TAXES

Exemption Of Foodstuffs Gets Cool Reception From Foes

Montgomery, Nov. 17.—Governor Graves was still undecided today on whether to include in his legislative call a one and one-half per cent gross receipts tax with no exemptions or a 2 per cent levy exemption on foodstuff.

Advisers with whom he conferred Sunday and yesterday were cool toward exemption of foodstuffs. They fear the exemption list may constantly grow.

The governor planned to see from five to 10 legislators a day during the remainder of the week, leading up to the convening of the lawmakers Monday. However, these conferences were expected to have little effect on his plans to include in his program an exemption of homesteads up to $2000 in value from ad alorem taxation and a state liquor store proposal.

HOPES FOR REPEAL IN STATE GAIN

Graves Asks Groups To Agree On Shares of Tax Receipts. Spokesmen Called For Conference.

Montgomery, Nov. 17.—Hopes of repealists for legalization of whiskey, wine and beer in Alabama soared on Tuesday after a request from Gov. Bibb Graves for counties and cities to agree on a share of receipts in the event of legalization.

The governor called spokesmen for the Alabama League of Municipalities and the Alabama Association of County Commissioners, into his office and outlined his plan for division of possible receipts on a 60-40 basis between the state and the counties and cities.

He said that legalization of liquor under state store system would bring in proceeds of $2,500,000 and that he favored retaining $1,500,000 for the state and dividing the remaining $1,000,000 between the counties and cities.

Late Tuesday afternoon Sen. J. Miller Bonner, of Camden, militant dry leader of the legislature, conferred with the governor, but no comment was available on their conference.

Before entering the governor's office, Sen. Bonner referred to the governor's statement to county and city spokesmen, and said: 'I have no interest whatever in the division of proceeds. I am against having liquor at all.

'I have always stood against legalization of whiskey in Alabama, and I am more firmly opposed to it than ever.'

NEGRO QUARTET COMING TO CLANTON NOV. 24

A male quartet from Tuskegee negro institute will render a program at the court house on Tuesday night, November 24th at seven o'clock. This is said to be one of the best quartets in the South. Come and enjoy this program.

Proceeds will go for the benifit of Concord School.

CLANTON CASH STORE OFFERING CASH FOR ELEGANT FLOUR SACKS

Clanton Cash Store is, beginning this week, making a very attractive offer to churches and any civic or community organizations, in which such bodies have the chance of raising some money. The offer is that this store will pay cash for all empty Postel's Elegant flour sacks returned to that store.

The offer is not for individuals, but for churches and organizations. Such body should select one certain person to handle the affair. All sacks should be gathered up by this person and brought in to the store—several at a time.

If your church or organization could use some ready cash, this is the plan whereby it may be raised pleasantly. Turn to the adv. of Clanton Cash Store on the back page of this paper, and read all the particulars of the plan which they offer, the amounts they pay, Etc.

SEVEN PRECINCTS GIVE REPUBLICANS MAJORITIES

In the sweep that carried Chilton County totally into the Democratic column on November 3rd, there were seven voting places in the county that stood pat as in days of yore, giving the Republicans substantial majorities. These precincts were: 2-1, Jemison; 6-2, Enterprise; both 9-1 and 9-2, Thorsby; 11, Cane Creek; 12-1, Mineral Springs; and 12-2, Union Grove.

HOMEMAKERS CLASS WILL MEET FRIDAY

Mrs. Ezell's Sunday school class will have its regular business and social meeting Friday, November 20, at 2:30 o'clock. The meeting will be held at the home of Mrs. Vivian Klinner. The subject of the program will be Margaret Mitchell's book, 'Gone With The Wind.' All members are urged to be present.

CHARLIE BELL FOUND TRIPLE HICKORY NUTS

Somebody summed up the year 1936 by saying that it would go down in history as the year of twins. There have been reports of twin animals of all descriptions, and numbers of fruit-bearing and vegetable-bearing plants have come forth with their twins. The Union-Banner has received twin ears of corn, twin bolls of cotton, twin melons, and numerous other kinds of doubles.

But Mr. C. O. Bell of near Lomax does the twin idea one better, and brings us in triplet hickory nuts, all three grown in one covering. One of the nuts was mashed flat, but the other two are about normal size.

CLANTON MOTORS PLEASED WITH NEW CAR SHOWING

Hundreds and hundreds of people visited Clanton Motors last Saturday and inspected the new Ford V-8. Messrs. Littlejohn and Burnett of that hustling establishment want to express their appreciation for all who came and looked the new car over.

And incidently, Messrs. Burnett and Littlejohn say that another pleasing part af the performance is that they have booked a large number of orders for new cars. They are kindly jittery about deliveries, however. But that phase of the business will be taken care of in due course of time. The new cars will be forthcoming, that is a certainty.

Can Mr. Roosevelt Balance The Budget

Can the Democratic Administration Overcome Great Obstacles In Way?

President Roosevelt is preparing a budget for the Goverment's next fiscal year in which, officials say, cash outgo and cash income can be in balance.

Present estimates are that actual cash expenditures for the twelve month period beginning next July 1 can be held under $6,500,000,000.

Revenue estimates suggest that the Government's income from taxes, including payroll taxes to support the old age insurance system, will be near the $6,500,000,000 figure.

The prospective expenditures are based on the expectation of a substantial reduction in the outlay for relief in the period beginning next July.

The prospective receipts are based on official estimates of at least a 10 per cent increase in business activity during the next year.

Both estimates on which officials now are working leave out of consideration two factors that could quickly cause their upset, just as the President's budget for the present fiscal year was upset. Those two factors are:

1. A. chance that Congress will vote substancial sums to be used in a government housing program and a government program of assistance to farm tenants who want to become farm owners.

2. A. chance that the Supreme Court may upset payroll taxes that underlie the new social security system and that are to be collected starting next January 1.

Recovery and relief expenditures are in line for close scrutiny and sharp reduction, according to present prospects.

Total outlays in this field of Government spending are expected to total $2,350,000,000 for the present fiscal year. This total includes $500,000,000 which the Bureau of the Budget thinks may be needed to carry relief agencies through the last months of the fiscal year and which Congress will be asked to provide.

But in this total will be an item of about $300,000,000 to finance drought relief, which is not expected to be required in another year. By cutting down on the WPA and the PWA programs as recovery proceeds, officials think that they can pare the recovery and relief outgo to a billion and a half.

Then what of income to offset the outgo?

DUNAN-PIERCE

Mr. and Mrs. Lucien C. Duncan announce the engagement o' their sister Dorothy, to Harvey A. Pierce, Jr., the wedding to be at an early date.

FOES OF TAXES TO RALLY IN MONTGOMERY

Apperson Announces Meeting of Sales Tax Opponents In Montgomery on Monday, November 23.

A meeting of county and state officials of the Consumers Anti-Sales Tax Association in Montgomery on November 23 was announced Monday by B. C. Apperson, executive secretary of the association. The meeting will be held at the Whitley Hotel, where headquarters will be opened for the week, Apperson said.

"We have called a meeting of the county unit chairmen, members of the county executive boards and others to lay plans to fight the adoption of a sales tax or other unjust taxation by the extra session to be called next week by Gov. Graves," Apperson said. "Jeff Beeland, our campaign manager, will make a full report of the activities of the organization in our effort to thwart the attempt to assess more taxes on the people of the state."

Denies Diversion Plan

Apperson said there was a clear attempt by administration leaders to cloud the taxation question by insinuating those who demand economy are making an effort to divert gasoline taxes to the use of schools. He said his association ha dnever went on record on this question, and that he thought it was a far cry from the issue at hand.

"The issue is plain and any attempt to cloud the facts by administration leaders is an indication they wish to unload a sales tax on the people of Alabama in order to spend more millions in building up a political machine. Until we are convinced that economy is being practiced by the administration we shall resist any attempt to place more taxes on the people."

FINE TURNIPS FROM JIM SHORT

The Union-Banner received from Mr. J. W. (Jim) Short, of Maplesville Route 2, last week a fine bunch of turnips. There were three in the bunch, and was enough for three fine messes. We thank our good friend very much for these nice turnips.

NATIONAL CONVENTION OF SINGERS TO MEET IN B'HAM

Will Organize At Meeting In Acipco Which Convenes November 21-22.

What is hoped to result in the greatest singing venture ever attempted in the country was conceived at the Alabama State Convention of Gospel Singers at Gadsden last year. The second step toward this goal will be the first national convention to be held at the Acipco Y building the fourth Sunday in November and Saturday before. There will also be a Staurday night session.

Prof. A. M. Pace, of Lawrenceburg, Tenn., has been chosen as temporary chairman of the convention. The committee will consist of J. R. Baxter, W. Lee Higgins, Odis McCoy, J. M. Henson, W. M. Ramsey, E. M. Bartlett, Theodore Sisk, and W. P. Ganus.

The organization of the convention will be completed at the Acipco meeting, and a place set for the 1937 meeting.

A great crowd of singers and a number of quartets are expected at this convention on November 21 and 22.

R. O. NEIGHBORS DEAD

Rasco Owen Neighbors, age 50 years, died at his home in Clanton last Thursday morning. The funeral was held Friday afternoon at Andrews Chapel, at Hanover in Coosa County, Martin & Sons in charge. Services were conducted by Dr. S. J. Ezell, assisted by Rev. Pinson. The Masonic fraternity presided at the burial.

The deceased was a native of Coosa county, having been a former sheriff of that county. He came to Clanton about two years ago, and since that time has been dispensing Rawleigh products in this territory.

Surviving is his wife, Mrs. Vera Fulmer Neighbors; two sons, John of Rockford, and Fulmer of Clanton; two daughters, Misses Bertha and Martha Sue, both of Clanton.

Since coming to Chilton County Mr. Neighbors and his family have built for themselves a wide circle of friends. He was an enterprising business man and a fine citizen. We regret very much to report his parting from us.

NOW, ALL TOGETHER, PULL!

SINGING AT CLANTON COLORED CHURCH NEXT FRIDAY NIGHT

Prof. E. C. Davis of Chicago will sing at the Union Baptist church, colored, west end, Friday night, November 20, at 8 p.m. No admission. See one of the solicitors and give your donation. Special seats will be reserved for our white friends. Prof. Davis will be remembered from 3 years ago, during the musical association. — A. Edward Banks.

CARL JONES MARRIED

The Union-Banner has been informed of the marriage of Mr. Carl Jones to Miss Margarette Suttle, the wedding taking place on October 31. Mr. Jones is the son of Mr. and Mrs. Jno. C. Jones of Clanton. The young couple visited Mr. and Mrs. Jones last Sunday. They will make their home in Birmingham, where Carl is connected with the sales force of the E. L. Klinner Furniture Co., of that city.

COBB SISTERS TO BE AT COLLINS CHAPEL NEXT SATURDAY NIGHT

The Cobb Sisters quartet, from Birmingham, will put on a concert at Collins Chapel schoolhouse Saturday night, November 21st, beginning at 7:30 o'clock. There will be one and one-half hours of laughs--quartet singing, duets, solos, folk and tap dancing in custume; funny negro and Italian dialect reading, acrobats of the mat, blackface and other comedy skits and playlets. Acrobatics by Dib Carleton.

All are invited, with the assurance that they will enjoy the program. Proceeds will go to Collins Chapel school.

IDEAL BARBER SHOP OPENED WITH A BANG

Mr. Dewey (Catfish) Eubanks, of the new Ideal Beauty and Barber Shop, announces that this new place of business had a most sensational and satisfactory opening last Saturday. Much more business than the two chairs could accommodate came for hair cuts and shaves, but the two barbers, Messrs. Eubanks and J. D. Wesson, turned out an astonishing number during the day.

Likewise, the beauty shop side of the place, under the management of Mrs. Elizabeth Golson, assisted by Miss Jerry Freeman, enjoyed a fine business too, they having given a record number of permanents and other beauty treatments for the first day of a new shop.

Mr. Eubanks attributes the unprecedented success of the opening to the attractive prices offered, and lastly, but not least, to the fact that it was thoroughly advertised. Mr. Eubanks is an ardent believer in advertising, and he puts his belief into practice.

A famous Clantonite once established the slogan, "advertise what you do, and do what you advertise," and this seems to be a pretty good motto for a business to adopt in these modern times of hustle and bustle.

CHILTON HIGH TEAM PLAYS ISABELLA HERE FRIDAY

The Chilton County High School plays the following games at home in this order:

Nov. 20—Isabella.
Nov. 27—Maplesville.

The exact time for the game Friday will be announced later.

BANNER WILL COME OUT ONE DAY EARLY NEXT WEEK

Next Thursday, November 26th, being Thanksgiving Day, The Banner will come out one day earlier than usual—on Wednesday instead of Thursday. For this reason, we are asking all correspondents and those wishing advertising space to do your do a day or two earlier than you would otherwise. This is very important.

We urge all to cooperate with us by getting your copy in just as promptly as possible. Don't forget, friends.

WIFE OF GEORGE SMITH DIED

Mrs. Macy Frith Smith, age 28, wife of George W. Smith, died at Central Alabama Hospital in Clanton on Friday, November 13, at 10 o'clock. Burial was at Randolph Sunday morning at 11 o'clock, Martin & Sons in charge. Services were conducted by Rev. G. G. Williams.

Besides her husband and one small son, Mrs. Smith is survived by her father and mother, Mr. and Mrs. Tom Frith of Randolph. There are five brothers — Milton and Duff of Randolph, Ben of Perry County, Freeman of Vance, Ala., and George of Gadsden. There are six sisters—Mrs. Sadie McGee, Mrs. Essie Payne, and Mrs. Annie Ferguson of Randolph, Mrs. Burlie Milstead of Centreville, Mrs. Dee Bearden of Maplesville, and Mrs. Katherine Rife of Montevallo.

Miss Macy Frith was married to George W. Smith on March 23, 1926. One son was born to them, Louis Carlton, age 6 years.

POLK BROTHERS OFFER SPECIAL USED CAR BARGAINS

According to Geo. C. Polk, sales manager for Polk Brothers Motor Co., local Chrysler-Plymouth dealers, the wonderful reception of the new 1937 'Safety Styling' Plymouth has enabled them to trade for several late model used cars of popular makes at prices that enable them to offer you some very attractive buys in used cars.

According to Mr. Polk, their used cars are all thoroughly checked by expert mechanics, and then road tested by himself, personally, and then priced just as low as possible for quick sale.

You will find a list of their this week's bargains elsewhere in this paper. Mr. Polk says don't buy any used car anywhere until you have seen and priced theirs.

Western Associate Store Opens Here

Is One of A Nationally Known System Of Auto Supply Stores Over U. S. A.

The Western Auto Associate Store will open in Clanton within the next few days, probably by Saturday of this week, if all the fixtures, Etc., arrive in time to be installed. At any rate, it will be open for business within a few days.

The location will be in the building formerly occupied by Chilton County News, next to Hayes Chevrolet Co. The owner of the business is Mr. Claud C. Craig, who comes here from Birmingham. Although Mr. Craig is the owner of the concern, it will be associated with the Western Auto Supply Company, pioneers in this line of business.

Mr. Craig, with his wife, will make their home in Clanton, and will move here at an early date.

The stock of goods will include the latest fads in auto supplies, accessories, radios, bicycles and other items in this line of merchandise. A representative of the Western Auto Supply Company, of Atlanta, has been in Clanton most of this week, assisting in installing the fixtures, Etc.

Most car owners in this vicinity are familiar with the Western Auto Supply Company, of Kansas City, Mo., because this is the firm that used to send out so many of the little catalogs known as 'Auto Owners Supply Book' offering attractive prices on practically everything needed for an automobile. It is the oldest and largest organization of its kind in the world, having been founded in 1909, and is now operating more than 170 stores all over the United States.

This company is now co-operating with individual merchants throughout the country to enable them to offer the public merchandise with an established reputation for quality and money-saving prices that would be impossible without the big company's buying power.

The new store in Clanton will be open for business the last of this week, but Saturday, November 28th, will be official opening day, and Mr. Craig promises to have special prices on a number of popular items in honor of the occasion.

THANKSGIVING SERVICES AT WALNUT CREEK CHURCH

There will be Thanksgiving services at Walnut Creek church on Thuraday, November 26, beginning at 10:30 o'clock. Everybody is invited to come and bring dinner. There will be preaching at 11 o'clock, and the rest of the day will be devoted to talks by various ones on subjects relating to Thanksgiving.—J. W. Enfinger, pastor.

Work Progressing On Local Airport

Large Hangar Now Being Constructed, and Grading of Surface is Being Brought Near Completion.

Work is steadily going forward on Clanton's airport, officially called Gragg Field. The foundation has been poured for the large hangar, and the brick walls are being erected. The work of building the hangar is under the supervision of Mr. J. W. Thompson; the other work of moving dirt, digging ditches, clearing the land, Etc., is still being supervised by T. G. Wyatt, who has handled this phase of the construction from the beginning of operations over there.

The general appearance of the field has taken a most pleasing appearance since the new territory has been brought in and leveled up. North and south the field is about 2,250 feet, or over half a mile, while east and west it is nearly 3,150 feet. In the geographical center of the field are four concrete pavement markers emanating from a large circle, pointing out the direction of the landing runways, which are north-west and south-east. Of course, the field is so constructed that landing may be accomplished anywhere on the field regardless of runways.

In the parts of the field where the grading is completed, the ground has been sodded with Bermuda, which is taking root and will soon have the surface covered with a fine downy covering.

The hangar is being built on the south edge of the field about half way from the center to the south-west croner. This location was selected on account of it being out of the way of approaching or departing planes, and also there is an abundance of parking space for automobiles in this vicinity.

The hangar will have a frontage on the north side of eighty feet and a width of sixty feet. The walls will be 19½ feet high. A carload or two of brick for the walls is now piled up on the site ready for use.

Community Swimming Pool

It is the hope of those interested in the venture that a community swimming pool may be built some time in the near future. As pointed out, a splendid location for this would be just down the creek from the hangar. Not much excavation would be necessary at this point—only the cement walls would have to be built and a little dirt filled in on the sides. Abundance of water could be obtained from two or three different sources. Of course, it would have to be filtered, whether it came from a well, the creek or from one of the ever-flowing branches.

It is sincerely hoped that this swimming pool idea will eventually materialize—and that before long—because a nice swimming poll is something that Clanton needs, and something that will be utilized by and of benefit to a great number of people.

And the plan of the road from Reynolds Addition over to the south side of the field is another feature that should be stressed very forcibly. This would make the port much nearer to Clanton, and would generally help the looks and facilities of that section of the city. This road should certainly be put through there without fail.

The time is not far distant when all of Chilton county will be proud of Gragg Field and when we will all appreciate the efforts of those local citizens and officials who have been so instrumental in bringing it to us. It will some day be the just pride of Chilton County and of central Alabama, and that day is not so far distant in the future.

SPANISH WAR VETS TO MEET AT COURTHOUSE

There will be a business meeting of the Spanish-American war veterans at the courthouse next Sunday afternoon at 2 o'clock. All members of the Chilton County post are urged to attend.—Jeff Best, Adjutant.

CHEVROLET WONDER SOUND MOVIES ON WHEELS COMING

The Chevrolet theatre on wheels is coming to Clanton, under the sponsorship of Hayes Chevrolet Company, local dealers. It will be here Saturday of this week, November 21st, and will make two exhibits during its visit to our city. One show will be at 2:30 and the other at 7:00; and it will be all free to everybody. An invitation is extended to all to "See and hear this wonder on wheels, a program of interesting and exciting talking motion pictures."

This theatre on wheels is said by Dick and Jack Hayes to be the most unusual thing ever seen or heard on the streets of Clanton, and these two enterrising young business men invite their friends to come to see them Saturday and make investigations.

Turn to the Hayes adv. elsewhere in this issue of the Union-Banner and get all the particulars of this unusual free show and then come out Saturday afternoon and see it for yourself.

CHILTON COUNTY COTTON REPORT

There were 15,953 bales of cotton, counting round as half bales, ginned in Chilton County from the 1936 crop, prior to November 1, 1936, as compared with 12,892 bales ginned to November 1, 1935. These figures are given out by the Department of Commerce.

TIME TO KILL!

Now, as you put your Corn in the Crib, is the best time to Treat it with Carbon Disulphide, to Kill the Weevils. Give us the dimensions of your corn crib, and we can tell you just how much you need. Price, $2.00 a gallon.

"CLOSED LIPS" TO BE PRESENTED AT COLLINS CHAPEL FRIDAY, 20th

The P.-T. A. of Collins Chapel presents the C. D. C. Players in "Closed Lips," a comedy drama in 3 acts, starring Nell Traywick, John Culver, with Sara Crim, Harry Anderson, E. K. Woods, Lucile Traywick, Gordon Williams, Lola Bean, Doris Tomlin, the Shirley Temple of Alabama, and Walter Eason.

A prison term served by an innocent man, John Clay, played by Walter Eason, to gain the love and respect of his only son, Bart Clay, played by John Culver. He must keep his lips closed; if he talks it will bring more unhappiness to his son, but Star, played by Doris Tomlin, the Shirley Temple of Alabama, helps to bring the story to a never-to-be-forgotten and loved ending.

Collins Chapel, Friday, November 20, at 8:00 p.m. Admission 10c and 20c.

Mr. Ed Hammonds was in Clanton Tuesday, November 17 th,

IMPROVED UNIFORM INTERNATIONAL
SUNDAY SCHOOL Lesson

By REV. HAROLD L. LUNDQUIST, Dean of the Moody Bible Institute of Chicago
© Western Newspaper Union.

Lesson for November 22

AN AMBASSADOR IN CHAINS

LESSON TEXT—Acts 23:16-24, 30, 31; Romans 5:6-11.

GOLDEN TEXT—I can do all things through Christ which strengtheneth me. Phil. 4:13.

PRIMARY TOPIC—In the World's Greatest City.

JUNIOR TOPIC — An Ambassador in Chains.

INTERMEDIATE AND SENIOR TOPIC —A Prisoner Speaks for Christ.

YOUNG PEOPLE AND ADULT TOPIC —Chained But Not Silenced.

The rescue of Paul from the Jewish mob by the Roman authorities resulted in consideration of his case on their part to determine what manner of man he was, and why his words and actions provoked such violent reactions among the Jewish subjects of Rome in Judea. When it appeared that Festus, who was procurator, was inclined to turn him over to the Jews at Jerusalem, Paul, knowing of their hatred, makes

I. An Appeal to Caesar (Acts 23:16-19).

It was an act of great significance, and largely determined the course of Paul's life and ministry until his death. It is a question upon which there is no little difference of opinion whether Paul was right in making this appeal. Perhaps Dr. G. Campbell Morgan has best gathered up the truth of the matter in saying, "His way was that of an attitude revealing for all time what the duty of the Christian man is—to be true to his Lord, to be true to his conscience, to be loyal to the powers that be, and to make his appeal to them where necessary, for protection, in order that he may continue his work in accordance with the will of his Lord." Paul made no appeal to save his own life, but he did want to continue his ministry. And this he was permitted to do, for after he had come to Rome we find him to be

II. A Prisoner Preacher (vv. 20-24, 30, 31).

He was chained, but not silenced. He was anxious that those in Rome should "see" and "speak with" him (v. 20). They knew of the Christian "sect" only by rumor as one "which everywhere is spoken against" (v. 22). He now proclaimed the truth to them, and with what results? "Some believed . . . and some disbelieved" (v. 23). Again, we see that the greatest of all preachers met just the same encouragement and discouragement that we face.

The witness and messenger is not judged by the success that crowns his efforts, but by the faithfulness with which he discharges his duty. Let us not condone our own carelessness or inefficiency by saying that even Paul was unsuccessful; but if we have been faithful and diligent, let us be encouraged even though some disbelieve.

Verse 30 indicates that Paul either had a large measure of liberty, being permitted even as a prisoner to dwell in a private house, or that he was tried and acquitted and continued to work in Rome for a period of years. Whichever may be true we cannot but admire the faithful testimony of this man upon whose body time and trials had borne heavily, but whose spirit was as young and as powerful as the message he presented. And what was his message? We find it in his epistle to the Roman church. It was

III. Justification by Faith (Rom. 5:6-11).

Christian men and women are those who were weak (v. 6), ungodly (v. 6), unrighteous sinner (v. 7, 8), and enemies of God (v. 10). But having been justified by his blood (v. 9), they are "saved" (v. 9). What a beautiful word—"saved!" Brought back to God, "reconciled to God through the death of his Son" (v. 10), we are indeed saved if we have accepted him as our Saviour.

This was Paul's message, and it is our message to a lost world.

Count Your Mercies

Be on the lookout for mercies. The more we look for them the more of them will we see. Blessings brighten when we count them. Out of the determination of the heart the eyes see. If you want to be gloomy, there's gloom enough to keep you glum; if you want to be glad, there's gleam enough to keep you glad. Say, "Bless the Lord, O my soul, and forget not all his benefits." Better lose count in his enumerating your blessings than lose your blessings in telling over your troubles. "Be thankful unto him and bless his name."—Maltbie D. Babcock, D. D.

A True Life

One truly Christian life will do more to prove the divine origin of Christianity than many lectures. It is of much greater importance to develop Christian character, than to exhibit Christian evidences. —J. M. Gibson.

Power of the Spirit

The spirit of a person's life is ever shedding some power, just as a flower is steadily bestowing fragrance upon the air.—T. Starr King

Mr. Aubrey Taylor attended the Auburn-L. S. U. football game in Birmingham last Saturday.

"I was run-down—

"... looked pale ... lacked a keen appetite ... felt tired ... was underweight."

"What did I do?"

"MY intuition told me I needed a tonic. Naturally, I am happy and grateful for the benefits S.S.S. Tonic brought me."

You, too, will be delighted with the way S.S.S. Tonic whets up the appetite...improves digestion ... restores red-blood-cells to a healthier and richer condition.

Feel and look like your old self again by taking the famous S.S.S. Tonic treatment to rebuild your blood strength... restore your appetite...and make better use of the food you eat.

S.S.S. Tonic is especially designed to build sturdy health...its remarkable value is time tried and scientifically proven... that's why it makes you feel like yourself again. Available at any drug store.

©S.S.S. Co.

BOB JONES

COMMENTS ON HERE AND HEREAFTER.

Some time ago, Lord Beaverbrook, who is known as the "Heart of England," and who is the owner of the "Morning Express of London, with a circulation of two million, said, "The highest kind of power, the supreme source of satisfaction—better than money or temporal authority, is the power to do good. My enemies say that I have used my power to do much evil, and I am content to leave this charge as a matter of opinion.

"But this I do know, that the power to do good and the exercise of that power are in their essence the highest of all realities and bring in their train the most enduring pleasure.

'The evangelist is the man who had the greatest capacity for doing good, and, therefore if I was in a position to influence the life of a sincere young man today I would say to him, "Rather choose to be an evangelist than a cabinet minister or a millionaire.'

"When I was a young man, I pitied my father for being a poor man and an humble preacher of the Word.

"Now that I am older I envy him his life and career." Lord Beaverbrook learned what a great truth men have learned in the business world and that is that material things cannot satisfy the heart of man. Some of the happiest people the writer has ever known have been humble, faithful ministers of the Gospel and mission workers.

The writer is not very enthusiastic about the motion picture actresses and actors of this country, but once in a while, he is impressed by certain things said by these actors and actresses. It seems such a pity that the theatrical leaders of this nation do not use their talents for the glory of God and the spiritual development of men and women. Recently, Marlene Deitrich said, "I am taking my daughter, Maria, to England to put her in school. The American schools are too soft." Marlene Dietrich is right. The way we are coddling the young people of this nation instead of helping them is injuring them. The muscles of their soul will be flabby. The backbone of their character will be weak. Me need in this nation a more rugged educational system. As the writer has said many times, Jesus Christ never offered men an easy life. He offered men an opportunity—an opportunity to serve and an opportunity to die for the right. The men that followed Jesus may have had their weaknesses, but no ordinary man would accept the challenge that Jesus made. His call to do great things was never given to weak men. Peter was impetuous. He would go off at a tangent, but he had force and determination. He knew how to endure hardships. After Pentecost touched his life, he demonstrated what a man filled with the Holy Spirit can do. No more courageous sermon was ever preached than the sermon Peter preached the day the Holy Ghost came down and gave him a tongue of fire.

P. M. MARTIN

I wish to thank every one of you, my friends for the support you gave me and our party in the November 3rd election, although we were defeated. We can say with pardonable pride that we fought a wonderful fight and fought it fair. It never hurts as bad to lose if you can lose with a clean conscience.

So, don't lose faith in our grand old party. We will pull her up on solid ground just as we have in the past. Thanking you again for your support.—P. M. Martin.

Rev. J. Robert Bean, of Bessemer, pent a few days recently with relatives and friends in Clanton.

State Capitol News

Montgomery, Nov. 16.—The long anticipated special sesion of the Legislature will convene next Monday, November 23, to tackle the problem of raising sufficient revenue to provide a minimum school term of 7 months for the departments of public health and welfare.

Earlier in the week Gov. Graves assured a group of prohibition leaders that he will stand by the principles contained in his campaign platform with regard to modification or repeal of the State's 20-year-old dry laws. This was interpreted as meaning he would oppose any plan to change the prohibition laws unless approved by the people at the polls in a referendum.

Alabama"s highway department would be destroyed and the State's 250,000 motorists would bump over disintegrating roads and through mud bogs if the Legislature should seriously consider the recommendations of some of the so-called "economy bloc" lawmakers who conferred with Governor Graves last week, according to a statement released today by S. E. Mary, president of the Alabama Automotive Trades Association.

"Acknowleding the acute need of additional funds to maintain a minimum school term of seven months some of these lawmakers propose to divert gasoline tax receipts to the schools," Mr. May pointed out.

Mrs. T. E. Wyatt spent the day in Birmingham Tuesday, November 17.

THE LIFE TEST OF CHRISTIANITY

Here we give six reasons why we believe and teach that missions is the life test of Christianity. More than 40 slides, describing mostly Bible scenes, are used as illustrations. This is the most interesting collection of pictures we have shown.

These pictures will be shown by Rev. Paul Oden at Pates Chapel on Thursday night, November 19. If you have not heard Rev. Oden lecture on these pictures you will certainly miss something worth while by not coming and seeing these pictures and hearing this splendid speaker.

NOTICE TO CREDITORS OF FIRST MEETING

In the District Court of the United States for the Middle District of Alabama, In Bankruptcy. In the matter of: M. O. Baker, Bankrupt, of R. F. D. No. 3, Clanton, Chilton County, Alabama.

The aforesaid party having been adjudged a bankrupt, under the Act of Congress entitled, "An Act to Establish a Uniform System of Bankruptcy throughout the United States," approved July 1st, 1898, meeting of the creditors of said bankrupt is called at the office of the undersigned Referee, in the United States Court House, Montgomery, Alabama, on the 25th day of November, 1936, at 10 o'clock, A. M., to make proof of debts, and for the election of a Trustee, and such other matters as are necessary and required by the Act of Congress aforesaid.

Montgomery, Alabama, November 11, 1936.
J. O. MIDDLETON,
Referee in Bankruptcy.

PRIMARY TOPIC—In the World's Greatest City.

JUNIOR TOPIC — An Ambassador in

'I was run-down—

"... looked pale ... lacked a keen appetite ... felt tired ... was underweight."

"What did I do?"

MY intuition told me I needed a tonic. Naturally, I am happy and grateful for the benefits S.S.S. Tonic brought me."

You, too, will be delighted with the way S.S.S. Tonic whets up the appetite...improves digestion ... restores red-blood-cells to a healthier and richer condition.

Feel and look like your old self again by taking the famous S.S.S. Tonic treatment to rebuild your blood strength... restore your appetite...and make better use of the food you eat.

S.S.S. Tonic is especially designed to

State Capitol News

Montgomery, Nov. 16.—The long anticipated special sesion of the Legislature will convene next Monday, November 23, to tackle the problem of raising sufficient revenue to provide a minimum school term of 7 months for the departments of public health and welfare.

Earlier in the week Gov. Graves assured a group of prohibition leaders that he will stand by the principles contained in his campaign platform with regard to modification or repeal of the State's 20-year-old dry laws. This was interpreted as meaning he would oppose any plan to change the prohibition laws unless approved by the people at the polls in a referendum.

THE LIFE TEST OF CHRISTIANITY

Here we give six reasons why we believe and teach that missions is the life test of Christianity. More than 40 slides, describing mostly Bible scenes, are used as illustrations. This is the most interesting collection of pictures we have shown.

These pictures will be shown by Rev. Paul Oden at Pates Chapel on Thursday night, November 19. If you have not heard Rev. Oden lecture on these pictures you will certainly miss something worth while by not coming and seeing these pictures and hearing this splendid speaker.

NOTICE TO CREDITORS OF FIRST MEETING

One truly Christian life will do more to prove the divine origin of Christianity than many lectures. It is of much greater importance to develop Christian character, than to exhibit Christian evidences. —J. M. Gibson.

GRASS IS NATURE'S MILK-MAKING GIFT

"Milk-making pasture is nature's gift to the dairymen," says W. R. Arends, well-known Purina dairy authority. Dairymen are always anxious to see spring grass, for they know they will see its effect in a fuller milk pail.

"Frequently, though, pasture gets dairymen into trouble," Arends points out. "They expect too much of it. As a matter of fact, they depend on grass to do the entire job of feeding cows. For a while, they get plenty of milk, but as the pasture season goes on the cows gradually become run down in condition. The result is that when fall rolls around the cows are not only down in flesh but off in milk production. It usually requires double the amount of grain to get them built up again.

"There is, however, a right way to take advantage of Nature's gift. First of all, cows should not be turned out on the young grass too soon. Give the grass a fair chance to get well rooted to withstand the trampling of the cows and furnish an abundance of nutrients for a longer stretch of time.

Keep Up Body Weight

"Another thing," says Arends, "with his cows on pasture the wise dairyman feeds just enough of a balanced grain ration to keep up the body weight of his cows. Usually the amount is only one-half the amount fed in winter with dry roughage. Handling cows this way keeps them up in body weight and assures good milk production in the fall when prices are highest."

In talking about actual tests of feeding cows on pastures, Arends cites research work done at the Purina Experimental Farm in Gray Summit, Mo. He tells of cows eating 40 to 50 lbs. of green grass daily, but getting no grain, losing 200 lbs. of body weight in 3 months' time. On the other hand, cows given a balanced grain ration to supplement their pasture actually gained in weight and held up in milk production."

While on pasture, light breeds such as the Jersey and Guernsey, should get 1 lb. of grain for each 6 lbs. of milk and the larger breeds should get a pound of the grain ration for each 7 to 8 lbs. of milk, according to Arends. He points out that as the pasture gets shorter the grain ration should be stepped up.

Dry Pastures Need Help

"During hot weather or severe drouth, cows should be given a gallon of bulky-las night and morning, in addition to their grain ration." He says soaking it increases its succulence and advises the adding of 1 gallon of water to each gallon of bulky-las.

"In looking forward to the pasture season," Arends says, "Dairymen should keep in mind that pasture is either grass plus a balanced grain feed or grass plus cow flesh. It's far cheaper and safer to give cows a grain ration on grass right from the start than try to make up for the mistake later on when the cows become run down in condition."

PLAY AT PLANTERSVILLE NEXT FRIDAY NIGHT, 20th

The Senior II class of Dallas County High School at Plantersville will present a 3-act comedy, 'Aunt Samanthy Rules The Roost,' Friday, November 20, at 7:30 at the high school auditorium. Characters are as follows:

Aunt Samanthy Simpkins, an old maid, Vera Sewell; Serena Simpkins, her older niece, Jessie Finlayson; Sophie Simpkins, her younger niece, Minnie Lee Cox; Polly Paine, maid, Ersie Miller; Annie Ambrose, dressmaker, Ernestine Rush; Blanche Bowers, a woman of very few words, Ella Mae Davis; Lucien Littlefield, a farmer, Jack Barnes; Blair Boswell, likes Serena, J. W. Pickering; Frank Fairfield, likes Sophie, W. H. Harris; Lawrence Lovewell, a stranger, O. H. Lawrence; Buddy Baskins, grocery boy, James Murray Reynolds.

This is a very interesting and entertaining play. The public is invited.

MAPLE SPRINGS

Sunday school was well attended Sunday, with several visitors which we were glad to have. Are you attending Sunday school somewhere every Sunday? If not, you will find a welcome here.

The Rev. Paul Oden delivered a wonderful message Sunday morning at the 11 o'clock hour. All who heard him enjoyed it. And on Sunday night, he brought to us 'The Life Test of Christianity' in pictures and songs. I am sure everyone enjoyed this service and will welcome him back.

Mr. C. Ray Glenn and son, C. R., of west Clanton, were guests of Mr. W. F. Glenn and sons, Ottis and Arnold, last Sunday morning.

The fruit supper given for Mr. Joe D. Holley Saturday night at the home of his uncle, Lawton Wilson, was enjoyed by a large crowd.

Mrs. John Sorrell was the guest of her parents, Mr. and Mrs. Ellis Mims, last Thursday.

Mr. Tom Miller and son, Jerrell, were in this community last Wednesday and Thursday.

Mrs. Oliver Glenn spent last Thursday with her parents, Mr. and Mrs. O. L. Devaughn.

Mr. J. Z. Mims of Clanton was in this community last Tuesday afternoon.

Several from here attended the big whale show in Clanton last Thursday.

Messrs. W. F. Glenn and son, Ottis, and C. Ray Glenn and son, C. R., were in the White City community Sunday.

PLENTY OF WATER NEEDED BY CHICKS

Poultry Authority Advises Ample Hopper and Fountain Space for Results.

"Chicks need plenty of fresh, clean water," advises C. S. Johnson, head of the Poultry Department of the Purina Mills. "Provide a one-gallon drinking fountain for each 50 chicks. Keep the fountains filled at all times. To aid in preventing disease, add to each gallon of drinking water, one-half level teaspoon of Chlorena Powder, obtainable wherever Checkerboard feeds are sold.

"When chicks are 3 or 4 weeks old, they outgrow the chick size feed hoppers. These should be replaced with larger hoppers and more of them. A 4 weeks old chick is more than twice as broad as a baby chick, therefore it needs more than twice as much room. They need extra watering space at this age, too.

Provide a one-gallon drinking fountain for each 50 chicks. Keep fountains filled at all times.

"Keep feed hoppers and drinking fountains clean. Disinfect daily with a solution of 2 level measuring spoons of Chlorena Powder to 3 gallons of water. Lift the litter lightly with a fork at intervals during the brooding period so that dropings will sift to the bottom."

"Old litter should always be removed and the brooder house cleaned and disinfected with cre-so-fec solution before brooding a second lot of chicks in the same quarters."

J. Mell Martin went over to Coosa county last Saturday and supervised the burial of Robert E. Harris, age 67, of Equality.

Comfortable

—as your own home

OUTSIDE, the wind may be blowing a gale...the rain may be coming down in torrents...but in your "Home Sweet Home" on rails, you are snug—comfortable—*safe*.

It takes a lot of money to maintain this "home" for you—$40,000,000 per year for wages; $12,000,000 for materials and supplies; $4,500,000 for taxes; $4,000,000 for fuel.

These are just a few items of our carefully planned routine. But they are contributing to the welfare of your community and helping to make it a better place in which to live. We believe that's what constitutes being a good citizen—and that's what the L & N has tried to be for more than 85 years.

FRIENDLY L&N SERVICE

The L & N is your HOME SWEET HOME on rails

Revived Art of Designing Back in Homes Everywhere

Creation of Fascinating Animal Designs Adds a Refreshing Touch of Color and Originality to Homes.

The art of design sewing, which gradually vanished from the American home a few years ago, is now making its way back. With the revival of this once widely practiced art is coming many creations in novelty designs. Among them is the unique and artistic creations of gaily colored stuffed animals.

The material used is from cotton checkerboard feed bags. Designs are stenciled on the reverse side of the cotton material, cut out, stuffed and stitched. Little trimmings are added here and there to give the unique animal creations a radiant note of cheer and a colorful touch of individuality. Some of the picturesque combinations are reproduced here.

The sudden resurrection of needle and thread art work seems to have sprung from a scene in the motion picture, "Hidden Harvest," a romantic story of farm life. In one part of the picture, the girl of the farm hits upon the idea of designing these attractive and unique stuffed animal novelties from the feed bags around the place. The distinctive printed design of the checkerboard on the bags lent itself to the most unusual creations. They attracted attention and before long the girl found a satisfying income from the sale of these odd but charming and colorful animal creations.

Like the tune of a catchy song that spreads over the country, this revived art of cutout and designing has spread to homes, schools, clubs and church organizations of the land. Some of the creations are most unusual and are stirring widespread comment and admiration. There seems to be no end to the variety of designs and they can be found in almost every type of home, reflecting the spirit of originality and spreading a note of good cheer.

Thorsby Institute News

Next Saturday there will be one session of school, closing at 1:15.

A week from Thursday school will close for the day. There will be school on Friday.

On Saturday night of next week there will be the annual stunt night, each class providing one or more stunts.

Tuesday night in the auditorium the faculty entertained the parents and guardians of Thorsby Institute's regularly enrolled pupils and the music pupils not otherwise enrolled. Games were played. The following program was given: a talk, Miss Marian Fairbank; duet, Mrs. V. H. Sutlive and Mrs. H. R. Maddox; reading, Mr. V. H. Sutlive; pantomime, 'Princess None Such,' by faculty members and some of the parents. Refreshments were served toward the end of the evening.

Christian Endeavor News

The Christian Endeavor Society met November 15 at 6:30 in Helen Jenkins Hall. The leader, Ouida Wright, planned an interesting program on 'God Reveals Himself In Many Ways.' The following people took part: Robert Weems, Mary Christ, Margaret Golson, Chester Messer, Mae Anice Polk, and Thelma White.

The Society gave a social Saturday evening, November 14, at the home of Mr. and Mrs. E. W. Butler. This occasion was thoroughly enjoyed by all Mr. Sanford Kirkland, a Piedmont College graduate, was an invited guest.

Little Allan Moody of Birmingham is spending the week with Mrs. V. H. Sutlive.

Miss Lizzie Benson spent Monday night with Mrs. J. Leonard Hayes.

Basket ball game Friday night, November 20, at Thorsby between Thorsby Jr. High and Vermont, at 7:30. Admission price, 10c and 15c. Show the boys your spirit by coming out and seeing them beat Vermont.

BOX SUPPER

There will be a box supper at Mineral Springs Schoolhouse Saturday night, November 21. There will be music, a pretty girl cake, guess cake, Etc.

There will also be a quilt given away to the one with the lucky number. The proceeds will go for the benefit of the school.

Mr. H. H. Armstrong of Macedonia, was a visitor to Clanton Wednesday morning.

CEMETERY CLEANING AT COLLINS CHAPEL NEXT FRIDAY MORNING

Notice is given that the cemetery at Collins Chapel will be cleaned off next Friday morning, work beginning at 8 o'clock. Everyone interested in the cemetery is asked to come and help, bringing necessary tools.

University News

The annual assembly for pre-medical students was held at the University last week. Dr. Franklin S. DuBois, professor of anatomy, spoke on "Opportunities in Medicine". Dean Graves of the medical school and Dr. Jack Montgomery, professor of organic chemistry, also spoke.

Dean Moore will also preside over a meeting of Deans of Southern Graduate Schools, of which he is president. This meeting will be held in Richmond, Va., on December 4-5. The conference of deans will devote its time to a study and discussion of the problems of graduate work in the South.

The University ROTC unit participated in the Tuscaloosa Armistice Day parade last week. The Alabama unit formed on the University parade ground and marched to the flag pole in downtown Tuscaloosa. Charlotte Head, honorary cadet colonel, led the march.

PUBLICATION TO NON-RESIDENT

The State of Alabama, Chilton County. Circuit Court in Equity, October, 1936. Esther Irene Eaves, Complainant, vs. Gwin T. Eaves, Defendant.

In this cause it is made to appear to the Register by the affidavit of Grady Reynolds that the Defendant is a non-resident, and that his place of residence and post-office address is unknown, and that such address cannot be ascertained after reasonable effort; and, further, that, in the belief of said affiant, the Defendant is of the age of twenty-one years:

It is, therefore, ordered by the Register that publication be made in The Union-Banner, a newspaper published in the County of Chilton, once a week for four consecutive weeks, requiring the said Gwin T. Eaves to plead, answer, or demur to the bill of complaint in this cause by the 30th day of November, 1936, or, in thirty days thereafter, a decree pro confesso may be taken against him.

Done at office in Clanton, this 30th day of October, 1936.

SALLY JOHNSON ROBERTS, Register.

J. L. BURNETT APPRECIATES FINE VOTE GIVEN HIM

Editor Union-Banner:

As the election is a thing of the past, I would like to have a small space in your paper to express my appreciation to the voters. I am indeed proud of the votes cast in my favor in the recent general election, although a majority saw fit to vote for Mr. Ousley. I duly appreciate the loyal support given me by all those who voted for me for Commissioner of the Third District, and I shall never forget you for it.—J. L. Burnett, Stanton, Ala.

THANKS FROM O. L. DEVAUGHN

Editor Union-Banner:

Please allow me space in your paper to express my sincere gratitude to my many friends who supported me in the general election on November 3.

Although I was defeated, I shall always have a warm spot in my heart for the many loyal friends who stayed by me in the primaries and on through the general election.

To those who voted for my opponent, Mr. Parrish, I wish to say that I do not hold any ill feeling against any of you if you did so believing that he would make you the best official.

It has been a great pleasure for me to meet so many of the good people of Chilton County during my campaign, I trust that I have made many new friends and truly hope that I have not made any enemies.

It behooves all of us now to cooperate with our officials in every move that is for the best interest of the people and better government. Sincerely yours,—O. L. Devaughn.

VACANCIES FOR U. S. ARMY

The United States Army Recruiting Officer, Room 519 Post Office Building, Montgomery, Alabama, announces that vacancies for service in the United States Army for assignment to Maxwell Field, Alabama, Fort Benning, Georgia, Fort McClellan, Alabama, Fort Bragg, N. C., First and Second Corps Areas, which consists of the states of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, and New York are now open to young men interested in a military career.

Young men between the ages of 18 and 35 who reside in the states of Alabama and Tennessee can secure full particulars by applying in person or by mail to the Recruiting Station nearest their home as follows: 519 Post Office Building, Montgomery, Alabama, 303 Post Office Building, Dothan, Alabama; 29 Federal Building, Birmingham, Alabama; Dectur, Alabama; 400 Custom House, Nashville, Tennessee; 45 Post Office Building, Chattanooga, Tennessee; and 319 Post Office Building, Knoxville, Tennessee.

BIG DEER HUNT COMING

Montgomery, Nov. 16.—Dixie's biggest hunt of the year will be held in the Black Warrior National Forest in north Alabama on December 17, 18, and 19.

These are the dates set by the U. S. Forest Service and the State Conservation Department for Alabama's annual public deer hunt.

Although the hunt will take place one month later than has been customary in the past, the recent enlargement of the national forest by several thousand acres should enable the authorities to better accommodate the legions of hunters that each year participate in the event.

Close to 1,000 nimrods took stands in the forest for the 3-day hunt last year, many coming from out of the state. No hunt was held in 1934, but the year before a similar number converged on the forest in quest of the handsome bucks that roam the range.

While hunters were plenteous last year, drivers and dogs were at a premium and this contributed to a bag of 26 bucks, which might otherwise have been double that number. This shortsightedness on the part of hunters no doubt will be remedied this year.

WANTED

GOOD CLEAN SHELLED CORN, IN GOOD SACKS. ALSO, PAPER SHELL PECANS.

Taylor Wholesale Grocery Co.

CLANTON, ALABAMA

TO PREACH AT LBERTY HILL

The Rev. Maurice Hodgens will preach at Liberty Hill the fifth Sunday in November at 11 o'clock. Everybody is invited to attend and hear this young man preach.

CARD OF THANKS

I wish to take this means of thanking all who lent assistance in any way during the illness, death and burial of my wife, Mrs. Macy Smith. I especially would mention those who gave flowers, among them being the Coca Cola Company of Montgomery, Gulf States Steel Company of Gadsden, and many others. Also I would especially mention Polk Brothers Motor Co., the state highway patrolmen, the doctors and nurses at the hospital, and Rev. Williams and the quartet. All who assisted and those who offered to assist in any way have my sincere thanks; and may the Lord bless each and every one of you is my prayer.—George W. Smith.

CARD OF THANKS

Please allow us space to express our deepest thanks and appreciation for the kindness shown us and the help the people have given us in work and money. We sincerely thank each and every one of you, and may God's richest blessings be yours.—Mrs. H. B. Glenn and family.

MT CARMEL

Miss Nellie Sanders is spending several weeks with relatives at Pheonix city.

Those present at the birthday dinner given in honor of H. S. Sewell and son David, on Nov. 14th were:

Mr. and Mrs. H. S. Sewell, Mr. and Mrs. C. C. Sewell and little daughter, Mr. and Mrs. David Sewell and baby, Mr. and Mrs. Silas Oden and children.

Mr. and Mrs. E. H. Williams are the proud parents of twins born November 12th whom they have named Elbert Morris, and Elna Dorris.

Mrs. Delene Askins and son of Thorsby were delightful visitors in our community last Thursday.

Mr. and Mrs. Raymond Oden are moving near Maplesville.

David and Curtis Sewell returned from points in Ga. last Friday.

PLAY AT VERMONT HIGH SCHOOL

Listen folks! Another night of fun and frolic, at Vermont high school next Friday night November 20. When the W. M. U. of Mulberry Baptist church will present that grand old rip-roaring farce, comedy play, "Two days to Marry".

If you can stand a double dose of genuine side splitting laughter, you are invited to see this gay little play. If you don't feel like laughing, we advise you not come and wittness this entertainment, because the copyright recommends it for laughing purposes only.

The cast is composed of the following local talent:

Baxter Lecroy, Clifford Manning, W. J. White, C. Belle Davis, Daisy Oden, Frances Mims, H. R. Oden.

These characters are by nature fitted to their respective parts, and a very clever presentation can be assured. So, reserve 10 cents for any school child, and 20c for adults, and be at the Vermont high school auditorium, at 7:30 o'clock tomorrow night.

IN MEMORY

On Sunday, November 8, the death angel visited the home of Mr. and Mrs. J. C. Smitherman and took away their loving daughter, Claudie Mae, age 17,

Weep not, dear loved ones, for she is not dead, but sleeping in Jesus.

To know her was to love her, for she was always kind to everyone. No one knows how she suffered, but she bore her pain with courage. She has left us but is not forgotten, and we hope to meet her again some day.—A friend, Nellie Grubbs.

NOTICE

There will be a chicken supper at Cedar Grove Methodist Protestant church, 2 miles from Thorsby, next Saturday night, November 21. Everybody has a special invitation. Given for benefit of the church.—J. W. Enfinger, pastor.

Mr. Lindsey Thompson of Birmingham was in Clanton Sunday, en route to Columbus, Ga.

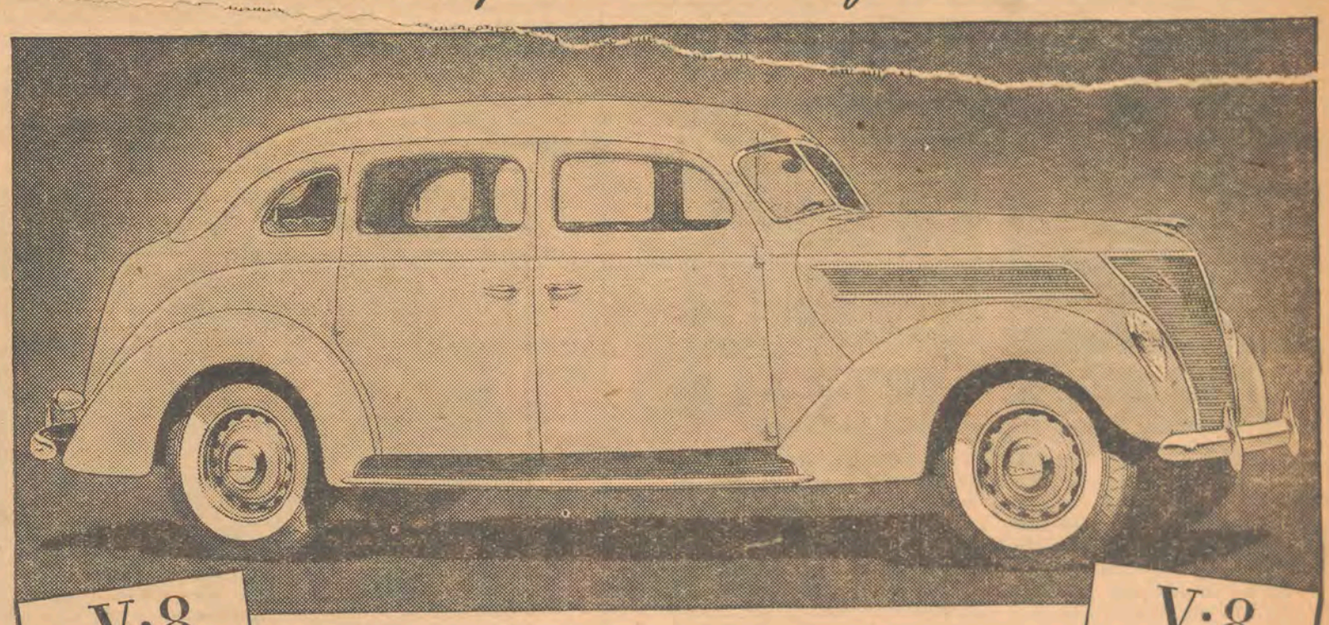
Announcing

THE FORD V·8 FOR 1937

The Quality Car in the Low-price Field



V·8 85 HORSEPOWER • Maximum Performance with Good Economy • Bore, 3.062 in. Stroke, 3.75 in. Displacement, 221 cu. in.

V·8 60 HORSEPOWER • Good Performance with Maximum Economy • Bore, 2.6 in. Stroke, 3.2 in. Displacement, 136 cu. in.

Two Engine Sizes - One Wheelbase

AND A NEW LOW PRICE

THE New Ford V-8 for 1937 is the most beautiful Ford car ever offered. It is built in only one size—one standard of roomy comfort and modern appearance. But you may have either the improved 85-horsepower V-8 engine for maximum performance—or the new 60-horsepower V-8 engine for maximum economy. The smaller engine makes possible a lighter car—lower operating costs—and a lower price.

When you drive the 1937 Ford with the 85-horsepower V-8 engine, you are master of a power plant that gives everything you can possibly demand in speed and acceleration. Today, improved carburetion enables it to deliver its thrilling performance with unusually low gasoline consumption.

The new 60-horsepower V-type 8-cylinder engine delivers V-8 smoothness and quietness—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation.

We invite you to see this new Ford car, and arrange to drive one equipped with the engine that fits your needs.

BASE PRICES $480 AND UP

At Dearborn Plant

Taxes, Delivery and Handling, Bumpers, Spare Tire and Accessories Additional

Body types available with 60 or 85 horsepower engine (without de luxe equipment): Tudor Sedan, Tudor Touring Sedan, Fordor Sedan, Fordor Touring Sedan, Five-window Coupe . . . De Luxe types, with 85-horsepower engine: Tudor Sedan, Tudor Touring Sedan, Fordor Sedan, Fordor Touring Sedan, Five-window Coupe, Roadster, Phaeton, Club Cabriolet, Convertible Cabriolet, Club Coupe, Convertible Sedan.

AUTHORIZED FORD FINANCE PLANS

$25 a month, after usual down-payment, buys any model 1937 Ford V-8 Car—from any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

FEATURES

APPEARANCE — A newly designed car. Headlamps recessed in fender aprons. Modern lid-type hood hinged at the back. Larger luggage space. Spare tire enclosed within body. Completely new interiors. Slanting V-type windshield opens in all closed cars.

COMFORT AND QUIET — A big, roomy car. Extra space is in the body, not taken up by the engine under the hood. Comfort of the Center-Poise Ride further increased by smoother action of the long-tapering springs, with new pressure lubrication. New methods of mounting body and engine make this a quieter car.

SAFETY

BRAKES — New Easy-Action Safety Brakes, of the cable and conduit control type. "The safety of steel from pedal to wheel." Self-energizing—car momentum is used to help apply the brakes. Tests show that about one-third less pedal pressure is required to stop the car.

BODY — Not an ounce of wood used for structural strength. Frame structure all steel, sheathed with steel panels—top, sides and floor. All are welded into a single steel unit of great strength. Safety Glass all around at no extra charge.

Tiresome and Unnecessary

You are costing your husband money when you do your own washing. Not only is the laundry less expensive and better . . . but you are only incurring future doctor bills when you lift the heavy weights of clothes and the tubs. Call up our laundry now . . . let our man call this afternoon for your things.

STATE WPA HEAD RESIGNED

Ray Crow, WPA director for Alabama, has resigned his post, effective December 15, and will be succeeded by A. P. Morgan, Jr., assistant administrator and director of the finance division, according to unofficial announcement last week.

It was also learned that A. J. Hawkins, chief engineer and director of operations, will become deputy state administrator.

Though no official statement was obtainable from WPA headquarters, it was reliably learned that Mr. Crow will return to the T. C. I. Co., from which he has been on leave of absence since 1933.

How to Keep Colds

UNDER *better* CONTROL

Catching Cold? . . Vicks Va-tro-nol helps Prevent many Colds

At the first warning nasal irritation, sniffle or sneeze, use Vicks Va-tro-nol—just a few drops up each nostril. Va-tro-nol is especially designed for the nose and upper throat—*where most colds start.* It stimulates Nature's own functions—in the nose—to help prevent colds, and to throw off head colds in their early stages. Used in time, Va-tro-nol helps avoid many colds.

Caught a Cold? . . Vicks VapoRub helps End a Cold Sooner

If a cold has developed, rub Vicks VapoRub on throat and chest at bedtime. VapoRub acts direct—*two ways at once:* (1) By stimulation through the skin like a poultice or plaster; (2) By inhalation of its medicated vapors direct to inflamed air-passages. Through the night, this combined vapor-poultice action loosens phlegm, soothes irritation, helps break congestion.

Follow Vicks Plan for Better Control of Colds

A helpful guide to *fewer* colds and *shorter* colds. Developed by Vicks Chemists and Medical Staff; tested in extensive clinics by practicing physicians—further proved in everyday home use by millions. The Plan is fully explained in each Vicks package.

53/26/17 Over Million Vick Aids Used Yearly for Better Control of Colds

Mrs. Lonnie Cobb's grandparents. Mr. and Mrs. Crumpton, of Pleasant Grove, spent Saturday night with her.

Mr. and Mrs. Lonnie Cobb and children spent Sunday with Mr. and Mrs. Merchant of Pleasant Grove.

Mr. and Mrs. L. E. Garner spent Sunday with Mrs. Ora Barnes.

Mr. and Mrs. Dewey Smith took dinner with Mr. and Mrs. David Ray Sunday.

PLAY AT BILLINGSLEY HIGH

The Senior class of Billingsley High School will present a play Saturday night, November 21, at the school auditorium at 7:30.

Don't miss the fun! A boy dressed as a girl, and gets into lots of trouble. You will enjoy seeing him in 'He Was A Gay Senorita.'

Come and see all of his troubles and laugh with the crowd. Admission — 10c, 15c and 20c.

Renoir, the French painter, was apprenticed to a porcelain manufacturer at the age of 13 by his tailor father.

Beware The Cough

From a common cold

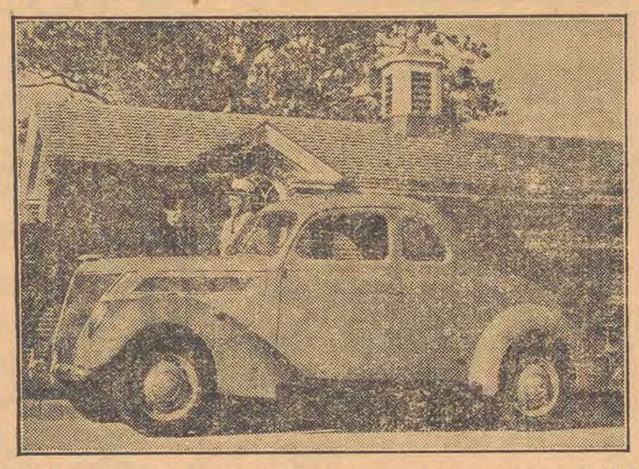
That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

New 1937 Ford V-8 Coupe



THE smart new front, new bar-type bumpers, slanting V-type windshield and smoothly flowing lines of this five-window coupe, pictured above, typify the advanced design of the new Ford V-8 cars for 1937. The coupe, which is offered both with and without de luxe equipment, is the only single-seat closed body type. Its seat is full width, with folding divided seat back. The spare tire is carried in a compartment back of the driver. The deep luggage compartment can be reached either through the rear deck door or by tilting down the right seat back. New "finger-tip" steering and new easy action safety brakes are featured. Two engine sizes are available.

Help Us to Help Others

FLORIDA CANAL IS CALLED WORKABLE

Army Engineers Approve Idea To Spend $162,985,000.

Washington, Nov. 17.—A board of army engineers reported to the War Department Tuesday it would be feasible to spend $162,985,000 for a ship canal across Florida.

With that figure as the estimated cost of production, exclusive of land purchases for the right-of-way, the 5 engineers said completion of the controversial project would be justified in the public interest.

The department's board of engineers for rivers and harbors immediately called for a public hearing on the project for December 6 at headquarters here.

The special board's work has virtually all that remained on canal operations after the original $5,000,000 allocation for the project was exhausted late last summer.

Congress refused to make a new appropriation for the waterway, and as work ceased, the canal construction village, Camp Roosevelt, was turned over to the University of Florida for use as a teachers' training school.

Opponents of the undertaking insisted after congress spurned it that it was forever dead. However, unless Tuesday's report is changed before it reaches the new congress it may become the basis of a new request for money to carry on the work.

RED CROSS AID TO MORE THAN 500,000 DISASTER VICTIMS

Large Urban Areas Devastated As Elements Hit 20 States East of Mississippi

"The number of disaster victims assisted by the Red Cross during the fiscal year ended June 30, was more than four times the number aided in the previous twelve month period," Admiral Cary T Grayson, chairman, said in commenting on highlights of the annual report just issued. "Over 131,000 families were given food, clothing, shelter and medical care, and thousands of homes were rebuilt or repaired by the Red Cross to enable them to carry on."

Pointing to the many-sided problems created by the wide variety of types of disasters which occurred during the year, Admiral Grayson said, "The Red Cross sent hundreds of trained workers into 39 states to meet the many exigencies of catastrophes which included earthquake, epidemic, explosion, fire, hurricane, ice lock, landslide, refugee relief, shipwreck, tornado and typhoon. The Red Cross took charge at the scenes of 105 domestic disasters of major severity."

The report emphasized the marked value of Government-Red Cross cooperation when disaster strikes, giving as example the flight of Army bombing planes which dropped Red Cross food to marooned refugees at Renovo, Pennsylvania, during the Spring floods. More than 10,000 persons were rescued from the second floors of homes in Wilkes-Barre and Kingston through Coast Guard-Red Cross cooperation at the height of these same floods.

"Government agencies and relief groups were of invaluable assistance to Red Cross relief forces at all times," Admiral Grayson stated.

The complete resources of Red Cross leadership, training and disaster experience were brought into play by the Spring floods and tornadoes which took so heavy a toll of life and property in eastern and southern states this year, the annual report reveals. The Red Cross aided 77,000 families.

SAFETY EXPERTS CONFER—The nation's No. 1 Safety Crusader, Barney Oldfield, learns what happens when engineers turn style experts and create a new "safety styling" as protection against today's traffic hazards. Plymouth's chief engineer, N. F Hadley, shows how the instrument panel is swept clean of all dangerous projections by recessing controls flush with the surface.

FORMAL EVENING PERFECTION — reaches a new high with Carole Lombard's evening wrap of ermine which is cut kimono fashion with wide cuffless sleeves and a neckline which may be worn high or low as the mode demands.

READY FOR THE CHASE—Three big game seekers resting before the hunt.

PANTHERS TRIM IRISH 26-0—Marshall Goldberg, 18 year old University of Pittsburgh halfback, whose superb running and blocking helped beat the undefeated Notre Dame team.

ROUGH ROADS EASY FOR NEW PLYMOUTH—Tough roads like this one reveal outstanding improvements in "ride" performance of the new Plymouth for 1937. Big "telescope" shock absorbers like the ones on giant air-liners, and new rubber-poise mountings now pillow the body from jolts and jars on even the roughest roads. Improved steering prevents "edging off" in ruts, and holds the car to its course even through gravel, sand or snow.

University News

Dr. A. B. Moore, Dean of the Graduate School at the University of Alabama, will preside over a general session of the Southern Historical Association in Nashville, Tenn., on Nov. 20.

News concerning two former University medical students has just been received here. Dr. Roy L. Johnson is now a surgeon at a CCC camp at Caldwell, Idaho, and Dr. J. D. Farrington is entering private practice in Chicago, Illinois.

The St. Pat's Association, engineering social group which presents an annual dance each spring, has just announced its committee chairman for the year. Richard Woodruff is association head.

The Alabama football team will rest this weekend, after last Saturday's tilt with Georgia Tech. The team is in good shape for the Thanksgiving game with Vanderbilt in Birmingham.

A series of five radio programs will be broadcast over WAPI, as a preface to the State Youth Conference to be held at the University on Jan. 1-3. These progrars will deal with high school problems.

Reappointment of Mrs. Louise O. Charlton for a four-year term as U. S. commissioner at Birmingham was announced by attaches of U. S. District Court. The reappointment was made by Judge David J. Davis. Mrs. Charlton is now completing her third term.

The State-wide ballots for the general election, Nov. 3, will bear the names of candidates for presidential electors representing the Democratic, Republican, Communist, Prohibition, Socialist and Union parties, along with a blank column in which other candidates may be "written in."

The Pacific Island of Tongareva and Suvarox are noted for their pearl-shell fisheres.

SEND IN NEWS EARLY

There is lots of news that comes in to The Union-Banner Tuesday that could just as well be written and sent in Friday or Saturday of the previous week. Where such is possible, please help out the publishers by getting your copy in just as early as possible. If the article is of such nature that it can be written and turned in Friday or Saturday, then greatly oblige us by doing it then instead of waiting.

We will more than likely be in a rush for the next several weeks, and will need the cooperation of our friends. You can greatly facilitate the publishing of the paper by getting your copy in early. We are depending on you from now on.

SNAPSHOTS

DESIGNS BY CHILDREN FOR CHILDREN. New York schools are the originators of the latest sensation in fashions. They have designed a series of printed fabrics which have been made up into children's dresses after their idea of what the well-dressed child should wear. The lovely frock which the young lady is holding up is from a pattern called "Bacon and Eggs."

FOUND — THE PERFECT VENUS. Genevieve Grant, 24, who says she is the granddaughter of the famous general, with a statue of Venus de Milo, whose figure artists say she excels.

U. C. L. A. BRUINS — Bill Spaulding, Jr., (kneeling) and Fred Funk, University of California halfbacks. Funk is trying a kickoff.

AN ARMY OF "CANTORS" but it's the same "Eddie" who "loves to spend each Sunday evening with you" on the Columbia network, with Bobby Breen, Parkyakarkus, Deanne Durbin, Jimmy Wallington and Jacques Renard's Orchestra in Texaco Town.

BRAZIL NUTS for the holiday table: This is how they look in the Amazon jungle. They grow in pods up to 8 inches in diameter. The boy shown has split open the pods. The "seeds" inside the pods are your favorite "Brazil nuts."

VOTE OF CONFIDENCE IN A MAN

There have been few victories in the history of American politics to parallel President Roosevelt's extraordinary sweep in the recent election.

The triumph is plainly not for the Democratic party. No more is it for any clear set of principles or policies. Rather is it a rising vote of confidence in a man. If that man interprets it as a grant of power to lead the nation where it seems to him best to lead it, we do not see how those who voted for him can complain. Perhaps the new congress may be more independent, less ready with the rubber stamp. But why should these voters expect it to be?

Two obstacles still interpose. They are the Constitution and the Supreme Court. These two safeguards of American freedom, these historic guardians alike of the national structure and the minority rights held fast against the presidential will during the last 4 years. Will they hold fast during the coming 4 years?

As for Mr. Roosevelt, he has been once more elected president of the whole nation. He deserves the good will of every loyal American in every constitutional undertaking. He has gone through a test of stamina and courage that would have broken any but the stoutest heart. For his bravery there can be only admiration and for his health and success every good wish.—New York Herald Tribune.

NATIONAL AFFAIRS

(By Frank P. Litschert

Now that the balloting is over, election post mortems are in order. All sorts of explanations are offered for the Roosevelt sweep of November 3. Some opponents of the New Deal say it was due to a great expenditure of relief money, and to the turning of much radical support to the cause. New Dealers claim that it is due to the charming personality of the president, coupled with the public's entire approval of the New Deal policies.

There may be something in all of these claims. But certainly they do not account for the great triumph of the New Dealers, and their feat of carrying 46 of the 48 states. The relief vote and the radical vote combined could not accomplish this. And it was not a partisan victory as we have always regarded partisan victories in the past because strictly party political lines were loosely drawn this year. Perhaps the most compelling reason for the landslide, if not for the Roosevelt victory, was the fact that so many voters in business for themselves or holdnig lucrative positions or jobs, knew that business was better and believed that a continuation of the present administration was advisable so that there would be no interruption to business.

At the risk of seeming somewhat personal, the writer may recount a conversation he had a few weeks ago with a young taxicab driver on the subject of the election. The remarks would not be significant in themselves were it not for the fact that the writer had heard the same line of reasoning repeated time after time in the campaign, by persons in different businesses and occupations.

When asked how he was going to vote, this young man, who was intelligent and talked rather easily about political affairs, said that he was going to vote for Roosevelt. When asked the reason for this, he replied:

"Well, my business is better than it was four years ago. I am making a good living now, and I would like for things to go on as they are."

When it was suggested to him that business had improved in nearly all foreign countries and that these other nations had not received the benefits of the New Deal, he answered, in effect:

"Of course I know that. Maybe things would have gotten better anyhow. We have to go so far down in a depression and then start back up, just like the pendulum swings from one side to another. I think Landon would try to do the right thing, but if there is a change of administrations, then there is going to be a lot of loose ends and a lot of doubt and uncertainty while the administrations are being changed and the policies are being changed. That might cause business to be upset for a few months, even though it started going ahead again. So why should I take a chance? Why not go on as we are?"

Political observers who have been over the country recognize the wide extent that this sort of reasoning has been used by the voters of America. It has been potent in every state and especially in the cities and the manufacturing distircts. A ride on a train through the steel districts of the country now, where there is plenty of black smoke pouring from the chimneys will give any observer an understanding as to why this argument should be potent.

Of course our national debt has been increased to 35 billions of dollars, and this will have to be reckoned with in the future. But to many of the satisfied business men and the workers who have jobs at present, this is a problem to be put off for the future. In the meantime they desire to take advantage of what is before them. If you don't believe this is true, just take a look at the election returns. Every real American now hopes that business will continue to be good and that relief activities can be done away with soon in the future. Tht administration at Wahsington, of course, hopes so, too. Laying aside the questiesn of patriotism for the moment, good business than reha much more potent political weapon was a prime expenditure. And good business of 1936. e factor in setting off the landslide

MORE ELECTRIFIED FARMS

According to Charles W. Kellogg, President of the Edison Electric Institute, the miles of rural lines being built by the electric light and power companies this year are almost twice the number built in 1935.

Nearly 100,000 rural customers are expected to take electricity from these new lines, and 60,000 customers will be added to existing lines. The average cost of the lines, includ ing meters, transformers, etc., is about $1,250 per mile.

This should take some of the wind out of the sails of those who claim that the private electric industry isn't interested in advancing farm electrification. The truth of the matter is that the industry is just as eager as the farmers themselves, or the critical politicians, to bring the blessings of power to a larger part of the nation's farmers. But there are difficult problems involved that can't be worked out in a minute.

For instance, the principal cost factor is charges on investment. This year's figures show that the combined investment of utility and customer averages $476 to get power to a farmer whose average bill for current consumed, in areas not dominated by irrigation pumping, is about $4 per month. It is obvious that in many parts of the country economic conditions make it impossible to rapidly extend lines under these circumstances.

Yet the power industry is working constantly on this problem, and it is going the limit in building new rural lines. It is cooperating to the fullest extent with the farmer. And the result is that we are gradually attaining rural electrification on a sound basis—on the basis of self-supporting private investments, not government subsidies charged to the taxpayers.

HELPING FARMERS HELPS ALL

Chain store cooperation is credited by Thos. A. Robertson, well known California farm leader, with taking growers of Concord grapes in a number of counties out of the red during the 1935 harvest season. The chains bought the grapes at an established price agreed upon by the growers, and disposed of large quantities. This kept the market clear and maintained the price level. In previous years, the growers often had to sell grapes for less than the cost of production.

This is simply one more example of the way large distributing groups are now cooperating with producers—cooperation that affects the farmers of every state, and growers of almost every kind of crop or livestock.

To the short sighted, it may seem that when the chains work with producers to keep the prices from collapsing, the interest of the consumer is not served. In other words, if chains and other big retailers refused their cooperation and waited until conditions forced producers to sell for anything they could get, the consumer could purchase at a lower figure. And so he could—but anyone who thinks that one group of people can profit in the long run at the expense of another should think again.

Farmers are consumers, themselves—they constitute the greatest single consuming market in this country. They must buy a large proportion of the articles workers produce—radios and cars, clothes and cigars, candy and newspapers—or our factories must close. If the farmer gets a fair and profitable price for what he sells, and retailing efficiency passes his products on to the ultimate consumer at the lowest possible in-between cost, a sound balance is attained.

So, when the big retailers help the farmers, they help us all in a dozen different ways.

MERCHANDISING METHODS

Commenting on the chain store question, the editor of a weekly newspaper in the middle west recently made this astute observation: 'We believe that chain stores have awakened the old time merchant, who is shaking the hayseeds out of his hair and getting into the game. We feared for a time that chains would be disastrous to independents, but find they have only made a good hot rival, and rivalry is healthy.'

Another editor says: 'The chains have made good merchants of many local storekeepers. Home-owned stores can compete with chains, and in this city they are doing just that—not with old methods, but with the weapons of the chain stores—good merchandise, better service, and lower prices.'

The independent store has undoubtedly learned much from the chain—especially in such matters as advertising and displaying goods to the best advantage. And many independent stores in recent years have reversed the process, and taught the chains something. These independents not only sell as cheaply as the chains, but in some cases sell cheaper—and their service is every bit as good.

In no other country in the world is it true, as it is in America, that persons living in the small towns get practically as wide a selection of goods, at about the same prices, as residents of great cities. Astonishing progress has been made in reducing producer to consumer costs. And in all fairness, credit for this must go largely to the mass merchandising methods adopted by both chains and independents.

NOTHING TO GIVE

Truth is in the remark by John W. O'Leary, president of the Machinery and Allied Products Institute and former president of the Chamber of Commerce of the United States, that in promising livlihood to millions, the government has nothing to give except what it gets or takes from business, industry and agriculture. Many seem to believe that the government has some new power, new talent, for providing new formula to displace ordinary creative work.

The government can tax business or it can pile up obligations to be paid by the people in the future, but it has no magic power to add to the sum of real wealth. Its policies discourage incentive and opportunity of the people to create wealth by their efforts and for their enjoyment and security.

Greatly needed now is a type of government in this country that will reduce the obstacles in the way of private industry and so become a force for the increase rather than the sapping of national wealth.—Springfield Union.

The government is proposing to tax payrolls in the interest of social security. Payrolls should not be taxed, but encouraged in every way possible. How is prosperity to be restored without jobs, and how can there be jobs without employers and pay rolls? Men capable of establishing pay rolls will not go into taxed-to-death business. They will put their money in tax-free bonds. Better tax the bonds and free the payrolls.—Jewell, (Kan.) Republican.

MAN IN THE MOON

THE RED CROSS

Just now the Red Cross Roll Call is in progress. This is an annual affair, but somehow or other, it seems quite different from the many other calls for contributions for unfortunates. The methods and results of the Red Cross are known to everyone, particularly to our people here in Chilton County.

In 1932, when the tornado struck Chilton, the Red Cross was on the spot within a few hours, binding the wounds of the injured. But it did not stop there. Homes were replaced, home furnishings were dealt out, and help given in a thousand and one other ways. Now, in security, the reading of the list of small aids given by the Red Cross might be dry and uninteresting, but to the family without a home, without a bed, without food or medicine or clothes, those little aids meant everything—life itself. Those representatives of the Red Cross were regarded almost as angels on earth—THEN.

Now, when a Red Cross solicitor calls on you, just think once of March 21, 1932, and the weeks immediately following. Of course, such a calamity may never befall Chilton County again—we all hope and trust that it will not—but already the Red Cross has earned the undying gratitude of Chilton County's people. Every day, somewhere, some kind of disaster is happening in which the Red Cross lends a much needed helping hand. Truly, this is the most unselfish institution on earth.

When you make your contribution, you may do so with the assurance that if you need help you'll get it. And if you never need help—well, you ought to be proud and thankful enough of that good fortune that you do not mind helping those less fortunate. The Red Cross needs you YOU NOW. And, remember, you MIGHT need it. Can you be so selfish as to refuse your aid when the Red Cross needs you? Give the Red Cross a hand, and not only your hand—let that hand hold something substantial for the good of suffering humanity!

THE FAIR

The fair has come and gone, taking with it many dollars of Chilton County money. That is a calamity fit to be recorded. Of course, it seems that people should be wiser than to give their hard-earned money for such as was dealt out at this place, but if they will not exercise that good judgment, then I believe our city fathers should make some kind of move to keep such parasitic institutions from coming to Clanton and taking in every loose dime to be had.

A legitimate circus, where people may view animals and curiosities they have never seen, is all right—it is educational. I have no condemnation for a good show, where people get their money's worth of good fun and laughter—it is healthy to laugh. And I like to see kids having their fun and frolic on the ferris wheels and merry-go-'rounds. All this is worth the small amount it costs. But such practices as were carried on at our late fair are disgusting.

The lewd and vulgar side shows, the hoax shows, and the wheels of chance where there is no chance—these are the type which need banning. I am told that on several occasions the age-old confidence game—'give me a dollar and I'll give you back five'—was played, and several people beaten out of good sums of money.

It would be easy for the city to cut down on such, through the license route. I would suggest that they licnese any legitimate street fair, or show, but let them know what kind of an institution it is before licensing it. On this recent occasion the City of Clanton received a few paltry dollars in license, and the people of Clanton and Chilton County lost the amount several times over, with absolutely no value whatever in return.

ORATORY ON THE FARM

Anything you can get a laugh out of nowadays is worth recording and passing on to your neighbor—so here goes. Do you have a radio? If so, no doubt around 12 o'clock every day (at least some days) you may tune in on the various and sundry 'farm hours' that clutter up the air about this time of the day. If you haven't listened in, Mr. Farmer, do so, by all means. Not that you will learn anything worth while, but just to get an earfull of the bilge-water that is spewed out over the air 'in the interest of the farmers and their farms'. I had an experience of this kind recently, and what I heard would certainly have been 'enlightening' to any farmer.

The program started off with band music—that was pretty good—in fact it was the one and only real feature of the whole program.

Next came some smooth tongued announcer who gave all the figures on the stock market, as if farmers were the least intrested in such.

Then came a 2-by-4 college agricultural expert to advise farmers on several of their major farm problems. He gave several fine solutions for these problems—all worked out on paper—when any 1-horse renter can run rings around the best of college experts when it comes down to farming on a scale big enough to afford a living. He told them just the correct amount of fertilizer to apply, to the fraction of a pound, and just the day to apply it. Imagine that. I'll bet my hat the youngster has never hit a lick on a farm in his whole life. As I listened to him tell about how to mix the domestic fertilizers in the barnyard, I just wondered how he would look bogged up in a good old time smelly compost pile with about a pint of little black stinging ants busy at work on his velvet smooth skin. Now wouldn't that be fun? I have an idea he would change some of his orders after such an experience. But that isn't his game. He farms in fornt of a microphone, with rimless glasses on his nose and a dime-size wrist watch on his arm. Some farmer! Imagine him telling real dirt farmers how to do their job.

Next came a sweet young thing, whose every word just dripped with a superior Boston college accent, and she proceeded to tell farm women how to do their cooking and canning. I could imagine her, as she gave all her directions to a nicety, and how she would look following her own directions, if she had about five or six big healthy kids to cook for and look after. I could imagine her weighing in all her ingredients so as to get the correct balanced ration in calories and vitamins for a noon meal for about six big freckle-faced, tousle-headed yearling boys, any one of whom could hide away at least eight man-size biscuits any time they get a chance. As any good old mother knows, she has no time to weigh in just so many ounces of this and that—she must only be sure that she cooks enough—she can't cook too much, not with that gang coming in hungry.

And this pert young lady wound up by advising mothers to find time to play with their children. No doubt if she could talk to a few farm mothers they would tell her that after they rise early in the morning, prepare three meals during the day, wash dishes three times a day, cleans house, does the family washing, as well as the hundred and one other odd jobs she finds to do, she would be glad of a chance to play, if she could find the time between jobs, and were not too dog tired.

There is just one difference between radio farming and actual farming—the radio farmers farm in the air, and the dirt farmers do their work in the hard ground; and the degree of worth is just about in the same ratio. That is, the radio farming is just so much hot air, and the real farming is just so much more good hard work. Farm life is the happiest on earth, but it is also just about the hardest. And radio farming doesn't work in the dirt.—Man in the Moon.

DEMOCRACY UNDER FIRE

D7MOCRACY IS UNDER FIRE — isent—erpr

It will remain now for the president to justify the confidence of his friends and prove groundless the exaggerated fears of his enemies.

It is, indeed, a solemn obligation which the votes of many millions have placed on the shoulders of the president. Democracy, under dictators' heels in several countries and fighting for its life elsewhere, is also under fire here. Had the American people not been confident that democracy was safe in the hands of Franklin D. Roosevelt, newspapers today would be heralding not a Roosevelt but a Landon tidal wave.

Our confidence in Mr. Roosevelt leads us to epect that in the next four years he will administer the government as a liberal immune to radical taint, as a humanitarian who is also a realist, as a builder of constructive policies socially sympathetic and economically sound.—Cleveland Plain Dealer.

LIVING COSTS AND ELECTRICITY

During the past two years the cost of living has steadily increased. The price of clothes, rent, food and similar necessities have advanced from 10 to 40 per cent. But the average cost of electric power is a fraction lower today than it was in 1934 or 1935.

But that is not remarkable—it squares 100 per cent with the past history of the light and power industry. Ever since the industry's inception, rates have declined. They have declined in good times and in bad. They have declined when costs in general were rising as well as when costs were dropping. They have declined in the face of higher wages for the industry's employees, higher prices for the materials the industry uses—and tremendous increases in both the regular and special taxes levied against the utilities.

Two factors have been primarily responsible for this record. First, no industry has done more to promote technical progress, to the end that costs of producing and distributing electricity may be reduced. The holding company has been a great element in this achievement.

Second, by lowering rates the industry has greatly increased its business—and that in turn tends to lower rates again. For obvious reasons, the unit cost of serving a customer who uses 200 KWH a month is less than the cost of serving one who uses 50 KWH.

It is forecast that the cost of living will continue to climb for the next few years at least. And it is also forecast that electric rates will continue to decline.

And this is the industry that has been subjected to more political attack, more misrepresentation, and more unfair and inequitable legislation than any other! The historians of the future are going to do a lot of headscratching in seeking to explain why an industry that served the American people superlatively well was the target of vote-getting politicians.

THE HUMAN BARBECUE

In the past 12 months approximately 10,000,000 persons have been burned to death. One-third of them were children. Two-thirds of all the residents perished in residence and apartment fires.

Read that over again. If anything can awaken the American people to the gravity of the fire problem, that brief statement certainly should. If you have a strong stomach, think of those 10,000 roasted bodies. And then realize that at least 85 per cent of fires, big and little fires alike, could easily have been prevented.

It is a human frailty to read such a statement as this, reflect for a moment on the horror of it, and then forget it with the mental observation that 'Well, my home is safe.' It may be, but there is better than an even chance that it contains hazards that you don't know about.

An up-to-date house is not necessarily a safe house, from the standpoint of fire—many a $50,000 mansion has gone up in flames. Expensive furniture will burn just as easily as cheap furniture—and the finest interior fabrics and woodwork will burn as easily as a piece of cotton cloth or a pine board.

Whether you live in a 4-room bungalow or a 50-room country palace, inspect your property regularly, or have it inspected by someone who understands fire hazards and their prevention. Get the necessary information from your fire officials or some similar department. Once fire hazards are found, do away with them and make sure they don't reappear. Help reduce the national human barbecue.

SWEAT OF COMMON FOLKS

'Taxes, great or small, are the sweat of common folks,' said the Portland Oregonian in a recent editorial.

The 'common folks' are the great taxpayers of this country—sooner or later, directly or indirectly, they pay almost all the cost of government. There aren't enough 'rich folks' to tax to make a dent in the federal, state and local tax budgets.

Authoritative surveys have shown that if government took ALL the net income of persons in the higher income brackets, plus all the net income of American corporations, revenue would still fall far short of meeting the outgo.

The moral is plain. Tax reduction is in the interest of every citizen and every business—and the greatest beneficiary of all would be the person of small means and the small business. The new excess profits tax is a case in point. Tax experts have pointed out cases where, under its provisions, some very large corporations can actually pay less in taxes than they did formerly—while almost all small corporations will have to pay more. The principal burden of the law will fall on the little fellow.

If you earn $25 a week, taxes take six or seven of those dollars—because what you pay for the article you buy must also cover its proportionate share of the hundred and one taxes paid by the producer, the manufacturer, the transporter, the insurer, the broker, the agent, the retailer, and so on, endlessly.

Gas masks are to be provided for the English. It might be well to provide them also for Americans—at least for those Americans who attend or listen to political conventions.—Louisville Courier-Journal.

A senator tells us the average American is not tax-conscious yet, and this is doubtless so. If he shows signs of coming to he is struck by another.—San Francisco Chronicle.

Harvard's coach is doubtless wondering how he can use that new device announced by the science department of the university, which can exert a pressure of 5,000 tons to the inch.—Omaha World-Herald.

Add similes of 1936—as unconvinced as a defeated politician.—Dallas News.

The man who drives his car at 60 miles an hour with one hand while he lights a cigaret with the other is not in line for an old-age pension.—Council Bluffs Nonpariel.

If you don't think beauty is only skin deep just consider the 'coon who is made into a fur coat. Then how about the woman who wears the coat?

Being prominent has its disadvantages. We know a fellow in our town who is so well known that he can't borrow a quarter.

Style note—one of the most popular things in men's clothing this year is the relief check.

Our office boy says the Spanish rebels have captured Toledo, but the automobile companies still hold Detroit.

A man confessed in a nearby church last Sunday, and among other things said: 'I whip my wife.' His wife jumped up and exclaimed: 'He's a liar—he can't do it!'—Altoona (Kan.) Tribune.

A local June grad, still trying to find himself in the world of commerce, says there's more to this landing a job than wearing a hat and garters.—Kansas City Times.

Three systems of prophecy which seem to have gone wrong: The Literary Digest, 'as Maine goes, so goes the nation,' and the guys who bet on Louis to beat Schmeling.

The guys who are now throwing up their hands and saying that it is all over will, with in a few short months, be getting ready for the 1938 campaign.

In speaking at St. Paul of reciprocal trade agreements, President Roosevelt did not mention that most recent one between the Farmer Laborites of Minnesota and the New Deal strategists, under the terms of which Democratic candidates for governor and senator were plowed under.—New York Sun.

'Mah bredren,' said a negro preacher, 'when yo' hears Gabriel soun' his ho'n, yo' wants to be ready to jump.'

'Mah goodness!' excitedly exclaimed one of the congregation, 'am he comin' in a ortermobile?"—Boston Transcrit.

A 1-string ukulele is something new in musical instruments, but as Groucho Marx once complained of a whispering tenor, you can still hear it.—Atlanta Constitution.

It must thrill a curtailed farmer to see the crops he hasn't got to sell go syrocketing all over the market place. — Lafayette (Ind.) Journal & Courier.

In crossing the street when the light is green, a pedestrian is in the right. In fact he may be dead right.—Boston Transcript.

It is going to be difficult to get lats of people to worry over the national debt until they are brought to the realization that they will have to pay some of it.

It was said in the old days that the sins of the parent were visited on the children. But now they pile their debts on the youngsters as well as their trespasses.

What has become of the old fashioned fellow who rolled a peanut around the courthouse square with a toothpick when McKinley beat Bryan,

The red agitator is worse than the proverbial camel. It isn't long after he gets his nose under the tent until he burns the blamed thing down.

Wonder if the fellow who gets 4-11-44 on the social security program will come to regard his as a lucky number?

Maybe the fellow who boasts that he is just as he used to be, didn't use to be as good as he thinks he was.

There is one advantage in being a defeated candidtae. You don't have to try to make good on your pre-election promises. But, after all, some of the successful ones don't either.

A lot of the old topers tell us that beer isn't as good as it was in the days before prohibition. Some people seem to think the same thing of the Constitution.

Well, the election is over, soon November will be passed and we won't have to worry about the football championship, either.

25 YEARS AGO

News Items as Published in The Union and in The Banner, Issues of

November 18, 1911

Col. W. A. Middleton, age 84, died at his home in Clanton last Saturday. He was an old Confederate soldier and a Mason. The funeral was by Rev. Mills and Rev. Woods.

Alex Glasscock, County Commissioner, near Jemison, died last Friday.

W. B. Strock of Verbena died at his home last week.

A deplorable accident occurred near Providence last Thursday, when William Riley Robinson, 18-year-old son of Rev. W. W. Robinson, was killed in a kaolin mine. The mine was operated by Mr. Fitzpatrick of Montgomery.

Judge S. M. Adams of Thorsby is in Florida for an extended visit.

Married this week—Mr. Herbert Henley and Miss Mary Johnson, Louis Mims and Miss Matrie Easterling, V. E. Mims and Miss Mae Hayes, G. M. Seales and Miss Effie Lee Weems, W. G. Gray and Miss Carrie Lee Neiley, Thos. as E. Moore and Miss Inez Duggan.

Election Sets a New Record With 43,000,000 Votes Cast

PRESIDENT ROOSEVELT, elected to a second term by a greater plurality than any candidate has ever enjoyed in the past, finds himself now with perhaps more power than has ever before been trusted to any man in the world. He polled some 25,500,000 popular votes, to set a new all-time record. Gov. Alf M. Landon of Kansas, his Republican opponent, was a bit shy of 16,000,000, while William Lemke, the Union party candidate, polled about three-fourths of a million.

These results were based upon 107,309 districts reported out of the 122,722 in the United States. It was estimated that the total vote, with all districts reported, would approximate 43,000,000 also a new all-time record.

The American people, providing the incumbent Democratic candidate with 523 votes in the electoral college to 8 for Governor Landon, also voiced their approval of the New Deal by materially increasing the Democratic majority in both houses of congress.

The senate in the Seventy-fifth congress will find the Democrats with 75 of the 96 seats, outnumbering the opposition more than 4 to 1. The house of representatives, where the Republicans had hoped to recover as much as 125 seats, will see the Democrats even stronger than before, holding 334 seats against 89 for the G. O. P.

PRESIDENTIAL VOTE BY STATES

President Franklin Delano Roosevelt swept to re-election on the crest of the largest wave of votes, both popular and electoral, ever cast for a presidential candidate, it was apparent with 105,251 districts reported out of a total of 122,772 in the United States. The table below shows the number of districts reporting in each state, the popular vote, the electoral vote and the winner's plurality in each state. Pluralities are estimated, since in most cases complete returns will not be available for some time:

STATE	Dists. Rptd.	Popular Vote Roosevelt	Landon	Lemke	Plurality in Dist. Rptd.	Indicated Elect. Vote Rvlt.	Ldn.

† Estimated total plurality when all returns are in.

Here's How Parties Line Up in Congress

With smashing Democratic victories all down the line, this is the way the houses of the Seventy-fifth congress will line up, as compared with the Seventy-fourth congress. The next house of representatives:

Democrats	334
Republicans	89
Progressives	7
Farmer-Laborites	5
Total	435

The last house of representatives lined up as follows:

Democrats	321
Republicans	104
Progressives	7
Farmer-Laborites	3

The senate of the Seventy-fifth congress will find the seats distributed this way:

Democrats	75
Republicans	17
Progressives	1
Independent	1
Farmer-Labor	2
Total	96

The party alignment in the old senate was:

Democrats	70
Republicans	23
Farmer-Labor	2
Progressive	1

Total Vote Grows

The total vote in the 1936 election surpassed that of four years before by more than 3,000,000.

THE VOTE IN 1932

BANKING MYSTERY REVEALED TO PUBLIC

Bank Takes Community Into Its Confidence—Why Some Get Loans and Others Do Not

A Minnesota bank recently did the unusual thing of taking the public wholly into its confidence in regard to its business in order to answer the question as to why some persons are able to get loans and others are not.

It used a newspaper advertisement to tell the story of "two typical applications for unsecured income advances," in the following laconic style:

The One Who Did

"John Doe, applicant. Age 40. Ten years in his present employment as machinist. Annual income $1,800. Employer reports him honest and frugal. Owns his own home subject to a $2,000 mortgage which is in good standing. No delinquent taxes. Only dependents are wife and two small children. Now has installment obligations of $15 a month. None delinquent. Record in current Minneapolis Credit Guide, three prompt. Similar record for four preceding years.

"Conclusion: Applicant is apparently honest and prudent. Credit record is clear. Income is dependable and adequate. Advance of $180 approved.

The Other One

"Richard Roe, applicant. Age 35. One year in present employment as salesman on commission. 1934 commission income $2,000. Employer reports him honest, but inclined to rather free spending. Lives in rented apartment. Only dependent a wife. Now has monthly installment obligations of $40 per month. Two months behind on one. Record in current Credit Guide, two prompt, two medium, one slow. Similar record for four preceding years.

"Conclusion: Applicant is apparently honest, but perhaps not frugal. Credit record is clouded, present installment commitments heavy. Income adequate but not wholly dependable. Application for advance declined."

Miserable with backache?

WHEN kidneys function badly and you suffer a nagging backache, with dizziness, burning, scanty or too frequent urination and getting up at night; when you feel tired, nervous, all upset . . . use Doan's Pills.

Doan's are especially for poorly working kidneys. Millions of boxes are used every year. They are recommended the country over. Ask your neighbor!

CHRYSLER TAKES ON NEW STYLE CONSULTANT

The sphere of woman's activity in the industrial world was again broadened this year when Lady Mendl, the former Elsie de Wolfe, was engaged by Chrysler as a style consultant on the 1937 Chrysler models.

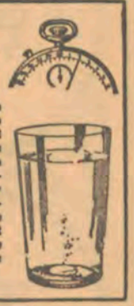
Always foremost in catering to the demands of women drivers for additional beauty, comfort and mechanical excellence in their cars, Chrysler decided that the best way to secure authentic styling that would please the discriminating woman motorist was to engage one of the world's great authorities.

Lady Mendl was the natural selection, for interior decorating done by her has the same stamp of authenticity that is given by the Sterling mark on silver. She accepted the commission without hesitation, seeing in it an opportunity to do something finer with motor cars than had ever been done before, and to make available to thousands of women the same good taste in their cars that they seek in their homes.

"The 1937 Chryslers strike a refreshing new note in beauty and style," says Lady Mendl. "I believe they will be intensely interesting to women. It has been a fascinating experience for me to have been Chrysler's style consultant in the design of the fine new cars."

GENUINE QUICK-ACTING BAYER ASPIRIN 1¢ A TABLET!

Bayer Tablets Dissolve Almost Instantly



In 2 seconds by stop watch a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass . . . happens in your stomach.

For Amazingly Quick Relief Get Genuine Bayer Aspirin

You can now get Genuine BAYER ASPIRIN for virtually 1¢ a tablet at any drug store.

Two full dozen now, in a flat pocket tin, for 25¢! Try this new package. Enjoy the real Bayer article now without thought of price!

Do this especially if you want quick relief from a bad headache, neuritis or neuralgia pains. Note illustration above, and remember, BAYER ASPIRIN works fast.

And ask for it by its full name — BAYER ASPIRIN — not by the name "aspirin" alone when you buy. Get it next time you want *quick relief*.

STRAW, STALKS, LEAVES

uburn, Ala.—Fertilizer, equal to yard manures in fertilizing value, be made from leaves, straw, s, or other crop residues, advises G. Sturkie, associate profesor of nomy, Alabama Experiment Sta-

Build a compost pen in the open and put a layer of straw or leaves about one foot thick and sprinkle over the surface a suitable portion of ammonium sulphate and basic slag, and then scatter a thin layer of manure or rich loamy soil over the surface, he says, in giving directions for preparing artificial manure.

Add another layer of straw or leaves about one foot thick and sprinkle a suitable portion of the fertilizer and manure or soil over the surface. Continue this procedure until the pile is 5 or 6 feet high.

If water is available, the pile should be throughly wet down. It should be wet once a month after that until the pile is ready to be torn down. It usually requires three to five months to form fertilizer.

Use 100 pounds of ammonium sulphate and 200 pounds of basic slag per ton of dry leaves or straw. Do not mix the ammonum sulphate and slag but apply each seperately over the surface of the leaves or straw. If basic slag is not avaiable, 100 pounds of ground limestone and 100 pounds of superphcsphate may be mixed and used in its place.

If there are undesirable weed seed in the material the outside edges of the compost should not be used. Weed seed inside the pile are killed by the process of decomposition.

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

TURKEY DAY AGAIN

National turkey day again comes to Rural Rehabilitation farmers. Farm families who have been forced to forget about this royal bird for the last few years now look forward to a real Thanksgiing, with all that goes with it, according to Marvin Durbin, Rural Rehabilitation Supervisor in Chilton County.

219 families will have much to be thankful for and are proud of their achievements in home and farm improvement, and of the fine record they have made. Many of these families will substitute other delicious meats for the thanksgiving bird but all of the 219 farm families in this County will have a real Thanksgiving dinner. "I am very grateful for the fine cooperation given me and to my staff," said Mr. Durbin," and more than pleased with the success of our farm plans in this district. Of the $41,316.36 advanced to farmers in Chilton County more than 75 per cent already has been repaid as late crops go to market.

"Files in this office." Continued Mr. Durbin "contain many letters from farmers who have been aided by this program and all letters indicate such improved conditions that all of us have much to be thankful for."

The Chamber of Comerse has guaranteed $1,000 in premiums for a Wiregrass fat stock show next spring. Plans also are being made for a 4-H calf club show and sale at Dothan.

Brief Farm Notes

Roulhac Gewin, Marengo County farmer, this year produced 261 bales of cotton on 188 acres of measured land. In 1934 he made 232 bales on 189 measured acres.

Some of the best "steer farmers" of Talladega County are being supplied good brood mares. The Resettlement Administration is taking the steers in on the trade and taking notes for the balance.

Madison County farmers are making plans for colt, mare, and jack show next year.

A serious shortage in draft animals has developed in Tuscaloosa County.

Between now and April 1, 1937, farmers have an unusal opportunity to modernize their homes and farm buildings through FHA Insured Modernization Loans being made by local banks, building and loan associations and other financial institutions, points out a letter to Alabama county agents.

ALABAMA FARMERS GREW 238 POUNDS PER ACRE, HIGHEST EVER RECORDED

Auburn, Ala.—Present indications are that Alabama farmers this year produced 238 pounds of cotton per acre, the highest on record, surpassing the previous high of 226 pounds made in 1935 by 12 pounds and the ten year (1923-32) average of 172 pounds by 66 pounds, reports J. C. Garrett, State and Federal Agricultural Statistician.

Alabama's 1036 cotton crop is now forecast at 1,155,000 bales compared with 1,059,000 bales in 1935.

OYSTER SUPPER AT JEMISON

The Jemison Chapter of the FFA is sponsoring an Oyster Supper and shicken supper, in the auditorium of the Jemison High School building, Thursday evening, November 19th. Plates will be ready for sale at 6:30.

A play will be given entitled, "Asking Her Father." There will be no admission to the play. Everyone is invited.

DR. C. O. LAWRENCE

The office of Dr. C. O. Lawrence will be closed all day Thanksgiving Day, Thursday, November 26. 1-c

FARM HORSES AND MULES CONTINUE TO DECREASE

Auburn, Ala.—A further decline in the number of horses and mules on farms during 1937 and for several years to come, is forecast by the United States Bureau of Agricultura Economics in a report sent Alabama farm leaders.

"It is expected that the low point in the downward tresd in the number of all horses and mules on farms will be reached within four or five years,' says the report.

'The low point in the number of animals of work age will occur a few years later.

During the period prices of horses and mules are expected to increase somewhat above present prices.

"Reports from the leading horse and mule markets indicate a continued strong demand for horses and mules, which is expected to be continued during the coming year."

Alabama farm leaders are pointing to these facts in emphasizing the importance of farmers growing more colts.

FARM FAMILIES TO HAVE MORE MONEY DURING 1937

Auburn, Ala.—A higher level of farm families living in 1937, resulting from marked improvement in farm income, is forecast by the United States Bureau of Agricultural Economics.

"The outlook for 1937 income agriculture the country over is continuation of the upward trend of 1933-36," says the report.

"It would seem that farm families in general will have somewhat more money to distribute in 1937 among items of family living, in spite of the fact that farm equipment, farm buildings, and livestock for replenishing herds will doubtless claim a goodly share of the increase in income. Increased cash available for family living may be offset in part by higher prices of food and of some other commodities."

University News

University, Ala., Nov. 16.—Tau Beta Pi, national honorary scholastic organization, tapped ten new members at the University of Alabama last week. Three of the outstanding students thus recognized are Carl Adams, Birmingham; and Jake Nolen and G. Milton Ellis, Jr., both of Tuscaloosa.

Dr. William Graham Echols, director of the Wesley Foundation at the University of Alabama, delivered a report on the activity of his group to the North Alabama Methodist Conference held in Florence last week. The University Wesley Foundation is the second largest Methodist student group in the South.

A new course in journalism has been added to the curriculum at the University. The course, limited to seniors, is intended to bring journalism majors "rp to date" before they begin seeking employmen in the newspaper business.

Tau Gappa Alpha, national honorary fraternity, conducted formal initiation ceremonies at the University last week. Six debaters were initiated into the fraternity.

Blackfriars, student dramatic organization at the University of Alabama, presented their second play of the year last week. The play, "The Night of January 16", was well received by a large audience.

HIGHER LIVESTOCK AND MEAT PRICES EXPECTED

Auburn, Ala.—The general level of livestock and meat prices in 1937 is expected to be higher than for several years, says the annual outlook report of the United States Bureau of Agricultural Economics.

Prospects for the smallest supply of meats in more than 15 years and "further improvements in consumer demand" are given as reasons for predicting a higher price level. The meat supply for 1937 may be about equal to that of 1935.

"Even under favorable conditions for feed production in 1937, 1938, and 1939," the bureau says, "it hardly seems probable that total slaughter supplies will reach before 1940 a level equal to the 1930-34 average."

The University Research Council of the University of Alabama held its November meeting last Wednesday night. The Council is an organization of University faculty members. Two speeches were delivered at the Wednesday meeting. Professor George J. Metcalf spoke on "Dynamic Philology" and Professor William M. Hepburn spoke on "The Social Security Act".

AID BLADDER ELIMINATION

Make This 25c Test

Use buchu leaves, juniper oil and 6 other drugs made into little green Bukets. Helps to flust from the kidneys poisons and excess acids that cause poor elimination resulting in getting up nights, frequent desire, scanty flow, or backache. Just say Bukets to your druggist. In four days if not pleased go back and get your 25 cents.—Upchurch Drug Co.

FOR SALE—Jersey cow with young calf, may be seen at my place two miles north of Cooper.—Jim Jones, Verbena Route 2. 1-pd.

Interesting Figures On Whiskey Costs

W. C. T. U. WILL ORGANIZE

It would require 8,000 people worth a million dollars each to represent a total wealth of eight billion dollars; and there are only a few score millionaires in the United States. It would take 80 persons worth one hundred million dollars each to represent a combined wealth of eight billion dollars; and there are only a few such persons in this country, as shown by government tax figures. Four thousand banks or other concerns, each doing a two billion dollar volume of business, would transact a total volume of eight billion dollars. Yet, in a little over 3 years the liquor traffic in the United States has collected from the pockets of the people more than eight billion dollars, as shown by authentic figures.

This year (1936) the legalized liquor business is well on its way toward a two billion five hundred million dollar volume of business. Only 2% of this year's liquor traffic will amount to fifty million dollars. Easily can any business afford to spent 2% for advertising. Most merchants selling food, clothing, and other necessities of life, are forced to spend a much greater per cent for advertising. Easily, indeed, are the liquor interests now devoting fifty million dollars to high pressure, legally protected, advertising through press, radio, and the movies.

But this huge advertising program does not cover, and is not intended ever to cover, all phases of the legalized liquor situation since repeal. Here are a few of the many points on which the fifty million dollar program of advertising is silent:

(1) Mr. Martin Nelson, secretary of Keeley Institute, Dwight, Ill., reported an increase of 24% in the number of victims of alcoholism applying for treatment in the first four months of 1936.

(2) Dr. Sigsmund S. Goldwater, Commissioner of Hospitals, New York City, declared in a recent interview that excessive drinking in New York City is increasing by leaps and bounds. As evidence, he submitted the report by Dr. Karl M. Bowman, of Bellevue Hospital, which shows that in 1934 Bellevue admitted 7,649 cases of acute alcoholism as compared with 9,139 in 1935. For the first 6 months of 1936 alcoholics admitted were at the rate of 12,378 for the year.

(3) Rapid increase in the nation's federal prison population, despite the prohibition repeal and the fact that no dry law violators are now committed to federal prisons, reported by Sanford Bates, director of federal prisons, and J. Edgar Hoover, chief of the Bureau of Investigation.

(4) Gen. Smedley D. Butler, retired major general of the United States Marines, asks the W. C. T. U. to start a campaign against drunken automobile driving. Drunken driving was one of the things the W. C. T. U. warned against before repeal, and one of the things it has always campaigned against.

(5) Dr. Carl Meyer, head of the Cook County Hospital, which handles 70,000 cases a year, said in an interview October 11th, that 'one drink and you're drunk. You may not think so and you may not show it, but it is not safe for you to drive a car.'

One purpose of the W. C. T. U. is to disseminate startling and tragic facts about the effects of beverage alcohol which will never be publicized by the liquor traffic's fifty million dollar advertising program. The newly elected president of the Alabama W. C. T. U., Mrs. Cora McAdory, of Auburn, has announced her intention of concentrating efforts this year toward more effective organization. The plan is to go into unorganized counties with educational programs and cultivate for unions. Mrs. McAdory plans to organize every unorganized county in the state. Cooperation is earnestly desired of every citizen who is interested in the welfare of the youth of the state.

BAPTIST WORK GIVEN PRAISE

Denomination Progressing in State, Declares Gwaltney at Annual Convention.

Tuscaloosa, Ala., Nov. 17.—Dr. L. L. Gwaltney, president of the Alabama Baptist state convention, today viewed progress of the denomination's work in the state optimistically in an address which he began by citing 3 basic doctrines of his church.

"These are our three basic and simple doctrines: The Lordship of Jesus Christ; the New Testament, a sufficient guide for faith and practice; and the largest liberty possible consistent with the Lordship of Christ and teaching of the New Testament scriptures," he said. He emphasized the individual freedom allowed in beliefs in the Baptist church, and its lack of centralized organization and control.

Growth Continues

Turning to Baptist work in Alabama Dr. Gwaltney said that "it has been truthfully said that the Baptists have no problems except those which have come by reason of their growth. Under the blessing of God we grow so rapidly we fail to realize it is hard to keep up with ourselves and reach the people with an adequate program.

"First, let me say the executive board in this state with its varied departments is functioning well. . . . The departments of the board — the Sunday school and B. T. U. departments under the leadership of Mr. Davis Cooper, Jr., are doing well; so also is the Women's Missionary Society."

LARGEST FUND SINCE WARTIME WILL BE SPENT

Previous Commitments Of Congress Must Be Carried Out

Washington, Nov. 16.—A $1,000,000,000 national defense budget for next year arose today as a major hurdle in the Administration's effort to cut regular Government expenditures.

Congressional appropriation committee experts said committments for a larger Army and air corps, and "treaty Navy" building entered into by past congresses undoubtedly would boost the War-Navy appropriation program to the largest in peace-time history.

The last Congres appropriated $528,102,532 for the Navy Department and $388,244,.859 for the War Department, the latter exclusive of $189,591,985 for non millitary purposes.

At the same time, Congress approved an increase in army strength to 165,000 men, voted for an Army air corps expansion program, and approved initial appropriations for the Army and Navy designed to convert the Hawaiian Islands into a Pacific "Gibraltar." These and other commitments will require large appropriations next session.

Harbor-defense projects, mainly on the Pacific Coast and Hawaii, considered necessary for adequate defense, ultimtely will cost $31,000,000 to complete, according to congressional estimates. Only a fifth of this amount was appropriated last year.

An increase in Navy personnel to 100,000 has been urged by Navy officials to keep abreast with the new ships coming off the ways as a result of the public works and regular building program pushed to give the United States a navy of 'treaty strength' within four years.

Houst appropriations committee officials estimated that an appropriation of $17,087,608 will be required next session to complete Navy vessels either now under construction or on which construction is due to start before June 30.

National defense appropriations have increased steadly during the last four years, as war threats abroad grew stronger.

MISS JOSEPHINE BARRETT NOW WITH MODERN BEAUTY SHOPPE

Miss Josephine Barrett wishes to announce to her friends and customers that she is now with the Modern Beauty Shoppe every day, and invites them to call her for appointments.

BREAKING UP HOUSEKEEPING — For sale cheap for cash: 3-piece mohair living room suite, 7-tube table model Philco radio, 1 circulator heater, 1 vanity dresser. Apply to Miss Cleo Broadhead, at J. H. Broadhead's store, west end. 1-ch

5 New Deal Acts Pending In Court

Supreme Judges Are Expected To Render Decision In The Near Future

Washington, Nov. 21.—Five New Deal cases rested tonight in the hands of the Supreme Court, with decisions on all of them possible by Dec. 7.

At their usual Saturday afternoon conference, the nine justices had their first opportunity to discuss what their decisions will be on three of these cases argued before them during the past week.

This newly-presentd litigation involved:

1. Directly, a presidently - imposed embargo on arms shipments to Bolivia and Paraguay during their recent Chaco war. Indirectly, Government attorneys said, the constitutionality of the administration's broad neutrality act.

2. The Ashurst-Summers act requiring that prison-made goods be labeled as such, to prevent their shipment into states which ban their sale.

3. The 50 per cent tax on silver profits before the silver purchase act became effective.

Previously taken under advisement by the court were cases involving the right of PWA to make loans and grants for publicly-owned hydro-electric plants and whether the Governmen can defer trial in lower courts of many cases challenging the constitutionality of the public utility holding company act. Delay in the lower court tests of the holding company statute has been asked pending a final decisions o na government case against the Electric Bond and Share Company.

On Dec. 7, decisions also may be forhcoming on constitutionality of the New York unemployment insurance act and on whether the Associated Press is entitled to an injunction to restrain radio station KVOS of Bellingham, Washington from broadcasting the Press Association's news until 18 hours after publication.

Justice Stone, ill of dysentery, was absent from the justices' conference today and it was said at his home he might be away from the court several weeks more. His recovery was reported slow but constant.

The court will adjourn after its brief sesson Monday to devote the night to writing opinions.

DESCENDANT OF CLANTON'S NAMESAKE DIED IN VIRGINIA

A daughter-in-law of the man, General Clanton, for whom our city was named, was buried in Montgomery Saturday in the Clanton lot in Oakwood cemetery. She was Mrs. Margaret Hardie Clanton, and was 84 years old, widow of the late Wm. C. Clanton.

The station here, which was first named 'Goose Pond' later took the name of the famous Civil War General Clanton.

SIX MEN FROM AROUND CLANTON ATTENDED DEER HUNT FRIDAY

Half a dozen men from the vicinity of Clanton attended the big deer hunt down in Sumter county last Friday, the opening day of the season. They hunted on the Parker preserve, which adjoins the Allison preserve. Those attending from here were: H. S. Shaw, John Armstrong, M. D. Foshee, Jr., Lawrence Littleton, Ross Ellison, and Napoleon Willis. The Clanton delegation brought back one buck, which was bagged by Lawrence Littleton. One of the other fellows killed one, 'but he got away'. A total of 7 were killed during the day. All of the men from here saw a total of about 40 deer during the day.

The deer season closes on December 31st, and the managers of the preserves make a charge of $3 a day for each one who hunts. As many as 15 have to go in a group in order to be permitted to hunt.

TWENTY-FOUR JAILED SINCE NOVEMBER 11TH

Since November 11th, the day the last report from the sheriff's office was obtained for publication, there have been a total of twenty-four arrests made.

There was one arrested for reckless driving, who was released on bond.

Six were arrested for public drunkenness, three of whom are out on bond, and three are still in jail.

On the charge of driving motor vehicle while intoxicated, a total of five were arrested; four made bond and one remains in jail.

Violating the prohibition law took its toll of five; four made bond and the other remains in jail.

One charged with assault and battery, in jail.

Six federal prisoners from other counties were brought here and placed in jail, serving jail sentences of short duration.

CHURCH SCHOOL FUND APPROVED

State Methodist Meeting Sanctions Campaign For $1,500,000.

Selma, Nov. 20.—Approval of a $1,500,000 drive for endowment of Methodist colleges in the state, launched last week by North Alabama Methodist Conference in Florence, was voted by Alabama conference of Ministers and laymen as their annual meeting opened yesterday at Church Street Church here.

ATE VENISON ON 67TH WEDDING ANNIVERSARY

On last Sunday Mr. and Mrs. Riley Robinson, better known as Uucle Riley and Aunt Vil, of Providence, celebrated their 67th wedding anniversary. A number of relatves and friends gathered at the old home place and took dinner with them.

A special treat for Uncle Riley was presented by Napoleon Willis, the same being a mess of venison, or deer meat. The meat was brought back from Sumter County by Mr. Willis last Friday.

The proud recipient of this treat said that the eating of venison brought back fond recollections of his younger days when deer were more or less plentiful in the wooded sections of Chilton County. The last one that Uncle Riley killed was about fifty years ago, which he killed over at the back of old sapling field, not over a mile from his present home.

The old man, and the members of the family, extend hearty appreciation to Mr. Willis for his thoughtfulness. This donation to the anniversary occasion was most appropriate, and thoroughly appreciated.

CLANTON PEOPLE URGED TO CONSERVE WATER

Owing to the continued dry weather, it has become necessary for the city officials to urge the people of Clanton to conserve the water supply. People are asked to forego washing their cars, and other activities that would use water not absolutely necessary, until the supply is enough to care for all demands. We do not want to have to haul our water.

Gov. Graves Issues Call For Special Session

Following is the text of Gov. Graves' call for a special session of the Legislature of Alabama:

Whereas, in the opinion of the Governor of Alabama, an extraordinary occasion exists which demands the convening of the Legislature of Alabama in extraordinary session as prescribed by Section 122 of the Constitution of Alabama of 1901;

Now, therefore, I, Bibb Graves, as Governor of the State of Alabama, do hereby proclaim and direct that the Legislature of the State of Alabama convene in extraordinary session at the seat of government in Montgomery, Alabama, at 12:00 noon, Monday, the 23rd day of November, 1936, and I do hereby designate the following subjects and matters to be considered and acted upon by the Legislature in extraordinary session assembled:

1. To revise the Revenue Laws and to provide additional revenue for the schools and to enable the State, county and city governments to function adequately.

2. To provide for the payment of all educational activities, experimental and extension services, out of the Alabama Special Educational Trust Fund, and to relieve the General Fund of all such payments.

3. To provide for an appropriation from the General Fund to take care of any deficit in the Special Educational Trust Fund.

4. To provide for the exemption from State ad valorem taxes of homesteads, as defined by the Constitution and Laws of the State of Alabama.

5. To set up a 'Property Tax Relief Fund' and reduce State ad valorem taxes.

6. To regulate the manufacture and sale of spiritous, vinous or malt beverages through State owned and operated stores or other State supervision, and to provide for a referendum thereon to the electors of Alabama.

In witness whereof, I have hereunto set my hand as Governor of the State of Alabama and caused the same to be attested by the Secretary of State and the Great Seal of the State affixed at the Capitol in the City of Montgomery, this the 21st day of November, 1936.

BIBB GRAVES,
Governor.

Attest:
HOWELL TURNER,
Secretary of State.

EUBANKS-RITCHIE WEDDING

Mr. and Mr. Dewey Eubanks announce the marriage of their daughter, Louise Helen, to Mr. Douglas Daniel Ritchie, of Bessemer, on Sunday, November 22nd, at Clanton. Mr. and Mrs. Ritchie will make their home in Bessemer.

MISS ESTELLE BENSON WITH HELENE CURTIS BEAUTY SHOP

The friends of Miss Estelle Benson will be glad to learn that she is now working at Helene Curtis Beauty Shoppe in Clanton on week ends. She is there every Friday and Saturday, and will like for her friends to come to see her.

THANKSGIVING SERVICES AT ROCKYMOUNT CHURCH

There will be all-day Thanksgiving services at Rockymount church, out from Jemison, Thursday, November 26th. There will be preaching at 10 o'clock; prayer services and talks during the after-noon. Everybody is invited to come and bring well filled baskets.

Friends of Mrs. Cleve Powell will regret to know that she is seriously ill in a Birmingham hospital.

THANKSGIVING

There are so many things for which all of us should be thankful that it ought not to be difficult for us to forget the little bothers that we may have encountered along the way. It should be easy for everyone to find in their hearts something in the nature of a blessing.

If good health has attended you through the past year, then what greater blessing could you ask? If it has not been well with you physically, then there still remains just cause for being thankful that it has been no worse, and that your life has been spared where thousands of others have passed on. You have had a roof over your head, you have not suffered the pangs of hunger, and you have had a pillow on which to rest your head. For those things be thankful. You have reaped the smiles of kindly friends and neighbors, you have held the affection and love of your family. You are rich in friendships, and regardless of worldly riches, that, too, is something to be thankful for. You are a citizen of a nation that is at peace with the entire world; no war has come within the year to force you to make human sacrifices of your sons. For that be thankful.

Through a season of drouth that wrought destruction we have witnessed the miracle of bountiful crops. And through a bitter political campaign we have emerged to find the nation more prosperous than it was one year ago. Its people are united and hopeful of the future. All of which is just cause for thanksgiving. So as we pause again to return thanks to a Providence who has stood watchfully by in moments that tried our souls, let us bear in mind the blessings He has bestowed; let us forget those things which vexed us, for they are now of the past.

There is something in every heart to be thankful for. Search yours, find it, and then on Thanksgiving Day, offer up your praise to Him who made those things possible.

LEVINES HAVE REAL SANTA CLAUS STORE

If its loads and loads of toys and Christmas goods you're looking for, then, there's no use going further than Levine's store, according to I. S. Levine and Sol. These two gentlemen assure the public that anything in this line can be found at their place, and it will be gobs of pleasure for them to show you what they have. There are dolls of every description—little ones, big ones, and all in between. And toys are no name.

It would be impossible to tell you all about it here or even in Levine's adv. on the comic section of The Union-Banner, but we can only give you an idea. To appreciate what they have, you will just have to visit the store and see for yourself. And the Levines, as well as the other clerks, assure you of an altogether welcome when you come to see them.

SENATOR HUGO BLACK MAY HEAR CALL OF PRESIDENCY

Alabamian Has Won Title of Liberal Leader Of South

Washington, Nov. 20.—Although President Roosevelt has not yet been inaugurated for his second term, there is much talk here regarding candidates for 1940.

Among those being mentioned is Sen. Hugo L. Black of Birmingham.

He has won the title of being the leading liberal senator from the South and would carry on the New Deal ideals, his proponents contend.

They say that the Nov. 3 election wiped out regional lines for all time and that his being a Southern Democrat will be an asset, rather than an impossilbe handicap as it has been since the Civil War.

ANOTHER BOY

Mr. and Mrs. G. N. Fox announce the birth of a ten-pound son. The young man's name is Howard Franklin.

ALABAMA POWER COMPANY DECLARES STOCK DIVIDENDS

Birmingham, Ala., Nov. 19—Quarterly dividends were declared today by the Board of Directors of Alabama Power Company on its $6 and $7 preferred stock, payable January 2, 1937 to stockholders of record December 12, 1936. These dividends amount to approximately $552,000.

At the same time it was stated that the regular quarterly dividends upon the $5 preferred stock payable February 1, 1937, will be considered and are expected to be declared at a meeting of the Board of Directors to be held in January, 1937. These dividends will amount to $30,000.

UNCLE SAM'S BOYS TO HAVE TURKEY

There will be 70,000 turkeys, 450 tons of them, set before the khaki-clad nephews of Uncle Samuel on this Thanksgiving Day, when both the regular army and the CCC boys put on their best bibs and tuckers for the holiday feasting.

But the 900,000 pounds of turkey, which will be roasted to a golden brown, bulging with chestnut dressing, is only a starter on the Thanksgiving dinners that the army will put on the tables for the boys.

There will be various other kinds of meats and delicacies, cake and ice cream, and the like. And when the time comes to relax, it will require 515,000 cigars and about 10,000,000 cigarettes if everyone gets the portion allotted to him.

This Thanksgiving feed is an annual custom and a part of the army ration, served up by army cooks, who are specialists.

J. M. TRUETT ASSIGNED TO CLANTON M. E. CHURCH

The Alabama Methodist Episopal conference, in session at Selma last week and the first of this week, made assignments of pastors, among the changes being Clanton. Dr. Middlebrooks goes from here to Union Springs; and the new pastor of the Clanton church will be Dr. J. M. Truett.

It will probably be of interest to Clanton people to learn that R. P. Cochran goes to St. Marks; E. A. Childs, Marianna; D. W. Haskew, Andalusia; I. W. Chalker, Panama, City. Rev. C. M. Ellisor goes from Verbena to Eclectic, and H. C. Bass has been assigned to Verbena.

GRAND JURY IN SESSION

The grand jury was in session Monday and Tuesday of this week. Judge Glover and Solicitor Winston Huddleston were in charge of the deliberations of the body.

The report could not be obtained early enough for publication this week, but will be published next week.

B'HAM CHRISTMAS CARNIVAL

Birmingham, Nov. 23. — Just three more days and all Alabama will begin a trek to the Magic City of the South to take part in the annual Christmas Carnival which will be celebrated this year with three days of fun and frolic.

More than three score beautiful girls bearing the title of princesses will lead the march on Birmingham from Alabama's towns and the leading states of the South.

The carnival opens on Thursday, Thanksgiving day, with the Crimson Tide of Alabama meeting the Gold and Black of Vanderbilt on Legion Field with Alabama's hope of a Rose Bowl bid as the prize.

Alabama and Vanderbilt, traditional foes, will offer the best football of their season here against each other, followers of the two teams believe.

Friday visitors to the carnival will be guests of the Carnival Association and the Woman's Chamber of Commerce of Birmingham on free sightseeing tours of Birmingham and its environs. All points of scenic interest, history significance and beauty will be pointed out by the guides who will furnish transportation. Those wishing to take these trips should write the Carnival Association, 419 N. 20th St., at once, naming the number that will be in their party.

The princesses will be presented at the court of the King and Queen of Carnival Friday night at the Municipal auditorium, and an elaborate court entertainment will be offered, after which the court, the princesses and the public will dance with two of Birmingham's best dance bands playing, Jimmy Blue and Coleman Sachs.

Saturday, clowns and floats will make the Christmas parade a gay and sparkling event with story book characters and Christmas themes portrayed in the elaborate creations.

The carnival will close with a carnival street dance free to the public. Streets adjoining Woodrow Wilson Park will be roped off, good music will be provided, the public is invited free to come in costume and there will be favors for fun-making.

"Birmingham is happy because of its new prosperity. It has suffered like the rest of Alabama during the depression. We are going to laugh and play in traditional carnival manner. We want our friends and neighbors to enjoy this festival with us, and we urge them to plan to be in Birmingham November 26, 27, and 28, and enjoy this occasion with us," John P. Newsome, general chairman, states in issuing a South-wide invitation to the carnival.

CHILTON "TIGERS" TAKE ON MAPLESVILLE NEXT FRIDAY

The Orange and Blue "Tigers" from Chilton High will take on the team from Maplesville High Friday afternoon at 2:30.

This will be the first time Chilton has met a team from this school. As far as we are able to learn, the Maplesville team is coached by Mr. Porch, the coach who has been at Isabella for the past few years, assisted by Elly Daniel, a former "Tiger", and one of the best centers ever to wear the Orange and Blue. We have no advance "dope" on the team from Maplesville, but judging from results Mr. Porch has been able to obtain in the past, and supposing that Elly Daniel has had something to do with coaching the line, we would expect Maplesville to show up with a good team for its first appearance here.

In addition to this, the game here Friday will be the only one played in the county on that day, and will be the closing game of the season for the locals.

Make a point of seeing this last game of the season. It should be a good one.

THE FUTURE OF THE REPUBLICAN PARTY

"The Future of the Republican Party" is the title of an address to be given by Rep. Hamilton Fish, Jr., over the Columbia Broadcasting System on Wednesday, November 25, at 9:30.

Rep. Fish, Republican, of New York, will speak from the CBS studios of WJSV, in Washington.

Special Session Heavy Expense On Public

Montgomery, Nov. 19.—Legislatures are becoming an expensive item on the state's budget. Although they are supposed to be held but once every four years, Alabama has had five in the past six years—and they have cost the taxpayers a total of $1,232,182.

The sixth, starting next week, is expected to add another $100,000 to the bill.

A comparison of the boasted Miller "economy" administraion with that of Gov. Graves develops the surprising point that Governor Miller's leisslative costs were almost twice that of the president administration. Including the present session, Gov. Graves' legislative bill is expected to run around $500,000 for three meetings, while Governor Miller spent $831,201 on three.

Regular sessions, held at the beginning of each administration, are naturally the most expensive, as the lawmakers are allowed 50 legislative days to complete their work. Gov. Miller's regular session cost $518,211, compared with Gov. Graves' $266,873.

Extraordinary sessions must get through in 30 legislative days with correspondingly lower costs. The first special session of the Miller administration in 1932 cost $222,102, while his second in 1933 ran $90,888. Gov. Graves' one special meeting last February cost $134,108.

The startling drop in the cost of Miller's last session, and one of the major reasons for corresponding decrease in costs during the present administration, was due to the stringent economy program adopted in the Miller administration. Pay of legislators was slashed from $8 a day to $4 and the number of legislative clerks was cut to the constitutional minimum.

During the last session, the lawmakers voted themselves a $2 a day increase as "expense" and the cost rose from $90,888 in the last Miller session to $134.108 in the Graves' extra session.

Sen. Forney Stephens of Oneonta at each session regularly advances one solution to the expensiveness of legislative sessions.

He would put the legislators on an annual salary. The legislative budget then could be easily computed for the quadrensium, each legislator would know what he would get out of the office, and the evil of "stretching out" sessions to the maximum limit for the aske of the pay would be abolished.

Both of the Graves meetings broke precedent by completing their work before the permitted number of legislative days was consumed. The regular session completed its work on the 49th day, while the special session quit on its 25th, five days under the limit.

BAPTISTS OPPOSE REPEAL VOTE PLAN

Tuscaloosa, Ala., Nov. 20.—Alabama Baptists today were on record as opposing the inclusion of a prohibition referendum in Gov. Bibb Graves' official call for a special session of the state legislature scheduled to begin Monday.

A resolution adopted at the closing session of the state convention's 115th anual program condemned the liquor traffic as a base, sordid and selfish business which profits through man's weakness, degrades the state, produces crime and blights every fair hope of youth and comfort of age.

The reslution asked the governor not to in clude repeal in his call on the ground the issue had been settled in the referendum in February, 1935, in which repealists were defeated by 8,000 votes.

Mr. and Mrs. Percy Pitts visited in Birmingham Sunday.

Alabama Press Men Seeking Industries

Weekly Press Sets Itself Task of Fighting Taxes That Scare Capital Away

The weekly newspapers of Alabama, which largely compose the Alabama Press Association, have pledged themselves to strike hard for the establishment from time to time of new industries in this State. Recently at a meeting in Birmingham the executive committee of the Press Assoiation adopted a series of reslutions outling the aims and purpose of the weekly editors, which were released for publication yesterday.

The reslutions commit the editors to a policy of protecting industries from "discriminatory burdens of taxation" and declare "the future progress and developaent of Alabama is directly dependent on location of new industries to use the raw materials with which our State is blessed," and that it is necessary "to etablish a better balance between Alabama industry and agriculture, to create payrolls, to increase consumpton of our State's farm products, and to improve the buying power of our people and the business of our merchants."

It was declared further that "location of new enterprises is dependent to a great extent upon a friendly attitude upon the part of State and local governments," and also that "discriminatory burdens of taxation imposed on industry create a barrier to incoming enterprises, and make it difficult for our state to bid for new industries against sister states which offer positive inducements to capital."

The executive committee of the Press Association hereupon commended to its members all over Alabama "consideration of a program" which would have as its objectives the following:

1. Presentation of the resources of Alabama to the outside world.
2. Encouragement of the location of new industries of all kinds.
3. Adoption of legislation favorable to the location of new industries.
4. Elimination of any unfair or discriminatory taxes which may handicap the State in its bid for new industries.

It was resolved further that a committee of ten should be appointed to make a study of ways and means by which this program may be carried out, "and that this committee be requested to contact heads of existing industries and obtain their counsel and cooperation."

The cooperation of all weekly newspapers was invked in a final resolution.

JEMISON GIRL WINS PRIZE FROM BROYLES

Miss Emma Campbell, of Jemison, has been awarded a prize by the R. B. Broyles Furniture Company, of Birmingham. The prize is a 12-piece living room suite.

Miss Campbell won the prize among thousands of constestants in a race for the best interior decorator.

The Union-Banner and the many friends of Miss Campbell wish to extend congratulations on the achievement she has won.

THANKS FOR THE STREET LIGHT

The City of Clanton and Alabama Power Company early this week installed between The Union-Banner and the Clanton Laundry a fine new high-powered street light, for which we are most thankful. This street has needed more light for several years, since business and traffic in this part of the city has increased. This is a fine addition to Sixth Street.

There were seven other lights put in at different places in the city.

TWO BROUGHT BEFORE MAYOR

During the past week, two people were arraigned before mayor C. Fenn Jones, both charged with public drunkenness. One pled guilty and was fined $12.25. The trial of the other was extended to Saturday of this week.

THANKSGIVING SERVICES AT FRIENDSHIP THURSDAY

There will be Thanksgiving services at Friendship Thursday at 11 o'clock. The public is cordially invited to attend and take part in the services.

NOTICE TO MEMBERS OF LIBERTY HILL CHURCH

All members of Liberty Hill church are urged to be present at the services at that place the fift Sunday, November 29th, as committees will be appointed and arrangements made for produce to be gathered up for the orphanage car. The car will be in Clanton on Thursday, December 10th, and at Thoraby on Wednesday before.

Rev. Maurice Hodgens will preach at Liberty Hill at 11 o'clock the fifth Sunday. Everybody is invited.

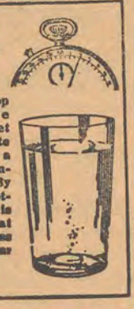
DO THIS when you wake up with a Headache

ENJOY RELIEF BEFORE YOU'VE FINISHED DRESSING

Bayer Tablets Dissolve Almost Instantly



In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass . . . happens in your stomach.

When you wake up with a headache, do this: Take two quick-acting, quick-dissolving BAYER ASPIRIN tablets with a little water.

By the time you've finished dressing, nine chances in ten, you'll feel relief coming.

Genuine Bayer Aspirin provides this quick relief because it is rated among the quickest methods for relief science has yet discovered.

Try it this way. But ask for it by its full name, BAYER ASPIRIN; not by the name "aspirin" alone.

MT. CARMEL

Mr. M. F. Childress has been ill for the past week.

Mr. and Mrs. Paul Smith visited their grandparents, Mr. and Mrs. Jim Smith, last Sunday.

Mrs. Otis Sewell and baby daughter, Joyce Marie, were visitors of reltaives here last week.

Mr. and Mrs. Luther Leach and son, Raymond, visited Mr. and Mrs. J. C. Scott Sunday.

Miss Nellie Sanders is visiting in Phoenix City.

Mr. and Mrs. Jim Smith spent Sunday night with Mr. and Mrs. Paul Smith.

Mr. and Mrs. E. H. Williams have named their twins Elbert Morris and Elna Doris.

Mr. and Mrs. W. B. Liveoak could not attend church services Sunday on account of sickness.

Mr. J. H. Sanders made a business trip to Montgomery last week.

Those who enjoyed the birthday dinner at the home of Mr. and Mrs. G. B. Higgins in honor of Mr. Higgins were: Mr. and Mrs. J. M. Smith, Mr. and Mrs. S. J. Higgins and two daughters, Gladis and Lillian, Mr. and Mrs. Odell Higgins, Clyde, Doyle, and Coy Liveoak, Miss Hazel Liveoak, Mrs. Ida Mills and 3 sons, Clarence, Earnest, and M. C., 3 daughters, Mary Belle, Frances, and Allene, and Miss Lucile Crumpton.

Rev. Paul Oden will show his pictures at Mt. Carmel church next Saturday night, November 28, at about 7 o'clock.

There will be Thanksgiving services at Mt. Carmel Wednesday night, and everybody is invited to come and bring someone with you.

NOTICE

Notice to all missionary auxiliaries in Verbena, Clanton and Chilton Circuits:

The third quarterly district meeting will be held at Shady Grove church November 29th. Some state workers will be present. Dr. T. C. Casaday will bring a message at 2:30 p.m. Be present for roll call, and report at 10:30.—Assistant District Director.

NOTICE TO CREDITORS OF FIRST MEETING

United States Court, Middle District of Alabama, Northern Division, in Bankruptcy, at Montgomery, Ala.

In the Matter of J. R. Kemp, Bankrupt, of Clanton, Chilton County, Alabama.

The aforesaid party having been adjudged a bankrupt, under the Act of Congress entitled "An Act to Establish a Uniform System of Bankruptcy throughout the United States," approved July 1st, 1898, meeting of the creditors of said bankrupt is called at the office of the undersigned Referee, in the United States Court House, Montgomery, Alabama, on the 2nd day of December, 1936, at 10 o'clock A. M., to make proof of debts, and for the election of a Trustee, and such other matters as are necessary and required by the Act of Congress aforesaid.

Montgomery, Alabama, November 20, 1936.

SCHOOL ATTENDANCE

At the close of the second month of school there were 6,036 children enrolled in Chilton County schools. This leaves about 155 children who are within the compulsory school age still not enrolled.

There are 54 white children enrolled in private schools, and 39 colored children.

There are 93 white children in the county who attend school in other counties, and 18 colored children.

The percentage of attendance was lower this month than the first, due, perhaps, to the first cold weather and the finishing of crop gathering.

Mitchell Dam heads the list of white schools this month with a percentage of 98.4, With Providence—A runner-up with 96.12. Spring Hill No. 2 leads the negro schools with a percentage of 99. Following is a percentage list:

TOM and FANNIE

(Chefs or Sumpin)

We bring to you our insides to present happenens in Muntgumery—

Well, I tell yuh whut. Leave dat back do' open til them secret legislaters gits here cause some will come in de back way jest lak some takes tuh Mr. Buck Doe's lettice patch at de capital.

Now whut yuh reckon gonna take place here wid all dis turkey and giblet gravy. I is heard so much about gravy and whiles I ain't never knowed what it meant, I ain't never knowed bout turkeys and legislaters, seems to me de table is sot mighty small too, where you reckin all dem others is what ain't vited.

Now Fannie lissen and git on yore dignity; lissen and keep yore mouth shut. Big boss goner tell em he wants state liquor store so he kin control de liquor dealers wid his 'chine and make hisself more powful. Den he gonna tell um sum of em has got tuh git fried agin cause dey is on de pay roll; dat won't have no fect on em, dey will jest drag a drumstick thru dey mouth and suck dat gravy. Den he gonna tell um he wants dat sales tax and he gonna command every one of em tuh vote fer it. He gonna splain dey is in his power house, dats de reason he feedin um turkey; them left outs is jist trash like his platform, sides dey been bought wid thing gravy and turkey is for dem whut knows how tuh control.

Bless my soul, he gonna turn bright red like sweetgum leaves at frost time and tell em dey must hold up his hands as a prohibitionist but vote fuh liquor under his control; dat dey must pass a gross 'ceipts bill or token tax bill cause he gotta have mo money tuh spend and yuh knows he gonna control and spend money or git mighty rash.

Come tuh think bout it, does yuh reckin all dem others he lef off his turkey list feels like day wan't good nuf to be vited, or is dey jist cheap nuf to be sheeped in when de time comes, or is he done traded wid em wid jist thin gravy lak road jobs, paroles.

Yuh know we better whisper dis, but wouldn't hit be de devil ef dem lef outs splayed sum spunk and got organized ginst his third program.

Shet yo mouth. Dem lef outs is de cheapest folks in Alabama and big boss gonna round em up wid vice roun his table terday or else dey is got mo onner he countin on. Bless my sole, maybe dey is got more onner and mout feat him agin. All fur dis week. —Tom and Fannie, chefs.

Lesson for November 29

CHRISTIAN BROTHERHOOD

LESSON TEXT—Philemon 4-20.

GOLDEN TEXT—There is neither bond nor free....for ye all are one in Christ Jesus. Galatians 3:28.

PRIMARY TOPIC — Paul's Shortest Letter,

JUNIOR TOPIC—Paul's Shortest Letter.

INTERMEDIATE AND SENIOR TOPIC—A Slave Becomes a Brother.

YOUNG PEOPLE AND ADULT TOPIC—Christ Transforming Social Relationships.

Letters are always interesting, and especially so when they bring good news. The brief epistle to Philemon is one of unusual charm. Paul writes to Philemon, a Christian brother in Colosse, to inform him that he is sending back to him Onesimus, who was apparently Philemon's brother (v. 16) but who had through misfortune and sin (vv. 18, 19) become a slave. Evidently, he had stolen from Philemon what he needed to enable him to run away, and had ultimately come to Rome.

Having reached this great city he no doubt was satisfied that he had placed himself beyond the reach of anyone who knew him. But he had reckoned without God, who not only knew where he was (see Ps. 139: 7-12) but also what he needed. He is brought into touch with the imprisoned apostle, Paul, and through his ministry the fugitive slave becomes a "brother beloved in the Lord" (v. 16). How marvelous is the grace of God, and how patiently he deals with those who attempt to flee even from his love!

Our study of this epistle centers around four great words.

I. Appreciation (vv. 4-8).

After an introductory word Paul speaks of his love for Philemon, his appreciation of the latter's hospitality, his fellowship, and his faith.

Is Paul flattering his friend in order that he may grant his request? Certainly not, but he is expressing his true feelings toward a faithful brother. We need a revival of Christian courtesy and appreciation of one another.

The man who thinks that he must show that he is true to Christ by treating others with boorish rudeness needs to learn a new lesson from the Lord himself, and from his Word.

II. Consideration (vv. 9-14).

Paul could have kept silent, and encouraged Onesimus to remain with him. He needed help (v. 13) but without the consent of Philemon he would not keep Onesimus (v. 14). At the same time he reminds Philemon very tactfully that he owes them both loving consideration.

We have here a striking illustration of the candor and considerate thoughtfulness which should characterize the dealings of Christians with one another. We need to put away careless trampling upon the rights of others in order that our work may go forward.

III. Brotherhood (vv. 15-16).

The fact of regeneration does not change a man's social status so far as the world is concerned, but within the circle of God's household he becomes a "brother beloved." Let us look less at the accidents of circumstance, education, or birth, which differ and rather magnify the family relationship, for all who are born again are brethren.

IV. Partnership (vv. 17-20).

Paul counted Philemon not only a benefactor and a brother, but a partner in the great enterprise of God on earth. Partners share both joys and sorrows, gains and losses. They stand by in the hour of need, they plan and labor, weep and rejoice together. One wonders what might be accomplished for Christ if all Christians would accord one another even the ordinary considerations of partnership.

It should be noted in closing that verses 17 and 18 present an illustration of the great doctrine of imputation. The wrong of Onesimus was to be charged to Paul, and Paul's standing with Philemon is the basis of his acceptance of Onesimus. Even so the righteousness of Christ is imputed to the believer, because our sins have been laid upon him. What a wonderful Saviour!

A Mother's Love

No language can express the power and beauty and heroism and majesty of a mother's love. It shrinks not where man cowers, and grows stronger where man faints, and over the wastes of worldly fortune sends the radiance of its quenchless fidelity like a star in heaven.—E. H. Chapin.

Spare Hours

Bind together your spare hours by the cord of some definite purpose, and you know not how much you may accomplish. Gather up the fragments of time, that nothing may be lost.—W. A. Taylor.

Humble Deeds

The humblest deeds, prompted by a pure and unselfish motive, measure larger in God's sight than apparently much greater deeds which are done to be seen of men and for the aggrandizement of self.—Gunn.

Judge and Mrs. J. Lee Smith are in Gulfport, Miss., with their son, who is ill.

MT. SPRINGS

On Sunday evening, November 22, we reorganized our Christian Endeavor. New officers are: Miss Evelyn Williamson, President; Mrs. Oscar Williamson, Vice President; E. C. Williamson, Secretary - Treasurer. We were very glad indeed to enroll 22 members. This number included some of the most promising young boys and girls in the community. If these and others cooperate with us, we expect to make this an interesting and profitable Christian Endeavor.

It has been suggested that we meet at 6 o'clock and sing until 6:30, when the programs will begin.

Our Sunday school is increasing in interest and attendance.

We especially invite those who do not attend other churches to worship with us.

food and feed sufficient in most cases to last until the next crops are harvested. Garden surplus has been turned into canned and dried foodstuffs under the expert supervision of home management supervisors. Improved living conditions and ample foods are now enjoyed by the more than 13,000 rehabilitation farm families in his state.

"The improved condition of these families is a remarkable achievement," Mr. Brown added, "when you consider that those same families were in various stages of destitution and were forced to apply to their government for aid. The live-at-home farm and home management plans of the Rural Rehabilitation division of the Resettlement Administration have demonstrated the vaue of supervised loans to worthy farm families."

In this cause it is made to appear to the Register by the affidavit of Grady Reynolds that the Defendant is a non-resident, and that his place of residence and post-office address is unknown, and that such address cannot be ascertained after reasonable effort; and, further, that, in the belief of said affiant, the Defendant is of the age of twenty-one years:

It is, therefore, ordered by the Register that publication be made in The Union-Banner, a newspaper published in the County of Chilton, once a week for four consecutive weeks, requiring the said Gwin T. Eaves to plead, answer, or demur to the bill of complaint in this cause by the 30th day of November, 1936, or, in thirty days thereafter, a decree pro confesso may be taken against him.

Done at office in Clanton, this 30th day of October, 1936.

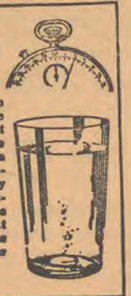
ENJOY RELIEF BEFORE YOU'VE FINISHED DRESSING

Bayer Tablets Dissolve Almost Instantly



In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass . . . happens in your stomach.

When you wake up with a headache, do this: Take two quick-acting, quick-dissolving BAYER ASPIRIN tablets with a little water.

By the time you've finished dressing, nine chances in ten, you'll feel relief coming.

Genuine Bayer Aspirin provides this quick relief because it is rated among the quickest methods for relief science has yet discovered.

Try it this way. But ask for it by its full name, BAYER ASPIRIN; not by the name "aspirin" alone.

SOLUTION FAVORED FOR FARM TENANCY

Alabama farmers want something done to solve the serious farm tenancy problem in the South.

Farm tenancy is a serious problem throughout the South, and we hope that congress will pass legislation to solve this problem, say farm bureau

PRODUCTION CONTROL DESIRED BY FARMERS

Auburn, Nov. 23.—Enactment by congress of adequate legislation to control production and to promote soil conservation is advocated in a resolution passed by the official delegates attending the 15th annual meeting of the Alabama Farm Bureau Federation

food and feed sufficient in most cases to last until the next crops are harvested. Garden surplus has been turned into canned and dried foodstuffs under the expert supervision of home management supervisors. Improved living conditions and ample foods are now enjoyed by the more than 13,000 rehabilitation farm families in his state.

"The improved condition of these families is a remarkable achievement," Mr. Brown added, "when you consider that those same families were in various stages of destitution and were forced to apply to their government for aid. The live-at-home farm and home management plans of the Rural Rehabilitation division of the Resettlement Administration have demonstrated the vaue of supervised loans to worthy farm families."

In this cause it is made to appear to the Register by the affidavit of Grady Reynolds that the Defendant is a non-resident, and that his place of residence and post-office address is unknown, and that such address cannot be ascertained after reasonable effort; and, further, that, in the belief of said affiant, the Defendant is of the age of twenty-one years:

It is, therefore, ordered by the Register that publication be made in The Union-Banner, a newspaper published in the County of Chilton, once a week for four consecutive weeks, requiring the said Gwin T. Eaves to plead, answer, or demur to the bill of complaint in this cause by the 30th day of November, 1936, or, in thirty days thereafter, a decree pro confesso may be taken against him.

Done at office in Clanton, this 30th day of October, 1936.

SCHOOL ATTENDANCE

At the close of the second month of school there were 6,036 children enrolled in Chilton County schools. This leaves about 155 children who are within the compulsory school age still not enrolled.

There are 54 white children enrolled in private schools, and 39 colored children.

There are 93 white children in the county who attend school in other counties, and 18 colored children.

The percentage of attendance was lower this month than the first, due, perhaps, to the first cold weather and the finishing of crop gathering.

RESETTLEMENT NEWS

More than 57 per cent of the money advanced to Rural Rehabilitation familes in Alabama by the Resettlement Administration has been repaid, according to Julian Brown, State Director in charge of rehabilitation.

The total advanced to rehabilitation clients, up to October 31, is $2,372,469. This report shows repayments as of Ocober 31 totaling $1,368,655, about 57.7 per cent.

Cotton sales yet to be made and cash from the peanut harvest now being realized will produce another $250,000, according to Mr. Brown, bringing the percentage of repayments to 68.2 per cent.

"This is a fine showing," said Mr. Brown, "and it more than justifies our rural rehabilitation demonstration based on the belief that if given intelligent planning, expert supervision, and a minimum loan for necessities, a farm family can get back on its feet and enjoy a scale of living in some cases higher than ever known before.

These loans to farm families were made to purchase tools, equipment, stock, fertilizer, seed and other necessary supplies. They were made on two plans: 1. Short time advances for subsistence to be repaid from crop sales after harvest. This included food for family, feed for stock, medical aid and consumable necessities.

2. Loans were made for various periods, in some cases as long as five years, for the purchase of capital goods such as improvements to home and farm, livestock, wagons and implements.

All advances were made as provided for by a definite farm and home plan worked out in advance and based on the ability of the farm and the farm family to repay. The success of these plans is attested by the encouraging repayment figures in this report, according to Brown. Many familes have made payments beyond their agreement, and satisfactory repayments have been made in most cases all over the region. Much of the unpaid balance represents portions of loans that are spread over a period of two to five years and that are secured by chattel mortgages on livestock, equipment, and crops.

"Besides the fine repayments made," Brown said, the 13,405 rehabilitation families in this state have laid by food and feed sufficient in most cases to last until the next crops are harvested. Garden surplus has been turned into canned and dried foodstuffs under the expert supervision of home management supervisors. Improved living conditions and ample foods are now enjoyed by the more than 13,000 rehabilitation farm families in his state.

"The improved condition of these families is a remarkable achievement," Mr. Brown added, "when you consider that those same families were in various stages of destitution and were forced to apply to their government for aid. The live-at-home farm and home management plans of the Rural Rehabilitation division of the Resettlement Administration have demonstrated the vaue of supervised loans to worthy farm families."

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

SOLUTION FAVORED FOR FARM TENANCY

Alabama farmers want something done to solve the serious farm tenancy problem in the South.

Farm tenancy is a serious problem throughout the South, and we hope that congress will pass legislation to solve this problem, say farm bureau leaders of the state through their official representatives.

We ask that our officials assist in all ways possible in finding a solution to this problem. This will require close study of all proposed legislation on the subject, say the farm leaders.

FARMERS REQUESTING RURAL ELECTRICITY

Organized farmers have asked that plans be worked out for placing electricity in reach of every farm home in Alabama.

"The Alabama Farm Bureau Federation, representing the organized farmers of Alabama, whole-heartedly endorses and commends our government on its efforts to establish a yard-stick in determining the cost of electricity, working toward a reduction in these costs wherever possible,' says a resolution passed by official farm bureau delegates.

"We feel that the farmers of Alabama who are interested in securing electricity for rural Alabama and at a cost that they can afford should join in all efforts that are being made to that end.

"We believe that the Alabama Farm Bureau Federation should work with the T. V. A., Alabama Power Co., municipal power companies, and any other company that can and will render them the most efficient service at the most economical cost consistent with good business.

"To this end we ask that our own Alabama Extension Service and Experiment Station co-operate with the Alabama Farm Bureau Federation in working out a practical relationship that will get results. The farmers of Alabama, we feel, want electricity and at a cost they can afford. We believe the Extension Service and the Experiment Station can and should help us to find a way to accomplish this end.

PEANUT PRODUCERS REQUEST ASSISTANCE

A program to divert surplus peanuts from the 1936 crop to uses other than for shelling purposes to avert unnecessary price declines to growers, has been requested by representatives of peanut growers.

Under the proposed plan being considered by the AAA, growers would receive diversion payments for diverting surplus peanuts to mills for crushing into oil and meal. These diversion payments would be in addition to the prices paid growers by crushers. The proposed program is similar in part to the diversion program in effect last year, except that diversion payments this year would be made only to growers.

BRIEF FARM NEWS

Production credit loans during the past 3 years have demonstrated that farmers are good credit risks, says R. J. Goode, Alabama Commissioner of Agriculture, in reporting that these loans have been repaid in full.

Of all cotton produced in Alabama this year 24% has graded strict middling and better, reports the Atlanta office of the Bureau of Agricultural Economics.

Sweet potato acreage next year probably will be about 4% less than the 890,000 acres this year, but with average yields, the crop next year will be about 12% larger than the crop this year.

To get the most economical return from horses and mules on the farm they should be kept in comfortable, dry quarters and fed according to the work they are required to do, advises Dr. R. S. Sugg, extension livestock specialist, in reporting that 'the average horse or mule will drink from 10 to 12 gallons of water per day.'

Exports of a limited quantity of unshelled pecans will continue to be encouraged under a program approved by the Secretary of Agriculture for the 1936-37 marketing season.

During the fall, after a few hard frosts, rats move from the fields and ditches to houses and barnyards and to village residences to spend the winter, says W. A. Ruffin, extension entomologist, in advising that 'now is the time to do something about it.'

Attorney-at-Law
Office Opposite Court House
CLANTON, ALA.

PRODUCTION CONTROL DESIRED BY FARMERS

Auburn, Nov. 23.—Enactment by congress of adequate legislation to control production and to promote soil conservation is advocated in a resolution passed by the official delegates attending the 15th annual meeting of the Alabama Farm Bureau Federation.

After pointing out that great strides were made in cutting the surplus of farm products under the AAA and that the 'major objective of the Soil Conservation and Domestic Allotment Act is fundamentally sound and essential to the welfare of agriculture and the nation,' the farmers asked that production control be linked with the present agricultural and soil conservation program.

'We recommend that such legislation be based upon and include the fundamental principles and machinery that have been successfully applied in the AAA, the Bankhead Cotton Control Act, and the Soil Conservation and Domestic Allotment Act.

'Be it further resalved, that if a constitutional amendment is necessary for the enactment of a program to attain these objectives, we hereby unqualifiedly endorse cuch an amendment.

'Be it further resolved, that the farm people are most appreciative of the great service which is being rendered the state by Sen. Hugo Black, and Sen. John H. Bankhead, and other members of the Alabama delegation in congress.'

CANE CREEK

There will be a box supper at Cane Creek schoolhouse Saturday night, November 28. There will be plenty of fun and enjoyment for everyone. Everybody is invited to come out and bring along a few extra nickels and dimes to help us make it a success.

University News

The Institute of Public Administration will meet at the University of Alabama on December 2, 3, and 4, to discuss problems of local government, according to an announcement made Monday by Dean Lee Bidgood, dean of the School of Commerce and chairman of the University Committee of the Institute.

The December meeting is to be sponsored by the Alabama League of Municipalities, of which Mayor Lucien P. Burns of Selma is president, and Ed Reid, Montgomery, executive secretary. The meeting is a postponement of a discussion originally planned for the summer session of the Institute, which met at the University last July.

The personnel of the Institute includes Thod Holt, assistant administrator of the WPA, as advisory director; Dean Bidgood, director; and C. H. Knight, assistant professor of accounting, secretary.

Prominent speakers will be in charge of the discussions at the meeting. These speakers include Carl H. Chatters, Executive Director of the Municipal Finance Officers' Association of the United States and Canada; Ray Lyman Moore, assistant director of the Institute of Municipal Administration, Chicago; Maxwell DeVoe, of the Civil Service Assembly of the United States and Canada; and Norman Hebden, assistant director of the American Society of Municipal Engineers.

The Institute meetings at the University will be attended by municipal officials, employees, and other interested parties from over the state. The Institute constitutes a school developed for training municipal officers and employees.

Dean D. S. Lancaster, president of the National Association of Deans of Men, and Dean of Men at the University of Alabama, left the campus this week for several meetings in New York.

These meetings include an executive session of the National Association of Deans of Men, an Association of Secretaries of National Fraternities, and a Nation Inter-Fraternity Conference.

Hudson Strode, distinguished Alabama author and professor of English at the University, spoke to the University Spanish Club on U. S. relations with other American countries.

Mr. Strode is well acquainted with the Pan American situation, by virtue of an airplane trip through Central and South America, which he made during the past summer. Mr. Strode recently paid a visit to Secretary of State Cordell Hull, at which time our Pan American relations were discussed.

Hudson Strode is well known in this country and in England as the author of 'The Story of Bermuda' and 'The Pageant of Cuba.'

The University of Alabama Glee Club, led by Tom Garner, presented its first campus concert of the year at the University last Friday. This concert followed a series of enthusiastically received appearances over the state.

Vocal solos, a piano solo, a violin solo, and a clarinet solo featured the concert. The Glee Club quartet entertained the audience with several good numbers.

Scabbard and Blade, honorary advance military organization at the University of Alabama, tapped 12 new members at last week's parade formation at the University.

E. J. Finnell, Jr., Tuscaloosa, is captain of the company. Scabbard and Blade is an organization recognizing men of outstanding merit in the study of advance military.

Dr. Marcus Whitman, a member of the University faculty, and a nationally recognized authority on public utility holding companies, addressed the Tuscaloosa Forum on 'The Relations of Government and Business' last week.

'The most valid use of the regulatory power,' said Dr. Whitman, 'is the use of governmental control to protect the people from the abuse of economic power.'

'Yellow Jack,' by Sidney Howard, is to be the third production of the year for Blackfriars, student dramatic organization at the University of Alabama. The production is to be staged December 9 and 10.

The State of Alabama, Chilton County.

By virtue of an order of Hon. J. Lee Smith, Judge of Probate of Chilton County, Alabama, made on the 5th day of October, 1936, I, Grady Reynolds, the Commissioner named in said order, will sell to the highest bidder for cash, at public sale, at the Court House door, Clanton, Alabama, between the hours of 11 o'clock a.m., and 4 o'clock p.m., on the 30th day of November, 1936, for the purpose of distribution among A. L. Massey, J. S. Massey, H. M. Massey, D. L. Massey, J. C. Massey, Mrs. Ila Clellan and Rodie Massey, joint owners, on the following terms: for cash, the following described property, viz.: The North half of the Southeast quarter, Section 28, Township 22, Range 14, situated in Chilton County, Alabama.

This November 10, 1936.

GRADY REYNOLDS,
11-12-3t-ch. Commissioner.

Rid Yourself of Kidney Poisons

DO you suffer burning, scanty or too frequent urination, backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

DOAN'S PILLS

PUBLICATION TO NON-RESIDENT

The State of Alabama, Chilton County. Circuit Court in Equity, October, 1936. Esther Irene Eaves, Complainant, vs. Gwin T. Eaves, Defendant.

In this cause it is made to appear to the Register by the affidavit of Grady Reynolds that the Defendant is a non-resident, and that his place of residence and post-office address is unknown, and that such address cannot be ascertained after reasonable effort; and, further, that, in the belief of said affiant, the Defendant is of the age of twenty-one years:

It is, therefore, ordered by the Register that publication be made in The Union-Banner, a newspaper published in the County of Chilton, once a week for four consecutive weeks, requiring the said Gwin T. Eaves to plead, answer, or demur to the bill of complaint in this cause by the 30th day of November, 1936, or, in thirty days thereafter, a decree pro confesso may be taken against him.

Done at office in Clanton, this 30th day of October, 1936.

SALLY JOHNSON ROBERTS,
11-5-4t-ch. Register.

THORSBY SECTION

(Mrs. S. E. Norton, Manager)

On Thursday morning at 10:00 o'clock at Helen Jenkins Hall will be held the Community Thanksgiving service. There will be a choir composed of members of the different churches of the town led by Miss Kathryn Foss. Prayer by the Rev. E. W. Butler, Scripture reading by Rev. W. P. Lowery. There will be an offering for the benefit of the poor families of the community. The Thanksgiving sermon will be by the Rev. G. G. Williams of Clanton. Everyone is cordially invited.

The Congregational church services are as usual, Sunday Nov. 29, Sabbath school at 9:45 worship service at 11; o'clock. Mr. Stanley will preach in his place.

Christian Endeavor will be at 6:30, and there will be no evening service. Choir practice Wednesday at 4 o'clock under the direction of Miss Foss.

Prayer meeting Wednesday evening at the home of Mrs. J. O. Johnson. This will be a Thanksgiving service.

There were two conventions of importance last week that were not reported, one being at Wadley, Alabama which was a State Congregational Christian Conference. To this conference the following were the delegates: from Thorsby, Rev. L. L. Stanley, Miss Margueritte Davison, Mrs. E. L. Thornburgh, Miss Klinglehofer, Richard Peterson, Fred Blankenship.

Boy Scouts will meet at the city hall Friday night at 6:30.

To the second conference which was a Christian Endeavor district conference to this convention, Miss Ruth Primn, and Miss Mary Maude Knight were delegates.

Ladies Guild bazaar will be held on Saturday, Nov. 28 at the city hall. The sale of articles will begin at 11 o'clock. (See posters in town.) The members are requested to be there by 10:00 o'clock. Bring all articles for bazaar to Mrs. Norton's home by Friday morning for the committee to price. Please everyone come to purchase articles as all will be for benefit of Thorsby Institute.

Mr. and Mrs. Sam Jones of Corinth, Miss. spent the weekend with Mr. and Mrs. Webb Sharp.

Mr. and Mrs. G. H. Harper and family of Birmingham spent Sunday with Mr. and Mrs. G. F. Harper.

Mr. and Mrs. G. F. Harper attended the funeral of Mrs. Richard Harper of Demopolis on Monday. The services will be held at the Elliotsville church in Shelby County.

Mrs. W. B. Hamilton of Birmingham spent the week end with Mrs. N. Laurell.

Mrs. Jake Buchie of Birmingham called on Mrs. Laurell Sunday.

Mr. and Mrs. Bob Smith visited Mr. and Mrs. Lester Deason Sunday. Mr. Deason is reported improving rapidly.

Mr. and Mrs. Julian Merchant and daughter, and Mr. J. C. Merchant of Centreville, were guests of Mr. and Mrs. Donald Merchant on Sunday.

The W. M. S. will have a spend-the-day at the home of Mrs. H. W. Reinhardt on Friday, December 4, observing the world-wide day of prayer for foreign missions. Every Baptist woman is urged to be there.

Mr. Dolphus Howard and Hubert Hummell of Verbena were guests of Mr. and Mrs. R. D. Gibbons Sunday.

Mr. Leonard Moody of Birmingham spent Friday night with Mr. and Mrs. V. H. Sutlive.

Miss Agnes Gerald will spend the Thanksgiving Day at home with Mr. and Mrs. V. H. Sutlive. She is en route to Baltimore to take up a position with the government.

Mr. and Mrs. V. H. Sutlive spent last week end in Birmingham visiting Mr. and Mrs. Leonard Moody.

Mrs. J. C. Trotter requests that all members of her Sunday school class be present on Sunday, November 29, as that is the regular time to draw namts for the Christmas party.

Mr. and Mrs. G. B. Flournoy visited in Maplesville on Sunday.

Mr. and Mrs. Clifford Jones visited Mr. and Mrs. D. B. Chapman Sunday afternoon.

Little Jimmie Dawson has returned after a week's visit with Mr. and Mrs. B. M. Franklin and son, Cecil, of Pleasant Grove.

Mrs. E. G. Tapscott visited Mrs. Nations on Monday.

Mr. and Mrs. Webb Sharpe spent Saturday in Clanton shopping.

Miss Vivian Lowery spent Friday night with Miss Jessie Charles Littleton of Collins Chapel.

Mr. Eugene Davenport from Birmingham spent last week here with his family.

Mrs. Tom Robinson and son Charles left Saturday morning with her household goods to make her home in Campbellton, Fla.

Mr. S. Raybon and Mr. Hardy Edwards of Wilton visited Mr. and Mrs. W. H. Raybon Friday morning.

Mr. and Mrs. Herbert Peterson of Anniston will spend Thanksgiving and the next week end with relatives in Thorsby.

Miss Bertha Littleton of Birmingham spent the week end with Mr. and Mrs. Emmett Billingsley.

Mrs. Webb Parrish spent Thursday in Clanton.

Mr. and Mrs. W. E. Miskelley and son, Billy, spent Sunday with Mr. and Mrs. T. M. Zuber of Pleasant Grove.

Mrs. O. T. Grimes returned to Tuscaloosa Sunday, after spending a week with her son here.

Mr. Herbert Peterson, Jr., of Birmingham, will spend Saturday and Sunday in Thorsby with his grandparents.

Mr. and Mrs. D. B. Chapman had as their dinner guests Sunday Mrs. Chapman's parents, Mr. and Mrs. C. W. Wells, and family, of Pleasant Grove.

Miss Mary Louise Reinhardt of Alabama College, Montevallo, spent the week end with her parents, Mr. and Mrs. H. W. Reinhardt.

Miss Edna Raybon was the Sunday dinner guest of Miss Jessie Martin.

Miss Daniels of Clanton spent Sunday with Miss Roma Lee Pate.

Mr. and Mrs. A. W. Nix of Bessemer visited Mr. and Mrs. D. B. Chapman Saturday afternoon.

Miss Jenkins and the members of the Queen Esther Sunday school class called on Grandma Primm Sunday afternoon. The class sang songs and quoted scripture for mother Primm.

Mrs. W. E. Miskelley has as her guest the first of the week Miss Bertha Lee Price of Pleasant Grove.

Mr. and Mrs. I. C. Heck of Tuscaloosa were visitors of Mr. and Mrs. Pearson Grimes over the week end. Mrs. Heck will also remain for a visit of a few days this week.

Mr. and Mrs. Pearson Grimes were in Birmingham Monday.

Mrs. Earl Henley and Mrs. R. R. Franklin spent Wednesday in Clanton with Mrs. Spurgeon Calloway.

Mr. and Mrs. Grady Tapscott have moved into the J. O. Johnson house on Michigan Avenue.

Mrs. Spurgeon Calloway and Mrs. Jim Mims of Clanton spent Thursday with Mrs. R. R. Franklin.

GRAVES HAS CAMOUFLAGED TAX GATHING SCHEMES

Montgomery, Ala., Nov. 24.—The contention of the consumers Anti-Sales Tax Association of Ala. that Gov. Graves would camouflage a sales tax by some "sugar-coated" name in an effort to mislead the public has been verified by the Governor's message he delivered in person at the opening session of the legislature in Montgomery Monday, according to a statement issued here this week by B. C. Apperson, executive secratary of the association.

The Gov. said that he wanted a "privilige license" of one and one-half per cent of the gross receipts of retail establishments, Apperson said. "This is no more nor less than an outright one and one-half per cent sales tax, for any child knows that when some expense is added on a store that expense must ultimately be charged up to the consumer. So no matter what the Gov. calls the tax he is asking the legislature to assess, after all it is a plain, ordinary sales tax."

Mrs. Bella Payne, who has been visitig Mrs. Norton for the past weeks reurned to her home in Mobile Tuesday morning.

The Rev. McCloud of Fairfax, Alabama gave a sermon Sunday night at the Baptist Church. There was a full audience to hear him and he was very much enjoyed.

Mr. Howard who has charge of the Cash store for the past year left Monday morning for Charleston, S. C. where he has accepted a position in the Navy yard as an electrician. Mr. Reuben Foss has been appointed to be in charge of the store for a while.

The P. T. A. of Thorsby, wishes to thank the business men of both Clanton and Thorsby for their contributions for the large drop curtain to be used in the Grammer School building.

S. J. Davenport has accepted a position with the Taylor Grocery Co. of Clanton, and began work there last Tuesday, Nov. 17th.

Messers. Charlie and Richard Willis of Haynes, Ala., spent the week end with Mr. and Mrs. M.E. Willis.

Mr. and Mrs. Clyde Abercrombie of Birmingham, spent Sunday with Rev. and Mrs. E. W. Butler.

Miss Vivian Lowery has as her guests for the week end Miss Geraldine Hubbard of Collins Chapel.

Miss Ruby Lee Driver spent Thursday night with Miss Althea Plier of Collins Chapel.

Mr. Carroll Trotter of Greenville will spend Thanksgiving with his father and mother, Mr. and Mrs. J. C. Trotter.

Mr. and Mrs. J. C. Trotter spent Wednesday in Birmingham.

Mrs. C. R. Foss and Miss Kathern, Mrs. A. E. Reagan, Mrs. J. M. Bosworth and Christine of Thorsby, the Misses Naemi Turnquist and Edith Foss of Selma went to Ensley Sunday in celebration of the birthday of Miss Norma Peterson.

Mr. and Mrs. James Bosworth and family will spend Thanksgiving in Birmingham, with Mr. and Mrs. H. E. Bosworth and family.

Mrs. J. Leonard Hayes, Mrs. Wilbur Marcus and son, Glen Hayes, the Misses Hilma Collins and Roma Lee Pate attended the singing contest put on by the Cobb sisters of Birmingham.

The Quilting Culb met with Mrs. Akins Collins last Wednesday. The day was injoyed by all.

Mesdames T. P. Franklin and B. M. Franklin of Pleasant Grove visited Mrs. R. C. Dawson Saturday afternoon.

Thorsby Institute News

Last Thursday afternoon the try-out for the annual declamatory contest took place; 14 girls and 6 boys participated. The 4 girls chosen are: Paralee Heason, Mary Christ, Bernice Robinson, and Doris Parker. The alternate is Hattie Porter. The 4 boys chosen are: Bernard Adams, Robert Weems, Richard Petersen, and J. R. Lowery. The alternate is Wilk Lay. The contest will take place February 20th.

Next Saturday night at 7:30 in the auditorium the annual stunt night will be held, to which everyone is invited. Admission will be 10 cents.

A week from Thursday the second term tests will begin, lasting through Friday. The third term will begin on Monday, December 7.

Miss Foss has been practicing for the Christmas pageant to be held on December 19th.

Next Saturday beginning at 11 o'clock the Ladies Guild will hold a bazaar in the city hall for the benefit of the Institute. Refreshments will be sold, as well as candy. Everyone is invited. Some lovely things have been made for the sale.

LET'S BE THANKFUL AND HAPPY!

With Thanksgiving already here and Christmas just around the corner, comes two occasions, the most prominent of all the year, whirh reminds us, if we must be reminded, that we must be thankful and happy. First, in order to be thankful and happy let's be broad-minded, generous with ourselves, with others, and not expect too much for ourselves. Let's be kind, considerate and loyal to everyone. Let's find some way of helping others who need us most. The span of life is so short one can but wish that he might live many generations to broaden his knowledge, experiences, and to accomplish untold desires that the world today is offering. Let's be thankful for the things that come our way, for the opportunities around us, and may each of us make the most of our environments.

MRS. NANCY JANE CARROLL

Mrs. Nancy Jane Carroll, age 20, wife of A. L. Carroll, died at Central Alabama Hospital Friday morning at 10 o'clock. Burial was at Mt. Hebron, near Elmore station, Saturday morning, Martin & Sons in charge. Services were conducted by Rev. J. D. Hughes.

Surviving is the husband and one small son. She is the daughter of Commodore Logan.

CONCORD-BILLINGSLEY

Several from here attended preaching at New Cedron, Sunday and Sunday night.

Miss Fannie Gray of Enterprise, spent last week here with her cousins, Misses Jessie Mae and Lillian Pierce.

Miss Rena Devaughn was the Sunday dinner guest of Miss Esther Brown.

Little Mildred Cox spent last Wednesday with her grandparents, Mr. and Mrs. M. W. Brown.

Mrs. Emma Williams and daughter Eula Belle spent a few days with Misses Fannie, Alice, and Ella Williams last week.

Miss Bessie Williams spent last Wednesday afternoon with Mrs. Tom Knowles. Several from here attended the play at Billingsley Saturday night and reported a nice time.

Mr. J. P. Williams spent last Tuesday night with his daughter Mrs. C. A. Moore and Mr. Moore.

Mr. and Mrs. Horace Gray spent the day with Mrs. M. W. Brown last Friday.

Mrs. W. R. Pike of Kingston, visited her parents here during the weekend.

Mr. and Mrs. Keith Dickinson of Clanton, visited Mr. and Mrs. C. L. Dickinson Sunday.

Misses Ludie B. and Mildred Foshee were Sunday dinner guests of Misses Everee and Myrtle Jones.

The people of this community are proud of the new bridge on the Tank Foshee road. For the past 2 months the road has been closed on account of a wash out near Mr. J. P. Williams' place.

Mrs. E. J. Foshee and Miss Ludie Foshee spent a while Friday afternoon with Mrs. Tom Knowles.

W. A. MARTIN DIED

W. A. Martin, age 68 years, died at his home on Jemison Route 1 last Saturday afternoon at 4 o'clock, following an illness of three days. The funeral was held Sunday at Oak Grove, with Spigener in charge.

Survivals are four sons: G. A., W. E., Melvin and Vaughn; three daughters: Mrs. Gladys Sutley, Mrs. Lola Mae Cathran, and Mrs. Fay Shaw. There is one sister, Mrs. Alice Bradford.

DICK KEMP LEADING BROWN SALESMEN IN ALA

In this week's issue of "Spotlight", a weekly publication put out by Brown Funeral Company, the name of J. R. (Dick) Kemp heads the list of salesmen for the state. Mr. Kemp has been working for Brown only a short time, and he has made a splendid record.

Among the seventy salesmen who won honorable mention, all three of the Clanton salesmen were listed. The other two are Dave Boyett and Bill Higgins. There are 300 or 400 in the state.

DIED AT MT. CREEK

Funeral for G. W. Cobern, age 87, was held Monday afternoon at 2 p.m., at Mt. Creek, Spigener in charge. Mr. Cobern died Sunday afternoon at 2 o'clock, following an illness of two weeks.

Survivals are four sons: H. J., E. C., J. M., and G. C. There are three daughters: Mrs. F. M. Abernathy, Mrs. Powell Johns, Mrs. Zula Blair. There is one sister, Mrs. Sarah Atchison.

KIWANIS WILL NOT MEET

The Clanton Kiwanis Club will not meet Thursday night of this week, on account of that being Thanksgiving. However, the 50c for each member, which would have been spent for the luncheon, will go to the underprivileged children's fund.

NATIONAL AFFAIRS

(By Frank P. Litschert

One of the questions most often heard since the November 3 landslide is, 'What will become of the Republican party?' There are some prophets of despair who predict now that it has gone down for the third time. They admit that in previous years, after Republican landslides the Democratic cause has seemed as hopeless, and that the Democrats have always had the habit of coming back. But they point to the Republican case as somewhat different. They say that no matter how badly the Democrats have been upset in the past, they have always had the Solid South to fall back on. This block of 'Jeffersonian' states, they add, has always served as a rubber cushion on which the defeated and falling Democrats might rebound to subsequent victory. The Republicans, they argue, have no solid block of states to fall back on now. Even New England seems to have deserted them, excepting the two little states of Maine and Vermont.

Yet, when one looks at the record, and peruses it for a moment, the case from the Republican standpoint dosen't seem quite so desperate as these pessimists would make it out. Admitting that the Solid South is solidly Democratic, it can be eliminated from the calculations. How about the previous actions of the great industrial and farming states that have usually gone Republican in the past? The New York Sun, in a leading editorial, recently produced some interesting facts. The Sun points out:

"In the 71st congress, which convened on March 4, 1929, the 16 states of California, Colorado, Connecticut, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Missouri, New Jersey, New York, Ohio, Pennsylvania, Washington and West Virginia were represented in the Senate by 26 Republicans and 6 Democrats, and in the House of Representatives by 196 Republicans and 48 Democrats. In the 75th congress, these same 16 states, on the basis of official returns, will be represented in the Senate by 5 Republicans and 27 Democrats, and in the House of Representatives by 72 Republicans and 187 Democrats."

This indicates that in the 16 states mentioned in The Sun's retrospective survey, the case of the Democrats at the beginning of 1929 appeared as desperate as does the case of the Republicans in the same states today. The results do show, as The Sun points out, how rapidly it is possible for the people to change the political complexion of any group of states once it sets about to do it. These are not normally Democratic states, as is the Solid South, and once the people again decide to change things, the commonwealths mentioned may start slipping the other way with surprising rapidity.

For example, the states mentioned have naturally a great deal of protective tariff sentiment. When this issue is pushed to the forefront again, as it is bound to be sooner or later, there may be a different story to tell. At any rate, the Republicans need not feel that their case is hopeless. The record of the past would not bear out any such doleful assumption, no matter what the odds may be at present.

Among those who refuse to accept the defeatist complex, fortunately from the G. O. P. standpoint, is John Hamilton, chairman of the Republican National Committee, who indicates that it is no time for the elephant to quit, and that the work of 'revitalizing' the party must commence forthwith. When asked whether he felt doleful about his party's prospects recently, Mr. Hamilton declared:

"Not with 17,000,000 people voting their convictions, and with more than 450,000 persons contributing money to the campaign. Of course, I can't keel over and wail against the wall when my party becomes the minority party. Don't forget the Democrats were in the minority for almost three-quarters of a century, and they finally came back with a bang."

There is much to be said for the historical background of this Republican viewpoint. This is a 2-party government, and the Republican minority has much important service to perform within the next few years.

CITY HALL TO WASHINGTON

Most of us think of the menacing problem of taxation primarily in relation to the federal government. And it is true that the cost of the central government could be materially cut without reducing efficiency or eliminating any necessary function.

But there are other fertile fields for drastic tax reduction.

State governments, by and large, are no models of efficiency and economy. In many states great bureaucracies have been built up and turned into political machines—with the taxpayer footing the bill. In almost every state government there is waste, duplication of effort and overlapping of departments.

The same thing is true of county governments — which some believe are the most wasteful of all—and it is likewise true of many municial governments.

Any complete program for tax relief must include all units of government. It will avail us little if the federal government saves a dollar and the state government wastes two, or vice versa. When we demand a clean-up of one governmental unit, we should give the same dose of medicine to other governmental units, or bureaucracies will swamp us.

Tax reduction is as vital an issue as we face today. We must fight for a reduction of waste from the city hall to the national capital.

CONGRATULATIONS!

"The nation has spoken. Every American will accept the verdict, and work for the common cause for the good of the country. That is the spirit of democracy."

So ran the telegram dispatched by Gov. Landon to President Roosevelt when it became apparent that the voters had rallied in unprecedented numbers in support of the administration. And that telegram represents something more than good sportsmanship—it marks an attitude that should be held by all of the people in every walk of life.

The Democratic victory was not a party victory. No mere party victory could be so overwhelming or so completely break down sectional lines of partisan sympathy.

The victory was a very different thing—it was a personal victory for Mr. Roosevelt. No man in a century has so captivated the imagination and emotions of the people, and none has received so great an expression of public confidence.

A Republican newspaper said the following morning after the election that the president today is the most popular figure our national life has known since Washington. It is impossible to gainsay that. The most popular of presidents, and those whose administrations stand out in our history—Jeffedson, Lincoln, Cleveland—were never so popular as Mr. Roosevelt. The past records have all been shattered.

The time for partisanship has passed. And the time for co-operation has come. This does not mean that the president should be followed blindly in every course — that would be unjust to Mr. Roosevelt, himself, as well as to the country. It does mean that all of us should work together in the common cause, as Gov. Landon said, deliberating differences and adjusting varying points of view to the end that the great ideal of democratic government be served to the ultimate of all our capabilities.

Congratulations to the president! Few men in the world's history have been so signally honored by a great people — an honor which carries with it the gravest responsibilities. Every good citizen will hope sincerely that Mr. Roosevelt's second term as chief executive of the foremost nation on earth will be successful, and that his will be a high place in the history of our time.

LIVING COSTS GOING UP

Those amateur economists who are debating whether or not we will have additional inflation during the next 2 or 3 years, and if so, how much the cost of living will be affected, will be interested to note, that aside from the questions of money or credit inflation, we are already faced with a considerable boost in the cost of living so far as meat and dairy products are concerned.

The prediction of this further strain on the housewife's purse can be found in the recent forecast of the U. S. Bureau of Agricultural Economics, which was prepared with the assistance of more than 100 federal and state extension economists.

According to the report, the greater increase in the price of meats will come in pork and higher grade beef products, due to a reduction in the supply, and it is added that a further improvement in the demand of the consumer for meats and dairy products will add to the increase in price, which is, of course, primarily due to the lessening supply.

The Bureau finds, from its investigation, that the shortage in meat animals will be most acute in the case of hogs, and the number of pigs produced in 1937 will be sharply curtailed, while cattle will also be reduced by possibly 3 or 4 per cent.

The report adds the reassuring note for those who like mutton, that the number of stock sheep on farms on January 1, 1937, may be even larger than a year earlier, and the number of lambs on feed for market may also be even larger.

Another prediction by the Bureau is that there will be an increase in the price of dairy products. Part of this is due to shortage of dairy cattle and feed, and part to an increase in the consumer demand for milk, butter, cream, and ice cream, it is said. It is stated that the outlook is for an increase in the price of butter during the next few years, and also a rise in the value of dairy cattle.

A great deal of the higher prices are due, the report says, to the shortage of feed because of the drouth last summer, as this has caused a prospective shortage of meats. The American consumer, it is stated, is now faced with the prospect of the shortest supply in meat for 15 years, and the prospect is that higher meat prices will continue at least for the next few years. Crop and weather conditions are blamed, it is to be noted, instead of voluntary curtailment of supply on the farm.

The housewife who has been of the opinion that she is paying top prices for steak, pork chops, butter, milk and cream, will find little comfort in the report of the Bureau about higher prices that are to continue for at least 2 or 3 years. Of course higher prices for meat animals and dairy products will be a boon to the American farmer, wherever he has plenty to sell. The average economist will wonder how much the prospective price increase will be modified by the importation of farm products from alien agricultural nations.

SPENDING "YOUR" MONEY

In a recent editorial, the Electrical World points out that a strange and uncertain situation exists in the federal power projects. There is no common policy, and all is at sea. Out at Boulder Dam power is sold as falling water to private and municipal utilities under no restriction. Down in the TVA the policy is straight destructive competition with existing utilities, despite their offer to buy the power and distribute it. Out at the Loup project they are trying to peddle power—all dump—to utilities at about 4.5 mills. At Bonneville and Grand Coulee no one knows what policy is to be followed. All is inconsistency and uncertainty.

Anyone with a knowledge of past ventures of politics-in-business will not be surprised by this. Every office holder has his own pet ideas as to what will please his constituents and win him votes—and often those ideas are diametrically opposed to those of his neighboring office holder. The result is that in big ventures, such as the federal hydro projects, 100 men want 100 different things done—and it becomes next to impossible to establish a reasonable and consistent policy.

We have the spectacle of nearly a billion dollars of taxpayers' money being spent without any basis in economics and without any thoughtful policy on power supply. And yet some people say private enterprise is inefficient! No private industry could escape bankruptcy under such management—it could not charge losses in mismanagement to the taxpayers.

MAN IN THE MOON

THANKSGIVING!

Today (Thursday) we again observe Thanksgiving Day! Thanksgiving! America is just a little unique along the line of its national holidays. Nowhere else in the world is a day observed which corresponds to our Thanksgiving Day. Other nations have their independence days, like our July 4th, and many other days on which they celebrate various events, but no other nation has yet set aside a day on which its people offer thanks to the Almighty for His bountiful blessings, as a nation.

And did you ever stop to think just how much you have to be thankful for? It may seem that your lot is hard, that your troubles abound, but it will not be hard to find a number of things for which you can—and should—be thankful.

For myself, I find that it is almost impossible for me to name all the things which merit thanks. I am alive and in fair health. I have a home to go to at night, and a good bed on which to rest. I am my own master, to go where I please, and to do as I please. I have plenty to eat and to wear. I have no deep-rooted troubles to bear on my mind. After my day's work is over, I can listen to my radio, read my newspaper, take a ride, attend a show, visit a neighbor, or do anything I desire. I am free! And last, and most important, I know that I am watched over constantly by an all-seeing eye and a merciful and all-wise Providence that errs not.

As I read papers, or listen to world happenings, the importance of my good fortune in being born a free American, owing allegiance to no man, is brought home to me more forcefully. And so, on another Thanksgiving Day, I, with millions of other Americans, can be truly thankful. I AM thankful, and I hope the time never comes when I cannot realize my thankfulness, and the fact that I have something to be thankful for. Hail Thanksgiving Day—1936!

POLITICS IN THE ROAD SYSTEM

Not many hours had elapsed after the election on November 3, before a number of the men who DID help work the roads of the county, were given their walking papers and told to 'go to, and abide not.' Perhaps it was a mere coincidence that every last one of the men who were fired were—and are—Republicans.

I have been told by some of those who were 'let out' that they were approached by Mr. Tom Arledge, road supervisor, shortly after the election, and that Mr. Arledge told them, in substance, the following:

'I will have to let you go. It is not because I don't like your work. I like you and I like your work, and if it was left to me, I would keep you, but the other fellow says you must go, because you voted the Republican ticket. I must either let you go, or get the can myself.'

Now, remember that OTHER FELLOW talk—it will come up later in this article.

And with that brief send-off, these men, against whose work there was no complaint, were turned off their jobs, for no other reason than that they had exercised their inviolate American right to vote as free men.

I can and do have the utmost respect for any man who votes his convictions, but I have utter contempt for him who would sell his sacred vote for material consideration. But my respect for these, even, is high, compared to that for any official or politician who will stoop to the gutter and take advantage of his position as was done in the case mentioned above. I believe that any man who will require a man to cast his vote in any manner, knowing this to be contrary to the voter's wishes, would not hesitate to demand that the same person hand over the last scrap of bread or the last shirt off his back, if he had it in his power to enforce such a demand.

I am told, also, that a few days before election, every one of these men were told that 'if they were smart, they would vote Democratic on election day'. I am glad to know that there were at least a few men who valued thtir honor and their honest convictions above their jobs. I know that it was a rather difficult decision to make, to choose to 'stand pat,' when all were going over, and when that stand meant that they must go elsewhere for their work in the future, when it would have been so easy to give in. If a man is a Democrat, a Socialist, a Communist, or whatever he may be, if he conscientiously believes in those principles, I have every respect for him if he votes in that manner. I am a Republican, but not a hide-bound one. I can see the other fellow's side, and I believe it is his duty to vote his true convictions. If there were Republicans who voted Democratic because they did not like some of the men on our ticket, or because they did like some on the other, and if this was their reason for switching, I have no fault to find. That was their privilege. But, if there was anyone who could forego his best judgment and honest convictions and vote contrary to his own wishes for the sake of a mere job—well, that is something too unpleasant to speak of.

But let's get back to the high ups in this matter.

The very night Mr. Arledge landed in Clanton, preparatory to taking up his job, I happened to meet him in a down-town cafe, and had a long talk with him. At that time a big furore was going all over the county about the change in the road system. People were bitter toward Rep. Charlie Cox, and they were letting it be known in no uncertain terms—both Republicans and Democrats.

I told Mr. Arledge that he was tackling a hard job. That he must decide either to do as the people wanted, or as Charlie Cox desired. I told him that if he tried to do as Mr. Cox wanted him to do he would run amuck with the people, and that if he tried to do as the people wanted, he would butt right into Charlie Cox. Mr. Cox had already proved he had nothing but utter contempt for the wishes of our county's people, and I could not see anything which might cause him to feel otherwise toward them.

Mr. Arldege told me that night that Charlie Cox had nothing to do with hiring him, and would not have anything to do with him on his job as supervisor. He told me he would not tolerate politics in the road system while he was the head of it. He said when politics came in he would get out. He said he couldn't work roads with politics, and wouldn't attempt it. He said he would be his own boss, to hire and fire the workmen as he saw fit, for the best interest of the system, but that AT NO TIME WOULD A MAN EVER BE FIRED ON ACCOUNT OF HIS POLITICS! Mr. Arledge emphasized that statement. He said that he was not interested in Chilton County's politics, but in building a good road system for the county. He said he would open the eyes of Chilton County's people in regard to roads within six months or get off the job.

Lloyd George was the one war figure to pull through the great conflict without a mistake. We know this because his memoirs tell us so.—Bangor Commercial.

But how could the meek inherit the earth when there wouldn't be any lawyers here to draw up the papers?—Providence News-Tribune.

The trouble with some good fellows is that they leave their goodness on the front doorstep when they go home.

Scientists find sea lions are subject to headaches, but as these happy animals do not have to listen to or read campaign speeches, none of them ever has been known to have a pain in the neck.

He said Charlie Cox had no strings on him, that he had never discussed the matter with Mr. Cox, that he had placed his application with Gov. Graves, that the governor had hired him, and that he considered Gov. Graves his one and only boss, although he was going to do everything in his power to get along with the people amicably and to satisfy them if he could. He outlined plans which sounded easily workable, and could have been. I had known Mr. Arledge for some time, and considered him an engineer of ability, as well as a man of good common sense. I took an interest in his plans. I believed they would work, if he could keep them out of politics. I commented on his program in this column at the time, and stated that I believed he would be worth something to our road system if he could be left alone to handle his work in his own way.

Now, let's see what has happened. I have no right to dispute Mr. Arledge's statement that Charlie Cox had nothing to do with hiring him. But I DO say that he has fallen down on his promise that he would not tolerate politics in his department. And I DO say that he has not yet stepped out, despite his statement that 'when politics comes in I go out,' and that it is easily apparent that politics has eaten out the very core of his department, a fact which I do not believe he has the courage to deny. He said he couldn't work roads with politics, and wouldn't attempt it. Perhaps this is true—at least politics is in, and I, along with everyone else, including Mr. Arledge, know that very little road work has been done. I can't say who is to blame for this failure to work the roads, but he is the absolute boss of the system, and if the system had worked out fine, I have no doubt that he would have claimed credit for the good work, and rightfully so. But, if he would have been justified in receiving credit if his system had gone over, he should by all means take the blame for its failure—or else tell us who is to blame.

He said he would be his own boss, to hire and fire as he believed the work demanded, and without any respect or regard for politics. If he has not broken his promise in this, then I would be glad if he would explain his late action in regard to the above mentioned workmen. If he is not ruled by someone he considers his boss, then what does he mean when he says 'the other fellow says you must go'? Who is this other fellow? He said the governor was his only boss. Is Gov. Graves 'the other fellow'? Surely the governor of Alabama has more weighty problems than weeding out road hands. Is it Charlie Cox? I think so. I could be wrong, but if so, then Mr. Arledge has a free privilege of saying so, and is honor bound to tell us who this 'other fellow' is. If he has no explanation coming, then we can arrive at no other conclusion than that he is Charlie Cox's tool, to work with as he will.

He said he was not interested in our politics, but in building for us a road system. I have not heretofore seen anything on which I could base dispute of his claim that he is not interested in politics, but I DO know that he has failed miserably at road building. He said he would open our eyes, or quit. He has made good on the first part of this, but not the second—our eyes are wide open, and we see nothing whatever that he has accomplished at his job, but he is still on that job.

If there are no strings on him from Charlie Cox, then why did Mr. Cox, and Mr. Cox alone, defend him in his contentions with the Commissioners Court last summer? If there is no politics in his system, why does he tell a man he likes his work, but that he must let him go because he voted contrary to the wishes of THE OTHER FELLOW?

Mr. Arledge KNOWS that every statement I have attributed to him above is as true as gospel. He KNOWS he told me those things, and he knows that he has repeated the same statements and promises a number of times since to various people. He KNOWS there is politics of the rottenest sort in his dpartment, and he alone knows who THE OTHER FELLOW is who is responsible for it. And I might add here, too, that some of the rest of us have a fairly good idea of who that OTHER FELLOW is. I do not say that the fault lies in Mr. Arledge—in fact I believe he is honest when he says he is not interested in politics. And no doubt there have been hindrances over which he had no control. I want to give him everything that is due him.

But I would be glad to read a public statement from Mr. Arledge in regard to the statements I have listed above. I would like for him to tell all our people whether or not he made those statements on the night he came here to take up the job. I would like for him to tell us if he did not make the statement to me, during the heat of the controversy last summer, that: 'I have no troubles with the Republicans around here. I could make a success of this job if we could get rid of a bunch of Democrats up there'—pointing to the courthouse. I would like to have him state whether or not he told me, in the office of The Union-Banner, that it was Charlie Cox's intention to oust the Commissioners Court at the next session of the legislature, and that when this was done, perhaps he could get a little co-operation. And I would like for Mr. Cox to say if he did not tell me that Tom Arledge had no right to make statements as to his intentions, and that he had never told Mr. Arledge he intended doing any such thing.

Of course none of the above carries anything personal toward either Mr. Arledge or Mr. Cox. Both of them are very good friends of mine. It is not them, personally, that this is against, but against the principle of the system under which they operate. The above is nothing but a clear case of facts. These things have happened. I think the people of Chilton County are due an explanation of the action of recent date with regard to workmen on the roads, not so much as it pertains to the workmen, themselves, but as regards the principle, or lack of it, set out in this action.

Why not come out with the facts, gentlemen, and give us an explanation? We're asking for it. And in the event no explanation is forthcoming, we must conclude that all the charges are admitted by you as true.—Man in the Moon.

DID YOU KNOW ABOUT THIS?

Not all people know it, but beginning January 1, every employed person in the United States will have to turn over 1 per cent of his or her wages to the government as an old age pension assessment. There is no escape from the assessment, as the employer is obliged by law to deduct the amount each month and send it to Washington. The assessment increases until by 1948 the rate is 3 per cent.

For example, if your wages are $20 a week your assessment will be $10.40 a year until the end of 1939. You will then pay an assessment of $15.60 a year until the end of 1942, then $20.80 a year to the end of 1945; then $26.00 a year to the end of 1948, and $31.20 per year thereafter. If your wages are increased or decreased, the assessments are raised or lowered in proportion.

The new system is one of the government's new social security plans. Employers add 1 per cent of their payrolls to the fund. Employees must pay the assessments until they are 65 years of age, whereupon, if they quit work, they will be entitled to draw a pension, the amount of which will depend upon how much they have paid into the fund. The system is complicated and involves keeping a total of about 26,000,000 separate accounts in Washington, each worker in the United States having to have an account in which will be entered each month his payments so that the amount of his pension can be computed when he retires at the age of 65. The bookkeeping and accounting, it is announced, will require the biggest department yet established at the national capital.

To show the difficulties of establishing an adequate old age pension fund based on such payments, and at the same time insure the pension fund being solvent, the pensions to be paid will necessarily be disappointing. For example, if a man is now 60 years of age and pays assessments on a basis of a salary of $1,000 a year, his pension when he retires 5 years later at the age of 65 will be $17 per month. If he is now 45 years of age and pays assessments on a salary of $100 a month, he will be entitled to a pension when he retires 20 years hence of $32.50 a month. If he is now 22 years of age and continues to pay assessments on a salary of $3,000 a year for 43 years, his pension will be $85 a month. From these figures, a man can compute his pension on basis of his present age and the salary he gets.—Long Prairie (Minn.) Leader.

TAXES MORE THAN WAGES

What effect have taxes on the welfare of the working man and the person who has saved and invested a few dollars? An answer to that oft-asked question is found in some statistics recently released by the National Association of Manufacturers.

A survey of 694 representative companies in the 25 leading industries produced the astounding fact that every time these enterprises pay out a dollar for wages, they likewise pay out $1.34 for taxes.

And every time they pay out a dollar in dividends, they pay $1.42 in taxes.

In other words, if these companies were tax-free, they could more than double their wage and dividend payments.

No private industry can be tax-free—it costs money to pay for legitimate governmental functions. But when any unit of goverument unnecessarily expands its activities, the financial burden falls on every man who labors and every person who has saved. It hampers industry, delays progress, and is a barrier to the employment of more labor. Excessive taxation is the worst enemy of prosperity.

It is most discouraging for any business to pay more in taxes than it does in wages and dividends! Think that over the next time you wonder why you don't get better dividends, a raise in salary, or a job.

BOOMING ALASKA

A group of farming families which couldn't make a go of it in the states and were transplanted by the government in far-off Matanuska, Alaska, is reported to be contented and self-supporting.

The extent of the self-support may be questioned, however, when it is stated that Uncle Santa is still called upon to give each family $75 a month in orders on the government store, the only one in the colony, with which they can buy anything in stock. In addition, each family is given $5 a month in cash to spend as they choose. There are various other financial grants from the government.

This is assistance of a very substantial sort—$20 a week—for families which are supposed to be raising their own food, and who were staked generously by the federal government at the start of the venture. They should be well satisfied, despite the severity of the climate, since the government is taking excellent care of them, but they, themselves, would hardly claim to be self supporting.—Meriden (Conn.) Journal.

A preacher was talking to a little boy with a bruised eye, when he said:

'It's wicked to fight.'

And the little boy said:

'You ought to preach to your boy—he's the guy that give me this eye.'

When you hear a Republican making a talk in congress next year, it may sound like a voice crying in the wilderness.

25 YEARS AGO

News Items as Published in The Union and in The Banner, Issues of November 23, 1911

The Sangers combined shows came to Clanton December 1st.

President William Howard Taft has asked all places of business over the country to close on Thanksgiving Day.

The wife of W. W. Langley died in Clanton recently.

The prize for the best display from a small garden, offered by the Chilton County fair, was won by Mr. S. E. Bruce. Jno. S. Dennis won the peanut prize.

Nearly $14,000,000 was spent by the federal government for good roads in the Southern states this past year.

Miss Dona Maddox visited the city of Thorsby last Sunday.

Mr. Moses Robinson has made 99 bales of cotton this year.

Mrs. W. H. Goodgame is very ill with fever we are sorry to report.

Married this week—H. H. Moore and Miss Elvie Franlin, S. M. Pate and Miss Vera Mims, A. J. Culver and Miss Aubrey Mims.

ILTON DEFEATS ISABELLA 7-0

The C. C. H. S. Tigers defeated their rival, Isabella High, 7 to 0 here Friday afternoon. These two ms consider the season a success h year if they can win this game, matter if they have lost all the r games. The rivalry is just that ng.

tstanding for Chilton as to yards ed were Williamson, Armstrong, rnton, Lawrence and Mims. In line Johnson, Aldridge and Ware e outstanding. For Isabella, Jones Williams were best.

In the second quarter, shortly after lton covered an Isabella fumble, lliamson dashed through tackle and whole Isabella team for 35 yards, the only score of the afternoon. few minutes later Williamson drop- a perfect touchdown pass from cky Armstrong; Buck's pass was a perfect one, but it slipped through Williamson, when he had a clear field in front of him.

Isabella threatened in the final minutes. Jones was driving hard off tackle and had worked the ball to Chilton's 3-yard line, with two more pushes to put over a marker. Third down lost a yard, and with one down left to make 4 yards and a touchdown, the final whistle blew.

Chilton made 10 first downs to Isabella's six. Isabella showed Chilton a little razzle-dazzle in the form of a short shovel pass just over the center of the line; they tried it twice, and it worked fine both times.

It was a hard fought game for both teams, with Chilton having a small edge in weight. Much credit for clean sportsmanship is due both teams.

MARS HILL

A large crowd attended the singing at the home of Mr. Hall Leach Sunday night. Mrs. Leach is a splendid hostess, and we all enjoyed visiting with her.

A study course was taught at Mars Hill by Mrs. E. W. Butcher during the week of November 2. The text book taught was "The Larger Stewardship." The school was well attended. The devotionals were led by Mrs. Effie Childress, Miss Leafie Smith, Miss Eula Langston, Mr. Rudolph Strathern, Miss Mildred Little; the assistant superintendent presided.

Everybody is urged to attend the box supper at Mars Hill church Saturday night, November 28. All ladies bring a box. Proceeds will be used for repairing the church.

Truly it is the beginning of a new day with Mars Hill Sunday school. Everybody seems to have a mind to work. Last Sunday the seniors were in charge and gave a very inspiring program. Mr. Cobern Cofer, the choir director, has charge next Sunday. We are looking forward to a good musical program. All Mars Hill singers are urged to be present and take part on this program. Mr. J. N. Cofer has been elected church treasurer. We assure him our hearty co-operation. Our deacons are really backing us in all activities. Just watch Mars Hill Sunday school grow! We hope the interest will spread throughout the membership. Come and join us and help us keep it an ever green school.

Those who attended the quilting at the home of Mrs. Jessie Johnson were Mrs. Sudie Smith, Mrs. H. C. Montgomery, Miss Eula Langston, Mrs. Dovie Leach, Miss Genie Abbott, Mr. and Mrs. Claude Underwood, Mrs. R. F. Langston, Mrs. Leila Scott. All had a good time, and Mrs. R. F. Langston carried home the prize. Our next quilting will be Friday, November 27, at the home of Mrs. Leila Scott.

PLEASANT HILL

We need more help with our Sunday school. Several were absent last Sunday. We want everyone to remember to come to Sunday school next Sunday.

Several from here attended the singing at Center Hil Sunday afternoon, and reported a good singing.

Mr. and Mrs. Vernon Robinson and Mr. and Mrs. Labon Northcutt spent the week end with their parents, Mr. and Mrs. J. R. Cost.

"THANKS A MILLION" FOR MORE THAN A MILLION

America has bought 1,130,000 Chevrolets during the past twelve months, thereby giving Chevrolet the greatest year in its history and the greatest measure of *buyer preference* it has ever enjoyed.

CHEVROLET The builders of Chevrolet are thankful for many things, but most of all for the warm friendship of the American people.

And so again at this Thanksgiving season we say, "Thank you, America," for you have given Chevrolet a measure of good-will without parallel in the annals of modern industry.

Consider, for a moment, all that you have done to inspire Chevrolet's appreciation during the past twelve months:

You have purchased 1,130,000 Chevrolets; you have made Chevrolet your favorite car for the seventh time in the past ten years; you have given Chevrolet strong preference in every section of the country; you have conferred this same high honor upon Chevrolet trucks by purchasing more than 205,000 commercial units; you have made 1936 the most successful year in all Chevrolet history.

And now, to climax these expressions of friendship, you are displaying even more marked preference for the new Chevrolet for 1937.

It is difficult to express adequate appreciation for gifts so great and so generous as these.

All we can say is, "Thanks a million" for more than a million cars in 1936; and all we can do is offer you the still finer Chevrolet of 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer.

CHEVROLET MOTOR COMPANY, DETROIT, MICHIGAN

The Complete Car - Completely New
New CHEVROLET 1937

CENTER HILL

Mr. John Collum spent two days of last week in Birmingham.

Mr. and Mrs. Sam Yarbrough were called to the bedside of her sister, Mrs. Eual Price, who underwent an operation Saturday. Reports are that she is improving.

Our singing society met in regular fourth Sunday session Sunday afternoon with a good size crowd and plenty of good singing. The directors were as follows: Opening song by the president, B. L. Cobb, followed by a prayer by W. J. Northcutt; after this W. J. Northcutt, Mrs. Labon Northcutt, Berney Dean Cobb, Mrs. Lester Northcutt, John W. Collum, Claudie Scott, E. L. Glasscock, L. L. Cobb, P. M. Cleckler, and A. H. Glasscock directed lessons. Organists were Mrs. Hallard Ellison and Miss Jessie Cleckler. The class present agreed to go to Collins Chapel the third Sunday in December upon request of Mr. E. L. Glasscock. We appreciate the help of everyone present. Come again.

Mrs. Paul Webb spent the past Friday and Saturday with her parents and other relatives around South Calera. Her sister, Margaret Ellison, returned with her to spend a few days.

Mr. Isaac Hudman's family has moved to this community, and we are glad to have them.

Mr. and Mrs. Lewis Gillespie and Mrs. Bernice Lowery and children spent the week end with their parents, Mr. and Mrs. B. L. Cobb.

Mr. and Mrs. V. Miller and little daughter spent Saturday night with Mr. and Mrs. Doyle Miller of Jemison.

Mr. and Mrs. Roy Moore and Miss Bessie Glass of Montgomery spent Sunday night and Monday with their sister, Mrs. Loyd Cobb.

Let us all remember the meaning of Thanksgiving, and celebrate in the right way.

MT. PLEASANT CLUB TO MEET

The Mt. Pleasant Home Demonstration Club will meet Tuesday, December 1, at the home of Mrs. Henry Eiland. We urge all old members to come and bring someone with you. Everyone is cordially invited to attend.

THANKS FRIENDS FOR HELP

I wish to express my sincere thanks to all my friends who visited and helped me in any way while I was in Central Alabama Hospital suffering from injuries sustained in an autobile wreck. I certainly appreciate all that was done for me; and I want especially to thank the Hospital attendants for their fine care.—Jess Lee Headley.

State Capitol News

Montgomery,—more than 1,000 destitute blind men, women and children are groping hopefully for a "new deal" from the legislature, now in special session.

This relatively small group of unfortunates are the forsaken and almost forgotten people among the millions sharing in the humanitarian provisions of the Federal and State Social Security program.

A bill will be introduced this week enabling Alabama to obtain $25,000 to $30,000 from the Federal government to be matched by State and county funds for the care of the blind who are either too young to qualify for old age pensons or too old to receive aid as dependent children.

Recenly Mr. B. F. Ashe, regional director of the Social Security Board, Birmingham, received the following letter from a blind teacher in a central Alabama county:

Dear sir:

Where there is no vision the people perish! Thank God, President and Mrs. Roosevelt and scores of leaders have had a vision and they are seeking to bring light to those who sit in darkness.

I do not think the government owes me a living, but as so much has been and is being done for the able bodied normal people, is it not just and honest that the blind and crippled have a opportuunity to earn a living?

IN MEMORY

Last Friday morning, November 20, at 9 o'clock, Nancy Logan Carrol died at the Central Alabama Hospital. She was the wife of Albert Carroll of Enterprise community. She was ill for two weeks before her death, but bore all her suffering with patience.

She was laid to rest in the Mt. Hebron cemetery in Elmore County, Rev. J. D. Hughes officiating. Martin was in charge.

Mrs. Carroll is survived by her husband, one small son, father, two sisters, three brothers, and a host of other relatives and friends.

Weep not, dear ones, for she is not dead, but at rest. She was kind and gentle-hearted, and to know her was to love her. She is gone, but not forgotten, and we hope to meet her again some day.—A cousin, Clara Logan.

FIFTH SUNDAY MEETING AT NEW HOPE CHURCH

There will be all-day services at New Hope church, near Lay Dam, the fifth Sunday in November. There will be a good quartet present, and there will be other singing. The public is invited.

Miss Mary Nell Jones spent the week end here with her parents, Mr. and Mrs. W. W. Jones.

Mr. and Mrs. W. A. Reynolds, Judge and Mrs. L. H. Reynolds, and Mrs. J. E. Evans spent Friday in Selma.

ENTERPRISE CLUB NEWS

The Enterprise Home Demonstration Club met Wednesday afternoon, November 4, at the schoolhouse. Only a few were present, due to the bad weather.

The demonstration on food menu was given. We had a nice short Thanksgiving program.

Our next meeting will be December 2, at the home of Mrs. J. C. Boockholdt. We will have our Christmas tree and program at the next meeting. Each member is asked to bring a small gift (kitchen utensil) to put on the tree. Names will be drawn after we all arrive. Each one try to come and bring someone with you.—Reporter.

MAPLE SPRINGS

Our Sunday School is still growing. On account of sickness several members were absent Sunday. The Blue and Pink contestants are still doing fine work. Remember Sunday School meets Sunday morning at 10:00 o'clock.

Mr. Hubert Wilson from Beat 16 has moved into our community.

Mr. Vearey has moved from our community over near Cordrey old mill.

Mr. Lee Downs wife and baby from Birmingham, were here visiting Mr. R. J. Downs and family Sunday.

Several from here attended the fruit supper given at the home of Mr. Marvin Kelly, near Thomas Jr., Saturday night.

Mr. C. R. Glenn from west Clanton was in this community Sunday.

Mrs. Wiley Jones and father, Mr. J. T. Glenn, spent several days last week with her sister, Mrs. Joe Delaney of Montgomery.

Mrs. Oscar Knight and daughter visited Mrs. Lillian McDowell Sunday.

Messrs. Ottis Glenn and Kern Sandlen made a busines trip to Montgomery Saturday.

Mr. A. C. Norris wife and baby from South Clanton, were here visiting Mr. and Mrs. J. R. Mitchell and children Sunday.

Little Newton and Vera Mae Price, son and little daughter of Mr. and Mrs. Jeff Price who have been very sick, are reported to be improved some.

CHILTON ASSOCIATION MINUTES ARE NOW BEING PRINTED

The minutes for the thirty-sixth session of the Chilton County Baptist Association have been turned in to the press for printing. Mr. S. J. M. Webb, the clerk of the association, brought in the copy Monday of this week, and the minutes will be out the last of this week.

CHILTON HIGH TEAM PLAYS MAPLESVILLE HERE FRIDAY

The Chilton County High School plays the following games at home in this order:

Nov. 27—Maplesville.

CLANTON CASH STORE OFFERING CASH FOR ELEGANT FLOUR SACKS

Clanton Cash Store is, beginning this week, making a very attractive offer to churches and any civic or community organizations, in which such bodies have the chance of raising some money. The offer is that this store will pay cash for all empty Postel's Elegant flour sacks returned to that store.

The offer is not for individuals, but for churches and organizations. Such body should select one certain person to handle the affair. All sacks should be gathered up by this person and brought in to the store—several at a time.

If your church or organization could use some ready cash, this is the plan whereby it may be raised pleasantly. Turn to the adv. of Clanton Cash Store on the back page of this paper, and read all the particulars of the plan which they offer, the amounts they pay, Etc.

Mr. and Mrs. Aubrey Taylor had as their guest for the weekend, their mother, Mrs. R. L. Black of Birmingham, also Mrs. Taylor's brother, Hollis Black, of Washington, D. C.

CHICKEN SUPPER AT UNION GROVE

There will be a chicken supper at Union Grove schoolhouse Wednesday night, November 25, beginning at 7:30.

There will be a program of musical entertainment in connection with the supper. Proceeds go to the school. Everybody is invited.

Mr, E. L. (Buddie) Jones, our good friend from Corinth community, was in to see us Tuesday morning.

A NEW RADIO FEATURE BRINGS SOUTHERN LORE

A new type radio entertainment goes on the air the week of November 30. The Natural Chilean Nitrate folks, in behalf of all Chilean Nitrate dealers and agents, present Uncle Natchel and Sonny. These fun makers are the two characters who first attracted attention on the Natural Chilean calendars. For several years these calendars have been distributed, and the two characters, Uncle Natchel and Sonny, are familiar to thousands of Southern farm families.

The new program will be broadcast twice each week over 12 Southern stations.

Uncle Natchel is an old deep South darky whose interest lies in natural things. That's where he gets his name, Natchel being his pronunciation. His part is played by Frank Wilson, the colored actor who played 'Moses' in bo the stage and motion picture version of Green Pastures. Wilson is one of the leading character actors of his race, having to his credit in addition to his Green Pastures roles, notable parts in Porgy and other stage successes.

Sonny's role is played by James Franklyn Allen, a child actor of unusual ability. Although only 9 years old, he has already scored a number of radio hits, particularly on one of the well known children's programs. He is regarded as a 'comer' in every sense of the word.

Other charcters in the various episodes are played by capable stage, movie and radio performers.

Each story in this twice-a-week program has been written by Mrs. Florence Richardson, a Southerner, who has made a life study of Southern folklore, who is reported to know more Southern songs and stories than any other writer. Her American mountain songs, published 7 years ago, has been accepted by the American Library Association as a permanent record of American songs. She has had wide radio experience.

Liquor Referendum Ruled 'Unnecessary'

Court Says Legislature Can Act Alone In Repealing State Liquor Laws.

Montgomery, Nov. 30.—Wets won an important point today when the Alabama Supreme Court in an advisory opinion held that the legislature can legalize liquor in the state without a referendum, despite Gov. Graves' mention of a referendum in his call for the special session. The justices were unanimous in their opinion.

"The reference to referendum in the proclamation is to be treated as advisory merely," the opinion stated. "We are therefore of the opinion that a bill dealing with the subject (repeal) with no provision for referendum may be enacted by a vote of the majority of each house.

"This opinion is not intended to indicate any change of views of the several justires on the question of delegation of legislative powers by referendum," it was stated.

"Repeal by Christmas," immediately became the cry of the wet forces, while observers for the drys sent word to their leaders in Birmingham and other sections to organize for a finish fight in the legislature.

A long drawn-out battle in the legislature is not improbable, with more time perhaps being required to settle the issue between advocates of the state store system and license system than the issue between wets and drys.

In an atmosphere primed for battle, Alabama's legislators began returning from their Thanksgiving recess today for a showdown on Gov. Graves' revenie and repeal program.

MANNING AND MORRIS SELLING COAL HERE

Messrs. Clifford Manning and Clyde Morris are this week running an advertisement anouncing that they are engaged in selling coal in this vicinity. These two industrious young men will be glad to serve you when you need coal, and promise prices on delivery that are in line with everyone else. They have arranged for orders to be phoned to No. 63 for the present.

RESIDENT OF INDIANA INQUIRES FOR RELATIVES HERE

Mr. J. A. Headley has given us a letter he received from a resident of Gas City, Indiana, who says she once lived here, but has lost all trace of her relatives. She would like to get in touch with them. Following is the letter received by Mr. Headley:

Mr. J. A. Headley,

Dear Sir:

I guess you will be surprised to get a letter from someone you probably never saw, although I am your cousin. My mother was a Headley. She was a sister to Caleb, Joe and Jim Headley. Are you one of their boys, or a grandson to some of them?

I have been away from Alabama since 1917, and have lost trace of all my relatives on my mother's side. I am taking The Union-Banner from Clanton, and I have seen your name in it different times, so I thought I would write to you.

In this week's paper I see the name of a Jesse Lee Headley. Will you please write and tell me where any of Uncle Caleb's family is, or any of Uncle Jim's or Uncle Joe's. I am lost from all of them, and as I think of my childhood days and how we all played together I get lonesome and homesick.

So will you please write me and tell me where any of those families are? Which one of them are you from?

When I write again I will tell you about this country up here. Tell all the Headleys to write to me.

Yours,
MRS. ANNA RUE,
109 Vine St.
Gas City, Indiana.

Our good friend and old-time Republican, W. Sanford Clark, of Mt. Creek, was in Clanton Monday chatting and shaking hands with friends. We were glad to have him call at The Union-Banner.

CIRCUIT COURT IN SESSION ALL NEXT WEEK

The Circuit Court of Chilton County will be in session all next week, with Judge Arthur Glover presiding. The published docket holds 161 cases to be up for trial, the most of which are liquor cases. The whole week is given over to the criminal division.

Two important cases are on the docket; that of George Littlefield, alleged to have run down with a car and killed Uncle Mordecai Robinson; the charge is manslaughter. This is slated for trial on Tuesday, December 8th.

The other is a first degree murder charge against Jasper Oakes, for the stabbing of Russell Dobbs at a fishing camp on Coosa River. This case is to be tried Thursday, December 10th.

ANTI-TUBERCULOSIS CAMPAIGN GETS UNDER WAY THIS WEEK

Newly Organized County League To Sell Christmas Seals To Fight The Dread Disease.

One of the most important drives of the year for Chilton County got under way this week when the newly organized Chilton County Tuberculosis Association launched its first sale of Christmas seals. Money raised in this way is used for fighting tuberculosis here in our county and state. Thirty-one cases of tuberculosis were reported to the local county health unit since its organization in March, 1935, and doubtless there are others which have not been brought to the attention of the health authoritiies. For every dollar's worth of seals sold in the county, 80 cents stays right here in the county to help in the fight against this dread disease.

Mrs. Luther Little is chairman of the seal sales, and over 600 persons were mailed seals on Thanksgiving morning. The county tuberculosis association has several important things in mind which they hope to do with the funds realized from the sale of these seals. Among these are the purchase of sanitary sputum cups for those with the disease in the county, tuberculin testing and X-raying school children, and they also are keeping in mind the establishment of a tuberculosis hospital in Chilton County.

At the Christmas season you will certainly be using seals to go on your letters, cards and Christmas packages, so why not do a good deed and buy your Christmas seals today.

OPERATED ON TUESDAY

Mr. C. H. Robinson, of Providence, Beat 16, was carried to a Birmingham hospital Monday night, and an operation was performed Tuesday morning. Late reorts are to the effect that he is doing fairly well.

Friends here of Mr. Leo Brewster, Sr., of Centreville, will regret to learn of his serious illness. Mr. Brewster was manager of Centreville Cash Store until he was taken ill.

Miss Kate Cochran of Uniontown, who is a student at Montevallo College, spent the holidays here as the guest of her roommate, Miss Ruth Gowan.

Miss Ruth Shepherd returned from Birmingham Sunday evening, after having participated in the Christmas Carnival. Miss Shepherd was the princess to represent Clanton.

FUNERAL HELD FOR SENATOR GLOVER

Leroy, Ala., Nov. 30.—The late Senator Harry Lee Glover, 58, onetime river steamboat captain who turned to politics late in life, was buried in the family cemetery across the road from his home Monday after funeral services attended by score of friends.

Senator Glover died at his home Sunday.

The Rev. J. Mack Jones, of Chatom, officiated at the funeral services. More than 300 persons from the three counties in this senatorial district attended.

At Montgomery, Gov. Bibb Graves declared that "the state has lost one of its outstanding statesmen, and I have lost one of my dearest friends."

A staunch administration friend, Senator Glover was known chiefly for his work on the Senate Agriculture and Puplic Roads and Highways Committees.

Senator Glover, who represented the counties of Washington, Clarke and Choctaw, is survived by his wife, and two children, Theodore William Harry Glover and Benjamin Nash Glover.

DORMINEY-GRANT

Mrs. Leona Dorminey, of Lay Dam, announces the marriage of her daughter, Jessie, to Mr. Ralph D. Grant, of Coopers, Ala. The wedding was solemnized at the home of the Rev. Homer Carroll of Jemison on Wednesday evening, November 25.

After the ceremony the bride and groom took a brief trip to points south.

Mr. and Mrs. Grant will be at home at Lay Dam.

CROWSON OPENED UP A FEED MILL AT THORSBY

Mr. Willie Crowson is this week opening up a feed grinding plant at Thorsby, and by the time you read this, he will be grinding stuff coming and going. Mr. Crowon has been operating a milling plant in Clanton for over two years.

At the Thorsby plant, which is located in the Leary building, Mr. Crowson will crush anything that is crushable, and will buy corn in the ear and velvet beans. He wants these in big quantities.

The Thorsby mill will be in charge of a young man, Mr. Wilbert Hand, who has been working for Mr. Crowson here for two years.

Read Mr. Crowson's announcement of his opening in the Thorsby section of The Union-Banner.

LAY DAM SCHOOL MEMBER OF AMERICAN RED CROSS

The children of Lay Dam school brought voluntary contributions in in order that the school join in the number who are helping the Red Cross. Both rooms became members.

FARMERS UNION WILL MEET

The Chilton County Farmers Union will meet at Union Springs Church, Dec. 12. Some good speakers are expected.

All are invited to come and bring dinner.

Mr. Percy Pitts and children, Jane, Myrtle, and John Will, spent Thanksgiving with Mr. Pitts' mother in Jacksonville.

BISHOP SAYS THE WORLD IS IGNORING RELIGION

Whole Nations Are Hostile To God, Maxon Avers.

Memphis, Tenn., Nov. 30. — For the first time in human history people are trying to get along without religion, according to Bishop James M. Maxon, of the Episcopal Diocese of Tennessee.

"We are in a great period of transition," he told a convocation of church members. "Whole nations are seeking to live in direct hostility to religion. For the first time they are attempting to deny any type of religion.

"It is absolutely essentiail that the church and people should be organized to meet this condition," Bishop Maxon said. "We are living, not in an easy time, but in an extremely hard time. No people in all history ever before tried to get along without religion.

REV. G. W. STEWART NOW AT ADAMSVILLE, ALABAMA

Rev. G. W. Stewart, Methodist Protestant minister, writes The Union-Banner that he and his family are now located at Adamsville Route 1, out a few miles from Birmingham on the Jasper road.

Rev. Stewart will be remembered as, a few years ago, having charge of the Chilton circuit of the M. P. church. He lived out near Antioch at that time.

JOINED FORCE OF CHEVROLET SALESMEN

Mr. Marvin W. Marcus has this week joined the force of salesmen for Hayes Chevrolet Company, and will be selling both new and used cars. Mr. Marcus is a well-known and likable fellow with many friends in Clanton and vicinity, and it is more than likely that he will meet with success in his undertaking. Mr. Marcus will like to get in touch with you if you anticipate buying or trading cars any time soon. If you want a new or used car, "Ax Marcus."

RED CROSS ROLL CALL CLOSED WITH SUCCESS

The Red Cross roll call in Chilton County came to a successful close last Thursday, according to the roll call chairman, J. Mell Martin. Although reports are not all in from the workers, the results of the drive seem to be most satisfactory this year. Mr. Martin reports that it is quite a bit above what it has ever been before. Mr. Martin extends his hearty appreciation to all workers as well as to each and everyone who contributed in the drive. We are all justly proud that Chilton County responded as liberally as she did in this worthy cause.

Mr. Martin also urges liberal response from everyone in the Christmas seal sale, now being conducted for the purpose of helping stamp out Tubersulosis. Especial note should be taken that this year a large percentage of the money raised by the sale of seals stays in Chilton County, to be disbursed by a local board. This has not been the case heretofore.

PASTORS CONFERENCE TO BE HELD MONDAY

The pastors of Chilton and Unity Associations will meet Monday, December 6th. The discussion was continued from last conference, subject: "The Supreme Need of the Church."

Every pastor is urged to be present. —S. J. Ezell, President; M. Lockhart, Secretary.

TWO FIRE CALLS ANSWERED

During the past week the city fire fighters answered two alarms. One was a coal truck just south of the city limits on the highway on Thanksgiving Day. The next day a barn at the rear of Joe Grooms' store in West End was destroyed by fire.

BAPTIST PRODUCE CAR HERE THURSDAY, DEC. 10

Mrs. J. Watts Moore and Rev. M. Lockhart, representatives respectively for the Unity and Chilton associations for the orphanage, wish to call attention that the produce car will be in Clanton all day next Thursday, December 10th. All people wishing to donate produce of any kind to the orphanage should get in touch with one of these gentlemen between now and the time for the car to be here. The car will be in Thorsby on Wednesday, December 9th.

NINE-POUND GIRL BORN

Mr. and Mrs. Marvin W. Marcus are the proud parents of a fine nine-pound baby girl, born Monday, November 30. They have named her Tommie Rochel. The Union-Banner extends hearty congratulations.

OLD TIME SINGING AT COURTHOUSE DEC. 13

Uncle John W. Hays, the old time singer, wants his brethren and sisters in sacred song to meet with him at the courthouse in Clanton on the second Sunday in December for a day of singing in the old Sacred Harp and Christian Harmony books. Mr. Hays, Z. J. Jones, J. N. Scott, the Williamses, the Sanderses, and others will be on hand, and they invite their friends to meet with them. Uncle John hopes to make this singing one of the best ever held in the county. Everybody is invited.

Clanton May Be On New N-S Air Route

Dr. Gragg Brings Back Report After Attending Meeting In B'ham Friday.

There are strong possibilities that Clanton will, in the near future, be on the north and south airline running through Birmingham and Montgomery, according to information gathered by Dr. V. J. Gragg, Clanton's pioneer air enthusiast, at a meeting of prominent aviation men in Birmingham last Friday. The meeting was held at Hotel Tutwiller, and the principal speaker was Mr. H. R. Ekins, globe-circling reporter for Scripps-Howard newspapers. The luncheon and speaking was sponsored by the Birmingham Aero Club, and Dr. Gragg was the invited guest of Mr. Earl Wheeler, member of the Birmingham club and feature writer for the Birmingham Post.

Dr. Gragg says that discussion of a proposed north and south air mail and passenger service, through Birmingham was taken up, and tentative plans made for obtaining the service. The service will probably become a part of the Delta Airlines, and will likely run from Memphis, or possible Nashville, to Birmingham, thence through Clanton to Montgomery, and further south will take in Tallahassee, Tampa, and end up at Miami. Planes will not likely stop at Clanton at first, but before the line operates long, local service will be instituted to take care of smaller places like Clanton and Dothan.

At the Birmingham meeting Mr. Dave Denney was appointed acting chairman until a permanent organization is effected. A state chairman will be chosen from each State crossed by the proposed line, also a representative from each city affected. Mr. Steadham Acker was selected to represent the Birmingham club. Out of town guests at the luncheon were: A. B. McMullen, director of aviation for the State of Flordia; John M. Tapers, publisher of the Tallahassee Democrat; H. P. Ford, City manager, and J. R. Jenks, City Commissioner, of Tallahassee; E. S. Henley, of Tampa; Congressman R. M. Atkinson, of Nashville; P. B. Fuller, secretary of Montgomery Chamber of Commerce, Dr. V. J. Gragg, of Clanton; and Col. Sumpter Smith, of Washington, D. C.

It was announced that the next meeting of those interested will be held in Miami, Flordia on December 9th, at which time a permanent organization will be formed and a definite program outlined.

It will be necessary to bring the need of the proposed air line to the attention of the Department of Commerce and the Postal authorities in Washington. At present there are east and west lines going through both Birmingham and Montgomery, but there are none going North and south anywhere near Alabama or West Flordia. That being the case, Dr. Gragg points out, it appears that it ought to be easy to convince the authorities of the need for a line from somewhere in Tennessee, through Bihmingham, Montgomery, Tallahasse and on to Miami, Fla.

Dr. Gragg's chest swelled a bit when he said: "Naturally enough one can see how Clanton will be right on this line, and when we get our field ready to accommodate large passenger and mail planes, Clanton will be ready to demand the service."

It is admitted by all observers that travel by air is the coming mode of travel and transportation. Statistics show us that United Air Lines carried 163,000 revenue passengers during the first eight months of 1936. Just last month this company ordered eight new Douglas sleepers. Likewise Western Air Express reports an increase of 39.16 per cent in passengers carried during a period of this year over last.

And in the way of innovations, a cotton fabric runway will be demonstrated on Dec. 16th at Riley Field, near Anniston. Freight service has been started by Transcontinental and Western, each ship with a capacity of 3,500 pounds. Midnight to dawn freight service is now in operation between New York and Chicago.

These points only go to show that things are going to be done in the air in the future—in fact, they are being done now. We must all be awake to the possibilities, and keep Alabama and Chilton County in line with the strides of progress that other parts of the country and the world are making. Let's help Dr. Gragg to keep Clanton in line with the progress of this great movement of the future.

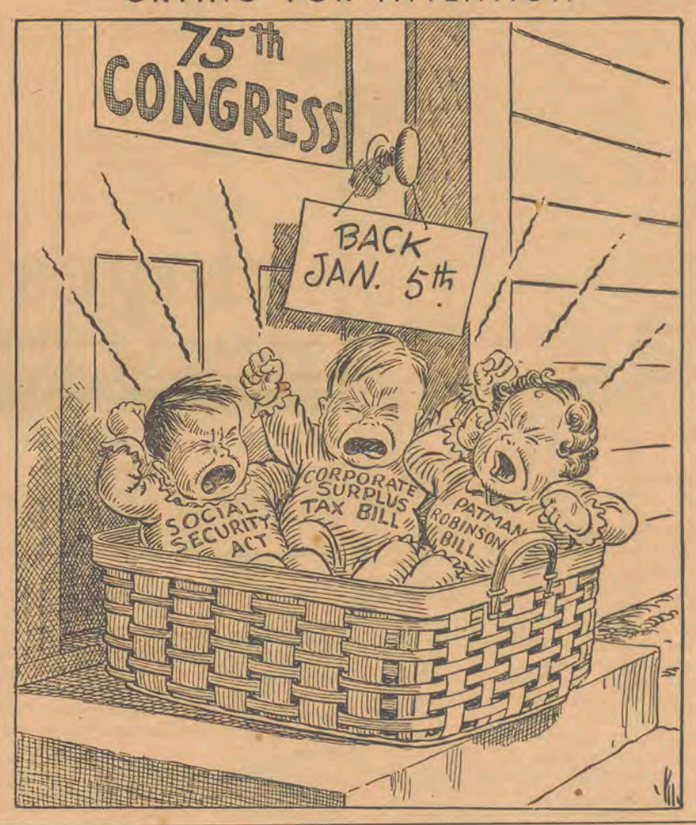
VISITORS FROM TAMPA, FLA.

Visiting relatives near Clanton for Thanksgiving were Mr. and Mrs. C. W. Smith. Mrs. Smith will be remembered as Miss Dovie Foshee, daughter of Walter Foshee of Pinedale community.

The Union-Banner was glad to have Mr. Smith call to see us while he was in Clanton and to leave with us a one-dollar bill for a year's subscription to the paper. We hope they enjoy reading their Union-Banner.

FATHERS' AND MOTHERS' NIGHT TO BE OBSERED

The Chilton County High School P.-T. A. will observe Fathers' and Mothers' Night on Tuesday night, December 8, at 7:30 p.m., at the high school auditorium. Please be present, prepared to enjoy lots of fun and good eats.—Mrs. Percy Pitts, President.



Seventeen Years Of Merchandising In Clanton

Maurice Lande Opened Up The New York Store On Small Scale In 1919. The Leader of 1936 is the Result of Persistent Merchandising Methods.

The Leader is celebrating its Seventeenth Anniversary of operation in Clanton, and Mr. Maurice Lande and the helpers in the store enjoy the spirit of co-operation in the celebration they are receiving at the hands of their thousands of freinds in this trade territory.

The years which Mr. Lande has been in Clanton have not been uneventful, as those who recall that length of time can recount. The great war had been over two years, and the country was undergoing that period of reconstrution which followed that great conflict. The nation was growing; business was getting back on its feet; that was a period of adjustments and growth.

The New York Store, as the place was first called, was not large when it first opened, but it was founded on sound merchandising principles—a foundation suitable for a much heavier business structure. The business structure of the Leader in this good year 1936 is much heavier, but is standing perfectly erect, and has the promise of even greater height and a broader expansion in the years that are immediately ahead.

Central Alabama must appreciate a business like Mr. Lande has built up in Clanton; any community could justly be proud of it; certainly Clanton and Chilton County are proud of the phenonemal growth that it has enjoyed. They are no less proud of the man responsible for the promotion of the large business establishment, Mr. Maurice Lande.

In honor of the event of its Seventeenth Anniversary, the Leader is conduucting a kind of rendezvous for its many freinds and customers. This party, in reality, is a big sale, in which most attractive trading inducements are offered. This sale opened last week, but it is still going in a big way.

Mr. Lande is proud of the achievements the Leader has accomplished, and he realizes that it has been possible only because of the support and co-operation of the trading public, being aware of this, he has been induced to offer the greatest bargains ever quoted in Clanton.

One thing that has attributed to the growth of the Leader is that Mr. Lande has always been a firm believer in letting the people know what he has to offer them; and he has realized that the columns of a newspaper and circulars are the best scource for this to be accomplished.

The first week that the Dollar Store opened, it carried a 20-inch Adv., in the Union-Banner. The next week, it increased the size to 36 inches. Commensurate with its growth, the Leader has consistently used more and more newspaper space.

The Union-Banner is proud of the Leader. This paper is proud that it had an humble part in helping this business to get established, and it is proud that it has been permitted to lend a helping hand all through this seventeen years of unprecedented merchandising service to the people of Central Alabama. May the next seventeen years bring even more growth service and advertising than the last seventeen. The Union-Banner congratulates the Leader on its accomplihments.

Holiday Goods

The Leader this year is laying in a big supply of Christmas goods, including the latest things out in toys, attractions for the children, as well as novel and serviceable gifts for the older people. In an adv. elsewhere in this paper, Mr. Lande is inviting you to look over his array of Christmas goods before doing your holiday shopping.

MT. CARMEL

The health of this community is very good except Mr. Odel Higgins and Miss Gladys Higgins who were not able to be at church Sunday.

Rev. Paul Oden showed his pictures at Mt. Carmel Saturday night, and gave us an interesting talk, and preached us a wonderful Sermon Sunday which everyone enjoyed. We invite Rev. Paul Oden back with us any time. We had with us Sunday night Mr. Clifford Manning of Mulberry; he gave us a good talk on our B. A. U. and B. Y. P. U. which every one enjoyed. We invite Mr. Manning back again. Miss Hazel Liveoak was the Sunday guest of Miss Lillian Higgins.

Mr. J. C. Scott and children, Gladys and Hershall, spent Sunday with his Father and Mother, Mr. and Mrs. Lum Scott at Mars Hill.

Mr. and Mrs. G. B. Higgins and children, Rubie Mae, Benjamin and Imogene, were Sunday dinner guest of Mr. and Mrs. S. J. Higgins.

Miss Gladys Wyatt and her friend, Miss Powell, spent the week end with Mr. and Mrs. Willis Foshee.

Mr. and Mr. J. A. Childress visited Mr. and Mrs. Pink Watley Sunday.

Mr. and Mrs. Myrtle Scott was the Sunday dinner guest of her mother, Mrs. Phil Childress.

Rev. and Mrs. M. W. Mims visited Mrs. Mims mother, Mrs. Hicks, of Randolph Sunday.

Don't forget next Saturday night and Sunday are our regular preaching days. Everyone come and bring someone with you. Mr. and Mrs. J. P. Smith, Mr. and Mrs. Leonard Holley, and Mrs. Carry Hayes visited Mr. and Mrs. J. H. Davenport Sunday.

CENTER HILL

The singing at this place Sunday afternoon was very good. Singers from Oak Grove and Jemison attended.

We have on the sick list this week Mr. Sam Edwards.

Mr. and Mrs. Rufus Childress and son, Leon, were dinner guests of Mr. and Mrs. Lonnie Cobb Sunday.

Mrs. Louis Gillespie of Clanton and Mrs. Bernice Lowery of Providence spent Sunday with their parents, Mr. and Mrs. B. L. Cobb.

Messrs. Loyd and Leonard Edwards of Siluria spent the week end with their parents, Mr. and Mrs. Sam Edwards.

Mr. Edward Mims of Union Grove visited his sister, Mrs. Robert Smith, last week.

Mr. and Mrs. Lonnie Cobb and children visited Mrs. Ora Barnes and family Sunday night.

Mr. and Mrs. J. T. Cobb of Mitchell Dam spent the week end with Mr. and Mrs. J. E. Cobb.

Mr. and Mrs. Roy Moore and Miss Bessie Glass of Montgomery are visiting their sister, Mrs. Loyd Cobb.

MARS HILL

A most enjoyable day was spent at Mrs. C. W. Scott's Friday, Nov. 27 at a quilting. There were 32 ate dinner, children and growups. They were as follows:

Mr. R. F. Langston, and daughter Eulah Langston, Mrs. H. C. Montgomery and children, Mrs. Edgar Duren and children, Mrs. Sudie Smith and son Ferylie, Mrs. Chester Cofer and son from Mt. Penson, Mrs. J. D. Scott, Misses Sula Mae and Rubye Tucker, Miss Gladys Lowrly, Mrs. A. J. Leach. The day was enjoyed by all, they also had a nice dinner, some played music to entertain the crowd. We hope to spend another day soon like this some where in the neighborhood.

We had a very nice box-supper at Mars Hill Church Saturday night which proved to be a successfull affair. There was a cake for the most beautiful girl. This affair was for the benefit of the church.

We wish to thank each and everyone for their hearty cooperation and nice behavior. The 24 boxes brougrht $14.00, and the cake $17.18.

We would like for the singers of the adjourning communities to remember that we have our annual singing ever third Sunday afternoon. We would like for all to come and be with us.

Our Sunday School is improving nicely with the help of Mrs. Butcher; we hope it will continue to do so.

We are very sorry indeed that Mr. T. V. Mims is sick in bed; we hope he will soon recover.

A singing was held at the home of Mrs. T. V. Mims Sunday night, November 29, and was very much enjoyed by all.

Mr. and Mrs. Floyd Langston from Siluria are visiting relatives in this community. Mr. and Mrs. John Hodge visited Mrs. Henry Little this week. We are very glad to know Mr. Ellison Crumpton is improving.

Miss Ruth Devenport has been visiting Miss Millred Little this week end.

Mrs. H. C. Montgomery, Miss Mildred Little, Miss Leafie Smith, Miss Ruth Davenport, Mr. Horace Little, visited Mr. and Mrs. T. V. Mims Sunday afternoon.

The W. M. U. of this community sent Rev. Honeycutt a Thanksgiving present.

Mrs. Sudie Smith, and Mrs. A. J. Leach visited Mr. and Mrs. Luther Cofer Sunday afternoon.

Our Sunday School at this place is just fine; hope it will continue to grow. Cletus and Eula Langston, were greeted Sunday and Sunday night with a large crowd, for the dinner guest, Sunday were Suler Mae and Rubye Faye Tucker and Gladys Lawley. The crowd Sunday evening were Milton, Winford Smith, Rudolph Strothen, Vassie, Lassie, and Eula Bee Ray, Velma Smith, Albert Smitherman, Billie Sundae Jackson of Bibb County. James Holdsambeck of Centreville. Mr. and Mrs. Dick Scott and children visited Mr. and Mrs. R. F. Langston Sunday. Everyone seemed to have a good time.

BIRTHDAY DINNER

A birthday dinner was enjoyed Sunday at the home of Mrs. Sarah Jane Robinson, The children, grandchildren and other relatives gathered together in the morning and enjoyed talking over old times. At noon a very appetizing dinner was served. Those enjoying this delightful occasion were:

Mr. Elijah Parrish, father of Mrs. Sarah Jane Robinson, who is 70; Mr. and Mrs. H. H. Moore and sons, Morris and Horace; Rev. and Mrs. W. E. Robinson and son, Vernon; Mr. and Mrs. Willie L. Moore and children, Leotris, Louise, Loretta, Eugene, and Leonard; Mr. and Mrs. Rudolph Moatts; Mr. and Mrs. E. W. Robinson and children, Pete and Rebecca Ann, of Birmingham; Mr. and Mrs. Tom Weaver and son, Thomas Richard, of Birminigham; Dr. and Mrs. W. L. Parrish and children, Ola Mae, Frank, and Lois; Mr. and Mrs. E. Robinson; Mrs. Madolyn Bice and children, Annie Bell, Willie Jean, and Mary Dean; Mr. and Mrs. Tom Taylor; Mr. Elijah Mims and son, Leon; Mary Clyde Rogers, Wilma Thornton, Ottis Jones, Mrs. Nancy Thomas of Verbena, Mrs. J. M. Robinson, Mrs. Farbie Moatts, and Myrtis Easterling.

CARD OF THANKS

I want just enough room in your paper to thank all the people for their kindness and help shown us during the sickness and death of our dear friend, Miss Annie Allen. We also want to express our feelings toward Miss Merony for the kindness rendered by her, and also thank her for the nice burial she arranged. May God bless each one for their kindness.
Dovie Canysbell.

17 BOYS AND GIRLS GIVEN CHICAGO TRIPS

Auburn, Nov. 30. — Because of their outstanding accomplishments, 17 Alabama 4-H Club boys and girls were awarded trips to the National 4-H Club Congress in Chicago this year, announce T. A. Sims and Elizabeth DeLony, state 4-H Club leaders.

The boys awarded the trip are—Douglas Burrows, Elmore County; Dennis Howle, Cleburne County; Ralph Blackwell, Elmore County; Charles W. Gaines, Cleburne County; winners in a corn production contest; George Limbaugh, Talladega; Sherley Sightler, Covington; A. T. Wiggins, Covington; and James Hilton, Cleburne; winners in a cotton production contest; Pownson Kyser, Dallas; winner in meat identification contest; Buster Popwell, Chilton County, producer of best dairy calf; Jim Crawford, Hale County, producer of best beef calf; and William Hoit, Sumter County, state health champion.

The girls are—Mary Flynn Sellers, Montgomery County, state health winner; Nell Kennedy, Elmore County, winner in senior canning contest; Virginia Moncrief, Autauga County, clothing winner; Melba Neighbors, Coosa County, girl's best club record; and Mary Lazzari, Baldwin County, winner in food preparation.

They are being accompanied to Chicago by Miss DeLony and Lyle Brown, extension forester.

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

FIELD TRIALS TO BE HELD

Montgomery, Nov. 30.—The third annual running of the Union Springs Field Trial Club will be held December 14 and 15 on the Maytag preserve near Union Springs. A large entry is expected both for the all-age and the derby.

Most of the better known handlers are expected to attend and the country's best dogs will battle for honors in the all-age running which carries a guaranteed purse of $600. The derby purse will be 75 per cent of the nominating and starting fees.

The judging will be capably handled by R. W. Norman of Salisbury, N. C., and C. C. Stephenson of Holly Springs, Miss. Both are good judges and well known among dog owners and handlers.

A great deal of interest has been shown in the past in the running of this trial on the historic Maytag preserve, and a large gallery should be on hand when the first brace goes down. In past trials on these grounds 30 to 45 coveys of birds a day have been found, and if weather conditions are favorable the gallery will see lots of bird work this year as the crop of quail is reported to be normal.

Lunch will be served on the grounds each day by the ladies of Union Springs, and there will be plenty of good saddle horses at $3 per day for anybody wishing to ride in the gallery and see for themselves high calibre dogs make bird dog history on the famous Maytag preserve.

BRIEF FARM FACTS

Electricity is now being made available to Alabama farmers in four different ways—by the power company, by TVA in the areas adjoining its line, by municipal plants, and by co-operative power associations, W. I. Nichols, director of TVA electrical development division, pointed out at the annual meeting of the Alabama Farm Bureau Federation.

In 1934 Alabama farmers repaid 100 per cent of the money they borrowed from the eight production credit associations in the state; in 1935 they repaid 99.99 per cent, and it now appears that they will repay 100 per cent this year.

Higher prices for farm products during the first half of 1937 are predicted in the annual outlook report by he United States Bureau of Agricultural Economics.

Beekeeping in central Alabama is profitable because producers take good care of their bees throughout the year. They are protected from the cold during the winter months.

SUGGESTIONS DESIRED ON 1937 AAA PROGRAM

Alabama farmers are asked to discuss and offer changes desired in the 1937 Agrocultural Adjustment program.

"We should not adopt a single feature of the 1937 program until it has been discussed and agreed upon by the producers," writes C. A. Cobb, director, Southern region, to all committeemen.

"We shall have to decide whether any changes should be made in the cassification of crops as soil-conserving, soil depleting, or neutral. We must decide what would be a desirable acreage to devote to our major crops, considering the interests of the consumer and the farmer. We should discuss the maximum percentage of land on any farm that should be diverted from soil depleting to soil conserving crops for payment; the rates of payment to be made; and the desirability of crop insurance beyond that provided in our present program.

"We should have the farmers' reaction to the desirability of making payments to encourage improvement in the quality of cotton and other products. We also need to know whether we should divide our 1937 payments in order to further encourage soil building practices.

"These and many other questions about our Agricultural Conservation program are being discussed by thousands of farmers in the Southern region."

FARM BUREAU OFFICERS ELECTED FOR NEXT YEAR

Col. J. Litt Edwards, Tyler, was re-elected president of the Alabama Farm Bureau Federation at the annual meeting held at Auburn. E. S. Pace, Eastaboga, was elected 1st vice president; J. O. Deloney, Ozark, 2nd vice president; Clifton Kirkpatrick, Montgomery, executive secretary; and A. N. Culver, Montgomery, manager.

Every year for the past 30, Master Farmer and Mrs. Elgie Hayes, Route 4, Huntsville, Madison County, Ala., have made a living and broke even or better at farming. They have diversified, improved their soils, and followed a live-at-home program.

Beware The Cough
From a common cold
That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

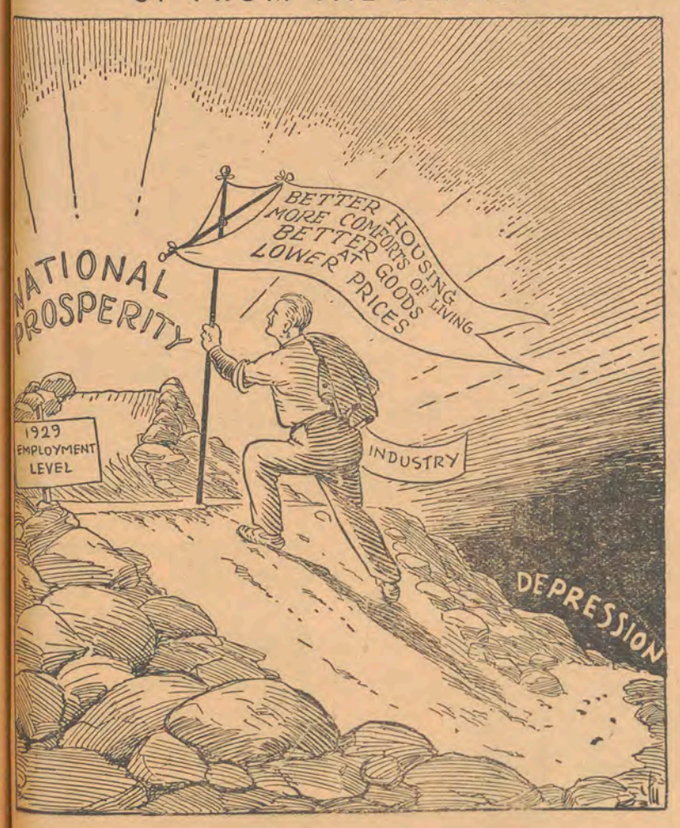
UP FROM THE DEPTHS



SOCIETY

Chilton County P.-T. A. Council To Meet Friday—

All members of the Clanton Grammar School P.-T. A. are requested to attend the council to be held Friday, December 4, at 2 o'clock at the Chilton County High School.

Mrs. Hill, president of the Alabama Congress of Parents and Teachers, and Miss England, supervisor of schools, will be guest speakers at the meeting.

Mrs. J. W. Hayes, president of the Clanton Grammar School P.-T. A., urges all the members of this organization to be present at this interesting meeting.

Clanton Study Club To Meet Friday—

Mrs. Horsley White will be hostess to members of the Clanton Study Club on Friday afternoon at 3 o'clock. All members are urged to be present.

The friends of Percy Pitts, Jr., regret to know that he has been ill for several days at his home here.

Mr. and Mrs. Billy Smith attended the Alabama-Vandy game in Birmingham Thanksgiving.

Mrs. James Wade, Mrs. Jack Hayes, and Mrs. Dick Hayes motored to Montgomery Wednesday and spent the day.

Mr. and Mrs. Frank Scott and little son of Huntsville are the guests of Mr. and Mrs. J. R. Mullins.

The many friends of Frank Hogan, who was recently injured in an automobile accident and is confined to St. Margaret's Hospital, will be glad to know that he is improving.

Mr. L. E. Foshee attended the Alabama-Vandy game in Birmingham last Thursday.

Mr. John Armstrong and Dr. J. P. Hayes returned Friday from a deer hunt, which took place near Demopolis.

Miss Irene Jones, who teaches in Bessemer, spent the week end here with her mother, Mrs. Andy Jones.

Mrs. C. V. Curtis (Madelyn Orr) and little daughter, Margaret Anne, have been the guests of Mrs. M. R. Orr for several weeks.

Mrs. Arthur Johnson spent Thursday in Birmingham with her son, Joe Hall, who is a student at Vanderbilt University, and attended the Alabama-Vandy game in Birmingham.

Mr. and Mrs. Ed Glasscock and little daughter, Anne, spent the Thanksgiving holidays in Troy, with Mrs. Glasscock's parents. They were accompanied home by her aunt, who will spend this week here.

Mr. and Mrs. J. W. Hayes and Mrs. J. P. Hayes motored to Clayton Sunday and spent the day with Mrs. W. E. Floyd. They were accompanied home by Miss Margaret Folyd and Bess and Helen Hayes, who spent the Thanksgiving holidays in Clayton.

Miss Lucille Sherwood returned Sunday from Brundidge, where she spent the holidays with her mother.

Miss Ruth Martin had as her guests during the week end Miss Kathaleen Moncrief of Columbus, Miss., and Miss Grace Pennebaler of Louisville, Miss. Miss Martin and her guests attended the football game in Birmingham on Thursday.

Mr. and Mrs. Ruben Reynolds of Birmingham entertained with a family reunion on last Thursday, and several relatives from here attended.

Mr. Jack Christian and Mr. Walter Christian of Spartanburg, S. C., were the week end guests of Misses Jane and Myrtle Pitts.

Miss Elizabeth McSwain, who attends Alabama College in Montevallo, spent the week end here with her parents, Mr. and Mrs. T. C. McSwain.

Miss Alice Powell of Kentucky is spending the winter with Dr. and Mrs. S. J. Ezell.

Dr. and Mrs. S. J. Ezell returned last week from a few days' visit to Dr. Ezell's father in South Carolina.

Mr. Henry Floyd and Judge Lee of Opelika were business visitors here Saturday.

The friends of Mrs. Hance Alred are delighted to know that she is improving from a recent illness.

Miss Pauline Hogan and Miss Helen Newell, of Huntingdon College, spent the Thanksgiving holidays here with their parents.

Miss Gertiwyl Vinson, a freshman at Montevallo, was the guest of relatives here during Thanksgiving.

GRAND JURY IN SESSION DURING LAST WEEK

Following is a copy of the report of the grand jury which was in session last week:

State of Alabama, Chilton County.
To Hon. Arthur Glover, Judge of the Circuit Court of Chilton County, Alabama:

We, the Grand Jury for the July Term, special session, have completed our investigation of all matters that were brought before us, and we herewith submit the following report.

During our investigation we have considered 26 cases, have examined 54 witnesses, and are returning herewith 15 true bills.

We wish to express our appreciation to Mr. W. H. Sartor, our very efficient bailiff, for the aid given us, and the satisfactory manner in which he performed his duties.

We, having investigated all matters that we felt needed our attention at this time, respectfully ask that we be dismissed until such time as your Honor thinks proper to have us again convene.

This November 24, 1936.

J. D. ARMSTRONG, Foreman.

AMERICAN LEGION POSTS WILL SPONSOR BOY SCOUT TROOPS

Anniston, Ala., Nov. 30.—Every Legion post in the state sponsoring at least one scout troop is the objective in the Boy Scout program of the Alabama Department of the American Legion for the current year, it was announced here following a conference of Department Commander W. Taylor Boyd of Sylacauga, and Horace Wright of Anniston, Department Boy Scout Chairman, with Boy Scout officials.

Boy Scout officials meeting with the Legion representatives included Harold W. Lewman of Memphis, Regional Executive; Gen. Robert E. Noble, Anniston, president of the Choccolocco Council, and L. E. Hood, Anniston Executive of the Choccolocco Council.

Another project planned for the year, in addition to the main goal of having all posts sponsor troops is an essay contest on Americanism, with medals to be awarded to the winners in each Boy Scout council and in the final state-wide meet. All Boy Scouts in the state will be eligible to compete in the contest, which will be conducted on an elimination basis through the districts and councils, with a representative of each council entering the finals to compete for state honors. Each Scout in the contest will be required to write his own essay, which will be on some phase of Americanism, one of the most important points in the American Legion program.

Organization of the Legion program on Boy Scout work will be along the lines of the Scout set-up, rather than in accordance with the Legion districts, to make possible a closer cooperation between the council executives and the Legion representatives, it was stated.

MINOOKA DEMONSTRATION CLUB

The Minooka Home Demonstration Club met at the home of Mrs. Anderson, November, 26th, with ten members present. A very interesting program was given. Mrs. P. J. Brady, and Mrs. G. W. Spencer are members of the committee appointed for the next program. We are asking all club members to bring an inexpensive gift to this next program which will be at the home of Mrs. W. G. Johnson. The exact date will be announced later. We have a very interested club and will welcome new members at all times.

Mrs. Harper left last week to spend the winter with her daughter, Miss Lurlene Harper, who teaches in the Birmingham schools.

Continuing Our 17th
ANNIVERSARY SALE

We appreciate the response of our Friends who visited us last Friday and Saturday at the instance of the opening of our Seventeenth Anniversary Sale. We were more than pleased at the splendid amount of trade that you brought to our store.

But inasmuch as the place is still brim-full of the Greatest Bargains you've ever heard of, we are continuing our Anniversary Sale. We want others to have the opportunity of seeing just what we have here for you and your family.

We are not going to take the time and space to list the items and low prices, but we just ask that you come and inspect them for yourselves. Seeing is believing; and we assure you that you will find most anything here that your heart desires in the way of Dry Goods, Clothing, Shoes, Hats, Coats, Dresses—in fact, everything along this line. And to say that our low prices will amaze you is putting it mildly.

$500 Worth Of Merchandise FREE!!

We are continuing our gift arrangement as of last week. Let us impress on you that each and every gift is something of value, and there is no string tied to this arrangement. It is genuine.

A number of people were proud recipients of our generosity last week. We congratulate them. Below is a list of those customers who were given various articles last week:

THE LEADER

M. LANDE, Mgr. --- Clanton, Alabama Always Leads In VALUE GIVING

Concord-Billingsley

Mr. and Mrs. Joe Williams of Billingsley were the spend-the-day guests of Misses Fannie, Alice and Ella Williams last Sunday.

Mr. and Mrs. Dan Owens and Mr. and Mrs. Keith Dickinson visited at the home of their parents, Mr. and Mrs. C. L. Dickinson, Sunday.

Mr. and Mrs. J. P. Williams and family had as their guests on Thanksgiving Day Mr. and Mrs. C. A. Moore of Bethsalem, Mr. Norris Ledbetter and sisters, Lucille and Florence, and Miss Ruth Snyder of Cross Roads.

Mrs. C. L. Dickinson visited relatives in Montgomery during the holidays.

Mr. and Mrs. O. O. Cox were the Sunday guests of Mr. and Mrs. M. W. Brown Sunday.

Mr. and Mrs. C. E. Williams of Antioch spent Sunday afternoon with their parents, Mr. and Mrs. J. P. Williams.

Misses Bessie and Bertha Williams enjoyed a birthday dinner at the home of Mr. and Mrs. S. M. Snyder Sunday, when they entertained in honor of their daughter, Ruth.

Mr. and Mrs. W. A. Moats and children spent the holidays with relatives near Clanton.

Mr. J. O. Dickinson and children of Altoona visited relatives here Friday.

ADMINISTRATOR'S SETTLEMENT NOTICE

The State of Alabama, Chilton County, Probate Court, November 21, 1936.

In the matter of the estate of T. W. Wilson, Deceased.

This day came J. A. Wilson, Administrator of the estate of said deceased, and files his account, vouchers, evidence and statement for final settlement of his said administratorship.

It is ordered that the 11th day of December, 1936, be appointed a day on which to make such settlement, at which time all persons interested can appear and contest the said settlement if they think proper.

Witness my hand, this 21st day of November, 1936. J. LEE SMITH,
11-26-3t-ch Judge of Probate.

THE HOME ORCHARD

A neglected home orchard is a nuisance, not only to the owner but to other fruit growers in the community.

Every farmer can produce his own fruit if he will prepare to take care of the trees, with adequate spraying; treating the trees for borers, and pruning it can become a valuable asset.

The U. S. Department of Agriculture in cooperation with our State Department of Agriculture has removed all the phony trees in Chilton County and now have an eradication crew cleaning up the orchard and removing the useless and discarded trees without cost to the owner.

This crew will be glad to do this work for you if you will leave your name and address with your County Agent or Oscar W. Jones, Box 188, Clanton, Ala.

CLANTON CHAPTER F. H. A. MEETING

The Clanton Chapter F. H. A. Club held a pledge service, Tuesday afternoon, Nov. 24, for new members entering the club.

The program rendered was:

Devotional, Mabel Gillespie; Pledge service, Louise Arnold.

The following girls took the pledge: Majorie Aldridge, Mary Frances Bruce, Dorothy Carter, Delene Clackler, Mary Connatser, Mary Eesterling, Mary Lou Fraizer, Annie Pearl Honeycut, Irene Johnson, Ruby Jones, Nell Jones, Evion Littlejohn, Willie Merle Lockheart, Mildred Maddox, Louise Moore, Hazel Nivens, Mary Parrish, Mary Lane Parrish, Ola Mae Parrish, Mary Reba Payton, Lois Ray, Gertice Riggins, Alice Mae Robinson, Marie Rowell, Hilda Smith, Frances Smith, Clauis Thornton.

Refreshments were served and the meeting adjourned.—Reporter Gladys Roper.

SHOULTS CLUB MEETS

The Shoults Home Demonstration Club met on Thursday, November 12, at the home of Mrs. Stella Shoults, with 8 members, 3 new members, and 2 visitors present. New business was carried out in order. A new leader and a county council representative were elected. Mrs. Flossie Hicks was elected leader, and Mrs. Sam Shoults as county council representative. A location for the canning center was left over until the next meeting. Each member is to bring gifts for the bazaar, and Christmas giifts to be exchanged with the members.

A very interesting lesson was discussed by our agent, Miss Meta Grace. Mrs. Shoults served hot chocolate and crackers to all who were present.

The next meeting will be held in the home of Mrs. Brooks Shoults on next Thursday, December 10, with a Christmas program. A very interesting program is expected. Come on folks; let's make our club 100 per cent.

YOUNG LADY DIED

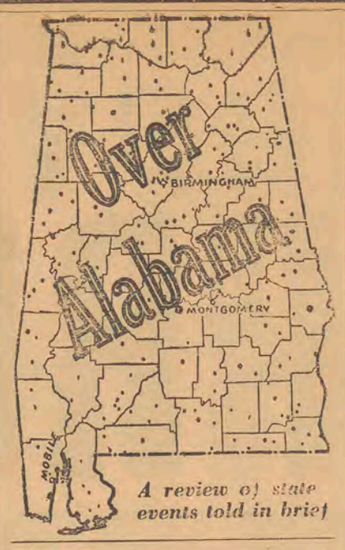
Miss Leila Mae Popwell, age 17, daughter of Mr. and Mrs. Walter W. Popwell, died at the home near Mt. Pisgah last Friday, November 27th, at noon. Burial was the following day at Mt. Pisgah, Rev. A. L. Lumpkin conducting the services. Martin and Sons were in charge.

Survivals are her father and mother, one brother and several sisters. The young lady was the grand daughter of Mr. and Mrs. John H. Popwell of section houses.

AGED LADY BURIED MONDAY

Mrs. Annie Allen, age 65 years, died Saturday, November 28th, a few miles northeast of Jemison. Burial was Sunday at Rocky Mount, Martin and Sons in charge.

Mr. and Mrs. W. A. Reynolds spent last Thursday in Birmingham.



A review of state events told in brief

Plans to modernize and enlarge the Atmore Silk Mill are under way.

Radio Station WSGN, Birmingham, has installed new modern broadcasting equipment.

PWA funds are being utilized in the construction of a municipal water works system at Warrior.

A curb market building for Decatur, to cost $3,500, has been approved by national WPA headquarters.

Workmen are razing the old Jefferson County Courthouse at Third Ave. and Twenty-First St., in Birmingham.

The Ashland Parent-Teacher Association has completed a membership drive resulting in 250 paid-up memberships.

The Walker-Lamar Boy Scout Council will make application to the Black Warrior Council at Tuscaloosa for admission.

Birmingham bank clearings during the week ended Nov. 18 were the highest they had been for any single week in six years.

The forest service reported a survey showed Alabama had taken care of only 36.5 per cent of its needed protection from forest fires.

Decatur policemen have blossomed forth in new blue uniforms, brass buttons and all the other trimmings. The caps are cut military style.

An all-time high enrollment of 3,500 members was reached by the Alabama Association, Future Farmers of America, in the club year of 1935-36.

Ozark received recognition and some fine publicity when a cameraman made news reels of that city's Armistice celebration and parade.

"Yellow Jack," by Sidney Howard, will be produced Dec. 9 and 10 by the Blackfriars, student dramatic organization at the University of Alabama.

Business men of Bay Minette are sponsoring the organization of Boy Scouts there and committees have been appointed to further the work.

Col. J. Litt Edwards, of Selma, was relected president of the Alabama Farm Bureau Federation at the annual meeting of the organization in Auburn.

September was the best home building month in Alabama on record, according to Caine O'Rear, of Jasper, field agent for FHA in 19 North Alabama counties.

A three-unit building program for the Alabama School of Trades, Gadsden, is underway with a two-story administration building, shop and dairy barn being erected.

Cleburne County farmers are in good shape this Fall, report Farm Agent E. R. Carlson and Heflin merchants. A bumper corn crop will be harvested despite the drouth.

Dr. Henry J. Willingham on Nov. 13 completed 23 years as president of Florence State Teachers College. For 20 years he was president of the Florence Chamber of Commerce.

Homes for the 60 inmates of the Calhoun County Home at Jacksonville are being sought by Mrs. Margaret Klein, Calhoun County public welfare director, as plans are made to abandon the institution.

Electric service will be enjoyed by Fayette County residents not later than Christmas on 55 miles of lines being constructed in the county by the Alabama Power Company in its rural electrification program.

The Morgan County sheriff's office has non-criminal fingerprint cards and is ready to take prints of all persons who desire them filed in the civil identification section of the Identification Division at Washington.

A bond issue of $100,000 to raise a fund, which added to the $81,000 grant of the government, will be used to build Selma's new city hall, will be submitted to a vote of the citizens at a special election Friday, Dec. 18.

An appropriation of $800,000 has been made by the Louisville & Nashville Railroad for air conditioning 85 more all-steel coaches and three dining cars. Thirty coaches and 13 diners were air conditioned last summer.

Approximately 2,200 individual photographs of Auburn students will be carried in the class sections of the 1937 Glomerata, student year-book, according to Sam Gibbons, Jackson Miss., who is editing the publication.

All employers having one or more persons working for them are expected to fill in the employers' information blanks which the Postoffice Department has distributed in taking an employment census for the Social Security Board.

Total Alabama income from sale of principal farm products in the January-September period, 1936, was $51,287,000, an increase over last year's $51,450,000, but still short of the $52,824,000 income for the first nine months of 1934. For the same period of 1933, receipts were only $39,709,000.

Mr. George Dickinson and his mother attended the Auburn-Florida football game Saturday in Montgomery.

WOMAN, FATHER HELD AS BABY IS OFFERED FOR SALE

Baton Rouge, La., Nov. 29.—Elaine, 2-month-old blue-eyed baby alleged to have been offered for sale here at $75, was nurtured Saturday by a police matron while Sheriff De Breton investigated the infant's parentage and circumstances.

The child was taken by the sheriff from two hitchhikers listed as Lillian Cornell, 18 and pretty, of Montgomery, Ala., who claimed to be Elaine's mother, and Jim Cornell, 52, told the sheriff he was the father of the young woman.

The sheriff said Cornell told him that his daughter had been the victim of a criminal attack in a town whose name he did not know and that the bright-eyed baby was born Sept. 13.

The sheriff said he sent a deputy to talk to the couple after he had received complaints aleging they were trying to dispose of the baby for $75.

Cornell denied that he had solicited any sale for the baby, but he said that he received offers for the child. He was quoted further by the officers as saying that both he and his daughter loved the baby and did not want to give her up.

Cornell said the daughter was attacked by an unidentified man on a dark street one night and that he was "very angry after the attack" but there was nothing he could do about it.

He said he formerly worked on a farm near Clanton, Ala., andd that they had hitchhiked through two states to get to Baton Rouge.

Dist. Atty. Odom ordered the baby placed temporarily in care of the police matron and said he had not decided whether any charge would be filed.

The farther and daughter were detained.

WOMAN, FATHER HELD AS BABY IS OFFERED FOR SALE

Baton Rouge, La., Nov. 29.—Elaine, 2-month-old blue-eyed baby alleged to have been offered for sale here at $75, was nurtured Saturday by a police matron while Sheriff De Breton investigated the infant's parentage and circumstances.

The child was taken by the sheriff from two hitchhikers listed as Lillian Cornell, 18 and pretty, of Montgomery, Ala., who claimed to be Elaine's mother, and Jim Cornell, 52, told the sheriff he was the father of the young woman.

The sheriff said Cornell told him that his daughter had been the victim of a criminal attack in a town whose name he did not know and that the bright-eyed baby was born Sept. 13.

The sheriff said he sent a deputy to talk to the couple after he had received complaints aleging they were trying to dispose of the baby for $75.

Cornell denied that he had sold...

A neglected hom ance, not only to other fruit grower

Every farmer c fruit if he will p of the trees, with treating the tree pruning it can asset.

The U. S. Department of Agriculture in cooperation with our State Department of Agriculture has removed all the phony trees in Chilton County and now have an eradication crew cleaning up the orchard and removing the useless and discarded trees without cost to the owner.

This crew will be glad to do this work for you if you will leave your name and address with your County Agent or Oscar W. Jones, Box 188, Clanton, Ala.

ADMINISTRATOR'S SETTLEMENT NOTICE

The State of Alabama, Chilton County, Probate Court, November 21, 1936.

In the matter of the estate of T. W. Wilson, Deceased.

This day came J. A. Wilson, Administrator of the estate of said deceased, and files his account, vouchers, evidence and statement for final settlement of his said administratorship.

It is ordered that the 11th day of December, 1936, be appointed a day on which to make such settlement, at which time all persons interested can appear and contest the said settlement if they think proper.

Witness my hand, this 21st day of November, 1936. J. LEE SMITH,
11-26-3t-ch Judge of Probate.

SHOULTS CLUB MEETS

The Shoults Home Demonstration Club met on Thursday, November 12, at the home of Mrs. Stella Shoults, with 8 members, 3 new members, and 2 visitors present. New business was carried out in order. A new leader and a county council representative were elected. Mrs. Flossie Hicks was elected leader, and Mrs. Sam Shoults as county council representative. A location for the canning cen- ... left over until the next meeting. Each member is to bring gifts for the bazaar, and Christmas giifts to be exchanged with the members.

A very interesting lesson was discussed by our agent, Miss Meta Grace. Mrs. Shoults served hot chocolate and crackers to all who were present.

The next meeting will be held in the home of Mrs. Brooks Shoults on next Thursday, December 10, with a Christmas program. A very interesting program is expected. Come on folks; let's make our club 100 per cent.

Security Board.

Total Alabama income from sale of principal farm products in the ... uary-September period, 1936, was $... 387,000, an increase over last year $51,450,000, but still short of the $62,824,000 income for the first nine months of 1934. For the same period of 1933, receipts were only $39,709,000.

Mr. George Dickinson and his mother attended the Auburn-Florida football game Saturday in Montgomery.

POULTRY — FEEDS — FLOUR
Clanton, Alabama

A review of state events told in brief

Checks and currency totaling $200 were stolen from the probate judge's office in the courthouse at Ozark by burglars who pried a cash drawer open.

A gunshot wound in the right foot in a hunting accident, sent Joe Hendrix, employe of the Marion Postoffice, to the Vaughan Memorial Hospital in Selma.

Alone while his mother left briefly to visit a neighbor, an 18-month-old baby boy was burned to death in a small community near the Madison Limestone County line.

An addition to cost $40,000 to Hueytown High School is included in the building project planned by the Jefferson County Board of Education aided by $36,450 grants from the PWA.

Dr. Paul M. Thompson, county health officer for Henry County, has tendered his resignation to accept a position in Escambia County as health officer. He will be succeeded by Dr. Chambers of Opelika.

The Social Security Board announced it will open a new field office in Montgomery to facilitate the board's relations with men and women for whom old-age benefits will begin to accrue Jan. 1.

Ernest De Hagen, 47, was sentenced in General Sessions Court, New York, to serve from two and half to five years in Sing Sing Prison for talking an Alabama banker's widow out of several thousand dollars.

Employes of the Leeds plant of the Universal Atlas Cement Company will share in the wage increase recently announced by the United States Steel Corporation. The Atlas Company is a subsidiary of U. S. Steel.

A life-size bust of Dr. Gorge W. Carver, famous Negro scientist, being presented to Tuskegee Institute, is being executed by Steffan Thomas, nationally known sculptor, according to President F. D. Patterson, of Tuskegee.

Four handsome new school buildings, added to Gadsden's school system at a cost of almost $400,000, have expanded educational facilities there to meet all present needs. All of the schools, built as PWA projects, include modern equipment.

Forty-four per cent of the $19,346 advanced to farmers in Talladega County through the Rural Resettlement Administration program has been repaid and, of $10,898.52 advanced to 57 rural rehabilitation farm families in Winston County more than 60 per cent already has been repaid.

Cotton buyers, ginners and farmers at a meeting in Clayton were told by Donald Comer, of Birmingham, president of the American Cotton Manufacturers Association, that the need for long staple cotton is a "common problem" that must be solved mutually by the producer and the market.

The United States Good Roads Association paid tribute to its founder, J. Asa Rountree, in a ceremony at the grave in Elmwood Cemetery, Birmingham. During his life Mr. Rountree was known as the father of good roads, throughout the nation, as well as in Alabama. His death occurred last year.

Alabama's state bird—the yellow hammer—is in the news after years of oblivion. Montgomery police called to investigate reports that a burglar was walking around in the upstairs room of a home marched up the steps armed to face him. They found a yellow hammer dashing against a window in an effort to escape.

People who wondered why Selma was so clear of mosquitoes during hte Summer, learned the reason on publication of the report of Dr. L. T. Lee county health officer, showing that 74,883 inspections had been made in the city, with 1,240 visits to breeding places, and 103,749 square yards standing water treated with mosquito killer. A rat campaign will be started shortly.

Birmingham as a city of a 1,000,000 people within the next 10 or 15 years, with adequate water transportation facilities, broad highways in all sections of the city and many times the number of present small diversified industries was visioned to the Central Park Business Men's Cooperative Club by James A. Dupuy, Ensley real estate man and former president of the Birmingham Park and Recreation Board.

Tennessee Valley Authority has under construction in the Decatur area four landing fields that will be used by planes engaged in spraying chemicals along backwaters from Wheeler Dam in order to control malaria by exterminating mosquitoes.

Circuit Court Clerk Osa Andrews, of Jefferson County, has $1,031.43 "going begging." This money was collected over a two-year period in witness fees in numerous cases tried and disposed of but Andrews has ben unable to locate persons to whom the money is due.

Mr. and Mrs. Marcus Polk, Sr., spent Thanksgiving visiting in Huntsville.

Miss Vernon Waldrop of South Carolina, visited in the home of Mr. and Mrs. S. M. Connatser during the Thanksgiving holidays.

Mr. and Mrs. S. M. Connatser, Alton and Mary Connatser, and Miss Vernon Waldrop, visited in Birmingham, last Sunday at the home of Mr. and Mrs. William Each.

CHILTON COUNTY HIGH DEFEATS MAPLESVILLE 7 TO 0

The orange and blue lads of Chilton County High School won the foot ball championship of the county Friday afternoon of last week when they defeated the high school team of Maplesville, by the score of 7 to 0. The local high school foot ball team has played a very hard schedule, and when the small number of boys reporting for practice from day to day is taken into consideration and the number of players lost during the season from injuries are counted, the team has done remarkably well. In the game with Maplesville, Williamson was the outstanding player for Clanton as he has been in all the games this season. He received valuable help from Mims, Thornton, Johnson, and Littlejohn. The outstanding players for Maplesville were Hicks, Lecroy and Williams. Ware, Reynolds, Headley, and Aldridge turned in good defensive work for Clanton.

The game during the first half was a nip and tuck affair with neither side having a decided advantage, but in the last half Clanton ouaplayed their oppenents and put over a touchdown in the last quarter and the timekeeper's whistle saved Maplesville another touchdown as Clanton had the ball on the one-yard line when the whistle blew ending the game.

The season for Clanton has been a success even though not many games have been won. The spirit of the boys has been good and the foundation has been laid for better things in the future.

ENTERPRISE

The ninth grade has organized an English Club to promote better English in the school. This Club will write school news to be published in the paper. This will give the members practice in writing news and also let the public know something of our school activities.

The girls in the Home Ecomonics class are very proud of their new equipment, which gives them a chance to learn to cook and sew by actual practice in using it.

The basket ball team has won eight games and lost one. The game November 25, with Thomas Jr., was won by a score of 30 to 14. Enterprize is expecting to play many more games this season. The school is very proud of their new court in the auditorum.

The school regrets very much having to give up Miss Hazel Maddox, who has gone to Isabella school. But we are also glad to have Mr. Gruby of Columbiana, Ala.. with us.—Zora Mae Tucker.

DISTRICT F. F. A. NEWS

The Central Alabama District of the Future Farmers of America, will hold a public speaking contest Monday night, December, 7th, at Ilsabella.

Each Chapter is expected to have a representative at the meeting. Any subject pertaining to the farm will be accepted.

The district organization is sponsoring a very colorful activity program for the year, and this is the first to be accomplished. The districts includes the Clanton, Centreville, Jemison, Isabella, Columbiana, Billingsley chapters, and Isabella is host for this meeting.—Dave Griffin Reporter.

Miss Ruth Gowan, a freshman at Montevallo College, spent the week here with her parents, Dr. and Mrs. J. E. Gowan.

CHRYSLER'S BIG EBHIBITION

New York, Nov. 14.—The acid test of the New York show finds the 1937 Chrysler line again triumpant. More orders and more "live" propects were secured in the first three days of the big exhibition than in any other three days in recent years. Naturally, the bulk of the business was in the new low priced Chrysler Royal, but the percentage of increase in sales of the Chrysler Imperial and Chrysler Airflow indicates to company officials that there is going to be a brisk demand this season for cars in the middle and upper brackets. This condition, by the way, applies not only to New York, which always buys a big proportion of the more expensive cars, but to the country generally.

The reception accorded the Royal by the New York public was most gratifing to Chrysler. Judging by the comments heard, engineers hit a very popular chord when they gave this car exceptional roominess. One point of sales resistance to some of the lower - priced cars has been lack of generous interior dimensions. The Royal, which seats three passengers comfortably on either the front or rear seat of its sedan models, completely breaks down this barrier.

More than ever before, motorists seem to be manifesting an interest in the economical aspect of their cars. Here again the Royal has scored.

"The American public is rapidly coming to realize that it need no longer be necessary to run up big fuel and oil bills in order to secure brilliant performance," said Joseph W. Frazer, vice-president of the Chrysler Sales Division. "Money saved on gasoline is money kept in one's pocket. The new Gold Seal engine that was designed by our engineers for the Royal, is the finest combination of performance and economy that we have yet achieved. Extensive tests made under actual driving conditions have proved that an owner can expect from 18 to 24 miles per gallon, even when much of the driving is in traffic with frequent stops for lights. This is a remarkable figure considering the size of the car and the fact that its engine develops 93 horsepower.

"Exceptional gasoline mileage is to be had throughout our 1937 lines. Even the big Chrysler Airflow, because of scientific streamlining that cuts down wind resistance, has a record of 18.1 miles per gallon on a transcontinental trip. We are sure this economy of operation is going to be a big facter in sales."

THORSBY SECTION

(Mrs. S. E. Norton, Manager)

Congregational church services will be as usual Sunday, December 6; Sunday school at 9:45, worship service at 11 o'clock. Christian Endeavor at 6:30 and the evening service at 7:15.

Congregational prayer service will be held at the parsonage Wednesday night at 7 o'clock.

Choir rehearsal under the direction of Miss Foss Wednesday evening at 4 o'clock.

At the conference which was held in Midland City at Blackwoods church Saturday and Sunday of last week, the following were delegates: Rev. L. L. Stanley, Miss Marguerite Davison, Mr. Roscoe Steintorf of Wadley, and the Misses Ruth Primm and Ruth Higgins.

The Congregational Ladies Aid social will meet with Mrs. J. L. Mixson Thursday, December 3, at 2 o'clock. All are invited. All articles left from the bazaar will be on hand for sale.

At the Thorsby Red Cross Roll Call twice as many members were secured this year as last year. Rev. Lawrence Stanley and Mrs. C. S. Howard were in charge in Thorsby, and they desire to express their appreciation to the following for their faithfulness in making the Roll Call a success: Mrs. Anna Phalin, Mrs. Leo Cobb, Misses Ruth Primm and Ruth Higgins, Robert Minor, Jack Peterson, and William Sharp.

Circle No. 1 of the W. M. U. of the Baptist church will meet with Mrs. Richard Hicks next Tuesday, December 8. All members are urged to be present, as election of officers for the ensuing year is desired.

The Baptist Ladies Aid social will be held at the home of Mrs. G. F. Harper on Thursday, December 10.

Mr. Claud Bellenger of Birmingham spent the week end with Mr. and Mrs. W. E. Miskelley.

At the Baptist church Sunday morning a meeting was called for the purpose of calling a pastor. The Rev. W. P. Lowery gave a short sermon which was inspiring.

We are glad to see that Mr. Fred McCain, who has been sick for the past several weeks, is able to be out part of the day.

Mrs. B. T. Franklin, who has been ill for several weeks, seems to be slowly improving, but is confined to bed yet.

Mr. and Mrs. C. M. Williams had as their guests for the week end Mr. Roscoe Steintorf, one of the teachers at Southern Union College at Wadley, Miss Ruth Birdsong, and Miss Martha Williams, also from Union College.

Mr. and Mrs. J. L. Mixson and children, and Mr. and Mrs. R. M. Smith visited in Wetumpka and Rockford on Thanksgiving Day.

Mr. and Mrs. Tommie Thomason and baby of Lay Dam spent Saturday with Mr. and Mrs. C. M. Williams.

Mrs. M. J. Primm had as her guest on Thanksgiving Day, Mrs. Josephine Askins, of Clanton.

Mrs. Hester Ann Merchant and Helen were visitors at the home of Mr. and Mrs. Chester Maddox Sunday.

Mrs. Bob Davenport had as her guest Sunday Mrs. Andrew Jackson.

Miss Helen Lowery has recently completed a stenographic course in Alverson Business College in Birmingham. She has returned to her home in Thorsby, and is now employed in the office of V. J. Elmore in Clanton.

Mr. and Mrs. Lloyd Howard and Mrs. C. S. Howard made a trip to Birmingham Tuesday.

Mrs. Arthur Villadsen and children of Birmingham spent Thanksgiving Day and through Sunday with her mother, Mrs. T. W. Robinson.

Christian Endeavor News

The Christian Endeavor Society met Sunday evening, November 29, in the dining hall. The leader was Mary Frances Duke. The following program was given on Africa: Scripture, Inez Duke; Brief sketch of Livingstone, Mary Christ; In Training for Service, Lorene Stokes; The House that Jim Built, Milton Higgins; American Negro Work at Galangue, Thelma White; Special music, Dorothy Weems and Dora Holt.

Miss Edith Foss spent Thanksgiving Day with her parents, Mr. and Mrs. C. R. Foss.

Mr. and Mrs. Jerome Wilson spent Several days last week with Mr. and Mrs. Harvey Wilson.

Mr. and Mrs. S. Raybon of Montevallo are making an extended visit with Mr. and Mrs. W. H. Raybon.

Mr. and Mrs. Dolphus Gentry returned home Sunday night after a 10-day visit to Dr. and Mrs. S. C. Wood in Uvalde, Texas. They enjoyed seeing many places of interest in Texts; enjoyed a trip to Mexico, had Thanksgiving dinner there and heard Spanish music. One day they went deer hunting by car, over the ranches; they found no deer, but were successful in bagging two turkeys. On their return trip they visited San Antonio and the zoo, the Alamo, and other interesting places; they also came through New Orleans and Mobile.

Miss Sallye Thompson spent the week end in Birmingham.

Mr. Joe Gamble, brother of Turner Gamble, and who spent most of last winter in Thorsby, died at his home in Dadeville Sunday night, after an operation for tonsilitis. Mr. and Mrs. Turner Gamble, Mr. and Mrs. Frank Thompson, and Jack Goodgame attended the funeral on Monday.

Mrs. Frank Nelson and Miss Anna Nelson spent Monday afternoon with Miss Verlon Goodgame.

Mr. and Mrs. W. H. Goodgame had as their guests for Thanksgiving dinner Miss Bertha Littleton, Mr. and Mrs. George Horsley, Mrs. Andrew Mann and sons, Jimmie and Billie of Birmingham, Mr. and Mrs. Herbert Peterson and Imogene of Anniston, Mr. and Mrs. Emmett Billingsley, Mr. and Mrs. Webb Parrish and Billy Ann.

Mrs. S. T. Street of Birmingham visited friends in Thorsby over the week end.

Mrs. W. W. Waites made a visit to her mother for a few days last week at Highland Home, near Luverne.

Miss Nell Stubblefield visited Mrs. Malcolm Manning on Sunday.

Miss Mildred Yarbrough of Jemison spent the week end Miss Miss Gail Gletty.

Mr. and Mrs. W. T. White and family of Isabella spent Sunday afternoon with Mr. and Mrs. Malcolm Manning.

Mrs. R. R. Franklin and children spent Several days last week with Mrs. Mack Gray of Montgomery.

Mr. and Mrs. Vernon Miskelley, Lorene and John Davenport were guests of Mr. and Mrs. W. E. Miskelley on Wednesday.

Mr. and Mrs. E. W. Varden of Birmingham spent Saturday with Mr. and Mrs. Lester Pate.

Mrs. Hugh Thompson was carried to a Birmingham hospital last Friday for an operation for appendicitis.

Mr. and Mrs. Lester Pate have moved into the rooms vacated by Mr. and Mrs. Grady Tapscott.

Mrs. Sam Bailey of Birmingham spent the week end with her parents, Mr. and Mrs. Chas. Peterson.

Mrs. Ida Bellenger and son, Sidney, of Birmingham, spent Wednesday night with Mr. and Mrs. W. E. Miskelley.

Mr. F. P. Ensminger spent Friday night in Thorsby.

Mr. and Mrs. H. T. Guild, of Mystic, Ga., spent Thanksgiving with Mrs. Guild's sister, Mrs. H. R. Maddox.

Mrs. H. R. Maddox and David, with Mr. and Mrs. Guild, spent the week end in Midland City visiting their mother.

Mr. Rboert Johnson of Birmingham spent Monday and Tuesday in Thorsby.

The W. M. S. will have a spend-the-day Friday, December 4, at the home of Mrs. H. W. Reinhardt, observing the world-wide day of prayer for foreign missions. The program will begin at 9:30 o'clock.

Mrs. Joe Rainer of Oxmoor spent Wednesday with Mrs. R. D. Gibbons.

Mr. and Mrs. I. S. Gerald and son, Jimmie, of Birmingham, spent Thanksgiving with Mr. and Mrs. V. H. Sutlive.

Mr. and Mrs. R. H. Goodgame, Mr. and Mrs. Walter Robinson, Mr. J. H. Collins, and Mr. and Mrs. Akins Collins and family were Sunday dinner guests of Mrs. J. Leonard Hayes.

Thorsby Institute News

Stunt night took place Saturday night in the auditorium. A large crowd was present. The seniors were judged to have the best stunt. It was based on Hardy's story, "Tony Kytes, the Arch deceiver." H. L. Collins was Tony Kytes. The horses were represented by Robert Weems, J. R. Lowery, William Sharpe, and Ira Martin. Three maidens in love with the arch deceiver were Paralee Henson, Bernice Robinson, and Mary Maude Knight.

Next Saturday afternoon at 3 o'clock Miss Foss will present her younger pupils in a music recital. It will be in the auditorium, and everyone is invited.

Two weeks from Friday night a Christmas program will be given by the members of the Helen Keller Literary Society, under the direction of Miss Foss.

Miss Lillian McKee, a former Thorsby Institute teacher, spent Thanksgiving with the dormitory folks.

The dormitory had an excellent Thanksgiving dinner, prepared by the boarding pupils under direction of Miss Leech. After dinner Miss Monroe presided as toastmistress. Toasts were given by Miss Jenkins, Robert Weems, Ora Lee Stokes, Margie Yongue, and Inez Duke. After toasts, Rev. L. L. Stanley gave a talk and reading. The Alma Mater was sung in closing the program. In the afternoon the students and some of the teachers went in a truck to the Boy Scout camp. On their return, supper was served cafeteria style in the kitchen.

Dr. Steintorf, a teacher at Southern Union College, Wadley, Ala., gave an interesting talk Friday at chapel, on Palestine, which he has visited.

The Matrons Bible Class of the Baptist church urges all members to be present next Sunday.

Mr. and Mrs. Paul Marcus of Mitchell Dam spent Thanksgiving with Mr. and Mrs. Wilbur Marcus.

Mr. Kendall Franklin of Charleston, W. Va., returned home Sunday, after spending the holidays with his parents, Mr. and Mrs. S. P. Franklin.

STANTON 4-H CLUB BOYS

The Stanton 4-H Club met at Stanton school house Thursday morning at 8:00 o'clock. C. A. Cook was elected new Secretary, and Treasure filling a vacancy left by a graduate of this week, who is going to Isabella school.

The two local leaders, Mr. W. F. Stone and Mr. Shelton Cook along with Mr. Ivey were present. The subject of the program was the combination poultry and brooder house. Seven parts were given by members of the club. After this a general discussion was given by Mr. Ivey.

There were many good points given about poultry and we are looking forward to our next meeting in December.—Reporter, Willard Huff.

"Ax Marcus" about the New 1937 Chevrolet Today!

CARD OF THANKS

We wish to thank our many friends and neighbors for their kind expressions of sympathy, and beautiful floral offerings extended to us during the hours of our bereavement, the death of our dear one, Leila Mae Popwell.

Mr. and Mrs. Walter Popwell and family.

IN MEMORIAM TO LEILA POPWELL

Dear Leila, you have left us,
And your smile we see no more:
Our hearts are filled with sadness,
For no time can heal that sore.

More and more each day we miss you,
Friends all think the wound is healed,
But they little know the sorrow,
That is in our hearts concealed.

We often sit and think of you,
When we're all alone.
For memory is the only friend.
That greif can call its own.

What is home without you,
All the things a world may send?
For when we lost you, dear Liela,
we lost our dearest friend.

You wore the crown of patience.
Through the years you struggled on.
And those hands that rest forever,
Are the hands that blessed our home.

Soft and bright the stars are shining
Spreading o'er a lonely grave.
Where lies the one we loved so dearly;
We tried so hard but could not save.

THE FAMILY.

AVIATION

Alabama airfield and airport projects now in operation, or completed during the present year, have had $1,292,090.17 released for them. The federal government has provided $1,172,976 and local sponsors, $119,113.61.

Eleven municipal projects are now in operation, for which $636,603.65 has been released. Two projects, costing $64,522.52, have been completed. Three projects at Maxwell Feild, costing $277,860, are sponsored by the Commission. Thus the State Aviation Commission, during its first year, has directly arranged, assisted or sponsored airfield construction costing a total of $980,986.17. In addition there are four other army and national guards projects in operation costing $311,104.

The commission is now giving attention to 25 additional projects with approved allotments of $1,321,813. Eleven of these, with approval allotments of $550,455, are either pending or in prospect.

Hangers are being built at Tuscaloosa, Brewton, Clanton, Monroeville and Montavallo; the one at Anniston is to be finished; several others are contemplated in projects now operating. The fields at Muscle Shoals and Tuscaloosa are being reconsruted and enlarged: a new field is being built at Jasper; field work is also in progress at Birmingham, Anniston, Clanton and Brewton. One concrete runway has been finished at Mobile and another is under construction. Recreaional facilities are being built at Alexander City.

In the development of an adequate statewide aviation program, a central agency, such as the State Aviation Commission, is essential, as it is necessary to either arrange, assist, expedite or coordinate projects for they are not simply local facilities, but, like roads, are part of state-wide and national systems. Moreover, it is only through such an agency can maintenance and field conditions be closely checked and controlled. The Federal government has also indicated that it expected the state to provide such a coordinating and supervisory agency, where large sums of money are being spent.

If it had not been for the commission, numbers of projects now in operation or pending would have been abandoned or delayed or shut down.

The State Aviation Commission has conducted negotiations for projects with towns and with the W. P. A.: it has served as the intermediary between them; it has prepared applications, plans, specifications and bills of material; it has arranged for local conferences, W. P. A. conferences, field surveys, inspections of sites, approvals by the W. P. A., approvals by the Bureau of Air Commerce, completion of plans, projects release, Etc., it is contacting W. P. A. local, district and state officias on behalf of projects; it has handled many other details necessary to the operation of the program on an extensive scale.

The commission has also clarified the C. W. A. airfield program in Alabama, which was left largely in an unfinished condition, by sending representatives to 61 towns to give personal attention to the local situations. It has arranged for the maintenance of a number of fields; inspected conditions of 41 fields; issued reports on field conditions to fliers; secured the reinstatement of Bureau of Air Commerce approvals on a major part of Alabama's present program after they had been cancelled.

The Alabama Aviation Commission is composed of Theodore Swann, Birmingham, Chairman; I. B. Ruledge, T. D. McGough, Jr., and L. G. Mason, Mongomery; O. N. Barney, Mobile. They serve without compensation. Asa Rountree, Jr., is director of airfield projects and Capt. Hester Smith has been assigned to the commission, withoutt cost, as state airport engineer.

Alabama aviation is now extensive in scope. The Federal government has already spent, or authorized, about $3,000,000 since the beginning of C. W. A.; 21 towns have spent close to $2,000,000 in the purchase of sites, construction and sponsor contributions; more than 20 towns have leased airfields, with annual rentals ranging from $40 to $500; there are now 46 usable airfields; plans are located in 18 towns, pilots in 32 towns; two airlines regularly traverse the state; applications are pending for two more; the army tactical school, the only one of its kind in the army, is located at Montgomery, while at Birmingham there is a National Guard Squadron, one of two in the southeast; nearby is the U. S. Naval Air Station at Pensacola, which is regularly scheduling training flights over the southeastern section of the state; the Bureau of Air Commerce has established two lighted airways across the state and is maintaining 6 intermediate fields, aviation schools are being operated in Birmingham, Montgomery, Mobile, Huntsville, Dothan, Anniston, and Gadsden: The University of Alabama has a fully accredited school of Aeronauics; the Pensacola Naval Air Station is planning to establish a field for combat flying in Baldwin Counay, which will be sponsored by the commission.

SOCIETY

Mrs. J. C. Burnett Hostess To Wednesday Card Club—

Mrs. J. C. Burnett entertained members of the Wednesday Card Club at a lovely luncheon at the Exchange Hotel on last Wednesday.

A 4-course luncheon was served the guests, after which they motored to Mrs. Burnett's home, where bridge was enjoyed during the afternoon. At the conclusion of a series of games, Mrs. N. S. Johnson held high score and was awarded the club prize. Mrs. John Armstrong received the high score prize awarded by the Modern Beauty Shoppe. The cut prize fell to Mrs. Grady Reynolds.

Mrs. Burnett's guests for the afternoon were: Mesdames Omar Reynolds, Grady Reynolds, L. F. Gerald, H. M. Simpson, John Browder, Arthur Johnson, N. S. Johnson, John Armstrong, Frank Callen, John Deramus, Lawson B. Nelson. Mrs. Cecil Smith of Lakeland, Fla., and Mrs. V. B. Curtis were luncheon guests.

Mrs. Ed Glasscock Hostess To Music Study Club—

Members of the Clanton Music Study Club were delightfully entertained on last Tuesday afternoon by Mrs. Ed Glasscock at her apartment with Mrs. C. R. Mullins.

The living room was decorated in baskets of chrysanthemums and other fall flowers. After a short business meeting, a music study program was conducted by Mrs. W. A. Willis. Mrs. Ed Glasscock sang a lovely solo. A musical selection was rendered by Mrs. P. M. Pitts, after which Miss Della Latham gave a vocal solo. The club chorus delighted the members with a beautiful chorus. The Thanksgiving idea was carried out in the program. A delicious salad plate and hot tea was served by Miss Margaret Floyd, Miss Ruth Sessions, and the hostess, to the members.

Mrs. J. W. Hayes Hostess To Thursday Card Club—

Mrs. J. W. Hayes entertained members of the Thursday Contract Club on Thursday afternoon, November 11.

The living and dining rooms were decorated in a profusion of fall flowers, and three tables were arranged for bridge. At the conclusion of a series of games, Mrs. J. Lee Smith was awarded club prize, and guest prize fell to Mrs. Dubb Huddleston.

At a late hour, Mrs. Hayes, assisted by her sister, Miss Margaret Floyd, served a tempting salad plate with hot coffee to her guests.

Included in this affair were: Mesdames J. Lee Smith, James Wade, Hugh Jones, John Deramus, Arthur Johnson, Henry Stanley, J. C. Page, Jack Hayes, Dubb Huddleston, Grady Reynolds, Omar Reynolds, John Kimmey. Mrs. V. B. Curtis and Mrs. Ed Glasscock were tea guests.

Among those who attended the football game in Birmingham Thursday were Mr. and Mrs. James Wade, Mr. and Mrs. Dubb Huddleston, Mr. and Mrs. Jack Hayes, Mr. and Mrs. Omar Reynolds, and Mr. and Mrs. Dick Hayes.

Mrs. Claudie Pipes of Montgomery spent Thursday in Clanton.

Mrs. Cecil Smith of Lakeland, Fla., returned to her home Friday, after a week's visit to her parents, Mr. and Mrs. Walter Popwell, of Clanton.

Mrs. J. W. Hayes and children and Miss Margaret Floyd spent Saturday in Montgomery.

Mrs. W. E. Floyd returned to her home in Clayton Wednesday. She was accompanied by Miss Margaret Floyd and little Bess and Helen Hayes, who spent the Thanksgiving holidays with her.

Mr. and Mrs. J. R. Mullins spent Monday in Montgomery.

Mrs. Lawson B. Nelson, of Chattanooga, Tenn., is spending some time here with her parents, Mr. and Mrs. P. D. Wilson.

Mrs. J. P. Hayes, Mrs. Jake Shepherd, Mrs. Jack Hayes, and Mrs. J. W. Hayes spent last Tuesday in Birmingham.

Dr. J. P. Hayes spent several days last week at Allison's Lodge, where he hunted deer.

Mrs. Leon Mullins of Tuscaloosa spent the week end here with Dr. and Mrs. J. E. Edgar.

Mr. and Mrs. John Hollis of Mitchell Dam were visitors in Lincoln, Ala., this week.

Miss Ruth Pardue and Mr. Fred Hardy were recent visitors in Clanton.

Miss Ruth Shepherd left for Birmingham last Wednesday, where she participated in the Christmas Carnival, representing Clanton.

Mr. and Mrs. James Wade spent last Tuesday in Birmingham.

Misses Edith Green and Sara Colley spent the week end in Birmingham with relatives.

Mr. and Mrs. Winston Stewart of Rockford attended the dance at the city hall Thursday evening.

Mr. Rother Harris was a recent visitor in Clanton.

Mrs. J. P. Hayes and Mrs. James Wade motored to Montgomery Monday afternoon.

JACKSON-PARTY

A great host of friends and relatives gave Mr. and Mrs E. F. Jackson a Thanksgiving play party Saturday, night.

Which consisted of Mr. and Mrs. J. H. Culp, and children. Mr. and Mrs. J. D. Culp, and children, Mr. Acie Payton, and children, and Mr. Jack Jones. Two granlchildren were present, Miss Ella V. Jackson, Mr. Clifton Jackson.

Mr. and Mrs. C. R. Mims and family spent Sunday with Mr. and Mrs. Frank Jackson.

--Marches On With Time

It has weathered the storms for forty-four years. It has grown with Chilton County and her people. It will continue fearlessly to champion the "Union" spirit among all our people, and proudly to wave the "Banner" of Progress and Contentment over and among our people.

THE UNION-BANNER

State Capitol News

Montgomery, Dec. 2—Success of the adminstration's revenue program designed to raise approximately $6,000,000 to keep the schools open seemed assured today, despite an elaborate demonstration by hundreds of merchants and their paid employes who descended upon the Capital Wednesday to protest the adminstration's one and one-half per cent gross receipts tax bill.

Despite claims by opponents of the Governor's financial program that Tuesday's House vote of 47 to 45 against the Senate joint reslution to re-assemble the lawmakers Wednesday instead of Friday was a test vote against the adminstration, many impartial observers pointed out that but for the absense of eight staunch loyalists the administration forces might have polled a comfortable majority. Moreover, they added, the vote was not cast on a clearly defined issue, but merely on a controversial plan of procedure.

"Fifty of my Shelby county merchants conferred with me yesterday," Mr. L. H. Ellis said. "Those men expressed their views as gentlemen, intenely interested in the welfare of the State and particularly the children who again face the certainly of closed schools by mid-term."

A bill introduced by Senator Miller Bonner of Wilcox to make the violation of campaign promises and pledges by political candidates a felony subject to impeachment caused considerable amusement and consternation.

CENTER HILL

Rev. Paul Oden will show his pictures at Center Hill Baptist Church, Thursday night, December 3rd. Everyone envited.—Lonnie L. Cobb.

FAIRVIEW BOY'S 4-H CLUB

The Fairview 4-H club met Tuesday, November 24, at 10:00 o'clock. The meeting was called to order by the President, Paul Popwell. The roll was called and minutes of the last meeting were read.

After all business was attended to the program for the month was given as follows:

Subject—Poultry. Location of poultry house, Paul Popwell, floor, Jackson Chandler. Type of Roof, John Will Owens. Front elevation, Alee Culp. Interior fixtures, Lois Durbin. Use of a brooder house, Lois Durbin. Converting unused out building into poultry house, Paul Popwell.

After the program a discussion was given by Mr. Ivey. There being no other business the meeting adjourned. —Reporter Lios Durbin.

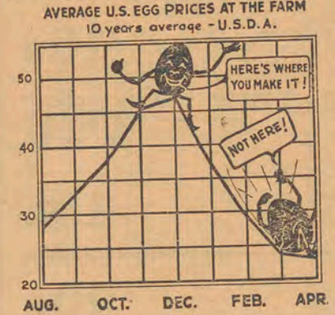
"Ax Marcus" about the New 1937 Chevrolet Today!

STILL TRYING TO MAKE A GOLD DIGGER OF HER

EARLY LAYERS BEST PAYERS, RECORDS SHOW

Either get the pullets in the nests and laying consistently from October through January, or don't count on making any money on this year's poultry project!

This timely admonition is now being voiced to poultry raisers by leading authorities on egg production and prices. One conspicuous source of this advice, G. S. Vickers, Manager of the Ohio Poultry Improvement Association, cites some very impressive facts to point out how and where money is made or lost each season in poultry operations.



"The records from 301 farms in Ohio," says Vickers, "show that the poultrymen who made the highest profits had the highest fall and winter egg production when egg prices were highest. Every poultryman who got less than 36 eggs per bird during October, November, December, and January lost money."

This statement appears to be thoroughly substantiated by the national ten-year average of egg prices at the farm as prepared by the United States Department of Agriculture and illustrated in the accompanying chart. The upturn in egg prices which every year for the past 10 has reached its peak in December, graphically supports the contention of all expert opinion and experience that money is either made or lost by the way the birds produce the eggs in the deciding four months' period from October 1st to February 1st.

All folks whose chances of making money out of their chickens come principally through egg production, should face the foregoing facts squarely, according to poultry adviser J. H. McAdams, and make sure right now that they are following a program of handling and growing their chicks and pullets so that they will be ready to come into profitable production by October 1st. Now is the time to do something about it, he says; next fall will be too late.

"To begin with," says McAdams, "it is not natural for a hen to lay heavily during the fall and winter months. But if poultry raising is to continue profitable, it is absolutely necessary that the management of this year's flock, starting with the selection of chicks and continuing right on through to the laying house, should be so planned and guided to get that heavy fall egg production even though nature is not working directly with the feeder. Such a management program must include certain definite steps which must be followed through.

Careful Chick Selection

"First, there is the selecting of the chicks. Since they are to be the foundation of the season's work, the chicks should come from a flock that has proved itself capable of heavy, profitable egg production during those months of the year when eggs bring the best prices.

"Having carefully selected the chicks, the next essential step is to have and maintain adequate brooder equipment for them. Before the chicks arrive, brooder houses should be put in order by removing, cleaning, and disinfecting all movable equipment—roosts, nesting, boxes, feed hoppers. Then with broom and hoe a good surface cleaning inside the brooders should be administered. A thorough scrubbing with lye and water is next in order. After that the ceiling, walls, and floor should be disinfected by drenching with a solution of 1-6 pint of Purina cresofec in a gallon of water, followed by a thorough airing of all equipment.

Correct Brooder Temperature

Dependable heating facilities must be available so that the brooder houses can be kept at even temperature at all times, free of draft, but with good ventilation. A temperature of from 90° to 95° at back level is recommended when the chicks go in. This should be gradually reduced the first two or three weeks until the temperature stands at 80° to 85° after three weeks; then continued gradual reduction is advised until by the time the chicks are six weeks old the temperature is from 65° to 65°. Litter, if used, may be a good grade of peat moss, or shavings or clean cut straw from which the chaffy part has been removed. Or the brooder house may be equipped with a false floor so the chicks themselves stand on half-inch mesh hail screen wire instead of a litter. When a litter is used it is wise to cover it with newspapers or burlap bags for a few days, until the chicks have learned what food is and where to find it.

Overcrowding of chicks should positively be avoided. Suffocation, general unthriftiness, and disease are liable to take a heavy toll when too many chicks are crowded into the brooders. Not more than 250 chicks to a brooder space ten by twelve feet, are recommended. Plenty of drinking and feeding space should also be provided for—allowing a feeding hopper and a drinking fountain for every 50 birds, at the start.

Feed and Water

"If good chicks and good surroundings are essential to a profitable star-

VERMONT P. T. A.

The P. T. A. of Vermont met on Monday night, Nov. 30. Even though the weather was unfavorable, a large crowd was preent. Money and me- s for the new school room which is to be built were subscribed. A full report will be given later.

Mr. G. D. Broadhead of Montgomery was a recent business visitor in Clanton.

"Short" Bicycle Story

Alice Faye on her aluminum bicycle. The important parts of this light unit are practically all of bohnalite—a light but strong aluminum alloy.

Some of the light alloy parts in the new bicycle which eliminate deadweight and make it easy to pedal.

"SHORT and sweet" are the words which really sum up this story of Alice Faye, Hollywood favorite and her bicycle. Light is her mood, light also is the bicycle on which she rides for it is made mainly of bohnalite, the light but strong aluminum alloy. This material is rapidly being adopted wherever it is of advantage to save weight and gain strength.

Alice Faye soon to be seen in the 20th Century-Fox production "On the Avenue" is riding a new Silver King Aluminum Bicycle. The great reduction in weight takes the backache out of wheeling and is responsible for adding even greater impetus to the comeback of the popularity of bicycling.

Well - informed experts predict that aluminum bicycles will figure prominently in Santa Claus letters this Christmas.

AFTERNOON SINGING AT ENTERPRISE

There will be singing at Enterprise schoolhouse next Sunday afternoon, beginning at 1:30 o'clock. All singers are urged to attend and take part in the services. Listeners will be welcome.

Alabama aviation is now extensive in scope. The Federal government has already spent, or authorized, about $3,000,000 since the beginning of C. W. A.; 21 towns have spent close to $2,000,000 in the purchase of sites, construction and sponsor contributions; more than 20 towns have leased airfields, with annual rentals ranging from $40 to $500; there are now 46 usable airfields; plans are located in 18 towns, pilots in 32 towns; two airlines regularly traverse the state; applications are pending for two more; the army tactical school, the only one of its kind in the army, is located at Montgomery, while at Birmingham there is a National Guard Squadron, one of two in the southeast; nearby is the U. S. Naval Air Station at Pensacola, which is regularly scheduling training flights over the Southeast.

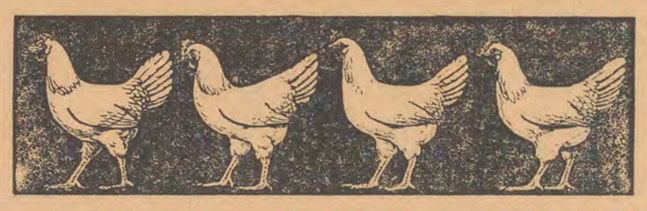
CLANTON PEOPLE URGED TO CONSERVE WATER

Owing to the continued dry weather, it has become necessary for the city officials to urge the people of Clanton to conserve the water supply. People are asked to forego washing their cars, and other activities that would use water not absolutely necessary, until the supply is enough to care for all demands. We do not want to have to haul our water.

Poultry Expert Tells How to Get Early Fall Layers



"The quicker chicks make the jump from the seventh week of age to the laying house, providing they are fully grown and fully developed, the sooner they'll start making money in the nests," says C. S. Johnson, manager of the Purina Poultry Department. "To do this job of growing large type, well developed birds in the shortest possible time requires as close attention to their care and feeding during the growing period as during the first six weeks of their lives.

"Letting chicks shift for themselves after the sixth week by feeding grain and occasional table scraps happens all too frequently, and that's the reason for the oft-proved statement that the poultryman either makes or breaks himself by the way he cares for his pullets from the sixth to the twentieth week. The sorry part is that the poultry raiser doesn't realize the mistake until it's too late—when he finds himself without eggs in the fall, when prices are at their highest.

Coasters are Costly

"The cost of letting up in the care of young pullets as compared to good management and feeding to keep them coming as fast as possible has been made a matter of special study at the Purina Research Farm. It may seem cheaper after giving chicks a good start, to turn them out and let them rustle for their food, but when they "coast" right on through those fall months of high egg prices and don't develop enough to come into production until after the first of the year, the owner loses that good egg money he should be getting."

To Get Extra Egg Money

"The average egg produced from September to January is worth two eggs produced during the other seven months," according to Johnson. "The poultry raiser who hits this period of high egg prices—September through January—with big pullets at 50 per cent production or better has by March 1st paid the feed cost for the entire laying year, paid a profit above all costs, and has his birds making money for the remainder of the year, almost regardless of egg prices."

$43.66 Extra Profit Per 100 Birds

Building pullets that are ready for early laying is a job for feed because pullets are made of feed. They must be supplied with the materials that will develop body frames, tissues, muscles and egg producing organs. It takes a balanced growing feed to do this. According to Purina Experiment Farm records, pullets raised on a balanced growing ration produced $43.66 extra profi per hundred birds over pullets on grain alone.

Mr. and Mrs. J. R. Mullins spent Monday in Montgomery.

Mrs. W. E. Floyd returned to her home in Clayton Wednesday. She was accompanied by Miss Margaret Floyd and little Bess and Helen Hayes, who spent the Thanksgiving holidays with her.

WHY HE WENT CRAZY?

An inmate of a lunatic asylum, on being asked by a visitor, how he got that way? replied:

It all started when I married a widow with a grown daughter, then, my father being a widower, married the daughter, that made my step daughter my step mother, and my father became my step son, my wife also became the mother-in-law of her father-in-law; then my step-mother had a son, who was my brother, being my fathers son; but as the boy was the grandson of my wife, he was also my grandson; then my wife and I had a son; my father's wife is my son's half sister; and also grandmother; now it is easy to see that my father became my step son by marrying my step daughter, Therefore being my own grandfather.

The visitor was satisfied as to the reason for the lunatic being crazy.

NATIONAL AFFAIRS

(By Frank P. Litschert

One of the most frequent remarks on politics since the election is that conservatism in America is doomed. We are told that there is no longer room in our country for a conservative party. Some political students inform us that if the Republican party is to survive it must be liberaliized. The Russian political writers, looking at America from the viewpoint of world revolution say that the next election contest will be between the liberalism of the New Deal and the radicalism of the so-called workers. The old time conservatives, they say, will have to join the forces of President Roosevelt in an effort to stave off Communism.

Of course nobody knows what is going to happen in this country in the next four or six years. There will be no common prediction by political forecasters on the subject. As a matter of fact there will be no agreement as to what constitutes a conservative in American politics and what constitutes a liberal. There are so-called conservatives who favored the NRA because it seemed to furnish a way to circumvent the Sherman anti-trust laws, and there are other conservatives to whom New Deal ideas are anathema. On the other hand, there are liberals opposing the protective tariff and others who believe in it, just as there are liberals who accept the entire program of the New Deal and others who oppose sections of it because of its regimentive features, which, they say, are contrary to the liberal teaching of Thomas Jefferson and other founders of the republic who believed in individual initiative. So, in cogitating on the question of the future date of the liberalism and conservatism we are at once confronted with the question—what is conservatism in America and what is liberalism?

But if we were to admit for the sake of argument that President Roosevelt got all the liberal vote and Gov. Landon the entire conservative vote in the last election—an admission which is certainly open to question—even then there is serious doubt of the truth of the statement that conservatism has come to an end in America. The United States is inherently a conservative country. It is neither reactionary nor radical. And as business in the United States gets nearer and nearer to what we regard as the normal, then this so-called American conservatism is going to assert itself. In America ownership in real estate, in bank deposits and in corporate and private industry is more generally distributed than in any country of the world. For that reason America is less apt to run off after the so-called new theories of government that crop up occasionally in Europe and seem to be very popular over there just now.

Gov. Landon received something like 17,000,000 votes in the last election. And if we are going to proceed on the basis that they were conservative votes, then there is certainly no indication that conservatism is all washed up in the United States.

Of course it is difficult to name the difference between enlightened conservatism and enlightened liberalism in the United States. Perhaps they come close to being the same thing. Perhaps it would be better to predict that there will be plenty of place for sound Americanism in the future and that we are not going to follow off after the false gods of Fascism or Communism. That it is a prophecy which it will be fairly safe to make, in spite of any doubt and uncertainty there may be at the present time.

RADICAL MEASURES DEFEATED

An encouraging phase of the late election was the conservative spirit shown by the voters of various states in voting down radical and unsound measures.

The states of Oregon and Washington present a case in point. In both these states, the federal government has undertaken great government - financed hydro-electric developments—one at Grand Coulee, Washington, and the other at Bonneville, Oregon. There has long been agitation to put the states into the power business on their own hook, and the private utilities serving the area have been subjected to malicious, unfair and unreasoned denunciation by political groups.

On November 3, the voters of Washington and Oregon were called upon to pass on measures which, in one way or another, would have created districts and opened the way for bonding the people to construct publicly-owned electric plants. These measures were defeated by extremely heavy majorities.

In other states, similar bills were likewise met with decisive "Nos" by the electorate. There was a widespread general tendency to turn thumbs down on socialistic measures which would have put states into business at the expense of the already tax-groggy taxpayers and private business.

The socialistic dream of government ownership of business is not held by the American people when they face it as a definite issue. Whatever their political allegiance, they are essentially opposed to limiting their opportunities as individuals. That speaks volumes for the wisdom of the electorate.

Dining in a restaurant with her husband, a lady missed her gloves on her way out. Murmuring something to her husband, she hurried back to the table to look for them. Not seeing them on the table, she lifted the cloth and began to peer about on the floor. Just then a waiter came up, saying: "Pardon me, madam, but the gentleman is over there by the door."—Montreal Star.

ANOTHER FARLEY PREDICTION

James A. Farley's standing as a prophet is so high and his relations with the administration are so intimate that more than ordinary importance attaches to his statement of a personal belief that relief will be decentralized, the WPA liquidated, and the burden be shifted to local communities. This was all that Mr. Farley, on landing in England, was willing to say with respect to the Roosevelt program. In a way, it is, perhaps, enough. It certainly will serve to stir American hopes that a desirable and even necessary reform will be speedily accomplished.

The program which the postmaster general here outlines is essentially the policy to which both Gov. Landon and the Republican party were committed during the recent campaign. Unless recollection is badly at fault, Mr. Roosevelt made no reference to the matter in any of his speeches. Yet he must see the fundamental soundness of it. The centralized and bureaucratic administration of relief which has been the government's policy for the past three years can never attain even reasonable standards of efficiency and economy. In an emergency it may be the only way to prompt action. But the moment conditions approach the normal, the wise course is to give the problem back to the states, cities and towns, whose facilities for determining local needs are better than those of the federal government and who can more easily exercise the watchful care required to prevent chiseling and grosser forms of fraud.—Boston Transcript.

WASTE IN THE W. P. A.

The waste and loss which has accompanied federalization of relief is graphically illustrated in New Jersey. A former chief accountant testifies that administrative costs in the state were nearly 15 per cent of the total.

This experience is similar to that of central New York, where WPA has loaded the administrative staff wil New Deal adherents in an effort to build up a political machine. In projects here there are one or more administrative officials not taken from the ranks of the unemployed by law, to every 10 unemployed men given work.

These are matters of grave concern, for the WPA is the largest spender of the people's money and waste means that the all-important work of restoring full employment is being held back. They are definite examples of waste such as are experienced in this section, for instance in the project near Fayetteville, which a local contractor offered to carry out for one-third of the cost involved under WPA.

The need for eliminating waste is plain. When money is taken from the taxpayer he canot spend it for goods and accordingly create more work for the unemployed in private business. It is essential to the nation that this amount be kept at a level that will assure full justice to the unemployed but will not handicap the taxpayer any more than absolutely necessary. If this is not done the unemployed are unjustly treated and employment is held back.—Syracuse Post-Standard.

THAT BROKEN STEERING GEAR

You commonly see news items such as the following: "John Jones was charged with reckless driving following a collision between his car and another vehicle. Jones stated that his steering gear failed. Both cars were badly wrecked, the occupants sustaining minor injuries."

Sometimes the item has a grimmer sound, when people are badly injured or killed. But the broken steering gear is one of the commonest defenses put up by drivers responsible for accidents — and, curiously enough, the more influential the driver, the oftener it is used.

As a matter of fact, it is doubtful if any part of a modern motor car is structurally stronger than the steering gear. Exhaustive tests by manufacturers show that real steering gear failures are practically unknown. But John Jones is always having them.

Maybe John is drunk and weaving his way home when the crash comes. He sees that the front end of his car is completely mangled —and so he calls upon the ghost of his steering gear which broke for some reason just as he was making the turn. Maybe he was on a slick pavement and speeding, went into a skid —well, the steering gear is blamed again. It may be that he was dozing and didn't even see the vehicle he hit—blame it on the steering gear, it can't talk back!

It's time we stopped listening to the steering gear alibi and similar alibis which are false 999 times out of a thousand. John Jones may escape jail—but the fact remains that some 35,000 people are being killed each year in preventable accidents. The reckless and incompetent motorists must be punished and their alibis laughed out of court, if that great and ghastly toll is to be curbed.

WHAT $220,000,000 COULD BUY

For the first 9 months of this year, the nation's estimated fire loss amounted to about $220,000,000. This marked a $30,000,000 advance over the loss sustained in the same period last year.

We have become accustomed to thinking in vast figures these days, and we say a billion more easily than we used to say a million. But the fact remains that $220,000,0000 is a lot of money—as a little analysis will prove.

Suppose that instead of burning up that $220,000,000, we had put it to productive use. What could it have done?

We hear much of the housing shortage in this country. The money we gave to the god of fire in 9 months could have built 55,000 homes at a cost of $4,000 each—homes which would have comfortably housed 200,000 to 300,000 people.

There are millions of men in our country who lack steady jobs. Had we put that $220,000,000 in productive enterprise, it would have given more than 300,000 men work for a solid year at the rate of $60 a month.

Many parts of the country are still in need of good roads. If we had put that $220,000,000 into road construction, it would have built 44,000 miles of highway costing $5,000 per mile —a road long enough to go back and forth across the continent almost 15 times.

Finally, to give an idea of the magnitude of the sum destroyed by fire in less than a year, $220,000,000 represents interest at 5 per cent for 12 months on the vast sum of $4,400,000,000.

Is fire prevention worth while? Is it worth the little time and effort that is required of every individual to make it an actuality? Read the above again, and make your own answer.

Mrs. Roosevelt says that the best way that a woman can keep out of politics is to stop talking. Surely, though, there must be some less trying way.—Watertown (N. Y.) Times.

A doctor says that at this stage of civilization mankind would be better off without holidays. Nonsense, sir! Why, my wife and family were away on holiday for a fortnight just recently.—Exchange.

MAN IN THE MOON

"BUBBER" AND JESSE

In response to an invitation extended by Mr. and Mrs. Marion D. Foshee, I, together with my better half, enjoyed the pleasure of lunching with the Foshee family last Sunday. I wasn't so hungry, but who could refuse such an invitation? Mrs. Foshee is a hostess extraordinary, and that lunch (dinner to country folks like me and the madam) was something else again.

And on this occasion Mr. and Mrs. Foshee's son, Jesse Frank, was at home for the week end, and with him was "Bubber" Nesbit, captain of the Alabama Crimson Tide for 1936. Back home in Bainbridge, Ga., Captain Nesbit may be known by some other name, but here in Alabama, where he has helped make football history at the Capstone, he is just "Bubber," and once you come to know the young man fairly well you can easily tell why you always hear him called "Bubber".

As all our people know, Jesse Frank is a quiet, unassuming chap, never having much to say, but somehow impresses one with a certain dignity that is felt, rather than spoken. And "Bubber' is another of the same sort. Some young men, perhaps, having the honor of being captain of the best football team in the country, might exude a feeling of superiority—kind of high-hat, if you get what I mean—but not the "Bubber." We were with him only a few minutes when we felt that we might have known him all his life. He is easy to get next to, unembarassed with false modesty when his brilliant football career is mentioned, yet not cocky in the least. In short, "Bubber" is just one of the boys—that expresses the impression he leaves better than any words I can put it in.

As the talk turned to 'Bama's wonder team of 1936, which has stood expert football critics and commentators on their respective ears, both the boys brightened at mention of getting the bid to Rose Bowl. They were just like two kids—eager for that bid to come in, and trying not to build their hopes too high, lest they be dashed to earth again if some other team should get the bid. And, by the way, you can bet anything you like that in case Alabama is called to the coast again, Jesse Frank Foshee will be on the rattler when it pulls out for the golden west.

We, here in Clanton, are proud of Jesse Frank Foshee. The big 190-pounder is bound to make his mark before he lays aside his Tide uniform for the last time—he has two more years to go. I understand they think lots of the boy in coaching quarters at Tuscaloosa, and I expect to see him come in for lots of credit for Alabama victories that are sure to come during those next two years—perhaps there will be another Rose Bowl bid during that time. Jess doesn't talk much, but when he digs his cleats into the gridiron sod, somebody always knows he is there.

As this is written, it is not yet known if Alabama will get the Rose Bowl bid, although the chance is bright. But if they do, you can be sure Alabama will send a fighting team out there to uphold the gridiron fame of Alabama and the Southland. They are not at all overconfident, not stuffed with false pride, but just a bunch of happy-go-lucky boys who love to play football, whom it is a pleasure to know, and who take their football as seriously as they do their very lives. I think the attitude of the whole team is very well expressed by their congenial captain, "Bubber" Nesbit, and by our own Jesse Frank Foshee—boyish and happy, yet serious and determined, delightfully familiar, yet ever conscious of the fact that there is a certain dignity and honor and fame that they must keep bright forever.

Here's to the University of Alabama, to the Tide teams of the past, to the victories they have won on "foreign" soil and the glory they have brought to our Alabama and the South, to the present Tide team, to its captain, "Bubber" Nesbit, to our own Jesse Frank Foshee, to a bid to this year's Rose Bowl game, and—to another Tide victory! If this year's team is invited to Rose Bowl, they can step onto that historic sod knowing that back in Dixie there is at least one who will be listening in on the game, and pulling for them with every ounce. I hope there is something in this mental telepathy theory—if so, then Alabama is tops again in 1936.

A NEW REPUBLICAN PARTY

The very heading of this article, I am sure, will draw down a storm of protest on my head from some of my loyal fellow-partisans. To some of them, to speak of a NEW Republican party here in Chilton County will be something else, as if I had spoken of a new God or a new religion—they are that well-grounded in the past principles of the Republican party.

But, as one knows, it is usually the most bitter medicine that does the most good, so I am going to give a dose of what I believe our county Republican party needs.

Our party just at this time is divided into two groups. The first are those who believe our party is dead, and that if they are to have any voice in politics in the future, they must join up with the Democrats, or some other group. The other group sees the Republican party only suffering from a let-down from which it will emerge sooner or later, stronger than ever, and running on the same old lines, without any changes in policy whatsoever.

I find myself aligned with neither of these groups. Instead, I find myself believing the Republican party is very much alive. I have seen the time when the Democrats here could not poll anything like the number we did in the last election. Yet they have come back and have gone over with a bang. This didn't just happen—there is a cause for it, and ever since election day I have been quietly studying what caused it. I think I know. I find myself believing that our party must adjust itself to changing ideas of people. If our Republican party is to prosper, we must find out what the people want, and what is lacking that has caused them to desert their party, and when we have found what this is, then take steps to make these adjustments and begin to rebuild. It is easy to see that we cannot go on as we have been doing of late, and still hope to come back.

We all know what started the downfall of the Republican party here in Chilton County. Our party had become top-heavy, so far as office-holders were concerned. Members of this official roster became jealous of each other's power, and a civil war broke out. Now civil war is always disastrous, and history records no instance when it has ever brought much good—yet it usually leaves the warring factions so weak that they can then see their folly and take steps to get together again. What our party needed was a thorough housecleaning, to clear out all prejudice, intra-party strife and hate. It needed a housecleaning from basement to flagpole. It has had that! Everything has been swept clean—for a new and stronger party!

This housecleaning has left us without a standard-bearer worthy of the name. There are several potential leaders. The very first thing that must be done is to settle on some forward-looking Republican who is staunch in his party loyalty, but who is not so hard-headed that he will not listen to any needed changes in party policies. The late campaign has shown us just how woefully weak we are in leadership. Times have changed—we must change with them. Some of those potential leaders spoken of above have certain stigmas against them which could prove difficult to remove. Some of them have been so persistently partisan that they could be judged stubborn. Some have hitched their wagon to a kite, floundering in the wind, and have shown a lack of staunchness so necessary to valuable leadership. Surely, somewhere in Chilton County there is a staunch Republican who is yet progressive enough to command the respect and enthusiasm of our Republicans, an dcan lead our party out of the quagmire it is now in.

What our people must do is find that man, and BUILD a party under his leadership. There can be no room for jealousy. There is no room for petty ideas and whims. There is no room for selfishness. There must be courage—PLENTY of it. There must be an executive committee with no axe to grind except the rebuilding of the party. That committee, together with the new leader, must be able to present a program for county government that is sane, conservative and sound from the ground up. Our people can have confidence in a program of this kind, and in its sponsors. They will never follow any other.

It will be some time before another election, but we need to be planning and working NOW. I propose a county-wide Republican mass-meeting early in the new year, when people will be allowed to speak their minds. Let them speak openly and fearlessly, without fear of stepping on someone's sore toe? The truth is, we have no capable organization and no leadership just now. That may be plain talk, but it is true and easy to understand. We must have that organization and that leadership if we are to return to power as a party in Chilton County.—Man in the Moon.

WHO FOOTS THE BILL?

Hidden taxes! Much has been and will continue to be said about them. But the trouble will still be the same—it is awfully hard to understand we are taxed when we don't pay a direct tax.

Some folks pay income taxes, and they know how much they are. But all of us pay hidden, indirect taxes, and none of us can say exactly what they total.

Numerous surveys have been made, however, covering particular things that individuals and families use. The Providence (R. I.) Journal has determined the indirect taxes paid by average families for food. This is one of the Journal's reports:

In a year's time, Frank A. Bateman, of 103 Calaman Road, Cranston, worked nearly seven days to feed an invisible guest at his table.

That unbidden and relentless guest, the hidden tax collector who levies imposts on everything any of us eat or drink—consumed $57.87 worth of food in the Bateman family during the period from September 1, 1935, to September 1, 1936.

Mr. Bateman, who earns $2,000 a year as office manager for a Providence concern, had to work 97½ days to pay his family's annual food bill of $827.19. Of this amount, $57.87, or 6.99 per cent went for indirect taxes imposed on various articles of food consumed by the Batemans.

In addition to the more than a week which Mr. Bateman had to work to pay this tax bill on food, he worked an eyen longer period to pay the indirect taxes levied on the other commodities purchased by his family during the year.

Who foots the bill?

MOTORIST'S BIGGEST SIN

If a 1925 model car and a recent model were to start out on a drive, which would you think most likely to become involved in an accident?

Probably you will answer, the old car, with out-moded brakes, relatively inefficient steering and general inferiority.

You're wrong. According to the National Safety Council, 24.79 per cent of the cars now in service were built from 1925 to 1928, inclusive, and they are involved in less than 12 per cent of all accidents reported.

Only 15 per cent of the cars in service were built in 1935—yet these cars figured in almost 24 per cent of all accidents.

This apparent anomaly has an obvious explanation. Drivers of new cars are over-confident. They over-rate the safety factor of better brakes, bodies, steering, lights, etc. Because a car is in A-1 mechanical shape, and is more or less new, they take chances—until the tragic day of reckoning arrives.

This is not a boost for old cars—many of which should be barred from the highways, because of mechanical dangers caused by obsolescence and neglect—but it is a plea for a different attitude on the part of owners of our modern gasoline chariots. It is a sad commentary on these drivers that better cars mean a higher accident record.

Regard your car, new or old, as a potentially lethal machine. It can spread death and destruction when mismanaged. Don't commit the great driving sin of over-confidence—its end is likely to be the cemetery.

THANKSGIVING IN 1936

Thanksgiving this year found America with much for which it could rejoice. We are at peace with the world and further from entanglements than almost any other nation.

The emergency of the depression is past. Unemployment rolls have fallen to probably less than 4,000,000. Manufacturing employment is almost back to the 1929 level. Payrolls have risen steadily and many of the 18,000,000 shareholders in America's great industries are receiving their first dividends in years.

President Roosevelt is able to report the return of prosperity has restored hope to citizens in all parts of the country.

Best of all, we could reflect upon this Thanksgiving Day that America has avoided the pitfalls of other countries. While the post-war depressions have drawn other peoples into the quicksand of tyranny, we in this country have stood firm on our liberties and freedom.

Depressions have always been a welcome vehicle for the demagogue, the agitator, the false prophet. Even with prosperity returning, there will be those who will look backward and insist upon their quack remedies for an emergency that is no longer with us.

But it is inconceivable that after battling upward out of the valley of the depression for six years America will surrender any part of its liberty with the goal in sight.

That is not the American way. And for that, all our people could give thanks.

BENEFITS WRONGLY WON

Mr. John Lewis, the ambitious labor and political leader, has flatly ordered the steel workers and the automobile workers not to accept the bonuses and increased wages that have been offered them by their employers. He evidently regards these betterments as designed to head off his own plans for industrial unions. They have, as yet, made little headway in the steel industry, and Mr. Lewis fears that its workmen will be inclined to embrace the present advantage rather than wait for perhaps no greater gain after a long industrial warfare.

This is the paradoxical nature of the position taken by Mr. Lewis. If he had been able to effect a strong organization of steel workers, and if he had then led them into a strike at the end of which he could have pointed triumphantly to bonuses and to increases of 10 or 12 per cent in wages, he would have been sure to glory in the benefits brought about by organized labor. But when the same things are handed over to laboring men voluntarily, Mr. Lewis finds it quite dishonest and altogether intolerable. He puts organization itself above the fruits promised by it. Whether the men immediately concerned will agree with him, or will be disposed to take the cash and let the industrial union go, seems not yet yet to have been decided.

LOOK OUT FOR "TWISTERS"

John Jones owned a life insurance policy issued by one of the old-line, established companies. He had had the policy for a number of years, and had paid out hundreds of dollars in premiums. Then an agent for another company came along with a new policy, turned on the heat in a smooth sales talk, and John dropped his old policy to take the new one. The company issuing this policy was also good and responsible—but not long afterward, John found that he had suffered a substantial loss.

The agent who seeks to persuade you to drop a policy you have had for some time in order to buy one from him, is called a twister. Every legitimate life insurance company is opposed to such agents, and will dismiss them when they are caught. But they may operate for years before their company gets on to them. Only the insurance buying public can really put them out of business, by turning a deaf ear to their blandishments.

It is almost invariably true that you will lose if you drop an old policy to take a new one. Time is the essence of an insurance contract. Time builds up cash values, surrender values and loan privileges, all of which increase with each premium paid. Furthermore, the cost of insurance rises as you grow older.

If a twister approaches you, turn him down and report him to his company. Twisting is fundamentally fraudulent, whether the laws say so or not, and life insurance salesmen who practice it dishonor their profession and harm the public.

THE PEOPLE ALWAYS PAY

It is a rare citizen, man or woman, who cannot be fooled by indirect taxation. They are all fooled by it. The American produces and laborers do not think they are federal taxpayers. They vainly imagine that they are not paying most of the income taxes. Where doth a rich bird get the money for his income taxes if not from toilers? Of course the workers will pay the premiums on old age and unemployment insurance whether government collects it directly from them or through the bosses. If government (the salary-drawing politicians) could not fool the people by this sort of taxation it would not sponsor it. The only people who will have social security without paying for it are those people to whom government shall pay salaries to carry on its insurance business. The administration of private insurance companies is costly enough, but to carry it on, government will pay from two to five times as much. All government is extravagant, wasteful. The politicians have at last succeeded in teaching the majority of the people that the successful man should by no means be trusted.—Charleston News and Courier.

BASEMENT TO FLAGPOLE

The elections throughout the nation are over. Candidates for office on every ticket have promised to work for tax reduction.

It is becoming pretty generally recognized today that taxes are such a burden on industry that they restrict its normal development —that means they restrict prospective jobs.

The most pressing relief needs of the depression period have passed. But in their wake will be a hang-over of persons on the public payroll that will drain the treasuries of government and industry unless a drastic program is inaugurated to cut off useless expense and live up to campaign promises to hold down and reduce taxes.

The mopping-up process will have to begin in the basement of the smallest city hall and go right through to the gold ball atop the flagpole on the capitol at Washington.

Nothing would do more to encourage industry to develop and employ more and more labor than a feeling that an honest and determined effort was being made throughout the nation to balance budgets and reduce taxation.

The answer rests with the people. Theirs is the power to demand efficiency and economy in government, or theirs is the power to break their own public treasuries and the taxpayers (workers and industries).

The first course leads to steady jobs and good wages. The second course leads to unemployment, mortgage foreclosures on homes and businesses, and the eventual break-down of sound government.

We can't pass the buck—the answer rests with us—the taxpayers, the workers, and our public servants.

Hard work and no play may create a dull boy, but very likely he will have some money in the bank.—Blue Rapids Times.

BOB JONES COMMENTS ON HERE AND HEREAFTER.

It is an interesting fact that the colors in flowers never clash. The colors which men make often clash. The reason God planted the flowers. Man is incapable of producing perfection. There is something wrong with human nature. Nothing that man ever built was perfect. He never exactly hits the bulls eye when he shoots. His laws are not perfect. His enforcement of law is not perfect. "The law of the Lord is perfect converting the soul." Man cannot be absolutely just. He may wish to be just, but his sense of justice is always just a little blurred. He cannot be absolutely merciful. Mercy to be perfect must use judgment. Man's effort to be merciful often makes him indulgent. All of this goes to prove the Bible is right when it says, "In Adam all die." Man must have a Savior. Some day, Christain men will reach perfection. Jesus Christ on earth was not only God, he was God's perfect man. When Jesus comes again, we Christains will see Him, and we will be like Him forever more.

Many of the great Bible scholars of the world believe we are on the verge of the second coming of Christ. There is one thing sure. He is coming sometime. He was here, he went away, he is coming back. His second coming will be as literal as his first coming. There are many prophecies which have to do with the second coming will be literally fulfilled. He did not tell us when he was coming. He told us to watch for him. He said that preceeding his coming, there would be certain signs in the world. There is not one single sign, he mentioned, as far as the writer knows, that cannot be seen on the horizon of the modern world. Of course, the conditions that prevail now may change. A great world wide revival may come. But the conditions in the world now are the conditions that will be in the world just preceeding the return of our Lord. I may die, but he will come. The coming of Jesus Christ is more certain than my dying. When he comes, all Christains who are alive will not die. They will be translated to meet the Lord in the air. Those who died in Christ will be raised from the dead. Living saints and dead saints will forever be with our Lord. God keep us faithful until he comes.

A few years ago, the writer attended the funeral of a popular young man. It was interesting to study the faces of the mourners. There were women there wearing gorgeous furs. They dropped their tears on the grave of the young man. His business companions wept at the bier. The poor and the lowly were there. If I had never known the young man, I would have known from the type of people who attended his funeral that he had a popular appeal to the different groups of society. I have always thought I would like to know, and maybe I will, who attends my funeral—that is, if the Lord tarries and I have to die. A person can judge his character by the type people who will weep over him when he dies. The good people as a rule are persecuted while they live and honored when they are dead. The Bible says "Enoch was not found for God took him." Enoch was a good man and walked with God in a wicked day. No doubt, people laughed at him and made fun of his testimony, but one day somebody said, "where is Enoch? He was a good man." Did you ever stop to think where you would be most missed when you die? Will you be missed when somebody is needed to do a little kindness? Willyou be missed when someone is sick and needs a friend? Will they say "don't you wish we had so and so here today. He could take the service. He could lead the prayer meeting. He would know what to say to the sinner." God help us to be faithful Christains because at the best, life is short.

At a recent chapel service in the Bob Jones College, the writer asked the students to name some student who had been a special spiritual blessing to him or her since school opened this year. Many wonderful testimonies were given. Some of the best students were named by several different students. The leader of the service said, "suppose you should be careless and put out some man's eyes. You did not intend to do it. You were just careless. Suppose every day after the accident you should walk down the street. How would you feel knowing that because you were careless, he would be blind for life. Would't you say, "He'll never see any flowers, he'll never see a star, he'll never see day dawn, he'll never see the faces of loved ones, and I, through my carelessness, made him blind." What a tragedy that would be! Yet, there are worse tragedies than that. Sometimes through our carelessness, we put out the spiritual eyes of men and women. We make them deaf spiritually. We cripple them spiritually. They go through life unable to see, unable to hear, unable to walk, and we caused it. It is far worse to make men and women blind, deaf, and cripple spiritually. I would far rather have a loved one of mine go through life physically handicapped than to have my loved ones go through life spiritually crippled. Jesus said, "If thine eye offend thee, pluck it out. If your arm offend thee, cut it off." In other words, Jesus taught it is better to lose an eye or an arm than it is to lose Christain character. May God give us proper appreciation of values.

Lesson for December 6

PAUL'S PARTING COUNSELS

LESSON TEXT—I Timothy 6:6-16; II Timothy 4:16-18.

GOLDEN TEXT—I have fought a good fight, I have finished my course, I have kept the faith. II Timothy 4:7.

PRIMARY TOPIC—Paul's Last Letter.

JUNIOR TOPIC—Paul Awaits the Great Adventure.

INTERMEDIATE AND SENIOR TOPIC—Passing on the Christian Torch.

YOUNG PEOPLE AND ADULT TOPIC—Transmitting the Gospel Heritage.

The apostle Paul was an example in many things, and not the least important of these is the manner in which he was constantly on the lookout for young men who by the call and blessing of God would take up the gospel ministry. He realized that there was much to be done and that if the Lord tarried he and his co-workers would pass on, and the work must needs be carried forward by younger men.

Not only did he seek out such young men but he "followed through," giving them encouragement, instruction, and opportunities for service. How shortsighted is the church that fails God at this point, or which, for the sake of local and present usefulness, hinders young men and women from obtaining the needed training for Christian service. The fields are white unto harvest but the laborers are still few. Let us pray them out and help them on their way.

Our lesson centers around the counsels of Paul to his young friend, Timothy. Written near the end of his life, the letters are filled with all the sweet earnestness of his great soul. They present four important truths which merit the careful attention of every Christian, and even more particularly of the Christian worker.

I. The Gain of Godliness (I Tim. 6:6-8).

In a world which knows little but the urge to gain material riches we need to emphasize the fact that it is still true that a man is not profited if he gain the whole world and lose his own soul.

The great gain of godliness is that inner fellowship with God which brings true contentment of spirit.

II. The Snare of Riches (I Tim. 6:9-11).

The pages of human history are full of the names of those who have fallen into this trap of Satan. Sad to say, not a few of them have been Christian leaders.

Notice that it is not the money itself, or the amount of it that constitutes the danger. It is the desire or the "mind to be rich," and "the love of money" that "is a root of all evil." Hence Paul's admonition comes to each one of us to "flee these things and follow after righteousness, godliness, faith, love, patience, meekness." What a sermon in a dozen words!

III. The Fight of Faith (vv. 12-16).

Christianity is not only an inward grace which reflects in "godliness with contentment" and in fleeing the snare of riches, but it is a daily fighting of the good fight of faith. It is imperative that there be "a good confession" (v. 12), coupled with a keeping of God's "commandment without spot, without reproach, until the appearing of our Lord Jesus Christ."

The servant of Christ, in view of the coming of the One who is "the King of Kings and Lord of Lords," is to live a consistent, clean, and irreproachable life.

IV. A Divine Deliverance (II Tim. 4:16-18).

"All forsook me," says Paul. How tragic! How weak and undependable is the arm of flesh! "But the Lord stood by me." How glorious! How mighty and gracious is our God!

The follower of Christ may find himself without a human friend or supporter. Those who stood by in younger and more successful days may have disappeared. But let us remember that our trust is in God who has never failed any one of his children. "He abideth faithful, he cannot deny himself." (II Tim. 2:13).

Worship and Prayers

It is for the sake of man, not of God, that worship and prayers are required; that man may be made better — that he may be confirmed in a proper sense of his dependent state, and acquire those pious and virtuous dispositions in which his highest improvement consists.

Learning Only Good

The wish falls often on my heart, that I may learn nothing here that I cannot continue in the other world; that I may do nothing here but deeds that will bear fruit in Heaven. —Jean Paul Richter.

Window of Hope

Eternity is the divine treasure house, and hope is the window, by means of which mortals are permitted to see, as through a glass darkly, the things which God is preparing.—Mountford.

ADMINISTRATOR'S SETTLEMENT NOTICE

The State of Alabama, Chilton County. Probate Court, November 28, 1936.

In the matter of the estate of A. A. Ayers, deceased.

This day came A. H. Collins, administrator of the estate of said deceased, and files his account, vouchers, evidence and statement for final settlement of his said Administratorship.

It is ordered that the 19th day of December, 1936, be appointed a day on which to make such settlement, at which time all persons interested can appear and contest the said settlement if they think proper.

Witness my hand, this 28th day of November, 1936.

J. LEE SMITH,
Judge of Probate.

University News

For the first time in the history of the University, summer school work is being conducted during the regular academic year at the University, says Dr. John R. McLure, director of the summer school.

This unusual innovation in University work came about a few days ago when a 3-hour seminar, composed of professors of school administration and supervision and 25 summer school graduate students who are working for the master's degree, met here.

The meeting, said Dr. McLure, was a continuation of the regular summer school seminar in school administration and supervision which meets daily during the summer session.

It is not uncommon, according to the director of the summer school, for graduate students to pursue their studies during the summer session to return to the University at various intervals during the regular academic year for work in the library and for conference with their professors.

But when a whole class of summer school students return for a day's session, it is regarded by University authorities as a unique educational event. This event marks another distinct step forward in graduate work at the University.

Plans for the state-wide Youths' Conference, sponsored by the state Y. M. C. A., and being held at the University of Alabama for the second successive year, are going rapidly forward, conference officials announced. The dates are January 1 to 3, 1937.

Approximately 1,000 high school leaders from all corners of the state are expected for the occasion. A varied program discussing vocational, moral and social problems of young people is being planned. Several speakers known over the state, who have not yet been announced, are scheduled to speak on this program.

Delegates attending the conference will lead a model college life for two days. They will be housed in University dormitories, and will be conducted all over the campus to examine the educational facilities available during their stay here.

University of Alabama students got an eyeful of beauty here this week when they selected 20 girls who are candidates for the honor of appearing as beauty queens in the Corolla, student yearbook.

The student body elected the 20, all but three of whom are residents of Alabama, from a group of 59 girls who were put up by sororities and dormitories. The beauty queens will be selected by sending pictures of the 20 selected, to some national authority on pulchritude.

The University of Alabama Crimson Tide closed an undefeated football season by defeating Vanderbilt 14 to 6 in its final game. After trailing 6 to 0 in the early part of the fray, the Tide came back with a spirited rally to take the lead with a touchdown and extra point, and iced the gafe with a second touchdown and point after.

University of Alabama students will turn for a moment from their studies to entertain underprivileged children on Saturday, December 12, when the Y cabinet here gives its annual Christmas party for the poor children of Tuscaloosa County.

The children will first be entertained with a dinner, then they will be given gifts off of a Christmas tree, decorated especially for the occasion. Stockings will be filled by women students here, and the men students will put on a drive to raise funds which will purchase garments and food for the poor children.

The purpose of the present Argentine conference called by President Roosevelt is to form a hemisphere-tight compartment, according to Hudson Strode, outstanding author and professor of English, who spoke on the subject here recently.

Mr. Strode explained that he meant by this that American nations were banding together to isolate themselves in case of another European war.

Friendly feeling between other American nations and the United States is at its highest point, he said. Mr. Strode just finished an airplane trip over South America, during which he interviewed many local authorities. He is an authority on Latin American relations. His next book, "South by Thunderbird," describes his trip.

Honorary battalion and company sponsors were present at the Wednesday parade of the University of Alabama R. O. T. C. unit for the first time this year; 28 women students were honored by being selected as sponsors.

ALABAMA SCHOOLS CONVENE AT UNIVERSITY

Twenty-five Ala. school teachers,, principals and superintendents recently spent a full day at the University in continuing a summer school laboratory course in school administration ond supervision.

They are working together on a new angle of the problem of equalizing educational opportunity, namely in education and training of teachers in their respective counties.

Those in the picture, reading from left to right, are Front row. E. L. Buckner, Cullman County; Philip W. Lett, Dale County; Mrs. Damaris O. Boyd, Franklin County; H. D. Nelson, Calhoun County; C. Franklin Bendall, Lauderdale County; Ira Pegues, Etowah County; Lee Roy Brown, Cleburne County.

Second row, N. P. Benton, Pickens County; Charles Patrick Jefferson County; Marvin O. Baxter, Washington County; G. I. Williams Colbert County; J. F. Ingram, Montgomery County.

Third row, Guy W. Smith, Hale County; Henry Floyd Sherred Jackson County; C. C. Parrish, Talladega County; A. I. Marshall, Houston County.

Fourth row, S. B. Mayo, Autauga County; C. E. Spearman, Clay County; Joseph E. Daniel, Chilton County; E. B. Norton, Jr., Covington County; John M. Brown, Fayette County.

Fifth row, J. W. Watt, Marengo County; J. A. Roberts, Geneva County; James A. Boswell; St. Clair County; George W. Hulme, DeKalb County.

John Higgins and Dewey Williams, students at A. P. I., in Auburn, spent the Thanksgiving holidays here with their parents.

Because the original purchaser is unable to take these pianos, will sell at a sacrifice price rather than re-ship. If you are interested in obtaining one of these bargains, it will pay you well to investigate these beautiful instruments. For particulars address Mr. West, care Branch Office, 1909—4th Avenue, North, Birmingham, Alabama. 1-c

GIVES POINTERS ON FEEDING OF CALVES

High Prices on Good Cows Puts New Value on Growing Profitable Heifers.

Losing calves or stunting their growth takes on a far more serious air today than it did a few years ago. Good milk cows can only be developed from thrifty growing heifers and today's higher prices for good cows has automatically put more interest and care into raising heifer calves

In line with the trend of the times. W R. Arends. well-known dairy authority of the Purina Mills says, "It has long been known that vitamin A and D are extremely essential in the ration for raising the right kind of heifer. Now with the recent discovery of concentrated vitamin A, calf raising has become less hazardous. This concentrated vitamin A is being passed along to dairymen by the Purina Research Farm in the form of a new ingredient called Pur-a-tene, added to every sack of Purina calf feed.

First Feed Should Be Milk

In making feeding recommendations for the first few days of a calf's life Arends says that the first food should be calf's own mother's colostrum milk. This milk is laxative and performs the job of setting the digestive system in motion. If it is felt necessary to take the calf from its mother before nursing, and if the milk is fit, Arends advises milking the cow and feeding the calf by hand. He says a bottle and nipple may be necessary although many dairymen teach the calf to drink from a pail the first feeding. If for reason of disease, the mother's milk cannot be used, milk from a cow that's in the first part of her lactation period should be fed.

"Nature has taught the calf to look up for its milk," according to Arends, "yet when the dairyman teaches it to drink he expects the calf to hold its head down. Remember, the calf must be taught every step of the way. The earlier the calf is started, the easier it will be."

Overfeeding Milk Is Dangerous

Another condition Arends points to is that the baby calf has a very delicate digestive system and overloading it with milk is almost sure to bring trouble. He advises starting with

about three pounds of milk daily for small breeds, and about four pounds daily for the larger breeds; gradually increasing the milk up to 8 pounds daily by the last day of the week for heavier breeds and 7 per day for the smaller breeds. Along with the milk the calf should be taught to eat dry feed as quickly as possible.

Easy Way to Get Calves Eating

"When the calf is but 4 days old it should get its first solid food," says Arends. "Calf Chow in checker form is the easiest and safest dry feed on which to start the calf. A few checkers should be placed in the calf's mouth directly after feeding it milk With checkers and a grain ration in a trough before the calf at all times it will soon get the habit of taking feed as it needs it. Fresh, clean water and good alfalfa hay should be available at all times. On this kind of feeding, it won't be long until the calf is well on its way to a profitable first-calf heifer."

"If interested, more information can be obtained on raising calves from the latest Purina dairy bulletin, available from all feed stores handling Purina feeds."

the puppy for any violation. The entire floor may be covered with newspaper the first few nights. Then reduce the covered area to one newspaper pad, as he learns.

"After he gets the idea of the use of the paper without being repri manded, place both puppy and paper outside after each meal, the last thing at night and the first thing in the morning. He will soon catch on and the job of house-breaking will be a thing of the past."

Easy to Get Pups to Mind

Training the pup is as simple as training a child, according to Leonard. It takes patience, a bit of common sense and reasonable understanding on your part. You'll find the little fellow more than willing to fall in line with your thinking on obedience. cleanliness and general good behavior just as rapidly as he understands what you expect of him.

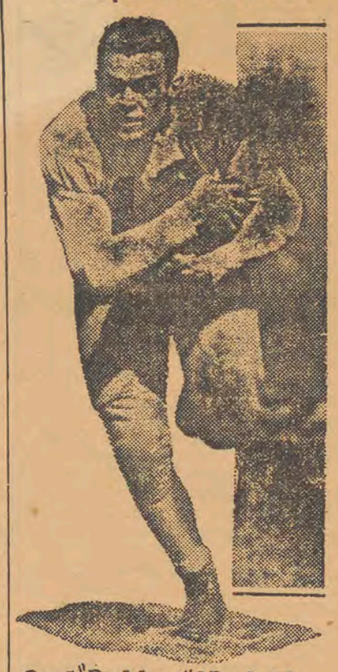
"One of the serious mistakes made in handling the new puppy," says Leonard, "is overfeeding him. Remember, he requires feeding, not filling. His meal time should be at regular hours. Teach him to clean up his plate at meal time and avoid feeding him in between meals. Whenever he fails to clean his plate, remove it as soon as he finishes. This will teach him to eat at regular hours and not walk away from his food and come back after it later.'

New Vital Ingredient in Dog Food

In speaking about proper food for dogs, Mr. Leonard says. "The Purina Kennels have for a long time been experimenting with ways of getting more vitamin A in food for the dog This last year a concentrated source of vitamin A was discovered. It's in the form of a new vital ingredien called Puratene and is controlled exclusively by the Purina Mills. It has been added to both the checker and meal dog food made by Purina to enrich the food with the vitamin that is so essential to the life, health and growth of dogs."

WANTED—Oak Stovewood, apply at Clanton Motors. 1-c

VISITOR TO CLANTON



Capt. "Bubber" Nesbit
ALA. FULLBACK

James "Bubber" Nesbit, captain of the undefeated Crimson Tide of 1936, was a visitor last week end at the home of Mr. and Mrs. Marion D. Foshee, of Clanton. Captain Nesbit is a close friend of Jesse Frank Foshee, also a member of the Tide, and came to Clanton with Jesse Frank from the Thanksgiving game in Birmingham.

Mr. and Mrs. J. Q. Wade expect to leave during the week end for Fort Myers, Fla., where they will spend several of the winter months.

BIG DEER HUNT COMING

Montgomery, Nov. 16.—Dixie's biggest hunt of the year will be held in the Black Warrior National Forest in north Alabama on December 17, 18, and 19.

These are the dates set by the U. S. Forest Service and the State Conservation Department for Alabama's annual public deer hunt.

Although the hunt will take place one month later than has been customary in the past, the recent enlargement of the national forest by several thousand acres should enable the authorities to better accommodate the legions of hunters that each year participate in the event.

Close to 1,000 nimrods took stands in the forest for the 3-day hunt last year, many coming from out of the state. No hunt was held in 1934, but the year before a similar number converged on the forest in quest of the handsome bucks that roam the range.

While hunters were plenteous last year, drivers and dogs were at a premium and this contributed to a bag of 26 bucks, which might otherwise have been double that number. This shortsightedness on the part of hunters no doubt will be remedied this year.

NEW 8,100-EGG INCUBATOR INSTALLED AT CO. EXCHANGE

The Chilton County Exchange, Mr. John McSwean, manager, is this week announcing the installation of the largest electric Incubator that has ever been put in operation in these parts. It will hold 8,100 eggs at one time; it is automatic in all particulars, and has all of the latest contrivances and gadgets for modern incubation.

The Exchange has an adv. in this week's Banner annouuncing the installation. Turn to it and read all about this large Incubator and what it does.

ARBOR DAY PROCLAIMED

Montgomery, Nov. 30. — Gov. Bibb Graves has designated Friday, December 11, for general observance over the state as Arbor Day. The text of the governor's proclamation is as follows:

Whereas, the prosperity of the people of the State of Alabama, and their health, comfort and culture, are very largely dependent upon the existence of trees and forests maintained in a condition of usefulness and productiveness as one of the greatest resources of the state; and

Whereas, a period of special consideration of the problems relating to the restoration, perpetuation and proper use of trees and forests in Alabama is highly desirable for annual observance;

Therefore, I, Bibb Graves, Governor of the State of Alabama, do designate and set apart the day of Friday, December 11, 1936, as Arbor Day. I urge all citizens, either in association or as individuals, all schools and civic organizations, and the press of the state to join in the patriotic observance of this day through the planting of trees in suitable locations, and by conducting other appropriate exercises on Arbor Day with view to furthering the knowledge and appreciation of the great public value of trees and forests.

Following its customary procedure the State Commission of Forestry has published a pamphlet containing readings and other items especially selected for use in Arbor Day programs. Teachers, and leaders of civic organizations and other groups, may procure copies of the Arbor Day booklet by writing to the State Forester, 500 Dexter Ave., Montgomery, Ala., by December 4, stating the number of pamphlets desired.

Mrs. L. E. Diefenderfer, Miss Grace Plyler, Jane Pitts, Milton Diefenderfer, Philip Nelson, and Emmett Parrish visited Selma Sunday, where they attended the annual conference of the M. E. church.

New Funeral Home Be Built In Clanton

Trustees Life Assurance Society To Begin Construction In Near Future.

The Trustees Life Assurance Society has this week opened up temporary quarters in Clanton. The place is upstairs over Upchurch Drug Co., and in charge of the office is Mr. Isadore Harbison, of Jemison.

This society is owned by Dr. J. H. Stephens, who owns and operates the Woodlawn Hospital, of Birmingham.

Will Build Modern Office And Funeral Home

Arrangements have been made whereby Dr. Stephens will build a funeral home for Clanton, in conection with an office for Trustees Life Assurance Society. Lots have been purchased from Mr. John T. Ellis, located between Ellis Filling Station and the water works. Dr. Stephens will construct a beautiful, modern building, made of brick or stone, and work will begin on it within a few days. The new funeral home, as well as the branch office of the Society, will be in charge of Mr. Harbison, after the building is constructed and their business is removed there.

Dr. Stephens is already operating a funeral home at Winfield, in Marion county.

The bringing of these businesses to Clanton most likely will mean much to our city in the future; and Dr. Stephens believes in Clanton, else he would not come here to invest his money and to build a branch office. The Union-Banner welcomes him to Clanton, and we bespeak for him much success for his undertakings in our midst.

The superintendent for this territory for Trustees is Mr. R. E. (Edd) Millican.

SALES TAX PASSED BY HOUSE OF REPRESENTATIVES, 58 TO 42

Rep. Charlie Cox of Chilton County Registered In Favor of the Tax.

Montgomery, Dec. 8. — Concluding a 3-hour debate in which charges were hurled on the floor that unprecedented trading had brought about an administration victory, the House of Representatives late Tuesday afternoon, by a vote of 58 to 42, passed the gross receipts tax of 1½%.

With the galleries crowded and the lobbies jammed, the tax battle came to an end at 5:45 p.m., Tuesday when the final roll call was taken after Rep. Sparks, Barbour, leader of opposing forces, said in his brief closing address that he already knew the outcome, and that his speech was like a fellow going to his own funeral.

The House roll call disclosed Rep. Charlie Cox, of Chilton County, voting in favor of the sales tax.

MRS. AUDELL MILLER MAKES STATEMENT

To the people of Chilton County:

I have just finished 14 years of service in the office of the probate judge of Chilton County. I have enjoyed my work at all times. I have met most of the people of the county during my stay in the office, and I believe all of them are my friends. At all times I have endeavored to be as courteous as my position would allow, and I believe the people whom I have served know this.

I understand that information has been given out that I am out of the office on vacation, but this is not true. When I was released from service a few days ago, I was informed that it was not because of any inefficiency in my work, but that the Democratic administration of the county was being criticised for keeping me on the payroll, inasmuch as I am a Republican.

I am a Republican, and have always been one, but during my work in the probate office I have always tried to render as efficient service to Democrats as to Republicans. Everyone has looked alike to me in my line of duty.

I am proud of all the friends I have made, and regret any enemies I may have made, if there are such.

Again thanking my friends for their courteous treatment toward me, I remain, yours very truly,—Mrs. Audell Miller.

FARMERS UNION TO BE HELD AT UNION SPRINGS

The F. E. & C. U. of A. will hold their quarterly County Convention at Union Springs Saturday, December 12th. State President Sartain and State Secretary-Treasure Gravlee will speak. They are just back from the National Convention held at Des Moines, Iowa and are sure to have something interesting to tell us. It is expected that Mr. Howard Roper, and another good speaker will make a talk during the morning session. The public is cordially invited to the morning session. Mr. W. L. Sanders, of the State Executive Committee, will be present and speak. He is also District Organizer for district no. 6.

All locals are urged to be sure and send delegates as election of officers for the coming year will be held. Dinner on the grounds, other locals helping out with the dinner.—Chester Maddox.

OLD TIME SINGING AT COURTHOUSE DEC. 13

Uncle John W. Hays, the old time singer, wants his brethren and sisters in sacred song to meet with him at the courthouse in Clanton on the second Sunday in December for a day of singing in the old Sacred Harp and Christian Harmony books. Mr. Hays, Z. J. Jones, J. N. Scott, the Williamses, the Sanderses, and others will be on hand, and they invite their friends to meet with them. Uncle John hopes to make this singing one of the best ever held in the county. Everybody is invited. The hour of beginning is given as 9:30.

CHARLIE D. HUGHES DIED

Mr. Charlie Hughes, age 45, died at Brice Hospital, Tuscaloosa, Monday night, December 7th, at 11 o'clock. Burial was Wednesday morning at 11 o'clock in Chestnut Creek cemetery. Services were conducted at that church by Rev. Hamric, assisted by Rev. Cecil Ellisor. Spigener was in charge.

Besides his widow, Mrs. Fannie Bee Robinson Hughes, he is survived by one son, Ralph Hughes, and one daughter, Pearl Hughes. There are three sisters—Mrs. W. M. DeVaughn, Mrs. H. J. Taylor and Miss Claudie Hughes. His father and mother, Rev. and Mrs. J. D. Hughes, also survive. There is one brother, Dewey Hughes.

Charlie Hughes taught school for a number of years in this county; he served as postmaster at Verbena for several years. Since boyhood he has always taken a keen interest in all movements that mean the betterment and advancement of his community and county.

He was stricken suddenly about four or five years ago with some peculiar mental ailment, and his health has been failing him ever since.

WPA Roll Slashes Bring Hot Protests

Washington, Dec. 10.—An adminstration hint that WPA spending will be resumed at a $2,000,000,000-a-year rate early next year failed Saturday to satisfy a committee of releif workers, which called for strikes and a march upon Washington if necessary to stop current cuts in WPA rolls.

Aubrey Williams, deputy works progress administrator, told the committee the "valid level" at which WPA activities should be maintained was the $165,000,000 level recorded in November. This would be at the rate of approximately $2,000,000 a year.

But until the new Congress votes more money, Williams contended, the recently ordered removal of 425,000 persons from the work relief rolls is a necessity.

Unconvinced the reduction is temporary, the committee, which said it represented "white collar" relief workers in nine cities, expressed belief the layoffs represent "the beginning of the liquidation of WPA."

In a statement to reporters, the committee added:

"This whole policy of WPA represents, in our opinion, a betrayal of the promises made to the American people before November 3. Apparently the policy is not, now we have only begun to fight, but rather "now we have only begun to lay off."

The WPA official said that by marshalling every available dollar and reducing the rolls by 425,000 persons, the program could be carried on with present funds to Feburary 1.

PHONY PEACH DISEASE WORK IN CHILTON COUNTY

According to Mr. Oscar W. Jones, agent for the Bureau of Entomology and Plant Quarantine of the Department of Agriculture, there were five inspectors for phony peach disease in Chilton County for two months this summer. Practically every orchard in the county was visited and approximately 700 phony trees in 185 orchards were located. A total of 428,339 diseased and worthless peach trees have been removed on 685 farms.

There are several hundred thousand more worthless and diseased trees in the county, according to Mr. Jones.

The cost for this work, according to Mr. Jones, was $5,000, or a cost of a little over one per cent per tree.

Mr. Jones is the agent for the Department for three counties: Chilton, Autauga, and Elmore, and his work is strictly under the United States Department of Agriculture at Washington.

A FUNNY PLAY AT HIGH SCHOOL FRIDAY NIGHT, DECEMBER 18

"Take a chance" is the name of a play to be put on at the county High School, building on the night of Friday, December 18th. The entire cast will be local, and the proceeds will go to Welfare.

The cast and other particulars will be published next week. In the meantime, you are urged to make preparations to attend.

CALL FOR CHILTON COUNTY ASSOCIATION MINUTES

The church clerk, or someone else interested, should call at The Union-Banner office at once and get their copies of the minutes of the Chilton County Association. These minutes are ready, and the churches should have them; the officials of the association are anxious for them to be distributed.

WETS AND DRYS DISSATISFIED AS THIRD REPEAL YEAR ENDS

With the third year of repeal drawing to a close December 6, the nation balances its liquor ledger this week with results that are unsatisfactory to both wets and drys, according to a survey by the National Voice News Bureau.

Elimination of bootleggers, abolition of the old time saloon, annual revenues of more than a billion a year, and removal of the liquor problem from politics were among the principal promises made by repealists in their campaign arguments against the Eighteenth Amendment.

On the third birthday of repeal, The National Voice News Bureau sums up the evidence that dry leaders are offering to prove that these repeal promises have all been broken:

"The bootlegging business is as highly organized since repeal as it was during prohibition," says the Institute of Public Administration in New York. The institute estimates that nearly 40,000,000 gallons of untaxed liquor were produced in 1935, nearly half of the total gallonage of tax paid spirits. "Illicit liquor is the cause of 50 per cent loss in revenue," stated a headline in Tap and Tavern, journal of the liquor industry recently.

Regarding the "nosaloon" promise, James G. Flaherty, attorney for the Tavern Owners' Association in California, recently declared in a newspaper interview: "It is time to admit it is a saloon, whether you call it that, or a tavern, or an inn or just Pete's place."

More than eight billion dollars has been expended by the publil for tax paid and illicit liquor since repeal. The government revenue over that three year period will average less than 500 million dollars annually, according to the National Voice News Bureau, as compared to repeal promises that it would total from two to five times that much. The drys have made great capital of a statement by Joseph H. Choate, Jr., former federal alcohol control administrator: "As for revenue, we have been greatly disapointed."

"We thought repeal would end the scandals of the liquor traffic," declares Congressman O'Connor of New York, outstanding repeal advocate. "If the situation that exists today is what we have as a consequence of repeal, as for me, give me prohibition."

Even many leaders in the beer and liquor business have sensed recent changes in public opinion, according to the National Voice News Bureau survey, and have been issuing a steady barrage of dire warnings to the trade that prohibition is sure to return if present conditions prevail.

APPERSON FLAYS TAX RAISERS

Montgomery, Ala., Dec. 7.—The politicians of the state have been taking money out of the taxpayers pockets to "hoodwink" the citizens about a sales tax, B. C. Apperson, executive secretary of the Consuumers Anti-Sales, Tax Association of Alabama said in a statemnet issued here this week in which he charged that a "news bureau" which furnishes alleged news to Alabama newspapers, free of charge, was a propaganda outfit operated by a man on the state payroll and while the man is listed as an employee of the tax collectors office, his job for the last six months has been to slip propagranda for a sales tax into the newspapers of the state.

"That shows what our association has been fighting for months and months," Apperson said. "Politicians take our own money and use it to fight us. Our association furnished regular news release to the Alabama press, but this organization has never sent out a story to the press under disguise in an effort to try to slip something over the editor. Our news release are plainly marked as coming from our office and we have never resorted to try to mislead anybody by sending a story out under a supposed "news bureau."

SERIES OF LECTURES BEGINS AT CLANTON GOSPEL TABERNACLE

The Rev. William S. McBirnie, Noted Irish Evangelist and World Traveler, To Present Topics of Timely Interest.

The Rev. William S. McBirnie, well known Irish evangelist, professor of Bible prophecy, a Presbyterian minister, of Belfast, Ireland, began a series of sermon-lectures in Clanton Wednesday night.

Through Miss Ashmun, field representative and secretary for Dr. McBirnie, arrangements have been made for the use of the Clanton Gospel Tabernacle, located at the corner of First Avenue and Third Sereet.

Dr. McBirnie, educated in Europe, Canada and this country, including Princeton and DePauw, a graduate of Lane and McCormick seminaries, is speaking nightly, Sunday afternoon and evening on the general theme, "What does the Bible say about the great world change that is taking place?"

A former medical and law student, battle-scarred veteran of the World War, world traveller and Chautauqua platform lecturer, gives him a background for his message, interspersed with his sparkling Irish wit, which holds his audience from start to finish.

The city auditoriums of Birmingham, Chattanooga and Atlanta had their seating capacities taxed on many occasions to accommodate the crowds.

Dr. McBirnie's coming here has been made possible through the cancellation of an engagement because of a previous attack of influenza.

The series will continue through December 21.

Sunday afternoon Dr. McBirnie will take for his subject, "Mussolini Takes England and Egypt. When? How? Why?" Sunday night he will discuss "Startling Facts From Palestine." Actual slide photographic pictures of the fulfillment of prophecy with regard to the return of the Jews will be shown in connection with this message, said Miss Marion Ashmun.

The public is invited to all services.

The Chilton County Farmers Union will meet at Union Springs Church, Dec. 12. Some good speakers are expected.

MALBURN TAYLOR KILLED

Malburn Taylor, age about 46, was killed by a falling limb, while cutting logs last Friday. The accident happened near the home of Mr. Taylor in Autauga county in the neighborhood of Liberty Church.

The remains were brought to this county and buried at Corinth cemetery Saturday.

Survivals are his wife and several children. He is a brother of Edward Taylor and son of Jimmie R. Taylor of near Mt. Creek.

MAZER'S OFFERING LADIES' COATS AND DRESSES GALORE

Mr. Goldstein, manager of Mazer's Store here, wants the people of this section to know that they have the largest stock of dresses and coats for ladies that is usually found in a store of its size. "What is the use of Clanton ladies going to other cities for their coats and dresses?" Mr. Goldstein asks. And he answers by saying that there is no use. They can get anything in that line right here in Clanton.

In an Adv. in this week's Union-Banner Mazer's is telling you a few things about dresses and coats. Read this Adv.

AUBURN SUPPORTERS WILL FOLLOW TEAM TO HAVANA

With the Cuban government's selection of Auburn to represent the south in the New Year's Day football classic in Havana, comes word that hundreds of former Auburn sturents from all sections of the south will follow their team for the game.

An all-expense personally-conducted tour has been arranged by Roy Brown with a visit to Havana, combined with Cuba's International Sports Week. The gay carnival season will be in full swing at this season of the year and Alabamians will find the trip enjoyable and inexpensive.

Auburn was selected because of its outstanding record in football games in every section of the United States and also because of the large number of Alabamians who have visited Cuba this past year. The Alabama Press Association with 447 passengers was the first of several large tour parties to Havana. "The Paris of the Western Hemisphere."

The tour leaves Birmingham and Montgomery, Monday, December 28th, returning on Tuesday, January 5th.

Circuit Court Is In Session This Week

The regular jury term of the circuit court of Chilton county is in session here this week. Several cases were disposed of Monday and up to noon Tuesday; there was no court Tuesday afternoon, but was resumed Wednesday morning. Cases disposed of up to noon Tuesday were:

Jim Driver, assault and battery, continued.

Clara Mae Smith, assault and battery, nol prossed.

Euell Dawson, assault and battery, nol prossed on payment of fees and witnesses.

Charlie Childress, assault and battery, nol prossed on payment of fees and witnesses.

Ivey Childress, assault and battery, nol prossed on payment of fees and witnesses.

T. J. Parrish, violating prohibition law, nol prossed on payment of fees and witnesses.

Claud Hunt, assault and battery, continued.

W. L. Baker, violating prohibition law, continued.

Tera J. Parrish, violating prohibition law, nol prossed on payment of fees and witnesses.

Bill Samuels, violating prohibition law, continued; defendant in penitentiary.

Howard Mims, violating prohibition law, nol prossed.

Willie Lee Varner Gary, violating prohibition law, continued.

John Speer, violating prohibition law, nol prossed.

Henry Wallis, burglary and grand larceny, continued.

Harvey Stone, assault to murder, continued.

Earl Williams, transporting over 5 gallons of liquor, abated on death of defendant.

Lee Vanderstone, assault to murder, continued.

Jake Stoudemire, assault to murder, continued.

Pete Abbott, violating prohibition law, jury and verdict of guilty; fined $50; formally sentenced to hard labor 107 days; appeal taken; bond for $350.

Howard Mims, violating prohibition law, continued.

Mrs. Henry C. Cummings, violating prohibition law, continued.

Tebe Casteles, violating prohibition law, continued.

Mitch Cosby, violating prohibition law, continued.

Dewey Cummings, violating prohibition law, continued.

Pete Abbott, violating prohibition law, continued.

Ethean Reed, sodomy and bestiality, plead guilty, sentenced to penitentiary 2 to 3 years.

Howard Mims, transporting 5 gallons liquor, continued.

The amount of the bond for Hubert Wilson, charged with murder, was reduced from $1,500 to $1,000 Tuesday. Bond was made, and the defendant was released.

The case of Jasper Oaks, charged with first degree murder, will come up for trial Thursday. The docket is full all the week through Saturday.

Following is the list of those serving on the jury this week:

Pleas Lenoir, Beat 8; Philip G. Eiland, 10; Walker Allen, 10; Flem Higgins, 4; Rube C. Burkhalter, 10; Wm. E. (Dubb) Huddleston, 4; A. Harve Collins, 4; Sid B. Deloach 6; Ivy D. Huett, 6; T. Leonard Williams, 4; Sam Seals, 7; Festers T. Atchison, 2; Hoyt Freeman, 14; John Cecil Horton, 13; Carl J. McCarty, 14; Willie L. Moore, 10; Leonard W. Culp, 4; B. Frank Massey, 4; Victor Hollman, 6; W. Press Cofer, 2; Jesse P. Payne, 7; Burnie Killingsworth, 13; Jim V. Best, 4; Payton C. Jones, 5; J. Wash Heflin, 12; Raymond Ross, 5; Reese Wells, 14; E. Span Jones, 3; Lourine Smith, 4; Z. Arthur Tippett, 4; Oscar L. Howard, 5; Eugene Killingsworth, 13; D. Sebe Robinson, 10; Spurgeon Calloway, 4; Houston W. Lowery, 9; Oscar F. Davenport, 3; Chas. L. Wilkins, 6; Walter M. Broadhead, 6; Tom Driver, 10; James N. Courtney, 10.

County Hit By Wind Storm Sunday Night

Twister Caused Much Damage In the Western Part of Chilton County.

Chilton County was visited by another storm last Sunday night about 6 o'clock. Antioch communiy was the hardest hit, where five persons were injured, but damage was done at Mt. Pisgah and Kicheon.

Those injured near Antioch Church were Oscar Sewell, his 80-year-old mother, wife Mrs. Fannie Sewell; Mrs. H. J. Dobbs, and Mrs. Oliver Emfinger of Kincheon. All were brought to Central Alabama Hospital by Martin's Ambulance Sunday night shortly after the storm.

A barn belonging to Mr. Fate Popwell, of Kincheon, was demolished and a mule was killed. The gin belonging to Mr. Ed Edwards was blown down, and his home was lifted from the pillows. The home of Jim Retherford of Mt. Pisgah community was picked up and carried several yards from where it orginally stood, and completely demolished. No one was hurt there, as the occupants were in the storm pit at the time. Mt. Pisgah Church was lifted off the pillows.

Porches and small outbuildings belonging to Bob Owens, and Dock Owens were de-roofed and partly blown away. This was between Pools crossroads and Kincheon.

Heavey rains and lighting accompanied the wind; folks traveling the highway near Clanton had to stop their cars, because they could not see for the heavey downpour.

The storm seems to have orginated in Mississippi, were it did some damage. Entering Alabama it dipped down in Pickens county, Tuscaloosa county, and then came to pay Chilton a visit. It seems that Chilton and Tuscaloosa counties are lucky so far as getting visits from storms is concerned.

Officials of the Alabama Power Co. reported that damage to their lines would run into the thousands dollars. Southern Bell Telephone Co. officials reported less damage to their lines.

PAPERS BLOWN FIFTEEN MILES IN STORM LAST SUNDAY NIGHT

Some burial insurance papers and some receipts were crried by the storm last Sunday night a distance of about fifteen miles—from the home of Oscar Sewell of Antioch community to the home of George Mims in Temple community. This incident goes to prove that the storm last Sunday night was a real one so far as playing unbelievable pranks is concerned.

DIXIE IGNORES CROP INSURING

Washington, Dec. 4.—An agricultural adjustment administration official said today he believed cotton growers had lost interest in current crop insurance proposals because they would not meet their needs. "Of course," said W. B. Camp, assistant director of the AAA's southern division, "cotton growers as a group are as interested as anyone in crop insurance, but they just haven't found any plan that seems to fit. The current plan would not meet the requirements of a crop whose price fluctuates more disastrously than crop yields.

Camp said he based conclusions on the assumpton the plan would not insure any crop for more than 75 per cent of the everage yield and that full premiums would be paid in kind by farmers, two features mentioned by Secretary Wallace in crop insurance discussions. The official said a study of cotton yields over various periods, some as long as 35-years, showed in most cases the annual state-wide yield seldom fluctuated more than 2 per cent from the previous five or ten-year average.

"Crop insurance," he added, "would not have helped farm income in the south to any appreciable extent during the depressed years." He said records showed on a ten-year average North Carolina and Florida would have collected insurance only in 35 years, while South Carolina, Georgia, Louisiana, Alabama, and Texas would not have collected all.

SINGING AT FRIENDSHIP FRIDAY NIGHT, DEC. 11

There will be a singing at Friendship Church Friday night of this week, beginning at 7 o'clock. All singers of the county are invited to attend and take part in the services. Bring your new books.

MOVED BACK TO HIS FARM

Mr. C. D. Foshee, better known as Uncle Charlie, who has been living in Clanton for the past two years, has sold out and moved back to his farm, near Billingsley. Mr. Foshee has a fine large farm in that community, and he plans to supervise the cultivation of it for the next year. Uncle Charlie has been a farmer (and a good one) all his life, and he just can't resist the temptation of farming.

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

HALE FARMER INCREASES COTTON YIELD FOUR TIMES

Greensboro, Ala., Dec. 7. — What proper farming practices can do to increase crop yields at the time that they are controlling erosion is strikingly shown on the farm of E. R. Jamieson, a co-operator in the joint program of the Alabama Extension Service and Soil Conservation Service near here, according to J. A. Medlock, assistant agronomist.

Mr. Jamieson bought a worn-out farm in 1918 and began crop rotation before he became a co-operator. Comparative yields before and after proper farming practices were established show: Corn in 1918, 15 to 20 bushels; in 1936, 50 bushels; cotton yield in 1918, 125 pounds; in 1936, 500 pounds; oats in 1918, 25 bushels; in 1936, 60 bushels. Alfalfa produced 4 tons per acre in 1936.

While cotton appears in the rotations only once in 4 or 5 years, the per-acre yield has been increased 4 times. This means that he is getting almost the same amount of cotton as before on one-fourth as much land, and that the land is protected against erosion most of the time by cover crops and the value of the land was increased by increased fertility.

NOW IS THE TIME TO TURN CROTALARIA

December and early January are the best times for farmers to turn crotalaria, advises Dean M. J. Funchess, Director of the Alabama Experiment Station.

If turning is delayed until spring, poor results from the crop following the crotalaria are sometimes obtained.

The plants should be cut by a stalk cutter when they are thoroughly dry. This makes the heavy growth easily turned under.

In advising farmers to save their crotalaria seed, J. C. Lowery, extension agronomist, says that the seed may be stripped by hand or plants may be cut and the seed thrashed or flailed out.

Seventeen Alabama 4-H Club boys and girls have returned to the state after spending the past week in Chicago, Ill., attending the National 4-H Club Congress. Tney were given the trips for outstanding club work during the past year.

Farmers with plenty of feed probably will find this is a good time to carry their brood sows and to buy more feeder pigs, says the Bureau of Agricultural Economics.

NATCHEL PROGRAM MAKES BOW ON RADIO

Much interest is being shown in the radio feature recently inaugurated by the Natural Chilean Nitrate people, now a regular program on twelve leading southern stations.

The leading characters are Uncle Natchel and sonny. The former is a sage old darky whose name derives from his intense love for "natchel things." The latter is his small white charge, the son of Natchel's employer, whose adventures and schemes are those that are natural in the life of a typical farm boy.

Uncle Natchel is played by Frank Wilson, who portrayed "Moses" in both the stage and film version of Green Pastures. Sonny is James Franklyn Allen, a Tennessee boy of nine, who already has shown marked talent in radio and motion picture roles.

Uncle Natchel and Sonny are supported by a well balanced cast of rario players, and the many musical numbers arranged by the author, Mrs. Florence Richardson, an authority on southern folk lore and old negro songs, are especially appealing. The two leading characters, Uncle Natchel and Sonny, have been featured pictorially for three years on the Natchel Chilean Nitrate calendars.

YEARLING STEERS GAIN MORE THAN 2-YEAR-OLDS

Yearling steers made faster and cheaper gains than 2-year-old steers during a 154-day test conducted by the United States Bureau of Animal Husbandry and reported to the Alabama Extension Service.

The yearlings gained, on the average, a little over one-quarter of a pound a day more than the 2-year-olds. And the total cost for feeding the yearling steers for that fattening period was $2.70 less than the total cost of feeding the 2 year-olds.

At the end of the 154-day fattening period, the yearling steers weighed an average of 1,000 pounds. The 2-year-old steers weighed an average of 1,083 pounds—only a few pounds more than the yearling steers.

BRIEF FARM NEWS

Alabama farmers improved the staple and grade of their cotton this year over last year. Only 5 per cent of the cotton staples this year was shorter than 7|8 inch compared with 35 per cent last year; 12 per cent of the Alabama samples measured over 1 inch, compared with only 4 1|2 per cent last season.

Six trucks are humming along the highways of Georgia, Alabama, Florida, Mississippi, North Carolina and South Carolina, transporting trees and shrubs from nurseries to projects and camp areas for planting by the Soil Conservation Service and Extension Service during the next three months.

Farmers co-operating with the Soil Conservation Service and Extension Service near Anniston are this year producing kudzu from seed instead of crowns. If the plan continues to prove successful it will reduce the cost of producing kudzu.

BIRDS NEED SHELTER DURING WINTER MONTHS

Scattering bread crumbs on the window sill for hungry birds is doing a good turn, but providing suitable shelter may be even more appreciated during the winter, suggests Harold S. Peters, in charge of a co-operative wild life project in Alabama.

COLORED PIANISTS HERE SUNDAY AFTERNOON

Marc D'Albert of New York, a graduate of Chicago Piano College, will be presented in recital at the Union Baptist Church, Colored, West End, Sunday afternoon, December 13, at 3 p. m. sharp.

Special seats are provided for white friends. We wish to make a correction; some of the peaple have been told that Albert is a graduate of Boston Conservatory of Music, but instead, it is the Chicago Piano College. You will miss a musical treat of your life if you don't hear Albert this Sunday afternoon. The price of admission will be only 10c. Hear him.—A. Edward Banks, director.

BOX SUPPER AT OAK GROVE

There will be a box supper Saturday night, December, 19th, at Oak Grove school house, for benefit of the Church. Begins about 7:00 o'clock. All are invited to help out.—W. J. Northcutt.

BOYS 4-H CLUB STANTON

Assistant County Agent B. N. Ivey, met with Stanton 4-H Club at Stanton Jr., High School Thursday, December 3, 1936. There were 25 boys present. The only business to come before the Club was to elect a song and cheer leader. The Club elected Eugene Rush to fill this place.

Our program was on save the saplins and the soil. This was a most worth while program especially to club boys as we feel it our duty to protect the land that will be ours in the future.

SAVE THE SAPLINGS AND SOIL

The rich topsoil on the fields and the saplings in the woods are a farm's most valuable assets. When the topsoil is allowed to wash away the farmer must then begin to greatly increase his fertilizing and work to get a fair crop. When the saplings are destroyed the farmer's future wood supply and chances for selling commercial timber are reduced to practically zero.

Fire is the greatest enemy of young trees as it stunts their growth if it does not kill them and often scars them so as to make a poor grade of lumber when they are later sold for timber. This poor grade of timber decreases your income.

Fires not only harm the trees but burn the decayed leaves and straw that form a protective layer on the ground. This decayed vegetable matter holds the rain that falls on it and allows it to soak into the ground instead of running off in streams. This stores up water for dry seasons, helps to prevent floods, and cuts down on erosion.

Birds, rabbits, and other small game made their nests and dens in the brush grass, and small trees. Much of their food comes from these same grasses, weeds and trees. These birds and animals give you pleasant recreation in the form of hunting, and the birds help the farmer by eating insects that harm his crops. When you burn the woods you destroy their homes, their young and their food. Protect your game by not burning the woods.

Nature provides a ground cover of grass to keep idle and pasture lands from eroding. This covering often forms on cultivated fields after crops are laid by and will help the soil during the winter months while it won't increase its fertility enough to mention. The farmer of today has learned the value of planting a winter cover crop such as vetch, Austrian peas, and clovers that protect the soil and then greatly enrich it when it is plowed under in the spring. If such cover crops are not planted be sure not to burn the cover that nature has provided.

The winter months are best time to build up your terraces, to fix all the breaks and to build up all low places. The heavy, steady rains of this season can cause big gullies in a short time and at the same time wash away tons of the rich topsoil. Every farmer should plow out his terrace channels at least twice a year. The best times for this are just before planting winter crops and just before platinng the summer ones. When he does this he should fix the breaks and low places making sure that the fills that he puts in are much higher than the rest of the terrace, as fresh dirt settles when rained on. After every rain, no matter what time of the year, he should walk over his terraces and repair any damage that may have taken place.

The winter months are the time for helping nature reforest. Mother nature will usually reforest a field but it will take many years for her to cover all of it. You can help her by transplanting young seedling trees from other areas that are too thickly covered with trees or the seedlings can be bought from your state nursery at a very small cost.

Young people should be the ones most interested in saving the land and saplings because they have their life ahead of them and they are theirs to manage and work. Therefore it is to their interest to do their part to save these gifts of nature and to get everyone else to do the same thing.

JEMISON F. F. A. CHAPTER NEWS

Members of the Jemison Chapter of the Future Farmers of America have been very busy during the past few weeks. This chapter cooporated with the Jemison Chapter of F. H. A. in sponsoring an oyster and chicken supper which was very successful. Two literary and two regular meetings have been held during the past month. Some of the principal items discussed at these meetings was the building of a club house and securing the neccessary funds to take an educational tour of the Wesern Coast next summer. A committee was appointed to draw up a plan for the cabin and to set a day to begin work on the cabin.

Two invitations have been held for greenhands during this school year. The boys who qualified for this degree were as follows:

Princeton Summers, Gaston Williams, Roy Scatterwhite, Morgan Adams, Ted Cobb, Auther Nelson, Eugene Smith, Austin McCarty, George Smith, Winston Clements, Jay Lee Martin, Horace Checkler, Lonee Lenoir, Herbert Wright, Jr., Earnest Robinson. Another Greenhead invitation will be held in eight weeks, and a Future Farmer invitation will be held soon.—Reporter, Arnold White.

Pud Walker has returned from Montgomery, where he has been visiting for a month.

DIEF'S SERVICE STATION HAD ITS FORMAL OPENING LAST SATURDAY

Pictured above is the new and modern Dief's Service Station, located on the highway between Fourth and Fifth Avenues, in the next block above Clanton Motors. Mr. L. E. Diefenderfer, the operator of this modern service station, is perhaps one of the best known men in this line of business in this section of Alabama.

Regarding his station, Mr. Dief said: "We have what we believe to be one of the cleanest and most modern service stations between Birmingham and Montgomery. In fact, it surpasses our own idea of what a filling station ought to be. We want our old customers and new ones to visit us and inspect the modern greasing apparatus and other servicing devices we have for the use of our customers."

Associated with Mr. Diefenderfer in waiting on the trade are his son, Milton Diefenderfer, and Mr. Euell Martin, both young men but experienced and courteous in that kind of work.

On the opening day last Saturday, as per announcement, Dief's Service Station gave away to visitors hundreds of souvenirs.

This new station dispenses Pan-Am Gasoline and Oils, and uses the famous Pan-Am Lubrications on all grease jobs. "Orange Pan-Am gasoline for today's high speed motors, and tough Pan-Am motor oils, sealed for safety," are what Mr. Dief, Milton and Euell are preaching to the people of Clanton and Chilton County.

Dr. J. H. Stephens, of Woodlawn, Birmingham, was in Clanton attending to business matters Tuesday.

The Union-Banner—1 Year, $1.00

MRS. G. W. TRAYWICK DIED

Mrs. G. W. Traywick, age 68, died at her home Tuesday, and the funeral was held Wedesday at 2:30 at Macedonia, Beat 11, Rev. Jim Debose officiating. Spigener was in charge.

Survivals are her husband and three daughters-Mrs. J. W. Smith of Jemison, Mrs. Fred Grimes, Pickwick, Tenn., Mrs. Charlie Jones of New Hope. There are four sons, Walter and Alvin, of Clanton; Wilber and Harvey of Birmingham.

SURPRISE SHOWER

On Saturday afternoon, November 28, Mrs. A. L. Foshee was very pleasantly surprised when Circle No. 1 of the Liberty Hill W. M. U. gave her a surprise miscellaneous shower at her home.

About 2 o'clock the ladies arrived, bringing with them gifts, also refreshments which were served later.

Scripture was read by Rev. J. S. Holland, the pastor, who then led in prayer. Several songs were sung after which refreshments were served.

Members of the Circle present were: Mesdames S. J. M. Webb, Emma Foshee, Zack Lowery, G. L. Foshee, Edgar Littlejohn, Alphus Littlejohn, Oliver Duke, Grady Cooper, Marvin Lowery, Raymond Johnson, Wilburn Ward, A. L. Foshee, Miss Lena Littlejohn, Rev. and Mrs. J. S. Holland, Mrs. G. W. Mims, and Mrs. Raymond Smith.

We are sorry to hear that Mr. I. S. Levine has been ill with cold for the past few days.

REWARD 4-H SERVICE

FOR eight years Billy Hale, 18, of Hixson, Tenn., has done fine deeds as a 4-H club member and leader to make life in his community happier and better. State club leaders entered his record in the National 4-H Social Progress Program sponsored by Radio Corporation of America and he was awarded highest honors and a trip to New York City with his leader next June. There he and the national girl champion, Daphne De Bruin, 18 of Montana, will each be presented a $500.00 college scholarship by David Sarnoff, president, in a fitting ceremony. The contest, conducted this past year by extension agents, brought to light innumerable instances of community service performed by boys and girls among the one million enrolled in 4-H clubs.

ENTERPRISE

The singing society of this place was called to order by an assistant chairman, Mr. J. D. DeVaughn.

The directors for the afternoon were: Edward Davis, Marshal Burkhalter, Orbie DeVaughn, Herman Dubose, J. E. Varner, Sam Burkhalter, and Eugene Davis. Pianists for the afternoon were Sarah Davis and J. E. Varner. Several specials were rendered during the time.

On account of the weather being so unfavorable, the crowd was small. Let's all come on to the singing and not let the weather stand in our way.

Let's each and everyone come back each first Sunday afternoon and bring someone with you. We need your help so be there and help us out.

Elmore Stores Have Grown To 24-Unit System Of Retailing

ALABAMA CHAIN OF STORES HAS GROWN TO 24-UNIT SYSTEM

V. J. Elmore, Native Of State, Started 11 Years Ago With Business In Clanton

The establishment of a still expanding 24-unit system of 5-cent, 10-cent and $1 stores within the state in 11 years, beginning with a single store in Clanton, Ala., in 1925, is the achievement of V. J. Elmore, head of the V. J. Elmore 5-cent, 10-cent and $1 Stores, Inc., a strictly Alabama institution financed by Alabama capital.

Born and reared on a farm in south Alabama, Mr. Emore remained on the farm until he was 21 and then became a clerk in a general merchandise store in Elba, Ala.

After two years as a clerk Mr. Elmore went into business for himself, but sold it in 1915 to establish a store in Clanton, the World War took him as a soldier in 1916, and he remained in service until 1918, when he again engaged in business in Clanton.

In 1925 he changed his businss to the 5-cent, 10-cent and $1 system of merchandising in Clanton, and thus

MR. VIRGIL J. ELMORE

began th system that today has 24 modern units strategically located throughout the state and with more being added as rapidly as desirable locations can be obtained.

Mr. Elmore expanded his business under the trade style of the V. J. Elmore 5-cent, 10-cent and $1 stores until 1935 when it was decided to incorporate the business. Mr. and Mrs. Elmore and Francis B. Latady were the incorporators.

It has been the policy of the company on the newer installations to use only the most modern of fixtures and equipment in opening new stores while the older stores have been remodeled and refurnished to give them the utmost in efficiency of operation and comfort and convenience of their customers.—Birmingham News.

Clanton is indeed proud to claim as its own a citizen of the enterprise and integrity of Virgil Elmore. Besides fully appreciating the fact that he, several years ago, chose Clanton as his home, we also are proud of the splended store he has in our city, and we are proud that he has his wholesale headquarters, offices and warehouse in Clanton. These businesses mean much to our little city.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By REV. HAROLD L. LUNDQUIST, Dean of the Moody Bible Institute of Chicago.

© Western Newspaper Union.

Lesson for December 13

JOHN'S VISION ON PATMOS

LESSON TEXT—Revelation 1:4-18.

GOLDEN TEXT—Fear not; I am the first and the last:....behold, I am alive for evermore. Revelation 1:17, 18.

PRIMARY TOPIC—When John Saw Jesus Again.

JUNIOR TOPIC—Jerusalem, the Golden.

INTERMEDIATE AND SENIOR TOPIC—Listening to the Ever-Living Christ.

YOUNG PEOPLE AND ADULT TOPIC—The Living Christ Among the Churches.

The first chapter of the Revelation, while it is an introduction to the entire book, is worthy of study by itself as a glorious revealing of Jesus Christ, his person and work. Some will wish to use the chapter as a preface to the study of the solemn and instructive messages to the seven churches of Asia which are found in chapters 2 and 3; but for most schools it will be better to concentrate on the messages of the chapter itself.

I. His Person.

While many of the characteristics of the Son of God are here presented, two are particularly emphasized.

1. His eternity (vv. 8, 11, 17).

In a world which understands but little of the meaning of its past, which lives in a badly befuddled present, and admittedly knows nothing of the future, it is a source of the deepest satisfaction and peace of heart to know and serve the One who "is and was and which is to come, the Almighty." He already "was in the beginning," and is to be through all eternity.

2. His glory (vv. 5, 13-16).

Jesus Christ is presented in verse 5 as "the faithful witness and first begotten of the dead," who is the ruler "over all the kings of the earth." The followers of Christ have a glorious captain and leader. The kingdoms of all the earth are his by right. Some day he will rule in fact and in person.

The infinitely beautiful description of our Lord in verses 13 to 16 is almost beyond interpretation. Have you seen him in his majesty and glory? The one who is "in the Spirit on the Lord's Day" can still see "him who is invisible" (Heb. 11:27).

II. His Work.

1. His victory (v. 18).

He died for our sins but "was raised again for our justification" (Rom. 4:25). We have not a dead, but a living Saviour. He has "the keys of death and hell." The one who follows a human leader parts with him at the grave. But he who follows Christ does not lose him when he passes over into the next world, for he is there, and he has the keys of all authority, not only in this world but also in that which is to come.

2. His love (v. 5).

How deep and rich was his love toward us. It sent him to the cross.

3. His redemption (v. 5).

He "washed us from our sins in his own blood." We read in Hebrews 9:22 that "without the shedding of blood there is no remission." The cults and creeds which deny or ignore the need of cleansing in the blood of Jesus Christ may be religious but they are not Christian.

4. His fellowship (v. 13).

The candlesticks are churches and the stars are God's messengers. They are not alone in the world; he is "in the midst." Do we recognize his presence?

5. His return (v. 7).

"Behold, he cometh with clouds." How can anyone read the New Testament and fail to see, and to teach and to preach the Lord's return?

He is coming again. What is our duty in the light of his coming?

a. To live lives of purity and Christian nobility. (Read I John 3:3, and compare vv. 1 and 2.)

b. To be diligent in sacrificial service. "Occupy till I come" (Luke 19:13) is the command of the one who "went into a far country to receive for himself a kingdom and to return" (Luke 19:11).

CLANTON, ALABAMA

THORSBY SECTION

(Mrs. S. E. Norton, Manager)

There is a box in Willis Grocery Store for the benefit of those who wish to place in it news articles for The Union-Banner.

Services at Congregational church as usual; Sunday school at 9:45, worship service at 11 o'clock. Christian Endeavor at 6:30, and there will be no evening service.

Choir practice on Wednesday evening at 4 o'clock at Helen Jenkins Hall.

Prayer meeting will be held at the home of Rev. E. W. Butler on Wednesday at 7 o'clock. An important business meeting of the church will follow the prayer meeting.

The Ladies Guild social will be held at the home of Mrs. C. S. Howard on Thursday, December 17, at 2 o'clock. Please notice that this is the Lutheran week, but as they are not having a social the Ladies Guild thought it best to have their social one week earlier. Mrs. Anna Phalin will be hostess. Please everyone be present. Reports of the bazaar will be given.

The Boy Scouts will meet Friday night at the city hall at 6:30. All Scouts who do not attend at least once a month will be dismissed from the troop.

Mrs. Olaf Schieve died on Thursday night, December 3. Funeral was held at the Lutheran church at 2 o'clock Friday. Rev. Lawrence Stanley officated. Mrs. Schieve was buried in the Thorsby cemetery, with Martin in charge. She was born June 26, 1850, in Turnjam, Norway. She came to this country when a young girl, and has been married 52 years. She has two nieces in New York and several nieces in Norway, they being her only relatives. Mr. Schieve has two nieces with him who arrived in Thorsby Saturday night from Chicago. We do not know how long they will be here.

Mr. Roy Raybon is home from Birmingham, where he has been at work for the past two weeks. He is now in Thorsby to stay.

Miss Naemi Turnquist of Selma was the Sunday dinner guest of Mr. and Mrs. C. R. Foss.

Mrs. Janie Sutlive, mother of Mr. V. H. Sutlive, arrived in Thorsby on Tuesday, December 1. She expects to spend the winter here with her son.

Mr. and Mrs. C. W. Hulsey have gone to housekeeping in the Samuel Mims house. They moved in last Saturday.

Thorsby Institute News

Saturday afternoon in the dining hall the junior music pupils of Miss Kathryn Foss gave a recital. Those taking part were Marjorie Bentley, Peggy Franklin, Inez Cox, Charlene Williams, Mary Margaret Mims, and Grace Swanson Mixson. Miss Foss sang "Summer" and "Sleepytime," with Grace Swanson Mixson accompanying. After the recital, hot fruit juice and cakes were served.

A week from Friday night at 7:30 the annual Christmas program of the Helen Keller Literary Society will be given. A pageant entitled "Follow the Star" will be given. Admission will be 10 cents. Everyone is invited.

Principal J. A. Hayes and Mr. and Mrs. Hulsey were dinner guests at the dining hall Sunday.

School closes for the Christmas vacation December 22, at 1:35 p.m., and will re-open January 6.

Christian Endeavor News

The Christian Endeavor Society met Sunday evening, December 6, in the dining hall. Mary Christ was in charge of the program. The topic was "Jesus and the Old Testament." The following took part: Lois Clark, Kathleen Petty, Dorothy Weems, and Ouida Wright.

The executive committee meeting was held Sunday afternoon at 4 o'clock in the dining hall of Thorsby Institute.

Mr. and Mrs. Leo Cobb went to Birmingham Monday.

The Lutheran minister, the Rev. A. T. Fant, was in Thorsby Saturday and preached at the Lutheran church Sunday. He was entertained by Mr. and Mrs. Soberg Saturday night, and was with Mr. and Mrs. Reuben Foss Sunday night. He goes to Silver Hill Tuesday, where he will live, coming to Thorsby once a month to preach at the Lutheran church.

Mr. and Mrs. Clyde Meade and daughter, Helen, Orville Freeman and Ernest Eiland, who left Thorsby some weeks ago, are near Yuma, Arizona, are all at carpenter work, and all live together.

Mr. and Mrs. Andrew Jackson and children spent the week end in Deatsville with her mother, Mrs. W. M. Dennis.

Mr. and Mrs. Emmett Billingsley spent Sunday with Miss Bertha Littleton in Birmingham.

Mr. Leonard Moody of Birmingham was a visitor to Mr. and Mrs. V. H. Sutlive on Saturday.

Miss Mary Louise Reinhardt of Alabama College spent the week end in Thorsby with her parents.

Miss Louise Robinson visited at the home of Mr. and Mrs. W. H. Raybon Sunday.

Mr. and Mrs. C. R. Foss had a visit from their daughter, Miss Edith Foss, of Selma, over the week end.

Mr. and Mrs. Charles Cleckler and Miss Mary Louise Reinhardt visited in Columbiana Sunday.

The P.-T. A. will have a social Friday night at the Grammar school at 7 o'clock. This is to be Fathers' night. While all members are cordially invited, the fathers are given a special invitation to attend. Refreshments will be served.

Mrs. W. P. Lowery has been in bed several days with cold.

Mr. J. A. Hayes, principal of the public school, accompanied by his father and mother, spent the Thanksgiving season in Arkansas, visiting with a son and brother.

Miss Ruth Dennis of Deatsville is spending this week with her sister, Mrs. Andrew Jackson.

The members attending the curriculum course of Montevallo met with Miss Jessie Mims Monday night.

Miss Julia Pratt Johnson has enrolled as a student in the stenographic department of Massey Business College in Birmingham and began her studies there on Monday of this week.

Mrs. Mabel Taylor spent the week end in Birmingham.

Mr. and Mrs. Pearson Grimes had as their guests over the week end, Mr. and Mrs. R. E. Woodruf and daughter of Benton.

Mrs. Jim Pate has been ill a few days with lumbago.

Mr. and Mrs. Ernie Littleton and children of Helena visited in Thorsby over the week end.

Mr. Harvey Wilson spent the week end in Atlanta with his daughter, Frances, who holds a position there with the Southern Agriculturist.

Mr. and Mrs. R. W. Scott had as their guests on Sunday, Mr. Willie Scott and Mr. and Mrs. R. D. Gibbons and children.

Mr. and Mrs. Roy Robinson and children visited relatives in Thorsby on Saturday.

Mrs. W. H. Raybon and Edna spent Monday afternoon with Mrs. Vardaman Robinson.

Love of Nature

The presence of the love of Nature is an invariable sign of goodness of heart and justness of moral perception, though by no means of moral practice. When it is originally absent from any mind, that mind is in many respects hard, worldly, and degraded.—Ruskin.

A Wife

There is one name which I can never utter without a reverence due to the religion which binds earth to heaven—a name cheered, beautiful, exalted and hallowed—and that is the name of wife.—Bulwer.

Pride and Humility

Pride is not the heritage of man; humility should dwell with frailty, and atone for ignorance, error, and imperfection.—Sydney Smith.

Great Duties

Great trials seem to be a necessary preparation for great duties.—E. Thomson.

Ability and Opportunity

Where there exists honest ability there exists also real opportunity.—G. C. Golden.

Mr. and Mrs. Walter Robinson, Miss Roma Lee Pate, and Miss Polly Collins went to Mitchell Dam Sunday.

Opened Crushing Plant

Now operating a Crushing Plant in the Leary Building at back of Postoffice. Prepared to crush Beans, Corn, Cornstalks, Fodder, Hay, Vines, Sorghum, or anything that is grindable. Have a corn-cracking machine for making Chicken Feed. Also operating Grist Mill.

INDUSTRIALISTS TO RECOMMEND BIG LOW-COST HOUSING PROGRAM

New York, Dec. 7.—The appointment of a committee of industrialists to aid and encourage the building of low-cost homes for wage earners as a factor in further national recovery will be urged upon the Congress of American Industry at its meeting here on December 9th and 10th.

This recommendation is contained in a report of the National Association of manufactures' Committee on Housing and Employment which will be presented at the annual meeting of manufactures by the committee chairman, Charles R. Hook, President of the American Rolling Mill Company, of Middletown, Ohio.

A copy of this report, which has just been made public, estimates the present housing requirements in America at up to six million home units. A substantial proportion of the revival of industrial and business activity and re-employment is dependent upon a revival of activity in the construction industry, the report contends, adding that particular emphasis must be given to low-cost and low-rent housing in the cost range of $2,000 to $3,000.

Three important fundamentals involved in better housing were said by the committee to be the possibility of materially assisting in the solution of the employment problem, the social problem involving better citizenship and the opportunity for opening up an avenue of sound investment of capital with a fair return.

"The provision of proper housing," said Mr. Hook, is not only an important responsibility of the constructing industry but it is a resonsibility requiring the attention of all indutry, all business and all interested in the creating and maintenance of a satisfied and effective citizenry. The owning of a home certainly tends to make a man deeply interested in the form of his government and the economical and efficent administration of that government.

"We believe it is the duty of the manufacturing industry to lend its aid to the development of a program which will quickly start the work of producing the home for the working man. To that end we will recommend to the Congress of American Industry that an appropriate committee of the National Association of Manufactures cooperate with those who are sponsoring constructive solutions of the housing problem."

RAILROAD ORDERS FOR STEEL ARE UP

New York, Dec. 7.—The purchase of steel by railroads during 1936 promises to reach the largest total of any year since 1930, according to figures annalyzed by the American Iron and Steel Institute. The orders are being placed for new equipment and maintenance of way.

Orders for locomotives, exclusive of specially designed power units for streamlined trains, reached a total of 180 for the first 10 months of 1936, compared with 83 for the whole of last year. Inquiries are outstanding for 155 additional locomotives and plans for the purchase of five more have already been announced.

Production of rails and fastenings during the first three quarters of the year exceeded 1,290,000 tons, an increase of 78 per cent above the corresponding period last year.

FIDDLERS CONVENTION AT UNION GROVE

There will be a fiddlers convention at Union Grove on Saturday night, December 19, at 7:30 o'clock. All fiddlers are invited. Prizes will be given. If you like good old time fiddling don't miss this.

STUDY DISCLOSES NATIONAL WEALTH

New York, Dec. 7.—Manufacturing is the largest industrial source of the national income, generally contributing 20 to 25 per cent of the total, according to a study published by the National Industrial Conference Board. In 1935 the board estimates receipts from manufacturing in salaries, wages, dividends, interest and other payments at $12,000,000,000.

Income from manufacturing was a little over $18,000,000,000 in 1929, but dropped rapidly with the advent of the depression, and in 1932 and 1933 was less than $8,500,000,000. From this low point it has risen steadily. Preliminary indications are that a substantial gain will be recorded for 1936.

Salaries and wages are by far the largest single type of income contributed by manufacturing industry and account for 80 to 85 per cent of the total. Dividends, the second largest type of payment, account for 12 to 15 per cent of the total. The 4 or 5 per cent remaining of income from manufacturing is made up of entrepreneurial income interest and net rent.

State Capitol News

Montgomery, Ala., Dec. 10. — Gov. Bibb Graves and school leaders throughout the State were highly elated this week when informed that organized labor had adopted a resolution "not to oppose" the pending tax program before the Legislature. The action taken on the eve of a favorable vote on the one and a half per cent gross receipts levy by the House of Representatives, was taken in Birmingham by the executive committee of the Alabama Federation of Labor.

Another hard fight is expected when the Senate takes up the $135,000 a year to the 67 county sheriffs of the State as compensation for feeding prisoners. An unconfirmed report is heard that the Sheriffs' Association might "trade" with the Legislature agreeing not to fight the abolishment of their "feed fees" in return for a constitutional amendment to allow sheriffs to succeed themselves.

Several hundred "long term" State convicts will receive Christmas paroles ranging from two to four weeks, Governor Graves announced Monday.

The Goveror said he had authorized the Convict Department to select the candidates for executive clemency and that about five per cent of the prison population of the State would be effected.

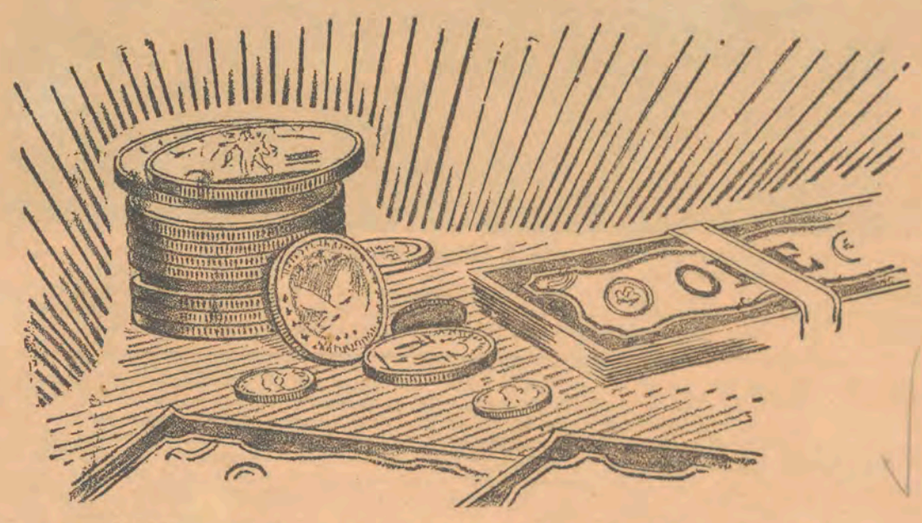
ATTENTION GIRLS! WOMENLESS FASHION SHOW

Professor R. U. Stylish, professor of exterior decorating at Chic Colloge, and his professional models will be at Verbena High School Friday night, December 11th, at 7:30 o'clock. The styles are direct from Paris. Only exclusive models are to be shown.—Admission 10 and 15 cents.

Mrs. Annie Armstrong is in Birmingham this week, visiting her sister, Mrs. G. W. Blalock.

The Wide-Awake Farmer

CAN'T ESCAPE IT



IF YOU are a farmer, you may be inclined to say: "All this talk and activity about new industries in Alabama is fine, but I can't see where it will help me any."

But let us see! Let us assume that a new factory employing 500 people opens in a town near you. That means there will be 500 more people to feed in that community. It means that they'll need the "fat of the land"—milk and vegetables and meat and eggs—things you can grow and sell. That means you'll be able to begin to diversify to greater extent than before. It means that you'll have a *steadier* and *larger* cash income.

New Industries In Alabama Mean Much To The Alabama Farmer

For the past 14 years, Alabama Power Company, cooperating to develop a better balance between agriculture and industry, has been one of the leading agencies in presenting the advantages of Alabama to industrialists. *Many of them have located factories here as a result.*

Farmers, storekeepers, public institutions and many individual citizens have been benefitted.

LANDON'S LUCK POOR

Apalachicola, Florida, Dec. 10.—A luckless week of hunting and fishing ended Tuesday for Gov. Alfred M. Landon, of Kansas, who started his return journey to Topeka by way of New Orleans. He hunted for deer and turkey, saw both but killed neither. He bagged a few duck, but unfavorable weather prevented the "serious fishing" he came to do.

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained.

Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

Beware Coughs
from common colds
That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

A review of state events told in brief

Homes valued at $30,000 are under construction at Atmore.

The Princess Theatre, Florence, has been remodeled and renovated.

A. R. Decatur has resigned his position as city clerk at Talladega.

City fathers at Luverne have reduced electric rates to all consumers.

Myrtha Lewis has been appointed acting postmaster at Sweet Water, Ala.

Birmingham's most dangerous traffic hour is between 6 p. m. and 7 p. m.

Hunting on TVA lands is permitted, subject to State laws and certain other restrictions.

Talladega post office receipts in November were $2,224, up 6.8 per cent from 1935.

New construction at Greenville is worth more than $100,000. Big project is the municipal building.

"Fallow Field" won for Florence M. Crow the annual lyric award of the Poetry Society of Alabama.

Jefferson D. Henry, Birmingham, has been assigned to the Athens CCC unit as educational advisor.

R. H. Powell, Jr., is the new president of the Tuskegee Civitan Club. He succeeded J. D. Randall.

Until his death the oldest alumnus of Howard College, Henry Y. Weissinger, 94, died in Birmingham.

Up five per cent went wages of 350 employes of the Jasper Mill of Alabama Mills, Inc., effective as of Nov. 30.

City commissioners at Florence limited parking in the business district to one hour during the holiday buying season.

Hartselle is the home of Miss Nell Sample, voted one of the 10 most beautiful students at Huntingdon College, Montgomery.

The cost of operating Bessemer schools for the 1935-36 term was $124,794.70, an increase of $1,592 over the previous year.

Half a block from Courthouse Square at Hand Avenue and First Street will be located Bay Minette's new post office.

Errie Ball, 26 year-old English golfer, former pro at the Mobile Country Club will go to Farmington Country Club, Charlottesville, Va., Jan. 1.

Representative John Chichester, of Jefferson, introduced a bill at Montgomery to eliminate the word "front" from 1938 automobile license plates.

Four sources of electric power are available to farmers in Alabama: private power companies; TVA; municipal plants; cooperative power associations.

Carl Creel, vocational agriculture teacher, has nurtured a one-variety cotton movement at Orrville that is receiving unanimous farmer support.

"Bingo," a dog in Tuskegee, was stopped while out strolling, by some one who removed his harness and sent him home minus the winter outerwear.

"Campus Reflector," a four-page tabloid newspaper, is being published semi-monthly by students at Walker County High School, Jasper. Don Connell is editor.

The State of Alabama is manufacturing brooms for state use only at Prison No. 4, near Kilby. The State previously had spent about $7,000 annually for brooms.

Walt Cagle, 525-pound Sand Mountain weather prophet, motored into Boaz via school bus, bought a pair of size 74 overalls and predicted a "hard, cold winter with lots of snow."

Miss Bernice Teal, of Ashland, is the new president of the Alumnae Federation of Southern Colleges for Women. Miss Teal presided at the recent convention in Richmond, Va.

Pride of Alabama's 4-H Club girls, 16-year-old Mary Flynn Sellers, 61-inch brunette of Letohatchee, was adjudged one of the six healthiest 4-H Club members in the United States.

Completion of school buildings at Pine Springs, Oak Hill, Vernon and Springhill has provided modern educational facilities for the 919 children enrolled in those Lamar County schools.

Auburn will meet Villanova in a New Year's Day football game in Havana, Cuba. Coach Maurice Smith of Villanova, and Jack Meagher, Alabama Poly mentor, were teammates at Notre Dame when the great Rockne was there in 1919.

Franklin Moore, four years a member of Decatur Fire Department, has resigned and accepted a post with State Highway patrol. Acquisition of Moore brings the total force of patrolmen in that district to 19.

Six acres of land within the Atmore city limits this year produced three successful crops for Marshall Patterson, business man. First was an excellent strawberry crop, then a highly profitable potato harvest and last, 11 bales of cotton, averaging 500 pounds each, together with 17,600 pounds of seed.

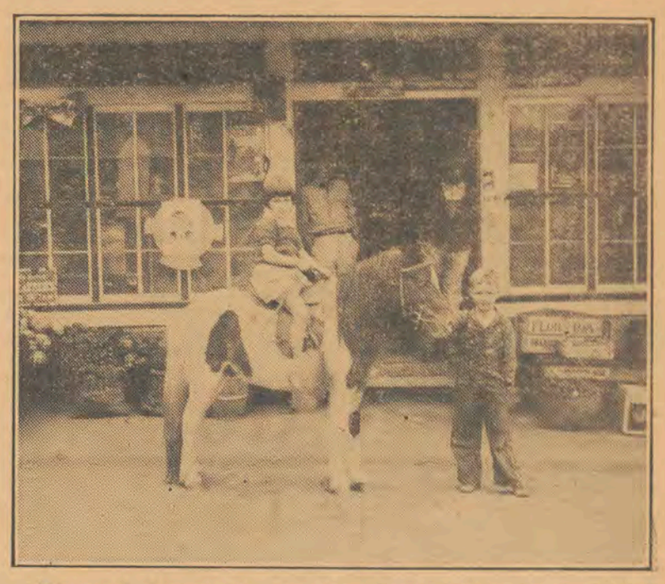
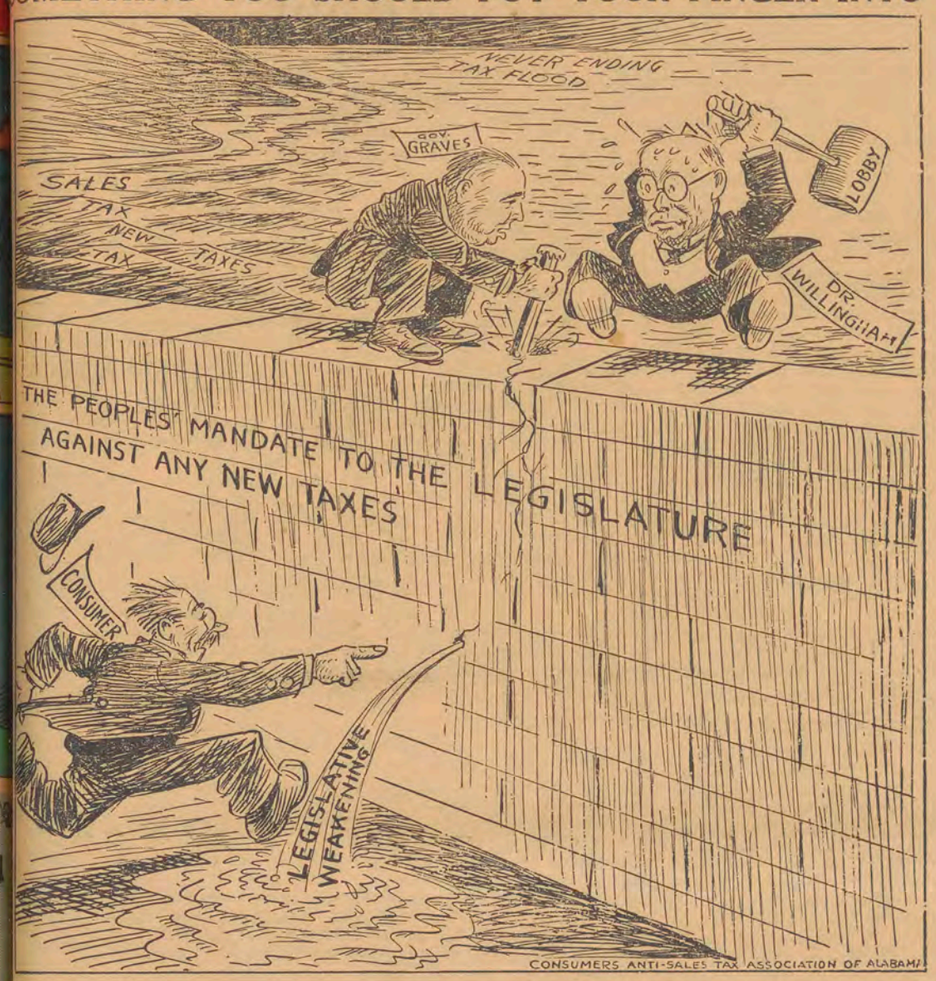
Beautiful Little Shetland Pony Will Be Given Away Christmas Eve By R. W. Lowe



Pictured above is the beautiful little Shetland pony which will be awarded by the well known R. W. Lowe Store, of South Clanton. The award will be made at the store on Christmas Eve to some fortunate youngster. Details of the award will be given at the Store. Remember, Dec. 24th!

SOMETHING YOU SHOULD PUT YOUR FINGER INTO



L & N. PAYING TAXES EARLY TO HELP TEACHERS AND OTHERS

Mr. Dan Hogan, L. & N. agent at Clanton, has received the following letter from J. A. Morrison, district superintendent of the company:

"Under the laws of Alabama, we have until December 31 to pay state and county taxes, before penalty accrues. The L. & N. Railroad Company pays in Alabama to the various collecting districts about $800,000 per year.

"In order that the school teachers and others who depend largely upon railroad taxes for money for Christmas, may be paid, I have been authorized by President J. B. Hill of this company to see that all taxes the L. & N. owes to the state, county, city, and other taxing districts, are paid shortly after December 1.—J. A. Morrison, Superintendent."

CORN COBS OFFER WARMTH TO POOR OF MEMPHIS AREA

Memphis, Tenn., Dec. 10.—Corn cobs are doing their bit to keep needy folk in Memphis warm this winter.

The company that leased the new municipal grain elevator installed a corn sheller handling 1,000 bushels an hour on a 12-hour daily schedule.

Mounds of corn cobs quickly accumulate from the fast machinery. They are given to the Memphis Welfare Commission, which in turn distributes them to the needy for fuel.

DOLLAR STORE OFFERING SERVICEABLE GIFT ARTICLES

Mr. Pinkerson, of the Dollar Store, is offering a number of articles that would make serviceable Christmas gifts. This store does not cater to toys and the like, but they can help you solve your gift problem by selecting an article that will be appreciated. Turn to the Dollar Store Adv. on the back page and read what is suggested.

WHAT OF LIBERTY?

Freedom-loving Americans will find ample food for thought in the riots, revolutions and civil wars that are an invariable part of the struggle of the isms now going on in many parts of the world.

When the bloodshed and turmoil is over; when the strife and agony that always usher in these new doctrines subsides, what happens? Americans, along with the people of all other nations where isms are reaching for a foothold, are entitled to ask themselves this question.

Fortunately there is plenty of evidence at hand to furnish an answer. From any of the dictatorships which are common to all isms one can find all the evidence he needs to prove what the future holds under any such system. Let us take one example.

There, the people work when and where they are told for whatever pay the state wants to give them; they turn their children over to the state and they worship what and where the state dictates. Freedom of speech, freedom of religion, freedom of press, freedom of assembly, right of trial by jury—all basic rights which Americans accept as their common heritage—vanish under a dictatorship because dictatorships cannot exist among a free people.

Americans who cherish these privileges as a birthright doubtless are considered poor, benighted serfs by the ism exponents in this country who shout at us from soap boxes whenever they can get a crowd to listen. But Americans know that in a battle of the isms, the first victim in the struggle si human liberty.

NATIONAL AFFAIRS

(By Frank P. Litschert

Reports coming from Europe to the effect that Germany, Japan and Italy are about to complete an anti-red pact, have been received in Washington without comment by American statesmen. The stories of this alliance, if true, however, spell the possibility of future trouble, which, if it develops, will require exercise of all the American good sense and sound judgment, if we are to avoid war in the Orient.

The tentative line-up seems to be Hitler, Mussolini and the Mikado against Russia, France, and such smaller allies as may be attracted to their side. If war comes it will doubtless be pitched on the broad issue of Communism against Fascism. Every effort will be made to get Uncle Sam into the contest. Agents will try to make use of the racial antipathy against Japan, that is unfortunately manifest in the United States, and advantage will be taken of the fact that Americans do not like the doctrines and the form of government put into effect by Mussolini and Hitler. On the other hand, the Communists' enemies in the United States will seek to prevent our going into any struggle which will render aid and comfort to the soldiers of the Reds of Moscow.

If this were all, the American avoidance of trouble would be comparatively easy. People of the United States as a rule have no sympathy for Naziism, Communism, or Fascism. Unfortunately, however, the probabilities cited above are only a part of the story. Behind the camouflage of two political theories fighting against one another for supremacy, we will have the old spectacle of a war of a nationalist Japan against nationalist Russia and of France against Germany, just as it was in the old days. The combat will not be fought for theory but for economic and political power.

The great danger to American peace of mind at such a time lies in the probability that Great Britain, fearing the loss of crippling of her tremendous market in the Orient, may decide to throw her hat into the military ring. If this happens, then America will be beseiged with numerous appeals to enter the war to save democracy again, and we will hear a lot about Anglo-Saxon solidarity, and the necessity of our marching side by side with our British cousins to enforce the peace and freedom of the world. If this comes about we will have a barrage of propaganda in the country, the like of which has never been encountered since the signing of the armistice, and it is a barrage which, if set in motion, will require a great deal of calm and sane thinking on the part of Americans who believe in our traditional foreign policy.

America need not battle for or against any form of government in foreign lands. Neither will the people sanction the sending of young American manhood across the Pacific to preserve for European nations an Oriental market which is many times more valuable to them than it is to us. But we are a sentimental people, and if the hands-across-the-sea slogan is worked often and skilfully enough, we may be carried away by our own sentimentality. Here is the real danger of America's being plunged into a war in the Orient. There is a tiny cloud in the western horizon today. True, it may disappear, and all Americans still hope that it will. But it is not too early now to be anticipating what international calls may be made upon us in the future.

A TRIP TO RUSSIA

An interesting account of his experiences and impressions in Soviet Russia are given in the current issue of the National Republic by Alva Khoran, who made a trip to the Communist country. In relating some impressions of his entry to the Red realm, Mr. Khoran says:

Upon arriving at the Soviet border, the 2- or 3-hour delay at the customs building provides ample opportunity for the anti-Communist to take down notes supporting his contention that Moscow is trying to undermine all capitalistic governments in general and that of the United States in particular. In letters a foot high, across all four walls of the customs inspection room, and in all the principal languages is blazoned the order, "Proletariat of all the nations, unite!"

While the triumphant enemy of Communism is taking snaps of this evidence, which by the way will be taken from him when he recrosses the border, friends of the Soviet, by some mysterious means known only to themselves, are singling each other out for congratulatory handshakes. At times they even burst into snatches of song from the International or some ballad about Stenka Razin, the leader of a peasant revolt, but due to a peculiar inability to follow a melody, these musical efforts soon degenerate into a babel of shouting and expostulating. The conservative tourist and even the parlor pink is considerably taken aback at the change which has come over his fellow travelers, mostly from the United States, upon crossing the Soviet border. They have suddenly become very open in their championship of Communism and very bold and defiant in their denunciation of capitalism. Here a Bronx school teacher announces that at last she can speak freely without fear of capitalistic reprisals; there a Detroit mechanic tells his open-mouthed, newly-made Russian acquaintances about the American workers' families thrown into the streets with their furniture, babies and poor old grandmothers because the could not raise the rent demanded by their whip-cracking landlords. Close by, another party worker boasts to an admiring group of the under-cover work he carried on while imprisoned at Alcatraz. In the meantime, several Russian Communists edge in to inquire how much longer it will be before the American workers begin their revolution.

Ten minutes of this initial demonstration is sufficient to send the average champion of Americanism charging red-faced into the largest group of agitators. But before he can finish the first sentence of his denunciation they drown him out with deafening shouts to the effect that they have all seen these very things with their own eyes right in the streets of New York, Chicago, and Los Angeles. Stunned, the champion of capitalism seeks a quiet corner in which to get his bearings. When he emerges, it is with the realization that he is alone in an alien world. Upon leaving the Soviet border for Moscow, the Mecca of all good Communists, the tourist's concern is not, as might be expected, Communism vs. capitalism, but his own immediate physical comfort, or, as it turns out to be, discomfort. Food, sleeping accommodations, the safety of one's purse and person, and the ill-reputed Russian plumbing loom up as matters of far greater importance than the fate of the world's starving workers.

TWENTY YEARS TOO LATE

Twenty years too late, according to stories from Europe, the German government has recognized the curb in submarine warfare which President Wilson sought to put into effect while we were still a neutral in the great World War.

The Reich, through its ambassador to Britain, Joachim von Ribbentrop, has handed to the British foreign office a note accepting for Germany the agreement that henceforth the government recognizes that the submarine, in time of war, shall not have the right to sink merchant vessels unreservedly. The agreement which has been signed, contains the following provisions, among others:

1. In their action with regard to merchant ships, submarines must conform to the rules of international law to which surface vessels are subject.

2. In particular, except in the case of persistent refusal to stop on being summoned, or of active resistance to visit or search, a warship, whether surface vessel or submarine, may not sink or render incapable of navigation a merchant vessel without first having placed passengers, crew and ship's papers in a place of safety. For this purpose the ship's boats are not regarded as a place of safety unless the safety of the passengers and crew is assured, in the existing sea and weather conditions, by the proximity of land, or the presence of another vessel which is in a position to take them on board.

Those who remember the European war before it became the World War will remember the amount of tension, doubt and uncertainty, with crisis following crisis, which came with the unrestricted submarine warfare. Two or three times, before war was declared, the United States seemed on the verge of hostilities with the Central Empires. President Wilson sought in vain to have Germany agree to the obligation of warning and search on the part of submarine commanders, but the Kaiser refused to do so, claiming as an excuse that the other side was violating international law, too.

The other day Count von Ribbentrop said: "Therefore, I most respectfully declare in the name of my government that the German government accepts the regulations re-stated above, and accepts it as binding upon it from today."

One may well wonder what would have been the subsequent history of the world had the Kaiser made such statement and agreement, at the time the American government was seeking to get him to do so. It is entirely possible that in such an event America might not have entered the World War. Many of the Allied experts now say, despite the fact that they were then urging us to hurry, that they would have won the war anyhow. Perhaps they would, and perhaps not. The speculation of what might have been is at least interesting, although it is entirely useless.

At any rate it may be said that from the standpoint of its own good and the good of the Kaiser, the Reich was just 20 years too late.

The unemployed man called on a business acquaintance and said he was looking for a position.

"But you always refused jobs before. Why do you want one now?" asked his friend.

"Well, I've been loafing steadily for two years, and now I need a vacation!" explained the man.—Boston Transcript.

Oscar, the host of the Waldorf-Astoria in New York, warns the married woman about risking the affection of her husband by serving him delicatessen dinners. But sometimes even the oiled sardine is less deadly than the bride's biscuits.

MAN IN THE MOON

THE GENTLEMEN CONVENE

Once more the illustrious gentlemen who make up the famous do-nothing legislature of Alabama are in session—for a few hours each week. As all know, these Alabama legislators consider two days a week full time. They are paid for full time, we understand, but two days a week is the usual working period—the rest of the week is given over to chewing the rag. And how those fellows can chew that rag! About a year ago they chewed it until even Gov. Graves became disgusted and sent them home, without their having done anything to earn a thin dime. The governor was the last to become disgusted—the people of the state had been in such a frame of mind for some time—and didn't fail to let it be known. Now they are back again, trying to raise more revenue, the very job they were called down to do the last session.

I don't think anyone is surprised much. The fellows could make out very well during the summer months, when the neighbors had a mess of collards and such to bring from time to time, but with winter here, and Christmas just around the corner and presents to be bought, the boys had to call on poor old "Here We Rest" for a little spiking in the pocket book so all those things could be taken care of. After all, I believe the state motto or slogan: "Here We Rest", is a very fitting one, so far as the legislature is concerned—that seems to be the thing they do best.

If you talk to one of these 2x4 big shots, you'd think he was the very essence of statesmanship. They will wave you right away if you mention the salary they get. Any of them will tell you they are not at Montgomery for the money they get, but so far I have heard of none of them turning down their check, AND, we have all noticed that each and every member of this august body does his bit to manage to keep the session going just about as long as the law will allow.

Well, as long as there is nothing we can do about it, we see no reason to worry over our legislature—but pass it off for just what it is—one big over-grown and rusty joke. We remember hearing that during the heat of the last session one of our own legislators told his committee that Chilton County had some of the most ignorant people to be found anywhere, to which one of our Democratic citizens who was present replied that perhaps that was true, else they never would have picked out two of the worst of the whole lot and sent them to Montgomery to represent us in the first place.

And that's that. And not so far from the truth!

THE SALES TAX

While our grand legislature is trying to figure out a way to provide more money for the Graves gang to throw away and use in paying off political debts, it is very probable that nothing will even be tried but the legalization of liquor and a sales tax. The idea of economy in state government has never even been remotely considered.

The sales tax fight comes up first, and a real fight is expected. You can find people in all walks of life, right here among us, who THINK they want a sales tax, but I have yet to find ONE PERSON who has had much experience with it who likes it. You will be told that it is the fairest tax to be found, because everybody pays it, when the truth of the matter is that it is just another tax, and the LITTLE FELLOW will pay it, after all. What if one of the so-called big ones does pay, he only adds it to his goods or services, and the little consumers, who can't pass it on, pay it.

They will tell you that it is a PAINLESS tax, and that you will never miss it. If you should be taken to a hospital, put to sleep, and an arm removed, that would be painless, too, at the time, BUT YOU WOULD MISS IT. And don't let anyone tell you different. When you start paying a cent or two every time you buy a soft drink, a cigar, an apple, a loaf of bread; from a nickel to a dime when you fill your gas tank or buy a pair of shoes; or a half-dollar when you buy a suit of clothes, don't you believe you'll notice that? I KNOW I will.

As to legalization of liquor, that may be expected, too. And our state supreme court has ruled that the law does not require a referendum, as Gov. Graves promised. Of course this does not release him from that promise, but it lets him out of a tight spot. He can now secretly direct his boot-licking legislature to pass the repeal law, and then tell the people that the courts and the legislature rendered him powerless to make good on his promises.

And here is something else you can bet on. Both liquor AND the sales tax will be brought in, or neither of them will. This is easily explained. There is a group that wants the sales tax, and another that wants the liquor law removed. If the liquor crowd fails to help pass a sales tax (which comes up first), then the sales tax pirates will kill the liquor bill out of spite, and all the boys oh both sides know it. So, you can look for both, or neither. And you can just about bet your last dime we'll get BOTH. That cockeyed legislature that is Alabama's!

BATTLE OF THE BOWLS

Well, the battle of the bowls is over. All the excitement of waiting to see who would be invited to play in famed Rose Bowl is now just more water over the dam. Alabama was contending that the Crimson Tide should have another crack at the West, inasmuch as it holds about the cleanest record that could be gotten together—3 victories and a tie out of 4 starts—that's next to perfect. Louisiana State thought it should be called, as they are undisputed Southeastern Conference champions, and had never had a chance in the big bowl.

In the end, neither of them got the bid. The Pitt Panther lay back, licking his chops, and said nothihg — much. But Pitt was called. Now, let's figure a bit and see if we can decide how and why the decision was made. To say that the decision has created an uproar all over the country, particularly in the West, is putting it mild. The big shots and smart sports editors had their wires all crossed up, and are dubbing the decision a plain case of dumbness, both on the part of Washington State, the western entry, and Rose Bowl officials, who look at the money end of the whole affair.

By comparative scores, let's see how Pitt rates by the side of Alabama and L. S. U. (Let me explain here that comparative scores are no dependable manner of judging teams, but it is the best that can be done, unless the two teams in the comparison could be gotten together on the gridiron, itself). Pitt tied Fordham, then Fordham tied Georgia, one of the so-called weak sisters in the Southeastern Conference this year; and Georgia beat Tulane by a touchdown. Tulane came along and lost to Alabama by 4 touchdowns, and to L. S. U. by 5 touchdowns. This would seem to make Alabama 3 touchdowns better than Pitt, and L. S. U. 4 touchdowns better. Pitt is considered rather weak by the side of several Southern teams.

Now Pitt lost a game and tied one in the regular season, and Washington State's record is the same. Furthermore, both have been in the Rose Bowl three times, and neither have ever won there. That makes the two of them a pretty fair match, as records go, but fails dismally to measure up to the calibre of attraction usually afforded by Rose Bowl. It is the usual custom to bring together two undefeated teams—this year both have tasted defeat. Not such a wonderful set-up, as a drawing card, and the game's outcome proves exactly nothing. We are told that the whole affair is being booed from the tip of southern California to the Canadian border. That's how the westerners feel about it.

It is very likely that in making the selection, Washington State officials considered several things. Alabama naturally would be the greatest drawing team—the Tide is the only team that has ever packed the big saucer to its capacity of 85,000. But right next door neighbor to Alabama was L. S. U., champion of the conference of which Alabama is a member. If L. S. U. should be chosen, it would look like somebody was afraid of the Red Elephants down Alabama way, and if Alabama should be chosen, it would look like a snub to the Southeastern Conference champions—L. S. U.

And then, again, maybe somebody remembered that whirlwind 20 to 19 whipping Washington State took from Pooley Hubert and his fellow-Tiders a few years back. Maybe, too, they decided that if L. S. U. was good enough to win the title in the conference of which Alabama is a member Washington State might not look so hot against them on New Year's Day. This, of course, is mere supposition, and no one will ever know, perhaps, just what the committee's thoughts were along this line. Any way, Southern teams were set aside—and the general opinion, both east and west, is that the western teams have had their fill of Southern fire and brimstone, where it is said the Southern team always gets mad and fights the Civil War all over again when it steps into Rose Bowl.

And now comes the fun. Officials of the Sugar Bowl at New Orleans declare they can and will give the Rose Bowl the rasberry on January 1, by staging their game between two undefeated teams, while the Rose Bowl is entertaining a pair of second-raters, as records go. Sugar Bowl handlers say their game is a sell-out already, and that attendance will be measured only by seating capacity. They further state that Sugar Bowl will be enlarged from year to year until it will finally seat 150,000. They believe Rose Bowl will play second fiddle to them this year, (a belief in which they are joined by many western sports writers), and that Rose Bowl will continue to play second fiddle. They believe the Rose Bowl has taken a backward step, and Sugar Bowl officials are intending to take full advantage of the slip.

There is no doubt that part of their figures are right. With Santa Clara, an undefeated western team, coming to Sugar Bowl, and with the South being represented by L. S. U., Sugar Bowl will be putting on the hot spot game of the nation. And the fans are funny—once Rose Bowl loses part of its glamour to Sugar Bowl, it will no doubt prove hard to regain.

The outcome of these games? That is a very ticklish question, but I'll put in my guess, any way. I believe the Washington State-Pitt go will be a fairly easy game for the westerners—their margin should be two or three touchdown. In the Sugar Bowl, between L. S. U. and Santa Clara, I'd back L. S. U. by at least a touchdown, maybe two.—Man in the Moon.

A POSSIBLE DIFFICULTY

Now that the new congress is getting ready to convene many political students have been pointing to the tremendous Democratic majority in both branches of the new national legislature as evidence that the New Dealers will have their entire way when it comes to developing policies and framing new legislation.

It is undoubtedly true that the Republicans as partisans will have little chance to stop them. The New Dealers in the House, for example, have a sufficient majority over Republicans to suspend the rules, cut off debate, and place a bill on its passage whenever they desire. But there are other elements of operation which may arise. In the place of a powerful opposition, the so-called high pressure groups will have to be taken into consideration. There are several groups of these in the ranks of labor, among the professional farm groups, and in other directions.

Each of these groups claims the credit for having given President Roosevelt his great landslide. As a matter of fact, however, none is entirely responsible. President Roosevelt won, because business is getting better, and for the reason that economic conditions have improved greatly within the past 3 1-2 years. That this improvement has not been confined to the United States where the New Deal policies have not been in effect, made no difference. The New Dealers were the beneficiaries of the new economic recovery, just as President Hoover was the victim of the depression. In the United States we elect presidents, not because of theories, but of economic conditions. But many of the leaders of the so-called high pressure groups claim credit for the landslide and are going to demand legislation consistent with their own ideas and purposes when congress convenes.

This means that we are going to see pressure applied on congress by theorists of all kinds and descriptions. Each will have his followers at home, and they will not be hesitant in making their wishes known. And so, in the place of a militant, well organized Republican opposition, which might in itself help to ward off the influence of various minority blocs, we shall see an enhancement of the prestige of these groups.

It is going to take real organization and real statesmanship to head off the high pressure groups. Each one, in itself, is probably numerically impotent, but if two or three of them join hands, they may become formidable. And the American politician, be he conservative, liberal or radical, knows something about log rolling. It is no new practice in congress.

Therefore, the New Deal majority is apt to find less rough opposition from the handful of Republicans than it gets from the high pressure groups, each of which claims to be responsible for President Roosevelt's re-election and will therefore be asking for its reward. The next session of congress is very apt to develop into an interesting one.

A wisecracker maintains that when a politician makes up his bed he should lie in it. Unfortunately he seems more inclined to make up his bunk and lie out of it. — Kitchener Record.

25 YEARS AGO

News Items as Published in The Union and in The Banner, Issues of December 7, 1911

A cotton meeting was held at the courthouse on December 6th. A better cotton market was the purpose.

Judge Reynolds has just received a carload of Kentucky mules.

Prof. N. W. Henson of Thorsby Institute was in Clanton last Friday.

Miss Kate Smith of Mt. Creek is spending some time in Clanton.

FEW WANT THE DOLE

The fear has been expressed that government old age pensions, which have been endorsed by both major parties, would be a blow to the life insurance industry. But serious students of the question doubt that it will—for two reasons.

The first reason is practical. Neither party has gone on record in favor of big pensions—both favor rather small payments, that would simply provide for necessities. Persons who want a few luxuries must buy their old age security.

Second—and this reason may be the most important—the American citizen doesn't want to be a pensioner unless he has to. He inherited the individualistic character of the pioneers. And he is going to make every conceivable effort to assure a financially comfortable old age through his own efforts, his thrift and ability.

Whether we have government pensions or not, men will still invest against the future in life insurance and other savings programs.

DON'T GET OUT ON A LIMB

You've heard the old story about the man who, in cutting a limb from a tree, sat on the limb so that when the saw went through he fell with the limb.

Many now seeking to pass special or class taxes against large merchandising systems are in the same position—they're sitting on a limb, and, unknowingly, sawing it off.

Advocates of such inequitable and punitive taxes include some short-sighted independent store operators who figure that if chain systems are artificially hampered, they will benefit. What they don't figure is that once politicians discover that chains are a lucrative source of special income, all merchants will be in line for the tax ax. Wide-awake independents and some officials of independent merchants' organizations are now perceiving this—and are, in their own interest, opposing laws that would unjustly penalize any legitimate kind of advertising.

Some wholesalers likewise favor special chain taxes, on the theory that if the economical chains were given a knock-out punch, they would be able to make larger 'in-between' profits on goods. They might—for a time. But the consumer wouldn't play the sucker for long. He would insist that he be given a fair break—and it is likely that some movement that would be inimical to all private merchandisers, such as the consumer-co-operative, which is worse competition for independent stores, would be greatly encouraged. In brief, crippling the other fellow can't help you in the long run.

COTTON PICKERS

Not so long ago, a ponderous new machine 10 feet high, lumbered through a Southern cotton field. Although still imperfect, it picked in 8 hours as much cotton as 75 or 80 men could have picked by hand. At once there aose the cry: "Here is another machine that will robe men of jobs!"

The New York Times remarks that the immediate effect of the widespread use of this machine might be to take away jobs from some. But it adds:

To concentrate our attention solely on these possibilities would be to regard the perfection of the mechanical picker as a calamity. But this would be to overlook the immense benefits that mechanical improvement brings.

No one would wish to cancel Eli Whitney's invention of the cotton gin nearly a century and a half ago. No one regrets the invention of the wheat harvesting and threshing machine, which reduces labor on the operations involved, it has been estimated, about 84 per cent. We do not want to wipe out the whole industrial revolution, which has created 100 jobs for every one it has taken away.

The mechanical picker would begin, it is true, by displacing labor, but it would also greatly reduce cost of production. As the machine will make possible cheaper cotton, so cheaper cotton, in turn, will encourage the increased consumption of cotton goods, thus benefitting the cotton textile industry, or it will leave consumers with more purchasing power for other goods.

We must not forget that the lowest standard of living, the greatest wretchedness, the greatest single source of child labor in the United States, is among the tenant farmers and the sharecroppers, mainly negroes, of the South. Perhaps the greatest single reason for their low standard of living is that hand-picked cotton is uneconomic. Mechanized cotton fields would have fewer workers, but they would be wage laborers, much better off.

A GOOD SIGN

Payments to beneficiaries and policyholders by life insurance companies are declining. Better times are reducing demands for cash surrender values and loan privileges.

The American people, by and large, have never had a better realization of the necessity of life insurance than at present. Where the average man used to purchase life insurance only for protection for his dependents, he has developed a keen understanding of its value as an investment to assure him security in old age, to build up estates, to guarantee against business reverses, to educate his children, etc.

It is a matter of national pride that the United States is continually increasing its lead over other nations in the amount of life insurance outstanding.

It's a blow to him when a man realizes that he is as great as he ever will be, and that he'd better be concerned about the comforts of old age rather than the ambitions of his youthful years.—Atchison Globe.

MANNING AND MORRIS SELLING COAL HERE

Messrs. Clifford Manning and Clyde Morris are this week running an advertisement anouncing that they are engaged in selling coal in this vicinity. These two industrious young men will be glad to serve you when you need coal, and promise prices on delivery that are in line with everyone else. They have arranged for orders to be phoned to No. 63 for the present.

ENTERPRISE 4-H CLUB NEWS

The Enterprise 4-H Club met Friday, December 4th. The meeting was called to order by the president. After all business had been attended to, and the roll called we rendered a very good and useful program on "Save the Saplings and the Soil." There were some very interesting points brought out on how we should take care of our soil.

Our next meeting will be in January. We hope to have an interesting program for our meeting then.

CLANTON PEOPLE URGED TO CONSERVE WATER

Owing to the continued dry weather, it has become necessary for the city officials to urge the people of Clanton to conserve the water supply. People are asked to forego washing their cars, and other activities that would use water not absolutely necessary, until the supply is enough to care for all demands. We do not want to have to haul our water.

BIRTHDAY SUPPER FOR I. W. BICE

A number of friends and relatives of I. W. Bice gathered at the home of Mr. and Mrs. A. J. Easterling on December 4th, honoring the 77th birthday aniversary of Mr. Bice. The gathering was a surprise to Mr. Bice, but he enjoyed it very much.

A large table was arranged in the center of the room, and filled with good things to eat. Supper was served picnic style. One turkey had escaped Thanksgiving, but he failed to get by this crowd. Everyone enjoyed watching Mr. Bice cut his birthday cake, which was cooked by Mrs. Flora Mims.

Those present were: Mr. and Mrs. A. J. Easterling and daughter, Myrtis, Mr. and Mrs. J. N. Courtney, Mr. and Mrs. S. L. Baker and son, Howard, Mr. and Mrs. K. A. Hardy and son, Wayne, Mr. and Mrs. Melvin Mims, Mr. and Mrs. Dalton Bice, Mr. and Mrs. Allie Easterling, Mr. and Mrs. Kermit Gray, Mrs. S. R. Collins and son, Lamar, Mr. F. A. Bice and son, James, Mr. and Mrs. Amos Hughes, Mrs. Madolyn Bice and daughters, Annie bell, Willie Gene and Mary Dean, Mr. and Mrs. Arther Tippett and daughter, Ruby, Mr. and Mrs. Alton Driver and children, Mrs. Ella Mims, Mrs. Mollie Barrett, Bobby Jo Mims, Mrs. Lula Brown and daughters, Annie and Plumer, Mrs. Flora Mims, Miss Roberta Bice, Miss Kate Courtney, Miss Ethie Easterling, Miss Agnes Hughes.

Mr. Bice received many nice gifts, and everyone wished him many more happy birthdays.

Mr. C. H. (Lum) Robinson, of Beat 16, returned to his home Tuesday, after a week's stay in a Birmingham hospital, where he underwent an operation.

MAPLE SPRINGS

Next Saturday and Sunday being the second, they are our regular preaching days. I am sure our pastor, Bro. Carroll, will bring to us a wonderful message on both days, so let's get our friends to go to church. Preaching Saturday at 11 a.m.; Sunday school Sunday at 10, with preaching following.

Every member is urged to be at Sunday school Sunday. There are plans to have a Christmas tree on Christmas eve night. Names of all small children will be listed on clippings and drawn by adults, and given a present. A program will be planned also. Each member must be present in order to get their names in the drawing list. So mothers and fathers, bring your children to Sunday school next Sunday.

Mr. and Mrs. Mims from Birmingham spent the past week end here with Mr. and Mrs. Ellis Mims.

Misses Lera, Delene and Elsie Glenn and Mr. Arnold Glenn had as their guests Saturday night Misses Mary, Delen and Mildred Wright, Getalene and Elaine Mims, and Messrs. Curtis Jones and Amzie Wright.

Messrs. G. C. Weldon, Nolan Gray, and Earl Neeley of Enterprise were in our community Friday night.

Mr. Bonnie Miller of Enterprise was here Friday morning.

Mr. Luther Lee and family of Poplar Springs have moved to our community.

Mr. Weldon (Bud) McKinney from near Verbena was here last Friday night.

The fruit supper given at the home of Mr. and Mrs. Oliver Glenn Friday night was enjoyed by a large crowd.

Miss Lera Wright spent last week end with Miss Elmer Reene Jones of Isabella community.

Miss Rolene Kelley spent last Wednesday night with Misses Jessie and Pearl Davis.

Mrs. W. F. Glenn spent last Friday night with Mrs. Oliver Glenn.

Mr. and Mrs. J. R. Mitchell made a business trip to Birmingham Tuesday.

Mrs. Velma Davis spent a few days last week with her mother, Mrs. O. L. Devaughn, who has been on the sick list.

Messrs. Kern Sandlin and Ottis Glenn made a business trip to Lay Dam last Sunday.

Mr. Jerrelle Miller was in this community last Wednesday night.

Mr. Joe Lansford was the guest of Mr. Curtis Jones last Friday night.

Mr. S. A. Jones of Clanton was in our community last Monday.

Mr. George McCain of Clanton was a business visitor in this neighborhood Friday afternoon.

Dr. Wm. S. McBirnie

"IRISH" EVANGELIST

We, the citizens of Clanton, have invited Dr. Wm. S. McBirnie for a city-wide Prophetic Bible Course of Sermon-Lectures.

Arrangements have been made for the use of Clanton Gospel Tabernacle, at First Avenue and Third Street.

These services are not being conducted under the auspices of any denomination.

They are for all those who wish to know their Bible better.

We urge you to hear him. Your Bible will become a new book to you. Your newspaper will be startling as you see the fulfillment from day to day of what the Bible said would come.

Dr. McBirnie is a Presbyterian minister from Belfast, Ireland. He has traveled the world over. Was educated in Europe, Canada and the United States. He is a graduate of Lane and McCormick Theological Seminaries.

Series Opens Wed. Dec. 9th 7:30 pm

FREE WILL OFFERING

BOB JONES COMMENTS ON HERE AND HEREAFTER.

Environment is a good thing, but evironment cannot do anything for any man unless he has an affinity for his environment. A hog in the parlor is not changed by his surroundings. The hog changes his surroundings. No man is effected by his surroundings. Jesus said, "Blessed are the pure in heart for they shall see God." What I see and hear and touch affect me, but a man without a pure heart cannot look at the pure and hear the pure and touch the pure. Impure men have no affinity for purity. The doctrine of New Birth taught in the Bible is a sensible doctrine. Except a man be born again, he cannot ever perceive of the kingdom of God.

The writer tells the students of the Bob Jones Colledge to figure on the worst and hope for the best. The world is filled with men who are business failures because they figured on the best and not on the worst. In making a budget for our college at the opening of the year, we always figure the maximum outgo and the minimum income. We do not figure the minimum outgo and the maximum income. This method has enabled the college, through all the years of depression, to pay its actual operating expenses. It has had problems with its building overhead, but without any endowment, the institution has always paid operating expenses. Figure on the worst and hope for the best. "I do not believe there is a hell," a man said to the writer. "I figure there is a hell," I replied. If there is no hell, I will be just as well off in enternity as anybody else. I figure there is one and I am going to try to miss it. The man who does not figure there is a hell may have trouble in the world to come.

"I do not know what to do about a certain proposition," a young man said recently. "Do you have to settle the proposition just now?" I inquired. "No, I can wait." he answered. "When you do not know what to do, do not do anything." That is what a very wise young man told me when I was very young. Sometimes decisions have to be made quickly. When we have to make them quickly, make them on the side of safety. "I do not know whether I should do a certain thing," somebody says. Well, then do not do it. Always give God and the right the benefit of the dought. If a thing is doughtful, it is wrong. "I am looking at this collar to see if it is clean. I am not sure." a man said to his wife one morning. "If it is doughtful, it is dirty." his wife replied.

CLANTON ALABAMA

University News

University, Ala., Dec. 7. —The Institute of public administration sponsored by the Alabama League of Municipalities held a three day meeting at the University of Alabama last week. The principal subject of discussion was the problems of local government.

Noted national figures in the field of municipal administration addressed the meetings. Mr. Carl Chatters, executive director of the Municipal Finance Officers' Association of the United States and Canada, told the meeting that the accounting systems employed by the cities of Birmingham and Tuscaloosa were excellent, and very modern.

The cast of "Yellow Jack," third Blackfriar production of the year, has just been announced here. The play deals with the conquest of yellow fever. The leading role is taken by Charlotte Head, Tuscaloosa. Other important characters are played by James Montgomery, Glenridge, N. J; and Charles Hagood, Birmingham.

Decatur and Leeds acquired the distinction of being the first towns to send in registrations for the annual Youths' Conference, to be held at the University of Alabama from January 1st to 3rd. A delegation of 27 members will be present from Lannett. Weekly radio programs about the conference are being broadcast over station W. A. P. I.

Last week four University students spoke over this station concerning the conference. The speakers were Wilbert Jordan, Robertsdale, President of the state college Y. M. C. A.; W. T. Lewis, past president of the state "Y"; Betty Breaslin, Selma, President of the Women's Student Government; and Kate Stokes, Monroe, La., women's editor of the student newspaper. The four students spoke on "Leadership in College.

The idea that Phi Beta Kappas are "greasy grinds" was clearly disproved by the fouteen University of Alabama students elected to membership in the University chapter of the national scholastic fraternity.

The new Phi Beta Kappas include beautiful girls, men who have distinguished themselfs in athletics, and outstanding leaders in college organizations. All these accomplishments are in addition to their scholarship. Ten of the fourteen students selected for membrship are from the state of Alabama.

Dr. George H. Denny, retiring president of the University of Alabama, lighted the University Christmas tree for the last week. The tree, located on Tutwiler Lawn, was lighted on December 6. Dr. William G. Echols delivered a short message at the ceremony. On the day following the Christmas tree lighting, the University Y. M. C. A. promoted a tag day, in order to raise funds to entertain underprivileged children of Tuscaloosas County at a Christmas party. This party will be held on Saturday, December 12. About 250 children will be tinguished themselves in athletics, and clothing.

General William Crawford Gorgas was characterized as one of the greatest practical sanitarians the world has ever seen in an address delivered at the University of Alabama by Dr. William Gross Harrison, prominent Birmingham physician and former president of the Alabama Medical Association.

Dr. Harrison's address was delivered before Alpha Epsilon Delta, honorary premedical fraternity. Alabama physicians placed on the list of the country's greatest inculded Dr. L. L. Hill, Montgomery, and Dr. James McLester, Birmingham, both University alumni.

Dean Stuart Graves, dean of the University's Medical School, introduced the speaker.

AGED FATHER PASSES

On the morning of November 17, Mr. Tom Mims passed away. He was 77 years of age, his wife precedes him 6 years. He leaves 4 boys, Mr. J. M. Mims, of Sylacauga, Mr. Jeff Mims, of Verbena, Mr. Ab Mims, of Mt. Creek, and Mr. Dewey Mims, of Dolinite. There were three girls, Mrs. Ida Howard, of Camden, Mrs. Rose Miller, of Coopers, Mrs. Beulah Ingram, of Fayette. There are 4 grand children, and 3 great grand children. He was laid to rest at Corinth with Rev. Cecil Ellison conducting the services.—A reader.

A FRIEND OF THE UNION-BANNER

Editor Union-Banner:

I would like to say to the readers of the Union-Baner to let's all come on and make our paper in 1937 the best that it has ever been in its lifetime of 44 years. Let's put on a campaign to put our paper in as many homes in the couunty as possible.

I have been a reader of The Banner a long time, and I hope to continue reading it a long time hence. Remember, friends, that every subscription to our paper will help to make it better for us all.

And I cannot refrain from saying a word about the road business in Chilton county. One only has to go from Chilton into another county, and the difference in the roads can be detected even at night. Chilton county roads are in the worst shape they have been in for years, I am indeed sorry to say. But maybe that condition can be remedied sometime in the near future.—A reader.

Uncle Zack J. Jones, likeable and prominent citizen of West Chilton, was in Clanton a while Monday of this week.

ENTERPRISE

Our 4-H Club met on Friday, December 4, 1936, with Miss Grace in charge. Our subject was, Planing a Menue. We had our Christmas program which was very good. There was a reading given by Ruby Thomas, and a very interesting story given by Miss Grace. Our club is very successful, with everyone doing their best, and we hope to make it better —Irene Gray, Reporter.

ENTERPRISE CLUB NEWS

The Enterprise Home Demonstration Club met Wednesday afternoon, at the home of Mrs. J. C. Boockholdt. Though the weather was bad, we had a large crowd present. Several new members were enrolled. Business of the club was carried out in order.

We had our Christmas program at this meeting. The room was nicely decorated with Christmas tree and bells.

Each one present carried a gift. Everyone seemed to be proud of the present they recieved. There was plenty of fruit, which we enjoyed after the program.

We hope to have you all present at our next meeting which will be on January 6.

WILLIAM CURTIS BLALOCK

William Curtis Blalock, age 79 years, died at his home in Maple Springs community, Monday, December 7th at 9:15 A. M. He had been in declining health for about a year, his aidment being heart dropsy.

Burial was at Chestnut Creek cemetery at 11 o'clock Tuesday, services conducted by Rev. J. D. Hughes and Rev. G. G. Williams. Spigener was in charge.

Mr. Blalock was born in Coosa county in 1857, and was married to Miss Blocker in 1873. Six children were born to them. His first wife died, and about 50 years ago he was married to Miss Mary Bishop, also of Coosa county. To this union were born seven boys.

The family moved to Chilton county about 33 years ago, settling in the same community where he lived until death. Besides his second wife, survivals are ten sons and two daughters.

Surviving children from first marriage are: W. A. Blalock of near Clanton, J. Hawkins Blalock of near Columbiana, Benjamin G. Blalock of Bethel commuunity this county; Mrs. Sam Smith and Mrs. Lonnie Barrett, both of Concord commuunity.

Surviving children from second marriage are: Jim C., Stephen L., Ivy O., Charlie E., Dewey, Lorenza, and Ollie E. All of Chilton County except Dewey, who is of Birmingham.

THE WORTHWHILE CLUB

The Worthwhile Club met at the home of Mrs. Houston Nivens last Thursday afternoon. During the afternoon sewing was enjoyed. The hostess, assisted by Mrs. Lester Wagoner, served cake, sandwhiches and coffee to the following members: mesdames Jessie Jones, Willie Bean, Andrew Jones, Leo Tompson, J. R. Hardy, Webb Parrish, H. B. Esco, Manley Atchinson, Grady Taylor, Herschel Gore, Bud Jones, Luther Bean, Tom Kemp, Ira Crowe, Lester Wagner, Houston Nivens.

Messes Bean, Margaret Kemp, Mary Jo Wagner, and Masters Bean and Freddie Tompson.

ANTI-TUBERCULOSIS CAMPAIGN GETS UNDER WAY THIS WEEK

Newly Organized County League To Sell Christmas Seals To Fight The Dread Disease.

FIGHT TUBERCULOSIS

Buy and Use CHRISTMAS SEALS

One of the most important drives of the year for Chilton County got under way this week when the newly organized Chilton County Tuberculosis Association launched its first sale of Christmas seals. Money raised in this way is used for fighting tuberculosis here in our county and state. Thirty-one cases of tuberculosis were reported to the local county health unit since its organization in March, 1935, and doubtless there are others which have not been brought to the attention of the health authoritiies. For every dollar's worth of seals sold in the county, 80 cents stays right here in the county to help in the fight against this dread disease.

Mrs. Luther Little is chairman of the seal sales, and over 600 persons were mailed seals on Thanksgiving morning. The county tuberculosis association has several important things in mind which they hope to do with the funds realized from the sale of these seals. Among these are the purchase of sanitary sputum cups for those with the disease in the county, tuberculin testing and X-raying school children, and they also are keeping in mind the establishment of a tuberculosis hospital in Chilton County.

At the Christmas season you will certainly be using seals to go on your letters, cards and Christmas packages, so why not do a good deed and buy your Christmas seals today.

TOM THUMB WEDDING AT VERBENA

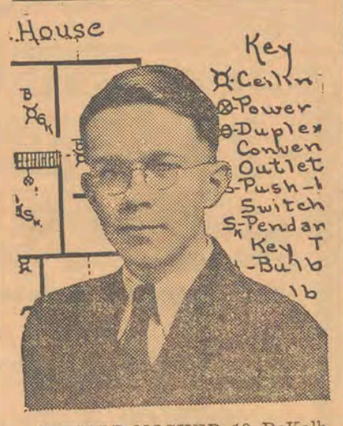
The first grade at Verbena is sponsoring a Tom Thumb Wedding to be given at the Verbena High School on Friday afternoon at 2 o'clock. There will be pretty costumes, good music, and fun for all. Admission will be 10 cents for all.

SAVE THE SOIL AND SAPLINGS

The Cooper 4-H Club held a meeting Friday morning, at 10:30 o'clock. Mr. Ivey gave a mighty interesting talk on saving the soil and the saplings.

We are looking forward to making the next meeting better; always make the best better is a good motto.

4-H LIVE WIRE



DONALD MOSHER, 19, DeKalb, Illinois, boy mapped out a plan for extending the use of electricity on his father's 150-acre farm in a national 4-H contest conducted this past year by extension agents. Sponsored by the Westinghouse Electric and Manufacturing Company to gather information of value in the expanding use of electricity on farms, the contest terminated in the selection of the boy as national champion and winner of a $400.00 college scholarship, and a trip to the 15th National Club Congress in Chicago the week ending December 5. Other trip winners are Paul H. Schaff, Camanche, Iowa, Charles W. Wilburn, Readyville, Tenn., Jean Lowder, Mt. Pleasant, N. C., Smith Roland, Viola, Dela., and Turner G. Timberlake, Magnolia, Md.

MARSHAL LAMBERT DIED OF LOCK JAW SATURDAY

Fuuneral services for James Marshal Lambert, age 10, were held at Cane Creek last Sunday afternoon at 2 o'clock. The little boy died of lock jaw Saturday in a Selma Hospital. The ailment was supposed to have resulted from a splinter being stuck in his foot on Thursday, November 26th, a week and half prior to his death.

He was the son of the late Walter Lambert, who died in Selma nine years ago. His grandfather, W. J. Lambert, also died in Selma six years ago.

The Lambert family used to live in Cane Creek community. The boy is survived by one brother, Jack, 13, who lives with an uncle, J. L. Yates.

The funeral services were conducted by Rev. W. P. Lowery; burial was in charge of Brislin, of Selma.

This boy was the second victim of lock jaw in Selma during the past two months the other one being Leon Lawerence, 9, who died on Oct. 25.

Young Lambert, who was in the second grade of the Frances Thomas School, lived with his uncle, J. A. Lambert, 2505 Water Street. Surviving are his mother, Mrs. J. R. Lucas, of Maplesville; one brother, Jack Lambert; a half-brother, J. R. Lucas, Jr., and his uncle, J. A. Lambert.

AGED LADY BURIED AT THORSBY FRIDAY

The remains of Mrs. Elizabeth Kathrine Schieve, 86, were buried at Thorsby in the city cemetery last Friday afternoon. The aged lady died at her home in Thorsby Thursday night.

The funeral was conducted at the Lutheran Church by Rev. L. L. Stanley of the Congregational Church, Martin and Sons were in charge.

Surviving are her husband, Ofal Schieve; and two nieces in New York State. Pall bearers were: Jim Pate, C. W. Karlson, Regnar Ekblad, Ruben Foss, M. E. Willis and Charley Howard.

Mrs. Schieve was born in Norway, and came to this country when a young girl. She had been living in Thorsby about thirty years.

NEW CEDRON 4-H CLUB BOYS

On Tuesday, November 24, the New Cedron 4-H Club was called to order by the president and the roll was called. Everyone was present. The Club pledge was given by the entire club. The minutes were read and unfinished business was attended to. This included signing of projects cards.

The regular program was then taken up and given by the following:

Reasons for housing poultry by Alton Lawrence, location of the house by Cecil Cox, floor of the house by Thelma Williams, type of roof by J. T. Jones, front elevation and rear elevation by Ruth Lawrence, interior fixtures by Lincoln Moates, use as a brooder house by Talmadge Williams, converting unused outbuildings into poultry houses by Rufus Pruitt. After this program a very interesting and instructive talk was given by Mr. B. N. Ivey, 4-H Club Leader.

BROTHER BRYAN TO SPEAK AT PATES CHAPEL CHURCH

On Friday night, December 11th, at seven o'clock, Rev. J. A. Bryan, pastor tor of Third Presbyterian Church, Birmingham, Ala., will speak at Pates Chapel. This is an opportunity to hear this great lecturer, writer and preacher that we should not miss. Everyone is cordially invited.

On Sunday afternoon Pates Chapel Singing Society met with a small crowd, but we had some real singing. Derectors for the evening were J. C. Scott, Athalee Price, Ivy Hayes, Zelma Hayes, Icy Blow, Emily Pate and Burble Price. A special song was sung by Athalee Price, Zelma Hayes, Ivy Hayes and Icy Blow. We are always glad to have visitors. Remeber us the First Sunday evening in each month.

Saturday night and Sunday Rev. Nix from Bessemer, our pastor, will preach. Come and hear him for a real spiritual enlightenment.

The Union-Banner—1 Year, $1.00

MUSICAL PROGRAM AT PATES CHAPEL DEC. 18

Mr. Loyd Howard and his band, known as Wayside Wonders, will put on a musical program at Pates Chapel church on Friday night, December 18, beginning at 7:00 o'clock. The program will last for an hour and a half and will consist of singing, dancing and comedy.

Features of the program will be Buck Littleton with his jug, and the Thorsby Junior Quartet. Sponsors are the Farmers Union Local, and the admission price will be 10c and 15c.

WARNING ISSUED TO THOSE DAMAGING U. S. PROPERTY

Someone has, no doubt without thinking, been doing some damage to the building material at the airport, according to L. M. Mathews, WPA director here. Mr. Mathews reminds these people that the materials at the airport are government property, and those found doing any damage there could face serious charges.

Alabama Job Insurance Law Was Held Invalid

Act Held In Violation of Both State and Federal Constitutions. Attorney General Will Appeal.

Montgomery, Dec. 15.—A three-judge federal court ruled Tuesday that the Alabama unemployment insurance law violated both the state and federal constitutions, and granted a permanent injunction to complaining firms enjoining the state from enforcing the law. The court, composed of Judges Samuel H. Sibley, C. B. Kennamer, and R. T. Ervin, did not pass upon the constitutionality of the federal unemployment insurance act which was challenged in the same case.

The decision was handed down in the cases of the Gulf States Paper Corporation, and the Southern Coal and Coke Company, against Attorney General A. A. Carmichael and the state unemployment insurance board.

State Perpetually Enjoined

By the decision, the State of Alabama was "perpetually enjoined from enforcing the said act against complainant in any way requiring contributions, reports or otherwise, or by exacting fines, penalties or other punishments because of the failure to comply with said act, the said act being held and declared to be unconstitutional and void because in conflict with the 14th amendment of the United States Constitution, and of Article 1, section 23, of the constitution of Alabama."

No Wholesale Cut In Relief Yet Planned

Washington, Dec. 17.—Works Progress Administration Administrator Harry L. Hopkins today repeated his promise that no persons needing relief will be dropped from Federal work rolls, adding that any needy person already dismissed will be immediately re-employed.

Hopkins' promise, reportedly made after intervention of President Roosevelt in the relief situation, was given to Mayor Fiorello H. La Guardia, New York City, president of the U. S. Conference of Mayors.

The mayors had protested directly to Mr. Roosevelt after Deputy WPA administrator Aubrey W. Williams announced a shortage of relief money would force 425,000 perns off Federal relief this month.

Hopkins declared that, while WPA is paring its rolls, there would be no wholesale dismissals.

HOME OF BILL WILSON TORN UP BY WINDSTORM

The windstorm that dipped down at intervals through Chilton County on Sunday night, December 6th, took as its toll, in addition to damage already reported, the home of Mr. Bill Wilson, near Maple Springs. The building belonged to Mrs. J. S. Davis. The damage was estimated at about $500. No one was injured.

Sheriff Bill To Allow Succession In Office

Alabama sheriffs Monday centered their attention on the Alabama house of representatives where the lawmakers were expected to act Tuesday upon a proposed constitutional amendment to permit sheriffs to succeed themselves. The measure, introduced by Speaker Pro Tem M. L. Robertson, of Cullman, now rests on the 12-page house calendar and may not receive a final vote. If passed by the legislature, it would be submitted to the people early next year for ratification or rejection.

Under Alabama's constitution, sheriffs are the only county officers who are not permitted to succeed themselves in office, although the same prohibition is leveled against the governor, lieutenant governor, attorney general, secretary of state, state auditor, treasurer, commissioner of agriculture, and state superintendent of education.

The proposed amendment to lift this prohibition against the sheriffs was passed by the legislature and submitted to the voters in 1932 but was voted down with all other amendments submitted at that election—among them the present state income tax which was ratified when resubmitted in 1933.

CLANTON WATERWORKS LOAN IS ALMOST A CERTAINTY

Washington, Dec. 12. — The Public Works Administration's list of projects eligible for allotment includes 29 Alabama applications, asking federal funds totaling $3,057,290.

Projects reach the eligible status when they receive the three PWA examining divisions—legal, engineering, and finance. After that, only the president's approval is necessary for the allocation.

The new Alabama list, compiled by Orville Rush, Gov. Graves' personal representative in the capital, showed sponsors of these projects promised contributions of $2,096,808, bringing the total estimated cost of the 29 undertakings to $5,153,098.

Among projects on the eligible list is: Clanton — Municipal improvements, $32,589 grant toward total cost of $71,589.

Series Of Lectures At Gospel Tabernacle

Rev. W. S. McBirnie, Irish Evangelist, Announces Topics for Coming Meetings.

Rev. William S. McBirnie, a noted Presbyterian clergyman, from Belfast, Ireland, who is conducting an interdenominational prophetic Bible Conference at the Clanton Gospel Tabernacle, corner of First Avenue and Third Street, nightly at 7 o'clock, Sunday afternoon at 2:30, will take for his subject tonight, "Health, Wealth and Prosperity Guaranteed to all Christians on the Earth at that Time."

Sunday afternoon Dr. McBirnie will discuss, "Is the Christian a Fool? or The Five Crowns."

Sunday night the Irish evangelist will bring, "Why is Satan in Heaven Now?" At this time Rev. McBirnie will answer, "What is the origin of sin? Why is Satan in heaven now? Has he a job there? What is it?" said Miss Ashmun, the evangelist's secretary.

"The Great Battle of Armageddon," will be the subject discussed by Rev. McBirnie Monday night.

Tuesday night, "Except there come a falling away first, or, The fool hath said . . . There is no God," will be the subject. Stereopticon slide photographs will be shown in connection with this message.

Wesdnesday night, "The Five False Theories Concerning the Return of the Lord," will be discussed.

Rev. McBirnie knows world conditions as do few men today, because of his great knowledge of the Bible and his world travels.

Thursday night his subject will be, "Why are there thirty million men out of work? . . . Why are times getting better?"

All sermon-lectures are open to the public.

ALABAMA LEADS U. S. IN NUMBER OF STILLS SEIZED

Bone-dry Alabama led all States of the union in the number of stills seized in the year ending June 30, 1936. accroding to a report received by Joe Rollins, state head of the federal alcohol tax unit

One thousand three-hundred and seventy-one of the 15,456 still seizures in the nation were in Alabama, the report said. Alabama also led the United States in the proportion of stills seized for each 100,000 population.

An average of 48 stills for each 100,000 persons was calculated for Alabama, compared with an everage of 12 for each 100,000 throughout the country.

Close behind in seizures in proportion to population were:

Virgina, with 45 per 100,000; North Carolina and Florida with averages of 39; Georgia, 35; Mississippi, 31; South Carolina, 28.

Dryest state in the union, according to the report, was Vermont, where no stills were seized. Only three stills were seized in Maine. Idaho and New Hampshire alcohol tax investigators nabbed five stills in each state.

Mr. Rollins, who became head of the Alabama division of the unit June 1, 1935, thus has the record of topping the nation in still seizures in his first year of leadership. A former sheriff of Houston County, he has received high praise from his associates and superiors for his efficiency.

Mrs. Willie Jones has returned home after a visit to the capital city.

A DAY EARLY NEXT WEEK

The Union-Banner will come out a day early next week. It will reach the subscribers on Wednesday instead of Thursday. This is done in order that the advertising will reach the buying public two days before Christmas instead of just one day, which would be the case if the regular routine were followed.

Therefore, the management of the paper is calling on all correspondents to turn in their copy as early as possible. It will also greatly facilitate matters if those wishing advs. will prepare their copy early. Please lend us your co-operation.

BERRY GROWERS TO MEET

The regular annual meeting of the Clanton Berry Growers Association is hereby called to meet at the courthouse at Clanton on Saturday, December 19, at 1:00 p.m., for the selection of officers for 1937, and attending to all other business properly coming before the meeting. Come and bring any of your neighbors who are interested in growing berries.

Place — Courthouse; time — Saturday, December 19, at 1:00 p.m. — W. T. Bean, President; J. N. Dennis, Secretary.

ARTHUR TIPPETT SELLING FRUIT AT BEAN & TAYLOR'S

Mr. Arthur Tippett is in charge of the fruit tables in front of Bean & Taylor's grocery store in Clanton. He will look after the stand all through the holidays, and will be glad for his friends to call around and see him; and he will be glad to sell you some fruit, too. He did not authorize the last phrase, but we take a chance on being correct, any way.

LIQUOR STILL TORN UP

Deputies C. S. Smith and S. D. McCary, of Maplesville, destroyed a liquor still near the County Training School last Friday. It was a box outfit, 150-gallon capacity, and was not in operation. There were three barrels of mash at the site. One arrest was made.

New Type NRA Aim Of Parley At Washington

Washington, Dec. 11.—A drive for a modified NRA took form today within the Council for Industrial Progress. Business men and labor leaders who gathered at the invitation of George L. Berry sought in a closed meeting to put their recommendations for legislation into writing. Berry is the president's co-ordinator for industrial co-operation.

Jurisdiction over wages and hours, standards of fair competition and establishment of a permanent "advisory economic council" were the foremost topics. While some business spokesmen advocated only permissive legislation for industry to co-operate on such problems, labor sentiment appeared predominantly in favor of federal control.

Officials reported 700 new members joined the council at the public session yesterday, bringing the membership to more than 900. At that time a defense of the NRA "principles of control" by William Green, president of the American Federation of Labor, brought applause. Secretary Perkins in an address today appealed to the industrialists present to increase employment as much as possible, especially for older and unskilled workers.

BENEFIT PLAY AT HIGH SCHOOL CALLED OFF UNTIL JANUARY

The play, "Take A Chance," which was advertised to be held at the high school Friday night, the 18th, has been postponed on account of the illness of some of the members of the cast. The play, however, will be given one night in January; full announcement to be made later.

TEMPLE CHURCH

Rev. A. T. Hickman, pastor, from Birmingham, will preach at Temple Church on Saturday night, December 19, and on Sunday, December 20, both morning and night. Sunday school at 10 o'clock; preaching at 11.

Miss Ethel Cagle, teacher at Isabella, spent last week end in Birmingham.

PASTOR WELCOMED

Union Springs, Alabama.—All the congregations of the town united in a service here Sunday night honoring the new pastor of the First Methodist Church, Dr. A. E. Middlebrooks, and welcoming him to his new field. The Rev. Richard L. Lyon, pastor of the First Baptist Chuch, presided, and welcomed the pastor on behalf of Baptists of the town, the Rev. Stanford Parnell spoke for his own congregation the Presbyterian, and Mayor C. A. May extended a welcome in the name of the town.

Dr. Middlebrooks, who comes to Union Springs from Clanton, is a graduate of Birmingham-Southern College and has a Ph.D. degree from Northwestern and he also attended Yale Divinty School. For a time he was a member of the faculty of Kentucky Wesleyan and other schools.

Xmas Vesper Musical Canton Baptist Church

Hammond Electric Organ Will Be A Feature at Vesper Program To Be Held Sunday at 6:00 P. M.

A Christmas service of song, story and glorious music will be held at the Clanton Baptist Church Sunday, December 20th, at six o'clock. This hour has been chosen that all neighboring churches may have the oportunity of worshiping with us and enjoying the unusual privilege which is ours.

Mr. James McLendon, and Mrs. W. L. Longshore, artists from Birmingham, will be with us to furnish the music, playing the new Hammond electric organ. Not many of us have had a chance to hear this new organ, and to have it played by such proficient musicians is a rare treat, indeed.

The Handley Memorial Presbyterian choir, from Birmingham, will be here and assist the Clanton Baptist choir in rendering the music.

We invite all our neighbors of the county to come. We too, have made preparation to make this an outstanding evening. The theme, "Like the Wise Men," will be portrayed in music, song and story, all participants being in costume.

It is the most unique service ever held at our church, and we believe will be one of the best. All lovers of song and music are given a hearty invitation. Services will start exactly at six o'clock, Sunday afternoon.

ALABAMA DEC. 1 COTTON REPORT

The Alabama cotton report is forecast at 1,140,000 bales of 500 pounds gross weight, based on indications as of December 1. This forecast is 15,000 bales less than the November 1 forecast and compares with a total production of 1,059,000 bales in 1935, 950,000 bales in 1934, 969,000 bales in 1933, and an average production for the five-year period (1928 1932) of 1,255,000 bales.

The average yield per acre is now estimated at 234 pounds. This is the highest yield on record and compares with an estimated yield of 226 pounds per acre in 1935, 213 pounds per acre in 1934, 200 pounds per acre in 1933, and a ten-year (1923-1932) average yield of 172 pouuds per acre.

CHRISTMAS LIGHTS IN OPERATION

The Kiwanis Christmas lights were put into operation in Clanton for the first time Monday night. This holiday effect certainly helps the appearance of the city, and seem to impart to the whole place the realization that the season of good cheer is at hand and that good will among men is emanating from the hearts and lives of everybody.

This is as we should all feel at Christmas time, and certainly the Christmas lights play their pro rata part in bringing around such feeling. Of course, on the other hand, it is possible for some people to become too jubilant when the Christmas spirit becomes mixed in with various and sundry other kinds of spirits, and things all run together and look double. The Union-Banner would take this occasion to ask our people to refrain from this kind of celebration during the next two weeks especially. You will have a better time to let the Christmas spirit have full sway in your life, and not permit any other kinds of spirits to play any part. Let's all celebrate and have a good time, but remain sober in the time of it.

Power Loan Policy Delayed By Court

High Tribunal Sends Duke Power Co. Case Back For Re-Trial

Washington, Dec. 14 — The Supreme Court today ordered the momentous Duke Power Company test of the New Deal's Public Works Administration power loan policy back to the lower courts for re-trial.

With today's action, the power suit considered most likely to reach the Supreme Court first is the Alabama Power Company case which the government won in District of Columbia Federal Court last summer.

The court ordered the suit of the Duke Power Comapny reinstated on the calendar of the Federal District Court where it started.

The Court acted without passing on the constitutional questions raised by the company.

The decision of the Supreme Court was expected to postpone indefinitely a final test of the constitutionality of the broad scale policy of granting Federal loans to municipal and other local power projects by the PWA.

FOUR SENT TO PENITENTIARY TUESDAY AFTERNOON

Three white men and one negro man were sent to the penitentiary from Chilton county Tuesday afternoon of this week.

Askin Watley, charged with attempt to murder, was sent up for two to three years.

J. C. Headley, convicted for abusive language, was sent off for five months and 17 days.

Walter Scott, convicted for manslaughter first degree was sent off for four years.

The negro carried off was Ethan Reed, whose charge was sodomy and bestiality. He was sentenced to 2 to 3 years.

All four of the above prisoners were loaded into the convict transfer truck at the jail and carried to Kilby prison. Some of them will likely be sent to other prisons from there.

ASHURST-HARRIS

Mr. and Mrs. James Henderson Ashurst, of Tallassee, Alabama, announce the engagement of their daughter, Sarah Frances, to Herman Leon Harris, formerly of Clanton, the wedding to be an event of December 24.

National Debt Figures Show Large Increase

Washington, Dec. 17.—The treasury today reported a $10,698,100,000 increase in the public debt in three years, and, simultaneously, the National Economy league asserted that higher government expenditures this year are being "concealed" by administration bookkeeping practices. Saying that all federal relief expenditures between July 1 and November 30 are 32.9 per cent over last year, the league added that "while federal expenditures up to November 30 show a bookkeeping decline, there is actually an increase in federal outlays."

The organization said that although treasury statements report a $275,219,025 drop in spending for the first five months of this fiscal year its compilations show expenditures are $38,496,533 ahead of last year. This, it was said, is "concealed" by the treasure practice of offsetting expenditures with repayments on government loans.

COURT BLOCKS TVA PROGRESS

Nashville, Tenn., Dec. 17.—Progress of the Tennessee Valley Authority was halted today while its directors pondered possible wide-spread effects of an injunction restraining further expansion of the vast "yardstick" power program.

TVA attorneys, who fought unsuccessfully to block the action brought by 19 private utilities claiming capital investments aggregation $900,000,000, warned that an unemployment crisis might be precipitated unless the program continued.

The injuntion was granted by U. S. District Judge John J. Gore, former law partner of Secretary of State Cordell Hull. It "freezes" TVA activities as of August 20, prohibiting further solicitation of municipalities as consumers of electricty generated by the great dams on the Tennessee and Clinch Rivers.

University News

Dr. George H. Denny, president of the University of Alabama for 25 years, who retires January 1, addressed the last convocation of the women's student body for 1936. He pointed out the sweeping changes in the attitude toward co-education that have occurred since he came to the University.

Betty Breslin, president of the women's student body which numbers more than 1,000 members, presented Dr. Denny with a gift from the co-eds. Four members of the adumnae body and president Breslin reviewed the progress in education since Dr. Denny's arrival at the University.

President Roosevelt's De Soto Commission, personally appointed by the president, met at the University of Alabama in a 5-day session last week. The purpose of the Commission is to determine the exact route followed by De Soto in his wanderings through the Southern states, in order that the congress may make arrangements for the celebration of the 400th anniversary of De Soto's travels in 1938. The commission is composed of one member from each of the states visited by De Soto. The Alabama representative is Dr. Walter B. Jones, state geologist, with offices on the University campus.

Dean of Men, D. S. Lancaster, of the University of Alabama, gave the Phi Beta Kappa address at that institution last week, speaking on the contributions to education made by Thomas Jefferson.

Dean Lancaster enumerated the contributions of Jefferson as student self government, the elective system of courses, co-education, and the emphasis on scientific studies, modern languages, and social sciences.

More than 300 underprivileged children of Tuscaloosa County were the guests at the University of Alabama Y. M. C. A., and Y. W. C. A., at a Christmas party at the University given last week. The children were given dinner, sweaters, toys, and candies by the University groups. Money for the party was raised by a Tag Day, at which time University students contributed funds toward the entertainment of the children.

Mid-term dances, the climax of the mid-winter social season, have been set for January 25, 26, and 27 at the University of Alabama. Kay Kyser's nationally famous dance orchestra has been signed to play for the dances. Kyser is now playing at the Trianon in Chicago, and is heard nightly over the radio.

The annual military ball was the highlight of the social week at the University of Alabama last week. All regular army and student officers attended the ball in full uniform. The walls of the dance hall were decorated with flags and military insignia.

Blackfriars, student dramatic group at the University of Alabama, presented their third production of the year last week. The play, "Yellow Jack," was well received by a large and enthusiastic audience.

BIG CAKE WITH 75 CANDLES

On Wednesday, December 9, children and grandchildren gathered at the home of Mr. and Mrs. Allen Gore, on the Lay Dam road, to celebrate the 75th birthday of Mrs. McKinney Gore. Many useful gifts were presented to her. At noon a bountiful dinner was served to 47 people, and enjoyed by every one of them.

Those present were: Mr. and Mrs. E. H. Headley and daughters, Gertie Mae and Louise; Mr. and Mrs. Allen Gore; Mrs. Janie Oaks; Mrs. Lessie Gore and children, Charles, Raymond, Joe, Jr., Lessie, Hazel, and James Odis; Mr. and Mrs. Clarence Clackley and children, Merlenee, Harold, and Darold; Mr. and Mrs. Earnest Barrett and daughter, Mildred; Mr. and Mrs. Carlee Clackley and baby, Harvie Lee; Mrs. Pauline Thompson and daughter, Wilma Dean; Mr. and Mrs. Luther Headley and daughter, Annie Mearl; Mrs. Rinnia Simmons and daughter, Lou Jean; Mr. and Mrs. Arthur Headley and son, Horace; Miss Polly Clackler; Mr. Stanley Headley, of Mississippi; Mrs. Bill Wilson and children, Dasel, Hansel, and Bettie Fay, of Maple Springs.

All left, wishing for Mrs. Gore many more happy birthdays.—Louise Headley.

See Alred's for all kinds of Wrist Watches, from $2.75 up to $50.00.

MARS HILL

Our Sunday School is still progressing nicely; we still have a large attendance.

The W. M. U. met last Tuesday afternoon and studied the how and why book. We would be glad if some more of the ladies would come and join us.

The literary school of Mars-Hill has come to the front. They also have better attendence than ever before. We feel like Miss Willie Littlejohn is doing her best. They had a grand Thanksgiving party, and they also are planning to have a good Christmas program.

Mrs. E. W. Butcher and son, Billey, spent the week end at Birmingham.

Mr. and Mrs. Arnie Smith, spent the day Sunday with Mr. and Mrs. A. J. Leach. Mrs. H. C. Montgomery, and Mrs. T. V. Mims spent the day Sunday with Mrs. Maggie Smith.

Miss. Mildred Little spent the day with Miss Vassie Ray. Mrs. J. D. Scott is visiting in Birmingham, this week. Mr. R. F. Langston is visiting his sister, Mrs. Hattie Scott, at Birmingham this week.

We are glad to have Mr. and Mrs. Euell Langston to move back in our community. We are very sorry indeed to loose Miss Willie Mae Childress through marriage out of our community to Mr. Allen Waldrop, of Pleasant Grove community. We wish them the greatest of happiness that can be extended. We are very sorry that Mr. and Mrs. Huey Johnson, of this community have moved back to Birmingham. We are very sorry that Mrs. R. F. Langston was sick and could not attend Sunday school. She was missed very much; hope she will be able to be back with us next Sunday. Herbert Junior Wright, of Jemison, spent the week end with Mr. and Mrs. T. V. Mims. Mr. Earl Chesteen, spent last week in Birmingham. Everybody remember next third Sunday afternoon is our regular singing evening. We will be glad for everybody to come and bring their new books. A singing was held at the home of Mr. and Mrs. T. V. Mims on Sunday night. It was enjoyed by all.

MAPLE SPRINGS

Saturday and Sunday were our preaching days and a large crowd attended both days. Our Sunday school was glad to enroll Mr. and Mrs. Archie Devaughn and children last Sunday as they are new members. We also were glad to have the visitors, for visitors will always find a welcome at Maple Springs. Come to Sunday School next Sunday morning, at 10:00 o'clock and bring someone with you. Each person who has a part on the Christmas program, please be at the church promply at 9:20 o'clock, next Sunday morning to practice their parts.

Mr. and Mrs. Elmer Rollon and children were the Sunday dinner guests of Mr. and Mrs. Reuben DeVaughn. Mr. and Mrs. B. H. Wells, visited Mr. and Mrs. J. L. Downs Sunday afternoon. Misses Lera, Delene and Elsie Glenn had as their guest, Mrs. Velma Devaughn Davis. Mr. and Mrs. Archie DeVaughn from Poplar Springs have moved into our community. We welcome them in our midst.

Messrs. W. F. Glenn and H. W. Lewis, visited Mr. Jasper Glenn, of Cooper Sunday. The Rev. A. T. Davis had as his guests Sunday, Rev. Nobles and wife, and Mr. Rich from the cotton mill, Mr. and Mrs. Wilson from near Coosa River Church.

Uncle Wash Wilson is on our sick list again. The people are hoping that he may be nursed back to health again soon. Misses Delen and Elsie Glenn, spent Saturday night with Mr. and Mrs. Oliver Glenn. Mr. Joe D. Holley, from Highland, was in this community Saturday night.

Mr. Lee Downs, from Birmingham, was here last week, visiting Mr. R. J. Downs and family.

Mrs. J. R. Mitchel visited Mrs. W. F. Glenn, last Thursday afternoon. Mr. W. F. Glenn and son, Ottis motored to the Isabella community last Saturday afternoon. Mr. Houston Blalock had as his guest Sunday night, Mr. Earl Holley. Miss Marzelle Driver, from Highland, spent the past week end here with Mr. and Mrs. Jeff Price and children. Mr. Guy Silas, from Enterprise, was in this community Sunday night. Mr. Ottis Glenn, visited friends of Coopers and Verbena Saturday and Sunday.

TO STUDY BIRD GROWTH

Montgomery, Dec. 14—In addition to studying the life history of the dove, Harold S. Peters, project leader of the Alabama Co-operative Wild Life Research Station at Auburn, and his assistants, have devoted much time during the past year to studies of land management in raising quail, factors influencing the increase and maintenance of deer, and food for water fowl.

This work is sponsored jointly by the State Conservation Department, Alabama Polytechnic Institute, U. S. Bureau of Biological Survey, and American Wild Life Institute.

The quail project, as outlined by Peters, has been primarily one of land management, as no attention has been given to life history to date. The preliminary work has indicated that there is sufficient seed stock of quail in most of the state, and if this seed stock is given sufficient protection, food and cover, it should increase to sufficient numbers to provide good hunting for sportsmen.

Mr. Peters said that by protection is meant protection against overshooting by man as well as protection from various bird and animal predators and the uncontrolled fires which generally sweep most of the state some time during the dormant season of plant growth.

One of the predators of quail is the fire ant, and a study of methods to control this ant is to be stressed during the coming year.

R. I. VARDEN WRITES

Editor Union-Banner:

Please allow me a little space in your paper to say a few words about my condition.

I haven't written in a long time. I am just lying here, and am lonesome. The way I feel, I will not be here much longer unless there is a great change. None of my folks nor my wife's folks come around to see us. I feel bad over it. I have been right here on the bed for 15 months. I can't be up, and my wife has to stay right here with me. There is no one to do anything but my wife and three children.

I am in as bad a condition as a man can be in, and if people don't believe it, just come and see. Mr. Mell Martin paid me a visit the other Saturday, and talked with me a long time. It sure does help my feelings for anyone to come in and talk with me. I don't want anyone to give or bring me anything—just come and visit me.—R. I. Varden, R 5, Clanton, Ala.

Mrs. E. W. Danforth, Mr. and Mrs. Curtis Cameron (nee Janice Danforth), of Longview, Texas, and Mrs. Wilson Strain (nee Erin Danforth) and little daughter, of Birmingham, en route to Cuba, spent Tuesday here as guests of Mrs. M. A. Gore.

STEEL ... 9 PER ...NT ABOVE 1929

New Y... basic wage rates of the country's steel employees are now about 19 per cent higher than in 1929 as a result of recent increases effective generally throughout the industry, according to a statement today by the American Iron and Steel Institute.

The new rate of pay is the highest in the peace-time history of the industry, and total employment of 520,000 is the largest ever recorded.

The range of the advances as announced by practicaly all companies early in November was varied, but the average was close to 10 per cent. With the new rates in effect, weekly earnings of employees in the industry, at recent scale of operations, will be 32 per cent more than they were in 1935.

The average hourly earnings of wage earners in the steel industry, according to the latest compilation, for the month of September, amounted to 66.3 cents an hour. The application of the new rates will increase the average to about 73 cents an hour.

The latest wage advances will add approximately $75,000,000 on the basis of current operations and employment. Total payrolls of the industry are now at the annual rate of $860,000,000—the hightest in any peace-time year except 1929 when the total was $914,000,000.

PLEASANT FARMING

Life certainly does grow easier for the farmer, as far as the work is concerned. The latest styles in farm machinery show nearly all wheeled equipment, with rubber tires. And that isn't all. They're installing radios in tractors and other machines run by motors. The maufacturers say it is part of the modern idea to take drudgery out of farming.

Well, the young fellows around here or the old fellow, either—surely has as much right to listen to an orchestra or speech or ball game, while he drives round a hot field, as a traveling salesmen has on his trips from town to town. It is probably a good way to keep the boys on the farm. There might even be a radio in the barn to liven things up at milking time. We're living in a wonderful age. And nothing is too good for us.

You should see Alred's beautiful Holiday Display before making your selections!

News Over Alabama

Jim Whigham has been named chief of police by the city council of Enterprise.

A work shop has been added to the facilities of the West Blockton High School.

Alabama has 246 hospitals on the approved list of the American College of Surgeons.

Stone used in erecting Decatur's $17,000 armory is being obtained from a quarry near Hartselle.

The Alabama Woman's Christian Temperance Union elected Mrs. Cora McAdory, of Auburn, president.

Five-cent bus fares have been proposed to the Crescent Motors Company, operators of street buses in Gadsden.

Roberta Jean Burgess, of Edwardsville, is vice president of the Y. W. C. A., at Jacksonville State Teachers College.

Dale County has announced a $145,200 road building program that will include 27 miles of new paved highways.

Greenville's annual Fall Horse Show, sponsored this year by the Greenville Parent-Teachers Association, was held Oct. 22.

Twenty-five law students who took the bar examination in August have been licensed to practice law in all Alabama courts.

J. E. Washington, assistant ocunty farm agent of Limestone County, has resigned to direct a resettlement project at Enterprise.

The Public Works Administration has approved a 21,000 loan to the Town of Cordova to be used in constructing a modern sewerage system.

Colbert County had 80 births and 18 deaths in the month of September, according to a report filed by Dr. Harper, county health officer.

J. H. Williams, state superintendent of banks, issued a call for a statement of the condition of state banks as of the close of business Oct. 15.

From the date of its inauguration in April, 1933, to Aug. 31, last, the Civilian Conservation Corps has expended $23,680,000 in Alabama.

Harwell G. Davis was chosen president of the Jefferson County chapter, University of Alabama Alumni Association, succeeding Hugh Morrow, Jr.

Crenshaw County is now operating under a new budget law under which all purchases for the county must be made on requisition of the probate judge.

John Witherspoon, of Akron, Ohio, for the third successive year has been elected persident of his class at the University of Alabama. He is a senior engineer.

Thirteen seniors and three juniors have been elected to membership in Tau Beta Pi, highest honorary engineering society at Alabama Polytechnic Institute.

The city of Tuscaloosa is extending Thirty-Fourth avenue from Fourth street to the site of Oliver Dam, which will replace Lock 10, 11 and 12 on the Warrior River.

Miserable with backache?

WHEN kidneys function badly and you suffer a nagging backache, with dizziness, burning, scanty or too frequent urination and getting up at night; when you feel tired, nervous, all upset . . . use Doan's Pills.

Doan's are especially for poorly working kidneys. Millions of boxes are used every year. They are recommended the country over. Ask your neighbor!

DOAN'S PILLS

CALF CLUB NEWS

The Chilton County Calf Club held its regular monthly meeting at the high school Saturday, December 12. Two main topics were brought up by the president. First, was the election of officers of the club for the year 1937. The following officers were elected.

George Moore, president; Howard Martin, vice-president; Buster Popwell, secretary - treasurer; Quentin Kelley, reporter; and Dolphin Popwell, song and cheer leader.

The next matter to come before the meeting was the discussion of acquiring a club bull. This plan is to aid the members of the club to breed their projects to a registered and pedigreed stock. A special committee was appointed by the president to select and purchase with club funds a suitable bull for this purpose. It consisted of Howard Martin, chairman, Quentin Kelly and Dolphin Popwell.

After all business, an ejoyable program was rendered by Mr. B. N. Ivey, our club leader, and some of the members.

The next meeting will be held on Friday instead of Saturday due to some incovenience on that day. There being no further business the meeting adjourned.—Quentin Kelly, Reporter.

A NEW GIRL

Mr. and Mrs. Stanley Davis announce the birth of a daughter, born Friday, December 11th, and weighing eight and a half pounds. She has been named Francis Lucretia.

CHESTNUT GROVE

We are glad to state, that the health of the community is very good, at present.

Miss Delier Curry, and a boy friend, Mr. Wip Cox, visited her aunt, Mrs. Nannie C. Moore.

Miss Francis Lucas, spent Saturday night with Miss Margaret Nabors.

Miss Burnice Littles, visited Mrs. Nannie C. Moore Sunday.

We are very sorry Brother Rich, of Dogwood was absent from church Sunday.

Mrs. Alice Denson and daughter, Audrey, visited Mrs. Stevens Sunday afternoon.

Mr. Ray Barnett, was the guest of Mr. J. R. Hall, Saturday afternoon.

Mr. Doyle Gay was the guest of Miss Annie Barnett, Sunday.

We had a nice crowd at prayer meeting Sunday night, and we hope to have more to come next Sunday night.

This play is sponsored by the P.-T. A., and the proceeds will be used for the benefit of the school. Everybody is invited.

ADMINISTRATOR'S SETTLEMENT NOTICE

The State of Alabama, Chilton County. Probate Court, November 28, 1936.

In the matter of the estate of A. A. Ayers, deceased.

This day came A. H. Collins, administrator of the estate of said deceased, and files his account, vouchers, evidence and statement for final settlement of his said Administratorship.

It is ordered that the 19th day of December, 1936, be appointed a day on which to make such settlement, at which time all persons interested can appear and contest the said settlement if they think proper.

Witness my hand, this 28th day of November, 1936.

J. LEE SMITH,
Judge of Probate.

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

WALLACE GIVES FARM SECURITY ESSENTIALS

Auburn, Ala.—Some of the essential elements of policy trat will give national security are outlined by Secretary Wallace as follows:

(1) Opportunity for farmers to organize effectively in their own interests, insofar as such interests coincide with the general welfare.

(2) Parm prices that are fair and stable, to keep farm income on a basis of reasonable equality with non-farming income.

(3) Supply of farm products in line with adequate domestic consumption and foreign demand.

(4) Foreign policies that do all that can be done in conformity with peaceful relations to expand foreign markets for American farm products.

(5) Conservation of natural resources, especialy our precious herit- of the soil.

(6) Retirement of submarginal land from cutivation and its use for purposes for which it is best suited.

(7) Crop insurance.

(8) Storage of reserve supplies of food and fiber.

(9) Increased security of tenure for both tenants and owner operators, and better possibilities for tenants to become owners.

(10) Increased opportunity for those farm people whose standard of living is now barely on a subsistence basis.

(11) Industrial policies that encourage abundance for wage and salary workers and farmers.

"Along with these should be included others, such as farm credit and national montary policy," he said.

BENEFIT PAYMENTS WILL BE CONTINUED UNDER NEW PROGRAM

Auburn, Ala.—An agricultural conservation program for 1937, similar in many respects to the 1936 program, has been announced by the Agricultural Adjustment Adiministration.

Like the 1936 plan, the new program offers payments to those farmers who meet specified conditions for shifting land from soil depleting crops to soil conserving crops, and for carrying out approved soil building practices.

Salient points in the new plan include:

1. Provisions for expenditures not to exceed $500,000,000.

2. Payments for shifts from general depleting crops, cotton, and peanuts. The rate on cotton will be 5 cents a pound with a limit of 35 per cent. For peanuts the payments will be 1¼ cents per pound with a limit of 15 per cent.

3. Payments will be divided into two classes: Class 1, or diversion payments, and Class 2, or soil building payments.

4. Any producer, no matter how small his farm, will have an opportunity to earn at least $20. The minimum allowance in the 1936 program was $10.

5. Crops will be classified as soil conserving and soil depleting as was done in 1936. A few changes have been made.

6. The plan of establishing soil depleting bases to be used as a yardstick to measure diversion from soil depleting to soil conserving crops will be continued.

7. Products with sizeable acreages in permanent pasture will be given an opportunity for additional participation in the program.

FARMERS ADVISED TO STORE THEIR TURNIPS

Auburn, Ala.—When properly stored, turnips will provide a source of food for the family throughout the winter months, advises C. L. Isbell, of the Alabama Experiment Station.

Turnips should be harvested for storage when the roots have become well devoloped and while most of the leaves are still alive and growing, he says. The tops should be removed by cutting them off close to the crown of the root.

A cool, moist, well ventilated storage is ideal for turnips. Placed in baskets, box, or on shelves in underground cellars, they should keep if good ventilation is provided.

A good inexpensive way for many farmers to store turnips is described as follows:

Select a well drained place in the open; put clean pine straw on the surface of the ground; and cut a shallow ditch around the straw. Place the turnips on the straw so they will form a cone shaped pile. Cover the roots with a thin layer of staw, then a thin layer of cornstalks or other similar material so that the stalks will come together at the top of the hill, and then cover with a thin layer of soil. Care must be taken to avoid a thick cover which will prevent sufficient ventilation and result in the loss of the turnips due to suffocation. It is well to leave an opening in the south side of the hill for convenience in removing the roots.

If the turnips put out small roots and tops make considerable growth, the hill should be taken down on some warm day and the tops removed and the turnips re-hilled.

BRIEF FARM FACTS

Approximatey 20,000 pounds of lespedeza seed were saved by Lawrence County farmers this year.

The Kiwanis Club of Dadeville is putting on an extensive drive on forestry conservation. Over 100 signs are being erected in the county on forest fire prevention, and 1,200 4-H club forestry calendars are being distributed by club members.

Fifty 4-H club boys of Montgomery County are producing calves to be shown at a fat stock show to be held in Montgomery next spring.

Over 2,000 Marshall County farmers have expressed their desires to receive electricity in their homes.

Lowndes County Farm Bureau was this week awarded a loving cup for showing the greatest numerical increase in membership for the year 1935-36. The cup was awarded by the American Farm Bureau Federation.

Over 300 Madison County 4-H club girls have been invited to attend the annual Christmas party in Huntsville, December 19.

Wilcox County farm women saved $150 during one month by blocking and renovation of their own felt hats.

Macon County 4-H club girls are using nail kegs and Coca-Cola cases in making useful footstools.

Home demonstration club women of Chilton County will hold a baby contest next spring.

COTTON REPORT

According to the U. S. Department of Commerce, there were 16,084 bales of cotton ginned in Chilton County, from the 1936 crop, prior to December 1, as compared with 12,972 bales ginned to December 1, 1935.

BIG FOUR HARDWARE COMPANY

HOW I LIVE AT HOME

First I grow sufficient foods stuff for our table at home. I have as many fresh foods for my table all the year around as is possible, including vegetables of all sorts. In addition of producing enough for the table I can sufficient for the needs of my family not only for the table but some for sale and to be given as gifts, for showers, partis, Etc. This year I produced enough cucumbers not only for the table but to can 107 quarts of dill cucumber pickles. I grow my own dill for the pickle. We can sufficient vegetables and other sorts of pickles, fruits and also can sufficient meats to do the family through out the year. This year I canned liver, brains, spare ribs, roast of all kinds of specialties from the beef, including sufficient broth and soup mixtures to be used. My daughter and I specialize in making fruit cakes and we make the Japanese fruit cake and the uncooked fruit cakes, not only for our own use but for market. In addition to making a goodly amount from the sale of the produce my daughter and I find time to sew and do handiwork. This past year we accepted orders from the stores in Birmingham, in making men's handkerchiefs. Over $200,00 worth of these handerchiefs have been made this past year and these were made during spare hours now and then while receiving or paying social calls and at at parties, Etc. Having seven in the family this pen money is badly needed and of great benefit to our family. At a recent "spend" the day party by the Home Demonstration Club of which we are members my daughter and I displayed our special set of cooking utensils. Each piece carries its own thermometer, and we are very proud of them. The club was astonished at the lovely vessels we used and remarked, "we understand now why they are specialists in foods," and I replied, yes, you must have good tools with which to do the work.

COLLINS CHAPEL

There will be a singing at this place next Sunday P. M. December 20th. Everybody has a special invitation. Brother Hodgens will preach at 11 o'clock. singing in the afternoon beginning at 1:30. Sunday night the Junior B. Y. P. U. will put on a program, "Gifts worth more than gold," begininning at 5:45, followed by a Senior B. Y. P. U., Christmas pageant. Then Bro. Hodgens brings us another message. Be sure and come.—Mrs. G. W. Murrah.

CARD OF THANKS

I wish to express my sincere appreciation for the deeds of kindness and sympathy that were showed me during my stay in the Baker Hospital. I wish to especially thank Mr. T. J. Headley, and the rest of them that helped me. May God bless each and all of them. I wish you all a merry Christmas, and happy New Year.—Harman Culp, and family.

SUNSHINE

Our Sunday school is doing nicely, although there is room for improvement. Many are absent who should be in Sunday school. We hope they will see fit to be with us next Sunday.

We are beginning a revival at this place on December 20. Our pastor, Rev. E. J. Orange, will do the preaching. We are planning an all-day service on Christmas Day, with a sunrise prayer service. We are expecting several preachers to be with us; among them will be H. T. Stevens of Montgomery, and Bro. Jimmie DuBose of Jemison.

We extend a hearty welcome to all. Come and be with us all day Enjoy the day praising the Lord with the other visiting saints. Bring a well-filled basket.

STOCKHOLDERS ANNUAL MEETING OF FIRST NATIONAL BANK OF CLANTON

To the Stockholders of the First National Bank:

The annual meeting of the Stockholders of The First National Bank of Clanton, Alabama, for the election of Directors, and the transaction of any other business that may come before the meeting, will be held at the office of said Bank on January 12, 1937, between the hours of 7 and 8 o'clock, P. M.—J. C. PAGE, Cashier. 12-17-4t-ch.

NOTICE! BOX SUPPER!

There will be a box supper, a musical program, and a cake for the prettiest girl present at Cedar Grove Methodist church, two miles south of Thorsby, next Saturday night, December 19, for benefit of the church.

Come on girls, and bring your boxes. Boys, bring some money along, and let's all have a good time.—J. W. Enfinger, pastor.

FOR SALE — Practically new buggy; $15 for buggy alone, or $20 for buggy and harness. Mrs. Julia E. Foshee, R 5, Clanton. 1-p

WHAT'S GOING ON

The Kiwanis Club is certainly doing some worth while things, looking out for civic needs of Clanton and the county, finding ways to help storm sufferers, disasters prompting activities that are worth while, as giving Christmas packages to the poor, assisting and encouraging Victor Norris and his splendid new magazine "The Central Alabamian," too they are finding ways of advertising and putting the big city on the map. Who else could do this better than a wide-awake Kiwanis Organization.

Speaking of Victor Norris and "The Central Alabamian," a brand new magazine showing what's going on, who's who, and what's likely to happen. Victor and Delbert have something that should interest every citizen in the district. A paper chug full of news; recent edition just off the press. If you haven't a copy get one and let's do our bit to establish permanently the future of "The Central Alabamian."

Clanton's Music Club is another progressive feature of "wide-awake Clanton." With splendid active officers this club is developing both interest and talent that gives lightness of heart and love for the good and beautiful.

The Pilot Club, with lofty motives is quite an asset to Clanton. Even the working girls are organized these days and fine that they are. Even with short hours for pleasure they find ways of mixing both pleasure and business in a profitable way.

State Capitol News

Montgomery, Dec. 17.—For the first time in the history of the state, it is claimed, a Governor has secured the passage of two important major measures through the lower House in the first six days of a special session of the Legislature. On the fifth legislative day a bill was passed imposing a tax of 1½ per cent tax upon retail gross receipts, and on the sixth day a bill passed the House providing for the sale of alcoholic beverages through State-operated stores.

Both of the above bills were forced to withstand vigorous attacks from the opposition and it appeared for the time that the bill legaizing the sale of intoxicants in the state would go down in defeat. The tax bill is expected to pass the Senate before the end of the eighth legislative day, and the beverage bill will be close on its heels, sponsors claim.

SPECIAL HOLIDAY BARGAINS AT TAYLOR GROCERY STORES

You notice the large advertisement of Clanton Cash Store, Peoples, and Thorsby, which occupies all of the back page of the Union-Banner; and in so doing, one cannot pass up the many attractive prices offered on seasonable groceries. Messrs. Tom and Jimmie Taylor, with the assistance of Mr. Obie Deloach, of Clanton Cash Store, have taken much care and pains in arranging these stores for the holiday trade, and they have succeeded well, as is exemplified by the apperances of the displays as well as the large page advertisment.

Many circulars are being distributed telling about the attractions at these stores. It will pay you to read every word on this circular and in this advertisement before you make your food purchases for the holidays. Especially attractive is the Whitewater rose flour proposition being offered. Be sure and find out what this proposition is.

CHRISTMAS PROGRAM

At First Baptist Church, Clanton, at six o'clock, Sunday afternoon. The program "Like The Wise Men," will be given, as follows:

MANY SMALLER COINS STAMPED

Washington, Dec. 17.—The stamping machines in the nation's mints clattered at the liveliest pace in history Tuesday to meet an unprecedented demand for small coins.

The Mint Bureau reported its coin-manufacturing plants have been operation on a 24-hour basis for the last six weeks, turning out millions of dollars in bright new dimes, nickels and other coins.

Officials suggested that state sales taxes, increased business and the recent flood of dividend checks probably were contributing to the demand. Dividend checks, they explained, usually are for odd amounts, necessitating change.

For the first five months of this fiscal year (July to November,) the bureau said, coinage of pennies, nickels, dimes, quarters and half-dollars totaled $27,939,000, compared with $17,195,000 in the same period last year and only $6,123,000 in the similar 1929 months.

The largest increase was in coinage of nickels, aggregating $4,621,000 for the first five months of this year, compared with $1,926,000 in the same period a year ago, and $1,206,000 in the same 1929 months.

Look Your Best at Christmas Time

Your Christmas will be all the Merrier if You Look Your Best. There is still time to take advantage of our

sures through the lower House in the first six days of a special session of the Legislature. On the fifth legislative day a bill was passed imposing a tax of 1½ per cent tax upon retail gross receipts, and on the sixth day a bill passed the House providing for the sale of alcoholic beverages through State-operated stores.

Both of the above bills were forced to withstand vigorous attacks from the opposition and it appeared for the time that the bill legaizing the sale of intoxicants in the state would go down in defeat. The tax bill is expected to pass the Senate before the end of the eighth legislative day, and the beverage bill will be close on its heels, sponsors claim.

SOCIETY

Mr. and Mrs. W. E. Huddleston Entertain at Dinner—

Mr. and Mrs. W. E. Huddleston entertained a number of friends at a lovely dinner party on last Thursday evening. The Christmas idea was carried out in the decorations. Poinsettias, miniature trees, and candles were used in the living room, and a color scheme of blue and silver was used in the dining room. The dining table was covered in a beautiful lace cloth, and was centered with a silver and blue motif. Blue candles in silver holders were placed on each side of this. At intervals were placed small silver dishes of nuts, candy, olives and pickles.

Five card tables, covered with beautiful linen cloths and centered with silver Christmas bells were arranged in the living and dining rooms. The place cards also carried Christmas greetings. At 7:30 a tempting three-course dinner was served to the guests. After the dinner hour, games were enjoyed. Guests enjoying the delightful affair were Mr. and Mrs. John McSwean, Mr. and Mrs. George McCain, Mr. and Mrs. Omar Reynolds, Mr. and Mrs. J. C. Burnett, Mr. and Mrs. James Wade, Mr. and Mrs. Jack Hayes, Mr. and Mrs. Dick Hayes, Mr. and Mrs. John Mullins, Mr. and Mrs. John Kimmey.

C. C. H. S. Football Banquet—

The Home Economics department of the Chilton County High School prepared and served a most delightful meal in recognition of the warriors who carried the colors of the blue and gold in their wars of 1936.

Sixteen letter men were recognized by Coach Varnell through Santa Claus in the personage of Sidney Nelson.

The evening was never permitted to grow dull, by the continuous merry-making of the boys and their guests.

The team elected Ted Reynolds and Marshall Lee Ware as co-captains for the 1937 season.

Grammar School P.-T. A. Meets—

Members of the Clanton Grammar School P.-T. A. met last Friday afternoon at the school at 2:30 o'clock.

The president, Mrs. J. W. Hayes, called the meeting to order, after which a most interesting program was given. Mrs. Joe Mullins was in charge of the program. The devotional was conducted by M. Truett, who spoke most interestingly on "The Underprivileged Child." Mrs. Henry Jones' kiddie band gave two entertaining numbers, after which there was a round table discussion on "The Underfed Children In Our School."

During the business hour ways and means of building a lunch room at the school were discussed.

The next meeting will be held on the second Friday in January.

The first grade was awarded the half holiday for the best attendance.

Mr. Henry Stanley left Friday for Clayton, Ala., where he will be stationed at the CCC camp there for several weeks.

Mrs. J. P. Hayes was confined to St. Margaret's Hospital several days last week, where she underwent a sinus operation. After leaving the hospital she spent several days as the guest of Mr. and Mrs. G. D. Broadhead.

Mr. and Mrs. Hicks were visitors in Montgomery Saturday.

Miss Ruth Sessions, Miss Sara Colley, and Miss Margaret Floyd spent Saturday in Montgomery.

Dr. and Mrs. Golden announce the birth of a baby girl, at the Central Alabama Hospital.

RESETTLEMENT HOME SUPERVISOR NAMED

A feminine touch was given the Rural Resettlement program in Houston County Thursday as Miss Elizabeth Stanley went about her duties as Home Supervisor of the Rural Resettlement Administration.

She will direct management of resettlement homes, assisting wives of farmers in home planning and buying. Formerly a teacher, she came here from Brantley.

Houston was the last county in the district to be assigned a home supervisor, according to Miss Ruth Pardue, district supervisor, in announcing Miss Stanley's appointment.

The following announcement was in the Dothan Journal, Sunday, December 13th:

SALES TAX FIGHT CONTINUES

Montgomery, Dec. 14.—Unyielding in its stand of no compromise with the administration or new-tax advocates on a proposal to substitute a 2 per cent sales tax bill for the Ellis 1½ per cent gross receipts tax measure, the Consumers Anti-Sales Tax Association of Alabama Monday had inaugurated a program calling for a determined court fight with the avowed goal of resisting collection of the tax to the bitter end, in the event the legislation, now pending in the senate, is given final approval by the special session legislature.

A resolution reiterating its determination not to compromise, but to continue the fight against the gross receipts tax, or any other form of new taxation, was adopted by the executive committee of the association at the Whitley Hotel here Sunday night. At this meeting, attended by representatives speaking for the farmer, consumer and merchant, speakers told of emissaries, representing themselves as speaking for the administration, contacting merchants in various parts of the state in an effort to gain support of retailers for a 2 percent sales tax measure as a substitute for the gross receipts tax bill.

The resolution, adopted unanimously, read:

"We say no, unqualifiedly, to this move. We stand for economy in state government, not more taxes. Our appeals to the administration for an economy program, such as incorporated in the so-called Sparks plan, which would have solved the school program, have been ignored.

"We stand unalterably opposed to the gross receipts tax or a sales tax, and in the event of enactment of either measure by the legislature, recommend that every merchant in the state refuse to pay the tax, and at the same time refuse access to his books by the state tax department's office. Then in event of prosecution by the state, the merchant is urged to demand a jury trial and to prolong the litigation just as long as possible, so that none of this tax money shall be paid into the state treasury during the remaining two years of the Graves administration."

Jeff Beeland, Greenville, president of the association, presided at the meeting and stated that only in one or two instances had any merchant been prevailed upon to endorse a general sales tax as a substitute for the gross receipts tax. This occurred at Mobile, where two or three favored riding along with the administration, he said, because they felt that the governor was going to shove a tax down their throats any how, and they might as well accept his trade, which promised the means of freeing Cochrane Bridge. Other speakers read articles appearing in a Mobile newspaper that quoted Rep. W. C. Taylor, of Mobile County, as stating the bridge would be freed of tolls or another bridge would be constructed as a result of an understanding with the administration. Mobile's three house representatives voted for the Ellis gross receipts bill.

"Aside from this there have been no defections in our ranks," said Beeland. He read telegrams from chairmen of county units of the association from all sections of Alabama urging no surrender and no compromise.

He said:

"If we are beaten, we will take our licking standing up like men. We will not compromise, nor will we ever cease to fight, as we know that we have right and justice on our side. This tax proposal is only another scheme to pour millions into the coffers of one of the greatest political machines this state has ever seen.

"We know from expressions here tonight, and from telegrams we have received, that the consumers—farmer, laborer and white collar worker—are with us to every man and woman in the state, because they are the ones who will bear most of this tax burden in the event this piece of legislation is enacted and the state is able to collect the money.

"You notice I say 'if the state is able to collect the money'. I firmly believe that an aroused sentiment will sweep this state like wild fire when the true story of how the administration has traded and swapped for votes in order to shove this bill through the legislature, and an outraged and wronged public will not only demand a house-cleaning, but will sweep all officials and lawmakers responsible out of office as speelily as possible."

Simultaneously with this action, reports Monday told of indignation meetings in many sections of the state and more scheduled during the week. Sunday, at Uniontown, a large gathering of farmers, merchants, and workers were reported to have met at the Economy Store and adopted a resolution urging a state-wide Boston Tea Party movement in which consumer and merchant would be pledged to refuse to pay or collect the proposed tax. Another mass demonstration meeting was reported planned at Huntsville Monday night.

ALEX HAYES ON COMMITTEE

University, Dec. 14. — Alex Hayes, of Clanton, has been named to the honorary committee which puts on the annual mid-term and Easter dances at the University of Alabama.

Eight students were selected for the committee. It is a part of, and the dances are the main function of the Cotillion Club at the University.

Kay Kyser and his orchestra have been signed to play for the mid-term dances, January 25-27.

The beverage bill, sponors claim, will not increase consumption of intoxicating beverages in Alabama, but will produce approximately $2,500,000 in revenue from a source not now taxed. "It is not bringing liquor back, they say, but deriving revenue from the liquor which is already here."

Miss Margaret Floyd will leave Friday for Clayton to be the guest of her mother, Mrs. W. E. Floyd, during the Christmas holidays.

Alex Hayes, Morgan Reynolds, Grady Reynolds, Jr., and Joe Moore will arrive home Friday to spend the holidays with their parents.

TUGWELL'S EXIT

"How deep are the sources of your indignation?' began the great re-settler in his famous Los Angeles speech a year ago. And how is your "wrath"? For, as he amiably pointed out, the disestablishment of our plutocracy will hardly be pleasant. Enemies must be recognized by pouring out upon them the indignation we have too much withheld. And then that glorious peroration: "We must surge forward with the workers and farmers of the nation." * * *

Well, the armies of the New Deal surged forward, as no one knows better than the Republican party. But no Tugwell was there. Presumably, his indignation and his wrath were still functioning. His voice was not. He was as silent as an abandoned resettlement camp.

So that now, as Mr. Tugwell resigns, the Washington experts refuse to be shocked. He had asked for more money for his magnificent projects—much more money. And he got no increase. His was the best baritone voice in the administration and the handsomest countenance. And the surgers would have none of either.

Time alone can tell the full significance of the departure. But the immediate gain to the country is too substantial to be missed. Mr. Tugwell was not only the captain of the hate squad. He reached in the opinion of those who ought to know, an all-time high for muddling as an administrator. The end of Mr. Tugwell is thus a good deal more than a gesture to the right—which can all too easily be balanced by a gesture to the left. It takes out of the New Deal picture one of its most disturbing and destructive figures. The president could not have presented the American people with a more welcome present for the Thanksgiving Day.—New York Herald Tribune.

Just about the time a fellow saves enough money so he can go places and do things, rheumatism sets in.—Salina (Kan.) Journal.

NATIONAL AFFAIRS

(By Frank P. Litschert

The trip of President Roosevelt to South America, and the many speculations regarding it, have naturally turned public attention to international affairs. Europe is daily on the front pages and there are wars and rumors of war. With the chief executive absent from the country and the next session of the congress several weeks away, there has naturally been a lull in the discussion of domestic and purely economic issues, and foreign affairs have easily come into the public notice.

Just what will be the result of Mr. Roosevelt's trip to Buenos Aires, is of course still a matter for speculation. Nobody knows what the result will be, although everyone is hoping for an ultimate constructive agreement which will further increase the atmosphere of friendliness between North and South America.

With the future of Europe and Asia so much in doubt politically as well as economically, it is only right and proper that we should pay more attention to our neighbors across the Atlantic. Friendship and trade between the United States and Latin America have been steadily increasing. The growth of this international business is both healthful and encouraging. South America produces things which we can take in exchange for our goods without endangering our own industries. The great coffee trade with Brazil is an example. While we are not of the same family stock as most of our Latin American brethren, we have much in common with them, both in the way of politics and economics. They have no more to do with the problems and difficulties of Europe than we have. Therefore, there is occasion to hope that we will continue to improve our relations with the countries to the south of us.

In view of the Pan-American conference and the general world-wide situation, one paragraph from the speech delivered by the president to the International Peace Conference is worth noting. Mr. Roosevelt said:

"This is no conference to form alliances, to divide the spoils of war, to partition countries, to deal with human beings as though they were pawns in a game of chance. Our purpose, under happy auspices, is to assure the continuance of the blessings of peace."

Here is somemthing to be thankful for. While European nations are preparing to fight one another in the bloody valleys of unhappy Spain, while they are growling and snarling over bits of territory in Central and Eastern Europe, and arming for a war of conquest in the Orient, over in the Western hemisphere we are meeting with representatives of other American republics, in an effort to promote friendly relations as well as mutually profitable commercial intercourse.

There is quite a difference here. Surely it did not come about by chance. Despite the fact that many of our own radical agitators have accused Uncle Sam of imperialist ambitions in Latin America, we have taken not a foot of territory from our neighbors, wrested not a penny from them in the way of tribute. We have sought to solve our problems fairly and squarely, with a view to the promotion of peace and prosperity for all. And it is important to note that while we have been doing this we have remained steadfastly out of European quarrels with which we have no part. Compare America and Europe. The results speak for themselves. Let us continue to promote friendly relations with our American neighbors and avoid trouble with which we have no concern.

WHAT IS AHEAD?

An interesting question of the moment is whether further centralization or a beginning of decentralization of government may be expected in the months ahead. There seem to be indications pointing to either conclusion, and since it is likely that we shall be hearing a great deal about this, it is in order to consider some of these various signs.

For one thing, it appears certain that relief will continue to be handled by Washington. Addressing the United States Conference of Mayors a few days ago, Harry L. Hopkins departed from his prepared text to say:

"I want to tell you here and now that the federal government has no intention of turning the relief problem back to the local units."

He went on to say, too, that the federal government has no intention whatever of closing down its relief activities, which hardly comes as a surprise. It seems pretty definitely assured that the problem of relief will continue to be with us for some time, and, moreover, that the federal government will keep on administering relief.

Probably that is what the states want, for there appears to be a widespread feeling that relief doesn't cost them anything when the money comes from Washington. It hardly need be pointed out that such an impression has no foundation in reality, and in fact, federal relief costs more than any other kind. Be that as it may, however, the relief set up will continue to be centralized. In addition to this, there is some talk—none of it official—that attempts will be made to pass a constitutional amendment reviving the NRA in one form or another. The NRA was, of course, a most drastic centralization measure. So far, though, the talk of reviving it appears to be nothing more than talk, so no predictions can well be made in this connection. The advocates of centralization win a point in the Social Security Act, which ought at this particular time to be a familiar subject to every employer and employe in the country. There is reason to believe that this measure will result in the setting up of a tremendous bureacracy, though it is only fair to point out that the states are, theoretically at least, given the duty of passing their own unemployment insurance laws. Naturally, they have no line-up with provisions of the national act.—The Texas Weekly.

THE GREENBELT EXPERIMENT

President Roosevelt has visited and highly approved Greenbelt, Dr. Tugwell's Maryland settlement for low-salaried Washingtonians. He said he thought it an experiment which ought to be tried in every community in the United States. When it is understood that Greenbelt is going to cost $10,000,000, or $10,000 for every low-income family that it rehabilitates, a good many hundreds of American communities will elect to think it over—and over and over.

The correspondent for this newspaper who accompanied Mr. Roosevelt seems to have had his own personal doubts of the value of the experiment. Ten thousand dollars seems like a lot to be put into the housing of a $2,000-a-year family. On the average a $2,000-a-year family has a good chance of paying for, keeping up and paying taxes on a $4,000 homestead investment. A heavier relative debt than that means a heart bowed down. A heavier government investment than that in a low-income family is a laboratory investment and not a commercial one.—New York Herald Tribune.

ANOTHER SIGNPOST

In the story of accomplishment centering around the once insignificant soybean lies further demonstrable proof of the natural partnership between agriculture and industry—of the growing realization by the industrialist and the farmer that the shop and the farm each needs what the other produces.

For thousands of years the soybean was known only as a food for humans and animals. Then, in the laboratories of industry, it was recently discovered that oil from the soybean contains certain matter usable in making an enamel for painting automobile bodies and mixing with sand to make foundry cores. The meal, or residue, is an excellent food for cattle, it has been revealed.

Scientists further discovered that the soybean can be used in the composition for making plastic mouldings, the horn button, the gear shift lever ball, the distributor case and cover, window trim strips and other moulded articles for use in automobiles.

While this is but one isolated example, it is typical of the strides that are being made each day working toward a closer partnership between the farmer and the manufacturer.

BRANDING DANGEROUS CARS

In a European country, the cars of motorists convicted of flagrant violation of traffic laws are painted with an emblem, as a warning to other drivers. It is said that this practice, newly started, has caused an appreciable decline in dangerous driving, as motorists naturally want to avoid the embarassment and publicity the emblem gives them.

A great many thousand American motorists should have their cars so branded.

The worst class of offenders consists of those who push the throttle to the floor-board as soon as they get out of sight of a traffic officer. Excessive speed — and there are times when 15 miles per hour is excessive — is responsible for more deaths than any other driving violation.

Passing on hills and curves and "meandering" through traffic are also potent causes of death, injury and destruction. On a myriad tragic occasions, a driver has tried to save a needless minute—at the cost of a life.

Driving on the wrong side of the road, jumping traffic lights, passing at intersections—are practices dear to the heart of the dark angel. They help keep our morgues and hospitals full to capacity.

Yes it would be a good idea to adopt the branding practice in this country. A suitable emblem would be a skull and cross-bones.

UTOPIA DEFAULTS

The province of Alberta, which in a try-anything-once spirit elected William Aberhart to head its government and gave him a mandate to pay everybody a pension in the hope that would bring prosperity, is now a defaulter. Aberhart announces that the province cannot service its bonds in the payment now due because the Bank of Canada would lend it no more money.

Instead of being prosperous, Alberta is broke, and its residents are not receiving the pensions Aberhart promised. Idyllic reformers not infrequently have heartbreaking and enlightening experiences, but so do the people who put faith in them. Common sense is a pretty good guide after all.—Los Angeles Times.

MAN IN THE MOON

MR. ROOSEVELT'S PEACE TRIP

I think no person, no matter how partisan he may be, can fail to commend President Rosevelt for his recent South American trip and his efforts toward unification of the Americas, looking toward permanent peace here at home. Some who would be critical say that the president believes he sees war clouds about to break, and is trying to effect an alliance among the nations of North and South America, and that these efforts will be resented by the continental powers who already envy us our peaceful condition.

It may be that the president IS expecting war to break out in Europe in the near future—I think all of us are—but if this is true, then his work in bringing our neighbor nations to a better understanding of each other, and into closer union with each other, is all the more commendable for this reason.

We have but to compare the two hemispheres to read aright the good effects of such moves. In the two Americas there are 21 nations, made up of several races, but all of them equally staunch, (thanks to such peace overtures), with each other that in this our western hemisphere there shall be no war. The doctrine of peace which has been a basic quality of our government has been absorbed by other nations closely related, geographically, with us, until at this time just about the same condition exists as if we were allied actually, with all the agreements drawn up in legal fashion. Our alliance is one of mutual good will, rather than a signing of documents.

In the old world, this is not the case. Numbers of nations keep standing armies on their border lines, watching, waiting, ready for the trouble they hope to avert, while all the time they know it is coming. There are alliances there, too, drawn up on paper, and some of them by an unwritten understanding. But in every instance theirs is an alliance for force. But in many cases these allies are already suspicious of each other and have been from the first, and really their alliances are no stronger than the paper they are written on. Many of these nations would break their alliances at the first sign of impending trouble, and in fact some of them have already done so, as in the case of Belgium's recent departure from her pact with France. Theirs is an alliance of fear.

In our half of the world we have good will and a strong trust and confidence in each other. In the old world, it seems all nations hate each other in some degree, and no nafully trusts another. And while our national representatives can and are meeting to swear anew allegiance of good will toward each other, officials of the nations of the old world are meeting, squabbling, and getting exactly nowhere.

The way Mr. Roosevelt and officials of our neighbor countries have chosen insures peace among us—lasting peace. The old world system makes of it a veritable powder barrel, likely to blow sky high any minute. I think our president is due commendation for his understanding and foresight along this line.

HEARTS AND THRONES

When King Edward VIII left the throne of England last week rather than give up the woman of his choice, the news rocked staid old England and her great empire, and the rest of the world as well. This action was the first of its kind in English history—perhaps in the world's history—and it proved several things that many thinking people have been wondering about for years, and could never be sure of the answer they arrived at.

It proved that England has gone a long way from the absolute monarchy it was in days gone by. It proved that parliament, representatives of the people, were more powerful than the king—and this proof, itself, presented a paradox in that while proving that the people were more powerful than the crown, and that England has become a far more democratic people than once was the case, yet it also proves that the age-old distinction between royalty and commoner is yet deeply seated in English government, at least on the surface if not in personal feelings of British subjects.

And while proving that the people rule England, yet it proved beyond any doubt that they are yet far from being ready for a dictator, at least in the construction the peoples of Italy and Germany have applied to it. England is very much democratic, but not at all Communistic. Edward was urged by a few of his over-zealous subjects to strike while the iron was hot, and declare for himself a dictatorship. It may have been that he could have done that if he had desired, for the British people like Edward; but there was also the grave possibility that such a move might throw the whole mighty English empire into a state of conflict and civil war, and the hats of all sane, peace-loving peoples of the world are off to the retiring monarch for his complete disregard of such radical advice.

The English nation is the most far-flung of any on the face of the globe, and she numbers many different colors and races—the sun never sets on the British flag—yet King Edward, born of royal blood, turned it all down for a commoner. Some denounced him for a weakling for this, while others contend it shows his strength of will and character, and that he considers himself no better than one of his own subjects. This has endeared him even more to the English masses.

Perhaps both of these contentions are correct in part. With the world in the state of turmoil it is in, and with England holding the important spot it does in international affairs, perhaps it would have been better if the empire could have had Edward's steady hand at the throttle to help guide its destinies, inasmuch as he is so highly regarded by all his subjects. On the other hand, he has his own life to live, and I think no one could deny him the right to live his life in the manner he believes would be best and happiest for him, personally.

RURAL AMERICA GOING ELECTRIC

Figures just published by the U. S. Department of Commerce, in conjunction with the Bureau of the Census, show just how far our country has gone toward making of us an electrically operated nation. The greatest increase along this line, too, in the last few years is shown to be in the rural sections. Thousands of miles of lines have been built, serving millions of farmers and their families, and present plans call for many more thousands, as well as a gradual but steady speed-up in this work.

In other words, the farm cannot be taken to the bright lights, so the bright lights are being brought to the farm. At a number of strategical points over the country huge power projects have been built, are being built, and will be built, both by private capital and with government subsidies, to supply this ever-increasing demand for electric current.

And what a blessing that will be for farmers. If there is any group who are really and truly deserving of the good things that electricity can bring, it is the farmers. Some time in the not too distant future it will be possible for every farm home to have electricity. There are obstacles to be overcome, but science and changing ideas and conditions will make quick work of them. Then the power lines will run along every road, and the hum of the electric motor can be heard in every community.

When this has become a reality instead of a bright hope, farmers will not need to saw and cut wood—a motorized unit will do it for them. The housewife will not have to bend over a hot stove on sultry summer days—her electric range will cook her meals much more quickly, efficiently and easily. The young Johnnies and Marys will not be forced to grow up with weakened eyes from studying by the poor light of the old type kerosene lamps, which will be fully as obsolete then as the candlestick is today—those precies eyes will be saved by an abundance of bright electric lights. Various members of the family will not have to draw water with which to cook and to do the family laundry each week, as well as furnish water for stock—automatic electrically operated pumps will take care of that drudgery. Even the washing and ironing will be taken care of by electric appliances.

Many steps and much hard work will be saved to farmers and their families by the flick of a switch, and they are fully deserving of such a saving. They are the salt of the earth, and have always done their work the hardest way. But that is not long to be, and we are all proud of it for them.—Man in the Moon.

GROWING ESTEEM

It is deeply revealing of the character of Gov. Landon that in his first extended statement following the election he should be found entirely without regret, without bitterness, rancor, or excuses, but with an abiding faith in the American people and their institutions and with the definite conviction that the net gain is all to the good.

The courageous, the valiant contest that was conducted by the Kansas governor against tremendous odds already has been the subject of wide comment. But the fact can and should be emphasized that it was also a fair contest. The governor would have no major change in the traditional methods of campaigning, but he is shocked and aggrieved at the booing of the president's name, a practice which seems to have begun four years ago. It is an abominable practice, the poorest of sportsmanship, no matter who the president should happen to be at the time, and it should have no place in any campaign.

Notwithstanding the election result, Gov. Landon has grown immensely in the esteem of the American people, whom he has declared himself willing to trust. He has had ample evidences of that esteem, and his present attitude is proof enough that it is fully deserved.—Kansas City Times.

No intelligent American favors government ownership. Our system of spoils politics foredooms any effort in that direction. Political control spells corrupt and wasteful control. We settled all doubts on that head in the case of government-operated railroads in the World War. If we couldn't get efficiency under the spur of patriotism, how may we expect it under the aegis of spoils politics?—Philadelphia Sunday Dispatch.

National income produced per capita was greater in 1934 than in 1900, and that in spite of the fact that many men and women were out of work in the later year. In 1900, national income produced was $16,200,000,000; in 1934 it was $47,600,000,000. The per capita income for the entire population increased 77% between 1900 and 1930.

The machine has not only created jobs in manufacturing in this country, but has decreased hours and increased the per capita income and has encouraged millions to shift to the services and professions. In the professions alone there were about 350,000 people engaged in 1870. By 1930 there were more than 2,800,000 engaged in the same professions.

There are too many men today who are like the darky dockwalloper sitting on a bale of cotton at a Louisiana depot. When a cigar drummer asked him, "Boy, want to make a quarter carrying my grips?" the descendant of Ham, after searching through all his pockets said, "Why, no sah. Ah done got myself a quartah, sah."—Hayes (Kan.) News.

The United States has 7% of the world's population. This 7% consumes half of the world's coffee, three-fourths of the world's silk, two-thirds of the world's crude oil, and has more purchasing power than all the people of Europe. And yet our citizens are continually told that the American system has broken down. Strange breakdown!

One of the most popular public fallacies is that the rich pay the great bulk of the taxes. This is not so. If the government took in taxes one-half the income of all those who get $5,000 a year or more, it would bring in less than three billion dollars, or less than one-fourth of the total tax.

Everyone admits the high purpose of laws tending to punish the man who sells fake securities. Unfortunately, however, it is impossible to wipe out the practice entirely because it is still illegal and inhuman to annihilate the suckers, and no way has yet been found to educate them.

In 1929, a recent study by the National Association of Manufacturers shows, 72 cents of the industrial dollar was spent for labor and materials, 2 cents went for management, and 4 cents was paid out to the owners of the business.

A New York physician warns that cold baths are harmful. Now let some other doctor turn thumbs down on morning calisthenics and vegetable plate dinners, and life will be 100 per cent perfect.—Sacramento Bee.

The Hollander who says that America has nothing to compare with the Dutch windmill should attend a football game and see the cheer leaders in action.—Grand Island Independent.

Governments in Florida are trying to discourage a winter rush of the unemployed to that state. They are not, however, relying on a hurricane to make it a thorough job.—South Bend Tribune.

The British sing, "God Save the King." He dead sure needs it, now that there is an American woman after him.—Delphos (Kan.) Republican.

25 YEARS AGO

News Items as Published in The Union and in The Banner, Issues of December 14, 1911

A new depot is to be built at Jemison at a cost of $2,000. Three new brick buildings have recently been completed and four more are under construction.

The gin and depot at Coopers were destroyed by fire about midnight Saturday night. The gin belonged to J. O. Barrett. W. C. Robinson also lost his feed warehouse and office.

A very enjoyable reception was held at Thorsby Institute last Friday evening, in honor of those who assisted in decorating the living room of the dormitory.

Married this week — John Hudman and Miss Clara Castleberry, Luther Waldrop and Miss Lucindy Lovelady, Cary Cleckler and Miss Rosa Franklin, W. O. Houston and Miss Georgia E. Giles, A. O. Henderson and Miss Lettie J. Maddox, Fred Larkins and Miss Ellen Forsman.

Mr. John Gore of Norcross, Ga., is preparing to move back to Clanton, his home town.

Americans pay twice as much for taxes as they spend for clothes. One student of the tax question has estimated that the trousers represent the cost of taxes on every suit of clothes, and the skirt the cost of taxes on every dress.

Reports are that the cranberry crop is not as great this year as it was last. But the recent campaign proved that the crop of applesauce in 1936 was bigger than ever.

To most urban dwellers the farm problem is that of avoiding hitting cows and hay-wagons on the highways.—Ft. Worth Star-Telegram.

A Chicagoan, listening to a broadcast in a closed garage, was overcome by gas. Rescuers arrived in the nick of time and dialed off the politician.—Geneva (N. Y.) Times.

We played Santa Claus to the world once and got stuck in the chimney. Let's don't do it again. The chimneys are even more dangerous now than they were then.

The trouble with the fellow who says he can take a drink or let it alone is that he generally doesn't seem to decide to let it alone.

By capturing those two congressional seats up in Maine, in September, the Republicans proved the truth of the assertion that you ought to do your Christmas shopping early.

We asked a disillusioned bride the other day how it came that she decided to get married, and she said she guessed it must have been her great love for dumb brutes.

Santa Claus may neglect the poor and distressed by failing to leave presents at the home of poverty, but the stork always manages to make up for this.

Some political observer writes that the new congress is going to be top-heavy, but it remains to be seen whether it will be top-heavy with brains.

No. 1—Yes, it was a case of love at first sight.

No. 2—Then why didn't you marry him?

No. 1—I saw him several times afterward.

A man accused of breaking up the home of another need not be too seriously condemned nowadays. He might have just bumped into the trailer.

Prominent New Deal politicians and statesmen tell us that the emergency is over. What do they mean by emergency—December 3?

It's too bad the Spaniards couldn't settle all their differences with voting machines rather than machine guns.

Now that the election is over, we will get more tooth paste and less banana oil on the radio.

Maybe the federal debt could be wiped out by a tax on straw votes.—Burlington Hawk-eye Gazette.

Life's hardest ups and downs are keeping up appearances and keeping down expenses—Los Angeles Times.

Who remembers the old horse and buggy days when it wasn't considered queer to save up a few provisions for the winter?

Well, if Madrid needs reorganizing after this terrific revolution is over we might lend 'em Tammany.

Whenever a woman keeps a secret she can't disguise the fact that she is doing so.

Newspapers report that Gov. Landon is being swamped with the number of letters he is getting at Topeka. And one thing he can be thankful for is that the writers are not demanding political jobs.

How strange an election. Mr. Roosevelt received more votes than a winner ever before received; and Mr. Landon received more votes than a loser ever before received.—Atchison Globe.

An educational authority thinks that savings bank boxes in the home are apt to make a child miserly. Further observation tends to suggest they also teach parents to become bank robbers.—Montreal Star.

The grooming of a son-in-law to take over Il Duce's 15 or 20 jobs is under way. An apprenticeship in an American pharmacy would seem to be indicated, to build up versatility.—Bangor Commercial.

Yesterday's rain or snow turned out to be fair. Careful checking of weather forecasts during recent weeks leads to the the suspicion that the weather bureau has been operated by the Literary Digest.—Worcester Telegram.

Radio production in American factories has provided one radio to every six persons in this country. In the United Kingdom there is one radio for every seven people; in Russia one to 90; in Bulgaria, one to 354.

A Canadian electrical expert says television will keep the farm boys down on the farm. Not when they see how cute the city girls are.—Milwaukee Journal.

CLANTON, ALABAMA

IVE FARMERS AND WIVES NAMED MASTER FARMERS

Auburn, Dec. 14.—The Alabama Extension Service and the Progressive Farmer - Ruralist have selected five outstanding Alabama farmers and their wives as Master Farmers. They are: Mr. and Mrs. J. R. Brunson, Greenville; Mr. and Mrs. Aaron Fleming, Huntsville; Mr. and Mrs. H. H. Meadows, Lowndesboro; Mr. and Mrs. A. O. Riser, Alpine; and Mr. and Mrs. Elgie Hayes, Huntsville.

Dr. L. N. Duncan, president of the Alabama Polytechnic Institute and director of the State Extension Service, and Dr. Clarence Poe, president of Progressive Farmer-Ruralist, presented the new group with gold medals and Master Farmer certificates at the annual meeting of the Alabama Farm Bureau Federation. Both speakers praised the farmers and their wives for their outstanding accomplishments.

Records show that the Master Farmers raise more than one cash crop, follow a live-at-home program, build up the fertility of their soil, and improve their homes and home surroundings. They are also leaders in their communities, taking an active and constructive interest in national, state, and county affairs.

The bulk of the income on the 238-acre farm of Mr. and Mrs. J. R. Brunson comes from cotton, livestock, and livestock products, including hams, bacon, sausage, cattle, chickens, butter and eggs.

About half of the income on the 853-acre farm of Mr. and Mrs. Elgie Hayes is derived from cotton and cotton seed, while the other half comes from corn, lespedeza, oats, wheat, hay, and hogs.

Mr. and Mrs. A. O. Riser receive cash on their 1,278-acre farm from the sale of milk and butter, cattle, hogs, sheep, goats, hay, timber, wood, cotton, honey, chickens, turkeys, and syrup.

On a 1,709-acre farm in Madison County, Mr. and Mrs. Aaron Fleming receive a large cash income from cotton, cotton seed, corn, hogs, cattle, and hay.

Mr. and Mrs. H. H. Meadows receive cash on their 5,287-acre farm from cotton, cotton seed, beef cattle, milk, and hogs.

Other Alabama farmers will be named Master Farmers next year.

CALL FOR CHILTON COUNTY ASSOCIATION MINUTES

The church clerk, or someone else interested, should call at The Union-Banner office at once and get their copies of the minutes of the Chilton County Association. These minutes are ready, and the churches should have them; the officials of the association are anxious for them to be distributed.

State Events In Convenient Form

Birmingham is talking about a new city hall.

H. I. Cummins has been appointed postmaster at Opp.

The First Methodist Church at Guntersville was organized in 1822.

Eleven birck buildings in the L. & N. shops at Decatur are being dismantled.

Head of the Y. W. C. A. at Alabama College, Montevallo, is Miss Brownie Lollar, of Fayette.

A bank robber at Cullman took $1,200 and wounded Mrs. Katherine Voss, 22-year-old clerk.

Birmingham Community Chest workers reached the goal of $420,000 in the fourteenth annual appeal.

Appointed to the board of trustees of the Alabama State Firemen's Association was Chief Revel of Luverne.

La Revue, student annual, will contain pictures of six campus beauties from Birmingham-Southern College.

New president of the Dallas County Medical Society is Dr. Kenneth Luckie. Dr. Richard Grayson is vice-president.

Newest organization at Selma Junior High School is the "Physical Education Pals," composed of girls in the athletic classes.

William J. Tinney, Jr., was elected city clerk by the Talladega city commissioners to succeed A. R. Decatur, resigned.

In attendance at Pasadena, Calif., at the annual get-together of the American Far Bureau Federation were 37 Alabamians.

City school doors will be open nine months in Selma this term, according to finance chairman E. C. Melvin, of the school board.

The Ladies Auxiliary of the Selma Legion Post is the latest to raise a Christmas fund for the underprivileged of that city.

Employes of the Standard-Coosa-Thatcher Company at Piedmont have received a 3-cent per hour raise in salary, the first since 1929.

An exploding boiler in a Jasper cleaning plant and barber shop injured five persons, one fatally, and did $10,000 property damage.

G. M. Lovejoy, 80, former superintendent of Bessemer City Schools and widely known Southern educator, died at his residence after a brief illness.

David Vick, Linden barber, saved a customer from possible serious wounds by tossing his razor aside before collapsing as a fatal illness seized him.

Founded in 1887, Jacksonville State Teacher College recently began the winter quarter of its fiftieth year. Students will return to classes following the holiday season Jan. 4.

Edward Creel, Athens attorney, who has been associated with Fred Wall in the practice of law at Athens, was named secretary by Congressman-Elect John J. Sparkman, of Huntsville.

Blinded in a hunting accident was William McLean, acting superintendent of construction at TVA's Wheeler Dam. He was quail hunting in the vicinity of the dam when the accident occurred.

R. K. Greene, prominent planter of Greensboro, will complete the unexpired term of the late Sen. John A. Rogers as trustee at Alabama Polytechnic Institute. He is an Auburn graduate.

Approximately 75 homes under construction in Alexander City will bring the new residence total there for the last half of 1936 to a figure in excess of 135. Building trades craftsmen are plenty busy.

Murray Brown, prominent in business, social and civic affairs of Birmingham 36 years and president of the Goodall-Brown Dry Goods Company, died in a Baltimore hospital, following an operation.

Dabney S. Lancaster, dean of men at The University, has been granted a leave of absence to serve as secretary of the board of overseers at Sweet Briar College in Virginia. He will leave Tuscaloosa in February.

Congressman-elect Luther Patrick, Birmingham, chose William (Bill) Young, seven years manager Radio Station WBRC, as his secretary. Patrick and Young will trek to Washington in time for the convening of Congress in January.

According to E. S. Morgan, of the Resettlement Administration, Alabama farmers led the Southeastern region in repayment of rural rehabilitation loans with 61.88 per cent repaid.

An all-star football game for charity will be sponsored in Opelika Christmas Day by the Kiwanis Club. The tilt will bring together former stars from Opelika High and Auburn.

J. H. Williams, superintendent of banks, reported to his chief, Gov. Bibb Graves: "Deposits in Alabama's 149 state banks up 20 per cent over last year; corresponding gain in earnings."

Mr. Raymond Roberts of north Alabama visited relatives here over the week end.

PROGRAM GIVEN BL CHILTON COUNTY CALF CLUB

If we are to keep the people of this country eating butter as they should it must be because our butter is of such quality as to be demanded by the consumer.

The U. S. Food and Drug Administration is demanding that the buyers of cream correct the bad practice of receiving cream that contains objectionable sediment or flavors and odors that are detrimental alike to increased consumption and to the dairy industry.

A clean barn with plenty of sunlight will assist in producing good cream. The cows should be kept clean at all times. It is advisable to wipe the udder with a clean damp cloth, just previous to milking in order to remove any dirt that might fall into the milk.

All utensils should be rinsed with cold water immediately after using; next, washed in clean hot water containing a washing powder and then scalded with boiling water and stored in a clean, dry place. If a separator is used it should be taken apart and washed after using. Flushing the separator by running water through it merely removes the liquid remnants of the milk while millions of bacteria remain undistrubed in the separator slime which gathers in the bowl.

Feed and weed flavors are largely imparted to milk while it is still in the body of the cow. If cows are removed from bitter weed and onion infected pastures for a period of at least 5 hours before milking these flavors will be largely eliminated.

Cream is best when fresh and should therefore be marketed as frequently as possible; at least every 4 days. Frequent delivery alone, however, does not insure a high quality cream. Only when cleaniless and proper care of the cream on the farm are practiced, together with frequent delivery, is quality assured.

Mr. and Mrs. A. S. Prince and son were shopping in Montgomery last Saturday.

THORSBY SECTION

(Mrs. S. E. Norton, Manager)

Services at Congregational church as usual. Sunday school at 9:45; worship service at 11 o'clock. This service will be devoted to the Every Member Canvass. Rev. Butler will speak on local church expenses; Miss Fairbank on the minister's share of the budget; and Rev. Stanley will speak on the missionary part of the budget. Thorsby Institute Glee Club will sing.

Christian endeavor will not be held on Sunday evening due to the fact that a Christmas pageant will be held at the auditorium of Helen Jenkins Hall, directed by Miss Foss, assisted by the young people of the community. Everyone is invited. There will be no admission charge.

There will be no choir practice this week as the Glee Club will sing on Sunday in place of the choir.

Prayer meeting will be held on Wednesday night at 7 o'clock at the dormitory on the hill. Miss Fairbank will be in charge.

The Ladies Guild social wil be held at the home of Mrs. C. S. Howard on Thursday, December 17, at 2 o'clock. Mrs. Phalin will be hostess. All are invited.

Rev. M. I. McLeod, of Fairfax, Ala., who has been called to the pastorate of the Baptist church, has accepted the call and will move here in the near future. Definite information will be given in next week's paper as to when he will assume his duties as pastor.

Circle No. 1 of the W. M. U. met with Mrs. Sam Pate Tuesday afternoon.

The Young Matrons of the Baptist church held their annual Christmas party on Tuesday night, December 15, at the home of Mrs. R. R. Franklin.

Dr. G. L. McNeel, formerly of Birmingham, has opened up a dental office in the Masonic building over the post office. We take this means of extending to them a welcome to our town.

A young people's revial will begin at Thorsby Baptist church on Monday night, December 21, at 7 o'clock. It will continue throughout the week. The Associational B. T. U. pastor, Rev. Maurice Hodgens, will conduct the services. It is hoped that the B. T. U. and churches throughout the county will cooperate with the Thorsby Baptist church.

On Friday night at 7:30 in the auditorium of Helen Jenkins Hall, a pageant of Christmas will be given under the direction of Miss Kathryn Foss. "Follow the Star" is the title of the pageant. There will be Christmas music. Everyone is invited. Admission will be 10 cents.

Mr. and Mrs. L. I. Leftstead and son, Lawrence, Jr., spent Sunday with Mr. Lefstead's mother and sister.

Mr. and Mrs. Hubert Reinhardt have moved from the Reinhardt home to the new building next door to the Mims home. They moved on Monday.

Mrs. Pete Franklin spent last Saturday with Mrs. A. A. Jackson.

Mrs. Earl Henley left Sunday night to visit relatives in Montgomery.

Mr. and Mrs. I. C. Heck, of Tuscaloosa, spent the week end with Mr. and Mrs. Pearson Grimes.

Mr. Tom Lessley began work on Monday at Gibbons' garage, and he invites his friends to call around to see him.

Mr. and Mrs. Roy Robinson's little son is seriously ill this week with pneumonia at the home of Mr. Norwood Johnson.

Mrs. G. B. Flournoy and children, and Mrs. John Childress made a trip to Brimingham Saturday.

Mrs. R. D. Gibbons made a shopping trip to Clanton Saturday.

Messrs. Leander Jackson and Horace Kendrick made a trip to Birmingham on Saturday.

Mr. and Mrs. G. B. Flournoy and family were on a visit to Columbiana Sunday.

Mr. and Mrs. Vardaman Robinson and family have moved from Thorsby to Sylacauga, where Mr. Robinson has been employed for some time.

Mr. and Mrs. Tandy Littleton have moved from below Strasburg to the Vardaman Robinson place.

Mrs. D. B. Chapman and Mrs. Lester Pate were in Clanton Thursday.

Mr. and Mrs. Tom Lessley had as their guests Thursday night Mr. and Mrs. Russell Sutley and niece, of Clanton, and Mr. and Mrs. Luther Kendrick.

Mrs. S. M. Connatser entertained at a spend-the-day quilting party last Wednesday. Those attending were: Mesdames S. M. Pate, Davis Cleckler, J. C. Trotter, Bob Davenport, Ben Davenport, and Webb Parrish.

Mr. and Mrs. Davis Cleckler and Emily, and Mr. Jimmie Nelson were the Sunday diner guests of Mr. and Mrs. R. H. Goodgame.

Mrs. S. P. Franklin had as her guest Sunday afternoon Mrs. Dolphus Gentry.

Mrs. Hester Ann Merchant and Helen spent Sunday with Mr. and Mrs. Roscoe Maddox.

Mr. and Mrs. A. A. Jackson had as their guests on Sunday, Mr. and Mrs. W. M. Dennis of Deatsville, Mr. and Mrs. A. L. Terrell, and Messrs. Mastin and Leo Dennis.

Miss Ruth Dennis of Deatsville will spend the time until Christmas with her sister, Mrs. A. A. Jackson.

Rev. and Mrs. W. P. Lowery spent Sunday and Monday in Shelby.

Mr. and Mrs. Jim Higgins and family have moved from the house on the hill to the home they purchased from Mr. Tom Robinson.

A number of people from Thorsby enjoyed hearing Bro. Bryan, of Birmingham, speak at Pates Chapel church last Friday night.

Miss Sallye Thompson spent the week end in Clanton with Miss Lona Thompson.

Mr. and Mrs. Turner Gamble and children, Miss Sallye Thompson, and Mr. Dewey Benson spent Friday in Montgomery.

Mr. and Mrs. Sam Pate and family spent Sunday with Mr. and Mrs. Geo. Mims.

Mrs. Herman Robinson of Montgomery visited her mother, Mrs. R. H. Goodgame, Thursday.

Mr. Frank Nelson and son, Martin Nelson, of Birmingham, spent the week end at home in Thorsby.

Mr. E. N. Bentley and Mr. Roy Kendrick, of Birmingham, returned from a hunting and fishing expedition on the gulf coast last Wednesday.

Mr. and Mrs. S. Raybon returned to their home in Montevallo Monday morning after a two weeks' visit with Mr. and Mrs. W. H. Raybon.

Miss Bertha Littleton of Birmingham spent the week end with her sister, Mrs. Emmett Billingsley.

Mrs. Emmett Billingsley also had as her guests on Sunday, Mr. and Mrs. Oscar Farrington, of Bessemer.

Mr. Emmett Billingsley, Mr. Marvin Davenport, and Mrs. Luncy Martin attended the funeral of Vastine Billingsley, which was held in Birmingham last Sunday.

Fathers' Night was observed by the P.-T. A. last Friday night at the grammar school. The president, Mrs. Jim Higgins, presided. Musical selections were rendered by Mrs. Foss, and Mrs. Mixson, and a reading was given by Rev. Stanley. Mr. L. M. Jackson gave a talk, after which refreshments were served to patrons of the school.

The Standard filling station here in Thorsby is now operated by Mr. A. D. Smith.

Mrs. D. B. Chapman spent the week with her parents, Mr. and Mrs. C. D. Wells, of Pleasant Grove.

Mr. Shieve's two nieces from Chicago, Mrs. Charles Berg and son, Charles, and Mrs. William Broderson, returned home Friday morning after spending a week with Mrs. Shieve.

Mr. and Mrs. Akins Collins are the proud parents of a 10-pound baby boy, born December 10. They have named him Harry G.

Mr. and Mrs. W. E. Miskelley and baby spent Sunday with Mr. and Mrs. T. P. Franklin, and Mr. and Mrs. B. M. Franklin, of Pleasant Grove.

Mr. and Mrs. Ernie Littleton of Helena are spending a few days with relatives in Thorsby.

Mr. Olaf Shieve desires to offer his thanks to all the neighbors who have been so kind to him during the last few weeks.

Thorsby Institute News

On Friday evening, December 18, there will be presented in the auditorium of Thorsby Institute, a pageant entitled "Follow The Star," by K. Asbrand. Miss Foss is directing this pageant. Admission will be 10 cents. The characters are: Mary of today, Margaret Nash; Joseph of today, Virgil Newton; Innkeeper, J. R. Lowery; Mary, the mother of Jesus, Thelma White; Joseph, her affianced husband, Bernard Adams; the Angel Gabriel, Paralee Henson; First Angel, Dorothy Weems; Second Angel, Bernice Robinson; Third Angel, Mary Frances Duke; First King, Gaspard, H. L. Collins; Second King, Melchior, Richard Petersen; Third King, Balthazar, Robert Weems; First Shepherd, William Sharpe; Second Shepherd, Bobby Minor; Third Shepherd, Fred Blankenship; Fourth Shepherd, Chester Messer; hidden chorus, Girls' Glee Club.

Then, on Sunday evening, there will be another Christmas pageant in the auditorium. This one is entitled, "Wherever The Star Shines," by Ward. This, too, is under the direction of Miss Foss.

School closes for the Christmas holidays at 1:35 p.m., Tuesday, December 22nd.

The third term of the school year began last Monday.

NO MAYOR'S COURT THIS WEEK

The fact that there were no cases to come up before Mayor C. Fenn Jones this week is somewhat news within itself, since it is more or less unusual. There are nearly always two or three cases to be tried by the mayor every Monday. And the fact that the holidays are near makes it more unusual.

BIG SHOW CROWDS PRESAGE BIG SALES

"Our most optimistic expectations for a record business in 1937 promise to be exceeded if the attendance and the buying at the automobile show may be accepted as a criterion," says Joseph W. Frazer, vice-president of the Chrysler Sales Division of the Chrysler Corporation.

"With this year's attendance generally far exceeding any previous shows, the conclusion is inevitable that more people are in the market for new cars. Our actual retail orders confirm this. Not only from Chicago and New York, but from all other cities where automobile shows have been held, we get very encouraging reports. More people have passed the doors and there have been more sales and live propects listed. Detroit, Boston, Philadelphia, and other large cities, had exceptionally fine crowds, and they were buying crowds too.

Speaking for Chrysler, the reaction of both our dealer body and the public has been that we have the "hottest" line since our Chrysler 75 swept the country in 1928. In fact, I would say that the 1937 cars are even more of a sensation. And of course our prices are much lower than they were when the 75 was introduced and our product has immeasurably improved as Chrysler engineering has advanced.

I addressed a large group of dealers from the Chicago region at luncheon recently and their only problem seems to be to get enough cars to take care of their orders; even though we are now running to the limit of our factory capacity and additional factory space, improved factory layout and the addition of a large amount of new and modern machinery have greatly increased our production facilities this season. Furthermore, new machines and methods are enabling us to turn out cars not only faster but with a higher quality of workmanship. We actually are using on our 1937 line some new machines that perform operations never before possible either by machine or hand.

We set up a quota for 1937 that far exceeded our peak year of 1929 yet it looks as if we are going to increase schedules still further to meet the growing demand. Our November production will exceed our original estimate by several hundred cars and December also will run far over the first schedule.

FORD

advances into 1937 with the

LOWEST PRICE IN YEARS

and new operating economy

THE ADDITION of a new 60-horsepower engine to the Ford line for 1937 brings you a new, low price and gives you a choice of two V-type 8-cylinder engines. 85 horsepower for maximum performance. 60 horsepower for maximum economy.

The 60-horsepower V-8 engine was originally developed for use in England and France, where fuel costs are high. It has been proven there for two years with brilliant success. Now, brought to America, it creates an entirely new standard of modern motoring economy!

The "60" engine, available in five body types, is built in exactly the same body size and wheelbase — to the same advanced design — with the same comfort and convenience as the "85." And it delivers V-8 smoothness at speeds up to 70 miles an hour.

Two engine sizes—but only one car and one purpose—to give you more miles and more satisfaction for your money in 1937.

FORD BASE PRICES FOR 1937

AUTHORIZED FORD FINANCE PLANS

$25 A MONTH, after usual down-payment, buys any model 1937 Ford V-8 Car — from any Ford dealer — anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

FORD FEATURES FOR 1937

APPEARANCE—Distinctive design. Headlamps in fender aprons. Modern lid-type hood. Larger luggage space. New interiors. Slanting V-type windshield.

BRAKES—Easy-Action Safety Brakes with "the safety of steel from pedal to wheel." Cable and conduit control. About one-third less brake pedal pressure required.

BODY—All steel. Top, sides, floor and frame welded into a single steel unit. Safety Glass throughout at no extra charge.

COMFORT AND QUIET—A big, roomy car. Center-Poise comfort increased by smoother spring-action with new pressure lubrication. New methods of mounting body and engine make a quieter car.

FORD MOTOR COMPANY

PLEASANT HOOPSTERS GOING STRONG THIS SEASON

Coach Bert Curlee's Mt. Pleasant Yellow Jackets are going strong and having a good season. So far they have played 10 games, winning nine of them, and dropping their only game to the strong Mitchell Dam team.

On Tuesday night, December 8th, a team went to Maplesville and defeated the high school team there 27 to 16.

On Friday afternoon, December 11th, the Jackets took the Union Grove team on their own court, whipping the visitors 31 to 12, with all the substitutes getting a chance.

Coach Curlee's starting line-up consists of Melton and Culpepper, forwards; O. Johnson at center; and G. Chambers and J. Johnson, guards. G. Chambers, it will be remembered, was mentioned as one of the best guards showing in the tournament at Montgomery last year. Melton gave a brilliant exhibition in the Mitchell Dam tournament last spring, and was voted the tournament medal for "best sportsman". The other members of the club are experienced players also, and put up a good fight against any kind of competition.

A capable array of substitutes is afforded, with Jones and J. Chambers, forwards; Daniel at center; and Price, Collins and Minor at guard.

The Yellow Jackets are scheduled to play the Jemison High B team on Thursday night, December 17, at Jemison. They will play Thomas Junior High Wednesday night, 23rd, on the Mitchell Dam court. These are both expected to be hot ones, with the Yellow Jackets doing their part to give a good exhibition.

Including previously equipped diners and Pullmans already in service, that means every L&N main-line train, except a few locals, will be completely air-conditioned before next Summer.

Compare the cost, speed, safety, comfort, air conditioning and other conveniences of L & N service with any other form of transportation, and you'll be convinced it is the most economical and completely satisfying means of travel you can use.

FRIENDLY L&N SERVICE — The L&N is your HOME SWEET HOME on rails

BAKER SCHOOL

HEALTH PLAY STORY GIVEN BY THE BAKER CLUB

Our Home Agent, Meta E. Grace, asked that we have a health program at our next meeting, so the president appointed a committee to decide the program and finally a Health and Foods play was decided on since we are studying foods. This play was named "Mary Wakes Up." Mary was a shiftless, thoughtless girl who idled her time away or slept the greater portion of her time, she finally read an articile on how she could be a full fledged American girl. They pay her a visit bring with them their aides representing the various characters essential for good health, and each of these explained to Mary how essential they were in playing an important part in any American girl's life. There was Uncle Sam, the doctors, the nurses, and their aides in costume. Each giving their prescription. The play was so good that the Home Demonstration Agent invited our club to have the play for the next rally to be held in the spring. I forget to tell you that Mary afterwards made a first class American 4-H Club girl.

SANTA COMING AROUND

Preparing for a special program to be used at our club for our next December meeting we are preparing to give a Christmas play "Santa Comes Around." The characters were Santa Claus, his reindeer and 6 helpers. Each with a specific duty to do. The play has much action, showing Santa arriving and the discussion of the list of 4-H Club girls that he is planing on visiting and were bring out the good points here and there of the girls. The play has much life and action and the gifts are well distributed and it is learned that Santa has a new set of reindeers and a much faster cart for this year. Just think he can make a clear circuit around the world on his new, modern carriage in three minutes. He says he is worked harder than ever before because each one has tried harder than ever to do his or her part. We hope to give the play not only at the club but during the Christmas holidays for our school. We have had no help and feel proud that we are smart enough to do things ourselves. Our play lasts 15 minutes.

CARD OF THANKS

We wish to express our sincere appreciation to our many friends and relatives, especially Mr. Irwin, agent, at Calera, for their kindness during the bereavement of our beloved son and brother.—Mr. and Mrs. C. H. Cobb and family, West Palm Beach, Fla.

Lesson for December 20

THE SUPREME GIFT OF LOVE
Christmas Lesson

LESSON TEXT—I John 4:7-19.

GOLDEN TEXT—Glory to God in the highest, and on earth peace, good will toward men. Luke 2:14.

PRIMARY TOPIC — Why Christmas Comes.

JUNIOR TOPIC — Immanuel—God With Us.

INTERMEDIATE AND SENIOR TOPIC—Why Jesus Came to Earth.

YOUNG PEOPLE AND ADULT TOPIC—The Greatest Gift of All.

"I heard the bells on Christmas Day
Their old familiar carols play
And wild and sweet
The words repeat
Of peace on earth, good will to men."

Thus sang America's well-beloved Longfellow. But at once his honest heart began to question—"Is there peace on earth? Are not men and nations striving against each other in hatred and violence?" Were he alive today he might ask his questions with even greater fear and sadness.

How blessed then that as followers of the Christ we are again permitted to stand at the lowly manger in Bethlehem town and rejoice anew that "the Word was made flesh and dwelt among us, full of grace and truth" (John 1:14). Let us all who bear his precious name covenant together to "keep Christ in Christmas," and in the giving of gifts remember God's great gift. Let no home fail to have read on Christmas day the Bible story of the Incarnation (Luke 2:1-20).

The lesson for this Christmas Sunday has been well chosen from the First Epistle of John. The "Apostle of Love" is our teacher as we consider God's supreme gift of love. We note first of all

I. Its Origin (I John 4:7, 8).

"God is love." In other words, love is not merely one of his characteristics, but of the very essence of his being. He not only loves, but he is love. Therefore only those who know him can truly love, and those who have not love do not know him.

II. Its Manifestation (vv. 9, 10).

"We may give without loving, but we cannot love without giving." God's love "sent his only begotten Son into the world that we might live through him." Let us be sure to emphasize that Christmas celebrates the coming of the Saviour into the world.

III. Its Results (vv. 11-19).

1. Love between men (v. 11).

This verse presents an absolutely irrefutable argument. If God could love us, surely we should love one another.

2. Fellowship with God (vv. 12-16).

No man has ever seen God, but God is manifested in the lives of men who, because they have taken his Son as their Saviour (v. 14), and have confessed him as such before the world (v. 15), have come into perfect fellowship with God. Only through such lives will the world know God's love.

3. Boldness in the Lord (vv. 17, 18).

It is tragically true that even on Christmas day when we speak of peace and good will, it is a fact that men and women outside of Christ are his enemies and must look in fear toward a day of judgment. But how different for those who know Christ as Saviour. Perfect love, God's love, has cast out all fear and they may face with boldness even the day of judgment.

If any reader of these lines lacks this holy boldness, why not make this Christmas season a time of spiritual "nativity"—take the Christ of Bethlehem and Calvary as your Saviour just now!

4. Appreciation of his love (v. 19).

Love begets love. God's love for us moves us deeply and we love him. He loved us "while we were yet sinners" (Rom. 5:8). Much more then, being saved, we should love him, and love the brethren. (See I John 4:20, 21.)

So "let us keep the feast, not with . . . the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth" (I Cor. 5:8). Then we may indeed wish one another

A Joyous Christmas!

Real Poverty

Poverty is, except where there is an actual want of food and raiment, a thing much more imaginary than real. The shame of poverty—the shame of being thought poor—it is a great and fatal weakness, though arising in this country from the fashions of the times themselves.

Faith in Our Fellow Man

It is better to suffer wrong than to do it, and happier to be sometimes cheated than not to trust.—Johnson.

A Happy Man

Happy is that man whose calling is great and spirit humble.—Demosthenes.

An Object in Life

No man was ever so much deceived by another, as by himself.—Greville.

BOB JONES

COMMENTS ON HERE AND HEREAFTER.

The Bible teaches emphatically that some day the dead will be raised. What kind of bodies will we have after the resurrection? That question is often asked. A Christian will have a body just like the body of Jesus. He said after His resurrection when talking to Thomas, "A spirit has not flesh and bone as you see I have." When Jesus died he gave his life which means He gave His blood. He htd shed His blood on the cross. We read in Leviticus this scientific statement: "The life of the flesh is in the blood." When he arose from the dead he had body of flesh and bone. He had some kind of divine risen life. He could go through closed doors. He could climb invisible stair ways into the sky. He could suddenly disappear. He could take food into his body and he had a body that men could touch. After the resurrection a Christian will have the same kind of body our Lord had. The Bible is not explicit about the kind of body a sinner will have. The sinner's body is to be raised. As far as we know, the sinner will be brought back from the dead with a physical body just like he has now. We are not sure about this. However, we are positive that the Lord teaches that all of the dead are to be raised sometime.

Where are the dead now? This question is often asked. The Bible makes this plain, too. In the old Testament dispensation when a man died he went to Sheol (Hebrew word) or Hades (Greek word). This means every man who died went to hell but the good peaple went to one compartment in hell and the bad people went to another compartment. The good people went to paradise, a place of peace and rest, and the wicked people went to that compartment where there was suffering. Lazarus was in paradise and the wicked went to the compartment of Sheol or Hades where men suffer. When the creed says "Jesus Christ descended into hell", the creed is right, but He did not descend into that compartment of hell where the wicked dead were. He went to paradise, captive." He took everybody out of paradise with him to heaven. Since our Lord rose from the dead death for a Christian means the Christian is with the Lord. There is no intermediate state of the Christian dead. The wicked dead are now where they have been all the time in that compartment of Sheol or hell where there is constant suffering. The souls of the righteous dead are in heaven. The souls of the wicked dead are in hell. Sometime all bodies will be raised. Then soul and body will be reunited. The saved will be with the Lord and the unsaved will be separated from God. "They will be cast into outer darkness where there is weeping and wailing and gnashing of teeth."

CARD OF THANKS

Please allow us space in your paper to express our thanks to our friends and neighbors for their kindness shown us during the recent illness of our daughter, Lera. We thank them also for the beautiful flowers. We thank Dr. J. P. Hayes, Dr. Lawrence, and nurse for their good service. May God's richest blessings be upon each and every one is our prayer. — Mr. and Mrs. O. D. Bone and family.

VOLUME 44.—TEN PAGES CLANTON, ALA., THURSDAY, DECEMBER 24, 1936 NUMBER 36

Dr. E. G. Hyman Buried Last Sun.

Prominent Citizen of Clanton Succumbed to Extended Illness. Carried to Home Town for Interment.

Dr. Ewell G. Hyman, age 68 years, died at the home of his daughter, Mrs. Mittice Griffin, at Shannon, Ala., last Friday at 9:20. The body was sent to Troy Saturday afternoon, where the funeral was held Sunday afternoon at 2 o'clock from the First Baptist church. Dr. S. J. Ezell, the pastor of the deceased, conducted the services, assisted by the Rev. James H. Ivey, pastor of the Troy church. The Masonic fraternity had charge at the grave. Burial was in Oakwood cemetery, Rhodes in charge.

Besides his widow, Mrs. Laura Langston Hyman, survivals are: Two daughters, Mrs. Hugh Griffin of Shannon, and Miss Tinie Hyman of Clanton; one brother, James A. Hyman of Troy; three sisters, Mrs. Joe Latuille of Troy, Mrs. T. B. Stroud and Mrs. S. Wilson, both of Union Springs.

Pallbearers were: Dr. V. J. Gragg, Dr. H. T. Pipes, Mr. Tom Kemp, Dr. P. P. Hayes, Mr. Horsley White, Mr. W. H. Sartor, and Dr. T. J. Marcus. Others attending the funeral from Clanton were Judge J. Lee Smith and Mr. J. Watts Moore.

Dr. Hyman was born in Troy, where he spent his boyhood days. After finishing dental college, he married Miss Laura Langston, of Jemison. He established a dental office in Jemison and practiced there for a few years, later coming to Clanton with his office. He had been practicing that profession in Clanton for about thirty-five years, with the exception of another year or so which he spent at Jemison some fifteen years ago.

Dr. Hyman has occupied a prominent place in business and civic life of Clanton. During the long time he has been a citizen here, he has enjoyed the highest respect and esteem of everybody with whom he chanced to come in contact. He has always lent what aid he could to all movements tending toward the betterment of his community; has always been an ardent attendant and supporter of the church of his choice—the Baptist.

A CORRECTION

A case in last week's court docket reported in The Union-Banner read:

"Julius Ward, driving a motor vehicle while intoxicated; plea of guilt; fined $100, and continued."

The report of the disposition of the case should have read:

"Plea of guilt; fined $100 and costs. Fine and costs paid, and case dismissed."

THORSBY MAN AMONG RECENT ENLISTMENTS IN U. S. ARMY

According to notice given out by the office of headquarters of the Fourth Corps Area, among recent enlistments in the U. S. army was Andrew J. Higgins, of Thorsby.

Higgins enlisted on December 10, at Fort McClellan, Ala., for coast artillery service in Panama.

Former Chilton Man Died Near Tallassee

Wm. Lafayette Chandler, age 75 years, died at his home near Tallassee last Friday night about 6 o'clock. Death came suddenly while the aged man was eating supper; he had been in rather bad health for some time, however. He had recently had a siege of influenza, reports say.

Burial was at Bethsalem Sunday, services conducted by Rev. A. C. Taylor. Burial was in charge of a Tallassee funeral home.

Surviving is his wife, Mrs. Sarah Janie Kendrick Chandler. There are 11 sons—Arthur, Jesse, Grady, Clint, Archie, Alva, Clyde, Curtis, Harvey, and Leon. There are three daughters Mrs. Cleve Hathcock, Mrs. Clarence Taylor, and Miss Gladys Chandler. There are no surviving brothers or sisters.

Mr. Chandler was born and reared in Chilton County in the Pilgrim Rest community near Pletcher, where he resided for about 55 years. From there he moved to Enterprise community, where he lived for 16 years. Four years ago he moved to the place where he died—one mile from Tallassee. During all his lifetime W. F. Chandler was a good citizen, and always took an active interest in the welfare of the community in which he lived.

HIGH SCHOOL WINS FROM MONTEVALLO

The local high school won its first basket ball game of the season last Wednesday night from the Montevallo High School by the score of 20 to 16. Both teams showed early season lack of form, but the propects for the local team is not so dark as at first appeared. Most of the basket ball material of this school graduated last spring, but with a good sized squad reporting regularly a winning team should be developed before many weeks of the new year.

A team from the local CCC camp defeated the high school in an exhibition game Thursday night.

HOLIDAYS RATHER QUIET FOR SHERIFF HARDY'S FORCE

The last week has been rather quiet for the law in Chilton county, considering that it is close up to Christmas times. Only six have been placed in jail up through Monday.

One man was arrested for assault to murder; released to enter veterans hospital, Tuscaloosa. One for public drunkenness and abusive language, committed to jail. There was one recommittal to jail on certified copy of bond, the original charge being violating the prohibition law.

Assault and battery was the charge in one case, the defendant being committed to jail. One man was placed in jail on the charge of assault with intent to murder. One is in jail charged with public drunkenness.

The officers picked up a young man at Thorsby early Monday morning who had feen tried and sentenced in Jefferson county. The indictment was for first degree murder, but the jury found him guilty of first degree manslaughter and sentenced him to five years. The case was appealed, but was later affirmed by the higher court; since which time the young man has been dodging the law. Jefferson county officers have already claimed him, and he will be sent to the penitentiary forthwith to serve out his sentence of five years.

STEEL EMPLOYING MORE MANPOWER THAN IN 1929

New York.—Nearly 5,000 employees were added to the payrolls of the steel industry during October, bringing current employment to 531,400—more than 15 per cent above the 1929 level, the American Iron and Steel Institute reported.

Payrolls of the industry in October totalled $71,110,000—almost $1,000,000 above the average monthly payrolls in '29, and nearly $20,000,000 more than was paid out in October of last year.

Hourly earnings of wage earners during the month everage 66.3 cents. It is expected that the wage increase which went into effect generally throughout the industry on November 16 will raise the average hourly earnings to about 73 cents.

BOY BORN DECEMBER 5TH

A nine-pound boy was born to Mr. and Mrs. J. C. Jones on Saturday, December 5th. He has been named James Edward.

Republican Leaders Plan For Rebuilding

Hamilton, G. O. P. Chairman, to Devote Full Time to Rebuilding Party

Chicago, Dec. 18.—Members of the executive committee of the Republican national committee disclosed today that chairman John Hamilton had been voted a salary of $25,000 a year to devote his full time to the party's rehabilitation. It was the first time the chairman of the Republican national committee had been put on a full time salary basis in the interim between presidential campaigns, the committeemen said.

Republican Chairman John D. M. Hamilton, heartened by the national committee's overwhelming vote of confidence, mapped a campaign today to revive party spirit. Soon after the committee rejected his resigantion by a 74 to 2 vote yesterday, Hamilton disclosed he would make a tour of the United States to solidify Republican power in state and congressional elections.

He announced permanent headquarters would be set up in a dozen states where present organizations were temporary, that state chairmen would be advised to hold state and county committee meetings more frequently and that he would attack the party's $901,501 deficit with the aid of a special committee.

Fish Congratulates

One of the first to congratulate the red-haired Kansan after the vote was Rep. Hamilton Fish, of New York, whose demand for "liberalization" of party policies precipitated three and a half hours of outspoken oratory at the committee's session in a loop hotel. "I'm a Republican," said Fish, "I'm going along with him. I just wanted an opportunity to express myself." The roll call on the chairman's resignation brought anti-Hamilton votes only from Mrs. Katharine Kennedy Brown of Ohio and L. W. McCormick, of Philadelphia, who held the proxy of James W. Arnold, Georgia.

SCHOOL SUSPENDED FOR HOLIDAYS

The Chilton County High School suspended work Friday afternoon of last week for Christmas holidays until January fourth. Most of the teachers are spending the holiday season at their homes or with friends in different parts of the state. Below is a list of those who are away from Clanton and where they will spend part if not all their vacation:

Miss Sara Colley, Troy, Ala.; Miss Virginia Cookm, Roanoke, Ala.; Mrs. Orene P. Coplin, Guntersville, Ala.; Mr. E. C. Duncan, Birmingham,; Mr. B. E. Evans, Birmingham,; Mr. A. R. Fouts, Ashville, Ala.; Mr. W. C. Looser, Abanda, Ala.; Miss Louise Morton, Midway, Ala.; Mr. and Mrs. J. T. Searcy, Clayton, Ala.; Miss Nannie Simpson, Anniston, Ala.; and Miss Olivia Toombs, Montgomery.

The other members of the faculty are spending the holidays at their homes in Clanton.

Christmas Greetings To Everybody

Christmas is upon us once more, and The Union-Banner has the distinct pleasure of extending wishes to all of its friends for a very Merry Christmas. May our merriment be tempered with moderation and the spirit of good will predominate between and among us all—that we may enjoy the festive occasion, and emerge from it all set to enter the New Year with renewed energy and determination.

This is a glad time of the year, when friends, long parted, turn thoughts to the old homestead and the "old folks at home." When the wanderer returns, welcome him back—rejoice with him in his home-coming. And among it all, while we are celebrating, let us bear in mind that it is all in memory of and doing honor to that occasion when "Shepherds watched their flocks by night." With good will toward one another, may the teachings of the Redeemer continue to bear fruit, and may we all be blessed in spending a Merry Christmas.

FIRE AT RESIDENCE OF DEWEY ROCKETT MONDAY

About 5 o'clock Monday morning fire was discovered in a closet in the home of Mr. J. Dewey Rockett. Mr. Rockett was awakened by the smoke, which had the house almost filled at the time.

The fire department was called, and in a few minutes was on the job. The blaze was extinguished by the use of chemicals.

The conflagration originated in a closet where fruit was stored. There was not much else in the closet except some oily rags and mops which had been used in polishing furniture and the floors. It is thought that rats must have started the fire by lighting a match.

Not much damage was done in the house, except stained some by the smoke, and inside moisture created by the heat.

POLL TAX RECEIPT PICKED UP FROM STORM

Mr. George Mims, of Temple community, brought in to The Union-Banner Monday a poll tax receipt which he found near his home on Tuesday morning after the storm. The receipt was issued on January 25th, 1906, to W. O. Smith of District No. 10, Chilton County. The receipt was issued by T. J. Hubbard, Tax Collector. The receipt does not appear to have been rained on. The owner may get it at The Banner office.

Mr. Mims also reports that a strange hen was seen at his place shortly after the storm. It is a black hen with a white neck; she is a young hen. Mr. Mims also wants the owner to get her if they want her.

It was on this same place where the insurance papers of Mr. Sewell were found, fifteen miles from where they were picked up by the storm.

L&N MAKING IMPROVEMENTS

Nearly $500,000 has been authorized by the Louisville and Nashville Railroad for the modernization of the facilities of its principal shop plants, it is announced in the December L&N Employees' Magazine. Approximately $380,000 will be devoted to the purchase of 87 new machines and tools for the road's largest shop, at South Louisille, Kentucky. The remainder will go into equipment for the shops at Mobile and Birmingham, Alabama; Ravenna, Decoursey and Corbin, Kentucky; Nashville and Paris, Tennessee; and Evansville, Indiana.

At Birmingham one of the more important items is an electric tractor boom crane for handling with greater safety heavy parts of locomotives. Among the Mobile items is a 39-inch motor-driven crank planer for locomotive repair work. An unusal machine to be included in the Decoursey program is an electrically operated locomotive spotter, for the moving of engines while they are undergoing repairs.

Work of installing the new machinery will commence in the very near future and is expected to be completed some time next summer.

The Louisville & Nashville Railroad announces in its Employes' Magazine for December the inauguration, effective January 1, of a system under which employes of the road may make formal suggestions for the improvement of its efficiency and service. In order that employes may share in the benefits their suggestions may bring to the company, cash awards will be made for those adopted.

School teachers in Alabama and Kentucky will be better assured of receiving their salaries before the Christmas holidays by reason of the Louisville & Nashville Railroad having paid its taxes in those two states many days before they are due, the December L & N Employes' Magazine states. The road's tax bill in Kentucky is $1,200,000 and $800,000 in Alabama according to its magazine.

Prominent Clanton Lady Died Sunday

Mrs. P. D. Wilson Buried In Clanton Cemetery Last Monday Afternoon

Mrs. Roberta Wilson, a member of one of the oldest and most prominent families of this county, died Sunday morning at the age of 67, after an active life in social, religious and civic affairs of her town.

Mrs. Wilson was taken seriously ill last Thursday night, and was rushed to a Birmingham hospital where she died Sunday morning about five o'clock. The body was brought to Clanton Sunday where it was prepared for burial by Spigner Funeral Home.

The deceased is the daughter of Dr. Joe Johnson, who was at one time widely known in this section, having practiced his profession as a medical doctor in the Mulberry community and vicinity for many years.

Many older residents of this county will remember the early life of Mrs. Wilson and her family, her brother and sister, William and Mamie who died several years ago. And a sister, Mrs. Dave Campbell, who now resides in Brooklyn, N. Y.

Approximately forty years ago, the deceased was married to the Hon. Tipton Mullins, who became one of the most widely kown atterneys of this section and who is a brother of Reece Mullins and Reid Mullins, two of Clanton's most prominent citizens. From this union came 2 girls and 1 son, who occupy worthwhile positions. They are Hon. Joe Mullins, well kown attorney of Clanton, Mrs. Sophia Mullins Nelson of Chattanooga, and Dr. Tipton Mullins Jolifee, of New York City.

Several years ago, following the early death of Mr. Mullins, her first husband, the deceased was married to Hon. P. D. Wilson, of Clanton, and for several years chairman of the Democratic Executive Committee of this county and one of Clanton's well known citizens and former owner of one of this city's hotels.

The deceased was one of Clanton's highly respected citizens and during her active life here had the love and esteem of all who knew her. The older residents of the county bowed their heads in grief and respect at the news of death.

Funeral services were held here Monday afternoon at three o'clock at the Baptist Church with Dr. S. J. Ezell, assisted by Dr. Truett, pastor of the Methodist Church, officiating. Spigener Funeral Home was in charge of burial, which took place in the Clanton cemetery.

Pallbearers were Dr. N. S. Johnson, Grady Heflin, J. Renfroe Mullins, Dr. V. J. Gragg, Dr. Will Wilson of Birmingham, and Clarence Mullins of Birmingham.

She is survived by her husband, P. D. Wilson, two daughters, Dr. Tipton Mullins, Mrs. Jolliffe, one son, Hon. Joe Mullins, of Clanton, and other relatives.

IN THE CITY COURT THIS WEEK

There have been seven cases to come up before Mayor C. Fenn Jones in the city court during the past few days. One man was tried and found guilty of selling whiskey; he paid off his fine. One case came up for driving while intoxicated. The trial was deferred to a later day in the week.

There have been five arrests for public drunkenness; two plead guilty and were fined. The other three were postponed.

Mrs. G. C. Powell, is at home recovering from a serious operation at Highland Ave. Baptist Hospital, four weeks ago.

Pay Your Taxes Before Jan. 1st

HIGH SCHOOL HAS LARGE HONOR ROLL FOR THIRD MONTH

Forty-three students of the Chilton County High School found their names on the honor roll for the third month when the grades were released last week. The senior three class leads in number with eleven from that class making all grades B or above. The roll is as follows:

Junior I Class

Hazel Jones, 3A, 3B; Edith Clara Newell, 3A, 3B; Margarette Pate, 6B; Frances Smith, 5A, 1B; Willodean Stewart, 5A, 1B; Curtis Reynolds, 3A, 3B.

Junior II Class

Bernice Lowe, 6A; Ann Ross, 7A; Norman Harris, 2A, 4B.

Junior III Class

Charles Honeycutt, 1A, 4B; T. J. Rasberry, 5B; Irma Durbin, 2A, 2B; Grace Ezell, 5A, 1B; Elizabeth Newell, 3A, 2B; Annie Cordelia Smith, 5A, 1B.

Senior I Class

Edgar Goodgame, 2A, 3B; Sidney Nelson, 3A, 1B; Dorothy Fay Carter, 4A, 1B; Mary Nell Jones, 5A; Annie Pearl Honeycutt, 3A, 2B; Mildred Mae Maddox, 4A, 1B; Myrtis Mims, 4A, 1B; Peggy Page, 3A, 2B; Nell Rockett, 2A, 3B; Hilda Smith, 5A, 1B.

Senior II Class

Guy Alred, 2A, 3B; Geraldine Hollis, 3A, 2B; Adie John Rich, 5B; Carl Cooper, 3A, 2B; Clive Aldridge, 3A, 2B; Mildred Popwell, 3A, 2B; Annie Brown, 3A, 2B.

Senior III Class

Morris Mims, 4A; Bill Hodges, 2A, 2B; Dorothy Looser, 2A, 2B; Sally Jo Cox, 2A, 3B; Margie Nell Jones, 4A, 1B; Mary Jo Foshee, 2A, 3B; Mary Newell, 2A, 3B; Annie Ree Wilson, 2A, 3B; Mabel Gillespie, 3A, 1B; Kathleen Smith, 4A; Emily Sawyer, 4B.

YOUNG WOMAN BURIED AT SUNSHINE LAST SUNDAY

Mrs. Gulma Easterling, wife of Mr. Preston Easterling, died at the home of her father and mother, Mr. and Mrs. Matthews Miner, last Saturday evening, followering a lingering illness. She was 23 years old.

Burial was Sunday afternoon at 2:30, at Sunshine Church, Martin and Sons in charge. Services were conducted by Revs. Orange, Lockhart and Hickmon.

Survivals are her father and mother, husband, three brothers and two sisters. Her only child died some months ago.

Legislators Recess And Full Pay Voted

Montgomery, Dec. 19.—Members of Alabama's special session legislature scattered to their homes over the state Saturday for a Christmas recess until January 5 after ringing down the curtain on the pre-Yuletide session by voting themselves and the legislative clerical forces full salary during the adjournment.

Voting down opposition to the plan, which started in the house rules committee, those favoring the holiday on pay broke a three-hour deadlock Friday by a vote of 42 to 39 in the house, and 17 to 13 in the house—$24,786. to the—$24,786.

Chief question in the minds of department lawmakers — would there be a serious effort after Christmas to enact the two per cent general sales tax bill introduced yesterday as a repealer for the gross receipts tax enacted into law Thursday? And ranking only a step below was this poser—would the wet forces consolidate their divided ranks and push through to passage a state-store system liquor control bill that was sidetracked in the senate this week after passing the house? Senator Max Rogers of Mobile, chairman of the senate temperance sub-committee assigned to study the house repeal measure, said that this group would meet in Mobile during the holidays to start their work. Others on the sub-committee are Senator Robin Swift of Atmore, and Senator Floyd Mooneyham of Montgomery.

The holiday-on-pay reslution will give each of the legislators $102 for the recess at their $6 daily compensation rate. Top pay of $187 will go to Lieut. Governor Thomas E. Knight, Jr., senate president, and speaker Pro Tem M. L. Robertson of the house—neither of whom voted on the proposals. The resolution also provided salary for all legislative officials, committee clerks, pages, messengers, doorkeepers, and the sergeant-at-arms.

Foes of the plan declared there was no justification for the continuance of salaries during the recess except for the office force of Secretary of Senate Earl Speight and House Clerk Ed Taylor, but they were voted down. A check today showed that the house expense for the 17-day recess will be $17,697, and the senate will be $7,089.

Before swinging into the adjournment fight, the senate passed appropriation bills providing $332,000 for Auburn's experiment stations and extension service.

CALL FOR CHILTON COUNTY ASSOCIATION MINUTES

The church clerk, or someone else interested, should call at The Union-Banner office at once and get their copies of the minutes of the Chilton County Association. These minutes are ready, and the churches should have them; the officials of the association are anxious for them to be distributed.

Half Billion Asked To Continue Relief

Pres. Roosevelt to Ask Congress For Huge Sum Early In The 1937 Session

Washington, Dec. 19.—Quick Congress approval was sought Saturday for President Roosevelt's request for an immediate $500,000,000 relief appropriation.

Current funds are expected to last only another month, making action necessary early in January if the work relief program is to proceed without interruption.

Mr. Roosevelt said Friday he would esk for the appropriation, designed to meet Works Progress Administration cost until June 30, during the first week of Congress. It convenes January 5.

Estimates for relief needs in the next fiscal year, however, will not be submitted until Spring in order to obtain a better idea of future needs.

The president, in disclosing his request for the special appropriation and a study of methods to count the unemployed, said he had taken no action to stop cuts in WPA rolls.

WPA Administrator Hopkins began the reduction late in the Fall, describing it as an attempt to get rid of those who do not need relief. He said recently the number on the rolls probably would remain throughout the winter near the November level of 2,278,042.

The cabinet discussed methods of enumerating the jobless, but Secretary Perkins said no decision was reached.

Mr. Roosevelt last month said he was studing a self-registration plan, by which the jobless would present themselves each month to be recorded. A somewhat similar method is used in England for recipients of the dole.

The self-registration idea first was advanced by Gen. Hugh S. Johnson, former NRA administrator,who declared a house-to-house canvass would cost $15,000,000 to $20,000,000. Johnson's plan was represented as costing about 10 per cent as much.

The American Federation of Labor is preparing a new unemployment count of its own. Its least estimate in August placed the number of jobless at 10,740,000, but it later said the figure might be more than 1,000,000 too high.

The A. F. of L. executive council recently reported its computation method was inadequate in periods of business recovery, a criticism that also has been advanced in some quarters regarding the self-registration plan.

A check on the number re-employed, Mr. Roosevelt said last month, would have to come from industrial reports.

LEAK OR SEEPAGE IN GASOLINE AND AUTOMOBILE TAXES

Birmingham, Ala.—Motorists of the state were called upon by the Alabama Motorists Association today to rally to the support of the Welch bill introduced in the House recently which calls for an election upon a Constitutional Amendment prohibiting the diversion of automobile taxes for any purposes than for the building and maintaining of highways and bridges and for the retirement of highway construction bonds.

The measure, House bill 112, was placed in the hopper last week and Frank E. Spain, prosident of the association called upon all motorists to contact their lawmakers in an effort to get the measure passed before the legislators go home for the Christmas holidays.

"This measure is one of the most vital that has faced the motorists of the state in a number of years," Spain said. Each year there appears to be a leak or seepage in the gasoline and automobile taxes to purposes other than for construction and maintenance of highways. This practice is already endangering Alabama's Federal aid funds and if continued will seriously interfere with the completion of the state's muchly needed highway system.

CLANTON LAUNDRY CLOSED FRIDAY AND SATURDAY

Mr. Leo Thompson, of the Clanton Laundry, advises the Union-Banner to publish that his place of business will be closed all day Friday and Saturday, December 25th and 26th. Laundry customers may be governed accordingly.

CAGLE-BISHOP WEDDING

The marriage of Miss Ethel Cagle to Mr. Paul Bishop was solemnized in Birmingham on December 19th at 11 a.m. The ceremony took place at the home of Mrs. Keller Weaver. Rev. S. A. Bishop, father of the groom, pronounced the nuptial rites.

Miss Cagle, who has been teaching in Chilton County for the past three years, is the daughter of Mr. and Mrs. J. W. Cagle of Mitchell Dam. She is a graduate of Troy Teachers College. Mr. Bishop, who was educated at Simpson high school and Birmingham-Southern College, is an employee of the Southern Railway System.

Mr. and Mrs. Bishop will be at home in Birmingham until after the holidays. Mrs. Bishop will finish out her school at Isabella before making her permanent home in the Magic City.

The Union-Banner joins the other many friends in extending congratulations and wishing them every happiness in their married life.

University News

University, Ala.—When Dr. George H. Denny, president of the Uuiversity of Alabama, steps down on January 1 from his present position, he can look back on a remarkable record of development in every phase of the University.

The student body has grown from a bare 500 when he came here 25 years ago to an estimated 5,000 today. The woman's student body has increased from 55 to more than 1,000.

The physical plant of the University has kept pace with the increased enrollment. Seventeen major buildings and fifty or more minor ones have been built on the campus since Dr. Denny's arrival.

The number and variety of courses given have also increased greatly. There are now 400 courses given in the college of Arts and Sciences alone, compared with 100 in 1912. Library facilities have also expanded, the number of volumes in the departmental library of the School of Education increasing from 300 to 25,000.

There are today five times as many faculty members with advanced degrees as there were faculty members in the entire University 25 years ago. Sixteen new academic degrees have been added to the list given by the University.

Dr. Denny, an ardent supporter of the football team, played football himself during his under-graduate years at Hampden-Sidney College. Once, watching a football practice, he said, "If I had all the students in college out on an athletic field during the afternoon, I would have much less trouble with them."

Dr. Denny's public work has not been limited to the field of education. From 1912-1916 he was president of the Alabama State Board of Arbitration, and from 1917-1918 head of the cotton seed industry division of the U. S. Food Administration, Washington.

Dr. Denny will be succeeded on January 1 by Richard Clark Foster, an alumus of the University of Alabama and of Harvard Law School, who was unanimously selected by the board of trustees. Dr. Foster's selection has been enthusiastically endorsed by the press of the state.

Registrations from all over the state are being received at the University of Alabama for the second annual Youth's Conference, to be held at the University on January 1-3, 1937.

Conference officials have placed their attendance goal at 1,000. Over 300 delegates attended the first convention, which was held at the University last year. Jim Hardwick, state secretary for school and college Y. M. C. A's, has been one of the chief workers in planning the conference. Lanett, with 31 delegates, Brookwood, Siluria, Eufaula, and Mobile, have already sent in registrations.

Students of the University of Alabama scattered to their homes throughout the state as Christmas holidays officially began at noon Saturday. By bus, train, and automobile, the approximately 5,000 students made a rapid exodus from Tuscaloosa, until the campus, humming with activity on Saturday morning, looked deserted on Sunday.

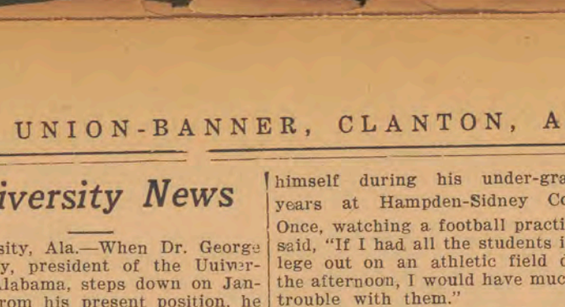
After two weeks of vacation, the students will return to the University on January 4. Mid-year examinations will begin on January 11, to last for 12 days. The second semester begins on January 25, and the annual mid-term dances feature the opening week, with Kay Kyser and his nationally kown orchestra furnishing music for the occasion.

National recognition in the field of aeronautics has come to twelve students at the University of Alabama, eleven of them majoring in aeronautical engineering. These students have formed a Glider Club, and have made more than 400 flights. They are one of twelve groups in the nation, and the only one in the South, to be recognized by the Soaring Society of America.

Students From Clanton

Five students from Clanton have been active in campus organization at the University of Alabama a survey of clubs here reveals.

A list of Clanton students and the organizations to which they belong follows: Morgan Reynolds, Blackfriars, Crimson-White: Grady Reynolds, Jr., Sigma Alpha Epsilon, Knaves, Druids, Y. M. C. A., Corolla, Crimson-White; Alex Hayes, Pi Kappa Alpha, Greeks, varsity baseball; Olive L. Knox, Y. W. C. A., Newtonian seciety, Psi Chi.



When the Christmas Bells ring out their Glad Tidings ..... we hope it will be a Glorious Day for Everybody ..... a Day of Joy and Peace which you will long remember. And may there be many Happy, Prosperous days ahead.

MAPLE SPRINGS

Wishing you a merry Christmas and a bright, prosperous New Year.

Sunday school was well attended Sunday, with one new member. Everybody come back next Sunday morning at 10 o'clock with a well-prepared lesson.

There will be a Christmas tree at the church next Thursday night, which is Christmas eve; also a program has been planned. So come out Thursday night and let's enjoy Christmas eve together.

Everyone who is on the program for Thursday night is asked to meet with us Thursday afternoon promptly at 1 o'clock at the church, to practice the program.

Mr. Melvin Lansford from Montgomery was here Sunday and Monday visiting his parents and friends.

Messrs. Ottis and Arnold Glenn had as their week end guest Mr. Curtis Jones from Isabella community.

Miss Lera Glenn had as her guest Friday afternoon Mrs. Velma Davis.

Mr. Bonnie Lee Driver was in this community last Friday.

IMPROVED UNIFORM INTERNATIONAL

SUNDAY SCHOOL Lesson

Lesson for December 27

THE SPREAD OF CHRISTIANITY IN SOUTHERN EUROPE

LESSON TEXT—Hebrews 2:1-4; 11:32—12:2.

GOLDEN TEXT—The kingdoms of this world are become the kingdoms of our Lord, and of his Christ; and he shall reign for ever and ever. Revelation 11:15.

PRIMARY TOPIC—Christmas Round the World.

JUNIOR TOPIC—Into All the World.

INTERMEDIATE AND SENIOR TOPIC—Why the Gospel Spread So Rapidly.

YOUNG PEOPLE AND ADULT TOPIC—The Spread of the Gospel in Southern Europe.

History has marveled at the spread of the Christian faith in a wicked and hostile world. Dark were the days upon the earth when the handful of believers in Jesus Christ set out to preach the gospel. Why did the Christian faith spread so rapidly and build so soundly the future? The answer is found in our lesson for today. It is threefold. They declared

I. A Great Salvation (2:1-4).

The preaching of the apostles set an example of sound teaching. They knew that no "programs" or "drives" would suffice to meet the need of the world steeped in sin and superstition. They preached a great salvation, a real gospel, and God set his seal of approval upon their work.

The presentation of God's Word and his gospel in the power of the Holy Spirit is still the way of victorious usefulness for any believer and any church.

Turning now to the great faith chapter of Hebrews, we see the second reason for the spread of Christianity. Bible preaching brought forth Bible believers — men and women who obtained "a good report through faith."

II. A Victorious Faith (11:32-40).

Right presentation and proper apprehension of God's Word produces noble and sacrificial living.

The world is "not worthy" of its heroes of faith. In fact, it not only fails to recognize them and their mighty deeds but mocks, scourges, tortures, and saws them asunder. But they are written down in God's book of remembrance. He rightly evaluates their faith and their nobility of character.

We need to learn of God how to regard our fellow men lest we follow the crowd in giving praise to those who merit it not, and fail to recognize the unsung heroes of faith in our own communities and churches who are the very salt of the earth.

The final section of our lesson follows the first two in perfect sequence of thought. We have noted the apostolic message concerning God's great salvation. We have seen that the gospel is indeed the power of God which not only saves but which produces heroic living. Now we turn to our obligation to continue that glorious succession of these who live by faith.

III. A Race to Run (12:1-2).

The picture in the writer's mind is the great Olympic arena. All around are the spectators. A race is to be run. What a striking picture of Christian life. For it, too, is a race. It has a prize, both here and in the hereafter. It calls for intense activity. It brings us before those who either jeer at us or cheer us on our way.

Many are the things which may hinder a runner. One thing he cannot do is carry weights. These may not be sinful things but those which may be a hindrance to spiritual progress. Let us put them away!

And then there is sin—that treacherous enemy that so subtly "besets us" and entangles us. By God's grace let us cast it aside.

Greater than all the hindrances is the One in whose name we run and to whom we look for victory. Looking past the difficulties, the spectators, and even the course itself, we see him who is "the author and perfecter of our faith." The secret of victory is to

Turn your eyes upon Jesus,
Look full in His wonderful face.

Firm Foundation

If there be a man on earth to be envied it is he who, amidst the sharpest assaults from his own passions, from fortune, from society, never falters in his allegiance to God and the inward monitor.

Pride and Ingratitude

Pride is of such intimate connection with ingratitude that the actions of ingratitude seem directly resolvable into pride as the principal reason of them.—South.

Truth in Little Things

I have seldom seen anyone who deserted Truth in trifles, that could be trusted in matters of importance.—William Paley.

Life's Lesson

Take what is; trust what may be;
That's life's true lesson. — R. Browning.

Standing Erect

A man must stand erect, not be kept erect by others.—Marcus Aurelius.

Never put off until tomorrow what you can do today—there may be a law against it by then.

$600 FOR RENT, $450 FOR TAXES

New York.—A typical New York family of four people spending $600 a year for rent will pay at least $450 a year in Federal, state and city taxes, according to a computation by the New York City merchants association.

The invisible taxes which such a family will pay, it is estimated, will include $162.12 hidden in the annual rent; about $120 in commodity and sales taxes; $135 as its yearly share of the mark-up in cost of goods or services which corporations have to make in order to meet their tax bills and shares in taxes levied elsewhere on goods sonsumed, as well as admission taxes, automobile license fees and other "personal taxes."

The Union-Banner—1 Year, $1.00

May a Kindly Providence allow each of you to share the Good Things of Christmas Day, is our sincere wish. Happiness and Joy throughout this Yuletide Season, and a Prosperous 1937 is the least that we can wish.

"Guess I've Always Wanted to Be An Engineer, Son"

YOU will find, in countless American homes on Christmas morning, eloquent evidence of the place railroads and railroading hold in the hearts of folks throughout our land.

In the memory of oldsters still living, the railroads completed the bold and romantic enterprise of binding the nation together with bands of steel from the Atlantic to the Pacific.

And by their enterprise, the railroads continue to challenge the interest and stir the imagination of youngsters born and reared in an age of wonders.

Today, with undiminished vigor, the American railroads, in providing cheaper fares, faster freight and passenger schedules and marvelous records of Safety, are writing new chapters into their romantic history.

Next time you take a trip, go by train.

Merry Christmas, NEIGHBOR!

We extend the Season's Greetings to patrons and friends, with the hope that the year 1937 will be one of happiness and prosperity for all.

POWERFUL FERTILIZERS BEING PRODUCED BY TVA

Auburn, Ala.—The Tennessee Valley Authority is producing superphosphate fertilizers, two to five times more powerful than those generally used, and farmers and agricultural experiment stations in seven valley states are giving them a thorough testing, says the Associated Press. The authority is striving still further toward higher concentration of plant food, maybe phosphorus itself, an element in which 90 per cent of all soils are deficient. Utilizing giant electrical furnaces of the big, wartime plants at Wilson Dam, the Authority has already produced fertilizer material with phosphorus content as high as 60 per cent.

PLATE SUPPER AT ENTERPRISE

The Enterprise Home Demonstration Club, plan to give an interesting program, and plate supper at the schoolhouse auditorium, Wednesday night, December 30. Entertainment will be free. Plates only 15 cents each. The program will begin at 6:00 o'clock. Everybody come early and get your supper, and enjoy the program.

Brief Farm Notes

66,342 Alabama boys and girls are now members of 4-H clubs in the State.

Indications are that the total world supplies of beef and veal during 1937 will be somewhat lower than in 1936 with prices continuing on the upward trend.

It is especially wise for farmers to keep lice off their brood sows during the winter months, advise livestock specialists of the Bureau of Animal Industry in commending that farmers apply crude petroleum or used crankcase oil to kill the lice on the sows.

Pure or nearly pure white corn is prized by corn millers and premiums often are paid for such corn, reveals a study conducted by the Bureau of Agricultural Economics.

Elimination of filler from fertilizers would save farmers of the county about $7,500,000 annually, reports the Bureau of Chemistry and Soils.

Centipede grass is being used to stop soil losses on the demonstration project of the Soil Conservation Service and Extension Service near Greenville in Butler County.

Radio receiving sets have been presented to the Alabama Future Farmer Chapters at Eva, Vernon, and Jackson as prizes in corn and cotton contests.

AUBURN SUPPORTERS WILL FOLLOW TEAM TO HAVANA

With the Cuban government's selection of Auburn to represent the south in the New Year's Day football classic in Havana, comes word that hundreds of former Auburn sturents from all sections of the south will follow their team for the game.

An all-expense personally-conducted tour has been arranged by Roy Brown with a visit to Havana, combined with Cuba's International Sports Week. The gay carnival season will be in full swing at this season of the year and Alabamians will find the trip enjoyable and inexpensive.

Auburn was selected because of its outstanding record in football games in every section of the United States and also because of the large number of Alabamians who have visited Cuba this past year. The Alabama Press Association with 447 passengers was the first of several large tour parties to Havana. "The Paris of the Western Hemisphere."

The tour leaves Birmingham and Montgomery, Monday, December 28th, returning on Tuesday, January 5th.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the kind deeds and sympathy shown us during the death of our father and husband.

Especially do we thank the neighbors, and Bro. Holland, and the Vaughn trio for their kind service.

Maybe some day in some way we can do some kind deed for you all. This is our prayer.—Mrs. J. W. Chambers and family.

POULTRY NEEDS FEED TO REPLACE GREENS

Auburn, Ala.—Farmers can improve the health of their hens and increase their egg production during the winter months by adding 5 per cent alfalfa leaf meal, good grade ground lespedeza, or soybean hay to their mash, advises John E. Ivey, extension poultryman.

This advice is given by Mr. Ivey after calling attention to the fact that it is harder to give hens a well balanced diet in cold weather when little, if any, green feed is availible. Even if some green feed is available, the birds usually do not have access to it, as most of them will be confined in houses to protect them against severe cold, he points out.

Keep a close check on the body weight of layers, as heavey autumn egg production tends to drain their weight and vitality.

Give more scratch feed if they are under weight, but reduce the amount of scratch feed if they are too fat. Excess fat is not good for the birds. Neither is it advisable to waste money on overfeeding.

Ivey added that it is not too early to start thinking about next year's feeding program. "If you have land suitable for growing scratch feeds plan to raise your own and save the expense of buying it. This will increase your profits.

This year's high prices should point out more strongly than before the importance of producing scratch feed at home when possible. Producing seventy-five per cent (1 bushel corn per hen) of the poultry feed at home should become a regular farm practice.

FARM BUREAU REQUESTS NUMEROUS FARM CHANGES

Auburn, Ala.—The American Farm Bureau Federation resolves that a national farm policy must provide: for restoring and maintaining a high degree of soil fertility; a schedule of agriculture tariffs to protect the domestic market from competing imports that hold or force American prices below parity levels of industrial and agriculture commodities; aggressive efforts to developments; the holding of surpluses from market channels in the most economical way under a system of federal loans based on warehousing or trust receipts.

Mother—what are you doing out there, Mary?

Sailor's Girl—Looking at the moon, mother.

Mother—well, tell the moon to go home; it's 2 o'clock.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

GILTS PRODUCE PIGS CHEAPER THAN SOWS

Auburn, Ala.—Gilts are more economical breeding animals than mature sows, according to results obtained in an 8-year breeding experiment completed by the United States Department of Agriculture. Pigs from gilts were raised at less cost per pound of marketable weight than pigs from mature sows.

BLACKSTRAP MOLASSES IS GOOD FEED FOR CATTLE

Auburn, Ala.—Blackstrap molasses is one of the cheapest feeds available to Alabama livestock producers this winter, advises F. W. Burns, extension livestock specialist.

"One pint of blackstrap per head per day will cheapen the ration of either beef or dairy cattle and will replace an equal weight of corn," he says.

"Ensilage is one of the best substitutes for pasture for dairy cattle. Three pounds of ensilage and one pound of hay per 100 pounds of live weight of cattle fed daily will supply their roughage requirements."

DECEMBER AND JANUARY BEST FOR BREEDING COWS

Auburn, Ala.—Dairymen should breed a majority of their cows in December and January for fall freshening, states F. W. Burns, extension livestock specialist in pointing out that Dairy Herd Improvement Association records show that cows that freshen in the fall produce more milk and return more profit above feed cost than cows that freshen in the spring.

JUST FROM SHOULTS

Cap sho is one sight. Tother day whilst us wus hunting, he say, Remus, I killed 22 squirrels in that tree. I say, cap don't you no you broke de law? don, he say, oh! it taken me three days to do dat. He always leaves de gap down so he can git out. I bleves he is going to run for sumpten yet.—Uucle Remus.

Inst. Powers—Are these your math problems, Boyd?

Boyd—They are my Mae West problems.

Powers—Mae West problems?

Boyd—Yeah. I done em wrong.

CHRISTMAS PARTY OF THE HOME MAKERS CLASS

A most enjoyable Christmas party was held in the social hall of the Baptist church by the Home Makers Class Monday night, December 21.

It is a custom of long standing for this class to meet together for an evening of social fellowship and Christmas tree during the holidays.

This was one of the most enjoyable of these events ever held. The attendance was very large. The room and tree carried out the class colors, white and green. Tall white standards burning green candles shed a soft glow on the lovely scene. The President, Mrs. Luther Little, and her helpers did a fine job of decorating. The program committee, Mrs. Joe Calloway and Mrs. Milton Smith, provided much fun with contests and games of various kinds. Then the beautiful story of the origin of Christmas was told in a most interesting way by Mrs. J. W. Fant, after which all joined in the singing of Christmas carols, and enjoying the fruit of the glittering Christmas tree. Delightful salad, cake and coffee were served by the hostesses, Mrs. S. J. Ezell, Mrs. G. C. Walker, Mrs. Horsley White, Mrs. Flora Sims, Mrs. Spurgeon Calloway, Mrs. Curtis Billingsley. Forty or more of the members were present.

OAK GROVE 4-H CLUB BOYS

Our 4-H club organized in Oak Grove is now a success in this community. We have 23 members all live wires, although we are all just beginning in 4-H work there is not a member here that will be a slacker.

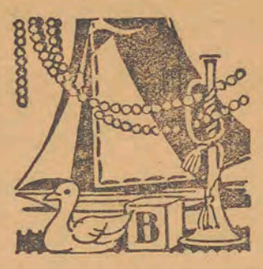
All we want is a chance. For our aim is to "Make the Best Better."—G. A. Hicks, Reporter.

Wingate—Weed may be a fast driver, all right, but even at that I think he was bragging.

Horn—What did he say?

Wingate—He said when he held out a stick, it went r-r-r-r-r-t-t-t on the mile posts.

Mrs. Clifton Traywick returned home Sunday from Montgomery where she has undergone a serious operation.



Prosperity — Peace — Happiness, may Providence be so kind as to provide you and yours with all these — and whatever else you may want.

Permit us to hand you an armful of the

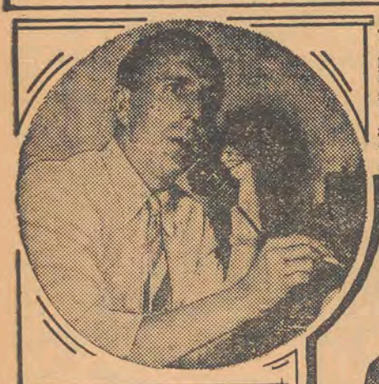
IT'S NOT ALL LAUGHTER FOR THE FUNNY MEN



Jack Benny, leader in the parade of laugh makers, has a pretty dismal time as he rests between rehearsals for his show with Mary Livingstone, Don Wilson, Kenny Baker and the Phil Harris orchestra in the NBC-Hollywood studios.

Fred Allen in a mood more characteristic than the happy one you find him in each Wednesday night. He begins work on his scripts immediately after his first broadcast and has the idea for next week's sketch before he does his midnight show for the West Coast.

Charles Butterworth, starring on Fred Astaire's program these days, indulges in the unusual practice of getting the reaction of friends as he goes about writing his scripts. The one he's talking to must be a fair weather friend.

All play and no work make a comedian a pretty dull boy, says Ed Wynn, whose new Saturday night program is delighting thousands. He is shown here as he makes a last minute joke substitution in his script before going on the air with Graham MacNamee and Don Voorhees' orchestra.

A most unusual shot is this of Stoopnagle and Budd in a serious conversation with the man who signs the checks for their Sunday broadcasts. Left to right: Stoopnagle; Harry Von Zell, announcer; sponsor Lawton Campbell, and Budd. It's all about a joke, too.

Phil Baker, the great American Editor in his radio series, looks mighty preoccupied with his typewriter . . and he is. Baker, who punctuates his programs with an accordion solo each week, spends ten hours a day in preparation for his half-hour show.

Merry Christmas

Christmas comes but once a year! And we take this means of expressing Greetings of the Season to our Customers and Friends.

You have been good to us, and we appreciate it to the fullest. Therefore, please accept our Thanks along with our Best Wishes for a Very Merry Christmas.

We hope to merit your continued patronage and Good Will.

STATE NEWS PARAGRAPHED

A Resume Of The More Important Events Of Interest Condensed To An Epitomized Form

The Citizens and Cordova State Banks have ben merged into the Cordova Citizens Bank.

The state highway patrol authorized by the recent Legislature began restricted operations Dec. 1.

Gov. Graves has designated Friday, Dec. 6, for general observance throughout the state as Arbor Day.

Five Alabama counties have clay deposits of probable commercial value, a survey by the United States Geological Survey shows.

The Birmingham Water Works Co will pay regular quarterly dividends, aggregating $37,500 on its six per cent preferred stock Dec. 16.

More than 100 underprivileged boys of Florence were given a free dinner and picture show Thanksgiving Day by the Florence Rotary Club.

Work has started on graveling the Rockford-Sylacauga Highway a distance of about six miles from Sylacauga to the Coosa County line.

Nominees for the beauty section of the 'Corolla," yearbook at the University of Alabama, will be chosen Dec. 12 at the annual Mortar Board-Corolla revue.

About 25 girls were forced to flee in their night clothes as fire destroyed the girls' dormitory at Southern Union College at Wadley. No one was injured.

Resurfacing of several Gadsden streets will get under way soon, following adoption of an ordinance authorizing the project by the city council.

The Piney Grove School Building near Falkville, was destroyed by fire recently. Classes had ben dismissed for the day and no students were in the building at the time.

Talladega County authorities have purchased a 20-acre site in Talladega, costing $60,000, for the proposed county hospital for the aged. The new hospital will cost $60,000.

While most hunters consider themselves lucky to bag a deer with a shotgun or rifle, Will Yeager, Marion night watchman, killed a buck near York with a 38-caliber revolver.

The constitutionality of the 1935 law permitting "installment" payment of delinquent tax on property bought in by the state for taxes has been upheld by Atty.-Gen. A. A. Carmichael.

Dr. Lee F. Turlington, of Birmingham, was elected chairman of the gynecology section of the Southern Medical Assn. at its closing convention session in St. Louis recently.

A suit attacking the constitutionality of an act of the Alabama Legislature limiting the salary of county officials to $6,000 annually has been filed in Houston Circuit Court by H. K. Martin, former judge of probate.

The Gadsden Chamber of Commerce has offered $50 in prizes for outdoor Christmas decorations. The judging will take place the evening of Dec. 15 and all registrations must be made with the chamber by noon of that day.

Permission of the Alabama Legislature to erect a giant statue to Jefferson Davis on Alabama's Capitol Hill will be sought at the January special legislative session by representatives of the United Daughters of the Confederacy.

THE EVER-PRESENT PROBLEM

It would be a fine thing if every member of congress went to Washington with this thought in mind: Taxation is the biggest internal problem of today.

In spite of better business, in spite of a strong up-turn in the national income, the problem of taxation looms as large as ever. The deficit remains, and the national debt reaches new and staggering proportions.

If we want continued good business, if we want real and permanent prosperity, we must have a balanced budget. We must gradually and systematically lower the debt load. We must reduce taxes.

Most of the congressmen who will meet beneath the capitol dome next year are committed to a reduction in governmental expenses. If they keep their promises, they will receive the nation's gratitude.

If Australia could be placed in the Atlantic Ocean it would fill all the space between England and the United States, according to the geographers. Glad it can't be done. We have enough traffic troubles as it is.

November 11 was Armistice Day, but the political armistice will last until the middle of January, when congress meets again.

NATIONAL AFFAIRS

(By Frank P. Litschert

The almost unprecedented outpouring of regular and extra dividends at the year-end are naturally hailed with much satisfaction by the millions of shareholders in the corporations in the United States. These dividends are an indication that the concerns paying them out have been having a prosperous year in 1936. Were this not the case there would be no dividends to distribute.

On the other hand, there are many serious students of economic affairs who see need for a warning note at this particular time. They point out that the unusual distribution is due in part to the new tax law, which gives the average concern the choice of paying out its surplus profits in the form of dividends or subjecting the profits to very high surtaxes, which would turn much money over to the government. Most of the corporations are preferring to go the dividend route. The warning note isued is to the effect that the high dividend rates may not be continued for another year, and that corporations which are not permitted by the tax law to set aside adequate reserves for a rainy day may find themselves in serious trouble, the next time business tightens up to any serious degree. And the small corporation, it is pointed out, usually suffers more danger than the larger and richer one. Many small corporations have had no reserve fund for years, and are only now coming to the point where they might build one, only to have an opportunity taken away from them. On the other hand, many giant corporations have carried big reserve funds for years so that the new tax rates do not affect their savings for a rainy day.

There have been many demands for modification of the law providing for high surtaxes on profits. Some of these have come from men who are consistently friendly to the New Deal. Other statesmen are wisely pointing out too, that one way to lessen the tax burden is to trim expenditures and to balance the national budget as soon as possible. One of these is Congressman Louis Ludlow, of Indiana, chairman of the House Appropriations Committee, who predicts a balanced budget within two years and says that it must be accomplished. In a recent statement Mr. Ludlow said:

"With the depression substantially over and with the temporary agencies having served their purpose as aids to recovery, the well-being of all of America demands a return as soon as possible to a balanced budget. We need to consolidate the gains that have been made during the last four extraordinary years and integrate them with the regular normal appropriating system, thus doing away with enormous blanket lump-sum appropriations, and bringing every item of expenditure under the close scrutiny of the appropriations committees of congress. In recent years we have witnessed the anomalous spectacle of appropriations requested for specific purposes being denied by congress, only to find the same identical expenditures allowed later out of blanket sums granted to the executive establishment. This may have been excusable in abnormal times. It can never be condoned in normal times. We have now progressed so far toward normalcy that every temporary agency that has served its purpose should be abolished and those of permanent value should be required to come before the appropriations committee and justify their expenditures, item by item, in the usual way. We may continue, if we like, the fiction of a double budget, one budget for regular government departments and the other for temporary agencies, but it will not mean anything, and will only lead to endless confusion. All of the money required to run the government comes out of the pockets of the same taxpayers. There is no such thing as a double budget except in the nebulous realm of the imagination. There is only one real budget in national financing and that is the budget of the government of the United States."

Here is a statement filled with sound logic and the evidences of good statesmanship. No American will be permitted to go hungry or unclothed. But the time is at hand for some sound budget financing, which will lessen the ultimate burdens of the people rather than accentuate them.

DIVIDENDS ARE POPPING

The air is filled with expressions of good cheer, or hopes for the future in the confident expectation of a good year in 1937 which is now in the offing. The records seem to indicate that the new year will be a prosperous one. A veritable flood of increased dividends appears on the financial pages of the newspapers. The Standard Statistics noted, in the middle of December, 254 favorable dividend changes for one week. Of the 254 changes, 163 were for extra dividends, 24 for increases, 28 were resumptions of dividends by companies who have not been distributing, and 39 were first payment of dividends. There were only 3 unfavorable dividend changes, and the Associated Press stated that dividend disbursements ordered since late October totaled $900,000,000—nearly a billion.

The feeling of confident expectation for the future is a very satisfactory one. Everyone hopes that the tide of better times will continue to rise. Still this is not the time to indulge either in extravagance or foolhardy mortgaging of the future.

In 1929 we were told that we had entered a new era of prosperity and that the old economic laws do not count any more. We paid for that mistake, and we will make another one if we imagine that the economic world has suddenly been changed by some new golden formula.

The old economic principles have not been altered. We have gone through the valley of the depression and are climbing the other side of the hill. But we must remember that there are still many millions of unemployed and that our economic problems are not yet solved. The national budget has not been balanced. Neither have many state, local and family budgets.

It is true that favorable dividend changes for December are making a new record. It is to be remembered, however, that this outpouring of dividends is due in part to the tax law which penalizes a corporation which would, in a time of good business, seek to set aside a reserve fund for a rainy day. The corporations are now paying in dividends to their stockholders, rather than paying to the government, the money which might otherwise have been saved for tighter times, or used to expand the business.

The Investment Bankers Committee recently stated that the federal surtax or undistributed corporate profits is contributing to an inflated sense of prosperity, that the law is neither just nor sound, and the shareholders' extra dollar harvest is described as almost preposterous. The committee further reported that in many instances payments have been ordered under tax pressure at possible sacrifice fo the ultimate good of the corporations and stockholders and contrary to usual sound business policies.

We have no disposition to attempt to spread any gloom. But let us not indulge in fond roseate visions which might bring out another disastrous recurrence of 1929. Things are better, but the dividend disbursement is in part artificial. The national budget is not balanced, and the national debt is still growing. Let us indeed be hopeful of the future, but let us not get ourselves out on a dangerous limb by coaxing ourselves to believe that new economic cure-alls have been invented.

THE LAND OF THE FREE

In spite of the boast that Soviet Russia is a land of the free, the newspapers are a regimented instrument of Red propaganda and entirely servile to the Communist government, according to Franklin L. Burdette, who writes on the subject under the caption, "A Servile Soviet Press," in the current issue of the National Republic. By way of beginning, Mr. Burdette says:

"Without pretense of concealment, the press of Soviet Russia is a regimented instrument of propaganda. The principles of Communism, Marxism, as interpreted by party leaders now in authority, no journalist can question; Communism as the only verity every editor must applaud. The Soviet system of disseminating news is more than press censorship; it is press control. From Moscow the central authority can direct every newspaper in the land to sing the same song, set to the same tune. Even the Russia of the czars, where both preventive and punitive censorship had flourished, particularly before the liberalizing movements resulting from the abortive revolution of 1905, no such widespread control o fthe press had existed. The most rigid of the early czarists had served to suppress the printed word. The Soviet policy has served to suppress the opposition word, but it has also served to multiply and magnify a stereotyped chorus of pro-Communist propaganda.

"The revolution of March, 1917, and the establishment of the provisional government brought to Russia complete freedom of the press. But the provisional government, committed to a policy of carrying on the war against the Central Powers, soon found that this uncensored freedom of the press was an open invitation to the bolsheviks to spread their agitation for immediate peace and for the overthrow of the government, itself. As a result, the government made an entirely ineffectual attempt to suppress the anti-war and anti-government press.

"When the bolsheviks, themselves, came to power in October, 1917, the picture had been changed. At first opposition papers were in theory allowed to continue publication, but under conditions of censorship so rigid that they were actually able to remain in existence only by subterfuge and by clandestine support. By December, decrees of the bolsheviks had set up special tribunals of representatives from workers' and soldiers' Soviets (later supplanted by standing revolutionary tribunals) to try press cases. These tribunals proceeded, not in accordance with justice or law, but with the motive of stamping out all resistance and opposition to the regime; and arbitrary acts by the police to achieve the same end were frequent.

"The printing of advertisements was declared to be a state monopoly, and their appearance in private publications was strictly forbidden. This edict had been supported in principle by Lenin even before the bolshevik accession to power, and it effectually crushed the possibility of financing an independent press.

"By the summer of 1918 virtually all private printing presses had disappeared; and in August, printing and the dissemination of printed information were formally made a state monopoly. A State Publishing Department was then established.

"Under the new economic policy inaugurated in 1921, the Soviet government engineered a tactical retreat in regard to certain of its economic doctrines and allowed to some extent private enterprise. Lenin had recognized that, if anything was to remain of Russian resources, something must be done to halt unremitting terrorism and destruction. Individuals were permitted to undertake printing and publishing, except for the issue of daily newspapers. That privilege remained a government monopoly."

MAN IN THE MOON

SOUTHERN SINGING

People of the South are generally known as good singers, that is, as a group. I have talked with a number of people from the East, West and North, who had heard much of our Southern singing, but had never heard any of the singing, itself. Once here, among the first things they want to do is attend a singing—an all-day affair if there is one on tap for the day.

I have been told that in no other region in the world is the same type singing experienced. In the sophisticated East, singers aspire to an operatic career, to highly specialized personal followings, or to more elaborate group training. In the North and West it is much the same, with the West perhaps going in a little more heavily for musical comedy. Sacred music is much the same in these regions as it was 50 years ago, except, perhaps, in the accompaniment, which has changed from the old time organ, through the piano, and now to the more complicated, elaborate and dignified pipe organ.

Here in the South, and all over the South, there is not a Sunday passes that there are not hundreds of singings at as many churches in the afternoon. Very few churches, rural or urban, are without their singing societies. A few advanced schools for this type of singing have sprung up, and there are hundreds of instructors who year by year teach singing schools in the various churches, and they are attended by big, little, old and young. Our Southerners sing because they love to sing, not because there is a career in it. And of late the radio has carried to the remote corners of the earth the strains of our Southern style singing, enjoyed by every civilized nation on the globe, and voted the world's sweetest singing.

AN ELECTRIC FARM

You would be surprised at the way a little tip will send people off thinking. Last week in this column I had an article about how useful electricity could be on a farm, and since that issue went out, I have been beseiged with inquiries from farmers wanting to know various things—what would it cost to run certain systems and appliances, what would be proper procedure to follow to get electric service, etc. The ladies, too, came in. They wanted to know if the cooking was as good on an electric range as on other types, and innumerable questions of that kind. I was raised on a farm, I live on one now, and expect to remain on it—and, after a number of years of the old system, I now enjoy the advantages of electric service. From what short experience I have had with current on the farm, I am going to try to answer just a few of these questions.

The average farm family could have electric lights in home and barn, numerous ornamental lights to suit the individual taste, a power set radio, a fan, iron or ironer, wood saw, a washer, water pump and water system altogether automatic, a hot water heater, an electric refrigerator, an electric range, and a number of other appliances. And the cost would be exceedingly small.

The lights, as everyone knows, are far ahead of the best of old time oil lamps. Power type radio, while perhaps giving no better reception, is much more powerful, reaching out for more distant stations, and the fuss and bother of a battery set is missing. One can guess how comfortable the fan is on sultry days, and for the sick room. Irons and ironers save many steps and lots of drudgery. Washers make the family laundry a play-day instead of blue Monday. With a saw, the average farmer can cut 10 times as much wood in a day as two men can cut with a cross-cut, and with very little labor. The refrigerator is as far ahead of the icers as the latter were the old system of cooling milk in a spring or a well. The hot water heater furnishes any amount of hot water at any time of the day or night, no matter how cold the weather; and with no attention whatever, being absolutely automatic. The automatic pump furnishes an abundance of water for kitchen and bath, or to water stock—this, too, is automatic, pumped under pressure, and needs no more attention than your heart action, except maybe a little oil or grease now and then.

The above is only a few of the many advantages to be enjoyed in an electrically operated farm home. Any individual could find hundreds of others. And you would be amazed at the low cost of such a system—electric service is one that costs less the more of it you use. Just off-hand, I would say that the fully equipped electric farm would run up a bill of something like $10 a month, and when all the advantages of such service are fully appreciated, that cost is low.

How can you get this service? There are certain requirements to be met, and when this is done, the power companies are anxious to furnish the service. They have a surplus of power, and they are glad to sell it—more anxious than you are to get it. You can see your local power agent or write to your district office for particulars about how to secure service. It's worth a try.

A BILL ON PROMISES

There has been placed in the hopper of the Alabama legislature a peculiar bill—in fact, I don't believe I have ever heard of one of its kind before. This bill makes it a prison offense for a candidate to make promises in a political campaign, and then make no attempt to fulfill them if elected.

This is strange—exceedingly strange in that it comes up in the legislature of Alabama, of all places. Just think what would have happened during the past four years if this law had been in force. Headed by Gov. Graves, just about every elective officer in the state would now be in Kilby—where lots of them belong, no doubt.

Gov. Graves promised us lots of things he would do, and lots of things he would correct. To be fair, he has done some of them, but there are plenty of promises left yet untouched to put him in the pen, if the proposed law had been in effect. But the governor would not be alone. In fact, he would feel pretty much at home at Kilby under the circumstances, for all of his capitol side-kicks would be right there with him—they, too, have made promises which they have not even TRIED to fulfill.

And we have some right in our own county who would become a number instead of a name — convicts take a number, you know, when they enter prison. We have officials in Chilton County who promised to move both heaven and earth for the dear people, if elected; one or two I have in mind, in particular, promised to do the will of the people if elected, and since election have not even bothered to find out the wishes of the people, let alone carry out those wishes. In fact, on one or two occasions, they have gone out of their way, it seemed, to do the very things their people did not want done, and things they had promised they would not do. Now, wouldn't they look nice in stripes—or maybe they would be able to make the grade of trusty!

But that is all just a bill. My guess is that it will never become a law. The lawmakers are much too good a lot of promisers to slip any such measure as that over on themselves. It would be a good law but it won't go through. It would cramp their style too much.—Man in the Moon.

NO AMERICAN NATION LEAGUE

Although European newspaper correspondents have been quick to decide that the president's Buenos Aires speech paves the way for a new and different Monroe Doctrine and for an all-American League of Nations, we may take it for a certainty that neither of these ideas was at all in Mr. Roosevelt's mind or will be seriously entertained by the delegates of the 21 republics who are now exchanging ideas and opinions.

The theory that the nations of this hemisphere can be induced to form themselves into a league to preserve the peace here or elsewhere ignores both history and the realities. On the latter score, all the countries are plainly convinced by their own experiences at Geneva—experiences which have caused many of them to withdraw their membership—that a League of Nations has vital shortcomings as an international instrument. That they would consider the application of that same principle to the Western Continent is out of the question. He would indeed be a hardy soul who even dared to suggest it to the assembled secretaries of state.

Neither league nor formal organization is in the Pan-American tradition. This is not due to an inability to agree on fundamental principles of right and wrong, but simply to an inheritance of democracy which forces each country to protest against any arrangement which seeks to restrict its individuals' freedom of action. All the nations are prepared at any time to sit down and reason together, perhaps to accept conciliation or arbitration, but that is probably as far as they are willing to go.

The possibility of a wider Monroe Doctrine, something in the form of a contractual arrangement or regional understanding, is equally remote. To tell the truth, this could be accomplished only by changing the whole nature of the Doctrine—something which the president, himself, despite his most devoted loyalty to the good neighbor policy, would hardly permit. The Monroe Doctrine is purely a North American matter. Even so liberal an interpreter as J. Reuben Clark, under-Secretary of State, described it as having nothing to do with the relationship between the United States and other American nations except where other American nations shall become involved with European governments in arrangements which threaten the security of the United States, and even in such cases the Doctrine runs against the European country, not the American nations.

So, from time to time, as the exigencies of the situation determine, the terms of the Monroe Doctrine may be softened. It is conceivable that new assurances will be given by the United States to South and Central America of the harmlessness to them of its provisions. Conditions in the world may sometime, in fact, make it almost a dead letter. But it is not now and is not likely to be anything which can be expanded into a written agreement entered into and signed by the representatives of the 21 Western republics.—Boston Transcript.

THE NEW CARS ARE OUT

Last month the automobile shows were held throughout the country.

The new cars are more beautiful in design and finish than ever before. They offer much in the way of improvemnts and gadgets. Their power plants deliver staggering performance—you can push the throttle down and run up to 80 or 90 miles an hour without trouble—so far as the mechanics of your car are concerned.

However, the emphasis placed on speed has been productive of one of the gravest national troubles America has known—the growing accident toll. And the driver who thinks that 70 is safe because it seems as slow as 30 used to, should think again.

Silent engine performance won't help if we encounter a cement guard rail at high speed. Effortless steering won't make a head - on crash less destructive. Lack of vibration won't help the undertaker patch us together after the wrecking crew gets the body out with blow torches.

But these modern cars are magnificent examples of safety engineering—blue-print safety. Brakes stop a hurtling machine in amazingly short distance, without sway or shock. All-steel bodies will take a lot of punishment without serious damage. Steering mechanism is next to fool proof. And the tire manufacturers have done their bit by reducing the blow-out hazard to a minimum.

Yet each year's safety improvements have been followed by more accidents, not fewer accidents—and by more serious accidents, not less severe accidents. Why? Because we, the motoring public, have overestimated the safety factor of the new cars, just as we have overestimated the safety factor of wider, better surfaced highways. The cars and roads are improved—and so we take the chances that lead to disaster.

The new, super-performing cars are out. Maybe you are lucky enough to be able to buy one. Have a good time with it—but treat it with respect and remember that 36,000 people die and many times more are injured and maimed on our streets and highways every year. Don't add to that list.

THE ENVY OF ALL NATIONS

America leads the world in life insurance outstanding—both in total volume, and in per capita holdings—by a tremendous margin.

No other people have done so much to create financial buffers to care for the troubles that may come in the future.

This is one more example of the fact that, in spite of hard times, the American people are the envy of all other nations.

It is said there is only about 20% as much counterfeiting in the United States as there was in 1929. This may be due to the efficiency of the G-men or to the fact that the dollar is only worth 59 cents.

Perfect harmony — a freckle-faced girl in a polka-dot dress leading a coach dog.—Topeka Capital.

Our office boy wants to know if that book, "Gone With The Wind," is something about last summer's wages.

Being a Republican now is like living in a sawmill where there isn't any door to close when the wolf comes around.

25 YEARS AGO

News Items as Published in The Union and in The Banner, Issues of

December 21, 1911

The Red Men have been sponsoring a street carnival here this week; but the weather has been most unfavorable to them.

The longest session of the circuit court ever held in Chilton County came to a close Saturday afternoon. Court occupied three full days.

Ervin S. Downs died on November 29th.

Married this week—Edward C. Parnell and Miss Matalie Reed, J. R. Baker and Miss Ada Littlejohn, Vardaman Robinson and Miss Exa McAllister, B. H. Herring and Miss Dollie Heath, C. C. Jones and Miss Georgia Rasberry, Dr. Samuel E. Johnson and Miss Matalie Harper.

Dr. V. J. Gragg will remove his office to the A. C. Smith building early in January.

THE ELEPHANT WILL BE BACK!

It is becoming increasingly plain that Mr. Roosevelt, despite his sweeping victory, has not been handed a blank check.

In the nation at large, 17,000,000 Republicans stood up to be counted against the candidate and his policies.

Excluding the Democratic solid South which has continued to vote on the elsewhere obsolete issue of the Bloody Shirt, Gov. Landon polled 45 per cent of the popular vote against Mr. Roosevelt's 55 per cent, leaving Mr. Roosevelt and his party—away from the irreconcilable solid South—only a 10 per cent advantage, with every trump card in his carefully stacked hand.

Seventeen million Republicans in the nation is much too potential a minority to be snuffed out like a candle.

Oh no—the G. O. P. will be back, and it will be back with bells on.

If the Democratic party could hang on for 22 years without a single liquid asset above the Mason and Dixon Line, there need be no haste about arranging mortuary observances for the G. O. P.

The pendulum has gone its limit one way.

Pendulums, you may have noticed, swing back.

Don't worry about the G. O. P.

Just sit tight and watch it.—Philadelphia Sunday Dispatch.

SELF-PRESERVATION

What power has congress over national elections?

Our Constitution provides that state legislatures may prescribe the times, places and manner of holding elections for senators or representatives, but the congress may alter such regulations.

Without giving this power to congress, the states could annihilate the Union by failure to provide for the election of persons to administer its affairs. It was not until 1842, however, that congress passed a law providing that members of the House of Representatives should be elected by districts. Previously, in some cases, they were elected by the state at large. This gave undue preponderance to the dominant political party of the state, however small its majority, since it might not have a majority in some districts.

To correct other abuses and provide uniformity, congress in 1872 provided that such elections be held on the Tuesday after the first Monday in November. It also provided that presidential elections be held on the same day. Since the 17th Amendment providing for popular election of senators, they also are elected on the same day. Many states, under state law, also elect state officers in these November elections.

To provide for preserving the national government, our Constitution gives congress certain powers over national elections, and by laws passed in accordance therewith, the people in all states now vote for representatives, senators, and presidential electors on the same day.

THE DAY OF LITTLE BUSINESS

It is often argued that the development of large businesses—especially in retail fields—has tended to destroy the little businesses and to make it next to impossible for a man without vast capital to set up his own establishment.

This argument has a strong appeal—but apparent facts contradict it.

During the depression, thousands of little businesses sprung up in this country—largely because of the difficulties of individuals in finding employment. These little businesses offered specialized services, or lower prices, or were the outgrowth of a new idea of some kind. Many of them found a ready welcome, and have prospered. With the return of better times, they are going ahead—and in due course a percntage of them will become big businesses.

Some of these little businesses failed—because they provided poor service, or did not fill a definite need. But many a large business has failed for the same reasons.

One has only to look around any growing community today and see a legion of opportunities in retail lines for young men and women who are willing to work, and realize that riches can't be earned over-night. Even as changing times made necessary big business combinations to serve the public, so the evolutionary process has created a hundred opportunities for small retail businesses where one existed a generation ago.

The day of little business isn't done—it is just beginning.

TRUE CO-OPERATIVES

Considerable misapprehension as to the functions and financial set-up of agricultural co-operatives seems to exist in the public mind.

There is a feeling, for example, that a co-op is financed by government, and babied along with the aid of public largesse.

There may be co-operatives of which this is true—but they are not the true farm co-operatives that represent the collective production and marketing efforts of the producers of an area. These agricultural producers put up their money to establish their organizations. They hire their managers and take all the risks.

Thus, if the co-operative management is capable, the members receive the economic benefits. If it is incompetent, the members take the loss. There is no financial Santa Claus to help them.

Such producer co-operatives are business-like in set-up and in operation. They apply proven business principles to the problems of agriculture.

MT. PLEASANT 4-H CLUB

Mr. Ivey met with the 4-H club boys on the regular meeting date, December 4. First we elected officers which were as follows:

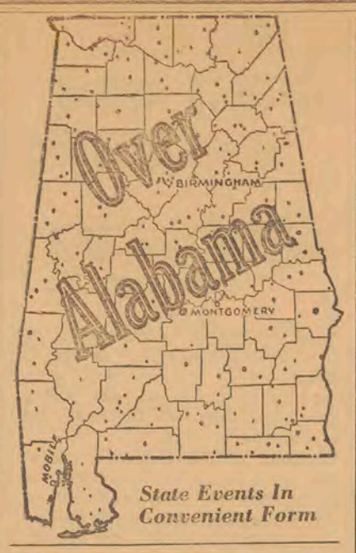
President, Earl Melton, Vice-president, J. W. Johnson, Secretary-treasurer, Will Porter Rush, Reporter, McArthur Jones, Song and cheer leader, George Chambers, Local leader, Mr. U. B. Curlee.

The newly elected officers took charge of the program which was given by the following:

Frank Collins, Ellis Jones, Will Porter Rush, Quinton Parrish, Nathaniel Fulmer and Harold Price. Each part was given splendidly on "Save the Saplings and the Soil," after which Mr. Ivey gave us a talk, and explained to us how to save our soil, after which our song leader directed a few songs. There being no other business the meeting adjourned. —McArthur Jones, Reporter.

THORSBY 4-H CLUB

The Thorsby 4-H club met Tuesday morning, December 15, and we received one new member. Our program on "Save the Sapling and the Soil" was given. We learned how to save timber, plants, animals and soil. The program was very interesting.—Clayton Martin, Reporter.



State Events In Convenient Form

Healthy triplets were born to Mrs Clyde Davis, 20, of Cullman.

Mrs. Frances Wright died at Craigford, Clay County, at age 101.

Scout Malvin Sartin Troop 12, Huntsville, received the coveted Eagle award.

The Postoffice department appointed Grace Roy acting postmoster at Deatsville.

A check-up disclosed Butler County has 260 stores doing business, with 139 located in Greenville.

Auburn's rifle team began early prepartion to retain its Southeastern Conference championship.

Three National forests are in Alabama: Black Warrior National, Talladega, and Conecuh National.

Louise Wallis was named Miss Sylacauga High School in a contest sponsored by the Future Farmers of America.

The Aliceville Presbyterian Church installed a modern electric organ, the first of its kind purchased in that area.

Gov. Graves granted two-week Christmas paroles to 494 state prisoners. Twenty-three women were in the group.

A large number of stolen or lost automobile tags are being held at State highway patrol offices in Decatur pending claim by owners.

Machinery at Lowe mill, Huntsville, was purchased by J. F. Ames, of Ames Bag Company, Selma. The Lowe plant was closed in bankruptcy in 1932.

Choccolocco council of Boy Scouts, serving several Northeast counties, will meet at Gadsden Jan. 28. More than 400 delegates are expected.

Huntsville City Fathers agreed to extend a main 1,800 feet and furnish all water needed for the State park on Monte Sano for $20 per month.

"The best tung grown in the nation," is the opinion of officials of the Russian government about J. H. Riedemann's 100-acre grove at Citronelle.

Dr. T. H. Napier, dean of Alabama College, Montevallo, is the new first vice president of the Southern Association of Colleges and Secondary Schools.

Twenty cadets at Marion Institute were placed on the dean's list for November. High grades and good conduct are required for placement on the list.

Dead at Bagdad, Fla., was Col. James D. Henderson, widely known lumberman who conducted naval stores businesses at Sanford and Andalusia, Ala., and at Bagdad.

Alabama's department of public welfare distributed 250,000 toys to underprivileged children Christmas Eve. The toys were made or repaired by PWA workers.

More than 150 subscribers requested that their names not be included in the new Birmingham telephone directory, which lists 46,728 names, of which 419 are Smiths.

Senator Black, speaking at ceremonies with which a CCC camp near Bessemer was dedicated Camp Hugo Black, believed the CCC will become a permanent institution.

Answering an inquiry from a Tennessee firm, Dallas County Agent Blake said the Selma area could furnish enough milk to operate a cheese making plant in the city.

Dr. Edwin H. Hughes, senior bishop of Southern Methodism, will speak twice daily at the Spring meeting at Birmingham First Church in March. He resides in Washington.

The Red Cross, through the Cullman County chapter, established a first aid highway station at South Park Tourist's Camp, two miles south of Cullman on U. S. Highway 31.

Emory University, Atlanta, Ga., conferred the honorary degree of doctor of laws on Justice William H. Thomas, of the Alabama Supreme Court. He graduated from Emory in 1887.

Gov. Bibb Graves appointed William D. Barton, of Montgomery, to succeed the late Jack Thorington as the Second congressional district's representative on the State board of education.

Julian McGowin, of the W. T. Smith Lumber Co., Chapman, largest sawmill operators in Alabama, has returned from Germany where he studied forest and wild life conservation.

When Dr. George H. (Mike) Denny became president of The University in 1912 there were four major classroom buildings, three large dormitories and one frat house. As he leaves the presidency Jan. 1, the campus spreads over two square miles.

All-paved connection between Montgomery and the Florida Short Route was in prospect as the State Highway Department awarded contract for hard surfacing 17 miles in Elmore County and reported plans were underway for paving the remainder through Coosa.

Miss Lucile Edwards from Jacksonville, Alabama, is spending the Christmas holidays with her parents.

INSIDE EGG CONTROL BRINGS BETTER PRICES

Egg size and egg shell color are inherited. However, the inside of the egg is something the poultry raiser can do something about. According to the Purina Research Farm, it has been found that the interior quality of an egg is greatly influenced by the feed given hens. By controlling the feed the poultry raiser can control the quality of eggs his hens lay.

Recently the Purina Research Laboratories have developed an all-in-one egg mash that gives hens just the things needed to lay eggs that have uniform light lemon colored yolks surrounded with thick clear whites. It is said that the flavor and vitamin content of the eggs are also controlled. The eggs produced on this controlled feed are so uniform in interior appearance, quality, flavor and vitamin content, that they bring premium prices on the market.

NEW AID TO CHICK LIFE AND GROWTH

More chicks have a better chance of living since science discovered Puratene, the concentrated source of vitamin A, commonly known as the disease-resistance vitamin. Added to chick feed, Puratene steps up the vitamin A activity two and one-half times. This gives baby chicks added reserve and resistance in their battle for life against the treacherous disease germs that so frequently wipe out half the chicks in the batch.

"Pur-a-tene helps to strengthen the linings of the air passages and intestines causing them to act as natural armor against disease germs," says Meade Summers, Purina Mills poultry specialist. "The development of this new vital substance and the discovery of its resistance building power have led to the exclusive use of Pur-a-tene in chick startena. It is available to all chick raisers now."

War Veterans' Problems Increase

Last year American Red Cross chapters dealt with the problems of nearly 400,000 veterans and their families. The workers find that as the years go on their responsibility increases rather than decreases. Changes in legislation, the increasing age of veterans and the consequent increase in physical ills, bring new needs for sympathetic treatment by trained Red Cross workers. In addition to this service to veterans the Red Cross served as the official medium between the people and the men in military and naval service, giving aid through this service last year to 6,979 men in the army, navy and marine corps.

THORSBY SECTION

(Mrs. S. E. Norton, Manager)

The Congregational services as usual on Sunday. Sunday school at 9:45, worship service at 11 o'clock. Christian Endeavor at 6:30. No evening service.

The Boy Scouts will meet at the city hall Saturday at 6:30.

Prayer meeting will be at 7 o'clock Wednesday, up on the hill, with Miss Fairbank.

There will be no choir practice this week.

The Christmas pageant of the Congregatoinal church, led by Miss Kathryn Foss, and held in the Helen Jenkins auditorium Sunday night was quite beautiful and very well delivered. There was a good audience.

The Christmas pageant which was given o Friday evening by the Helen Keller Literary Society was very fine. As the evening was very rainy and unpleasant, very few were able to get there, though all those who took part were present and did well.

The home demonstration club held its anual Christmas party on last Wednesday afternoon at the home of Mrs. J. H. Goddard. Christmas songs were sung, readings were given by various members of the club, and Christmas gifts were exchanged by members. Refreshments were served to quite a large number.

On Friday afternoon, December 18, a very interesting program was given at the grammar school. Plays were given by different grades of the school. Old Santa was there chuck full of joy and mirth, and presented gifts to the pupils from the attractively decorated Christmas tree.

Mr. and Mrs. Marshall L. Smith of Homewood spent the week end with Mr.an dMrs. Harry Thompson.

Mrs. Jim Higgins has had as her guest for some time Miss Lillian Dunman, of north Alabama. She recently returned to her home.

Mr. and Mrs. Herschel Maddox had as their guest on Sunday Mr. W. H. Maddox of Birmingham.

Miss Mary Louise Reinhardt of Montevallo is spending the holidays with her parents, Mr. and Mrs. H. W. Reinhardt.

Mrs. S. A. Thorson of Chicago, sister of Mrs. C. R. Foss, is spending the holidays here with her.

Mr. and Mrs. Dewey Collins made a shopping trip to Montgomery Monday.

Mrs. J. L. Mixson had as her guest on Wednesday night Miss Willie Ida Thompson, of Union Springs.

Mr. and Mrs. T. M. Reinhardt and children of Milsonville were guests of Mr. and Mrs. H. W. Reinhardt Sunday afternoon.

Mrs. W. W. Waites and children spent a few days last week with Mr. and Mrs. Mack Waites of Rockford.

Mr. and Mrs. John Childress had as their Sunday dinner guests Mr. and Mrs. G. B. Flournoy.

Mr. James Waller of Birmingham spent Sunday with Mr. and Mrs. W. E. Miskelley.

Miss Ruby Raybon spent Saturday night with Miss Helen Merchant.

Mrs. Bob Davenport had as guests on Sunday Mrs. Belle Veazey, with her son and daughter-in-law of Mulberry.

Mrs. Hester Ann Merchant was the guest of Mrs. Bob Davenport on Sunday.

Mr. Henry Robinson of Sylacauga will spend the holidays with his parents in Thorsby.

Mr. and Mrs. A. N. Laurell had as their Sunday dinner guests, Mother Laurell and Mr. Olaf Shieve.

The business meeting of the W. M. U. of the Baptist church, which was to have been held on Tuesday, December 22, will be held on Tuesday afternoon, December 29, at 2 o'clock.

Mr. and Mrs. Marion Smith were the Sunday dinner guests of Mrs. Leila Martin and Miss Jessie Martin.

Rev. and Mrs. Howard Higdon of Campbellsville, Ky., arrived in Thorsby Saturday night to spend the Christmas holidays with their parents, Mr. and Mrs. Ben Franklin. Mr. Higdon will also go to Florida, where he will spend some time with his parents.

Mr. and Mrs. G. B. Flournoy and family went to Birmingham Saturday on a shopping trip.

Mr. and Mrs. W. E. Miskelley visited Mrs. Roxie Price and family of Pleasant Grove Sunday night.

Miss Ruby Raybon had as her dinner guest on Sunday Miss Helen Merchant.

Mr. and Mrs. Webb Parrish and Billy Ann spent Sunday with Mr. and Mrs. Bud Parrish of Clanton.

Mr. and Mrs. John Billingsley spent Sunday with Mrs. Leila Martin.

Miss Pauline Pate made a trip to Birmingham Monday.

Mr. and Mrs. George Taff are in Birmingham for the holidays.

Mrs. R. W. Littlejohn, Mr. Perry Littlejohn, and little Ann and John Heaton spent Monday in Tallassee.

Mr. and Mrs. Dwight McCraw enjoyed a visit from Mrs. McCraw's parents on Sunday.

Mrs. Webb Parrish spent Thursday with Mrs. Herschel Gore of Clanton.

Mr. and Mrs. C. A. Turnquist of Richmond, Va., are the holiday guests of their sisters, Mrs. C. R. Foss and Mrs. Jim Bosworth of Thorsby, and Mrs. A. E. Reagan of Clanton.

Mr. and Mrs. Jim Collins and family left Tuesday morning to spend the Christmas holidays with Mrs. Collins' mother, Mrs. Hester, of Birmingham.

Mrs. T. P. Franklin of Pleasant Grove spent Saturday with Mrs. W. E. Miskelley.

Mr. and Mrs. W. J. Burkett are the proud parents of a 10½-pound baby boy born December 16. They will call him Jackie.

Mr. and Mrs. I. E. Carroll spent Tuesday in Birmingham.

Mr. and Mrs. Pearson Grimes left Tuesday for a two-weeks' visit with relatives in Tuscaloosa.

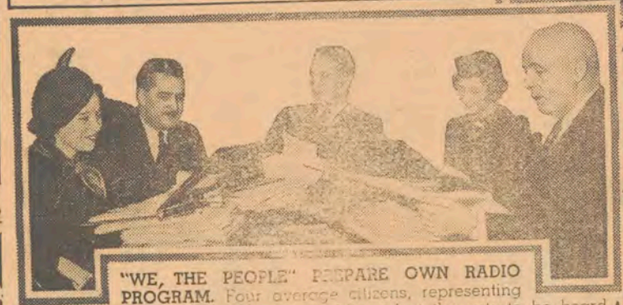
American women are especially fond of flowers as everyone knows. So if you are puzzled as to what to give her Christmas you will make her happy with a selection from the beautiful assortment of copper and brass floral containers and vases now being shown at leading department stores and gift shops. Experiments at the University of Delaware have proven that plants and cut flowers will live much longer in copper containers that they will in either pottery or glass.

Sun Hunter: Nice costume for this time of year—don't you envy her?

FRED ASTAIRE demonstrates what the well-dressed man is wearing for business and pleasure. The versatile entertainer wishes he had as much time for relaxation as the pictures indicate. Currently he is doubling on the screen and the air, making a new film and broadcasting over the NBC-Red Network Tuesday nights.



"WE, THE PEOPLE" PREPARE OWN RADIO PROGRAM. Four average citizens, representing a cross-section of the American public, select the acts to be heard Sundays with Phillips H. Lord on the "We The People" program over the NBC-Blue network. For the first time in radio history a sponsor has turned time over to listeners to build their own shows. The camera catches the People's Committee at work. Left to right: Evelyn MacDonald, high school girl; John Atterbury, statistician; director Lord; Mrs. Ellen Underhill, housewife, and Laurence McGourty, mechanic.

RED CROSS RELIEF GIVEN TO VICTIMS IN 103 DISASTERS

Tornadoes, Fires, Hurricanes, Floods, Epidemics, Make Record of Year

A history of the disasters in the United States in any year is written annually by the American Red Cross, according to Chairman John Barton Payne, commenting on the report for the year ending June 30.

"Because of the charter provision which places upon the Red Cross the responsibility for disaster relief, our chapter and staff workers are notified of all calamities of storm and fire and flood," he continued. "The emergency period may prove to be brief, in cases where the victims have their own resources to draw on. While it lasts, however, whether it brings the immediate need of food, clothing and shelter for the homeless, or entails a program of investigation and rehabilitation, the Red Cross is the official director of all relief."

A great variation in type, and a wide geographical distribution, characterize the 103 disasters reported last year. Tornadoes, hurricanes, hailstorms and other storms made up almost one half of the total. Especially numerous were the tropical storms which swept in from the sea to the Atlantic and Gulf Coast region. There were 21 storms of this type, establishing a new record for frequency.

Next in number to storms were disasters of fire, the report shows. Red Cross aid was given following 25 fires in the United States and insular possessions. The most spectacular was the Chicago stockyards fire, where Red Cross workers arrived shortly after the fire started, administering relief until the emergency period passed, giving first aid to about 1,000 persons.

Floods caused serious damage in some sections, 17 calling for Red Cross relief. Three explosions were reported, and three epidemics of malaria and typhoid fever. A school bus wreck was one of the year's tragedies for which Red Cross funds were needed for relief and rehabilitation.

"Technique acquired by the Red Cross in these disasters and the hundreds of others we have handled is at the service of the public," Chairman Payne said. "To make this possible the disaster relief service has issued a manual containing instructions for chapters interested in advance preparations for emergencies. Disaster institues were held last year in 28 strategic locations, to enable Red Cross and civic workers to formulate plans for possible disaster emergencies in their communities."

Support of the disaster relief activities of the Red Cross comes from the annual roll call held each year from Armistice Day to Thanksgiving Day.

Trained to Save Lives

First aid certificates were issued by the Red Cross last year to 130,972 persons who finished the course of instruction put on by the chapters. Included in this list were more than 70,000 foremen, time clerks and other key employes on Federal Civil Works projects. Further evidence of the government's endorsement of the first aid program is found in projects now under way where Red Cross chapters, at the request of the War Department, are giving first aid instruction in CCC camps. Where it has been requested by Army engineers the same instruction is also made available to key men working on federal water conservancy and flood control projects.

Miller—You look like a nice sensible girl, let's get married.

She—No, I'm just as nice and sensible as I look.

Thorsby Institute News

There was a Christmas pageant, "Follow the Star," given by the Helen Keller Literary Society in the auditorium of Thorsby Institute at 7:30 Friday evening. Another Christmas ageant, "Wherever the Star Shines," was given at 7:15 Sunday evening here in the auditorium. Miss Kathrryn Foss, teacher of piano and voice at Thorsby Institute, was in charge of both of these pageants.

School will re-open January 6, at 8:30 a.m.

The Christmas tree gathering was held at the dining hall, beginning at 8:30 Monday night. A short program of music and readings appropriate at the Christmas season, was given. Miss Kathryn Foss and Miss Ruth Foss played a duet of Christmas music. They also sang "Silent Night." Poetry and Bible readings were given by Callie Nations, Lucile McCain, Sarah Nelle Collins, Miss Elizabeth Monroe, and Miss Helen C. Jenkins. After this, Santa Claus appeared an dthe presents were distributed. These presents had been sent to the school by friends. Those invited were the boarding students and teachers, the treasurer and his wife, the other teachers, the working girls and boys, Mr. and Mrs. Stanley and family, and Mr. and Mrs. Jim Collins. The evening closed with the singing of Christmas carols, and the benediction.

The teachers have not all made their plans yet for the Christmas vacation. Miss Monroe plans to go to her home in Flowery Branch, Ga. Miss Anna Crawford plans to spend a part of the vacation with her sister in Huntsville, and a part of it with her brother in Fayetteville, Tenn. Miss Leech, Miss Klingelhoefer, and Miss Fairbank plan to spend most of the vacation here in Thorsby. Mrs. Jenkins and her daughter plan to take an auto trip to Pensacola and Jacksonville.

Christmas Day, itself, is synonomous with Cheer and Happiness. The spirit of this occasion should be carried throughout the year — and we hope for its continuation.

Permit us to wish for You and Yours a Goodly Portion of Yuletide Joy and Happiness.

Boockholdt-Maddox Wedding

A wedding of much interest to the friends of the couple was that of Miss Hazel Maddox of Thorsby and Howard Boockholdt of Stanton. The ceremony took place Saturday afternoon, December 19, at 4 o'clock at the home of Mr. and Mrs. Rascoe Madox, with only relatives present.

The bride and groom entered together and stood before an improvised altar of Southern smilax, banked with ferns. White tapers in silver candelabra, burned on each side of the altar. The ring ceremony was read by the Rev. Lawrence L. Stanley, pastor of the United Church of Thorsby.

The bride was lovely in an ensemble of light navy charm crepe, with wool lace jacket and harmonizing accessories.

The bride is the attractive daughter of Mr. Alex Maddox. She is a graduate of Thorsby Institute and Piedmont College, Demorest, Ga., and is a teacher in the Isabella High School. The groom is the son of Mr. and Mrs. L. E. Boockholdt, of Enterprise. He has studied at the University of Alabama, School.
and is a teacher in the Stanton High

The bride and groom left immediately for a short wedding trip.

Mrs. H. W. Wilson spent Saturday night with her mother, Mrs. Collins, near Thorsby.

We extend to each and every one of you our sincere wishes for a Very Merry Christmas. We appreciate your past courtesies, and hope for a continuation of our most pleasant relations. A MERRY CHRISTMAS to all!

HUNTING ACCIDENTS

Montgomery, Ala., Dec. 21.—with the 1936-37 hunting season but a little more than two months old, Alabama has witnessed almost as many hunting accidents as were reported for the entire 1935-36 season.

Carelessness on the part of hunters up to December 15, had resulted in 13 accidents, five of them fatal to the victims. One of the five fatal accidents was the drowning of a hunter weighted down by a string of squirrels around his neck.

This steadily mounting lists compares with nine fatalities out of 15 accidents during the 1935-36 season and, if hunters fail to exercise more caution in the fields, bids fair to eclipse the high of the 1933-34 season when 31 accidents and 17 fatalities were reported.

Hunting accidents reported to the State Conservation Department through December 15 included:

T. R. Long, Uniontown, fatally wounded when he accidentally discharged his gun while crawling through a fence.

Dudley McNatt, 15, Russellville, fatally wounded while hunting alone near his home.

George Leonard Scarborough, 19, Wilmer, fatally wounded when his gun was accidentally discharged as he leaped from a stump.

Robert Fulton, Mobile, drowned by the weight of a string of squirrels around his neck when his hunting boat capsized in Mobile river.

Rufus Layton, 51, Enterprise, fatally wounded by the accidental discharge of his gun while he was attempting to cross a fence.

L. D. Collins, Birmingham, wounded by the accidental discharge of a gun in the hands of a hunting companion.

Patton Brasfield, Grove Hill high school teacher, accidentally shot in the face while hunting near Demopolis.

William McLean, TVA construction superintendent at Wheeler Dam, accidentally shot in the face by a hunting companion while shooting birds near Florence.

W. C. Hall, member of the Selma city council, suffered the loss of two fingers from his right hand when the gun he was carrying was accidentally discharged.

William A. Bryant, watchman for the Baldwin County Hunting Club, suffered an injury to his eye when struck in the face by a low-hanging limb.

Aubrey England, Butler, shot in the shoulder by a companion while hunting near his home.

Bonnie Jean Lott, West Butler, struck in the head by a rifle bullet fired accidentally by a hunting companion.

Percy Nixon, Birmingham negro, shot by a negro hunter while picking up coke near Birmingham.

State Capitol News

The chief burden of the argument of opponents of the tax measure, which they call a "sales tax", centered around their contention that the Governor had promised "no sales tax and no tax sales," pointing to that part of his printed platform in which he promised to "balance the budget, pay the State's debts, run our schools and operate an efficient government by economy without further taxation," but overlooking what he said if conditions should make this impossible.

Friends of the administration point out that the Governor remembers that he said: "I still promise to pay the debts, run the schools and provide an efficient government, and do so with the least possible burden on our people."

Political observers who remember things point out that in the campaign six years ago, Governor B. M. Miller promised "no taxes" and always added Alabama must pay her debts." Then when he took up his duties as Governor, he found that the promise that "Alabama must pay her debts" could not be kept without additional taxes, therefore he proceeded to impose additional taxes and paid the debts.

Governor Graves is simply following in the footsteps of other Governors in meeting coditions as they arise, regardless of what might have been his intentions during the campaign.

In this, his friends point out, he is following the example of President Roosevelt, who was elected on a platform of abolishing bureaus, then changed conditions forced him to add an army of employees to the already large force in order that the people might not suffer.

By a vote of 21 to 5, the State Senate last week adopted the following bill, offered by Senator Miller Bonner of Wilcox.

Section 1. That the holder of any office in Alabama, either State, County, or Municipal, who while such officer, violates any written campaign promise or pledge hereafter made while a candidate for nomination or election to such office, shall be guilty of a felony and subject to impeachment.

Section 2. Any person who violates this act shall, upon conviction be punished by imprisonment in the penitenelary of this State for not less than one year nor more than ten years.

The liquor bill, ready for the Senate, contains a provision by which any county in the state may ban the sale of intoxicants. Only ten per cent of the registered voters can prevent the act from becoming operative in such county until an election can be held, then if a majority vote "dry" the county will remain dry, but share in the net revenue derived from the sale of alcoholic beverages in the "wet" counties.

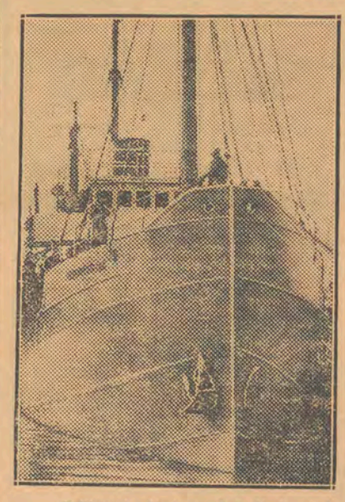
Famed Vessel Serves South



© Photo by Underwood & Underwood

"A famous ship, once known in all the headlines of the nation, but now among the host of forgotten vessels that ply the waters in simple commercial trade" was how the Hopewell, Virginia, *News* recently described the sturdy *S. S. Vamar* after they learned her story.

Although by far not the newest or the biggest of the steamers which call at Hopewell for cargoes of American nitrate of soda, the Vamar has a proud record. Years ago she accompanied Dr. Fritjot Nansen, the Norwegian explorer, to the North Pole. Later, she carried supplies for Admiral Byrd's first Antarctic Expedition. When the Hopewell *News* found her at the nitrate of soda plant, she was discharging soda ash and picking up American "soda" for use on the fields of American farmers.

Extending my Christmas Greetings and Best Wishes to Everybody. May the holidays bring you every Joy that you can ask for, and every hoped-for Happiness to your folks and friends.

Merry Christmas To All!

Young Son of Former Clanton Man Wins Two Prizes In Photo Contest

Tom Jones, eight, son of Mrs. T. A. Jones, of Montgomery, has been announced as winner of the first local and fifth national prizes in the fifth annual Children's National Photographic contest. The photograph was taken by Nachman and Meertief studio, which firm is a participant each year in this nation-wide event.

In addition to the winning photograph above, Nachman and Meertief also took photographs of the following local children who received honorable mention: Will Alex Norman, Clara Culpepper, Danyln McGuin, Jimmy Gulley, Bobby Hatfield, Bill Robinson, Frances Anne Howell, Annette Ramsey, Francis Thompson, Lucille Comer Roper, Valera Mitchell, Ann Curtis, Ernest Knox, Jr., Edmund Bradley Driver, Jr., Miriam Macguire, Elizabeth Marshall, Peggy Maynor, and Joanne Ward.

Studios throughout the United States enter thousands of photographs in this annual event. Awards totalling more than $2,000 in cash are being distributed this week to the 375 winners over the country. The first national prize of $250, awarded by Parents magazine, was given to Joan A. Dahl, of Minneapolis, Minn., and second prize of $100 went to William Gilbert Hendrich, of Roanoke, Va. Joan's picture was taken in the studio of Dayton company Minneapolis, Minn., and little Billy's was taken at the N. W. Pugh company, Roanoke, Va.

Among the judges this year were Mr. Ellsworth, Mrs. Mary Buchanan, managing editor of Parents magazine, and Mr. Sanford Tousey, artist-author of the famous "Cowboy-Tommy" children's books. The judges made awards on the basis of personality and character as reflected in the photograph.

"The hardest job of judging I've ever had," said Ralph O. Ellsworth, of Parents magazine, one of the judges in this nationwide contest. Thousands upon thousands of children all over the country were entered in this contest, conducted for the fifth successive year in photographis studios in department stores during August and September.

CARD OF THANKS

We do sincerely extend our heartfelt thanks and deep appreciation for the many expressions of sympathy in flowers, prayers and otherwise during the hospital confinement of our wife and mother. May your life be attended with good health and many other blessings of Almighty God.—G. C. Powell, and children.

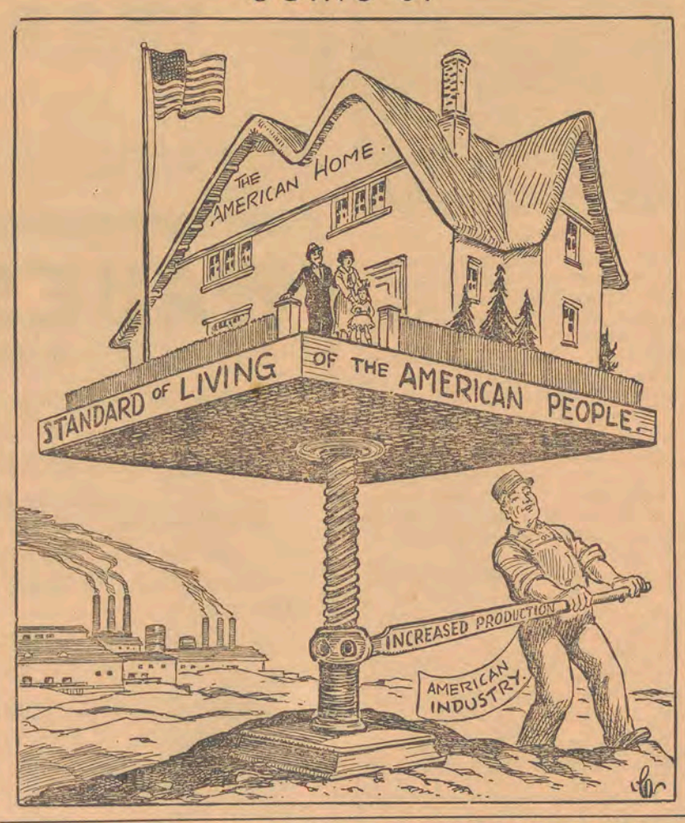
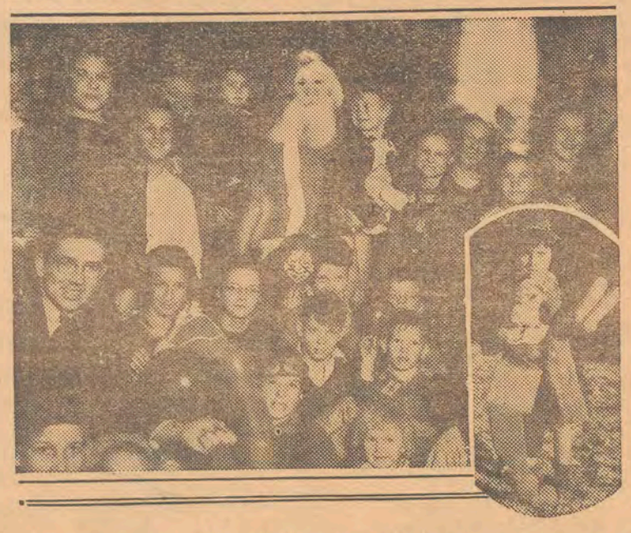
"GOING UP"



SANTA VISITS 300 CHILDREN



Christmas at the University of Alabama convinced more than 300 poor children of Tuscaloosa County that there is a Santa Caus. He is shown in this picture with a child in each arm at the annual Christmas party sponsored by the University Y. M. C. A. and Y. W. C. A., where the children are entertained each year with gifts and a banquet. Children and students both seem to be enjoying the party, as is the little girl in the inset, a stocking and a doll in one hand and two presents in the other.

IMPRESSIVE CHRISTMAS SERVICE HELD AT FIRST BAPTIST CHURCH

The Christmas program put on at Clanton Baptist Church last Sunday night was very pretty and was impressive indeed. It was principally a musical program, but there was woven into it an attractive story of the nativity as well as the Christian attitude toward the poor.

The large auditorium was filled to capacity for the services. The people of Clanton are deeply indebted to Mrs. Jatie Longshore and the splendid choir which she brought with her from Birmingham. The part they played was most significant toward the success of the evening's program.

ESTABLISHED 1903 THE ESTABLISHED 1892

UNION-BANNER

HAPPY NEW YEAR!

VOLUME 44.—EIGHT PAGES CLANTON, ALA., THURSDAY, DECEMBER 31, 1936 NUMBER 37

A A A Chiefs Made Errors Cost Millions

Several Millions Lost By Error Or Fraud; Can Never Be Recovered.

Washington, Dec. 23.—From five to 10 millions dollars in erroneous benefit payments to farmers under the Agricultural Adjustment Administration program has been lost by the Government and according to experts here it will never be recovered.

More than a billion dollars was paid out under the original AAA act. Every cent was supposed to be checked by the general accounting office, which scrutinizes the expenditures of all executive departments. But the GAO never audited the 12,000,000 vouchers for benefit payments made in 1934-35 and part of 1936.

It is estimated that from five-tenths to one per cent of all the money distributed through the vouchers was illegally spent. Some of it might have been downright fraud but the bulk of the loss was simply due to violation of Federal regulations.

The vouchers are now stacked on pine shelves in the cathedral-like old Postoffice Department Bldg., now occupied by the AAA. GAO officials say that, because of the acute shortage of office space in Washington, they have been unable to get storage space of their own for the documents. Until they do, the acounts cannot be audited.

Even if the auditing were begun immediately, the vouchers are so old that it would be impossible to collect more than a small fraction of the erroneous payments, officials say.

PREACHING AT LIBERTY HILL CHURCH THIRD SUNDAY

The regular preaching day at Liberty Hill has been changed to the third Sunday in each month, instead of the second. All members please take notice.

NINE ARRESTED BY SHERFF AND DEPUTIES PAST WEEK

Beginning last Wednesday, December 23rd, Sheriff Hardy and his deputies have made a total of nine arrests for various charges. As a whole, the holiday period has been quiet, so far as law violators are concerned.

The following are the charges and the number arrested and the temporary disposition of the violator: One for assault and battery, out on bond; two for reckless driving, out on bond; one for assault with intent to murder, committed to jail; one for murder, in jail; two for reckless driving, out on bond; one for driving motor vehicle while intoxicated, out on bond; one for public drunkenness, out on bond.

AKINS I. MIMS BURIED AT COLLINS CHAPEL SUNDAY

The remanis of Akins I. Mims were buried at Collins Chapel cemetery last Sunday morning at 11:00 o'clock, services conducted by Rev. W. P. Lowery. Spigener was in charge.

Mr. Mims, familiarly known as Uncle Akins, was 86 years old. He died at his home at Chunchula, near Mobile, Saturday morning. The body was prepared down there and shipped here; Spigener took charge when the body arrived in Clanton.

A member of one of the oldest and most respected families in Chilton County, Akins I. Mims spent the early part of his life in the Collins Chapel community. He removed to Mobile County some thirty years ago. A great pleasure of his life was when he came back to his home community and spent days and weeks with relatives and old friends. He made it a custom to come back home for a long stay about once a year.

Survivals are: three sons—Monroe of near Clanton, Vollie and Parnell of Mobile; two daughters—Mrs. John Collins of Thorsby, and Mrs. Ella Lawlew of Lawley. There is one surviving brother — George W. Mims of Thorsby; one sister—Mrs. W. M. Fuller of Opp.

The deceased was a brother of the late County Commissioner James M. Mims, who died two or three years ago.

EVAN PARRISH SERIOUSLY ILL

At the time we go to press Wednesday reports are that Mr. Evan Parrish is very seriously ill at his home in West Clanton. Mr. Parrish contracted blood poisoning from a small scratch on his finger last Thursday. By Sunday he was seriously ill. A specialist was called from Birmingham Monday afternoon, but his condition has gradually grown worse. Some time Tuesday or Tuesday night reports say that he contracted pneumonia, and at this writing scant hope is held out for his recovery.

MRS. TIFFIN IMPROVING AFTER TRANSFUSION

Mrs. J. B. Tiffin, wife of the owner of the Tiffin Furniture, Co., of Clanton, is slowly improving in a Montgomery hospital following a blood transfusion.

Mr. Tiffin and the family requested the Union-Banner to express their deep appreciation to those who offered aid to Mrs. Tiffin in this emergency and especially to Hugh Champion, of Verbena who was selected from a large number of persons for the transfusion. They especially want to thank also, members of the fire department, Mayor Jones and those others who rendered aid.

1936 P. W. A. WORK IN BIBB, SHELBY & CHILTON $300,000

In Bibb, Shelby and Chilton Counties the Public Works Administration, Harold L. Ickes, Administrator, has thru grants encouraged and participated in construction programs amounting to over three hundred thousand dollars, either completed or under way, during 1936.

Bibb county has just completed new schools at Woodstock and Eoline, an addition to the Brent brick school and the additions to and modernization of the County High School at Centerville are almost completed. A 12 room brick schoolhouse, and a waterworks system for West Blocton are under construction.

In Shelby County a $47,000 program of repairing and equipping school buildings has been completed. At Alabama College, Montevallo, two greatly needed plants have been built costing $60,000. They are a water filtration plant, and a large modern steam generating plant which will furnish power and heat for the college during its anticipated growth for future years. A waterworks system for Wilton has been approved by the Public Works Administration and the construction of it will start at once.

Chilton County has completed two large schools this year costing $55,000. They are an eight room school at Collins Chapel and a fourteen room school at Isabella, both have large auditoriums and are fully equipped.

Applications to the Public Works Administration for aid to finance the construction of more projects during 1937 are being prepared. The above programs are in addition to other benefits under government aid such as bridge and highway construction, W. P. A. work, Farm Credit, CCC., Etc.

DEPUTY CROWE MOVED INTO SHERIFF HOUSE

Deputy Sheriff Ira Crowe a few days ago moved into the sheriff house next to the jail. He and Mrs. Crowe will make their home at this pace in the future. Mrs. Crowe's mother, Mrs. Letha Neeley, lives with Mr. and Mrs. Crowe.

The family of Mr. Julius Smith, who have been occupying the sheriff house, have moved into the Rockett house on Third Avenue and Fourth Street.

IN MAYOR'S COURT

During the past week, there have been three parties brought up before Mayor Jones, charged with public drunkenness. All three were tried and each fined $5 and costs, all of which amounted to $12.25 each. The defendants are paying their fines in installments.

MRS. MARY E. DUTTON

Mrs. Mary E. Dutton, age 72, died Friday afternoon, December 25th, at the home of her son, John W. Dutton, Thorsby Route 1. Burial was Saturday afternoon at Pleasent Hill, Revs. Davis and Cost afficiating. Martin & Sons in charge.

The deceased was the widow of Z. T. Dutton, who died several years ago.

U. S. Lends Aid To Red Spanish Bellum

Grave Crisis May Result From American Sale of Planes To Spanish Loyalists.

Washington, Dec. 28.—State Department officials disclosed Monday they had issued export licenses for shipment to the Spanish government of $2,777,000 in airplanes and airplane engines.

They emphasized the government had no recourse but to grant the application for export licenses because the present neutrality act does not prevent such shipments to European nations engaged in civil war.

Licenses were issued to Robert Cuse, president of the Vimalert Company, Ltd., of Jersey City, N. J., described as a broker dealing in marine equipment and aircraft.

This was the first time the government had given permission for shipment of any materials falling under the categories of "arms, ammunitions and implements of war" to be used in the Spanish revolution.

INTEREST GROWS IN GOVERMENT

Cambridge, Mass. Dec. 28.—A rapidly increasing interest among young people in the problems of government which is heralded as a healthy sign for the future of the country, is revealed in a survey of enrollment at Harvard University. Nearly forty per cent of Harvard's upper classmen this fall are majoring in the study of history, government of economics, records of the dean's office reveal.

Student attraction to these fields has increased steadily and rapidly in recent years, starting with an enrollment of thirty-two per cent in 1932, statistics show.

Mainly responsible for placing the social sciences so far in the lead in the interest of the students is a surge of popularity since 1932 for studies relating to government. In that year government claimed the attention of only six per cent of the student body; this fall, following regularly mounting gains, the proportion is above twelve per cent.

This increasing interest in government has been hailed by many as a most encouraging factor in the economics of the country.

Bold Daylight Robbery In Clanton Tuesday At Noon

Offices of Tax Collector T. L. McKee and City Clerk C. H. Pipes Entered; $166.07 Taken From Collector; $93.00 From Clerk.

A broad open daylight robbery was perpetrated at the courthouse and city hall in Clanton Tuesday of this week at noon. From the cash drawer of T. L. McKee, county tax collector, $166.07 was taken; $93.00 was taken from the cash drawer of city clerk Claudie Pipes.

The doors to both the tax office and the city clerks's office were entered by means of keys, it is supposed, as no sign was left on either door. The cash drawer in Mr. McKee's office was opened by prying the lock open. It is a metal drawer, and scarcely no damage was done to it.

The drawer in the city hall, a wooden drawer, was pried from the slides in which it works and left lying on a shelf immediately below the drawer's usual place. The tongue on the side of the drawer had been burst off. No small change was taken from the city office.

Mr. McKee said that during the morning he had taken $400 in bills from his cash drawer and placed them in another place in the office. The pilferers did not find this $400. Twenty pennies were left in the cash drawer. There was about $400 in checks in Mr. Pipes's office, which were not bothered.

Both Mr. McKee and Mr. Pipes are under bond, and are personally responsible for the losses. Reports are that no burglary insurance is carried by either official.

No clue has been found as to who perpetrated the robbery; however, a man was seen at the tax office during the noon hour, and a passerby saw a man in the city clerk's office between 12 and 1 o'clock. Nothing was thought of it at the time, however

Filling Station At Thorsby Held Up And Robbed

It is reported that Rick Franklin's filling station at Thorsby was visited by a hold-up artist Friday night. The night operator was held at the point of a gun and forced to give the bandit all the cash that was in the register, and $6 dollars of the operator's own money was taken. About $41 was taken from the cash register, it is reported.

REPUBLICAN NATIONAL COMMITTEE

Washington, D. C.

John Hamilton, Chairman

Mr. T. E. Wyatt,

Clanton, Alabama.

Dear Mr. Wyatt:

I have long been of the opinion that those who are active in the field of politics must be content with the thought that the only permanent compensations for the time and efforts given are the satisfaction of having taken an active part in the affairs of one's country, and the friendships formed through political activities.

Naturally, at this time of the year our thoughts turn to those friendships, and this year particularly, because of those which have resulted from associations in a great cause.

We can enter the coming year with the thought that in the last campaign we supported the candidates of a Party that has a history of true idealism and a real interest in the welfare and advancement of men and women in every walk of life—a Party that has rendered a real service to a great nation. I have no doubt that in the future it will be represented by men and women and adopt policies that will fulfill its destiny as the party of American leadership.

The high ideals of the more than sixteen and a half million Americans who expressed their convictions will give to each of us, I feel confident, a sense of comradeship and a fine determination to maintain those finer traditions of the Republican Party which has materially contribhted to make us a great nation.

I desire to express to you my deep and keen appreciation of the efforts made by you in the recent campaign and may I also convey to you my most sincere wishes for the coming year, and the season's greetings.

Cordially Yours,

JOHN HAMILTON.

L. H. REYNOLDS EXTENDS NEW YEAR GREETINGS

Editor Union-Banner:

It is well that we should pause at the threshold of the New Year and express our gratitude for those of us who have been allowed the privilege of seeing another year and to express our sympathy for those who have not.

Generally speaking the financial condition of the people of our county was greately improved in the year passing and from all indications, the coming year will bring better times.

Collectively we suffer or prosper, and whatever is of benefit to our county will be to the people of the county as a whole and it therefore behooves all of us to assist the officials of our county in every way that we possibly can in fostering any movement to better our conditions.

If our officials fail we all suffer, if they succeed we benefit; to help our officials make a good Government in our county is helping ourselves and as long as they are representing the best interest of the people it is our duty as good citizens to aid and encourage them.

We disagree politically often times and there is a time for political disagreement and when that time is over there then comes a time for a solid support of the officials elected for the best interest of ourselves.

Let us enter the New Year with our prejudice and ill will forgotten and face the future which is far more important.

Personally, I am thankful at this time for the restoration of my eyesight and health and I wish for you all a happier and more prosperous New Year and I am hopeful that our county will continue to go forward and maintain the high position that it now holds.—Respectfully, L. H. Reynolds.

SENDS WISHES BACK FROM DOWN IN THE EVERGLADS

The Union-Banner last Thursday received a card postmarked from Belle Glade, Fla., reading as follows: Editor Union-Banner:

From away down in the Everglades of Florida I am sending my people at Walnut Creek, Shady Grove and Oak Grove the season's greetings. I hope you all are having a merry Christmas, and I wish you a happy New Year. Your Pastor.—J. W. Enfinger.

THREE KILLED AT SHELBY SPRINGS CHRISTMAS DAY

Among the fatalities on Alabama highways during the holidays were J. R. Cost, Dorothy Cost, 14, and Charles Cost, 12, who were on their way to spend Christmas with relatives at Jemison. The car in which they were riding was struck by a train at the crossing at Shelby Springs in Shelby county.

Mr. Cost and his two children were instantly killed, according to Sheriff Fore of Columbiana. The car was dragged about one hundred feet, and was completely demolished. The bodies of the three victims were horribly mangled.

The total of holiday deaths in Alabama is said to have reached thrity-one people, most of whom were killed in automobile accidents on the highways of the state.

JUNE APPLES AT CHRISTMAS

Mr. J. W. Kelley, of Route 2 brought to the Banner Christmas eve day two small apples, which he said were apples from a June apple tree. The tree, according to Mr. Kelley, bore a full crop of apples this spring. One apple was gathered from the tree large enough to eat a day or so before Chrismas.

BROWN-SERVICE IS IN 11TH YEAR'S WORK

1000 Members Of Funeral Company Attend Jubilee

Birmingham, Ala. Dec. 28.—Brown-Service Funeral Co. entered its 11th year today following the company's anual jubilee Saturday night at the Tutwiler Hotel, where more than 1000 members of the firm from all over Alabama gathered.

The party informally inspected the company's new home office at 811 20th St. s. which will be ready for occupacy shortly. R. M. Lackey, executive vice-president of the company, opened the party, then turned it over to Hubert Baughn, associate editor of "Alabama," who introduced the speakers.

VACATIONS WITH PAY, BUT NOT FOR TEACHERS

The Alabama Legislature, so the people of Alabama have been led to think, was called into this special session to provide funds for the impoverished forces of education in the state. Unpaid teachers were more or less the symbol of education's empty exchequer.

Now both the lawmakers and the teachers are on the Christmas vacation. The teachers are getting from nine to 14 days, without pay. The legislators, on a vote by themselves, are getting full pay for 17 days Christmas vacation.

These facts are well known to the public, and will probably be remembered for a long time. They are mentioned here again, only in the hope they may be remembered especially by the Legislature when it meets again next week to consider further the plight of the teachers.—Editorial in the Birmingham News.

MRS. NANCY MIMS DIED

Mrs. Nancy Mims, age 77, died at her home in Refuge community Tuesday afternoon, December 22nd. Burial was Wednesday afternoon at Walnut Creek, services conducted by Revs. Lockheart, Williams and DuBose: Martin & Sons in charge.

Seven sons survive—E. L., W. M. Lewis, A. N., A. H., and R. W. There are four daughters—Mrs. W. E. Easterling, Mrs. G. N. Easterling, Mrs. S. J. Powell and Mrs. W. R. Baker. Three brothers and two sisters survive, as well as 53 grand children and 17 great grand children.

The deceased was the widow of Wm. A. (Son) Mims, who died some years ago. She was a daughter of Nathan Miner and a sister of the late Andrew Miner of Clanton.

DOLLAR STORE OFFERNG SPECIAL PRICES THIS WEEK

Mr. H. Pinkerson of the Dollar Store announces that he has just completed taking inventory, and that a number of items in his store have been marked down to prices that will move them. It is not old, shop-worn merchandise, but brand new; and the price is amazingly low. Turn to Mr. Pinkerson's adv. on the back page of this paper, and see what he has to say about his after-inventory sale.

Xmas Lights Will Burn Rest Of 1936

Mr. and Mrs. Reedie Taylor, of Lafayette, Ala., were the guests of relatives and friends here during the Christmas holidays.

Man Killed By Gun Shot Wound In Head

Bazz Lewis Killed In Brawl By Gemosey Connel Early Saturday Night.

Bazz Lewis, age about thirty years, was the victim of a gunshot wound, taking affect in the right side of the face, last Saturday night about 7:30 o'clock. The shooting occurred directly in front of the home of James Mose Connell, in Mt. Springs community.

Reports have it that Connell and Lewis were at the home of Clint Connell, and had been engaged in a brawl. James Mose Connell decided to bring Lewis to Clanton and have him put in jail, thereupon ordering him at the point of a gun to walk to Canton. The two came about a quarter of a mile in this fashion, when Lewis refused to walk further. At this juncture, Connell is said to have fired the gun into the right side of Lewis' face, tearing away a part of his face and head. The two men must have been about eight feet apart when the shot was fired. There seems to have been one eye witness to the shooting—Edward Bollin.

Lewis was from Coosa county, the son of Porter Lewis of Richville settlement. He was a man with a family, and was over here working at a saw mill operated by Ennis Towns.

James Mose Connell, son of Clint Connell, is about thirty years old and has a family.

He surrendered to the law Saturday night.

The body of Lewis was brought to Clanton by Spigener, and early Sunday morning was carried to Coosa county for burial. Connell was placed in jail where he remains awaiting preliminary trial.

VATCHEL LINDSEY HAD PLEASANT VISIT TO OLD HOME IN COOSA COUNTY

Mr. Vatchel Lindsey returned last Wednesday from a most pleasant two weeks visit to relatives and friends in his old home community—near Holley Springs—in Coosa county. The last time Vatchel had been to his old home place was in 1908. Listed below are the people he visited during the two weeks, all in the vicinity of Holley Springs: J. R. Robinson, C. N. Dozier, J. O. Stewart, O. J. Honeycutt, W. J. Honeycutt, W. L. Honeycutt, R. I. Robinson, J.J. Blankship, P. C. Honeycutt, Clint Robinson and J. J. Joiner.

Vatchel said that he had the time of his life. He says that good old-time Coosa county hospitality is still just as thick around his old home place as it was when he was a boy over there several years ago. There is nothing like it in all the rest of the world, says Vatchel, and the Union-Banner can attest to a big portion of truth in such a statement.

LIQUOR BILL TO GET FIRST CALL

Montgomery, Dec. 28.—A sub-committee of the Alabama Senate will meet in Mobile Wednesday to redraft the administration's House-approved prohibition repeal bill, preparatory to the reconvening of the Legislature January 5.

The sub-committee is composed of Sen. Max Rogers of Mobile, chairman; and Sen. G. R. Swift of Escambia, and Sen. Floyed Mooneyham of Montgomery—all members of the Senate temperance committee.

Though not a member of the temperance committee, Senator J. L. Kelly of Conecuh, co-author of the administration's state store liquor bill, will sit with the group under an agreement reached between opposing repeal factions shortly before the Legislature recessed December 18.

Senator Rogers, on whose motion the repeal measure was referred to sub-committee, has indicated the bill will undergo drastic revision before it is reported back to the full temperance committee on the first day after the lawmakers reconvene.

MARINES TO ENLIST 35 MEN AT MACON, GA., OFFICE

The Macon Georgia Marine Corps Recruiting Station, headquarters for Marine activities in this section, has been authorized to enlist 35 applicants in January, it has been announced by Major J. M. Tildsley, officer in charge.

Applicants accepted must be in excellent phyiscal condition, of good moral character, between the ages of 18 and 25, not less than 66 inches in height, single and without dependents.

Varied duties at shore stations within the United States and in foreign countries, on board large ships carrying marine detachments and at Marine Corps Schools, are assigned to new marines after completion of training.

Complete information and application forms will be furnished to interested persons by the Macon headquarters.

YELLOW FRONT STORE CLOSED NEW YEAR'S DAY

Mr. Blacketter, mahager of the Yellow Front Store in Clanton, authorizes the Union-Banner to publish that this store will be closed all day Friday of this week, January 1st. A big banquet is being given in Tuscaloosa by the Sumter Farm & Stock Company, owners of all the Yellow Front Stores, and the store managers and clerks will attend this banquet.

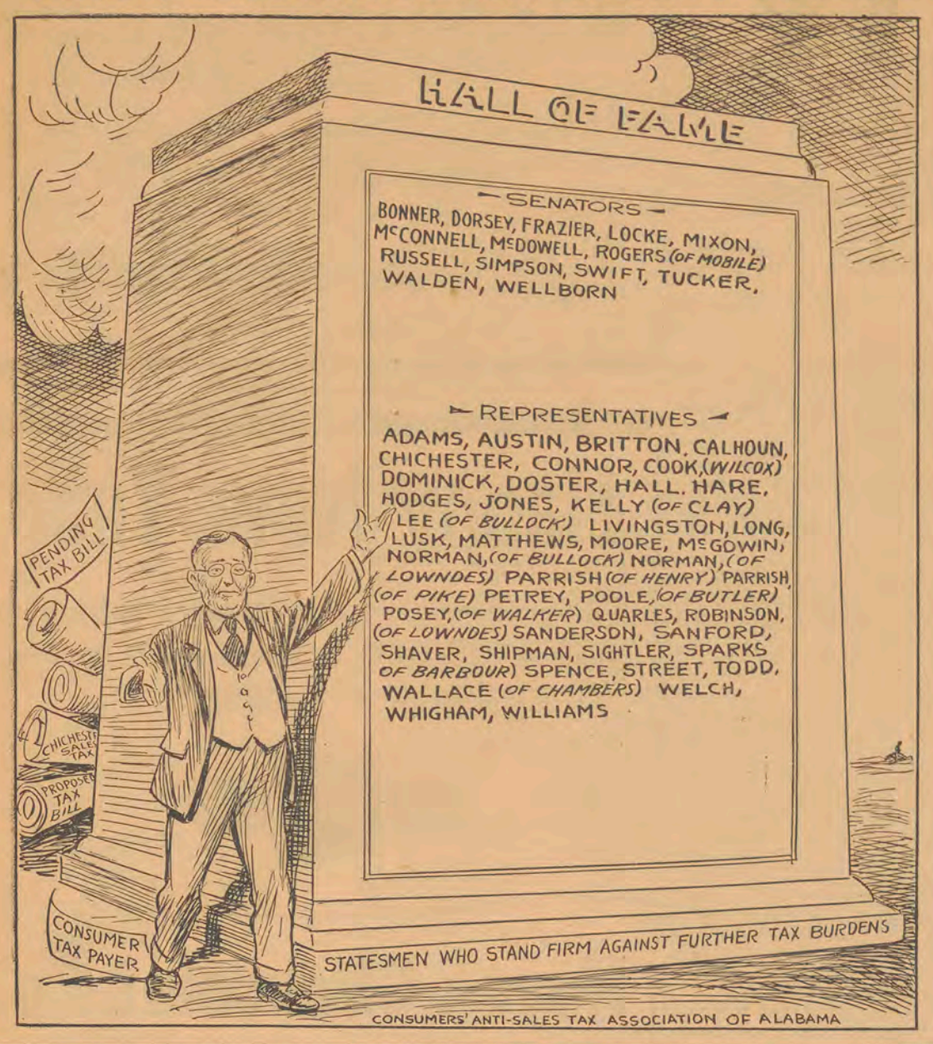
Walter Ufer, American painter.
Aug. 6—Congressman J. J. McSwain of South Carolina.
Aug. 7—Congressman M. A. Zioncheck of Wash

There Is Yet Time For Your Name To Go There



"TRANSIENT" WHO BEGGED A SHIRT RETURNS IN STYLE

Sometimes they come back. Roy Henderson, filling station employe on South Court Street, Montgomery, knows a man who did.

A year ago a ragged, shivering man in his fifties—it was a very cold day—called at the filling station and asked Mr. Henderson if he could spare a shirt, saying that he was a stranger and feared he might be taken up for vagrancy unless he improved his appearance. Besides he was suffering from cold. He assured the young man that he was not a panhandler, but was an honest man in temporary difficulties.

Mr. Henderson not only gave the man one of his shirts, but a sweater also. He gave the caller a quarter to pay his fare to a point beyond the city limits where he hoped to pick up a ride to Mobile.

The other day a well dressed man, driving a handsome, expensive automobile drove into the same filling station and had Henderson to "fill her up."

"You don't know me, do you?" said the customer.

"No. I don't belive I ever saw you before," said Henderson.

"Well, anyway here is something for you." He made himself known to the young man and then handed him a bundle containing a new shirt and a new sweater.

"Since you befriended me I have come into a substantial inheritance and am now doing well," the visitor said. "I was no bum when you befriended me. I'll never forget you as long as I live."

Here's Hoping the New Year brings Twice as much Prosperity and Happiness as You ever dreamed of!

Beware The Cough
From a common cold
That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

PETE JARMAN WRITES

It is my sincere wish that a very merry Christmas has been enjoyed by all, and my equal sincere hope that the happiest New Year in years is in store for you and that 1937 will prove one of the best, most properous and most enjoyable years of your lives.

I go now to assume the performance of my duties as your Representative in Congress, responsible duties which you so kindly imposed upon me. As I do so I desire to again thank you most sincerely for the confidence evidenced by your magnificent support and to reaffirm my determination to prove worthy of it, and cause you to desire that I continue to represent you for a long while, until the seniority so valuable to a Congressman, and much more so to his District, is gained.

I repeat that it will be my purpose to represent the whole people of our excellent District to the best of my ability, squarely meeting all issues as they arise. Toward that end, I have requested assignment to committees, selected after very mature thought and numerous conferences with senior Congressmen, on which I believe I can best serve our District, and I confidently hope that the strenuous efforts I have made in that direction will result in my assignment to one or more of them.

I fully realize that it will prove quite impossible for me to invariably please all of my friends and constituents because of conflicting wishes and views. However, it will be my purpose to serve you all to the best of my ability at all times. I also realize that, being human, I shall make mistakes, but when the book is written and the record made I hope and believe it will be a fruitful one to which my keenly appreciated friends and constituents can point with pride. Toward that end, I respectfully and sincerely solicit the thoughtful cooperation of all patriotic citizens of our District. The campaigns are water over the dam. Let us look to the future rather than the past. I shall be the Congressman of you who did not support me as well as those who did.

It is my purpose to spend next summer in our District, and I look forward with pleasurable anticipation to seeing and enjoying a conversation with you at that time. In the mean time, may God bless you and keep you healthy, happy and prosperous.—Pete Jarman, Congressman 6th District.

GRIFFIN - NEELEY

Of much interest to their many friends was the marriage Friday afternoon at 4 p.m., of Miss Lucille Griffin, charming daughter of Mr. and Mrs. G. L. Griffin, to Mr. Aubrey Neeley, which was solemnized at the home of the Rev. S. D. Deloach, in the presence of a few witnesses.

The bride wore a lovely crepe costume of royal blue, with white accessories.

The groom is the son of Mr. W A. Neeley, of the Enterprise community.

After a brief wedding trip they will make their home at 904 Palmetto St., Montgomery. Their friends wish them much success and happiness.

PASTORS CONFERENCE

The pastors of the Unity-Chilton Association will meet Monday, at ten o'clock, a. m., at the Clanton Baptist Church in their regular meeting. All pastors are urged to be present.—S. J. Ezell, president, M. Lockheart, Secy.

On The Bench

By Judge Walter B. Jones

The Friendly Service Idea

A few weeks ago on the invitation of my good friend J. W. Patton, of the L. and N. law department, I had the pleasure of going down to the Union Depot and addressing the employes of the L. and N. Friendly Service Club, the Montgomery unit of an organization that is founded on the right idea and that is destined to bring about, all over the lines of the railroad, a better relation between the road and the traveling and shipping public.

We had a fine meeting, and the Depot was crowded. The employes of the L. and N., from President Hill on down to the humblest negro section hand, are solidly behind the idea of giving friendly and courteous service to those who patronize the road and make it a success.

Public Judges Road By Employes

J. B. Hill, the very competent and able president of "The Old Reliable," in authorizing the organization of friendly service clubs among the employes of the road, and in the cities and towns reached by the lines of the road, has stated that the objective of the road is "to create and maintain the highest possible degree of good will toward our road and its employes from the public through the constant practice of friendly and courteous relations."

In all of its advertisements, and in all of its circulars to its employes, the L. and N. is driving home the truth that "railroad patrons judge the railroad as a whole by the treatment that they receive from the individual employe."

Many years ago the railroads of the country inaugurated a "safety-first" campaign that brought about results far beyond the most sanguine expectations of the railroad authorititis. Accidents among the employes were reduced to practically nothing, and it was indeed a rare occurrence that a passenger was injured. I recall that for several years the road has had the reputation of no fatal injuries on its lines to a passenger.

As Courteous As the Old South

The employes of the road are making the appealing sogan "As Courteous As the Old South" their motto, and every day in all of their dealings with the patrons of the road, the employes are giving, in addition to their usual prompt and efficient service, something more—a friendly service.

The railroad is supplying each of the members of its friendly service clubs with various little helpful pamphlets giving useful ideas and suggestions as how to better improve the service and to make the patrons feel that the service being given them is a friendly one.

The L. and N. Railroad Company has had a big part in building up the South. Especially has the L. and N. been of material assistance in developing Alabama, and one of the finest chapters in the history of our State is that chapter which tells of the work of the great and lamented Milton H. Smith in building up the mineral region of the State. Milton H. Smith was one of the ablest railroad presidents the United States has ever known. He had, to go along with his ability, vision, high character, and a dauntless courage. The management of the railroad company feels that it is a product of a great civilization, that of the old South. For almost a century the Old Reliable has shared the destiny of the South, prospering when it prospered and suffering when it suffered. The railroad has always been noted for its fair and honorable dealings with its patrons, and it is to be commended upon its idea of organizing all of its employes into friendly service clubs to inspire them to practice constantly friendly and courteous relations with those who make the railroads by their passenger and freight business.

Novel Advertising

One of the slogans of the Old Reliable is "The L. and N. is your Home Sweet Home on the rails," and then the advertisement goes on to show how the road makes it possible for its patrons to travel in comfort and feel that they have on the road the same livableness they have in their homes.

Another advertisement depicts a big human arm attached to an engine, with the face of a man, shaking hands with one of its patrons and calling him "neighbor," and the ad says: "Why should'nt you, and we—The Louisville and Nashvile Railroad—call each other Neighbors? Isn't your town, our town? Your problems and your welfare identical with ours?

"Our family is a large one—26,000 of us spending over $40,000,000 in wages annually among you. Perhaps some of us live near you. Perhaps you or your friends sell us supplies, the equipment and other materials for which we spend additional millions of dollars yearly.

"Like you, we pay taxes—taxes that help support your schools, your institutions, and other functions of government. Coal? We buy hundreds of thousands of tons every year. Furniture? Food? Household gadgets? We buy all of these, so that we can give service and make our guests feel fully at home.

"You strive for a good home. So do we—a "Home Sweet Home on the rails"—a cool, clean, comfortable, courteous, safe home, to which thousands of travelers turn every day.

"We aren't just buildings and steel and trains. We aren't just the roaring locomotive sounding its kindly whistle to make you careful at crossings. We aren't just the most comfortable and safest means of travel. We are home folk, spending our money with you—for your products, in your community—furnishing a necessary service and asking your patronage only if we merit it. We are your neighbor—let's be better friends."

Public Relations

One of the most gratifying things that is happening in the history of our country is the "come-back" of the railroads. For years and years, in many states of the Union, the railroads were made the football of politics, and any cheapskate demagogue who wanted to get into office, and who had no worthwhile platform, made his main lint of argument an attack on the railroads. To carry out the spite and hatred of small-bore politicians, and to try to further the politicalness, Legislatures in many States passed all sorts of discriminatory and unfair legislation against the railroads. The rilroads are bigger than the politicians, and of course the railroads survive. The politicians are forgotten.

Then the changing conditions which came with the building of great highways throughout the nation with hundreds and hundreds of thousands of miles of paved roads connecting every city and hamlet, brought the bus, and for several years it seemed that railroad transportantion would be a thing of the past except for long hauls of heavey frieght. But the railroad companies have solved the bus problem, the roads have air-conditioned their trains, they have stepped-up passenger schedules so that many trains everage a mile a minute speed, they have reduced fares, and they have made their trains the safest form of transportation public or private, so that today one is far less likely to be hurt on the modern railroad train than he is in his own home. In fact, not a passenger has been killed in an L. and N. train accident in over 18 years, and many other roads have magnificent records of safety.

Railroads Respected by People

The great railroads of America have the respect and confidence of the American people. The American railway worker is a fine citizen and a good man. He represents the highest type of our citizenship. The relations between the manager of the roads and the employes of the roads is better today than it ever has been. The employes are whole-heartedly behind the management in all their plans to better railroad conditions.

The railroads are developing and maintaining a wonderful spirit of friendliness and courtesy to all who have business with them, and it is the writer's belief that the idea of the formation of friendly service clubs is one of the most constructive ideas ever put into practical operation in the railroad business.

Courtesy an Asset in Business

More and more business men are beginning to realize that courtesy is an asset of incalculable value in their business. People don't have to do business with concerns which are not courteous in their dealings, and they won't do business with such concerns. Today people trade with the stores where every effort is made to treat them courteously. Fresh and sassy employes, who know it all, and wish to impress the prospective customer with the fact, do not attract business for their employers. A very large per cent of the businesses which went into bankruptcy during the world depression years, can trace to discourteous and unfriendly treatment of the buying public one of the big causes of the receivership of the business.

Thomas Fuller put it well when he wrote the words: "All doors open to courtesy." The courtesy and friendliness of a business house open the doors to the trader and buyer's money, and cause the latter to spend it with the merchant.

There's no reason on earth why business should not be conducted along courteous and friendly lines. The business that forgets civility and good manners in its workings, will soon find out it has no business to attend to.

The railroads or the country are setting a good example.

—The Montgomery Advertiser.

We deeply appreciate the Business Our Friends have given us during the year 1936, now about to close, and without reservation we wish you a Very Happy New Year, and Much Success all during 1937.

W. M. U. EXECUTIVE BOARD TO MEET SATURDAY MORNING

The W. M. U. executive board of the Chilton County Missionary Baptist Association will meet at the Clanton Baptist Church Saturday, January 2nd, at 10:00 o'clock a. m. Every president of every society or W. M. U. is urged to attend. Also all associational officers and group leaders and all chairmans—both old and newly elected officers. It is very important that all of you be present at this meeting.—Mrs. Lee J. Grant.

MINOOKA CLUB NEWS

The Minooka Home Demonstration Club met on Monday, December 21st, at the home of Mrs. G. W. Johnson, with 17 members present.

Meeting was called to order by the president, Mrs. C. B. Martin. After the roll call by the secretary, the business was in order, which was awarding the quilt blocks to some one. Mrs. Harry Anderson drew the lucky name, and she received the quilt.

There were two new members added to our club. We are glad to welcome Mrs. Perkins to our club.

Mrs. Harry Anderson, and Mrs. Brady had charge of the program, which was a Christmas pageant. It was rendered beautifully, and it was greatly enjoyed by all.

Mrs. Lillie Busby was elected County Council Representative, to take the place of Mrs. Brady, who is leaving this community.

Refreshments were served by the hostess.

REFUGE NEWS

We are very sorry to report that the home of Jodie Connell and wife was completely destroyed together with all its contents Saturday night about dark. Mr. and Mrs. Connell were gone from home. We are sure that anything any one wishes to give them can be used with much appreciation.

Also it is with regrets that we report the death of aunt Nancy Mims, Tuesday night of last week.

Happy New Year

Good Letter From West Chilton

Where are we today, as the party of Lincoln, Garfield, Hayes, and Coolidge? Answer — Standing squarely on the time-tried platform that has made America great. Our tenets are indispensable to American success.

Our people are among the finest, their intelligence unsurpassed; our boasted leaders may forsake us for a small pittance, may trade us off for a little cheap notoriety; some of the electorate may sell out for a few paltry dollars or less; still we can wait for the ultimate victory, building on the original tenets of the G. O. P., whose history shines with such glory and splendor.

No, we are not dead! Neither are we whiskey soaked. Many good people through party fealty supported a liquir program, doubtless against their will and better judgment.

Our program is not artificial, but founded on a sound basis. We are not forced to eliminate from our tenets things we once ardently advocated. No, we are not humiliated by anything like that. We still stand for America first, and oppose the bringing in of foreign commodities to the detriment of American producers.

We oppose a stupendous national debt. We oppose the injury of our foreign cotton market through restriction.

And we will get out of this depression by working out, and in the meantime continue building on the sound principles that have made us a great nation. Let's go!

By the way, the Man in the Moon keeps up the old record. His last was a clincher, on broken promises. How true!—A reader.

HOME DEMONSTRATION CLUB TO MEET

The Mt. Pleasant home demonstration club will meet Tuesday, January 5, at the home of Mrs. C. P. Jones. Everyone is cordially invited to attend.

Mrs. Delia Traywick, has gone to Lanette, Alabama, to visit her daughter, Mrs. W. B. Foster.

Among the holiday visitors was Miss Elizabeth Stanley, of Dothan. Miss Stanley was a former student at the Chilton County High School, and is now Home Supervisor in the Resettlement Administration of Houston County. Miss Stanley says south Alabama is fine, but that it is good to come back home.

A CHRISTMAS DINNER

On Christmas day a large crowd met at the home of Mrs. Mary Ann Dennis to enjoy the day. At 12 o'clock a bountiful dinner was spread out in the yard.

Those present were Mrs. Mary Ann Dennis and little son, James, Louis Albert Mims, Mr. and Mrs. J. A. Moats, Mr. and Mrs. Lee Moats and little son, Mr. and Mrs. Sherman Dennis and children, Jack, Henry, Jasper, Lula Bell, Samuel, Dora, Mrs. Henry Mims and children, Arthur, Effie Mae, George Moats, Lindsey Cleckler, Mr. and Mrs. Lee Roy Moats and little son.

On Christmas night Santa Claus paid us a visit and we had lots of fun. We are hoping to see another happy Christmas.—Mrs. Carrie Dennis.

INSTITUTE LIBRARY CHANGED

During the holidays the Institute Library will be open on Wednesday and Saturday afternoon, from 1:00 to 4:30. This change of days has been made in the hope that it will better suit some of our country friends, who find it easier to come Saturday than any other day.

University News

University, Ala., Dec. 28.—Approximately 1,000 high school students representing every section of the state will assemble at the University of Alabama this week end for the second annual state-wide Youth's Conference.

The conference is sponsored each year by the state Y, and is chiefly the result of work by Jim Hardwick, state high school secretary. He has been assisted by University students and administrative officials. Both conferences have the University as their place of meeting.

Chief speakers at the conference include Dr. Richard C. Foster, to take office Friday as president of the University; Dr. Henry Edmonds, Birmingham minister; Algernon Blair, Montgomery contractor, John E. Bryan, Superintendent of Jefferson County Schools; and Hazel Driver, Girl's Advisor, Murphy High, Mobile.

Three University students will take part in the program. They are: James "Bubber" Nesbit, captain of the 1936 Crimson Tide; Wilbert Jordan, Robertsdale, president of the Y. M. C. A.; and Margaret Nix, Maplesville, president of the Y. M. C. A.

Last call for Cotton Seed! Am paying best prices for your spare seed this week. Pure planting seed exchanged for gin run seed, one for two now. Subject to confirmation. Fertilizers kept on hand. — J. N. DENNIS.

WHO PAYS THE TAXES?

Magner White, writing in the San Diego Sun, opines that the persons and firms usually described as big taxpayers aren't really taxpayers at all.

They are tax COLLECTORS, he says. They collect tax money from you and me—in our rents, on our groceries, on gasoline and oil for our cars. It isn't their money they're using to pay taxes; it's yours and mine. Where did they get it, any way? From you and me!

We are taxpayers. They are merely the collectors, who pass on to the public coffers the money they get out of us. And that's why we little guys are entitled to yell about government expense.

How right Magner White is! Let's try putting his idea in a little different words.

We little guys get a salary or wages—income. The landlord or grocer gets money from rent or sale of goods—again income. If the landlord doesn't get more than enough money to pay his taxes, he has no income; he works for nothing. Therefore, he has no alternative but to take in enough to pay his taxes and leave him something over. If he doesn't he goes out of business just like we little guys would go on relief if we had no income.

Consequently, it can make no difference whether the tax is levied on a business surplus or corporation income or whatnot—the money eventually has got to come out of the pockets of we little guys.

The secret is this: A number of years back, somebody decided that we little guys would yelp if we knew how much taxes we were paying. So they decided to fool us. They levied taxes that are passed on to us in the price we pay for a loaf of bread, or in the rent for our apartment or house.

Smart! But then we little guys are getting smart, too!

American women as a group are among the nation's heaviest taxpayers. In addition to the revenues from hidden taxes on most of the everyday necessities of life, it has been estimated that women contribute each year $80,000,000 in taxes on life insurance, $83,000,000 in inheritance taxes, and $2,000,000,000 in real estate taxes.

NATIONAL AFFAIRS

(By Frank P. Litschert

The approach of the New Year furnishes an excellent time for the taking of stock, and, of course, for the traditional making of good resolutions for the dawning of the new twelvemonth. Not in a long time have we approached this turning point of the calendar with better economic prospects written large across the national skies. We have been having an unprecedented flow of dividend payments from our corporations, large or small. Aside from the reminder that these have been enlarged somewhat by the new tax law, which penalizes the so-called reserve funds, the fact remains that no dividends would be possible were not the companies operating at a profit. Motor companies look forward to a bigger year in 1937, and the building trade and all important allied industries seem to be facing the future with assurance.

There can be little wonder, therefore, that the man who gets his economic inspiration from the financial pages of the newspapers, is filled with optimism. Business is good and he feels that the time to make hay is while the sun shines. This is true. But making hay while the skies are clear pre-supposes the laying away of some provision for the rainy day which is sure to follow. Things look good, according to all surface locations. But the public debt is still growing, 10 millions are still unemployed, and we have not balanced the national budget. It is to be remembered, too, that there are a great many families who have not yet balanced the family budget. Some of them haven't yet recovered sufficiently from the ravages of the depression to do so, while others think they can go on mortgaging the future, because things look so good in the business world there won't be another slump.

It is to be hoped that we will not as individuals forget the lessons of 1929 and get so far out on a limb, so to speak, that we will be subject to similar disaster in the future. Business is picking up, but there is no assurance that it will not rain again. The old economic laws are still in force. And when the rain comes we want to have our house in order, and to be prepared for it. Social security is a fine thing, if it works. But it doesn't remove from the citizen his obligations and the sound principle of self help and personal security gained from years of wise self-denial and sound economic practice. No man can safely squander away his living and depend on the government to take care of him, when he is no longer able to take care of himself. If our federal social security system inculcates in our people a feeling of false safety, carelessness and extravagance, it will be an ultimate evil instead of a final blessing.

And it would seem that when we make our good resolutions at the close of the year 1936, we ought to take stock of our personal situation and to make a sane survey of the possibilities of the future. We do not want to be niggardly or penurious. But don't forget that nothings adds more to the pleasure of living than a real sense of security, of having something laid by for the future. As a promoter of a real feeling of satisfaction, the savings bank book and the insurance policy have it all over the smiling presence of the installment collector who rings the front door bell each month.

SPENDERS IN CONGRESS

Analysis of the congress that will meet in January shows that it will be a spending congress. The people of the country will have to show a determined opposition to extravagance if a program of needed economy is to be carried out.

Reports are coming from Washington in increasing number to the effect that the administration is determined to bring the budget within nominal balance for the years 1937-1938. It means that no new expenditures can be authorized and retrenchment must be practiced in several bureaus.

President Roosevelt is counting upon a decrease in relief costs and an upturn in revenues to effect the balance. The increased purchasing power of the country, evidenced spectacularly lately by extra dividend and wage increases, indicates that there is reason to count on both, although to what extent cannot be accurately estimated.

However, such men as Sen. Norris and Sen. LaFollette in the senate, the strong Tammany group in the house, and other groups and individuals in both houses are liberals of the type who aggressively seek great reforms without counting the cost. The country cannot now afford to go in more heavily than it has for public works of all kinds. Huge investments in such projects as the TVA would overturn the balance achieved.

The best way to help labor and agriculture and all other classes of the population now is to reduce the absorption of purchasing power by taxes. They have been entirely too heavy to continue as a normal thing. The goal now should be an increase in national income without an increase in total levies, so that the percentage of the income taken by taxes becomes smaller steadily.—Syracuse Post Standard.

LABOR SINCE THE N R A

Proposals to revive the NRA, to establish a 30-hour week, and to extend the back-door NRA represented by the Walsh-Healey Government Contracts Act, combine to make particularly timely the study of changes in wages, hours and employment since NRA, compiled by The National Industrial Conference Board.

The gains in volume of production and industrial prosperity since the Supreme Court declared NRA unconstitutional in May, 1935, are too well known to call for further emphasis. But the gains of labor are also striking.

Under the NRA hourly wage rates were advanced nearly 42 per cent. When the NRA was thrown out, it was widely declared that these gains would be lost. Reports and rumors of wage cuts were frequent. But on the average, there has been no reduction in hourly wage rates since NRA terminated. Average weekly earnings, which mean more to workers, have actually increased 15 per cent compared with those in the NRA period. Even when allowance is made for a slight increase in the cost of living since then, the purchasing power of wages in September, 1936, was still 6.4 per cent higher than the average during the period of NRA. And though it was contended that the NRA, through the device of the shorter week, had created employment, the record shows that employment now stands at 86.5 per cent of the 1929 level as against an average of 75.1 per cent during the NRA period.

These and other facts serve once more to indicate one of the many weaknesses of the proposal to establish the 30-hour week. Proponents of the proposal overestimate the actual length of the working week at present. This faulty misconception is wholly apart from the direct violation of elementary common sense which the 30-hour week involves in principle. Wages can be paid only out of the product that labor helps to make. There is no way in which it can get more by producing less.—New York Times.

STRENGTH AND SAFETY

How does our Constitution provide for a congress combining strength with safety?

Under the old Articles of Confederation, congress was little more than a recommending body. It represented not an indestructible union, but a league of sovereign states or nations. Representatives in congress were not elected by the people as they now are, but were appointed by and could be recalled by the state legislatures. States could and often did ignore acts of congress. As a result, taxes went unpaid, the people and the states flouted congress, and anarchy threatened.

Our Constitution changed this by setting up a federal government operating not only over the states as before, but also over the people. Our present congress is given all law-making powers on national matters except as limited only by the Constitution, itself. In this field no state can interfere.

At the same time, our Constitution prevents concentration of power and insures home rule by prohibiting Congress from legislating on local affairs. This is reserved to the states.

In these ways, we the people, under our Constitution, avoid the weakness of the old Confederation under the Continental Congress. To provide strength and unity, Article I of our Constitution vests all legislative (law making) powers on national matters in congress; and to insure safety, those powers are limited to those granted in the Constitution. All other powers are reserved to the states and the people.

HONEST WORK

Many people are so busy trying to devise ideal systems of social organization that they miss the obvious steps of honest work for the day's wage, and honest pay for the day's work, of honest goods represented in advertising and sold for an honest price. They are so concerned with the reduction of armaments or the refusal to take the oath of allegiance as a gesture against war that they will not take the trouble to study the actual problems of materials and markets, of economic interdependence of the relation of tariffs and trade agreements to the causes of war. Young men will even pledge themselves never to bear arms at their country's call, and then go out and act as pickets in a labor war in which their neighbors are being killed.

It is time to concern ourselves with dreams of Utopia when we have done our honest best to understand the complex problems of an industrial civilization, with a view to discovering hidden centers of selfishness and greed and bringing them to light where they may be eliminated. There is nothing recondite about honesty and decency. When we have done our absolute best in these directions it will be time to discuss the ultimate organization of society. We cannot scale the mountain at a leap, but the next step we, everyone, have power to take.—Minneapolis Journal.

WE LEARN FROM DICTATORS

The world is learning from the dictators. It is discovering that by their very nature dictatorships must be a disturbing force. Quite apart from the good or evil they work in their own countries, the international system is too sensitive, too closely intergrated, to stand the shattering shocks of dictatorial methods. Dictators are too powerful, their tread is too heavy, their voices are too thunderous, their manners are too masterful, for this tremulous and aging planet we inhabit. The earth has no room for giants any more.

We are learning that even the virtues of dictators are too much for us. The internal order they enforce, for instance, only magnifies their capacity to provoke external disorder. Their decisiveness turns their every act into an ultimatum. Whatever they do, they do with an effect of violence. Whenever they move, they move suddenly and swiftly, in the manner of a supreme command springing surprises in war. The diplomacy they practice is not high-hat, not shirt sleeve, not even the iron hand in the velvet glove. It is the diplomacy of the mailed fist, naked force.

The dictators, in short, teach us to chalk up one more advantage for democratic government. In the horse-and-buggy age they might have functioned without upsetting the universe. In the radio era they crowd up on one another. They fill the air with noise and threat and turmoil. The world has become too small for rulers with limitless and unquestioned powers. If only to curb and slow down the drive of the nations to the speed limit where international traffic is possible, we need the creaking brakes of democracy.—New York Times.

OUT OF STEP

A favorite pastime of some American prophets is to point at other countries as an example of progressive economic thinking. Implied in their remarks is a denunciation of the past in America and a warning to this country to do an about-face. The past, they tell us, is dead. Look at these other countries for a hint of what the future holds.

In substance, this means the United States is out of step with England, France, Germany, Spain, Italy, Russia, China, and the Fiji Islands. In a word it means that anything peculiar to the United States in the dead past such as the world's highest standard of living, an automobile to every four families, three radios to every four families—anything so peculiar to the American past as this is to be condemned.

There can be no doubt that these prophets are absolutely right on one point. Politically, socially, and in the field of economics, the United States has been out of step with the rest of the world, all right.

What's more, the United States has been out of step with the rest of the world for 150 years. We must be something apart, because we have fed upon a brand of fodder not grown beyond our borders.

Out of step with the rest of the world! What American will not proudly admit this fact! And yet, wouldn't it perhaps be a bit nearer the truth to phrase it this way—the rest of the world is out of step with the United States?

TRAILERS AT REST

The growing popularity of trailers has posed new problems for the authorities. On the road these movable dwelling places are comparatively easy to govern; their owners must comply with motor vehicle regulations. But when the owners decide to settle down alongside the highway, or in automobile camps or on private property, new questions arise.

In some cases the trailer-dwellers jack up their homes and prepare for a long stay. Then the health authorities, firemen and police become concerned. The disposal of waste, the fire hazard and the maintenance of order are involved.

Later the tax collector begins to take some thought of the situation. How shall the visitor be made to pay his share of the community expenses? A new set of ordinances and laws may be required if the number of trailers increases as it has in the past. A Connecticut court has held that a trailer at rest for a certain period is taxable on the same basis as a house. The trailer owner involved in this case moved away. In Michigan the necessity of state regulation is under discussion. Other states will soon be obliged to take up the subject.—New York Sun.

WAVES OF HOPE

More powerful and more scornful of distance than sound waves are the waves of hope. They enable the French press to take President Roosevelt's speech at Buenos Aires and draw from it the comforting assurance that the Americas will offer material aid to the democracies of Europe.

The president asked if the New World could not help in preventing the catastrophe of the Old World. He answered his own question affirmatively. But when he came to particulars there was nothing in his speech to justify the eager interpretation of the French press. The republics of the New World can help the Old World by keeping peace among themselves and by preventing the creation here of those conditions which give rise to war.

In other words, the American republics are to give a salutary example to the world. A fine example is far removed from material aid. The interpretation of the president's speech seems to have been guided by wishful thinking abroad.—New York Sun.

THE OTHER SIDE

Those few who have been heard to declare that the Supreme Court had better take a tip from the election returns and have a change of heart—or else—are guilty of shortsightedness of the worst degree.

There are two implications in such statements that are repugnant to the American conception of free government. One is that the Court's interpretations of our constitutional law are subject to its members' desires to be on this or that bandwagon. The other is that they are subject to browbeating.

Aside from the obvious absurdity of such implications, this is an almost unparalleled exhibition of bad taste and ignorance.

By such declarations they indicate that they have no more sympathy with an abstract justice than a Chinese war lord.

Suppose we now set the precedent to forward some item of legislation or some minority cause, of packing, bullying or hamstringing the Supreme Court, thereby making it the star chamber of each successive administration. What defense would any group then have against unconstitutional repression under a thoroughly reactionary or radical regime?

WALL STREET AND MAIN STREET

Possibly you are one of the people who view the great stock exchange with something akin to suspicion—and feel that it is of no importance to you.

If that is so, here are some interesting figures: Listed and traded on the New York Stock Exchange are approximately 1,200 stock issues and 1,400 bond issues. The former have a market value of about $55,000,000,000 and the latter about $43,000,000,000. Those stocks and bonds are the source of capital from which American industry builds plants, provides work and opportunity, and carries on operations.

About 15,000,000 Americans are direct owners of securities. The number who own them indirectly cannot be calculated, but it must embrace the bulk of the population. For example, every one of the owners of the nation's 39,000,000 savings accounts is an indirect security owner—his money, along with that of the other depositors, has largely been invested in securities by the bank. And that is also true of the owners of the 63,000,000 insurance policies outstanding in the United States.

The Stock exchanges provide a market place where these securities can be bought and sold at minimum of time and expense. Without such a market place big scale industrial financing would be impossible — there would be prohibitive waste of time and money in finding buyers. Without such a market place there would be no established price for a security, and buyer and seller would have to seek each other out and haggle over terms.

The stock exchange is essential to industrial progress—and to the maintenance of industry as well.

INSPIRATION

Grounds for believing that the proposed Tennessee Valley power pool may be worked out on a really fair basis are found in a recent statement by Arthur Morgan, chairman of the TVA, and a well known engineer and educator.

Dr. Morgan said that private industry and capital have a right to reasonable returns on the fair value of used and useful property, and should not be compelled to surrender legitimate investment without proper compensation. He said further that determination of rates, values, distribution areas, and other matters involved in the power pool should be made by boards satisfactory to the utilities as well as to the government.

Most important of all, he stated this undeniable fact—that the primary requisite of success in creating a power pool is mutual confidence.

Dr. Morgan, according to recent press dispatches, has been strongly opposed to the ideas of the extremists in the government ownership camp who would like to see the private utilities driven into acquiescence by fair means or foul. He is said to favor a reasonable arbitration of differences, instead of a useless and dangerous war.

This reasonable attitude must obtain if the power pool is to be a success and the rights of investors in the utilities protected. Dr. Morgan's recent statement will be appreciated by all fair-minded persons.

THE NEW ANGLE

If the Prince of Monaco and the Prince of Lichtenstein had a diplomatic falling out over which one was to conquer the rest of the world, the spectacle could hardly be more ridiculous than the current bitter fratricidal strife now going on in the ranks of the American Federation of Labor.

While William Green and John L. Lewis fight each other to a stand still over which one will have the privilege of organizing American workers, the fact remains that the vast majority of America's workers have indicated in no uncertain terms that they will have none of either.

There are, perhaps, 25,000,000 wage earners who are theoretically qualified for labor unionism. Between them in the A. F. of L., and the C. I. O., Mr. Green and Mr. Lewis together control only about 3,000,000 of them. And they are now quarreling over who shall organize the other 22,000,000 who have thus far indicated they do not intend to join either faction.

Meanwhile, the worker who belongs to one camp or the other stands by, a helpless pawn in the game between two professional labor leaders.

A punster recently remarked that when a vertical union meets a horizontal union, we have a new angle. This must be it.

WHO SHALL RUN INDUSTRY?

Today we are confronted with the necessity of finding the answer to a simple question. The finding of a CORRECT answer is of tremendous importance to you and to everyone else.

It is to your best interest to have industry continue under the direction of men who have been trained by long years of arduous work to handle its delicate mechanism; men who started in lowly positions and have advanced step by step only by satisfactorily discharging the duties placed upon them.

Or do you think your interest will be best protected by turning the management of your properties over to the politicians—men who not only have had no training or experience in industrial affairs, but who have not had training even in political affairs?

In our entire social system, the politician is the only man who reaches a position of responsibility and power without necessarily having any training to fit him to use it.

Shall he, or the trained business man, direct the nation's industry?

IS LIFE INSURANCE SAFE

There has been considerable discussion recently as to whether life insurance is safe.

In the view of experts, it certainly is—that is, it will pay its contracts, when they fall due, exactly as specified. It will pay them in dollars.

Naturally, if the value of the dollar drops, you will get less than you plan on. That is true of any kind of investment.

So—to thoroughly protect the life insurance policyholder, as well as the owner of savings accounts and bonds, we must demand that government maintain a sound currency. The safety of such investments is dependent on the safety of the dollar.

Scott Nearing doesn't believe free speech is doing so well here because our system is slipping. He should try making a speech in favor of Trotsky on some Moscow street corner. —Rocky Mountain News.

In accepting a Roosevelt for a fiance, perhaps Miss du Pont has in mind Sen. Jim Watson's immortal dictum, if you can't beat 'em, join 'em.—Atlanta Constitution.

25 YEARS AGO

News Items as Published in The Union and in The Banner, Issues of December 28, 1911

The Banner is very glad to have Dr. V. J. Gragg move in near us; if we get sick, the doctor will not be far away. He is now occupying the ground floor of the Smith building.

The storehouse of J. Goldstein, west of the railroad, suffered loss from fire last Friday morning. The state insurance department is making investigations.

The University Glee Club, under Mr. Tom Garner, gave a program at the courthouse Wednesday night.

Mr. P. C. Smith of Thorsby was in Clanton a while Monday.

Grady Broadhead, Clarence Roper, and Julian Latham, students of medicine at Birmingham College, spent Christmas in Clanton.

Married this week—Collins Goss and Miss Emma Collum, W. H. Smitherman and Miss Seduthea Posey, J. L. Moore and Miss Evea Culp, R. A. Cleckler and Miss Abbie R. Bryant, H. W. Wilson and Miss Annie Mae Driver, E. L. Jones and Miss Eudora Cox, R. W. Williams and Miss Emma Glasscock.

A proud father walked into a store the other day and said to the salesgirl: "One dozen of your very best diapers." The lady, handing him the package, said: "That will be one dollar. Also two cents for tax." The father replied: "We use safety pins at our house."—Blue Rapids (Kan.) Times.

If we had more unemployed artists, unemployed fiddlers and tooters, unemployed writers, and the government would give them jobs, we would have more bad pictures, more bad music, and more bad books in this now too perfect country.—Charleston News and Courier.

Somebody wants to know the difference between a grin and a smile. A smile is what the candidate gives you on the day before election, and the grin is what he wears the day after election—if he wins.

A British labor leader says that the agitation about the King's romance over there may result in the formation of a Republican party. May be all right, but ours over here hasn't been doing so well since 1928.

Food prices continue to rise, but the demand remains steady. Eating is such a bad habit with most people that they keep right on doing it, no matter what it costs.—Jacksonville Journal.

This is a topsy-turvy world. Spanish caballeros have traded in their guitars on machine guns, and a poetry contest is being held in tough old Tombstone, Arizona.—Topeka Daily Capital.

They say that county infirmaries won't be necessary under the old age pension plan. Perhaps not, but it might be a good idea to save them as a haven for the American taxpayers.

An explanation of the rising cost of living may be seen in the recently disclosed fact that the nation's leading farm products — meat, milk and wheat — produce more in taxes than they do in farm profits.

A New York judge holds that playing poker with women is not a crime. Perhaps not, but we understand that the poker playing by some women is a crime.

It having been proved that several hundred nationals can survive 72 days in the Alcazar tunnels, Spain would appear ready for a subway.—Atlanta Constitution.

The big hindrance to safety on the highways is that with roads 25 per cent safer the motorist wants to go 50 per cent faster.—Lawrence Tribune.

Boy—Mother, am I a descendant of a monkey?

Mother—I don't know. I never knew any of your father's folks.—Altoona Tribune.

Who can remember when a youthful Spaniard was just a pleasant young fellow who strummed a guitar and sang romantic songs under the summer moon?

The humanitarians will have to admit that the Spaniards don't treat their bulls any worse than they treat each other.—Arkansas Gazette.

A New Yorker who for 50 years has trained after-dinner speakers is giving it up. But what good is it now to say he is sorry?—Bangor Commercial.

There has been no violence in the Illinois glass company strike. Apparently, people who work in glass factories don't throw stones.—Boston Transcript.

Now that he is in the molasses business, maybe Prof. Tugwell can get his friend Harry Hopkins to place pancakes and waffles on the required list on relief diets.

American ingenuity has given citizens of this country one telephone for every 7 persons, compared with one telephone for every 35 persons in the four other leading nations.

Remember the fellow who used to greet you with asking if you had seen the latest issue of the Literary Digest poll?

Professor Tugwell is going to find out that it is taking on a pretty tough job to try to resettle molasses, especially in January.

Commenting on the results of the election, it is consoling to the G. O. P. to think that maybe 17,000,000 Americans can't be wrong.

Germans are using wood in their socks. Maybe a chip on the foot is better than one on the shoulder.—Bloomington Pantagraph.

They say the Spanish civil war wouldn't be so ferocious and so long drawn out if it were not for the kibitzers.

Even his bitterest enemies will have to admit that in joining a molasses company Prof. Tugwell picked himself out a sweet job.

Life's hardest ups and downs are keeping up appearances and keeping down expenses. —Los Angeles Times.

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

DAIRY HERD GAVE $2.12 FOR $1 WORTH OF FEED

Auburn, Ala. — The McLean-Stewart dairy herd of Montgomery County returned $2.12 worth of milk for each $1 worth of feed it consumed during November this year, announces F. W. Burns, extension livestock specialist, in reporting that the herd averaged 548 pounds of milk and 29.2 pounds of butterfat.

The second highest producing herd was owned by R. B. Kent, Birmingham. It averaged 548 pounds of milk and 29.6 pounds of butterfat.

A study of dairy herd improvement association records made in Alabama of over 3,000 cows shows that cows that freshen in September and Oct-

FARM TENANCY PROPRAM IS BEING FORMULATED

Auburn, Ala.—President Roosevelt's committee on farm tenancy expects to report a tenancy program to the President by February 1, 1937, reports the United States Department of Agriculture.

The importance of legislation being passed to solve the farm tenancy problem in the south is emphasized by a report of the Bureau of Agricultural Economics in which it is pointed out that the highest rate of tenancy exists on cotton farms. In 1930, 73 per cent of the cotton type of farms, as classified by the census, were tenant operated.

FARMERS ADVISED OBTAIN "REAL TRUTH" ON VARIETY

Auburn, Ala.—Cotton growers planning to grow a new variety of cotton in 1937 are likely to suffer a heavey loss unless they obtain the "real truth" about the variety before buying the seed.

This warning comes from officials of the Alabama Experiment Station and the State Extension Service who advise that the safest guide for farmers in buying cotton seed is the cotton tests of the State experiment station. The results of the 1936 tests will be made available to farmers and others early in January, states H. B. Tisdale, plant breeder.

Farmers desiring to purchase seed of a new variety are being advised to confer with their county agents who have the results obtained in tests conducted over a period of years. It has been found that these tests remove the "guess" in selecting a suitable variety of cotton.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By REV. HAROLD L. LUNDQUIST, Dean of the Moody Bible Institute of Chicago.

© Western Newspaper Union.

Lesson for January 3

THE SON OF GOD BECOMES MAN

LESSON TEXT—John 1:1-18.

GOLDEN TEXT—And the Word was made flesh, and dwelt among us. John 1:14.

PRIMARY TOPIC—Jesus' Home.

JUNIOR TOPIC—The Boyhood of Jesus.

INTERMEDIATE AND SENIOR TOPIC—God Coming to Us in Jesus.

YOUNG PEOPLE AND ADULT TOPIC—The Fact and Purpose of the Incarnation.

OUR COMIC SECTION

WEEK OF DECEMBER 28, 1936

BOB JONES COMMENTS ON HERE AND HEREAFTER.

eak of giving our hearts to as a matter of fact, that is we do. The natural heart, to the Bible, is deceitful things and desperately wick- meaning of the statement tely wicked" is, "incurably When a sinner comes to God not come to give God his God does not want a heart eceitful above all things and sick. Such a heart is not fit to God. A sinner comes to get from God a new heart. od in the Bible asks men for rts He is asking His children hearts. A man wants the his wife and a woman wants t of her husband. Parents hearts of their children so ts us who are saved to give hearts. He wants to give earts that are decent enough ack to God.

The mental processes of ungenerated man are very strange. Men still have a faint hope that somehow or other they can dress up their unregenerated natures and make themselves presentable to God. That is what the devil told Adam and Eve to do. They were supposed to live their own lives independent of God. Man started out in the garden of Eden to become like God by the power of his own strength and will. Man with the taint of the fall still in his heart is struggling to make himself decent. "When I get on my feet I will become a Christian," that is what a man said to the writer one day. God doesn't save a sinner when the sinner is on his feet. He saves the sinner when the sinner is on his face, was my reply. "In my hand no price I bring. I have no price to bring." There was only one person in the universe who had the price to pay. His name was Jesus. He was the son of God. He went to a cross and purchased with His own precious blood the souls of men. All the sinner can do is to take by faith the pardon which Jesus Christ, our Lord, bought with His blood.

WHO PAYS THE TAXES?

Magner White, writing in the San Diego Sun, opines that the persons and firms usually described as big taxpayers aren't really taxpayers at all.

They are tax COLLECTORS, he says. They collect tax money from you and me—in our rents, on our groceries, on gasoline and oil for our cars. It isn't their money they're using to pay taxes; it's yours and mine. Where did they get it, any way? From you and me!

We are taxpayers. They are merely the collectors, who pass on to the public coffers the money they get out of us. And that's why we little guys are entitled to yell about government expense.

How right Magner White is! Let's try putting his idea in a little different words.

We little guys get a salary or wages—income. The landlord or grocer gets money from rent or sale of goods—again income. If the landlord doesn't get more than enough money to pay his taxes, he has no income; he works for nothing. Therefore, he has no alternative but to take in enough to pay his taxes and leave him something over. If he doesn't he goes out of business just like we little guys would go on relief if we had no income.

Consequently, it can make no difference whether the tax is levied on a business surplus or corporation income or whatnot—the money eventually has got to come out of the pockets of we little guys.

The secret is this: A number of years back, somebody decided that we little guys would yelp if we knew how much taxes we were paying. So they decided to fool us. They levied taxes that are passed on to us in the price we pay for a loaf of bread, or in the rent for our apartment or house.

Smart! But then we little guys are getting smart, too!

American women as a group are among the nation's heaviest taxpayers. In addition to the revenues from hidden taxes on most of the everyday necessities of life, it has been estimated that women contribute each year $80,000,000 in taxes on life insurance, $83,000,000 in inheritance taxes, and $2,000,000,000 in real estate taxes.

NATIONAL AFFAIRS

(By Frank P. Litschert

The approach of the New Year furnishes an excellent time for the taking of stock, and, of course, for the traditional making of good resolutions for the dawning of the new twelvemonth. Not in a long time have we approached this turning point of the calendar with better economic prospects written large across the national skies. We have been having an unprecedented flow of dividend payments from our corporations, large or small. Aside from the reminder that these have been enlarged somewhat by the new tax law, which penalizes the so-called reserve funds, the fact remains that no dividends would be possible were not the companies operating at a profit. Motor companies look forward to a bigger year in 1937, and the building trade and all important allied industries seem to be facing the future with assurance.

There can be little wonder, therefore, that the man who gets his economic inspiration from the financial pages of the newspapers, is filled with optimism. Business is good and he feels that the time to make hay is while the sun shines. This is true. But making hay while the skies are clear pre-supposes the laying away of some provision for the rainy day which is sure to follow. Things look good, according to all surface locations. But the public debt is still growing, 10 millions are still unemployed, and we have not balanced the national budget. It is to be remembered, too, that there are a great many families who have not yet balanced the family budget. Some of them haven't yet recovered sufficiently from the ravages of the depression to do so, while others think they can go on mortgaging the future, because things look so good in the business world there won't be another slump.

It is to be hoped that we will not as individuals forget the lessons of 1929 and get so far out on a limb, so to speak, that we will be subject to similar disaster in the future. Business is picking up, but there is no assurance that it will not rain again. The old economic laws are still in force. And when the rain comes we want to have our house in order, and to be prepared for it. Social security is a fine thing, if it works. But it doesn't remove from the citizen his obligations and the sound principle of self help and personal security gained from years of wise self-denial and sound economic practice. No man can safely squander away his living and depend on the government to take care of him, when he is no longer able to take care of himself. If our federal social security system inculcates in our people a feeling of false safety, carelessness and extravagance, it will be an ultimate evil instead of a final blessing.

And it would seem that when we make our good resolutions at the close of the year 1936, we ought to take stock of our personal situation and to make a sane survey of the possibilities of the future. We do not want to be niggardly or penurious. But don't forget that nothings adds more to the pleasure of living than a real sense of security, of having something laid by for the future. As a promoter of a real feeling of satisfaction, the savings bank book and the insurance policy have it all over the smiling presence of the installment collector who rings the front door bell each month.

SPENDERS IN CONGRESS

Analysis of the congress that will meet in January shows that it will be a spending congress. The people of the country will have to show a determined opposition to extravagance if a program of needed economy is to be carried out.

Reports are coming from Washington in increasing number to the effect that the administration is determined to bring the budget within nominal balance for the years 1937-1938. It means that no new expenditures can be authorized and retrenchment must be practiced in several bureaus.

President Roosevelt is counting upon a decrease in relief costs and an upturn in revenues to effect the balance. The increased purchasing power of the country, evidenced spectacularly lately by extra dividend and wage increases, indicates that there is reason to count on both, although to what extent cannot be accurately estimated.

However, such men as Sen. Norris and Sen. LaFollette in the senate, the strong Tammany group in the house, and other groups and individuals in both ho

WE LEARN FROM DICTATORS

The world is learning from the dictators. It is discovering that by their very nature dictatorships must be a disturbing force. Quite apart from the good or evil they work in their own countries, the international system is too sensitive, too closely intergrated, to stand the shattering shocks of dictatorial methods. Dictators are too powerful, their tread is too heavy, their voices are too thunderous, their manners are too masterful, for this tremulous and aging planet we inhabit. The earth has no room for giants any more.

We are learning that even the virtues of dictators are too much for us. The internal order they enforce, for instance, only magnifies their capacity to provoke external disorder. Their decisiveness turns their every act into an ultimatum. Whatever they do, they do with an effect of violence. Whenever they move, they move suddenly and swiftly, in the manner of a supreme command springing surprises in war. The diplomacy they practice is not high-hat, not shirt sleeve, not even the iron hand in the velvet glove. It is the diplomacy of the mailed fist, naked force.

they have no more sympathy with an abstract justice than a Chinese war lord.

Suppose we now set the precedent to forward some item of legislation or some minority cause, of packing, bullying or hamstringing the Supreme Court, thereby making it the star chamber of each successive administration. What defense would any group then have against unconstitutional repression under a thoroughly reactionary or radical regime?

WALL STREET AND MAIN STREET

Possibly you are one of the people who view the great stock exchange with something akin to suspicion—and feel that it is of no importance to you.

If that is so, here are some interesting figures: Listed and traded on the New York Stock Exchange are approximately 1,200 stock issues and 1,400 bond issues. The former have a market value of about $55,000,000,000 and the latter about $43,000,000,000. Those stocks and bonds are the source of capital from which American industry builds plants, provides work and opportunity, and carries on operations.

About 15,000,000 Americans are direct owners of securities. The number who own them indirectly cannot be calculated, but it must embrace the bulk of the population. For example, every one of the owners of the nation's 39,000,000 savings accounts is an indirect security owner—his money, along with that of the other depositors, has largely been invested in securities by the bank. And that is also true of the owners of the 63,000,000 insurance policies outstanding in the United States.

Scott Nearing doesn't believe free speech is doing so well here because our system is slipping. He should try making a speech in favor of Trotsky on some Moscow street corner. —Rocky Mountain News.

The Banner is very glad to have Dr. V. J. Gragg move in near us; if we get sick, the doctor will not be far away. He is now occupying the ground floor of the Smith building.

The storehouse of J. Goldstein, west of the railroad, suffered loss from fire last Friday morning. The state insurance department is making investigations.

The University Glee Club, under Mr. Tom Garner, gave a program at the courthouse Wednesday night.

Mr. P. C. Smith of Thorsby was in Clanton a while Monday.

Grady Broadhead, Clarence Roper, and Julian Latham, students of medicine at Birmingham College, spent Christmas in Clanton.

They say the Spanish civil war wouldn't be so ferocious and so long drawn out if it were not for the kibitzers.

Even his bitterest enemies will have to admit that in joining a molasses company Prof. Tugwell picked himself out a sweet job.

Life's hardest ups and downs are keeping up appearances and keeping down expenses. —Los Angeles Times.

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

DAIRY HERD GAVE $2.12 FOR $1 WORTH OF FEED

Auburn, Ala. — The McLean-Stewart dairy herd of Montgomery County returned $2.12 worth of milk for each $1 worth of feed it consumed during November this year, announces F. W. Burns, extension livestock specialist, in reporting that the herd averaged 548 pounds of milk and 22 pounds of butterfat.

The second highest producing herd was owned by R. B. Kent, Birmingham. It averaged 548 pounds of milk and 29.6 pounds of butterfat.

A study of dairy herd improvement association records made in Alabama over 3,000 cows shows that cows that freshen in September and Oct-

FARM TENANCY PROPRAM IS BEING FORMULATED

Auburn, Ala.—President Roosevelt's committee on farm tenancy expects to report a tenancy program to the President by February 1, 1937, reports the United States Department of Agriculture.

The importance of legislation being passed to solve the farm tenancy problem in the south is emphasized by a report of the Bureau of Agricultural Economics in which it is pointed out that the highest rate of tenancy exists on cotton farms. In 1930, 73 per cent of the cotton type of farms, as classified by the census, were tenant operated.

FARMERS ADVISED OBTAIN "REAL TRUTH" ON VARIETY

Auburn, Ala.—Cotton growers planning to grow a new variety of cotton in 1937 are likely to suffer a heavey loss unless they obtain the "real truth" about the variety before buying the seed.

This warning comes from officials of the Alabama Experiment Station and the State Extension Service who advise that the safest guide for farmers in buying cotton seed is the cotton tests of the State experiment station. The results of the 1936 tests will be made available to farmers and others early in January, states H. B. Tisdale, plant breeder.

Farmers desiring to purchase seed of a new variety are being advised to confer with their county agents who have the results obtained in tests conducted over a period of years. It has been found that these tests remove the "guess" in selecting a suitable variety of cotton.

OB JONES COMMENTS ON HERE AND HEREAFTER.

eak of giving our hearts to as a matter of fact, that is t we do. The natural heart, g to the Bible, is deceitful things and desperately wick- meaning of the statement tely wicked" is, "incurably When a sinner comes to God not come to give God his God does not want a heart eceitful above all things and sick. Such a heart is not fit to God. A sinner comes to get from God a new heart. d in the Bible asks men for rts He is asking His children hearts. A man wants the his wife and a woman wants t of her husband. Parents hearts of their children so ts us who are saved to give hearts. He wants to give earts that are decent enough ack to God.

The mental processes of ungenerated man are very strange. Men still have a faint hope that somehow or other they can dress up their unregenerated natures and make themselves presentable to God. That is what the devil told Adam and Eve to do. They were supposed to live their own lives independent of God. Man started out in the garden of Eden to become like God by the power of his own strength and will. Man with the taint of the fall still in his heart is struggling to make himself decent. "When I get on my feet I will become a Christian," that is what a man said to the writer one day. God doesn't save a sinner when the sinner is on his feet. He saves the sinner when the sinner is on his face, was my reply. "In my hand no price I bring. I have no price to bring." There was only one person in the universe who had the price to pay. His name was Jesus. He was the son of God. He went to a cross and purchased with His own precious blood the souls of men. All the sinner can do is to take by faith the pardon which Jesus Christ, our Lord, bought with His blood.

ITS A BOY

WHO PAYS THE TAXES?

Magner White, writing in the San Diego Sun, opines that the persons and firms usually described as big taxpayers aren't really taxpayers at all.

They are tax COLLECTORS, he says. They collect tax money from you and me—in our rents, on our groceries, on gasoline and oil for our cars. It isn't their money they're using to pay taxes; it's yours and mine. Where did they get it, any way? From you and me!

We are taxpayers. They are merely the collectors, who pass on to the public coffers the money they get out of us. And that's why we little guys are entitled to yell about government expense.

How right Magner White is! Let's try putting his idea in a little different words.

We little guys get a salary or wages—income. The landlord or grocer gets money from rent or sale of goods—again income. If the landlord doesn't get more than enough money to pay his taxes, he has no income; he works for nothing. Therefore, he has no alternative but to take in enough to pay his taxes and leave him something over. If he doesn't he goes out of business just like we little guys would go on relief if we had no income.

Consequently, it can make no difference whether the tax is levied on a business surplus or corporation income or whatnot—the money eventually has got to come out of the pockets of we little guys.

The secret is this: A number of years back, somebody decided that we little guys would yelp if we knew how much taxes we were paying. So they decided to fool us. They levied taxes that are passed on to us in the price we pay for a loaf of bread, or in the rent for our apartment or house.

Smart! But then we little guys are getting smart, too!

American women as a group are among the nation's heaviest taxpayers. In addition to the revenues from hidden taxes on most of the everyday necessities of life, it has been estimated that women contribute each year $80,000,000 in taxes on life insurance, $83,000,000 in inheritance taxes, and $2,000,000,000 in real estate taxes.

NATIONAL AFFAIRS

(By Frank P. Litachert

The approach of the New Year furnishes an excellent time for the taking of stock, and, of course, for the traditional making of good resolutions for the dawning of the new twelvemonth. Not in a long time have we approached this turning point of the calendar with better economic prospects written large across the national skies. We have been having an unprecedented flow of dividend payments from our corporations, large or small. Aside from the reminder that these have been enlarged somewhat by the new tax law, which penalizes the so-called reserve funds, the fact remains that no dividends would be possible were not the companies operating at a profit. Motor companies look forward to a bigger year in 1937, and the building trade and all important allied industries seem to be facing the future with assurance.

There can be little wonder, therefore, that the man who gets his economic inspiration from the financial pages of the newspapers, is filled with optimism. Business is good and he feels that the time to make hay is while the sun shines. This is true. But making hay while the skies are clear pre-supposes the laying away of some provision for the rainy day which is sure to follow. Things look good, according to all surface locations. But the public debt is still growing, 10 millions are still unemployed, and we have not balanced the national budget. It is to be remembered, too, that there are a great many families who have not yet balanced the family budget. Some of them haven't yet recovered sufficiently from the ravages of the depression to do so, while others think they can go on mortgaging the future, because things look so good in the business world there won't be another slump.

It is to be hoped that we will not as individuals forget the lessons of 1929 and get so far out on a limb, so to speak, that we will be subject to similar disaster in the future. Business is picking up, but there is no assurance that it will not rain again. The old economic laws are still in force. And when the rain comes we want to have our house in order, and to be prepared for it. Social security is a fine thing, if it works. But it doesn't remove from the citizen his obligations and the sound principle of self help and personal security gained from years of wise self-denial and sound economic practice. No man can safely squander away his living and depend on the government to take care of him, when he is no longer able to take care of himself. If our federal social security system inculcates in our people a feeling of false safety, carelessness and extravagance, it will be an ultimate evil instead of a final blessing.

And it would seem that when we make our good resolutions at the close of the year 1936, we ought to take stock of our personal situation and to make a sane survey of the possibilities of the future. We do not want to be niggardly or penurious. But don't forget that nothings adds more to the pleasure of living than a real sense of security, of having something laid by for the future. As a promoter of a real feeling of satisfaction, the savings bank book and the insurance policy have it all over the smiling presence of the installment collector who rings the front door bell each month.

SPENDERS IN CONGRESS

Analysis of the congress that will meet in January shows that it will be a spending congress. The people of the country will have to show a determined opposition to extravagance if a program of needed economy is to be carried out.

Reports are coming from Washington in increasing number to the effect that the administration is determined to bring the budget within nominal balance for the years 1937-1938. It means that no new expenditures can be authorized and retrenchment must be practiced in several bureaus.

President Roosevelt is counting upon a decrease in relief costs and an upturn in revenues to effect the balance. The increased purchasing power of the country, evidenced spectacularly lately by extra dividend and wage increases, indicates that there is reason to count on both, although to what extent cannot be accurately estimated.

However, such men as Sen. Norris and Sen. LaFollette in the senate, the strong Tammany group in the house, a[illegible] other groups and individuals in both ho[illegible] type who aggressivel[illegible] without counting the [illegible] not now afford to go [illegible] has for public works [illegible] vestments in such pr[illegible] overturn the balance

County Farm Agent's Notes

Compiled by J. W. Fant, County Farm Demonstration Agent for Chilton County

DAIRY HERD GAVE $2.12 FOR $1 WORTH OF FEED

Auburn, Ala. — The McLean-Stewart dairy herd of Montgomery County returned $2.12 worth of milk for each $1 worth of feed it consumed during November this year, announces F. W. Burns, extension livestock specialist, in reporting that the herd averaged 548 pounds of milk and 29 pounds of butterfat.

The second highest producing herd is owned by R. B. Kent, Birmingham. It averaged 548 pounds of milk and 29.6 pounds of butterfat.

A study of dairy herd improvement association records made in Alabama over 3,000 cows shows that cows that freshen in September and October produce the most milk and butterfat and show the greatest returns for feed costs, he advises.

Breeding cows to purebred bulls is plenty of production back of them is one of the cheapest and surest means we have of increasing production and lowering feed cost per gallon of milk or pound of butterfat.

REPORT ON LYNCHINGS DURING PAST YEAR

Tuskegee Institute, Ala., Dec. 23.—According to the records compiled in the Department of Records and Research of the Tuskegee Institute that there were 9 persons lynched in 1936. This is 11 less than the number, 20, for 1935; 6 less than the number, 15, for 1934; and 19 less than the number, 28, for 1933. Of the persons lynched, 2 were in the hands of the law! 2 were taken from jails, and 4 from officers of the law outside of jails.

There were 35 instances in which officers of the law prevented a lynching. Of these, 5 were in northern states and 30 in the southern states. In all of these instances the prisoners were removed or the guards augmented or other precautions taken. In the 5 other instances armed force was used to repel the would be lynchers. A total of 69 persons, 7 white and 62 negroes. The offenses charged were: Rape, 3; attempted rape, 3; murder, 1; activity in share cropper strike, 1; charge not reported, 1.

The States in which lynchings occurred and the number in each state are as follows: Arkansas, 2; Florida, 1; Georgia, 5; Mississippi, 1.

FARM TENANCY PROPRAM IS BEING FORMULATED

Auburn, Ala.—President Roosevelt's committee on farm tenancy expects to report a tenancy program to the President by February 1, 1937, reports the United States Department of Agriculture.

The importance of legislation being passed to solve the farm tenancy problem in the south is emphasized by a report of the Bureau of Agricultural Economics in which it is pointed out that the highest rate of tenancy exists on cotton farms. In 1930, 73 per cent of the cotton type of farms, as classified by the census, were tenant operated.

Brief Farm Notes

Forty-eight cows in the Alabama Cow Testing Association were listed as "quality cows" during November for producing over 800 pounds of milk or 40 pounds of butterfat during the month.

More than 1,000 cars of grapefruit have been distributed for relief purposes in Alabama and 34 other states by the Federal Surplus Relief Corporation.

Eleven new EWC camps in Alabama are engaged in Soil Conservation work in eleven counties and are working in cooperation with the Alabama Extension Service.

Most of the handlers of anti-hog cholera serum and hog cholera virus have signed a marketing agreement to assure farmers and veterinarians of always having enough serum and virus not only for average farm needs, but to meet any sudden outbreak of hog cholera.

FARMERS ADVISED OBTAIN "REAL TRUTH" ON VARIETY

Auburn, Ala.—Cotton growers planning to grow a new variety of cotton in 1937 are likely to suffer a heavey loss unless they obtain the "real truth" about the variety before buying the seed.

This warning comes from officials of the Alabama Experiment Station and the State Extension Service who advise that the safest guide for farmers in buying cotton seed is the cotton tests of the State experiment station. The results of the 1936 tests will be made available to farmers and others early in January, states H. B. Tisdale, plant breeder.

Farmers desiring to purchase seed of a new variety are being advised to confer with their county agents who have the results obtained in tests conducted over a period of years. It has been found that these tests remove the "guess" in selecting a suitable variety of cotton.

PURE CORN BETTER FOR SALE THAN MIXED CORN

Auburn, Ala. — The United States Department of Agriculture now confirms statements of R. J. Goode, Alabama Commissioner of Agriculture, J. C. Lowery, extension agronomist, and Dr. M. F. Jackson, farm produce agent, that Alabama farmers will profit by growing pure instead of mixed corn for sale.

"Pure or nearly pure white corn is prized by corn millers, and premiums often are paid for such corn," says the Bureau of Agricultural Economics.

LIVESTOCK REMINDERS

Auburn, Ala., Dec. 28.—A couple of inches of good clean sand should be used in either trucks or cars in which livestock is being hauled. It gives maximum protection against sprains, spreading joints and kindred evils so commonly found where livestock is hauled without having a good footing.

Creep feeding a mixture of 100 pounds of corn meal, 100 pounds of ground oats, 100 pounds of wheat bran, and 50 pounds of cottonseed meal puts quick and cheap gains on lambs.

Good grazing crops during the gestation period require the sow to exercise and provide the vitamins needed for the proper development of the unborn pigs. Fall planted rye or oats is excellent for the purpose during the winter months.

Diary cows should receive 3 pounds of ensilage and 1 pound of legume hay for each 100 pounds live weight of the cow. In addition she should receive 1 pound of grain for each 2-3 pounds of milk produced.

Breeding dairy cows to purebred bulls is one of the cheapest and surest means of increasing production and lowering costs per gallon of milk in our future herds.

Fattening hogs should receive from one-half to one pound of protein supplement, such as tankage, daily, in addition to all the corn they will clean up for most rapid and economical gains.

More than 30,000 families in Alabama were aided by the Resettlement Administration during its activities up to November 1.

A strong market for hogs during the winter months is foreseen by the Bureau of Agricultural Economics.

The gross income from agricultural production for 1936 will be approximately $9,530,000,000, compared with $5,337,000,000 in 1932, the low point of the depression.

MANY MANUFACTURERS EMPLOY MORE NOW THAN IN 1929 STUDY SHOWS

New York, Dec. 28.—American manufacturers have done their part in re-employment so well that today in a large portion of manufacturing industry employment stands at 106 per cent of what it did in 1929. This fact was disclosed at the recent Congress of American Industry here by C. M. Chester, president of the National Association of Manufacturers, in reporting the results of a study made by the association.

"Companies representing one-sixth of the total manufacturing employment," Mr. Chester said, reported that they had taken on more and more workers until today their employment rolls are greater than they were in 1929. Approximately 1300 major establishments cooperating in our survey reported that in 1929 they employed a total of 1,333,179 but that now they were employing 1,408,115—an increase of nearly six per cent.

This survey clearly shows that manufacturing industries have done their part—and then some—to reduce unemployment in America.

Mr. Chester pointed out that some of the general unemployment was due to the mortality among manufacturing establishments since 1929. According to the U. S. Census of manufacturing, the number of manufacturing establishments decreased by more than 32 per cent between 1929 and 1933 and from 1933 to 1935 there was a corresponding increase of only 19 per cent. In other words, total employment is lower because there are fewer companies in business. Those who have survived have done all within their power to take up the employment slack.

Mr. Chester's remarks were made before nearly 2,000 of the nation's most prominent business leaders who gathered for the forty-first annual convention of the National Association of Manufacturers held in conjunction with the Congress of American Industry.

VACANCIES IN CCC CAMPS IN ALA.

There are more than one hundred vacancies in CCC Camps in Alabama for white war veterans without disabilities. Veterans desiring to enroll in one of these camps should make application immediately to the United States Veterans Administration at Tuscaloosa, Alabama. — D. Trotter Jones, Department Adjutant.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By REV. HAROLD L. LUNDQUIST, Dean of the Moody Bible Institute of Chicago.

© Western Newspaper Union.

Lesson for January 3

THE SON OF GOD BECOMES MAN

LESSON TEXT—John 1:1-18.

GOLDEN TEXT—And the Word was made flesh, and dwelt among us. John 1:14.

PRIMARY TOPIC—Jesus' Home.

JUNIOR TOPIC—The Boyhood of Jesus.

INTERMEDIATE AND SENIOR TOPIC—God Coming to Us in Jesus.

YOUNG PEOPLE AND ADULT TOPIC—The Fact and Purpose of the Incarnation.

The opening of a new year always brings with it a sense of solemn responsibility for one's life and service, and at the same time a thrilling expectancy. No better way can be found to begin this year of our Lord, 1937, than in the study of God's Word, not only by ourselves, but in the fellowship of others in the church and Sunday school.

The series of lessons outlined for the year gives us the eagerly apprehended opportunity of studying during the first three months [illegible] Gospel of John. Space does not permit of a suitable introduction to that study here, but we trust that no one will fail to read John 20:31, which states the purpose of the apostle in writing.

Three great and fundamental questions are answered in chapter 1:1-18, namely, (1) Was Jesus Christ God or man? (2) Does it matter how we regard him and relate our lives to him? (3) Is there suitable evidence upon which we may rest our faith in him?

I. Jesus Christ Is God (John 1:1-5).

"In the beginning" of Genesis 1:1, Jesus Christ already "was" not only "with God," but he "was God." He is the living "Word," the complete and final revelation of God. He is infinite, eternal, divine, both the Creator and Redeemer. He is both the Life and the Light of men. That Light shines in the darkness but the darkness does not comprehend it.

II. Men Are Either Believers or Unbelievers (vv. 6-13).

There are only two classes of people who will read these lines—the saved and the unsaved. What a solemn thought! To which class do I belong?

The Lord of Glory, the Creator of all things, came to his own world and it "knew him not" (v. 10). How tragic is that fact, but how much deeper is the stab of the next verse, his own people "received him not."

The Light still shines in the world, and it is still all too true that men love "darkness rather than light because their deeds are evil" (John 3:19). Such men are lost, "dead in trespasses and sin" (Eph. 2:1).

But, thank God, there are those who "receive him" (v. 12), and to them he gives the power or authority, to be the sons of God. This change is expressly declared to be

a. Not by reason of family, or heredity, "not of blood";

b. Not by natural instinct or development, not "of the will of the flesh"; and

c. Not by human volition or will power, not "of the will of man, but of God."

These are important matters and some one may well ask, "What evidence is there for these things?" Faith is not a venture into the dark. We have the strongest of all foundations in the sure Word of God. The evidences of Christianity are many, thoroughly full, and satisfying to any honest inquirer. We refer to but one.

III. Our Faith Rests on the Testimony of Eye Witnesses (vv. 14-18).

John the Baptist and John the Apostle both beheld the "glory as of the only begotten of the Father" in the One who as the "Word was made flesh and dwelt among" them.

The law was "given by Moses" (v. 17), that is, God sent the law through a human messenger. "But grace and truth came by Jesus Christ." No messenger, no matter how great or worthy, would do to bring the gospel of the grace of God. His only begotten Son brought it; it came by him.

Waste Not

Waste not the smallest thing created, for grains of sand make mountains. Waste not the smallest time in imbecile infirmity, for well thou knowest that seconds form eternity.—E. Knight.

Growth of Friendship

Friendship is no plant of hasty growth; though planted in esteem's deep-fixed soil, gradual culture of kind intercourse must bring it to perfection.—Joanna Baillie.

Good Company

Without good company, all dainties lose their true relish, and like painted grapes, are only seen, not tasted.—Massinger.

Kinds of Idleness

Not only is he idle who is doing nothing, but he that might be better employed.—Socrates.

Repose After Labor

There is no sweeter repose than that which is bought with labor.—Chamfort.

Mr. and Mrs. J. T. Searcy, Jr., spent the Christmas vacation with relatives in Clayton, Ala.

BOB JONES COMMENTS ON HERE AND HEREAFTER.

We speak of giving our hearts to God, but as a matter of fact, that is not what we do. The natural heart, according to the Bible, is deceitful above all things and desperately wicked. The meaning of the statement "desperately wicked" is, "incurably sick." When a sinner comes to God he does not come to give God his heart. God does not want a heart that is deceitful above all things and incurably sick. Such a heart is not fit to offer to God. A sinner comes to God to get from God a new heart. When God in the Bible asks men for their hearts He is asking His children for their hearts. A man wants the heart of his wife and a woman wants the heart of her husband. Parents want the hearts of their children so God wants us who are saved to give Him our hearts. He wants to give sinners hearts that are decent enough to give back to God.

The mental processes of ungenerated man are very strange. Men still have a faint hope that somehow or other they can dress up their unregenerated natures and make themselves presentable to God. That is what the devil told Adam and Eve to do. They were supposed to live their own lives independent of God. Man started out in the garden of Eden to become like God by the power of his own strength and will. Man with the taint of the fall still in his heart is struggling to make himself decent. "When I get on my feet I will become a Christian," that is what a man said to the writer one day. God doesn't save a sinner when the sinner is on his feet. He saves the sinner when the sinner is on his face, was my reply. "In my hand no price I bring. I have no price to bring." There was only one person in the universe who had the price to pay. His name was Jesus. He was the son of God. He went to a cross and purchased with His own precious blood the souls of men. All the sinner can do is to take by faith the pardon which Jesus Christ, our Lord, bought with His blood.

ITS A BOY

Mr. and Mrs. O. P. Henson, of Route 4, are the proud parents of another boy, weighing 8 pounds. It was born to them December 23. They will call him Thomas Wade.

MR. S. W. LEACH WRITES

I would like to say a few words in regard to Mr. T. V. Mims, discharged from the Sheriff's force. We all have known him all his life, and we can honestly say, that he has really helped this community and others.

He did not pick the crowd, he took the ones who violated the law.

Before he went to work around up in the northern part of this county, it was dangerious for ladies to travel. Liquor was plentiful, and are sorry indeed that he is no longer an officer. We really thank him for what he has done for us.

He has been one of the best officers we have ever had. We all knew that the violators intended to do everything they could to knock him out of his job. But we can look back and see the good work he has done.—One of Mr. Mims' friends, S. W. Leach.

A Very Merry Christmas and a Happy and Prosperous New Year to All of My Friends!

FOUND—Bundle of cloth, about 15 yards. Believe blown to my place by storm. Owner may get same by paying for this adv. and describing cloth. Call at Banner office. 1tc

MARS HILL

Sunday, December 27, was our regular preaching day, which was attended by a large crowd. Several around in the community brought love gifts to Bro. Green.

Our Sunday school is still improving; we have a large attendence. We have elected new officers.

We are very glad indeed to have Mr. and Mrs. Loyd Bagget to move in our community.

Mr. and Mrs. Frank Gothard, Mr. and Mrs. Kermit, from Clanton, have been visiting parents, Mr. and Mrs. H. W. Gothard.

Mr. and Mrs. Vernon Edwards, from Bessemer, has been visiting Mr. and Mrs. Tom Cofer, of this community.

Mr. and Mrs. Elvyn Edwards, of Siluria, spent the week end at Mr. and Mrs. Only Crumpton's.

Mr. and Mrs. Chester Cofer, of Mt. Pinson, have been visiting relatives of this community.

Mr. Arbena Langston spent the holidays at home.

Mr. and Mrs. Langley Scott, from Hunter's Station, have been visiting relatives of this community.

Mr. and Mrs. Russell Scott, of Birmingham, has been visiting relatives of this community.

Mr. J. W. Reinhardt, Mr. and Mrs. J. M. Reinhardt, has returned from Heilberger.

Miss Myrtle Crumpton, spent Saturday night with Misses Rubye and Jewell Smith.

Mr. and Mrs. Luther Cofer, visited Mr. and Mrs. A. J. Leach Sunday.

A music entertainment were held at the home of Mr. and Mrs. T. V. Mims Friday night, December 25. A good time was enjoyed by all.

Our Sunday School had a Christmas tree Tuesday night, December 22. Each and everyone seemed to enjoy the program.

Concord-Billingsley

Mr. T. J. Deramus returned home Wednesday night, after a 2-weeks' visit with relatives in Selma.

Mrs. Ben Colley and family of Birmingham spent the Christmas holidays here with Mrs. W. C. Dickinson.

Little Mary Evelyn Williams spent the latter part of last week with her sister, Mrs. C. A. Moore.

Mr. and Mrs. M. W. Brown had as their guests Christmas day, their children, Mr. and Mrs. Harvie Devaughn of Billingsley, Mrs. Oscar Cox and family of New Cedron, Mr. and Mrs. Horace Gray of Enterprise, Mr. and Mrs. Tom Knowles and family.

Mr. and Mrs. Emory George and children visited their parents, Mr. and Mrs. C. L. Dickinson, Christmas day.

Mr. and Mrs. W. A. Moates and children spent the week end with relatives in Clanton.

Mr. and Mrs. C. A. Moore of Bethsalem plan to move into our community this week.

Mr. and Mrs. R. H. Dickinson of Montgomery were visitors here last Friday afternoon.

Mr. J. P. Williams spent part of last week with Mr. and Mrs. C. E. Williams of Antioch community.

Mrs. M. W. Brown and daughter, Ester, were the spend-the-day guests of Mr. and Mrs. Harvie Devaughn of Billingsley Saturday.

Mr. and Mrs. L. M. Dickinson of Montgomery spent the week end with their parents, Mr. and Mrs. C. L. Dickinson.

Mr. and Mrs. T. L. Williams have moved to their new home in Mt. Pisgah community.

Mr. Charles Williams made a business trip to Birmingham last Thursday.

Wishing the dear old Banner and its readers a prosperous New Year.

SHOULTS CLUB MEETS

The Shoults home demonstration club met on Thursday, December 10, at the home of Mrs. Brooks Shoults, with nine members present. The program was as follows:

Song, "Silent Night," by members.

Devotion, from Luke 1:26-55, by Mrs. Stella Shoults; Luke 2:8-15, by Mrs. Sam Shoults; Luke 2:16-20, by Mrs. George Shoults; Matthew 2:1-11, by Miss Lucy Walker, Secretary.

Sentence prayer, conducted by the devotional leader.

Reading, "San Pedro," by Mrs. Clarence Latham, Vice President.

Poem, "'Twas the Night Before Christmas," by Miss Meta Grace.

Song, "Jingle Bells," by members.

Just then old Santa arrived, saying funny things, as he gave the members their gifts from the Christmas tree.

The members were served popcorn balls and peanuts.

The club will meet on Thursday, January 14, with Mrs. Sam Shoults.

CARD OF THANKS

We wish to express our sincere thanks for the help that the people in this community, and other communities did for us during the storm that came through three weeks ago. May God bless each and every one is our prayer.—Mr. and Mrs. Bill Wilson.

DECEMBER MARRIAGES

University News

In the year that Dr. George H. Denney took over the presidency of the University of Alabama, there was a young man in the freshman class named Richard Foster..

During the 25 years in which Dr. Denny was building the University from a small sectional institution into a University of national stature, in his quiet modest way this determined-looking individual was attaining the success in the profession of law, the distinction in his private and personal life which led to his consideration by the University Board of Trustees.

After graduating in three years from the University with Phi Beta Kappa honors, he went on to Harvard Law School, and then into the army where he served with distinction during the war.

American Legionnaires from all over the country chose him for vice-Commander on their second tour of European battlefields, and called on him to deliver massages from American to French and English veterans.

His greatest attainments have been in the practice of the law, to which he dedicated himself many years ago as a life's work. He changed his career, he says, because of "greater opportunities for service" in education.

Mrs. Janie Mims of Birmingham, spent the Christmas holidays in Clanton, visiting relatives and friends.

BIRTHDAY DINNER FOR REV. T. W. DAVIS

On December 27 the children celebrated the 60th birthday of their father, Rev. T. W. Davis, at his home. They had a wonderful time and a good dinner, with a birthday cake weighing 10 pounds, cooked by his daughter, Mrs. Leonard Martin.

Mr. and Mrs. Davis both received lots of beautiful presents fro Christmas, and for his birthday. All the children were present except one daughter, Carolyn, and her husband, Mr. John Jones, of Sylacauga; there were unable to attend on account of the illness of his mother. Those present were:

Mr. and Mrs. Howell Robinson and son, Austin, Dora, Ala.; Mr. and Mrs. Vergil Martin and children, Doil, Deen, and Bobby Faye, Dora, Ala.; Mr. and Mrs. Clyde Davis and daughter, Bernice, Helena; Mr. and Mrs. Aldon Davis and children, Malcolm, Lora Belle, and Emma Jean, Jemison; Mr. and Mrs. Willie Brasher and children, J. W., Harland, and Joyce; Mr. and Mrs. Leonard Martin and children, Whitman, James, Darvis, Leonary, Hoyt, and Myrtis, Jemison; Mr. J. A. Cofer, and Miss Lorene Robinson.

They all left in the afternoon, wishing him many more happy birthdays. The parents seemed sad and lonesome as parting time came. But we all hope to meet again, if it is the Lord's will.—A friend.

NOTICE

Notice is given that there will be circle drawing at the Clanton Baptist Church nevt Monday afternoon at 2 o'clock. An award will be made to the circle having the greatest number of members present at this meeting.

A very unique program has been prepared, and all circle members are urged to be present.

Mr. and Mrs. W. B. Foster, of Lanette, Alabama; were week end guests of her sister, Mrs. Minnie Watson, of Clanton.

WILL TAKE PRODUCE TO SETTLE OLD ACCOUNTS

Mr. J. N. Scott, of Jemison, was in Clanton Tuesday of this week, and placed an adv. in the paper. Mr. Scott proposes to take corn, peas, hay, Etc. and give credit on old accounts. He allows a good percentage above the market price on different kinds of produce. Read Mr. Scott's adv., and if you owe him anything, you cannot do a better deed than make settlement with him. Mr. Scott needs your help.
